
BUILT TO LAST

2010 Annual Report

Dear Shareholders,

Fiscal 2010 was a year of significant operational and financial progress for Cinedigm. We have strengthened our balance sheet, carefully managed our expenses and enhanced our management team as we have returned to growth mode and kick-started our up to 10,000 screen Phase 2 deployment program. Our Entertainment Group launched its 3D concert series, continued its Live 3D events, and began to distribute independent features using a new and innovative Million Dollar Movie program for marketing and distribution. Our focus on bringing our message to consumers continued through both the marketing of our events and our entrance into social media via Twitter and Facebook. The growth in all of these areas is already leading us into an exciting Fiscal 2011.

As you know, Cinedigm Digital Cinema Corp. is a leader in defining opportunities growing from the intersection of digital cinema technology and the motion picture industry, creating new opportunities for major motion picture studios, exhibitors of all sizes, independent producers, and theatre-going audiences. Our software manages delivery and scheduling of movies, our team provides advertising, marketing and distribution expertise, and our alternative content and 3D events bring new patrons to theatres. Cinedigm is making digital cinema happen!

FISCAL 2010 FINANCIAL HIGHLIGHTS

Revenues for the Fiscal year 2010 were $72.2 million compared to $77.5 million in Fiscal year 2009. The decrease was primarily due to the residual effects of the credit-crunch limiting the pace of new digital deployments, the 2008 originally contracted 16% reduction in Virtual Print Fee (VPF) rates in our Phase 1 deployment program and lower advertising revenues due to the impact of the recession. Partially offsetting these declines were Phase 2-related digital cinema deployments and software license fees.

The loss from operations of $187 thousand was a substantial improvement as compared to the loss of $3.5 million in the prior Fiscal year. We can attribute this improvement largely to increasing digital cinema service fees and careful expense management, resulting in lower direct operating and selling, general and administrative expenses year-over-year.

During the last Fiscal year, we also focused on strengthening our balance sheet and securing the capital necessary to drive our future growth. First, in August 2009, Cinedigm received a $75 million investment from Sageview Capital, a private equity firm managing in excess of $1 billion of capital. As a consequence of this investment, Sageview is now our largest stakeholder and we have elected and welcomed two partners of the firm to our Board of Directors. This capital was deployed to refinance Cinedigm's existing $55 million of senior notes, pay down $5 million of Phase 1 debt, pre-fund future cash interest expense and provided approximately $11 million in working capital to Cinedigm. As previously disclosed, in October 2009 we also signed commitment letters for $100 million of non-recourse senior debt financing with GE Capital and Société Générale. Upon the anticipated closing of this facility in Fiscal 2011, the capital will finance up to 2,133 screens in our Phase 2 deployment. These two investments have and are expected to strengthen the Company's balance sheet, and provide important financial flexibility to foster our continued growth.

In addition to these exciting and favorable financings, subsequent to the completion of Fiscal 2010 Cinedigm completed several other notable balance sheet transactions.

- On May 6, 2010, we announced the completion of a refinancing of our existing senior, non-recourse Phase 1 credit facility and our non-recourse vendor mezzanine debt into a single institutional debt facility with an investment grade credit rating of Ba1 from Moody's.

- Cinedigm also executed a swap for the Phase 1-related debt that caps our interest rate at LIBOR plus 2.16% from June 2011 through June 2013. Due to the combination of this lower interest rate level and the more flexible financial covenants, we expect Cinedigm Digital Cinema Services will earn its full intercompany service fees from the Phase 1 deployment of over $2.0 million in Fiscal Year 2011, versus $1.2 million in Fiscal Year 2010.
- Finally, to meet the financing needs of the exhibitors committed to our Phase 2 deployment program in advance of closing our new $100 million facility, we expanded an existing non-recourse loan facility to $47 million; these funds are being used to finance 750 digital cinema systems at four significant exhibitor circuits.

THIS YEAR'S HIGHLIGHTS: DIGITAL CINEMA DEPLOYMENT PROGRAM

During the Fiscal year we developed a creative Exhibitor-Buyer financing model. Instead of providing the debt funding for the equipment to transition to digital, Cinedigm acts solely as a servicer to manage the assets, which allows the company to pass through net VPFs to our Exhibitors. In connection with this Exhibitor-Buyer option, we are pleased to have reached agreement in principle with the National Association of Theatre Owners/Cooperative Buying Group (CBG) on an agreement to be used for their more than 7,000-screen membership, many of whom have to date expressed interest in this funding option.

As of July 23, 2010, our Phase 2 deployment had signed 1,709 screens and a total of 664 screens were installed. Upon installation, each of these screens generates immediate and long-term cash flows from service fees, as well as additional revenue opportunities for software, content delivery and distribution. We are also in advanced discussions with a robust pipeline of exhibitors regarding joining the 10,000 screen Phase 2 deployment, and fully expect strong growth to continue in Fiscal 2011.

THIS YEAR'S HIGHLIGHTS: CONTENT AND ENTERTAINMENT SEGMENT

The Cinedigm Entertainment Group (CEG), which brings a variety of entertainment to digital cinema-equipped theatres across the country -- including LIVE 3D sporting events -- distributed its first two independent features, THE NARROWS and OPA! during Fiscal 2010. Each of these included an interactive live Q&A with the cast using our proprietary CineLive™ network. During the Q&As, audience members at theatres around the country were able to text questions to actors from the movie, who then responded via satellite.

CEG also introduced a new program called Million Dollar Movie. The program offers a theatrical release of a quality independent movie for a Prints & Advertising distribution budget of about $1 million. We anticipate that this program will enable CEG to more effectively market to independent producers, combining all of Cinedigm's capabilities: CEG's distribution and marketing expertise, advertising through UniqueScreen Media (USM), our advertising subsidiary, and our proprietary distribution software, satellite network and digital cinema platform.

Cinedigm continues to capitalize on the rapidly growing demand for 3D content. Our expertise in Live 3D events was demonstrated in July 2010 when we brought the FIFA World Cup® Final to theatres live in 3D. The final game of the tournament played on a select 15 screens across the country, and sold out in most locations. This followed a very successful 3D presentation of the NCAA College Basketball Men's Final Four® in April. These successes have created continued demand by exhibitors and sponsors for more events, and Cinedigm is working daily to obtain necessary rights for new and exciting events.

CEG launched its new 3D concert series in more than 500 theatres in December, with a Dave Matthews Band concert called "Larger than Life." It was followed in April with PHISH 3D in over 200 theatres, which was the most successful CEG distribution thus far.

There are two additional and important points to make about the well-recognized achievements made by CEG throughout the year. First, all of what CEG does is enabled by our proprietary digital cinema technology and our satellite and software infrastructures. The acceleration of digital cinema conversion in the exhibition industry, combined with the convergence of our technology and services will make the next 24 months an exciting and opportunistic period for us to further our growing capabilities in movie and alternative content ownership, marketing and distribution. The growth of our content business is a key component for the future value creation for shareholders.

Secondly, each time CEG brings an event to theatres, there is a waterfall of revenues to each of our business units. For example, when we released the independent movie OPA!, CEG received a distribution fee, a share of the box office, and an interest in downstream revenues; our software division managed the back office and received fees for doing so; our Phase 1 and Phase 2 subsidiaries were paid VPFs; our digital media services division delivered the movie to theatres across the country by satellite and hard drive; and UniqueScreen Media provided advertising for the movie across its network of 2,700 theatre screens.

FOCUS ON THE FUTURE

During Fiscal 2010, momentum shifted to the positive. Growth has returned to Cinedigm in Fiscal 2011 and we expect it to accelerate in the current year and beyond. Our balance sheet and cash flows are considerably improved. The transformative effect of

digital cinema is taking hold with well-attended 3D live events and weeklong theatrical engagements of content that could not have made it into theatres five years ago.

Financially, we expect the improvements in our operations and cash flows that were initially evidenced in Fiscal fourth quarter to continue. Service fees earned from our deployments and Exhibitor-Buyers will grow due to the completion of our refinancing; the continued positive trend in the number of movie releases and improving booking patterns; and our deployment to date of 664 Phase 2 screens. These deployments generate positive operating leverage with additional software licenses, and maintenance and delivery fees. Finally, our content and entertainment businesses are benefiting from improved local and national ad rates and a seasonally anticipated event release schedule.

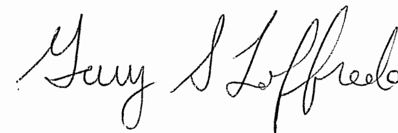
As we look strategically beyond 2010, we will seek to exploit our mission-critical software, delivery systems, and our 3D, advertising and content distribution experience. Some of our goals for the current Fiscal year include:

- To install at least 1,500 additional screens, and sign thousands more from our 3,000-screen pipeline.
- To meet exhibitor demand for alternative content by rolling out additional programmatic content series, such as our innovative KidToons series, and expanding the slate of Live 3D events we bring to theatres.
- To expand our satellite network for the widespread delivery of content from major studios, as well as CEG's movies and alternative content.
- Continued expansion of the use and functionality of our industry standard theatre management software products, which enable playlists for theatre screens – like a "giant iPOD" in theatre complexes throughout the world.
- To improve our advertising business performance, add services to increase revenues, and to use it to support an expanded slate of movies and alternative live and recorded content acquired and distributed by CEG.

As the base of digital cinema theatres increases, whether through our efforts or the efforts of others, our business of servicing digital cinema screens and bringing alternative content and independent features will continue to increase, thus creating both a greater presence for Cinedigm in motion picture exhibition, and increased shareholder value.

As a final note, Bud Mayo, co-founder, Chairman and CEO of Cinedigm, retired as CEO on June 22, 2010. Bud is an exceptional visionary and led the creation of an exciting company which is at the center of a major paradigm shift in the motion picture entertainment industry. On behalf of the entire company, we salute him for the innovation, insight and prominence he brought to Cinedigm. We are excited about the opportunities ahead for Cinedigm to expand the company's industry leadership and to capitalize on the accelerating digital conversion to drive increased revenues, profits, and of course value of our shareholders.

Sincerely,



Gary S. Loffredo
Co-Chief Executive Officer

The aggregate market value of the voting and non-voting common equity held by non-affiliates of the issuer based on a price of $1.40 per share, the closing price of such common equity on the Nasdaq Global Market, as of June 11, 2010, was approximately $31,496,000. For purposes of the foregoing calculation, all directors, officers and shareholders who beneficially own 10% of the shares of such common equity have been deemed to be affiliates, but the Company disclaims that any of such persons are affiliates.

As of June 11, 2010, 29,258,744 shares of Class A Common Stock, $0.001 par value and 733,811 shares of Class B Common Stock, $0.001 par value, were outstanding.

DOCUMENTS INCORPORATED BY REFERENCE

Certain information required by Items 10, 11, 12, 13 and 14 of Form 10-K is incorporated by reference into Part III hereof from the registrant's Proxy Statement for the 2010 Annual Meeting of Stockholders to be held on or about September 14, 2010.

FORWARD-LOOKING STATEMENTS

Various statements contained in this report or incorporated by reference into this report constitute "forward-looking statements" within the meaning of the federal securities laws. Forward-looking statements are based on current expectations and are indicated by words or phrases such as "believe," "expect," "may," "will," "should," "seek," "plan," "intend" or "anticipate" or the negative thereof or comparable terminology, or by discussion of strategy. Forward-looking statements represent as of the date of this report our judgment relating to, among other things, future results of operations, growth plans, sales, capital requirements and general industry and business conditions applicable to us. Such forward-looking statements are based largely on our current expectations and are inherently subject to risks and uncertainties. Our actual results could differ materially from those that are anticipated or projected as a result of certain risks and uncertainties, including, but not limited to, a number of factors, such as:

- successful execution of our business strategy, particularly for new endeavors;
- the performance of our targeted markets;
- competitive product and pricing pressures;
- changes in business relationships with our major customers;
- successful integration of acquired businesses;
- general economic and market conditions in the United States;
- the effect of our indebtedness on our financial condition and financial flexibility, including, but not limited to, the ability to obtain necessary financing for our business; and
- the other risks and uncertainties that are set forth in Item 1, "Business" and Item 7, "Management's Discussion and Analysis of Financial Condition and Results of Operations".

These factors are not necessarily all of the important factors that could cause actual results to differ materially from those expressed in any of our forward-looking statements. Other unknown or unpredictable factors could also have material adverse effects on future results. Except as otherwise required to be disclosed in periodic reports required to be filed by public companies with the Securities and Exchange Commission ("SEC") pursuant to the SEC's rules, we have no duty to update these statements, and we undertake no obligation to publicly update or revise any forward-looking statements, whether as a result of new information, future events or otherwise. In light of these risks and uncertainties, we cannot assure you that the forward-looking information contained in this report will in fact transpire.

In this report, "Cinedigm," "we," "us," "our" and the "Company" refers to Cinedigm Digital Cinema Corp. and its subsidiaries unless the context otherwise requires.

PART I

ITEM 1. BUSINESS

OVERVIEW

Cinedigm Digital Cinema Corp. was incorporated in Delaware on March 31, 2000 ("Cinedigm", and collectively with its subsidiaries, the "Company"). On September 30, 2009, the Company's stockholders approved a change in the Company's name from Access Integrated Technologies, Inc. to Cinedigm Digital Cinema Corp., and such change was effected October 5, 2009.

Cinedigm is a digital cinema services, specialty finance and content distribution company driving the conversion of the exhibition industry from film to digital technology. The Company provides technology solutions, financial services and advice, software services, electronic delivery and content distribution services to owners and distributors of digital content to movie theatres and other venues. Adjoined to this digital cinema conversion business is a series of business units designed to leverage the new business opportunities created by the transformation of movie theaters into networked entertainment centers. Cinedigm combines its infrastructure, technology and relationships to create a digital content origination, marketing, advertising and distribution business focused on alternative content and independent film. Historically, the conversion of an industry from analog to

digital has created new revenue and growth opportunities as well as an opening for new players to emerge to capitalize on this technological shift at the expense of incumbents.

Beginning September 1, 2009, the Company changed its organizational structure which impacted its reportable segments, but did not impact its consolidated financial position, results of operations or cash flows. The Company realigned its focus to five primary businesses as follows: the first digital cinema deployment ("Phase I Deployment"), the second digital cinema deployment ("Phase II Deployment"), services ("Services"), media content and entertainment ("Content & Entertainment") and other ("Other"). The Company's Phase I Deployment and Phase II Deployment segments are the non-recourse, financing vehicles and owners of the Company's digital cinema equipment (the "Systems") installed in movie theatres nationwide. The Company's Services segment provides services and support to the Phase I Deployment and Phase II Deployment segments as well as to other third party customers. Included in these services are asset management services for a specified fee via service agreements with Phase I Deployment and Phase II Deployment; software license, maintenance and consulting services; and electronic content delivery services via satellite and hard drive to the motion picture industry. These services primarily facilitate the conversion from analog (film) to digital cinema and have positioned the Company at what it believes to be the forefront of a rapidly developing industry relating to the delivery and management of digital cinema and other content to theatres and other remote venues worldwide. The Company's Content & Entertainment segment licenses and or owns alternative or independent film content and provides marketing and distribution services to theatrical content owners and also provides pre-show in-theatre advertising. The Company's Other segment provides motion picture exhibition to the general public, information technology consulting and managed network monitoring services and hosting services and network access for other web hosting services ("Access Digital Server Assets"). In March 2010, the Company decided to realign our technical and financial resources and to discontinue our motion picture exhibition to the general public and this business is no longer included in continuing operations. Overall, the Company's goal is to aid in the transformation of movie theatres to entertainment centers by providing a platform of hardware, software and content choices. Additional information related to the Company's reporting segments can be found in Note 10 to the Company's Consolidated Financial Statements.

DEPLOYMENT

The Phase I Deployment and Phase II Deployment segments consist of the following:

Operations of:	Products and services provided:
Christie/AIX, Inc. d/b/a Cinedigm Digital Cinema ("Phase 1 DC")	Financing vehicles and administrators for the Company's 3,724 Systems installed nationwide in Phase 1 DC's deployment to theatrical exhibitors. The Company retains ownership of the residual cash flows related to the Systems after the repayment of all non-recourse debt and The Company retains ownership of the Systems at the expiration of exhibitor master license agreements.
Access Digital Cinema Phase 2 Corp. ("Phase 2 DC")	Financing vehicles and administrators for the Company's second digital cinema deployment, through Phase 2 DC (the "Phase II Deployment"). The Company retains no ownership of the residual cash flows and digital cinema equipment after the completion of cost recoupment and at the expiration of the exhibitor master license agreements.

In June 2005, we formed Phase 1 DC, a wholly-owned subsidiary of AccessDM, to purchase up to 4,000 Systems for our Phase I Deployment, under an amended framework agreement (the "Framework Agreement") with Christie Digital Systems USA, Inc. ("Christie"). In December 2007, Phase 1 DC completed its Phase I Deployment with 3,724 Systems installed.

In October 2007, we formed Phase 2 DC for the administration of up to 10,000 additional Systems for our Phase II Deployment, of which a portion of such Systems will be purchased through an indirectly wholly-owned subsidiary, Access Digital Cinema Phase 2 B/AIX Corp. ("Phase 2 B/AIX").

Digital Cinema

The business of Phase 1 DC and Phase 2 DC consists of the ownership and licensing of digital systems to theatrical exhibitors and the collection of VPFs from motion picture studios and distributors and ACFs from alternative content providers and theatrical exhibitors, when content is shown on exhibitors' screens. We have licensed the necessary software and technology solutions to the exhibitor and have facilitated the industry's transition from analog (film) to digital cinema. As part of Phase 1 DC's Phase I Deployment of digital systems, Phase 1 DC has agreements with nine motion picture studios and certain smaller independent studios and exhibitors, allowing Phase 1 DC to collect VPFs and ACFs when content is shown in theatres, in exchange for having facilitated and financed the deployment on 3,724 Systems. Phase 1 DC has agreements with sixteen theatrical exhibitors that license our Systems in order to show digital content distributed by the motion picture studios and other providers, including a Cinedigm subsidiary, Cinedigm Content and Entertainment Group (see Content and Entertainment section below). In connection with the Phase II Deployment, Phase 2 DC has entered into digital cinema deployment agreements with eight motion picture studios for the distribution of digital movie releases to motion picture exhibitors equipped with Systems, and providing for payment of VPFs to Phase 2 DC. As of March 31, 2010, Phase 2 DC also entered into master license agreements with eleven exhibitors covering a total of 1,543 screens, whereby the exhibitors agreed to the placement of Systems as part of the Phase II Deployment. Included in the 1,543 contracted screens are contracts covering 736 screens with five exhibitors who will purchase and own Systems using their own financing, and will pay an upfront installation fee of $2 thousand per screen to the Company's Cinedigm Digital Cinema Services division (the "Exhibitor-Buyer Structure"). The Company will manage the billing and collection of VPFs and will remit all VPFs collected to the exhibitors, less an administrative fee that will approximate 10% of the VPFs collected. For Systems covered under the Exhibitor-Buyer Structure, the Company will have no debt, property and equipment, financing costs or depreciation recorded to its financial statements. For Phase 2 Systems that the Company will own and finance, installation of additional Systems in the Phase II Deployment is contingent upon the completion of financing for the purchase of Systems. For Phase 2 Systems the Company will own and finance, it typically receives a similar $2 thousand installation fee and an ongoing administrative fee that will approximate 10% of VPFs collected. As of March 31, 2010, the Company has 336 Phase 2 Systems installed, including 176 screens under the Exhibitor-Buyer Structure.

VPFs are earned pursuant to the contracts with movie studios and distributors, whereby amounts are payable to Phase 1 DC and to Phase 2 DC according to fixed fee schedules, when movies distributed by the studio are displayed on screens utilizing our Systems installed in movie theatres. One VPF is payable for every movie title displayed per System. The amount of VPF revenue is therefore dependent on the number of movie titles released and displayed using the Systems.

Phase 2 DC's agreements with distributors require the payment of VPFs for 10 years from the date each system is installed, however, Phase 2 DC may no longer collect VPFs once "cost recoupment", as defined in the agreements, is achieved. Cost recoupment will occur once the cumulative VPFs and other cash receipts collected by Phase 2 DC have equaled the total of all cash outflows, including the purchase price of all Systems, all financing costs, all "overhead and ongoing costs", as defined, subject to maximum agreed upon amounts during the three-year rollout period and thereafter, plus a compounded return on any billed but unpaid overhead and ongoing costs, of 15% per year. Furthermore, if cost recoupment occurs before the end of the 8th contract year, a one-time "cost recoupment bonus" is payable by the studios to Phase 2 DC. Any other cash flows, net of expenses, received by Phase 2 DC following the achievement of cost recoupment are required to be returned to the distributors on a pro-rata basis. At this time, the Company cannot estimate the timing or probability of the achievement of cost recoupment.

Current licensed software of Phase 1 DC consists of the following:

Licensed Product:	Purpose:
Cinefence	Detection of audio and video watermarks in content distributed through digital cinema.

In February 2006, Phase 1 DC entered into an agreement with Philips Electronics Nederland B.V. ("Philips") for a non-exclusive, worldwide right to use software license for Philips' software Cinefence (the "Cinefence License"). The Cinefence License is for an initial period of twelve years and renews automatically each year unless terminated by either party upon written notice. Cinefence is a watermarking detector of audio and video watermarks in content

distributed through digital cinema. Christie incorporates Cinefence into the Systems deployed with theatrical exhibitors participating in Phase 1 DC's Phase I Deployment, and Systems deployed in Phase 2 DC's Phase II Deployment will also contain this technology.

Customers

Digital Cinema customers are mainly motion picture studios and theatrical exhibitors. For the fiscal year ended March 31, 2010, six customers, 20th Century Fox, Disney Worldwide Services, Paramount Pictures, Sony Pictures Releasing Corporation, Universal Pictures and Warner Brothers, each represented 10% or more of Phase 1 DC's revenues and together generated 78%, 69% and 49% of Phase 1 DC's, Phase 2 DC's and consolidated revenues, respectively, and are also customers for digital content delivery and entertainment software. We expect to continue to conduct business with each of these customers in fiscal 2011.

Seasonality

Deployment revenues derived from the collection of VPFs from motion picture studios are seasonal, coinciding with the timing of releases of movies by the motion picture studios. Generally, motion picture studios release the most marketable movies during the summer and the winter holiday season. The unexpected emergence of a hit movie during other periods can alter the traditional trend. The timing of movie releases can have a significant effect on our results of operations, and the results of one quarter are not necessarily indicative of results for the next quarter or any other quarter. The seasonality of motion picture exhibition, however, has become less pronounced as the motion picture studios are releasing movies somewhat more evenly throughout the year.

SERVICES

The Services segment provides a variety of services to the Company's Phase 1 and Phase 2 deployments, exhibitor-buyers and other third party customers. Services consist of the following:

Operations of:	Products and services provided:
Digital Cinema Services	Provides monitoring, billing, collection, verification and other management services to the Company's Phase I Deployment, Phase II Deployment as well as to exhibitors who purchase their own equipment. Collects and disburses VPFs from motion picture studios and distributors and ACFs from alternative content providers, movie exhibitors and theatrical exhibitors.
Hollywood Software, Inc. d/b/a Cinedigm Software ("Software")	Develops and licenses software to the theatrical distribution and exhibition industries, provides ASP Service, and provides software enhancements and consulting services.
Access Digital Media, Inc. ("AccessDM") and FiberSat Global Services, Inc. d/b/a Cinedigm Satellite and Support Services, ("Cinedigm Satellite" and, together with AccessDM, "DMS")	Distributes digital content to movie theatres and other venues having digital cinema equipment and provides satellite-based broadband video, data and Internet transmission, encryption management services, video network origination and management services and a virtual booking center to outsource the booking and scheduling of satellite and fiber networks and provides forensic watermark detection services for motion picture studios and forensic recovery services for content owners.

Digital Cinema Services

The Digital Cinema Services ("Services") division provides monitoring, billing, collection, verification and other management services to Phase 1 DC and Phase 2 DC as well as to exhibitor-buyers who purchase their own equipment. This division services the Company's 3,724 screens in the Phase 1 deployment for a monthly service fee equal to 5% of the VPFs earned by Phase 1 DC. In the fiscal year ended March 31, 2010, Services earned $1.2 million of service fees from Phase 1 DC, as it did not receive certain fees to ensure covenant compliance. As a

result of the Phase 1 refinancing completed on May 6, 2010, Services expects to earn its full 5% service fee in the 2011 fiscal year.

In addition, Services provides services to the 336 Phase 2 Systems deployed as of March 31, 2010 and will service the remaining screens, up to 10,000, in the Phase II Deployment. Services typically receives an activation and installation fee of $2 thousand per Phase 2 System as well as a monthly service fee of up to 10% of the VPFs earned by Phase 2 DC. The total Phase 2 service fees are subject to an annual limitation under the terms of the Company's Phase 2 agreements. Any unpaid services fees in any period remain an obligation of Phase 2 DC in the cost recoupment framework and accrue a 15% cost of capital return until paid. These fees are not recognized as income or accrued as an asset on the Company's balance sheet given the uncertainty of the total number of screens ultimately deployed in Phase 2. Service fees are accrued and recognized only on deployed Phase 2 Systems. As a result, the annual service fee limitation is variable until these fees are paid. In the fiscal year ended March 31, 2010, Services earned $0.5 million of related services fees from Phase 2 DC.

DMS

The DMS division distributes movie features, trailers and other alternative content to movie theaters and other venues with digital cinema equipment via satellite and hard drives and also provides non-theatrical satellite based distribution of content into various out of home networks and other channels. DMS delivers features and trailers on behalf of its customers to all digital locations whether a Cinedigm installed location or non-Cinedigm location and, as a result, expects to benefit from the rapid expansion of the digital cinema deployments during the next 24 months. DMS has installed 271 satellite dishes as of March 31, 2010 and utilizes its high speed hard drive replication technology to deliver to non-satellite enabled locations. DMS intends to expand this satellite network in FY'11. During FY'10, DMS provided feature delivery service for 2 of the 6 major studios and trailer delivery service for a different 2 of 6 major studios.

We entered this business in February 2003, when we organized AccessDM, for the worldwide delivery of digital data, including movies, advertisements and alternative content such as concerts, seminars and sporting events, to movie theaters and other venues having digital cinema equipment.

In November 2003, we acquired all of the capital stock of Software, a leading provider of proprietary transactional support software and consulting services for distributors and exhibitors of filmed entertainment in the United States and Canada (the "Software Acquisition").

In November 2004, we acquired certain assets and liabilities of FiberSat Global Services, LLC (the "FiberSat Acquisition").

In June 2006, we, through an indirectly wholly-owned subsidiary, PLX Acquisition Corp. ("PLX"), purchased substantially all the assets of PLX Systems Inc. ("PLX Acquisition") and Right Track Solutions Incorporated ("Right Track"). PLX provides technology, expertise and core competencies in intellectual property ("IP") rights and royalty management, expanding the Company's ability to bring alternative forms of content, such as non-traditional feature films. PLX's and Right Track's assets have been integrated into the operations of Software.

In October 2007, AccessDM launched CineLive[SM], a hardware product that enables live 2-D and 3-D streaming broadcasts to be converted from satellite feeds into on-screen entertainment, which can then be delivered to and exhibited in digital cinema equipped theatres. CineLive[SM] was developed for AccessDM by International Datacasting Corporation and SENSIO Technologies Inc.

Current proprietary software of DMS for digital media delivery consists of the following:

Proprietary Software Product:	**Purpose:**
Digital Express e-Courier Services [SM]	Provides worldwide delivery of digital content, including movies, advertisements and alternative content such as concerts, seminars and sporting events to movie theatres and other venues having digital cinema equipment.

The Digital Express e-Courier Services ^{SM} software makes interaction between the content originator (such as the motion picture studio) and the theatrical exhibitor easier:

- Programming is viewed, booked, scheduled and electronically delivered through Digital Express e-Courier Services^{SM}.
- Once received, digital cinema distribution masters are prepared for distribution employing wrapper technology, including the application of an additional layer of Advanced Encryption Standard encryption, for added security.
- Designed to provide transparent control over the delivery process, Digital Express e-Courier Services^{SM} provides comprehensive, real-time monitoring capabilities including a fully customizable, automatic event notification system, delivering important status information to customers through a variety of connected devices including cell phones, e-mail or pagers.

Market Opportunity

According to the Motion Picture Association of America (the "MPAA"), on average, there were approximately 600 new movie releases for each of the past two years with 150-175 of those major movie releases receiving wide distribution to theaters. The average major movie is released to approximately 4,000 screens in the United States and 8,000 screens worldwide. According to the National Association of Theatre Owners, there are approximately 107,000 screens worldwide that play major movie releases, with approximately 39,000 screens located in the United States.

We believe that:

- the demand for digital content delivery will increase as the movie, advertising and entertainment industries continue to convert to a digital format in order to achieve cost savings, greater flexibility and/or improved image quality;
- digital content delivery eventually will replace, or at least become more prevalent than, the current method used for film delivery since existing film delivery generally involves the time-consuming, somewhat expensive and cumbersome process of receiving bulk printed film, rebuilding the film into shipping reels, packaging the film reels into canisters and physically delivering the film reels by traditional ground modes of transportation to movie theatres. The cost to deliver digital movies to movie theatres will be much less than the cost to print and deliver analog movie prints;
- the expanding use of digital content delivery will lead to an increasing need for digital content delivery, as the movie exhibition industry now has the capability to present advertisements, trailers and alternative entertainment in a digital format and in a commercially viable manner;
- theatrical exhibitors may be able to profit from the presentation of new and/or additional advertising in their movie theatres and that alternative entertainment at movie theatres may both expand their hours of operation and increase their occupancy rates; and
- digital content delivery will help reduce the cost of illegal off-the-screen recording of movies with handheld camcorders due to the watermark technology being utilized in content distributed through digital cinema (according to the MPAA, this costs the worldwide movie exhibition industry an estimated $6.1 billion annually).

Intellectual Property

AccessDM has received United States service mark registrations for the following: AccessDM® and The Courier For The Digital Era®. Cinedigm has received United States service mark registration for Access Digital Media® and Digi-Central®.

DMS currently has intellectual property consisting of unregistered trademarks and service marks, including Digital Express e-Courier Services^{SM}, e-Courier Services^{SM} and CineLive^{SM}.

Customers

For the fiscal year ended March 31, 2010, DMS's customers comprised 9% of Services' revenues. Three customers, 20th Century Fox , Universal Pictures and Ideacast, Inc. each represented 10% or more of DMS's revenues and together generated 49% and 32% of DMS's and Services' revenues, respectively, and 20th Century Fox and Universal Pictures are both customers for digital cinema and entertainment software. We expect to continue to conduct business with each of these customers in fiscal 2011.

Competition

Companies that have developed forms of digital content delivery to entertainment venues include:

- Technicolor Digital Cinema, an affiliate of the Thomson Company, which has developed distribution technology and support services for the delivery of digital movies to theatrical exhibitors; and
- DELUXE Laboratories, a wholly owned subsidiary of the MacAndrews & Forbes Holdings, Inc., which has developed distribution technology and support services for the physical delivery of digital movies to theatrical exhibitors.

These competitors have significantly greater financial, marketing and managerial resources than we do, have generated greater revenue and are better known than we are. However, we believe that DMS, through its technology and management experience, its development of software capable of delivering digital content electronically worldwide, and the complement of software including the Theatre Command Center® software, differentiate us from our competitors by providing a competitive alternative to their forms of digital content delivery.

We co-market Digital Media Delivery to the current and prospective customers of Software, using marketing and sales efforts and resources of both companies, which would enable owners of digital content to securely deliver such digital content to their customers and, thereafter, to manage and track data regarding the presentation of the digital content, including different forms of audio and/or visual entertainment. As the digital content industry continues to develop, we may engage in other marketing methods, such as advertising and service bundling, and may hire additional sales personnel.

Software Division

Software provides: proprietary software applications and services to support movie exhibition and distribution customers of varying sizes, through software licenses; its ASP Service through which it hosts various applications and provides client access via the Internet; anoutsourced film distribution service, called IndieDirect; and training and installation certification through its workshop and training sessions. Current proprietary software of the Software division consists of the following:

Proprietary Software Product:	**Purpose:**
Theatre Command Center® ("TCC")	Provides in-theatre management for use by digitally–equipped movie theatres and interfaces with DMS' Digital Express e-Courier Services SM software.
Theatrical Distribution System® ("TDS")	Enables domestic motion picture studios to plan, book and account for movie releases and to collect and analyze related financial operations data and interfaces with DMS' Digital Express e-Courier Services SM software.
Theatrical Distribution System (Global) ("TDSG ")	Enables international motion picture studios to plan, book and account for movie releases and to collect and analyze related financial operations data and interfaces with DMS' Digital Express e-Courier Services SM software.
Exhibition Management System™ ("EMS™")	Manages all key aspects of the theatrical exhibitor for film planning, scheduling, booking and the payment to the motion picture studios.
Royalty Transaction Solution ("RTS")	An enterprise royalty accounting and licensing system built specifically for the entertainment industry.

Our TCC system is installed as a component of all Phase 1 and Phase 2 Systems. It provides in-theatre management for digitally–equipped movie theatres, enabling an exhibitor to control all the screens in a movie theatre, manage content and version review, show building, program scheduling and encryption security key management from a central terminal, whether located in the projection booth, the theatre manager's office or both. Software receives upfront license fees and annual maintenance fees from all TCC installations. In addition to Cinedigm deployments, Software licenses TCC domestically and internationally to other deployment entities and exhibitors.

Domestic Theatrical Distribution Management

Software's TDS product is currently licensed to several motion picture studios and the TDS product comprised 54% and 65% of Software's revenues for the fiscal year ended March 31, 2008 and 2009, respectively. Software also provides outsourced movie distribution services, specifically for independent film distributors and producers, through IndieDirect. The IndieDirect staff uses the TDS distribution software to provide back office movie booking, tracking, reporting, settlement, and receivables management services.

International Theatrical Distribution Management

In 2004, Software began developing TDSG, an international version of our successful TDS application, to support worldwide movie distribution and has the capability to run either from a single central location or multiple locations. In December 2004, Software signed an agreement to license TDSG to 20th Century Fox, who has begun the implementation of the software, targeting fourteen overseas territories, encompassing eighteen foreign offices. As with our North American TDS solution, the TDSG system seamlessly integrates with Cinedigm's digital content delivery, significantly enhancing our international market opportunities. In December 2008, Software reached an agreement with 20th Century Fox regarding TDSG whereby Software will cease development efforts on the TDSG product and 20th Century Fox will complete the development of the product going forward at their sole expense and deliver the completed TDSG product back to Software. Software will continue to own the product at all times and retains the rights to market the finished product to others.

Exhibition Management

We believe that our EMS™ system is one of the most powerful and comprehensive systems available to manage all key elements of theatrical exhibition. This fully supported solution can exchange information with financial, ticketing, point-of-sale, distributor and data systems to eliminate manual processes. Also, EMS™ is designed to create innovative revenue opportunities for theatrical exhibitors from the presentation of new and/or additional advertising and alternative entertainment in their movie theatres due to the expanding use of digital content delivery.

IP Rights and Royalty Management

Software also provides software for the management of IP rights and royalties, called RTS, which was part of the PLX Acquisition.

Research and Development

The Company's recorded research and development expenses of approximately $0.2 million in each of the fiscal years ended March 31, 2009 and 2010, respectively, and was comprised mainly of personnel costs and third party contracted services attributable to research and development efforts at Software related to the development of our digital software applications and various product enhancements to TDS and EMS™.

Market Opportunity

We believe that:

- Software's products are becoming an industry leading method by which motion picture studios and theatrical exhibitors plan, manage and monitor operations and data regarding the presentation of theatrical entertainment. Based upon certain industry figures, distributors using the TDS

software cumulatively managed over one-third of the United States theatre box office revenues each year since 1999;

- by adapting this system to serve the expanding digital entertainment industry, Software's products and services are accepted as an important component in the digital content delivery and management business;
- the continued transition to digital content delivery will require a high degree of coordination among content providers, customers and intermediary service providers;
- producing, buying and delivering media content through worldwide distribution channels is a highly fragmented and inefficient process; and
- technologies created by Software and the continuing development of and general transition to digital forms of media will help the digital content delivery and management business become increasingly streamlined, automated and enhanced.

Intellectual Property

Software currently has intellectual property consisting of:

- licensable software products, including TCC, TDS, TDSG, EMS™, and RTS;
- registered trademarks for the Theatre Command Center®, Theater Command Center®, and Theatrical Distribution System®;
- domain names, including EPayTV.com, EpayTV.net, HollywoodSoftware.com, HollywoodSoftware.net, Indie-Coop.com, Indie-Coop.net, Indiedirect.com, IPayTV.com; PersonalEDI.com, RightsMart.com, RightsMart.net, TheatricalDistribution.com and Vistapos.com;
- unregistered trademarks and service marks, including Coop Advertising V1.04, EMS ASP, Exhibitor Management System, Hollywood SW, Inc., HollywoodSoftware.com, Indie Co-op, Media Manager, On-Line Release Schedule, RightsMart, and TheatricalDistribution.com; and
- logos, including those in respect of Hollywood SW, TDS and EMS™.

Customers

Four customers, 20th Century Fox, CBS Films, Insight and Universal Studios, each represented 10% or more of Software's revenues and together generated 50% and 15% of Software's and Services' revenues, respectively. 20th Century Fox and Universal Studios are also customers for digital cinema and digital content delivery. We expect to continue to conduct business with each of these customers in fiscal 2011.

Competition

Within the major domestic motion picture studios and exhibition circuits, Software's principal competitors for its products are in-house development teams, which generally are assisted by outside contractors and other third-parties. Most domestic motion picture studios that do not use the TDS software use their own in-house developed systems. Internationally, Software is aware of one vendor based in the Netherlands providing similar software. Software's movie exhibition product, EMS™, competes principally with at least one other competitor offering a similar stand-alone application, customized solutions developed by the large exhibition circuits and point of sale system modules attempting to provide comparable functionality. We believe that Software, through its technology and management experience, may differentiate itself by providing a competitive alternative to their forms of digital content delivery and management business.

Government Regulation

Except for the requirement of compliance with United States export controls relating to the export of high technology products, we are not subject to government approval procedures or other regulations for the licensing of our Entertainment Software products.

The distribution of movies is in large part regulated by federal and state antitrust laws and has been the subject of numerous antitrust cases. Motion picture studios offer and license movies to theatrical exhibitors, on a movie-by-movie and theatre-by-theatre basis. Consequently, theatrical exhibitors cannot assure themselves of a supply of movies by entering into long-term arrangements with motion picture studios, but must negotiate for licenses on a movie-by-movie basis. Cinedigm Satellite maintains Federal Communications Commission ("FCC") broadcast licenses related to our satellite transmission of content and should we violate any FCC laws, we may be subject to fines and or forfeiture of our broadcast licenses.

CONTENT & ENTERTAINMENT

The Content & Entertainment segment consists of the following:

Operations of:	Products and services provided:
UniqueScreen Media, Inc. ("USM")	Provides cinema advertising services and entertainment.
Vistachiara Productions, Inc., f/k/a The Bigger Picture currently d/b/a Cinedigm Content and Entertainment Group ("CEG")	Acquires, distributes and provides the marketing for programs of alternative content and feature films to movie exhibitors.

In July 2006, we purchased all of the outstanding capital stock of USM from USM's stockholders (the "USM Acquisition"). USM is the 3rd largest pre-show advertising business in the United States. As of March 31, 2010, it provides advertising services to 2,685 screens. Most of USM's customers are in middle and small sized advertising markets. USM provides local advertising sales and revenues to its customers through its own salesforce and contracts with Screenvision Exhibition, Inc. ("Screenvision"), the 2nd largest pre-show advertising company, to provide national advertising sales to many of its customers.

In January 2007, through our wholly owned subsidiary, Vistachiara Productions, Inc., we purchased substantially all of the assets of BP/KTF, LLC (the "CEG Acquisition"). CEG provides marketing and distribution services to owners of alternative content, such as live sports, musical concerts, kids programming, cultural events, etc. and to producers of independent films. CEG leverages the exhibition relationships developed by Cinedigm through its digital cinema services division, the delivery infrastructure and technology of DMS and theatrical distribution software services of the Software division to create a unique and valuable marketing and distribution service on top of the digital cinema network. CEG typically provides these services for a fixed upfront fee and a share of box office and downstream content revenues. CEG does not currently invest in production, print or advertising costs of content. In addition to its distribution fees, CEG generates a waterfall of revenues for other Cinedigm divisions: (1) its content either triggers a VPF or ACF for the Phase 1 and 2 Deployments (and resulting service fees for the Services division); (2) CEG retains and pays DMS to deliver its content (recorded or live) via satellite and hard drive; (3) CEG is an Indie Direct customer of the software division; and (4) sells or "trades in kind" USM advertising inventory in exchange for content acquisition rights.

Market Opportunity

We believe that:

- recent surveys have shown that movie goers are becoming more accepting of theatre advertising, and that of the 39,000 screens located in the United States, 24,000 of them show some form of advertising;
- Since 2002, cinema advertising revenue has grown at a 16% compound annual growth rate with the market remaining strong during the recent recession while traditional media has struggled;
- Pre-show advertising is among the most engaging forms of advertising in the market today with surveys showing 87% of moviegoers paying attention to ads prior to the movie and 44% more likely to remember the ad compared to television; and
- Alternative content is a rapidly growing medium with recent industry estimates by Screen Digest expecting the industry to grow to in excess of $500 M of revenues in 2014 from $46M in 2008.

Intellectual Property

There is no intellectual property related to our Content & Entertainment segment.

Customers

For the fiscal years ended March 31, 2009 and 2010, USM comprised 94% and 88%, respectively, of Content & Entertainment revenues. Our advertising business consists mainly of local advertisers, with no one customer representing 10% of in-theatre advertising revenues. A growing percentage of our advertising business are derived from a subcontracting agreement with Screenvision Exhibition, Inc. ("Screenvision"), whereby Screenvision sells national advertising on USM's screen base. For the fiscal years ended March 31, 2009 and 2010, the revenues from this agreement comprised 13% and 17%, respectively, of USM revenues and 12% and 15%, respectively, of Content & Entertainment revenues. The CEG business provides services to owners of alternative content such as sporting events, concerts, children's programming and other content. We expect CEG to contribute a larger percentage of our overall revenues in the future.

Competition

Numerous companies are engaged in various forms of producing and distributing entertainment and alternative content, as well as the sales, production and distribution of commercial advertising. Such forms of competition have historically extended into motion picture exhibition only to a limited degree, except for cinema advertising.

The Company views the following as its principal competition in its content and entertainment segment:

- The Walt Disney Company and Sony Pictures Entertainment, Inc., a subsidiary of Sony Corporation of America, have both demonstrated their intent to continue expanding digital distribution of non-movie alternative content into cinema venues;
- Screenvision US, a joint venture of Thomson and ITV, PLC, which sells and displays national, regional and local cinema advertising in over 15,000 screens in more than 2,500 theatre locations, as well as distributes certain alternative content in select theatres; and
- National CineMedia, LLC (NCM), a venture of AMC, Cinemark USA, Inc. and Regal, which have joined to work on the development of a digital cinema business plan, primarily concentrated on in-theatre advertising, business meetings and non-feature film content distribution in its Fathom Network.

These competitors have significantly greater financial, marketing and managerial resources than we do and have generated greater revenue and are better known than we are. However, we believe this is somewhat mitigated by the exclusive, and to a lesser degree non-exclusive, long and short-term contractual rights we have with our theatrical exhibitor partners, the proprietary nature of certain alternative programming, and the ability to provide cost effective turn-key solutions for intellectual property holders through digital preparation, digital delivery services through DMS, and advertising and marketing services in contracted theatrical exhibitor's theatres.

OTHER

The Other segment consists of the following:

Operations of:	Products and services provided:
Core Technology Services, Inc. ("Managed Services")	Provides information technology consulting services and managed network monitoring services through its global network command center ("GNCC").
Access Digital Server Assets	Provides hosting services and provides network access for other web hosting services.

In February 2005, through ADM Cinema, we acquired substantially all of the assets of the Pavilion Theatre located in the Park Slope section of Brooklyn, New York from Pritchard Square Cinema, LLC (the "Pavilion Theatre Acquisition").

In January 2004, we acquired all of the capital stock of Managed Services, a managed service provider of information technologies (the "Managed Services Acquisition") which operates a 24x7 GNCC, capable of running the networks and systems of large corporate clients. The three largest customers of Managed Services accounted for approximately 60% of its revenues.

In January 2006, the Company purchased the domain name, website, customer list and the IP address space for Ezzi.net and certain data center related computer equipment of R & S International, Inc. (together the "Access Digital Server Assets") and the acquired assets are used for web-hosting.

Since May 1, 2007, the Company's internet data centers ("IDCs") have been operated by FiberMedia, consisting of unrelated third parties, pursuant to a master collocation agreement. Although the Company is still the lessee of the IDCs, substantially all of the revenues and expenses were being realized by FiberMedia and not the Company and since May 1, 2008, 100% of the revenues and expenses are being realized by FiberMedia. In June 2009, one of the IDC leases expired, leaving two IDC leases with the Company as lessee.

Managed Services

We have developed two distinct Managed Services offerings, Network and Systems Management and Managed Storage Services.

Network and Systems Management

We offer our customers the economies of scale of the GNCC with an advanced engineering staff. Our network and systems management services include:

- network architecture and design;
- systems and network monitoring and management;
- data and voice integration;
- project management;
- auditing and assessment;
- on site support for hardware installation and repair, software installation and update, a 24x7 user help desk;
- a 24x7 Citrix server farm (a collection of computer servers); and
- fully managed hosting services.

Managed Storage Services

Our managed storage services, known as AccessStorage-on-Demand, include:

- hardware and software from such industry leaders as EMC Symmetrix, StorageTek and Veritas;
- pricing on a per-gigabyte of usage basis which provides customers with reliable primary data storage that is connected to their computers;
- the latest storage area network ("SAN") technology and SAN monitoring by our GNCC; and
- a disaster recovery plan for customers that have their computers located within an IDC by providing them with a tape back-up copy of their data that may then be sent to the customer's computer if the customer's data is lost, damaged or inaccessible.

All managed storage services are available separately or may be bundled together with other services. Monthly pricing is based on the type of storage (tape or disk), the capacity used and the level of accessibility required.

Market Opportunity

We believe that:

- this low-cost and customizable alternative to designing, implementing, and maintaining a large scale network infrastructure enables our clients to focus on information technology business development, rather than the underlying communications infrastructure; and
- our ability to offer clients the benefits of a SAN storage system at a fraction of the cost of building it themselves, allows our clients to focus on their core business.

Intellectual Property

Cinedigm has received United States service mark registration for the following service marks: Access Integrated Technologies®, AccessSecure®; AccessSafe®; AccessBackup®; AccessBusinessContinuance®; AccessVault®; AccessContent®; AccessColocenter®; AccessDataVault®; AccessColo®; AccessColo, Inc.®; and AccessStore®.

Customers

Our Managed Services customers mainly include major and mid-level networks and ISPs, various users of network services, traditional voice and data transmission providers, long distance carriers and commercial businesses and the motion picture studio customers of our Media Services. For the fiscal year ended March 31, 2010, three customers, Kelley Drye & Warren LLP ("KDW"), Rothschild, Inc. and the Weinstein Company, each represented 10% or more of Managed Service revenues and together generated 61% and 15% of Managed Service's and Other's segment revenues, respectively. Other than KDW, who is also outside legal counsel for the Company, and the Weinstein Company, who is also a customer of digital cinema and entertainment software, we do not have any other relationships with these customers. We expect to continue to conduct business with these customers in fiscal 2011.

Competition

Many data center operators offer managed services to clients who co-locate servers in the operator owned data center. Our focus is on delivery of managed services inside the IDCs, now operated by FiberMedia AIT, LLC and Telesource Group, Inc. (together, "FiberMedia"), unrelated third parties, as a lead product for primary data center services and to also offer those services to clients who have servers outside the IDCs allowing us to offer remote server and network monitoring, server and network management and disaster recovery services.

Our competitors have greater financial, technical, marketing and managerial resources than we do. These competitors also generate greater revenue and are better known than we are. However, we believe that offering managed services inside the IDCs, now operated by FiberMedia, along with related data center services, may differentiate us from our competition by providing a competitive bundled solution.

ASSETS HELD FOR SALE AND DISCONTINUED OPERATIONS

Discontinued operations consists of the Pavilion Theatre, which is classified as held for sale following a determination by management to explore its sale.

Operations of:	Products and services provided:
ADM Cinema Corporation ("ADM Cinema") d/b/a the Pavilion Theatre (the "Pavilion Theatre")	A nine-screen digital movie theatre and showcase to demonstrate the Company's integrated digital cinema solutions.

In February 2005, through ADM Cinema, we acquired substantially all of the assets of the Pavilion Theatre located in the Park Slope section of Brooklyn, New York from Pritchard Square Cinema, LLC (the "Pavilion Theatre Acquisition").

ENVIRONMENTAL

The nature of our business does not subject us to environmental laws in any material manner.

EMPLOYEES

As of March 31, 2010, we had 190 employees, of which 5, are part-time and 185 are full-time. Of our full-time employees, 55 are in sales and marketing, 74 are in operations, 8 are in research and development, 22 are in technical services, and 26 are in finance and administration.

As of March 31, 2010, the Pavilion Theatre had 44 employees, of which 38, are part-time and 6 are full-time. The Pavilion Theatre has a collective bargaining agreement with one union which covers three union projectionists, one of whom is a full-time employee.

AVAILABLE INFORMATION

The Company's Internet website address is www.cinedigmcorp.com. The Company will make available, free of charge at the "For Our Shareholders" section of its website, its Annual Report on Form 10-K, Quarterly Reports on Form 10-Q, Current Reports on Form 8-K, proxy statements and all amendments to those reports and statements filed or furnished pursuant to Section 13(a) or 15(d) of the Securities Exchange Act of 1934, as amended, as soon as reasonably practicable after such reports are electronically filed with, or furnished to, the SEC.

In addition, the SEC maintains a website that contains reports, proxy and information statements, and other information regarding companies that file electronically with the Commission. This information is available at www.sec.gov, the SEC's Public Reference Room at 100 F Street, NE, Washington, DC 20549 or by calling 1-800-SEC-0330.

ITEM 1A. RISK FACTORS

An inability to obtain necessary financing may have a material adverse effect on our financial position, operations and prospects if unanticipated capital needs arise.

Our capital requirements may vary significantly from what we currently project and be affected by unforeseen delays and expenses. We may experience problems, delays, expenses and difficulties frequently encountered by similarly-situated companies, as well as difficulties as a result of changes in economic, regulatory or competitive conditions. If we encounter any of these problems or difficulties or have underestimated our operating losses or capital requirements, we may require significantly more financing than we currently anticipate. We cannot assure you that we will be able to obtain any required additional financing on terms acceptable to us, if at all. An inability to obtain necessary financing could have a material adverse effect on our financial position, operations and prospects. Our credit agreement (the "Credit Agreement") with Société Générale ("SG") and General Electric Capital Corporation ("GECC") contains certain restrictive covenants that restrict our indirect subsidiary, Cinedigm Digital Funding I, LLC ("CDF I") and its subsidiaries from making certain capital expenditures, incurring other indebtedness, engaging in a new line of business, selling certain assets, acquiring, consolidating with, or merging with or into other companies and entering into transactions with affiliates and is non-recourse to the Company and our subsidiaries. In August 2009, the Company entered into the Sageview Purchase Agreement pursuant to which the Company issued the 2009 Note in the aggregate principal amount of $75.0 million, which was later amended and restated on May 6, 2010 (as so amended and restated, the "2010 Note"). The 2010 Note restricts the Company and its subsidiaries from incurring other indebtedness (with certain specified exceptions), creating or acquiring subsidiaries which do not guarantee such notes, making certain investments and modifying authorized capital.

We have limited experience in our newer business operations, which may negatively affect our ability to generate sufficient revenues to achieve profitability.

We were incorporated on March 31, 2000. We expanded into the following new business areas which are currently our primary focus: (a) placing digital cinema projection systems into movie theatres and collecting virtual print fees

in connection with such placements, through our indirect wholly-owned subsidiaries Phase 1 DC and Phase 2 DC; (b) providing satellite delivery services, through our wholly-owned subsidiary Cinedigm Satellite; (c) providing pre-show on-screen advertising and entertainment, through our wholly-owned subsidiary USM; and (d) operating an alternative content distribution company, through our wholly-owned subsidiary, CEG. Although we have retained certain senior management of the acquired businesses and have hired other experienced personnel, we have little experience in these new areas of business and cannot assure you that we will be able to develop and market the services provided thereby. We also cannot assure you that we will be able to successfully operate these businesses. Our efforts to expand into these five business areas may prove costly and time-consuming and have become our primary business focus.

The complexity of the digital cinema industry and providing transactional software for movie distributors and exhibitors could result in:

- increased operating and capital costs;
- an inability to effect a viable growth strategy;
- service interruptions for our customers; and
- an inability to attract and retain customers.

We may not be able to generate sufficient revenues to achieve profitability through the operation of our digital cinema business or our entertainment software business. We cannot assure you that we will be successful in marketing and operating these businesses, which are still developing within the industry, or, even if we are successful in doing so, that we will not experience additional losses.

We face the risks of doing business in new and rapidly evolving markets and may not be able successfully to address such risks and ever be successful or profitable.

We have encountered and will continue to encounter the challenges, uncertainties and difficulties frequently experienced in new and rapidly evolving markets, including:

- limited operating experience;
- net losses;
- lack of sufficient customers or loss of significant customers;
- insufficient revenues and cash flow to be self-sustaining;
- necessary capital expenditures;
- an unproven business model;
- a changing business focus; and
- difficulties in managing potentially rapid growth.

This is particularly the case with respect to our businesses with less operating history. We cannot assure you that we will ever be successful or profitable.

If the current digital technology changes, demand for DMS' delivery systems and software may be reduced and if use of the current digital presentation requiring electronic delivery does not expand, DMS' business will not experience growth.

Even though we are among the first to integrate software and systems for the delivery of digital content to movie theatres and other venues, there can be no assurance that certain major movie studios or providers of alternative digital content that currently rely on traditional distribution networks to provide physical delivery of digital files will quickly adopt a different method, particularly electronic delivery, of distributing digital content to movie theatres or other venues or that those major movie studios or content providers that currently utilize electronic delivery to distribute digital content will continue to do so. If the development of digital presentations and changes in the way digital files are delivered does not continue to occur, the demand for DMS' delivery systems and software will not grow and if new technology is developed which is adopted by major movie studios or providers of alternative digital content, there may be reduced demand for DMS' delivery systems and software.

If we do not respond to future advances in technology and changes in customer demands, our financial position, prospects and results of operations may be adversely affected.

The demand for our digital media delivery services and entertainment software will be affected, in large part, by future advances in technology and changes in customer demands. Our success will also depend on our ability to address the increasingly sophisticated and varied needs of our existing and prospective customers.

We cannot assure you that there will be a continued demand for the digital cinema software and delivery services provided by DMS. DMS' profitability depends largely upon the continued expansion of digital presentations at theatres. Although we have has entered into digital cinema deployment agreements with various motion picture studios, there can be no assurance that these and other major movie studios which are in part relying on traditional distribution networks to provide physical delivery of digital files will adopt a different method, particularly electronic delivery, of distributing digital content to movie theatres or that they will release all, some or any of their motion pictures using our distribution technology. If the development of digital presentations and changes in the way digital files are delivered does not continue to occur, there may be reduced demand or market for DMS' software and systems.

We expect competition to be intense: if we are unable to compete successfully, our business and results of operations will be seriously harmed.

The markets for the managed services business, the digital cinema business and the entertainment software business, although relatively new, are competitive, evolving and subject to rapid technological and other changes. We expect the intensity of competition in each of these areas to increase in the future. Companies willing to expend the necessary capital to create facilities and/or software similar to ours may compete with our business. Increased competition may result in reduced revenues and/or margins and loss of market share, any of which could seriously harm our business. In order to compete effectively in each of these fields, we must differentiate ourselves from competitors.

Many of our current and potential competitors have longer operating histories and greater financial, technical, marketing and other resources than us, which may permit them to adopt aggressive pricing policies. As a result, we may suffer from pricing pressures that could adversely affect our ability to generate revenues and our results of operations. Many of our competitors also have significantly greater name and brand recognition and a larger customer base than us. We may not be able to compete successfully with our competitors. If we are unable to compete successfully, our business and results of operations will be seriously harmed.

Our plan to acquire additional businesses involves risks, including our inability to successfully complete an acquisition, our assumption of liabilities, dilution of your investment and significant costs.

Although there are no acquisitions identified by us as probable at this time, we may make further acquisitions of similar or complementary businesses or assets. Even if we identify appropriate acquisition candidates, we may be unable to negotiate successfully the terms of the acquisitions, finance them, integrate the acquired business into our then existing business and/or attract and retain customers. We are also subject to limitations on our ability to make acquisitions pursuant to the 2010 Note. Completing an acquisition and integrating an acquired business, including our recently acquired businesses, may require a significant diversion of management time and resources and involves assuming new liabilities. Any acquisition also involves the risks that the assets acquired may prove less valuable than expected and/or that we may assume unknown or unexpected liabilities, costs and problems. If we make one or more significant acquisitions in which the consideration consists of our capital stock, your equity interest in our company could be diluted, perhaps significantly. If we were to proceed with one or more significant acquisitions in which the consideration included cash, we could be required to use a substantial portion of our available cash, or obtain additional financing to consummate them.

Our previous acquisitions involve risks, including our inability to integrate successfully the new businesses and our assumption of certain liabilities.

We have made several meaningful acquisitions to expand into new business areas. In July 2006, we acquired all of the capital stock of USM and in January 2007, the Company, through its wholly-owned subsidiary, CEG, purchased

substantially all of the assets of BP/KTF, LLC. We cannot assure you that we will be able to effectively market the services provided by USM and CEG. Our acquisition of these businesses and assets also involves the risks that the businesses and assets acquired may prove to be less valuable than we expected and/or that we may assume unknown or unexpected liabilities, costs and problems. In addition, we assumed certain liabilities in connection with these acquisitions and we cannot assure you that we will be able to satisfy adequately such assumed liabilities. Other companies that offer similar products and services may be able to market and sell their products and services more cost-effectively than we can.

If we do not manage our growth, our business will be harmed.

We may not be successful in managing our rapid growth. Since November 2003, we have acquired several businesses including most recently the acquisitions of USM and CEG. The number of our employees has grown from 11 in March 2003 to just under 200 in March 2010. Past growth has placed, and future growth will continue to place, significant challenges on our management and resources, related to the successful integration of the newly acquired businesses. To manage the expected growth of our operations, we will need to improve our existing, and implement new, operational and financial systems, procedures and controls. We may also need to expand our finance, administrative, client services and operations staffs and train and manage our growing employee base effectively. Our current and planned personnel, systems, procedures and controls may not be adequate to support our future operations. Our business, results of operations and financial position will suffer if we do not effectively manage our growth.

If we are not successful in protecting our intellectual property, our business will suffer.

We depend heavily on technology to operate our business. Our success depends on protecting our intellectual property, which is one of our most important assets. We have intellectual property consisting of:

- licensable software products;
- rights to certain domain names;
- registered service marks on certain names and phrases;
- various unregistered trademarks and service marks;
- know-how;
- rights to certain logos; and
- a pending patent application with respect to certain of our software.

If we do not adequately protect our intellectual property, our business, financial position and results of operations would be harmed. Our means of protecting our intellectual property may not be adequate. Unauthorized parties may attempt to copy aspects of our intellectual property or to obtain and use information that we regard as proprietary. In addition, competitors may be able to devise methods of competing with our business that are not covered by our intellectual property. Our competitors may independently develop similar technology, duplicate our technology or design around any intellectual property that we may obtain.

The success of some of our business operations depends on the proprietary nature of certain software. We do not, however, have patents with respect to much of our software. Because there is no patent protection in respect of much of our software, other companies are not prevented from developing and marketing similar software. We cannot assure you, therefore, that we will not face more competitors or that we can compete effectively against any companies that develop similar software. We also cannot assure you that we can compete effectively or not suffer from pricing pressure with respect to our existing and developing products that could adversely affect our ability to generate revenues. Further, our pending patent application may not be issued and if issued may not be broad enough to protect our rights, or if such patent is issued such patent could be successfully challenged.

Although we hold rights to various web domain names, regulatory bodies in the United States and abroad could establish additional top-level domains, appoint additional domain name registrars or modify the requirements for holding domain names. The relationship between regulations governing domain names and laws protecting trademarks and similar proprietary rights is unclear. We may be unable to prevent third parties from acquiring domain names that are similar to or diminish the value of our proprietary rights.

Our substantial debt and lease obligations could impair our financial flexibility and restrict our business significantly.

We now have, and will continue to have, significant debt obligations. We had notes payable to third parties with principal amounts aggregating $243.2 million as of March 31, 2010.

We also had capital lease obligations covering facilities and computer network equipment with principal amounts of $6.0 million as of March 31, 2010.

In May 2010, we issued the 2010 Note in the aggregate principal amount of $75.0 million. Additionally, CDF I, our indirect wholly-owned subsidiary that is intended to be a special purpose, bankruptcy remote entity, has entered into the Credit Agreement, pursuant to which it borrowed $172.5 million. As of May 18, 2010, the principal balance under the Credit Agreement was $172.5 million. The obligations and restrictions under the Credit Agreement, the 2010 Note and our other debt obligations could have important consequences for us, including:

- limiting our ability to obtain necessary financing in the future;
- requiring us to dedicate a substantial portion of our cash flow to payments on our debt obligations, thereby reducing the availability of our cash flow to fund working capital, capital expenditures and other corporate requirements or expansion of our business;
- limiting our ability to pay dividends to our shareholders;
- making us more vulnerable to a downturn in our business and limiting our flexibility to plan for, or react to, changes in our business; and
- placing us at a competitive disadvantage compared to competitors that might have stronger balance sheets or better access to capital by, for example, limiting our ability to enter into new markets.

If we are unable to meet our lease and debt obligations, we could be forced to restructure or refinance our obligations, to seek additional equity financing or to sell assets, which we may not be able to do on satisfactory terms or at all. As a result, we could default on those obligations and in the event of such default, our lenders could accelerate our debt or take other actions that could restrict our operations.

The foregoing risks would be intensified to the extent we borrow additional money or incur additional debt.

The agreements governing the financing of our Phase I Deployment and our issuance of the 2010 Note impose certain limitations on us.

The agreement governing the financing of our Phase I Deployment restricts the ability of Phase 1 DC and its existing and future subsidiaries to, among other things:

- make certain capital expenditures and investments;
- incur other indebtedness or liens;
- engage in a new line of business;
- sell assets;
- pay dividends or make distributions to shareholders;
- acquire, consolidate with, or merge with or into other companies; and
- enter into transactions with affiliates.

The agreements governing our issuance of the 2010 Note in May 2010 restrict the ability of the Company and its subsidiaries, subject to certain exceptions, to, among other things:

- incur other indebtedness or liens;
- create or acquire subsidiaries which do not guarantee the notes;
- make certain investments;
- amend certain agreements;

- pay dividends; and
- modify authorized capital.

We may not be able to generate the amount of cash needed to fund our future operations.

Our ability either to make payments on or to refinance our indebtedness, or to fund planned capital expenditures and research and development efforts, will depend on our ability to generate cash in the future. Our ability to generate cash is in part subject to general economic, financial, competitive, regulatory and other factors that are beyond our control.

Based on our current level of operations, we believe our cash flow from operations, subsequent borrowings and amended GE Credit Facility terms will be adequate to meet our future liquidity needs through at least March 31, 2011. Significant assumptions underlie this belief, including, among other things, that there will be no material adverse developments in our business, liquidity or capital requirements. If we are unable to service our indebtedness, we will be forced to adopt an alternative strategy that may include actions such as:

- reducing capital expenditures;
- reducing research and development efforts;
- selling assets;
- restructuring or refinancing our remaining indebtedness; and
- seeking additional funding.

We cannot assure you, however, that our business will generate sufficient cash flow from operations, or that we will be able to make future borrowings in amounts sufficient to enable us to pay the principal and interest on our current indebtedness or to fund our other liquidity needs. We may need to refinance all or a portion of our indebtedness on or before maturity. We cannot assure you that we will be able to refinance any of our indebtedness on commercially reasonable terms or at all.

We have incurred losses since our inception.

We have incurred losses since our inception in March 2000 and have financed our operations principally through equity investments and borrowings. As of March 31, 2010, we had negative working capital, defined as current assets less current liabilities, of $1.4 million and cash and cash equivalents, investment securities and restricted cash totaling $24.2 million; we had an accumulated deficit of $168.0 million and, from inception through such date, and we had provided $10.2 million in cash for operating activities. However, our net losses are likely to continue for the foreseeable future.

Our ability to become profitable is dependent upon us achieving a sufficient volume of business from our customers. If we cannot achieve a high enough volume, we likely will incur additional net and operating losses. We may be unable to continue our business as presently conducted unless we obtain funds from additional financings.

Our net losses and cash outflows may increase as and to the extent that we increase the size of our business operations, increase the purchases of Systems for Phase 1 DC's Phase I Deployment or Phase 2 DC's Phase II Deployment, increase our sales and marketing activities, enlarge our customer support and professional services and acquire additional businesses. These efforts may prove to be more expensive than we currently anticipate which could further increase our losses. We must significantly increase our revenues in order to become profitable. We cannot reliably predict when, or if, we will become profitable. Even if we achieve profitability, we may not be able to sustain it. If we cannot generate operating income or positive cash flows in the future, we will be unable to meet our working capital requirements.

Many of our corporate actions may be controlled by our officers, directors and principal stockholders; these actions may benefit these principal stockholders more than our other stockholders.

As of June 11, 2010, our directors, executive officers and principal stockholders, those known by the Company to beneficially own more than 5% of the outstanding shares of the Company's Common Stock, beneficially own,

directly or indirectly, in the aggregate, approximately 39.5% of our outstanding common stock. In particular, A. Dale Mayo, our President and Chief Executive Officer, beneficially holds 633,811 shares of Class B common stock, which represents approximately 86.4% of our outstanding Class B common stock, and 246,888 shares of Class A common stock which, together with the Class B common stock (which is convertible into Class A common stock on a one-for-one basis), represents approximately 2.9% of our outstanding Class A common stock. The 246,888 shares of Class A common stock include 59,761 restricted shares of Class A common stock, 85,000 shares of Class A common stock held by Mr. Mayo's spouse, of which Mr. Mayo disclaims beneficial ownership, and 12,500 shares of Class A common stock held for the account of Mr. Mayo's grandchildren, the custodian of which accounts is Mr. Mayo's spouse, of which Mr. Mayo also disclaims beneficial ownership. Our Class B common stock entitles the holder to ten votes per share. The shares of Class A common stock have one vote per share. Due to the supervoting Class B common stock, Mr. Mayo has approximately 18.5% of our voting power. In addition, Sageview owns warrants to purchase 16,000,000 shares of Class A Common Stock. If such warrants are exercised, Sageview would own approximately 35.4% of the then-outstanding Class A Common Stock. Sageview is also currently entitled to nominate two members to our board of directors (with such nomination right subject to reduction or elimination under certain circumstances).

These stockholders, and Mr. Mayo himself, will have significant influence over our business affairs, with the ability to control matters requiring approval by our security holders, including elections of directors and approvals of mergers or other business combinations. Also, certain corporate actions directed by our officers may not necessarily inure to the proportional benefit of other stockholders of our company.

Our success will significantly depend on our ability to hire and retain key personnel.

Our success will depend in significant part upon the continued services of our key technical, sales and senior management personnel. If we lose one or more of our key employees, we may not be able to find a suitable replacement(s) and our business and results of operations could be adversely affected. In addition, our future success will depend upon our ability to hire, train, integrate and retain qualified new employees.

We may be subject to environmental risks relating to the on-site storage of diesel fuel and batteries.

Our IDCs contain tanks for the storage of diesel fuel for our generators and significant quantities of lead acid batteries used to provide back-up power generation for uninterrupted operation of our customers' equipment. We cannot assure you that our systems will be free from leaks or that use of our systems will not result in spills. Any leak or spill, depending on such factors as the nature and quantity of the materials involved and the environmental setting, could result in interruptions to our operations and the incurrence of significant costs; particularly to the extent we incur liability under applicable environmental laws. This could have a material adverse effect on our business, financial position and results of operations. Although we are still the lessee of the IDCs, substantially all of the revenues and expenses are being realized by FiberMedia, unrelated third parties, and not the Company.

We may not be successful in the final or ultimate disposal of our Data Center Services.

In connection with the disposition of our Data Center Services, we entered into a MCA with FiberMedia, unrelated third parties, to operate our IDCs. FiberMedia operates a network of geographically distributed IDCs. We have assigned our IDC customer contracts to FiberMedia, and going forward, FiberMedia will be responsible for all customer service issues, including the maintenance of the IDCs, sales, installation of customer equipment, cross connects, electrical and other customer needs. Among such items are certain operating leases which expire from June 2009 through January 2016. As of March 31, 2010, obligations under these operating leases totaled $4.4 million. We will attempt to obtain landlord consents to assign each facility lease to FiberMedia. Until such landlord consents are obtained, we will remain as the lessee and pursuant to the MCA, FiberMedia will reimburse our costs under the facility leases, including rent through the remaining term of each IDC lease. In June 2009, one of the IDC leases expired, leaving two IDC leases with the Company as lessee. One of the remaining IDC leases expires in July 2010, which the Company does not intend to renew. We cannot assure you that the existing landlords would consent to the assignment of these leases to a buyer of our data centers. As a result, we may have continuing obligations under these leases, which could have a material adverse effect on our business, financial position and results of operations.

If the market price of our Class A Common Stock declines, we may not be able to maintain our listing on the NASDAQ Global Market which may impair our financial flexibility and restrict our business significantly.

The stock markets have experienced extreme price and volume fluctuations that have affected the market prices of equity securities of many companies that may be unrelated or disproportionate to the operating results of such companies. These broad market movements may adversely affect the market price of the Company's Class A Common Stock. The Company's Class A Common Stock is presently listed on NASDAQ. Although we are not currently in jeopardy of delisting, we cannot assure you that we will meet the criteria for continued listing and our Class A Common Stock could become delisted. Any such delisting could harm our ability to raise capital through alternative financing sources on terms acceptable to us, or at all, and may result in the loss of confidence in our financial stability by suppliers, customers and employees. If the Company's Class A Common Stock is delisted from the NASDAQ, we may face a lengthy process to re-list the Company's Class A Common Stock, if we are able to re-list the Company's Class A Common Stock at all, and the liquidity that NASDAQ provides will no longer be available to investors.

If the Company's Class A Common Stock were to be delisted from NASDAQ, it could, under certain circumstances, be deemed to be a change of control in the Company and, as a result, the holders of the 2010 Note would have the right to require the Company redeem the outstanding principal of the 2010 Note. As a result, we could be forced to restructure or refinance our obligations, to seek additional equity financing or to sell assets, which we may not be able to do on satisfactory terms or at all. If we default under the 2010 Note obligations, our lenders could take actions that would restrict our operations.

While we believe we currently have effective internal control over financial reporting, we are required to assess our internal control over financial reporting on an annual basis and any future adverse results from such assessment could result in a loss of investor confidence in our financial reports and have an adverse effect on our stock price.

Section 404 of the Sarbanes-Oxley Act of 2002 and the accompanying rules and regulations promulgated by the SEC to implement it required us to include in our Form 10-K annual reports by our management and independent auditors regarding the effectiveness of our internal control over financial reporting. The reports included, among other things, an assessment of the effectiveness of our internal control over financial reporting as of the end of our fiscal year. These assessments did not result in the disclosure of any material weaknesses in our internal control over financial reporting identified by management. During this process, if our management identified one or more material weaknesses in our internal control over financial reporting that cannot be remediated in a timely manner, we would not be unable to assert such internal control as effective. While we currently believe our internal control over financial reporting is effective, the effectiveness of our internal controls in future periods is subject to the risk that our controls may become inadequate because of changes in conditions, and, as a result, the degree of compliance of our internal control over financial reporting with the applicable policies or procedures may deteriorate. If, in the future, we are unable to conclude that our internal control over financial reporting is effective (or if our independent auditors disagree with our conclusion), we could lose investor confidence in the accuracy and completeness of our financial reports, which could have an adverse effect on our stock price.

New technologies may make our Digital Cinema Assets less desirable to motion picture studios or exhibitors of digital content and result in decreasing revenues.

The demand for our Systems and other assets in connection with our digital cinema business (collectively, our "Digital Cinema Assets") may be affected by future advances in technology and changes in customer demands. We cannot assure you that there will be continued demand for our Digital Cinema Assets. Our profitability depends largely upon the continued use of digital presentations at theatres. Although we have entered into long term agreements with major motion picture studios and independent studios (the "Studio Agreements"), there can be no assurance that these studios will continue to distribute digital content to movie theatres. If the development of digital presentations and changes in the way digital files are delivered does not continue or technology is used that is not compatible with our Systems, there may be no viable market for our Systems. Any reduction in the use of our Systems resulting from the development and deployment of new technology may negatively impact our revenues and the value of our Systems.

We have concentration in our business with respect to our major motion picture studio customers, and the loss of one or more of our largest studio customers could have a material adverse effect on us.

Our Studio Agreements account for a significant portion of our revenues. Together these studios generated 88%, 76%, 34%, 76%, 48% and 56% of Phase 1 DC's, Phase 2 DC's, Software's, AccessDM's, the Services segment's, and our consolidated revenues, respectively, for the fiscal year ended March 31, 2010.

The Studio Agreements are critical to our business. If some of the Studio Agreements were terminated prior to the end of their terms or found to be unenforceable, or if our Systems are not upgraded or enhanced as necessary, or if we had a material failure of our Systems, it may have a material adverse effect on our revenue, profitability, financial condition and cash flows. The Studio Agreements also generally provide that the VPF rates and other material terms of the agreements may not be more favorable to one studio as compared to the others.

Termination of the MLAs could damage our revenue and profitability.

The master license agreements with each of our licensed exhibitors (the "MLAs") are critical to our business. The MLAs each have a term which expires in 2020 and provide the exhibitor with an option to purchase our Systems or to renew for successive one year periods up to ten years thereafter. The MLAs also require our suppliers to upgrade our Systems when technology necessary for compliance with DCI Specification becomes commercially available and we may determine to enhance the Systems which may require additional capital expenditures. If any one of the MLAs were terminated prior to the end of its term, not renewed at its expiration or found to be unenforceable, or if our Systems are not upgraded or enhanced as necessary, it would have a material adverse effect on our revenue, profitability, financial condition and cash flows.

We have concentration in our business with respect to our major licensed exhibitors, and the loss of one or more of our largest exhibitors could have a material adverse effect on us.

Over 57% of Phase 1 DC's Systems are in theatres owned or operated by one large exhibitor. The loss of this exhibitor or another of our major licensed exhibitors could have a negative impact on the aggregate receipt of VPF revenues as a result of the loss of any associated MLAs. Although we do not receive revenues from licensed exhibitors and we have attempted to limit our licenses to only those theatres which we believe are successful, each MLA with our licensed exhibitors is important, depending on the number of screens, to our business since VPF revenues are generated based on screen turnover at theatres. If the MLA with a significant exhibitor was terminated prior to the end of its term, it would have a material adverse effect on our revenue, profitability, financial condition and cash flows. There can be no guarantee that the MLAs with our licensed exhibitors will not be terminated prior to the end of its term.

We depend on a limited number of suppliers for our Systems, and any delay in supply could affect our ability to grow.

We currently purchase Systems from a limited number of suppliers, and we were dependent on one supplier for our Systems in our Phase II Deployment. The inability to obtain certain components on a timely basis would limit our ability to complete installation of such Systems in a timely manner and would affect the amount of future revenues.

An increase in the use of alternative film distribution channels and other competing forms of entertainment could drive down movie theatre attendance, which, if causing significant theatre closures or a substantial decline in motion picture production, may lead to reductions in our revenues.

Various exhibitor chains which are the Company's distributors face competition for patrons from a number of alternative motion picture distribution channels, such as DVD, network and syndicated television, video on-demand, pay-per-view television and downloading utilizing the internet. These exhibitor chains also compete with other forms of entertainment competing for patrons' leisure time and disposable income such as concerts, amusement parks and sporting events. An increase in popularity of these alternative film distribution channels and competing forms of entertainment could drive down movie theatre attendance and potentially cause certain of our exhibitors to close their theatres for extended periods of time. Significant theatre closures could in turn have a negative impact on

the aggregate receipt of our VPF revenues, which in turn may have a material adverse effect on our business and ability to service our debt.

An increase in the use of alternative film distribution channels could also cause the overall production of motion pictures to decline, which, if substantial, could have an adverse effect on the businesses of the major studios with which we have Studio Agreements. A decline in the businesses of the major studios could in turn force the termination of certain Studio Agreements prior to the end of their terms. The Studio Agreements with each of the major studios are critical to our business, and their early termination may have a material adverse effect on our revenue, profitability, financial condition and cash flows.

The acquisition restrictions contained in our certificate of incorporation and our Tax Benefit Preservation Plan, which are intended to help preserve our net operating losses, may not be effective or may have unintended negative effects.

We have experienced, and may continue to experience, substantial operating losses, and under Section 382 of the Internal Revenue Code of 1986, as amended ("Section 382"), and rules promulgated by the Internal Revenue Service, we may "carry forward" these net operating losses ("NOLs") in certain circumstances to offset any current and future earnings and thus reduce our federal income tax liability, subject to certain requirements and restrictions. To the extent that the NOLs do not otherwise become limited, we believe that we will be able to carry forward a significant amount of the NOLs, and therefore these NOLs could be a substantial asset to us. If, however, we experience a Section 382 ownership change, our ability to use the NOLs will be substantially limited, and the timing of the usage of the NOLs could be substantially delayed, which could therefore significantly impair the value of that asset.

To reduce the likelihood of an ownership change, we have established acquisition restrictions in our certificate of incorporation and our board of directors (the "Board") adopted a tax benefit preservation plan (the "Tax Benefit Preservation Plan"). The Tax Benefit Preservation Plan is designed to protect shareholder value by attempting to protect against a limitation on our ability to use our existing NOLs. The acquisition restrictions in our certificate of incorporation are also intended to restrict certain acquisitions of our common stock to help preserve our ability to utilize our NOLs by avoiding the limitations imposed by Section 382 and the related Treasury regulations. The acquisition restrictions and the Tax Benefit Preservation Plan are generally designed to restrict or deter direct and indirect acquisitions of our common stock if such acquisition would result in a shareholder becoming a "5-percent shareholder" (as defined by Section 382 and the related Treasury regulations) or increase the percentage ownership of Cinedigm stock that is treated as owned by an existing 5-percent shareholder.

Although the acquisition restrictions and the Tax Benefit Preservation Plan are intended to reduce the likelihood of an ownership change that could adversely affect us, we can give no assurance that such restrictions would prevent all transfers that could result in such an ownership change. In particular, we have been advised by our counsel that, absent a court determination, there can be no assurance that the acquisition restrictions will be enforceable against all of our shareholders, and that they may be subject to challenge on equitable grounds. In particular, it is possible that the acquisition restrictions may not be enforceable against the shareholders who voted against or abstained from voting on the restrictions at our 2009 annual meeting of stockholders.

Under certain circumstances, our Board may determine it is in the best interest of the Company to exempt certain 5-percent shareholders from the operation of the acquisition restrictions or the Tax Benefit Preservation Plan, if a proposed transaction is determined not to be detrimental to the Company's utilization of its NOLs.

The acquisition restrictions and Tax Benefit Preservation Plan also require any person attempting to become a holder of 5% or more of our common stock, as determined under Section 382, to seek the approval of our Board. This may have an unintended "anti-takeover" effect because our Board may be able to prevent any future takeover. Similarly, any limits on the amount of stock that a stockholder may own could have the effect of making it more difficult for stockholders to replace current management. Additionally, because the acquisition restrictions and the Tax Benefit Preservation Plan have the effect of restricting a stockholder's ability to dispose of or acquire our common stock, the liquidity and market value of our Class A Common Stock might suffer. The Tax Benefit Preservation Plan will remain in effect until the earlier of (a) August 10, 2012, or (b) such other date as our Board in good faith determines it is no longer in the best interests of Cinedigm and its stockholders. The acquisition

restrictions may be waived by our Board. Stockholders are advised to monitor carefully their ownership of our common stock and consult their own legal advisors and/or Cinedigm to determine whether their ownership of our common stock approaches the proscribed level.

The occurrence of various events may adversely affect the ability of the Company to fully utilize NOLs.

The Company has a substantial amount of NOLs for U.S. federal income tax purposes that are available both currently and in the future to offset taxable income and gains. Events outside of our control may cause us to experience a Section 382 ownership change, and limit our ability to fully utilize such NOLs.

In general, an ownership change occurs when, as of any testing date, the percentage of stock of a corporation owned by one or more "5-percent shareholders," as defined in the Section 382 and the related Treasury regulations, has increased by more than 50 percentage points over the lowest percentage of stock of the corporation owned by such shareholders at any time during the three-year period preceding such date. In general, persons who own 5% or more of a corporation's stock are 5-percent shareholders, and all other persons who own less than 5% of a corporation's stock are treated, together, as a single, public group 5-percent shareholder, regardless of whether they own an aggregate of 5% or more of a corporation's stock. If a corporation experiences an ownership change, it is generally subject to an annual limitation, which limits its ability to use its NOLs to an amount equal to the equity value of the corporation multiplied by the federal long-term tax-exempt rate.

If we were to experience an ownership change, we could potentially have, in the future, higher U.S. federal income tax liabilities than we would otherwise have had and it may also result in certain other adverse consequences to us. Therefore, we have adopted the Tax Benefit Preservation Plan and the acquisition restrictions set forth in Article Fourth of our certificate of incorporation in order to reduce the likelihood that we will experience an ownership change under Section 382. There can be no assurance, however, that these efforts will deter or prevent the occurrence of an ownership change and the adverse consequences that may arise therefrom, as described above under the risk factor titled "The acquisition restrictions contained in our certificate of incorporation and our Tax Benefit Preservation Plan, which are intended to help preserve our net operating losses, may not be effective or may have unintended negative effects."

Our revenues and earnings are subject to market downturns.

Our revenues and earnings may fluctuate significantly in the future. General economic or other conditions could cause a downturn in the market for our Systems or technology. The recent financial disruption affecting the banking system and financial markets and the concern as to whether investment banks and other financial institutions will continue operations in the foreseeable future have resulted in a tightening in the credit markets, a low level of liquidity in many financial markets and extreme volatility in fixed income, credit and equity markets. The credit crisis may result in our inability to refinance our outstanding debt obligations or to finance our Phase II Deployment. The recent credit crisis may also result in the inability of our studios, exhibitors or other customers to obtain credit to finance operations; a slowdown in global economies which could result in lower consumer demand for films; counterparty failures negatively impacting our Interest Rate Swap; or increased impairments of our assets. The current volatility in the financial markets and overall economic uncertainty increase the risk of substantial quarterly and annual fluctuations in our earnings. Any of these factors could have a material adverse affect on our business, results of operations and could result in significant additional dilution to shareholders.

Economic conditions could materially adversely affect the Company.

The Company's operations and performance could be influenced by worldwide economic conditions. Uncertainty about current global economic conditions poses a risk as consumers and businesses may postpone spending in response to tighter credit, negative financial news and/or declines in income or asset values, which could have a material negative effect on the demand for the Company's products and services. Other factors that could influence demand include continuing increases in fuel and other energy costs, conditions in the residential real estate and mortgage markets, labor and healthcare costs, access to credit, consumer confidence, and other macroeconomic factors affecting consumer spending behavior. These and other economic factors could have a material adverse effect on demand for the Company's products and services and on the Company's financial condition and operating

results. Uncertainty about current global economic conditions could also continue to increase the volatility of the Company's stock price.

The continued threat of terrorism and ongoing military and other actions may result in decreases in our net income, revenue and assets under management and may adversely affect our business.

The continued threat of terrorism, both within the United States of America and abroad, and the ongoing military and other actions and heightened security measures in response to these types of threats, may cause significant volatility and declines in the capital markets in the United States of America, Europe and elsewhere, loss of life, property damage, additional disruptions to commerce and reduced economic activity. An actual terrorist attack could cause losses from a decrease in our business.

The war on terrorism, the threat of additional terrorist attacks, the political and the economic uncertainties that may result and other unforeseen events may impose additional risks upon and adversely affect the cinema industry and our business. We cannot offer assurances that the threats of future terrorist-like events in the United States of America and abroad or military actions by the United States of America will not have a material adverse effect on our business, financial condition or results of operations.

Changes to existing accounting pronouncements or taxation rules or practices may affect how we conduct our business and affect our reported results of operations.

New accounting pronouncements or tax rules and varying interpretations of accounting pronouncements or taxation practice have occurred and may occur in the future. A change in accounting pronouncements or interpretations or taxation rules or practices can have a significant effect on our reported results and may even affect our reporting of transactions completed before the change is effective. Changes to existing rules and pronouncements, future changes, if any, or the questioning of current practices or interpretations may adversely affect our reported financial results or the way we conduct our business.

ITEM 2. PROPERTY

Our segments operated from the following leased properties at March 31, 2010.

Deployment

Operations of:	Location:	Facility Type:	Expires:	Square Feet:
Phase 1 DC (3)				
Phase 2 DC (3)				

Services

Operations of:	Location:	Facility Type:	Expires:	Square Feet:
DMS	Chatsworth, California	Administrative offices, technical operations center, and warehouse (1)	March 2012 (2)	13,455
Software	Auburn Hills, Michigan	Administrative offices	October 2010 (4)	1,203
	Hollywood, California	Administrative and technical offices	December 2010 (5)	9,412

Content & Entertainment

Operations of:	Location:	Facility Type:	Expires:	Square Feet:
USM	Waite Park, Minnesota	Administrative and Sales staff offices	October 2013 (12)	11,544
CEG	Sherman Oaks, California	Administrative offices	January 2012 (9)	3,015

Other

Operations of:	Location:	Facility Type:	Expires:	Square Feet:
Managed Services (6)	Manhattan Borough of New York City	Technical operations offices	June 2013 (8)	3,000
Data Centers (13)	Manhattan Borough of New York City	IDC facility	July 2010 (10)	11,450
	Brooklyn Borough of New York City	IDC facility	January 2016 (8)	30,520
Access Digital Server Assets (14)				

Corporate

Operations of:	Location:	Facility Type:	Expires:	Square Feet:
Cinedigm	Morristown, New Jersey	Executive offices	May 2012 (11)	5,237

Assets held for sale and discontinued operations

Operations of:	Location:	Facility Type:	Expires:	Square Feet:
Pavilion Theatre	Brooklyn Borough of New York City	Nine-screen digital movie theatre	July 2022 (7)	31,120

(1) Location contains a data center which we use as a dedicated digital content delivery site.
(2) Lease has an option to renew for an additional five years with six months prior written notice at the then prevailing market rental rate.
(3) Employees share office space with Software in Hollywood, California.
(4) Lease has an option to renew for up to an additional five years with 180 days prior written notice at 95% of the then prevailing market rental rate.
(5) Lease has an option to renew for one additional three-year term with nine months prior written notice at the then prevailing market rental rate.
(6) Operations of Managed Services are based in the IDCs now operated by FiberMedia. Effective July 1, 2008, a portion of the operations of Managed Services operate at the new location in New York indicated above.
(7) Lease has options to renew for two additional ten-year terms and contains a provision for the payment of additional rent if box office revenues exceed certain levels. To date, no additional rent has been paid.
(8) There is no lease renewal provision.
(9) In addition to this office, employees of CEG currently share office space with BP/KTF, LLC in Woodland Hills, California, which charges CEG for a pro-rated share of office space used. This office is currently being sub-leased to an unrelated third party through the remaining period of this lease.
(10) Although the lease has options to renew for two additional five-year terms with twelve months prior written notice at the then prevailing market rental rate, the Company does not intend to renew.

(11) Lease was renewed in February 2009 with a commencement date in June 2009. Lease has an option to renew for one additional five-year term with nine months prior written notice at the then prevailing market rental rate.
(12) USM's previous administrative office lease expired during the fiscal year ended March 31, 2009. As a result, USM combined their administrative and sales staff offices. Lease has an option to renew for up to an additional five years with 90 days prior written notice at the then prevailing market rental rate.
(13) Since May 1, 2007, the IDC facility has been operated by FiberMedia pursuant to a master collocation agreement. The Company and FiberMedia are attempting to have the IDC facility leases assigned to FiberMedia by the landlords, and FiberMedia is attempting to extend the term of the lease for the Jersey City IDC Facility. In June 2009, one of the IDC leases expired, leaving two IDC leases with the Company as lessee. One of the remaining IDC leases expires in July 2010, which the Company does not intend to renew.
(14) Operations of the Access Digital Server Assets are based in the IDC located in the Brooklyn Borough of New York City, now operated by FiberMedia.

We believe that we have sufficient space to conduct our business for the foreseeable future. All of our leased properties are, in the opinion of our management, in satisfactory condition and adequately covered by insurance.

We do not own any real estate or invest in real estate or related investments.

ITEM 3. LEGAL PROCEEDINGS

None.

PART II

ITEM 5. MARKET FOR COMMON EQUITY, RELATED SHAREHOLDER MATTERS AND ISSUER PURCHASES OF EQUITY SECURITIES

CLASS A COMMON STOCK

Our Class A Common Stock trades publicly on the Nasdaq Global Market ("NASDAQ"), under the trading symbol "CIDM". The following table shows the high and low sales prices per share of our Class A Common Stock as reported by NASDAQ for the periods indicated:

	For the fiscal years ended March 31,			
	2009		2010	
	HIGH	LOW	HIGH	LOW
April 1 – June 30	$ 4.15	$ 1.89	$ 1.72	$ 0.63
July 1 – September 30	$ 2.68	$ 1.02	$ 1.61	$ 0.81
October 1 – December 31	$ 1.50	$ 0.25	$ 1.52	$ 1.02
January 1 – March 31	$ 0.94	$ 0.31	$ 1.89	$ 1.15

The last reported closing price per share of our Class A Common Stock as reported by NASDAQ on March 31, 2010 was $1.65 per share. As of March 31, 2010, there were approximately 140 holders of record of our Class A Common Stock, not including beneficial owners of our Class A Common Stock whose shares are held in the names of various dealers, clearing agencies, banks, brokers and other fiduciaries.

CLASS B COMMON STOCK

There is no public trading market for our Class B common stock ("Class B Common Stock"). Each outstanding share of Class B Common Stock may be converted into one share of Class A Common Stock at any time, and from time to time, at the option of the holder and the holder of Class B Common Stock is entitled to ten (10) votes for each share of Class B Common Stock held. As of March 31, 2010, there were five holders of our Class B Common Stock.

DIVIDEND POLICY

We have never paid any cash dividends on our Class A Common Stock or Class B Common Stock (together, the "Common Stock") and do not anticipate paying any on our Common Stock in the foreseeable future. Any future payment of dividends on our Common Stock will be in the sole discretion of our board of directors (the "Board"). Previously, the Company and its subsidiaries, other than Phase 1 DC and its subsidiaries, were prohibited from paying dividends under the terms of the 10% Senior Notes (the "2007 Senior Notes"). The holders of our Series A 10% Non-Voting Cumulative Preferred Stock are entitled to receive dividends; however, such dividends will accrue and will not be paid until the Company is permitted under the terms of the 2010 Note to make such payments.

SALES OF UNREGISTERED SECURITIES

None.

PURCHASE OF EQUITY SECURITIES

There were no purchases of shares of our Class A Common Stock made by us or on our behalf during the three months ended March 31, 2010. Although we were previously, but are no longer, precluded from purchasing shares of our Class A Common Stock under the terms of the 2007 Senior Notes, we do not anticipate purchasing any shares of our Class A Common Stock in the foreseeable future.

ITEM 6. SELECTED FINANCIAL DATA

The following tables set forth our historical selected financial and operating data for the periods indicated. The selected financial and operating data should be read together with the other information contained in this document, including "Management's Discussion and Analysis of Financial Condition and Results of Operations," in Item 7 and the audited historical financial statements and the notes thereto included elsewhere in this document. The historical results here are not necessarily indicative of future results.

Statement of Operations Data related to Continuing Operations:	For the fiscal years ended March 31, (In thousands, except per share data)				
	2006	2007	2008	2009	2010
Revenues	$11,851	$42,216	$75,464	$77,466	$72,205

ITEM 7. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

The following discussion and analysis should be read in conjunction with our historical consolidated financial statements and the related notes included elsewhere in this document.

This report contains forward-looking statements within the meaning of the federal securities laws. These include statements about our expectations, beliefs, intentions or strategies for the future, which are indicated by words or phrases such as "believes," "anticipates," "expects," "intends," "plans," "will," "estimates," and similar words. Forward-looking statements represent, as of the date of this report, our judgment relating to, among other things, future results of operations, growth plans, sales, capital requirements and general industry and business conditions applicable to us. These forward-looking statements are not guarantees of future performance and are subject to risks, uncertainties, assumptions and other factors, some of which are beyond the Company's control that could cause actual results to differ materially from those expressed or implied by such forward-looking statements.

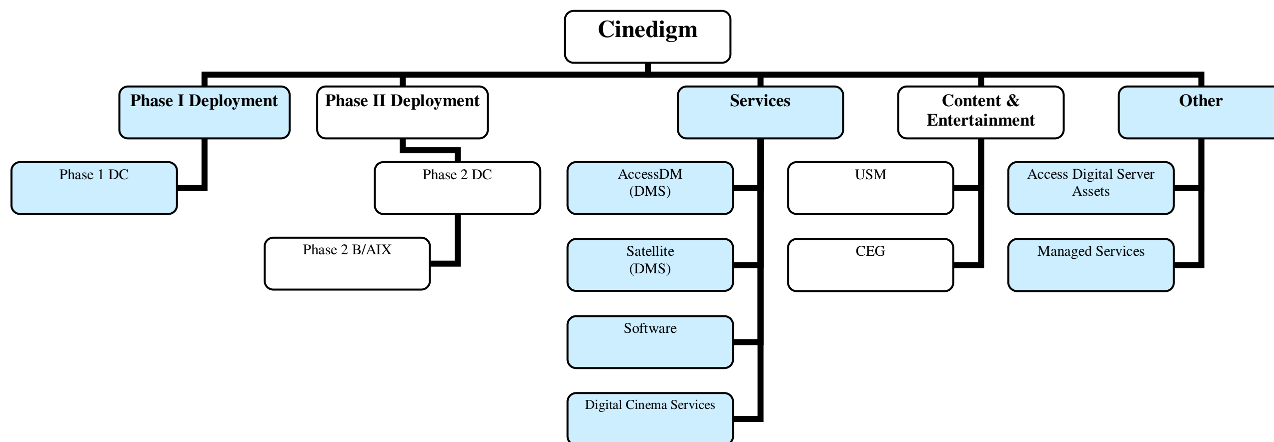
OVERVIEW

Cinedigm Digital Cinema Corp. was incorporated in Delaware on March 31, 2000 ("Cinedigm", and collectively with its subsidiaries, the "Company"). On September 30, 2009, the Company's stockholders approved a change in the Company's name from Access Integrated Technologies, Inc. to Cinedigm Digital Cinema Corp., and such change was effected October 5, 2009.

Cinedigm is a digital cinema services, specialty finance and content distribution company driving the conversion of the exhibition industry from film to digital technology. The Company provides technology solutions, financial services and advice, software services, electronic delivery and content distribution services to owners and distributors of digital content to movie theatres and other venues. Adjoined to this digital cinema conversion business is a series of business units designed to leverage the new business opportunities created by the transformation of movie theaters into networked entertainment centers. Cinedigm combines its infrastructure, technology and relationships to create a digital content origination, marketing, advertising and distribution business focused on alternative content and independent film. Historically, the conversion of an industry from analog to digital has created new revenue and growth opportunities as well as an opening for new players to emerge to capitalize on this technological shift at the expense of incumbents.

Beginning September 1, 2009, the Company made changes to its organizational structure which impacted its reportable segments, but did not impact its consolidated financial position, results of operations or cash flows. The Company realigned its focus to five primary businesses as follows: the first digital cinema deployment ("Phase I Deployment"), the second digital cinema deployment ("Phase II Deployment"), services ("Services"), media content and entertainment ("Content & Entertainment") and other ("Other"). The Company's Phase I Deployment and Phase II Deployment segments are the non-recourse, financing vehicles and administrators for the Company's digital cinema equipment (the "Systems") installed in movie theatres nationwide. The Company's Services segment provides services and support to the Phase I Deployment and Phase II Deployment segments as well as to other third party customers. Included in these services are asset management services for a specified fee via service agreements with Phase I Deployment and Phase II Deployment; software license, maintenance and consulting services; and electronic content delivery services via satellite and hard drive to the motion picture industry. These services primarily facilitate the conversion from analog (film) to digital cinema and have positioned the Company at what it believes to be the forefront of a rapidly developing industry relating to the delivery and management of digital cinema and other content to theatres and other remote venues worldwide. The Company's Content & Entertainment segment provides content distribution services to alternative and theatrical content owners and to theatrical exhibitors and in-theatre advertising. The Company's Other segment provides motion picture exhibition to the general public, information technology consulting and managed network monitoring services and hosting services and network access for other web hosting services ("Access Digital Server Assets"). In March 2010, the Company decided to realign our technical and financial resources and to discontinue our motion picture exhibition to the general public and is no longer included in continuing operations. Overall, the Company's goal is to aid in the transformation of movie theatres to entertainment centers by providing a platform of hardware, software and content choices. Additional information related to the Company's reporting segments can be found in Note 10 to the Company's Consolidated Financial Statements.

The following organizational chart provides a graphic representation of our business and our three reporting segments:



We have incurred net losses of $37.4 million and $29.5 million in the fiscal years ended March 31, 2009 and 2010, respectively, and until recently, have used cash in operating activities, and we have an accumulated deficit of $168.0 million as of March 31, 2010. We also have significant contractual obligations related to our debt for the next fiscal year 2010 and beyond. We expect to continue generating net losses for the foreseeable future. Certain of our costs could be reduced if our working capital requirements increased. Based on our cash position at March 31, 2010, and expected cash flows from operations, we believe that we have the ability to meet our obligations through March 31, 2011. In August 2009, we entered into a private placement of a senior secured recourse note and extinguished its existing senior notes, which provided net proceeds after repayment of existing debt, funding of an interest reserve and transactions fees and expenses of approximately $11.3 million of working capital funding. We have signed

commitment letters for additional non-recourse debt capital, primarily to meet equipment requirements related to our Phase II Deployment, however there is no assurance that financing for the Phase II Deployment will be completed as contemplated or under terms acceptable to us or our existing stockholders. Failure to generate additional revenues, raise additional capital or manage discretionary spending could have a material adverse effect on our ability to continue as a going concern. The accompanying consolidated financial statements do not reflect any adjustments which may result from our inability to continue as a going concern.

Critical Accounting Policies

The following is a discussion of our critical accounting policies.

PROPERTY AND EQUIPMENT

Property and equipment are stated at cost, less accumulated depreciation. Depreciation expense is recorded using the straight-line method over the estimated useful lives of the respective assets as follows:

Computer equipment	3-5 years
Digital cinema projection systems	10 years
Other projection system equipment	5 years
Machinery and equipment	3-10 years
Furniture and fixtures	3-6 years
Vehicles	5 years

Leasehold improvements are being amortized over the shorter of the lease term or the estimated useful life of the improvement. Maintenance and repair costs are charged to expense as incurred. Major renewals, improvements and additions are capitalized.

Useful lives are determined based on an estimate of either physical or economic obsolescence, or both. During the last three fiscal years the Company has not made any revisions to estimated useful lives, nor recorded any impairment charges on its fixed assets.

CAPITALIZED SOFTWARE DEVELOPMENT COSTS

Internal Use Software

The Company accounts for internal use software development costs based on three distinct stages to the software development process for internal use software. The first stage, the preliminary project stage, includes the conceptual formulation, design and testing of alternatives. The second stage, or the program instruction phase, includes the development of the detailed functional specifications, coding and testing. The final stage, the implementation stage, includes the activities associated with placing a software project into service. All activities included within the preliminary project stage are considered research and development and expensed as incurred. During the program instruction phase, all costs incurred until the software is substantially complete and ready for use, including all necessary testing, are capitalized, Capitalized costs are amortized on a straight-line basis over estimated lives ranging from three to five years, beginning when the software is ready for its intended use.

Software to be Sold, Licensed or Otherwise Marketed

Software development costs that are incurred subsequent to establishing technological feasibility are capitalized until the product is available for general release. Amounts capitalized as software development costs are amortized using the greater of revenues during the period compared to the total estimated revenues to be earned or on a straight-line basis over estimated lives ranging from three to five years. The Company reviews capitalized software costs for impairment on a periodic basis with other long-lived assets. Amortization of capitalized software development costs, included in direct operating costs, amounted to $0.7for each of the fiscal years ended March 31, 2009 and 2010. For the fiscal years ended March 31, 2009 and 2010, unbilled receivables under such customized software development contracts aggregated $0.1 million and $0, respectively.

GOODWILL AND INTANGIBLE ASSETS

The Company reviews goodwill for impairment annually and in interim periods if certain events occur indicating that the carrying value of goodwill may be impaired.

As of March 31, 2010, the Company's finite-lived intangible assets consisted of customer relationships and agreements, theatre relationships, covenants not to compete, trade names and trademarks and Federal Communications Commission licenses (for satellite transmission services), which are estimated to have useful lives ranging from two to ten years. At March 31, 2009 and 2010, no impairment charge was recorded for intangible assets.

The Company's process of evaluating goodwill for impairment involves the determination of fair value of its four goodwill reporting units: Software, The Pavilion Theatre, USM and CEG. The Company normally conducts its annual goodwill impairment analysis during the fourth quarter of each fiscal year, measured as of March 31, unless triggering events occur which require goodwill to be tested as of an interim date.

Inherent in the fair value determination for each reporting unit are certain judgments and estimates relating to future cash flows, including management's interpretation of current economic indicators and market conditions, and assumptions about the Company's strategic plans with regard to its operations. To the extent additional information arises, market conditions change or the Company's strategies change, it is possible that the conclusion regarding whether the Company's remaining goodwill is impaired could change and result in future goodwill impairment charges that will have a material effect on the Company's consolidated financial position or results of operations.

The discounted cash flow methodology establishes fair value by estimating the present value of the projected future cash flows to be generated from the reporting unit. The discount rate applied to the projected future cash flows to arrive at the present value is intended to reflect all risks of ownership and the associated risks of realizing the stream of projected future cash flows. The discounted cash flow methodology uses our projections of financial performance for a five-year period. The most significant assumptions used in the discounted cash flow methodology are the discount rate, the terminal value and expected future revenues and gross margins, which vary among reporting units. The discount rates utilized were 16.0% - 27.5% based on the estimated market participant weighted average cost of capital ("WACC") for each unit. The market participant based WACC for each unit gives consideration to factors including, but not limited to, capital structure, historic and projected financial performance, and size.

The market multiple methodology establishes fair value by comparing the reporting unit to other companies that are similar, from an operational or industry standpoint and considers the risk characteristics in order to determine the risk profile relative to the comparable companies as a group. The most significant assumptions are the market multiplies and the control premium. The Company has elected not to apply a control premium to the fair value conclusions for the purposes of impairment testing.

The Company then assigns a weighting to the discounted cash flows and market multiple methodologies to derive the fair value of the reporting unit. The income approach is weighted 60% to 70% and the market approach is weighted 40% to 30% to derive the fair value of the reporting unit. The weightings are evaluated each time a goodwill impairment assessment is performed and give consideration to the relative reliability of each approach at that time.

Based on the results of our impairment evaluation, the Company recorded an impairment charge of $4.6 million during the fiscal year ended March 31, 2009 related to our Content and Entertainment segment and $2.0 million in discontinued operations related to the Pavilion Theatre.

Information related to the segments of the Company and its subsidiaries regarding goodwill is detailed below:

($ in thousands)	Phase I	Phase II	Services	Content & Entertainment	Other	Corporate	Consolidated
Balance as of March 31, 2008	$—	$—	$4,306	$6,133	$4,110	$—	$14,549
Impairment charge associated with the Pavilion Theatre	—	—	—	—	(1,960)	—	(1,960)
Impairment charge associated with USM	—	—	—	(4,401)	—	—	(4,401)
Impairment charge associated with CEG	—	—	—	(164)	—	—	(164)
Reclassification of goodwill to assets held for sale	—	—	—	—	(1,763)	—	(1,763)
Balance as of March 31, 2009 and 2010	$—	$—	$4,306	$1,568	$387	$—	$6,261

The impairment charges were recorded following a period of decline in the Company's market capitalization and overall negative economic conditions during the fiscal year ended March 31, 2009. Declines were noted in the market valuations of designated peer group companies of each of the above reporting units and were a significant factor in the resulting impairment charges. The impairment charge recorded to the USM reporting unit was further impacted by a recent downturn in in-theatre advertising sales due to deterioration in overall economic conditions and a resulting reduction in the forecasted discounted cash flows. The impairment charge recorded for the Pavilion Theatre reporting unit was impacted by revised revenue estimates to better align its forecasted operations due to current recessionary trends and its current business model within the Company. Also, CEG's near term forecasts were revised to reflect what is anticipated to be a competitive landscape for the provision of alternative content, however offset by expected rapid digital screen count growth and alternative content availability. The impairment tests did not reveal any impairment noted in the remaining goodwill reporting units, primarily Software, due to historical and expected sales of software products to the theatrical market, primarily to support the digital cinema rollout.

At March 31, 2010, no impairment charge was recorded for goodwill.

REVENUE RECOGNITION

Phase I Deployment and Phase II Deployment

Virtual print fees ("VPFs") are earned pursuant to contracts with movie studios and distributors, whereby amounts are payable to Phase 1 DC and to Phase 2 DC, when movies distributed by the studio are displayed on screens utilizing the Company's digital cinema equipment (the "Systems") installed in movie theatres. VPFs are earned and payable to Phase 1 DC based on a defined fee schedule with a reduced VPF rate year over year until the sixth year (calendar 2011) at which point the VPF rate remains unchanged through the tenth year. One VPF is payable for every movie title displayed per System. The amount of VPF revenue is therefore dependent on the number of movie titles released and displayed using the Systems in any given accounting period. VPF revenue is recognized in the period in which the movie first opens for general audience viewing in that digitally-equipped movie theatre, as Phase 1 DC's and Phase 2 DC's performance obligations have been substantially met at that time.

Phase 2 DC's agreements with distributors require the payment of VPFs, according to a defined fee schedule, for ten years from the date each system is installed; however, Phase 2 DC may no longer collect VPFs once "cost recoupment," as defined in the agreements, is achieved. Cost recoupment will occur once the cumulative VPFs and other cash receipts collected by Phase 2 DC have equaled the total of all cash outflows, including the purchase price of all Systems, all financing costs, all "overhead and ongoing costs", as defined, and including the Company's service fees, subject to maximum agreed upon amounts during the three-year rollout period and thereafter, plus a compounded return on any billed but unpaid overhead and ongoing costs, of 15% per year. Further, if cost recoupment occurs before the end of the eighth contract year, a one-time "cost recoupment bonus" is payable by the studios to the Company. Any other cash flows, net of expenses, received by Phase 2 DC following the achievement of cost recoupment are required to be returned to the distributors on a pro-rata basis. At this time, the Company cannot estimate the timing or probability of the achievement of cost recoupment.

Alternative content fees ("ACFs") are earned pursuant to contracts with movie exhibitors, whereby amounts are payable to Phase 1 DC and to Phase 2 DC, generally as a percentage of the applicable box office revenue derived from the exhibitor's showing of content other than feature films, such as concerts and sporting events (typically referred to as "alternative content"). ACF revenue is recognized in the period in which the alternative content opens for audience viewing.

Services

For software multi-element licensing arrangements that do not require significant production, modification or customization of the licensed software, revenue is recognized for the various elements as follows: revenue for the licensed software element is recognized upon delivery and acceptance of the licensed software product, as that represents the culmination of the earnings process and the Company has no further obligations to the customer, relative to the software license. Revenue earned from consulting services is recognized upon the performance and completion of these services. Revenue earned from annual software maintenance is recognized ratably over the maintenance term (typically one year).

Revenue is deferred in cases where: (1) a portion or the entire contract amount cannot be recognized as revenue, due to non-delivery or pre-acceptance of licensed software or custom programming, (2) uncompleted implementation of application service provider arrangements ("ASP Service"), or (3) unexpired pro-rata periods of maintenance, minimum ASP Service fees or website subscription fees. As license fees, maintenance fees, minimum ASP Service fees and website subscription fees are often paid in advance, a portion of this revenue is deferred until the contract ends. Such amounts are classified as deferred revenue and are recognized as earned revenue in accordance with the Company's revenue recognition policies described above.

Revenues from the delivery of data via satellite and hard drive are recognized upon delivery, as DMS' performance obligations have been substantially met at that time.

Exhibitors who will purchase and own Systems using their own financing will pay an upfront activation fee of $2 thousand per screen to the Company (the "Exhibitor-Buyer Structure"). These upfront activation fees are recognized in the period in which these exhibitor owned Systems are ready for content, as the Company has no further obligations to the customer. The Company will then manage the billing and collection of VPFs and will remit all VPFs collected to the exhibitors, less an administrative fee that will approximate 10% of the VPFs collected. This administrative fee is recognized in the period in which the billing of VPFs occurs, as performance obligations have been substantially met at that time.

Content & Entertainment

USM has contracts with exhibitors to display pre-show advertisements on their screens, in exchange for certain fees paid to the exhibitors. USM then contracts with businesses of various types to place their advertisements in select theatre locations, designs the advertisement, and places it on-screen for specific periods of time, generally ranging from three to twelve months. Cinema advertising service revenue, and the associated direct selling, production and support cost, is recognized on a straight-line basis over the period the related in-theatre advertising is displayed, pursuant to the specific terms of each advertising contract. USM has the right to receive or bill the entire amount of the advertising contract upon execution, and therefore such amount is recorded as a receivable at the time of

execution, and all related advertising revenue and all direct costs actually incurred are deferred until such time as the in-theatre advertising is displayed.

The right to sell and display such advertising, or other in-theatre programs, products and services, is based upon advertising contracts with exhibitors which stipulate payment terms to such exhibitors for this right. Payment terms generally consist of fixed annual payments or annual minimum guarantee payments, plus a revenue share of the excess of a percentage of advertising revenue over the minimum guarantee, if any. The Company recognizes the cost of fixed and minimum guarantee payments on a straight-line basis over each advertising contract year, and the revenue share cost, if any, in accordance with the terms of the advertising contract.

Barter advertising revenue is recognized for the fair value of the advertising time surrendered in exchange for alternative content. The Company includes the value of such exchanges in both Content & Entertainment's net revenues and direct operating expenses. There may be a timing difference between the screening of alternative content and the screening of the underlying advertising used to acquire the content. The acquisition cost is being recorded and recognized as a direct operating expense by CEG when the alternative content is screened, and the underlying advertising is being deferred and recognized as revenue ratably over the period such advertising is screened by USM. For the fiscal years ended March 31, 2009 and 2010, the Company recorded net revenues and direct operating costs related to barter advertising of $1.6 million and $1.3 million, respectively.

CEG has contracts for the theatrical distribution of third party feature films and alternative content. CEG's distribution fee revenue is recognized at the time a feature film and alternative content is viewed, based on CEG's participation in box office receipts. CEG has the right to receive or bill a portion of the theatrical distribution fee in advance of the exhibition date, and therefore such amount is recorded as a receivable at the time of execution, and all related distribution revenue is deferred until the third party feature films' or alternative content's theatrical release date.

Other

Managed Services' revenues, which consist of monthly recurring billings pursuant to network monitoring and maintenance contracts, are recognized as revenues in the period the services are provided, and other non-recurring billings are recognized on a time and materials basis as revenues in the period in which the services were provided.

Other revenues, attributable to the Access Digital Server Assets, which consist of monthly recurring billings for hosting and network access fees, are recognized as revenues in the period the services are provided.

Since May 1, 2007, the Company's three internet data centers ("IDCs") have been operated by FiberMedia AIT, LLC and Telesource Group, Inc. (together, "FiberMedia"), unrelated third parties, pursuant to a master collocation agreement. Although the Company is still the lessee of the IDCs, substantially all of the revenues and expenses were being realized by FiberMedia and not the Company and since May 1, 2008, 100% of the revenues and expenses are being realized by FiberMedia. In June 2009, one of the IDC leases expired, leaving two IDC leases with the Company as lessee.

Discontinued Operations

Movie theatre admission and concession revenues are generated at the Company's nine-screen digital movie theatre, the Pavilion Theatre. Movie theatre admission revenues are recognized on the date of sale, as the related movie is viewed on that date and the Company's performance obligation is met at that time. Concession revenues consist of food and beverage sales and are also recognized on the date of sale.

Results of Continuing Operations for the Fiscal Years Ended March 31, 2009 and 2010

Revenues

($ in thousands)	For the Fiscal Years Ended March 31, 2009	2010	Change
Phase I Deployment	$48,746	$43,820	(10)%
Phase II Deployment	158	1,565	891%
Services	7,228	8,024	11%
Content & Entertainment	17,172	15,626	(9)%
Other	4,162	3,170	(24)%
	$77,466	$72,205	(7)%

Revenues decreased $5.3 million or 7%. The decrease in revenues in the Phase I Deployment segment was primarily due to a 10% decrease in Phase 1 DC's VPF revenues, attributable to a contractual 16% reduction in VPF rates starting in November 2008, offset by an increase in annual screen turnover. The increase in revenues in the Phase II Deployment segment was due to Phase 2 DC VPF revenues which were not generated during the entire fiscal year ended March 31, 2009, as no Phase 2 DC's Systems were installed and ready for content until December 2008. The increase in revenues in the Services segment was primarily due to (i) a 31% increase in Software revenues related to increased Phase 2 deployment license and maintenance fees; (ii) the beginning of Phase 2 DC service fees for additional Phase 2 DC Systems deployed through the Exhibitor-Buyer Structure; offset by (iii) an 8% decrease in DMS revenues, attributable to flat revenues from digital feature and trailer deliveries as DMS maintained its movie studio customers but experienced limited growth in the number of digital delivery sites and a 24% decrease in non-theatrical satellite services revenues due to general economic factors;. We expect Phase 2 DC service fees, DMS revenues and software license fees to increase as additional Systems are deployed under the recent $100 million non-recourse credit facility commitment letters from GE Capital and Soc Gen as well as through the Exhibitor-Buyer Structure launched in September 2009 with five exhibitors as of March 31, 2010.

In the Content & Entertainment segment, revenues decreased 9% due to a 19% decline in in-theatre advertising revenues, attributable to the elimination of various under-performing customer contracts, as well as the current weak economic environment, offset by 9% increase in national advertising revenues generated by the partnership with Screenvision. CEG's distribution revenues relating to digitally-equipped locations increased 120% or $1.2 million for content distribution-related revenues by CEG with the release of Opa! and the release of Dave Matthews Band in 3-D. The primary driver of CEG revenues is the number of programs CEG is distributing, together with the nationwide (and anticipated worldwide) conversion of theatres to digital capabilities, a trend the Company expects to continue. In addition to the distribution of independent motion pictures, the Company also expects that with its implementation of the CineLive[SM] product into movie theatres, CEG's revenues will increase from the distribution of live 2D and 3D content such as concerts and sporting events.

Revenues in the Other segment decreased 24%, mainly due to a contraction of the customer base for Managed Services, due to economic factors. We do not expect Other segment revenues to increase materially from the amounts realized during the fiscal year ended March 31, 2010.

Direct Operating Expenses

($ in thousands)	For the Fiscal Years Ended March 31, 2009	2010	Change
Phase I Deployment	$935	$361	(61)%
Phase II Deployment	48	115	140%
Services	4,808	5,796	21%
Content & Entertainment	12,062	10,198	(15)%
Other	3,570	2,747	(23)%
	$21,423	$19,217	(10)%

Direct operating expenses decreased $2.2 million or 10%. The decrease in direct operating costs in the Phase I Deployment segment was primarily due to the reduction of an accrual for certain operating expenses and prior year costs now being allocated to our Services Company.. The increase in direct operating costs in the Phase II Deployment segment was due to Phase 2 DC costs which were not generated during the entire fiscal year ended March 31, 2009. The increase in the Services segment was primarily related to start-up trailer delivery expense within DMS not incurred in the prior year, additional costs incurred in support of the Phase II Deployment and the allocation of costs to our Services Company. which were shown within the Phase I Deployment segment in the prior year, offset by reduced operational staffing levels in Software. The decrease in the Content & Entertainment segment was primarily related to a 14% decrease in minimum guaranteed obligations under theatre advertising agreements with exhibitors for displaying cinema advertising, reduced operational staffing levels at USM offset by increased advertising and marketing costs in CEG related to the release of Opa! and the release of Dave Matthews Band in 3-D. We expect direct operating expenses to remain constant at the current level.

Selling, General and Administrative Expenses

	For the Fiscal Years Ended March 31,		
($ in thousands)	**2009**	**2010**	**Change**
Phase I Deployment	$952	$299	(69)%
Phase II Deployment	638	551	(14)%
Services	2,136	2,562	20%
Content & Entertainment	6,426	5,219	(23)%
Other	645	654	(5)%
Corporate	7,021	6,141	(13)%
	$17,818	$15,426	(13)%

Selling, general and administrative expenses decreased $2.4 million or 13% due to headcount reductions and other expense efficiency initiatives. The decrease in selling, general and administrative expenses in the Phase I and Phase 2 Deployment segments was primarily due to prior year costs now being allocated to our Servicer Co. The increase in the Services segment was mainly due to costs now being allocated from the Phase 1 and Phase 2 Deployment segments offset by reduced staffing levels. The decrease in the Content & Entertainment segment was also due to by reduced staffing levels. The decrease within Corporate was due to reduced headcount levels, benefits expenses, professional fees and travel expenses. Following the completion of our Phase I Deployment, overall headcount reductions have now stabilized. As of March 31, 2009 and 2010, we had 195 and 190 employees, of which 2 and 5 were part-time employees and 43 and 45 were salespersons, respectively. We expect selling, general and administrative expenses to remain relatively constant at the current level.

Stock-based compensation

Stock-based compensation expense increased approximately $0.5 million or 57%. The increase was primarily related to the expenses associated with the stock option awards granted during the three months ended September 30, 2009 which were issued in exchange for the termination of the AccessDM stock options. Such grants vested upon issuance and resulted in an additional $0.3 million of expense during the fiscal year ended March 31, 2010.

Impairment of goodwill

During the fiscal year ended March 31, 2009, the Company concluded that the fair value of its reporting units within the Content & Entertainment segment, was below the carrying amount and recorded an impairment charge of $6.5 million. This resulted from the continued decline in our market capitalization, the extremely depressed economic conditions generally, the re-evaluation of our forecasts and other assumptions, and the diminished market values of our identified peer companies.

Depreciation and Amortization Expense on Property and Equipment

($ in thousands)	For the Fiscal Years Ended March 31,		
	2009	2010	Change
Phase I Deployment	$28,540	$28,557	—%
Phase II Deployment	87	1,038	1,093%
Services	1,800	1,804	—%
Content & Entertainment	1,021	843	(17)%
Other	504	266	(25)%
Corporate	64	32	(50)%
	$32,016	$32,540	(2)%

Depreciation and amortization expense increased $0.5 million or 2%. Other than the Phase II Deployment segment, the decreases reflect reduced depreciation expense on assets which are fully depreciated or amortized at March 31, 2010. The increase in the Phase II Deployment segment represents depreciation on the increased number of Phase 2 DC Systems which were not in service during the fiscal year ended March 31, 2009. We expect the depreciation and amortization expense in the Phase II Deployment segment to generally increase as new Phase 2 DC Systems are installed.

Amortization Expense on Intangible Assets

($ in thousands)	For the Fiscal Years Ended March 31,		
	2009	2010	Change
Phase I Deployment	$23	$46	100%
Phase II Deployment	—	—	—%
Services	430	106	(75)%
Content & Entertainment	2,914	2,822	(3)%
Other	66	3	(95)%
Corporate	1	—	—%
	$3,434	$2,977	(13)%

Amortization expense decreased $0.5 million or 13%. The decreases reflect reduced amortization expense on intangible assets which are fully amortized at March 31, 2010. We expect the amortization expense to remain relatively constant at the current level.

Interest expense

($ in thousands)	For the Fiscal Years Ended March 31,		
	2009	2010	Change
Phase I Deployment	$16,786	$20,260	21%
Phase II Deployment	—	737	—%
Services	25	69	176%
Content & Entertainment	15	11	(27)%
Other	3	14	367%
Corporate	9,652	12,586	30%
	$26,481	$33,677	27%

Interest expense increased $7.2 million or 27%. Total interest expense included $21.8 million and $30.8 million of interest paid and accrued for the fiscal years ended March 31, 2009 and 2010, respectively. The increase in interest paid and accrued within the non-recourse Phase I Deployment segment relates to the increased interest rate on the

non-recourse GE Credit Facility related to the fourth amendment and in part to the Interest Rate Swap (see change in fair value of interest rate swap discussed below) and increased interest within the Phase II Deployment segment related to the non-recourse credit facility with KBC Bank NV (the "KBC Facility") to fund the purchase of Systems from Barco. With the refinancing of the GE Credit Facility into a new, non-recourse facility rated Ba1 by Moody's completed in May 2010, we expect Phase 1 Deployment interest expense to decrease significantly as we reduced the interest on Phase 1 debt to 3 Month LIBOR plus 375 basis points above a 1.75% LIBOR floor from 650 basis points above a 2.00% LIBOR floor. Phase 2 DC's non-recourse interest expense is expected to increase with the growth in deployments in Fiscal 2011. The increase in interest paid and accrued within Corporate related to $8.0 million on the 2009 Note. Interest on the 2009 Note is 8% PIK Interest and 7% per annum paid in cash. This increase is offset by the elimination of interest payments on the 2007 Senior Notes which ceased as the 2007 Senior Notes were cancelled in August 2009.

Non-cash interest expense was $4.7 million and $2.9 million for the fiscal years ended March 31, 2009 and 2010, respectively. The decrease in the non-cash interest related to the cessation of interest payments on the 2007 Senior Notes upon their cancellation in August 2009. Accretion of $1.4 million since August 2009 on the note payable discount associated with the 2010 Note will continue over the term of the 2010 Note.

Extinguishment of debt

The gain on the extinguishment of debt was $10.7 million for the fiscal year ended March 31, 2010, which resulted from the satisfaction of the principal and any accrued and unpaid interest on the 2007 Senior Notes for an aggregate purchase price of $42.5 million which resulted in a gain of $12.5 million of remaining principal along with $0.6 million in unpaid accrued interest offset by unamortized debt issuance costs of $2.4 million.

Change in fair value of interest rate swap

The change in fair value of the interest rate swap was a loss of $4.5 million and a gain of $3.0 million for the fiscal years ended March 31, 2009 and 2010, respectively. The loss which resulted during the fiscal year ended March 31, 2009 resulted from the decline in Libor rates and the then projected outlook for the Libor rates remaining below the Company's 2.8% fixed Libor rate under the interest rate swap agreement. This swap agreement was terminated on May 6, 2010 upon the completion of the Phase 1 refinancing. It has been replaced by a new swap agreement entered into on June 7, 2010 which will become effective on June 15, 2011.

Change in fair value of warrants

The change in fair value of warrants issued to Sageview Capital LP ("Sageview"), related to the 2010 Note, was a loss of $8.5 million for the fiscal year ended March 31, 2010. The change in fair value will change based on the volatility and closing stock price of the Company's Class A Common Stock. Until the shares underlying these warrants are registered with the SEC, the Company will continue to adjust the warrant liability each quarter to the then fair value.

Recent Accounting Pronouncements

In June 2009, the Financial Accounting Standards Board ("FASB") issued SFAS No. 167 "Amendments to FASB Interpretation No. 46(R)" ("SFAS 167") (which will be codified in ASC 810-10). Revisions to ASC 810-10 improves financial reporting by enterprises involved with variable interest entities and to address (1) the effects on certain provisions of FASB Interpretation No. 46 (revised December 2003), "Consolidation of Variable Interest Entities", as a result of the elimination of the qualifying special-purpose entity concept in SFAS 166 and (2) constituent concerns about the application of certain key provisions of Interpretation 46(R), including those in which the accounting and disclosures under the Interpretation do not always provide timely and useful information about an enterprise's involvement in a variable interest entity. Revisions to ASC 810-10 is effective as of the beginning of each reporting entity's first annual reporting period that begins after November 15, 2009, for interim periods within that first annual reporting period, and for interim and annual reporting periods thereafter. This is effective for the Company as of April 1, 2010. The Company does not expect the adoption of ASC 810-10 to have a material impact on the Company's consolidated financial statements.

In October 2009, the FASB issued ASU 2009-13, *Multiple-Deliverable Revenue Arrangements* ("ASU 2009-13"), which requires an entity to allocate consideration at the inception of an arrangement to all of its deliverables based on their relative selling prices. This consensus eliminates the use of the residual method of allocation and requires allocation using the relative-selling-price method in all circumstances in which an entity recognizes revenue for an arrangement with multiple deliverables. ASU 2009-13 is effective for fiscal years beginning on or after June 15, 2010. The Company will adopt ASU 2009-13 on April 1, 2011 and apply it prospectively. The Company does not expect the adoption of ASU 2009-13 to have a material impact on the Company's consolidated financial statements.

In October 2009, the FASB issued ASU No. 2009-14, "Software (Topic 985): Certain Revenue Arrangements That Include Software Elements (a consensus of the FASB Emerging Issues Task Force)" ("ASU 2009-14"). ASU 2009-14 amends ASC 985-605, "Software: Revenue Recognition," such that tangible products, containing both software and non-software components that function together to deliver the tangible product's essential functionality, are no longer within the scope of ASC 985-605. It also amends the determination of how arrangement consideration should be allocated to deliverables in a multiple-deliverable revenue arrangement. ASU 2009-14 will become effective for the Company for revenue arrangements entered into or materially modified on or after April 1, 2011. Earlier application is permitted with required transition disclosures based on the period of adoption. The Company does not expect the adoption of ASU 2009-14 will have a material impact on the Company's consolidated financial statements.

In January 2010, the FASB issued ASU No. 2010-06, "Improving Disclosures about Fair Value Measurements" ("ASU 2010-06"). ASU 2010-06 requires some new disclosures and clarifies some existing disclosure requirements about fair value measurements codified within ASC 820, "Fair Value Measurements and Disclosures." ASU 2010-06 is effective for interim and annual reporting periods beginning after December 15, 2009. The Company has adopted the requirements for disclosures about inputs and valuation techniques used to measure fair value. Additionally, these amended standards require presentation of disaggregated activity within the reconciliation for fair value measurements using significant unobservable inputs (Level 3) and is effective for fiscal years beginning after December 15, 2010, which will be effective for the Company as of April 1, 2011.

Liquidity and Capital Resources

We have incurred operating losses in each year since we commenced our operations. Since our inception, we have financed our operations substantially through the private placement of shares of our common and preferred stock, the issuance of promissory notes, our initial public offering and subsequent private and public offerings, notes payable and common stock used to fund various acquisitions.

Our business is primarily driven by the emerging digital cinema marketplace and the primary revenue driver will be the increasing number of digitally equipped screens. There are approximately 39,000 domestic (United States and Canada) movie theatre screens and approximately 107,000 screens worldwide. Approximately 7,500 of the domestic screens are equipped with digital cinema technology, and 4,060 of those screens contain our Systems and software. We anticipate the vast majority of the industry's screens to be converted to digital in the next 5-7 years, and we have announced plans to convert up to an additional 10,000 domestic screens to digital in our Phase II Deployment over a three year period starting October 2008, of which 336 Systems have been installed as of March 31, 2010. For those screens that are deployed by us, the primary revenue source will be VPFs, with the number of digital movies shown per screen, per year being the key factor for earnings, since the studios pay such fees on a per movie, per screen basis. For all new digital screens, whether or not deployed by us, the opportunity for other forms of revenue also increases. We may generate additional software license fee revenues (mainly from the TCC software which is used by exhibitors to aid in the operation of their systems), ACFs (such as concerts and sporting events) and fees from the delivery of content via satellite or hard drive. In all cases, the number of digitally-equipped screens in the marketplace is the primary determinant of our potential revenue streams, although the emerging presence of competitors for software and content distribution and delivery may limit this opportunity.

In August 2006, Phase 1 DC entered into a credit agreement (the "Credit Agreement") with GECC, as administrative agent and collateral agent for the lenders party thereto, and one or more lenders party thereto. Further borrowings are not permitted under the GE Credit Facility. The Credit Agreement contains certain restrictive covenants that restrict Phase 1 DC and its subsidiaries from making certain capital expenditures, incurring other indebtedness, engaging in a new line of business, selling certain assets, acquiring, consolidating with, or merging with or into

other companies and entering into transactions with affiliates. The GE Credit Facility is not guaranteed by the Company or its other subsidiaries, other than Phase 1 DC. As of March 31, 2010, the outstanding principal balance of the GE Credit Facility was $153.7 million at a weighted average interest rate of 10.7%.

In August 2007, Phase 1 DC received $9.6 million of vendor financing (the "Vendor Note") for equipment used in Phase 1 DC's deployment. The Vendor Note bears interest at 11% and may be prepaid without penalty. Interest is due semi-annually commencing February 2008 and is paid by Cinedigm. The balance of the Vendor Note, together with all unpaid interest is due on the maturity date of August 1, 2016. The Vendor Note is not guaranteed by the Company or its other subsidiaries, other than Phase 1 DC. As of March 31, 2010, the outstanding principal balance of the Vendor Note was $9.6 million.

In April 2008, Phase 1 DC executed the Interest Rate Swap with a counterparty for a notional amount of approximately 90% of the amounts outstanding under the GE Credit Facility or an initial amount of $180.0 million. Under the Interest Rate Swap, Phase 1 DC will effectively pay a fixed rate of 7.3%, to guard against Phase 1 DC's exposure to increases in the variable interest rate under the GE Credit Facility. GE Corporate Financial Services arranged the transaction, which took effect commencing August 1, 2008 as required by the GE Credit Facility and will remain in effect until August 2010. As principal repayments of the GE Credit Facility occur, the notional amount will decrease by a pro rata amount, such that approximately 90% of the remaining principal amount will be covered by the Interest Rate Swap at any time.

In May 2009, Phase 1 DC entered into the fourth amendment (the "GE Fourth Amendment") with respect to the GE Credit Facility to (1) increase the interest rate from 4.5% to 6% above the Eurodollar Base Rate; (2) set the Eurodollar Base Rate floor at 2.5%; (3) reduce the required amount to be reserved for the payment of interest from nine months of forward cash interest to a fixed $6.9 million, and permitted a one-time payment of $2.6 million to be made from Phase 1 DC to its parent Company, AccessDM; (4) increase the quarterly maximum consolidated leverage ratio covenants that Phase 1 DC is required to meet on a trailing 12 months basis; (5) increase the maximum consolidated senior leverage ratio covenants that Phase 1 DC is required to meet on a trailing 12 months basis; (6) reduce the quarterly minimum consolidated fixed charge coverage ratio covenants that Phase 1 DC is required to meet on a trailing 12 months basis and (7) add a covenant requiring Phase 1 DC to maintain a minimum unrestricted cash balance of $2.0 million at all times. All of the changes contained in the GE Fourth Amendment are effective as of May 4, 2009 except for the covenant changes in (4), (5) and (6) above, which were effective as of March 31, 2009. In connection with the GE Fourth Amendment, Phase 1 DC paid fees to GE and the other lenders totaling $1.0 million. At March 31, 2010, the Company was in compliance with all covenants contained in the GE Credit Facility, as amended and noted above.

In December 2008, Phase 2 B/AIX, an indirect wholly-owned subsidiary of the Company, entered into the KBC Facility to fund the purchase of Systems from Barco, to be installed in movie theatres as part of the Company's Phase II Deployment. As of March 31, 2010, $8.9 million has been drawn down on the KBC Facility and the outstanding principal balance of the KBC Facility was $8.6 million.

In August 2009, the Company entered into a securities purchase agreement (the "Purchase Agreement") with Sageview pursuant to which the Company agreed to issue the 2009 Note and warrants (the "Sageview Warrants") to purchase 16,000,000 shares of its Class A Common Stock (the "2009 Private Placement"). The net proceeds of the 2009 Private Placement of approximately $63.7 million will be used for the repayment of existing indebtedness of the Company and one of its subsidiaries, the funding of a cash reserve to pay the cash interest amount required under the 2009 Note for the first two years, the payment of fees and expenses incurred in connection with the 2009 Private Placement and related transactions, and other general corporate purposes. The 2009 Note was later amended and restated on May 6, 2010 (as so amended and restated, the "2010 Note"). The 2010 Note has a term of five years, which may be extended for up to one 12 month period at the discretion of the Company if certain conditions set forth in the 2010 Note are satisfied. Subject to certain adjustments set forth in the 2010 Note, interest on the 2010 Note is 8% per annum to be accrued as an increase in the aggregate principal amount of the 2010 Note ("PIK Interest") and 7% per annum paid in cash. The Company may prepay the 2010 Note (i) during the initial 18 months of their term, in an amount up to 20% of the original principal amount of the 2010 Note plus accrued and unpaid interest without penalty and (ii) following the second anniversary of issuance of the 2010 Note, subject to a prepayment penalty equal to 7.5% of the principal amount prepaid if the 2010 Note is prepaid prior to the three-year anniversary of its issuance, a prepayment penalty of 3.75% of the principal amount prepaid if the 2010 Note is

prepaid after such third anniversary but prior to the fourth anniversary of its issuance and without penalty if the 2010 Note is prepaid thereafter, plus cash in an amount equal to the accrued and unpaid interest amount with respect to the principal amount through and including the prepayment date. The Company is obligated to offer to redeem all or a portion of the 2010 Note upon the occurrence of certain triggering events described in the 2010 Note. Subject to limited exceptions, Sageview may not assign the 2010 Note until the earliest of (a) August 11, 2011, (b) the consummation of a change in control as defined in the 2010 Note or (c) an event of default as defined in the 2010 Note. The Purchase Agreement also requires the 2010 Note to be guaranteed by each of the Company's existing and future subsidiaries, other than AccessDM, Phase 1 DC and its subsidiaries and Phase 2 DC and its subsidiaries and subsidiaries formed after August 11, 2009 which are primarily engaged in the financing or deployment of digital cinema equipment (the "Guarantors"), and that the Company and each Guarantor pledge substantially all of their assets to secure payment on the 2010 Note, except that AccessDM and Phase 1 DC are not required to become Guarantors until such time as certain indebtedness is paid off. Accordingly, the Company and each of the Guarantors entered into a guarantee and collateral agreement (the "Guarantee and Collateral Agreement") pursuant to which each Guarantor guaranteed the obligations of the Company under the 2010 Note and the Company and each Guarantor pledged substantially all of their assets to secure such obligations. The Company also entered into a Registration Rights Agreement with Sageview (the "Registration Rights Agreement") pursuant to which it agreed to register the resale of the Sageview Warrants and the shares of Class A Common Stock underlying the Sageview Warrants. The Purchase Agreement, Note Purchase Agreement, 2010 Note, Sageview Warrants, Registration Rights Agreement and Guarantee and Collateral Agreement contain representations, warranties, covenants and events of default as are customary for transactions of this type and nature. As of March 31, 2010, the net balance of the 2009 Note was $69.5 million.

In August 2009, in connection with the 2009 Private Placement, Phase 1 DC entered into a fifth amendment (the "GE Fifth Amendment") with respect to the GE Credit Facility, whereby $5.0 million of the proceeds of the 2009 Private Placement were used by the Company to purchase capital stock of AccessDM, which in turn used such amount to purchase capital stock of Phase 1 DC, which in turn used such amount to fund a prepayment with respect to the GE Credit Facility, with such prepayment being applied ratably to each of the next 24 successive regularly scheduled monthly amortization payments due under the GE Credit Facility beginning in August 2009.

As of March 31, 2010, we had negative working capital, defined as current assets less current liabilities, of $1.4 million and cash and cash equivalents, investment securities and restricted cash totaling $24.2 million.

Operating activities provided net cash of $33.8 million and $9.9 million for the fiscal years ended March 31, 2009 and 2010, respectively. The decrease in cash provided by operating activities was primarily due to increased payments for accounts payable and accrued expenses and an increase in unbilled revenue coupled with greater amounts of non-cash expenses, specifically the gain from extinguishment of debt, offset by a decreased net loss. We expect operating activities to continue to be a positive source of cash.

Investing activities used net cash of $34.2 million and $19.4 million for the fiscal years ended March 31, 2009 and 2010, respectively. The decrease was due to reduced payments on Systems purchased and an increase in restricted cash related to the fourth amendment with respect to the GE Credit Facility offset by the purchase of available-for-sale investments related to the funds received from the 2010 Note. We expect investing activities to use less cash than prior periods moving forward at least until additional Systems for the Phase II Deployment are purchased and installed.

Financing activities used net cash of $13.4 million for the fiscal year ended March 31, 2009 and provided net cash of $2.7 million for the fiscal year ended March 31, 2010. The increase in cash provided was due to the proceeds from the 2010 Note and the proceeds from credit facilities for Systems for our Phase II Deployment offset by the repayment of the 2007 Senior Notes, increased principal repayments on the GE Credit Facility and debt issuance costs paid resulting from the GE Fourth Amendment and the 2010 Note. Financing activities are expected to continue using net cash, primarily for principal repayments on the GE Credit Facility and other existing debt facilities. Although we continue to seek new sources of financing and to refinance existing obligations, the terms of any such financing have not yet been determined.

The Company expects to deploy Phase II Systems using a combination of Cinedigm-financed screens and the Exhibitor-Buyer Structure. The method used to deploy systems will vary depending on the exhibitors' preference

and both the exhibitors' and Cinedigm's ability to finance Phase 2 Systems. The number of Systems ultimately deployed by each method cannot be predicted at this time.

We have contractual obligations that include long-term debt consisting of notes payable, credit facilities, non-cancelable long-term capital lease obligations for the Pavilion Theatre and other various computer related equipment, non-cancelable operating leases consisting of real estate leases and minimum guaranteed obligations under theatre advertising agreements with exhibitors for displaying cinema advertising.

The following table summarizes our significant contractual obligations as of March 31, 2010:

	Payments Due by Period				
Contractual Obligations ($ in thousands)	**Total**	**2011**	**2012 & 2013**	**2014 & 2015**	**Thereafter**
Long-term recourse debt (1)	$111,955	$185	$148	$111,622	$—
Long-term non-recourse debt (2)	173,301	26,508	66,343	67,925	12,525
Capital lease obligations	249	171	78	—	—
Debt-related obligations, principal	285,505	26,864	66,569	179,547	12,525
Interest on recourse debt (3)	28,676	5,710	12,901	10,065	—
Interest on non-recourse debt	40,857	13,952	20,261	4,953	1,691
Interest on capital leases	22	17	5	—	—
Total interest	69,555	19,679	33,167	15,018	1,691
Total debt-related obligations	$355,060	$46,543	$99,736	$194,565	$14,216
Operating lease obligations (4)	$6,319	$1,827	$2,368	$1,555	$569
Theatre agreements (5)	17,355	3,395	4,781	4,343	4,836
Obligations to be included in operating expenses	23,674	5,222	7,149	5,898	5,405
Purchase obligations (6)	1,814	1,814	—	—	—
Total	$380,548	$53,579	$106,885	$200,463	$19,621
Total non-recourse debt including interest	$214,158	$40,460	$86,604	$72,878	$14,216

(1) The 2010 Note is due August 2014, but may be extended for one 12 month period at the discretion of the Company to August 2015, if certain conditions set forth in the 2010 Note are satisfied. Includes interest of $32.7 million on the 2010 Note to be accrued as an increase in the aggregate principal amount of the 2010 Note ("PIK Interest").

(2) Non-recourse debt is generally defined as debt whereby the lenders' sole recourse with respect to defaults by the Company is limited to the value of the asset collateralized by the debt. The Vendor Note and the GE Credit Facility are not guaranteed by the Company or its other subsidiaries, other than Phase 1 DC and the KBC Facility is not guaranteed by the Company or its other subsidiaries, other than Phase 2 DC.

(3) Includes the remaining interest of approximately $7.9 million on the 2010 Note to be paid with the funding of a cash reserve established with proceeds from the 2009 Private Placement and excludes the PIK Interest on the 2010 Note.

(4) Includes the remaining operating lease agreements for the two IDCs now operated and paid for by FiberMedia, consisting of unrelated third parties, which total aggregates to $4.4 million. The Company will attempt to obtain landlord consents to assign each facility lease to FiberMedia. Until such landlord consents are obtained, the Company will remain as the lessee. In June 2009, one of the IDC leases expired, leaving two IDC leases with the Company as lessee. One of the remaining IDC leases expires in July 2010, which the Company does not intend to renew.

(5) Represents minimum guaranteed obligations under theatre advertising agreements with exhibitors for displaying cinema advertising.
(6) Includes $1.7 million for additional Phase II Systems to be purchased from Barco with funds from the increase in the non-recourse KBC Facility.

We expect to continue to generate net losses for the foreseeable future primarily due to depreciation and amortization, interest on funds advanced under the GE Credit Facility, interest on the 2010 Note, software development, marketing and promotional activities and the development of relationships with other businesses. Certain of these costs, including costs of software development and marketing and promotional activities, could be reduced if necessary. The restrictions imposed by the 2010 Note and the Credit Agreement may limit our ability to obtain financing, make it more difficult to satisfy our debt obligations or require us to dedicate a substantial portion of our cash flow to payments on our existing debt obligations, thereby reducing the availability of our cash flow to fund working capital, capital expenditures and other corporate requirements. We are seeking to raise additional capital for equipment requirements related to our Phase II Deployment or for working capital as necessary. Although we recently entered into certain agreements with studio and exhibitors related to the Phase II Deployment, there is no assurance that financing of additional Systems for the Phase II Deployment will be completed as contemplated or under terms acceptable to us or our existing stockholders. Failure to generate additional revenues, raise additional capital or manage discretionary spending could have a material adverse effect on our ability to continue as a going concern and to achieve our intended business objectives. The accompanying consolidated financial statements do not reflect any adjustments which may result from our inability to continue as a going concern.

Seasonality

Revenues derived from our Pavilion Theatre in our Other segment and our Phase I Deployment and Phase II Deployment segment revenues derived from the collection of VPFs from motion picture studios are seasonal, coinciding with the timing of releases of movies by the motion picture studios. Generally, motion picture studios release the most marketable movies during the summer and the holiday season. The unexpected emergence of a hit movie during other periods can alter the traditional trend. The timing of movie releases can have a significant effect on our results of operations, and the results of one quarter are not necessarily indicative of results for the next quarter or any other quarter. We believe the seasonality of motion picture exhibition, however, is becoming less pronounced as the motion picture studios are releasing movies somewhat more evenly throughout the year.

Subsequent Events

The Company has evaluated events and transactions for possible disclosure or recognition in the financial statements. The Company has determined that there were no such events or transactions that warrant disclosure or recognition in the financial statements except as noted below.

In April 2010, Imperial exercised the Imperial Warrants (see Note 7) under a cashless feature, and the Company issued 348,633 shares of Class A Common Stock.

In May 2010, Cinedigm Digital Funding I, LLC (“CDF I”), an indirectly wholly-owned, special purpose, non-recourse subsidiary of the Company, formed in April 2010, entered into a definitive credit agreement (the “2010 Credit Agreement”) with Société Générale, New York Branch, as co-administrative agent and paying agent for the lenders party thereto and certain other secured parties, and General Electric Capital Corporation (“GECC”), as co-administrative agent and collateral agent (the “Collateral Agent”) for the lenders party thereto and certain other secured parties, and the lenders party thereto. Pursuant to the 2010 Credit Agreement, CDF I borrowed term loans (the “2010 Term Loans”) in the principal amount of $172,500. These 2010 Term Loans are non-recourse to the Company. The proceeds of the 2010 Term Loans were used by CDF I to pay all costs, fees and expenses relating to the transaction and to pay $157,456 to Phase 1 DC, as part of the consideration for the acquisition by CDF I of all of the assets and liabilities of Phase 1 DC pursuant to a Sale and Contribution Agreement between CDF I and Phase 1 DC. Phase 1 DC acquired all of the outstanding membership interests in CDF I pursuant to this Sale and Contribution Agreement.

Phase 1 DC, in turn, repaid all of its outstanding obligations with respect to the GE Credit Facility and the Vendor Note (see Note 6), and its intercompany obligations owed to the Company. Certain proceeds of the 2010 Term

Loans in the amount of approximately $3.8 million were placed into a restricted cash account of the Company. The Company intends to use such funds to finance the purchase, acquisition or installation of satellite dishes, equipment or infrastructure, in order to support DMS, its digital cinema delivery business unit. In accordance with the terms of the GE Credit Facility, Phase 1 DC paid a prepayment penalty of approximately $1.1 million.

Under the 2010 Credit Agreement, each of the 2010 Term Loans will bear interest, at the option of CDF I and subject to certain conditions, based on the base rate (generally, the bank prime rate) plus a margin of 2.50% or the Eurodollar rate (subject to a floor of 1.75%), plus a margin of 3.50%. All collections and revenues of CDF I are deposited into a special blocked account, from which amounts are paid out on a monthly basis to pay certain operating expenses and principal, interest, fees, costs and expenses relating to the 2010 Credit Agreement according to certain designated priorities. On a quarterly basis, if funds remain after the payment of all such amounts, they will be applied to prepay the 2010 Term Loans. After certain conditions are met, CDF I may use up to 50% of the remaining funds to pay dividends or distributions to Phase 1 DC. The 2010 Term Loans mature and must be paid in full by April 29, 2016. In addition, CDF I may prepay the 2010 Term Loans, without premium or penalty, in whole or in part, subject to paying certain breakage costs, if applicable.

The 2010 Credit Agreement also requires each of CDF I's existing and future direct and indirect domestic subsidiaries (the "Guarantors") to guarantee, under a Guaranty and Security Agreement dated as of May 6, 2010 by and among CDF I, the Guarantors and the Collateral Agent (the "Guaranty and Security Agreement"), the obligations under the 2010 Credit Agreement, and all such obligations to be secured by a first priority perfected security interest in all of the collective assets of CDF I and the Guarantors, including real estate owned or leased, and all capital stock or other equity interests in Phase 1 DC, CDF I and CDF I's subsidiaries. In connection with the 2010 Credit Agreement, AccessDM the direct parent of Phase 1 DC, entered into a pledge agreement dated as of May 6, 2010 in favor of the Collateral Agent (the "ADM Pledge Agreement") pursuant to which AccessDM pledged to the Collateral Agent all of the outstanding shares of common stock of Phase 1 DC, and Phase 1 DC entered into a pledge agreement dated as of May 6, 2010 in favor of the Collateral Agent (the "Phase 1 DC Pledge Agreement") pursuant to which Phase 1 DC pledged to the Collateral Agent all of the outstanding membership interests of CDF I.

The 2010 Credit Agreement contains customary representations, warranties, affirmative covenants, negative covenants and events of default, as well as conditions to borrowings.

On May 6, 2010, the Company entered into an Amendment and Restatement Agreement between the Company and Sageview (the "Note Amendment") pursuant to which it amended and restated the 2009 Note previously issued to Sageview. The purpose of the Note Amendment was to, among other things, (i) require mandatory prepayments relating to certain servicing fees received by the Company, (ii) permit funds to be set aside to finance the purchase, acquisition or installation of satellite dishes, equipment and infrastructure, (iii) deposit certain additional funds into an existing interest reserve account and (iv) permit the transactions involving CDF I and Phase 1 DC described above to occur.

On May 26, 2010, Phase 2 B/AIX, a direct wholly-owned subsidiary of Phase 2 DC and an indirect wholly-owned subsidiary of the Company, entered into additional credit facilities with a bank to fund the purchase of Systems from an equipment vendor, for installation in movie theatres as part of the Company's Phase II Deployment. The additional facilities increase Phase 2 DC's borrowing capability from its existing credit facility to a total of approximately $47.0 million.

On June 2, 2010, one of the holders of the Preferred Warrants exercised their entire Preferred Warrant and the Company issued 700,000 shares of Class A Common Stock.

The 2010 Credit Agreement requires CDF I to enter into an interest rate hedging arrangement covering a certain minimum amount of the loans outstanding. In June 2010, CDF I entered into an interest rate swap with three counterparties (the "2010 Swap") under which CDF I exchanged its variable base rate for a fixed interest rate of 2.16%. The 2010 Swap does not become effective until June 2011, is for a notional amount of $100 million from June 2011 to June 2012, and $80 million from June 2012 to June 2013. After the expiration of the 2010 Swap in June 2013, CDF I would enter into a new hedging arrangement.

Off-balance sheet arrangements

We are not a party to any off-balance sheet arrangements, other than operating leases in the ordinary course of business, which is disclosed above in the table of our significant contractual obligations.

Impact of Inflation

The impact of inflation on our operations has not been significant to date. However, there can be no assurance that a high rate of inflation in the future would not have an adverse impact on our operating results.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and Stockholders
Cinedigm Digital Cinema Corp.

We have audited the accompanying consolidated balance sheets of Cinedigm Digital Cinema Corp. (the "Company") as of March 31, 2009 and 2010, and the related consolidated statements of operations, stockholders' equity and cash flows for the years then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. We were not engaged to perform an audit of the Company’s internal control over financial reporting as of March 31, 2010. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the consolidated financial position of the Company as of March 31, 2009 and 2010, and the consolidated results of its operations and its cash flows for the years then ended, in conformity with U.S. generally accepted accounting principles.

CINEDIGM DIGITAL CINEMA CORP.
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
For the years ended March 31, 2009 and 2010
($ in thousands, except for per share data)

1. NATURE OF OPERATIONS

Cinedigm Digital Cinema Corp. was incorporated in Delaware on March 31, 2000 ("Cinedigm", and collectively with its subsidiaries, the "Company"). On September 30, 2009, the Company's stockholders approved a change in the Company's name from Access Integrated Technologies, Inc. to Cinedigm Digital Cinema Corp., and such change was effected October 5, 2009.

The Company is a digital cinema services, specialty finance and content distribution company driving the conversion of the exhibition industry from film to digital technology. The Company provides technology solutions, financial services and advice, software services, electronic delivery and content distribution services to owners and distributors of digital content to movie theatres and other venues. Adjoined to this digital cinema conversion business is a series of business units designed to leverage the new business opportunities created by the transformation of movie theaters into networked entertainment centers. Cinedigm combines its infrastructure, technology and relationships to create a digital content origination, marketing, advertising and distribution business focused on alternative content and independent film. Historically, the conversion of an industry from analog to digital has created new revenue and growth opportunities as well as an opening for new players to emerge for capitalizing on this technological shift at the expense of incumbents.

Beginning September 1, 2009, the Company changed its organizational structure which impacted its reportable segments, but did not impact its consolidated financial position, results of operations or cash flows. The Company realigned its focus to five primary businesses as follows: the first digital cinema deployment ("Phase I Deployment"), the second digital cinema deployment ("Phase II Deployment"), services ("Services"), media content and entertainment ("Content & Entertainment") and other ("Other"). The Company's Phase I Deployment and Phase II Deployment segments are the non-recourse, financing vehicles and administrators for the Company's digital cinema equipment (the "Systems") installed in movie theatres nationwide. The Company's Services segment provides services and support to the Phase I Deployment and Phase II Deployment segments as well as to other third party customers. Included in these services are asset management services for a specified fee via service agreements with Phase I Deployment and Phase II Deployment; software license, maintenance and consulting services; and electronic content delivery services via satellite and hard drive to the motion picture industry. These services primarily facilitate the conversion from analog (film) to digital cinema and have positioned the Company at what it believes to be the forefront of a rapidly developing industry relating to the delivery and management of digital cinema and other content to theatres and other remote venues worldwide. The Company's Content & Entertainment segment provides content distribution services to alternative and theatrical content owners and to theatrical exhibitors and in-theatre advertising. The Company's Other segment provides information technology consulting and managed network monitoring services and hosting services and network access for other web hosting services ("Access Digital Server Assets"). In March 2010, the Company decided to realign our technical and financial resources and to discontinue our motion picture exhibition to the general public which was a separate unit previously reported in the Other segment. Overall, the Company's goal is to aid in the transformation of movie theatres to entertainment centers by providing a platform of hardware, software and content choices. Additional information related to the Company's reporting segments can be found in Note 10.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF PRESENTATION AND CONSOLIDATION

For the fiscal years ended March 31, 2009 and 2010, the Company incurred net losses of $37,368 and $29,508, respectively. For the fiscal years ended March 31, 2009 and 2010, the Company's operating activities provided cash of $33,818 and $9,948, respectively. The Company has an accumulated deficit of $168,018 as of March 31, 2010. The Company also has significant contractual obligations related to its recourse and non-recourse debt for fiscal year 2011 and beyond. Management expects that the Company will continue to generate net losses for the foreseeable

future. Based on the Company's cash position at March 31, 2010, and expected cash flows from operations, management believes that the Company has the ability to meet its obligations through March 31, 2011. In August 2009, the Company entered into a private placement of a senior secured recourse note and extinguished its existing senior notes, which provided net proceeds after repayment of existing debt, funding of an interest reserve and transactions fees and expenses of approximately $11,300 of working capital funding. The Company has signed commitment letters for additional non-recourse debt capital, primarily to meet equipment requirements related to the Company's Phase II Deployment, there is no assurance that financing for the Phase II Deployment will be completed as contemplated or under terms acceptable to the Company or its existing stockholders. Failure to generate additional revenues, raise additional capital or manage discretionary spending could have a material adverse effect on the Company's ability to continue as a going concern. The accompanying audited consolidated financial statements do not reflect any adjustments which may result from the Company's inability to continue as a going concern. Subsequent to March 31, 2010, the Company entered into two new financings (see Note 15).

The Company's consolidated financial statements include the accounts of Cinedigm, Access Digital Media, Inc. ("AccessDM"), Hollywood Software, Inc. d/b/a Cinedigm Software ("Software"), Core Technology Services, Inc. ("Managed Services"), FiberSat Global Services, Inc. d/b/a Cinedigm Satellite and Support Services ("Satellite"), ADM Cinema Corporation ("ADM Cinema") d/b/a the Pavilion Theatre (the "Pavilion Theatre"), Christie/AIX, Inc. d/b/a Cinedigm Digital Cinema ("Phase 1 DC"), PLX Acquisition Corp., UniqueScreen Media, Inc. ("USM"), Vistachiara Productions, Inc. f/k/a The Bigger Picture, currently d/b/a Cinedigm Content and Entertainment Group ("CEG"), Access Digital Cinema Phase 2 Corp. ("Phase 2 DC") and Access Digital Cinema Phase 2 B/AIX Corp. ("Phase 2 B/AIX"). AccessDM and Satellite are together referred to as the Digital Media Services Division ("DMS"). All intercompany transactions and balances have been eliminated.

RECLASSIFICATION

The March 31, 2009 consolidated balance sheets were reclassified to break out the recourse and non-recourse notes payable and the restricted cash related to an interest reserve to conform to the current period presentation. The March 31, 2009 consolidated statement of operations were reclassified to present the results of the Pavilion Theatre as held for sale and discontinued operations for all periods presented.

USE OF ESTIMATES

The preparation of consolidated financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the consolidated financial statements and accompanying notes. The Company's most significant estimates relate to software revenue recognition, capitalization of software development costs, amortization and impairment testing of goodwill and intangible assets, depreciation and recoverability of property and equipment and the valuation of deferred tax assets. The Company bases its estimates on historical experience and on various other assumptions that the Company believes to be reasonable under the circumstances, the results of which form the basis for making judgments about the carrying values of assets and liabilities that are not readily apparent from other sources. Actual results could differ from these estimates under different assumptions or conditions.

CASH AND CASH EQUIVALENTS

The Company considers all highly liquid investments with an original maturity of three months or less to be "cash equivalents." The carrying amount of the Company's cash equivalents approximates fair value due to the short maturities of these investments and consists primarily of money market funds and other overnight investments. The Company maintains bank accounts with major banks, which from time to time may exceed the Federal Deposit Insurance Corporation's ("FDIC") insured limits. The Company periodically assesses the financial condition of the institutions and believes that the risk of any loss is minimal.

ADVERTISING

Advertising costs are expensed as incurred and are included in selling, general and administrative expenses. The Company charged $773 and $811 to advertising expense for the fiscal years ended March 31, 2009 and 2010, respectively.

RESTRICTED AVAILABLE-FOR-SALE INVESTMENTS

In connection with the $75,000 Senior Secured Note issued in August 2009 (see Note 6), the Company was required to segregate $11,265 of the proceeds into marketable securities which will be used to pay interest over the next two years. The Company classifies the marketable securities as available-for-sale investments and accordingly, these investments are recorded at fair value. The maturity dates of these investments coincide with the quarterly interest payment dates through September 2011. The unrealized gains and losses of these investments are recorded in accumulated other comprehensive loss in the consolidated financial statements. Realized gains and losses are recorded in earnings when securities mature or are redeemed. During the fiscal year ended March 31, 2010, there were realized losses of $32.

The Company held no available-for-sale investments at March 31, 2009. During the fiscal year ended March 31, 2010, the Company has made scheduled quarterly interest payments of $3,395. Available-for-sale investments of $5,927 with a maturity of twelve months or less are classified as short-term and available-for-sale investments of $2,004 with a maturity greater than twelve months are classified as long-term.

The carrying value and fair value of available-for-sale investment securities at March 31, 2010 were as follows:

	Amortized Cost	Gross Unrealized Gains	Gross Unrealized Losses	Fair Value
U.S. Treasury securities	$2,709	$1	$(29)	$2,681
Obligations of U.S. government agencies and FDIC guaranteed bank debt	4,395	—	(36)	4,359
Corporate debt securities	506	—	(1)	505
Other interest bearing securities	388	—	(2)	386
	$7,998	$1	$(68)	$7,931

DEFERRED COSTS

Deferred costs primarily consist of the unamortized debt issuance costs related to the credit facility with General Electric Capital Corporation ("GECC"), the $55,000 of 10% Senior Notes issued in August 2007 up to August 2009 and the $75,000 Senior Secured Note issued in August 2009 (see Note 6), which are amortized on a straight-line basis over the term of the respective debt. The straight-line basis is not materially different from the effective interest method. Other deferred costs are advertising production, post production and technical support costs related to developing and displaying advertising in the amount of $804, which are capitalized and amortized on a straight-line basis over the same period as the related cinema advertising revenues of $4,728 are recognized.

PROPERTY AND EQUIPMENT

Property and equipment are stated at cost, less accumulated depreciation and amortization. Depreciation expense is recorded using the straight-line method over the estimated useful lives of the respective assets as follows:

Computer equipment	3-5 years
Digital cinema projection systems	10 years
Other projection system equipment	5 years
Machinery and equipment	3-10 years
Furniture and fixtures	3-6 years
Vehicles	5 years

Leasehold improvements are amortized over the shorter of the lease term or the estimated useful life of the leasehold improvements. Maintenance and repair costs are charged to expense as incurred. Major renewals, improvements and additions are capitalized. Upon the sale or other disposition of any property and equipment, the cost and related

accumulated depreciation and amortization are removed from the accounts and the gain or loss on disposal is included in the statement of operations.

ACCOUNTING FOR DERIVATIVES

In April 2008, the Company executed an interest rate swap agreement (the "Interest Rate Swap") to limit the Company's exposure to changes in interest rates. Derivative financial instruments are recorded at fair value. Changes in fair value of derivative financial instruments are either recognized in accumulated other comprehensive income (a component of stockholders' equity) or in the consolidated statement of operations depending on whether the derivative is being used to hedge changes in cash flows or fair value. The Company has determined that this is not a hedging transaction and changes in the value of its Interest Rate Swap were recorded in the consolidated statements of operations (see Note 6).

FAIR VALUE MEASUREMENTS

The Company applies fair value accounting for all financial assets and liabilities that are recognized or disclosed at fair value in the consolidated financial statements. The Company's financial assets and liabilities consist primarily of notes receivable, debt and an interest rate swap. Beginning April 1, 2009, the Company applied fair value accounting to its non-financial assets and liabilities. The Company's non-financial assets and liabilities consist principally of goodwill (for its annual impairment test). Applying fair value accounting to non-financial assets and liabilities did not have a material effect on the consolidated financial statements.

The Company utilizes valuation techniques that maximize the use of observable inputs (levels 1 and 2) and minimize the use of unobservable inputs (level 3) within the fair value hierarchy established by the Financial Accounting Standards Board ("FASB"). This hierarchy prioritizes the inputs to valuation techniques used to measure fair value into the following three levels:

- Level 1 – quoted prices in active markets for identical assets or liabilities
- Level 2 – other observable inputs other than Level 1 (including quoted prices for similar assets and liabilities, market corroborated inputs, non-binding market consensus prices that can be corroborated with observable market rpices)
- Level 3 –unobservable inputs (including the Company's own assumptions in determining the fair value of assets and liabilities)

Assets and liabilities measured at fair value on a recurring basis generally use the market approach, where prices and other relevant information are generated by market transactions involving identical or comparable assets or liabilities. Assets and liabilities are classified within the fair value hierarchy based on the lowest level (least observable) input that is significant to the measurement in its entirety.

The following table summarizes the levels of fair value measurements of the Company's financial assets and liabilities:

	As of March 31, 2010		
	Level 1	Level 2	Level 3
Cash and cash equivalents	$9,094	$—	$—
Investment securities, available-for-sale	$153	$7,778	$—
Restricted cash	$7,168	$—	$—
Interest rate swap	$—	$(1,535)	$—

FAIR VALUE OF FINANCIAL INSTRUMENTS

The Company's cash and cash equivalents, accounts receivable, unbilled revenue and accounts payable and accrued expenses are financial instruments and are recorded at cost in the consolidated balance sheets. The estimated fair values of these financial instruments approximate their carrying amounts because of their short-term nature. The carrying amount of notes receivable approximates the fair value based on the discounted cash flows of that instrument using current assumptions at the balance sheet date. At March 31, 2010, the estimated fair value of the Company's fixed rate debt was $88,079, compared to a carrying amount of $89,426. At March 31, 2010 the estimated fair value of the Company's variable rate debt was $141,503, compared to a carrying amount of $153,729. The fair value of fixed rate and variable rate debt is estimated by management based upon current interest rates available to the Company at the respective balance sheet date for arrangements with similar terms and conditions. Based on borrowing rates currently available to the Company for loans with similar terms, the carrying value of notes payable and capital lease obligations approximates fair value.

CONCENTRATIONS OF CREDIT RISK

The Company's customer base is primarily composed of businesses throughout the United States. The Company routinely assesses the financial strength of its customers and the status of its accounts receivable and, based upon factors surrounding the credit risk, establishes an allowance, if required, for uncollectible accounts and, as a result, believes that its accounts receivable credit risk exposure beyond such allowance is limited.

The Company determines its allowance by considering a number of factors, including the length of time such receivables are past due, the Company's previous loss history, and the customer's current ability to pay its obligation to the Company. The Company writes off receivables when all collection efforts have been exhausted.

CONCENTRATIONS OF SUPPLIER RISK

The Company currently purchases Systems from a limited number of suppliers. The inability to obtain certain components on a timely basis would limit the Company's ability to complete installation of such Systems in a timely manner and could affect the amount of future revenues.

IMPAIRMENT OF LONG-LIVED ASSETS

The Company reviews the recoverability of its long-lived assets when events or conditions exist that indicate a possible impairment exists. The assessment for recoverability is based primarily on the Company's ability to recover the carrying value of its long-lived assets from expected future undiscounted net cash flows. If the total of expected future undiscounted net cash flows is less than the total carrying value of the assets the asset is deemed not to be recoverable and possibly impaired. The Company then estimates the fair value of the asset to determine whether an impairment loss should be recognized. An impairment loss will be recognized if the difference between the fair value and the carrying value of the asset exceeds its fair value. Fair value is determined by computing the expected future discounted cash flows. No impairment charge was recorded for the fiscal years ended March 31, 2009 and 2010, respectively.

GOODWILL AND INTANGIBLE ASSETS

The Company reviews goodwill for impairment annually and in interim periods if certain events occur indicating that the carrying value of goodwill may be impaired.

As of March 31, 2010, the Company's finite-lived intangible assets consisted of customer relationships and agreements, theatre relationships, covenants not to compete, trade names and trademarks and Federal Communications Commission licenses (for satellite transmission services), which are estimated to have useful lives ranging from two to ten years. At March 31, 2009 and 2010, no impairment charge was recorded for intangible assets.

The Company's process of evaluating goodwill for impairment involves the determination of fair value of its four goodwill reporting units: Software, The Pavilion Theatre, USM and CEG. The Company normally conducts its

annual goodwill impairment analysis during the fourth quarter of each fiscal year, measured as of March 31, unless triggering events occur which require goodwill to be tested as of an interim date.

Inherent in the fair value determination for each reporting unit are certain judgments and estimates relating to future cash flows, including management's interpretation of current economic indicators and market conditions, and assumptions about the Company's strategic plans with regard to its operations. To the extent additional information arises, market conditions change or the Company's strategies change, it is possible that the conclusion regarding whether the Company's remaining goodwill is impaired could change and result in future goodwill impairment charges that will have a material effect on the Company's consolidated financial position or results of operations.

The discounted cash flow methodology establishes fair value by estimating the present value of the projected future cash flows to be generated from the reporting unit. The discount rate applied to the projected future cash flows to arrive at the present value is intended to reflect all risks of ownership and the associated risks of realizing the stream of projected future cash flows. The discounted cash flow methodology uses our projections of financial performance for a five-year period. The most significant assumptions used in the discounted cash flow methodology are the discount rate, the terminal value and expected future revenues and gross margins, which vary among reporting units. The discount rates utilized were 16.0% - 27.5% based on the estimated market participant weighted average cost of capital ("WACC") for each unit. The market participant based WACC for each unit gives consideration to factors including, but not limited to, capital structure, historic and projected financial performance, and size.

The market multiple methodology establishes fair value by comparing the reporting unit to other companies that are similar, from an operational or industry standpoint and considers the risk characteristics in order to determine the risk profile relative to the comparable companies as a group. The most significant assumptions are the market multiplies and the control premium. The Company has elected not to apply a control premium to the fair value conclusions for the purposes of impairment testing.

The Company then assigns a weighting to the discounted cash flows and market multiple methodologies to derive the fair value of the reporting unit. The income approach is weighted 60% to 70% and the market approach is weighted 40% to 30% to derive the fair value of the reporting unit. The weightings are evaluated each time a goodwill impairment assessment is performed and give consideration to the relative reliability of each approach at that time.

Based on the results of our impairment evaluation, the Company recorded an impairment charge of $4,565 during the fiscal year ended March 31, 2009 related to our Content and Entertainment segment and $1,960 in discontinued operations related to the Pavilion Theatre.

Information related to the segments of the Company and its subsidiaries regarding goodwill is detailed below:

	Phase I	Phase II	Services	Content & Entertainment	Other	Corporate	Consolidated
Balance as of March 31, 2008	$—	$—	$4,306	$6,133	$4,110	$—	$14,549
Impairment charge associated with the Pavilion Theatre	—	—	—	—	(1,960)	—	(1,960)
Impairment charge associated with USM	—	—	—	(4,401)	—	—	(4,401)
Impairment charge associated with CEG	—	—	—	(164)	—	—	(164)
Reclassification of goodwill to assets held for sale	—	—	—	—	(1,763)	—	(1,763)
Balance as of March 31, 2009 and 2010	$—	$—	$4,306	$1,568	$387	$—	$6,261

The impairment charges were recorded following a period of decline in the Company's market capitalization and overall negative economic conditions during the fiscal year ended March 31, 2009. Declines were noted in the market valuations of designated peer group companies of each of the above reporting units and were a significant factor in the resulting impairment charges. The impairment charge recorded to the USM reporting unit was further impacted by a recent downturn in in-theatre advertising sales due to deterioration in overall economic conditions and a resulting reduction in the forecasted discounted cash flows. The impairment charge recorded for the Pavilion Theatre reporting unit was impacted by revised revenue estimates to better align its forecasted operations due to current recessionary trends and its current business model within the Company. Also, CEG's near term forecasts were revised to reflect what is anticipated to be a competitive landscape for the provision of alternative content, however offset by expected rapid digital screen count growth and alternative content availability. The impairment tests did not reveal any impairment noted in the remaining goodwill reporting units, primarily Software, due to historical and expected sales of software products to the theatrical market, primarily to support the digital cinema rollout.

At March 31, 2010, no impairment charge was recorded for goodwill.

CAPITALIZED SOFTWARE DEVELOPMENT COSTS

Internal Use Software

The Company accounts for internal use software development costs based on three distinct stages. The first stage, the preliminary project stage, includes the conceptual formulation, design and testing of alternatives. The second stage, or the program instruction phase, includes the development of the detailed functional specifications, coding and testing. The final stage, the implementation stage, includes the activities associated with placing a software project into service. All activities included within the preliminary project stage are considered research and development and expensed as incurred. During the program instruction phase, all costs incurred until the software is substantially complete and ready for use, including all necessary testing, are capitalized, Capitalized costs are amortized when the software is ready for its intended use on a straight-line basis over estimated lives ranging from three to five years.

Software to be Sold, Licensed or Otherwise Marketed

Software development costs that are incurred subsequent to establishing technological feasibility, when it is determined that the software can be produced to meet its design specifications, are capitalized until the product is available for general release. Amounts capitalized as software development costs are amortized using the greater of revenues during the period compared to the total estimated revenues to be earned or on a straight-line basis over estimated lives ranging from three to five years. The Company reviews capitalized software costs for impairment on a periodic basis with long-lived assets. Amortization of capitalized software development costs, included in direct operating costs, for the fiscal years ended March 31, 2009 and 2010 amounted to $677 and $659, respectively.

REVENUE RECOGNITION

Phase I Deployment and Phase II Deployment

Virtual print fees ("VPFs") are earned pursuant to contracts with movie studios and distributors, whereby amounts are payable to Phase 1 DC and to Phase 2 DC, when movies distributed by the studio are displayed on screens utilizing the Company's Systems installed in movie theatres. VPFs are earned and payable to Phase 1 DC based on a defined fee schedule with a reduced VPF rate year over year until the sixth year (calendar 2011) at which point the VPF rate remains unchanged through the tenth year. One VPF is payable for every movie title displayed per System. The amount of VPF revenue is dependent on the number of movie titles released and displayed using the Systems in any given accounting period. VPF revenue is recognized in the period in which the movie first opens for general audience viewing in a digitally-equipped movie theatre, as Phase 1 DC's and Phase 2 DC's performance obligations have been substantially met at that time.

Phase 2 DC's agreements with distributors require the payment of VPFs, according to a defined fee schedule, for ten years from the date each system is installed; however, Phase 2 DC may no longer collect VPFs once "cost recoupment," as defined in the agreements, is achieved. Cost recoupment will occur once the cumulative VPFs and other cash receipts collected by Phase 2 DC have equaled the total of all cash outflows, including the purchase price of all Systems, all financing costs, all "overhead and ongoing costs", as defined, and including the Company's service fees, subject to maximum agreed upon amounts during the three-year rollout period and thereafter, plus a compounded return on any billed but unpaid overhead and ongoing costs, of 15% per year. Further, if cost recoupment occurs before the end of the eighth contract year, a one-time "cost recoupment bonus" is payable by the studios to the Company. Any other cash flows, net of expenses, received by Phase 2 DC following the achievement of cost recoupment are required to be returned to the distributors on a pro-rata basis. At this time, the Company cannot estimate the timing or probability of the achievement of cost recoupment.

Alternative content fees ("ACFs") are earned pursuant to contracts with movie exhibitors, whereby amounts are payable to Phase 1 DC and to Phase 2 DC, generally as a percentage of the applicable box office revenue derived from the exhibitor's showing of content other than feature films, such as concerts and sporting events (typically referred to as "alternative content"). ACF revenue is recognized in the period in which the alternative content opens for audience viewing.

Services

For software multi-element licensing arrangements that do not require significant production, modification or customization of the licensed software, revenue is recognized for the various elements as follows: revenue for the licensed software element is recognized upon delivery and acceptance of the licensed software product, as that represents the culmination of the earnings process and the Company has no further obligations to the customer, relative to the software license. Revenue earned from consulting services is recognized upon the performance and completion of these services. Revenue earned from annual software maintenance is recognized ratably over the maintenance term (typically one year).

Revenue is deferred in cases where: (1) a portion or the entire contract amount cannot be recognized as revenue, due to non-delivery or pre-acceptance of licensed software or custom programming, (2) uncompleted implementation of application service provider arrangements ("ASP Service"), or (3) unexpired pro-rata periods of maintenance, minimum ASP Service fees or website subscription fees. As license fees, maintenance fees, minimum

ASP Service fees and website subscription fees are often paid in advance, a portion of this revenue is deferred until the contract ends. Such amounts are classified as deferred revenue and are recognized as earned revenue in accordance with the Company's revenue recognition policies described above.

Revenues from the delivery of data via satellite and hard drive are recognized upon delivery, as DMS' performance obligations have been substantially met at that time.

Exhibitors who will purchase and own Systems using their own financing will pay an upfront activation fee of $2 per screen to the Company (the "Exhibitor-Buyer Structure"). These upfront activation fees are recognized in the period in which these exhibitor owned Systems are ready for content, as the Company has no further obligations to the customer. The Company will then manage the billing and collection of VPFs and will remit all VPFs collected to the exhibitors, less an administrative fee that will approximate 10% of the VPFs collected. This administrative fee is recognized in the period in which the billing of VPFs occurs, as performance obligations have been substantially met at that time. The Company does not recognize VPF revenue within Services.

Content & Entertainment

USM has contracts with exhibitors to display pre-show advertisements on their screens, in exchange for certain fees paid to the exhibitors. USM then contracts with businesses of various types to place their advertisements in select theatre locations, designs the advertisement, and places it on-screen for specific periods of time, generally ranging from three to twelve months. Cinema advertising service revenue, and the associated direct selling, production and support cost, is recognized on a straight-line basis over the period the related in-theatre advertising is displayed, pursuant to the specific terms of each advertising contract. USM has the right to receive or bill the entire amount of the advertising contract upon execution, and therefore such amount is recorded as a receivable at the time of execution, and all related advertising revenue and all direct costs actually incurred are deferred until such time as the in-theatre advertising is displayed.

The right to sell and display such advertising, or other in-theatre programs, products and services, is based upon advertising contracts with exhibitors which stipulate payment terms to such exhibitors for this right. Payment terms generally consist of fixed annual payments or annual minimum guarantee payments, plus a revenue share of the excess of a percentage of advertising revenue over the minimum guarantee, if any. The Company recognizes the cost of fixed and minimum guarantee payments on a straight-line basis over each advertising contract year, and the revenue share cost, if any, in accordance with the terms of the advertising contract.

Barter advertising revenue is recognized for the fair value of the advertising time surrendered in exchange for alternative content. The Company includes the value of such exchanges in both Content & Entertainment's net revenues and direct operating costs. There may be a timing difference between the screening of alternative content and the screening of the underlying advertising used to acquire the content. The acquisition cost is being recorded and recognized as a direct operating cost by CEG when the alternative content is screened, and the underlying advertising is being deferred and recognized as revenue ratably over the period such advertising is screened by USM. For the fiscal years ended March 31, 2009 and 2010, the Company recorded net revenues and direct operating costs related to barter advertising of $1,577 and $1,250, respectively.

CEG has contracts for the theatrical distribution of third party feature films and alternative content. CEG's distribution fee revenue is recognized at the time a feature film and alternative content is viewed, based on CEG's participation in box office receipts. CEG has the right to receive or bill a portion of the theatrical distribution fee in advance of the exhibition date, and therefore such amount is recorded as a receivable at the time of execution, and all related distribution revenue is deferred until the third party feature films' or alternative content's theatrical release date.

Other

Managed Services' revenues, which consist of monthly recurring billings pursuant to network monitoring and maintenance contracts, are recognized as revenues in the period the services are provided, and other non-recurring billings are recognized on a time and materials basis as revenues in the period in which the services were provided.

Other revenues, attributable to the Access Digital Server Assets, which consist of monthly recurring billings for hosting and network access fees, are recognized as revenues in the period the services are provided.

Since May 1, 2007, the Company's three internet data centers ("IDCs") have been operated by FiberMedia AIT, LLC and Telesource Group, Inc. (together, "FiberMedia"), unrelated third parties, pursuant to a master collocation agreement. Although the Company is still the lessee of the IDCs, substantially all of the revenues and expenses were being realized by FiberMedia and not the Company and since May 1, 2008, 100% of the revenues and expenses are being realized by FiberMedia. In June 2009, one of the IDC leases expired, leaving two IDC leases with the Company as lessee.

Discontinued Operations

Movie theatre admission and concession revenues are generated at the Company's nine-screen digital movie theatre, the Pavilion Theatre. Movie theatre admission revenues are recognized on the date of sale, as the related movie is viewed on that date and the Company's performance obligation is met at that time. Concession revenues consist of food and beverage sales and are also recognized on the date of sale.

DIRECT OPERATING COSTS

Direct operating costs consist of facility operating costs such as rent, utilities, real estate taxes, repairs and maintenance, insurance and other related expenses, direct personnel costs, amortization of capitalized software development costs, exhibitors payments for displaying cinema advertising and other deferred expenses, such as advertising production, post production and technical support related to developing and displaying advertising.

STOCK-BASED COMPENSATION

For the fiscal years ended March 31, 2009 and 2010, the Company recorded stock-based compensation expense from continuing operations of $943 and $1,479, respectively. The Company estimates that the stock-based compensation expense related to current outstanding stock options, using a Black-Scholes option valuation model, and current outstanding restricted stock awards will be approximately $1,400 in fiscal 2011.

The weighted-average grant-date fair value of options granted during the fiscal years ended March 31, 2009 and 2010 was $0.58 and $0.71. There were no stock options exercised during the fiscal years ended March 31, 2009 and 2010.

The Company estimated the fair value of stock options at the date of each grant using a Black-Scholes option valuation model with the following assumptions:

	As of March 31,	
Assumptions for Option Grants	**2009**	**2010**
Range of risk-free interest rates	2.7 – 4.4 %	2.3 – 2.7 %
Dividend yield	—	—
Expected life (years)	5	5
Range of expected volatilities	52.6 – 58.7 %	77.1 – 77.6 %

The risk-free interest rate used in the Black-Scholes option valuation model for options granted under the Company's stock option plan awards is the historical yield on U.S. Treasury securities with equivalent remaining lives. The Company does not currently anticipate paying any cash dividends on common stock in the foreseeable future. Consequently, an expected dividend yield of zero is used in the Black-Scholes option valuation model. The Company estimates the expected life of options granted under the Company's stock option plans using both exercise behavior and post-vesting termination behavior, as well as consideration of outstanding options. The Company estimates expected volatility for options granted under the Company's stock option plans based on a measure of historical volatility in the trading market for the Company's common stock.

INCOME TAXES

Income taxes have been provided for under the liability method. Deferred tax assets and liabilities are determined based on the difference between the financial statement and the tax basis of assets and liabilities as measured by the enacted rates which will be in effect when the differences reverse. The Company provides a full valuation allowance against net deferred tax assets if, based upon the available evidence, it is more likely than not that the deferred tax asset will not be realized.

The Company recognizes a tax benefit from uncertain positions only if it is more likely than not that the position is sustainable, based solely on its technical merits and consideration of the relevant taxing authorities' widely understood administrative practices and precedents. The tax benefits recognized from such positions are measured based on the largest benefit that has a greater than 50% likelihood of being realized upon settlement. At March 31, 2009 and 2010, the Company did not recognize any tax benefits from uncertain tax positions.

NET LOSS PER SHARE ATTRIBUTABLE TO COMMON STOCKHOLDERS

Basic and diluted net loss per common share has been calculated as follows:

$$\text{Basic and diluted net loss per common share} = \frac{\text{Net loss – preferred dividends}}{\text{Weighted average number of Common Stock outstanding during the period}}$$

Shares issued and any shares that are reacquired during the period are weighted for the portion of the period that they are outstanding.

The Company incurred net losses for each of the fiscal years ended March 31, 2009 and 2010 and, therefore, the impact of dilutive potential common shares from outstanding stock options, warrants, restricted stock, and restricted stock units, totaling 5,714,261 shares and 24,353,517 shares as of March 31, 2009 and 2010, respectively, were excluded from the computation as it would be anti-dilutive.

RECENT ACCOUNTING PRONOUNCEMENTS

In June 2009, the FASB issued SFAS No. 167 "Amendments to FASB Interpretation No. 46(R)" ("SFAS 167") (which will be codified in ASC 810-10). Revisions to ASC 810-10 improves financial reporting by enterprises involved with variable interest entities and to address (1) the effects on certain provisions of FASB Interpretation No. 46 (revised December 2003), "Consolidation of Variable Interest Entities", as a result of the elimination of the qualifying special-purpose entity concept in SFAS 166 and (2) constituent concerns about the application of certain key provisions of Interpretation 46(R), including those in which the accounting and disclosures under the Interpretation do not always provide timely and useful information about an enterprise's involvement in a variable interest entity. Revisions to ASC 810-10 is effective as of the beginning of each reporting entity's first annual reporting period that begins after November 15, 2009, for interim periods within that first annual reporting period, and for interim and annual reporting periods thereafter. This is effective for the Company as of April 1, 2010. The Company does not expect the adoption of ASC 810-10 to have a material impact on the Company's consolidated financial statements.

In October 2009, the FASB issued ASU 2009-13, *Multiple-Deliverable Revenue Arrangements* ("ASU 2009-13"), which requires an entity to allocate consideration at the inception of an arrangement to all of its deliverables based on their relative selling prices. This consensus eliminates the use of the residual method of allocation and requires allocation using the relative-selling-price method in all circumstances in which an entity recognizes revenue for an arrangement with multiple deliverables. ASU 2009-13 is effective for fiscal years beginning on or after June 15, 2010. The Company will adopt ASU 2009-13 on April 1, 2011 and apply it prospectively. The Company does not expect the adoption of ASU 2009-13 to have a material impact on the Company's consolidated financial statements.

In October 2009, the FASB issued ASU No. 2009-14, "Software (Topic 985): Certain Revenue Arrangements That Include Software Elements (a consensus of the FASB Emerging Issues Task Force)" ("ASU 2009-14"). ASU 2009-

14 amends ASC 985-605, "Software: Revenue Recognition," such that tangible products, containing both software and non-software components that function together to deliver the tangible product's essential functionality, are no longer within the scope of ASC 985-605. It also amends the determination of how arrangement consideration should be allocated to deliverables in a multiple-deliverable revenue arrangement. ASU 2009-14 will become effective for the Company for revenue arrangements entered into or materially modified on or after April 1, 2011. Earlier application is permitted with required transition disclosures based on the period of adoption. The Company does not expect the adoption of ASU 2009-14 will have a material impact on the Company's consolidated financial statements.

In January 2010, the FASB issued ASU No. 2010-06, "Improving Disclosures about Fair Value Measurements" ("ASU 2010-06"). ASU 2010-06 requires some new disclosures and clarifies some existing disclosure requirements about fair value measurements codified within ASC 820, "Fair Value Measurements and Disclosures." ASU 2010-06 is effective for interim and annual reporting periods beginning after December 15, 2009. The Company has adopted the requirements for disclosures about inputs and valuation techniques used to measure fair value. Additionally, these amended standards require presentation of disaggregated activity within the reconciliation for fair value measurements using significant unobservable inputs (Level 3) and is effective for fiscal years beginning after December 15, 2010, which will be effective for the Company as of April 1, 2011.

3. ASSETS HELD FOR SALE AND DISCONTINUED OPERATIONS

The results of the Pavilion Theatre have been reported as discontinued operations for all periods presented. The loss from discontinued operations were as follows:

	As of March 31,	
	2009	2010
Revenues	$ 5,548	$ 5,700
Costs and expenses:		
Direct operating (exclusive of depreciation and amortization shown below)	4,248	4,438
Selling, general and administrative	252	195
Stock-based compensation	2	2
Impairment of goodwill	1,960	—
Depreciation and amortization of property and equipment	515	496
Total operating expenses	6,977	5,131
(Loss) income from discontinued operations before other expense	(1,429)	569
Interest income	1	—
Interest expense	(1,039)	(1,021)
Other expense, net	(1)	(46)
Loss from discontinued operations	$ (2,468)	$ (498)

In accordance with ASC 360-10-35, any subsequent operating losses or changes in the values of assets or liabilities will be reflected as incurred.

The assets and liabilities of held for sale assets were comprised of the following:

	As of March 31,	
	2009	2010
Accounts receivable, net	$ 38	$ 103
Prepaid expenses and other current assets	228	229
Security deposits	39	39
Property and equipment, net	5,588	5,121
Goodwill	1,763	1,763
Assets held for sale	$ 7,656	$ 7,255
Accounts payable and accrued expenses	$ 362	$ 397
Deferred revenue	2	7
Capital leases	5,814	5,708
Liabilities as part of held for sale assets	$ 6,178	$ 6,112

4. CONSOLIDATED BALANCE SHEET COMPONENTS

CASH AND CASH EQUIVALENTS

Cash and cash equivalents consisted of the following:

	As of March 31,	
	2009	2010
Cash in banks	$ 13,749	$ 5,860
Money market funds	2,079	3,234
Total cash and cash equivalents	$ 15,828	$ 9,094

RESTRICTED CASH

The Company had restricted cash of $10,756 and $7,168 as of March 31, 2009 and 2010, respectively, in the form of an interest reserve account related to the GE Credit Facility (see Note 6) and a bank certificate of deposit underlying an outstanding bank standby letter of credit for an office space lease.

ACCOUNTS RECEIVABLE

Accounts receivable, net consisted of the following:

	As of March 31,	
	2009	2010
Trade receivables	$ 15,296	$ 14,466
Allowance for doubtful accounts	(1,449)	(956)
Total accounts receivable, net	$ 13,847	$ 13,510

The Company determines its allowance by considering a number of factors, including the length of time such receivables are past due, the Company's previous loss history, the customer's payment history and the customer's current ability to pay. The Company writes off receivables when all collection efforts have been exhausted.

PROPERTY AND EQUIPMENT

Property and equipment, net was comprised of the following:

	As of March 31,	
	2009	2010
Leasehold improvements	$ 939	$ 958
Computer equipment and software	7,094	7,483
Digital cinema projection systems	289,483	297,227
Other projection system equipment	3,848	3,999
Machinery and equipment	11,310	13,758
Furniture and fixtures	649	606
Vehicles	84	84
	313,407	324,115
Less - accumulated depreciation and amortization	(75,871)	(108,301)
Total property and equipment, net	$ 237,536	$ 215,814

Land and building and improvements represent the Company's capital lease for the Pavilion Theatre which as of March 31, 2010, is included in assets held for resale. Leasehold improvements consist primarily of costs incurred at DMS and for the offices of Software. Computer equipment and software consists primarily of software used in the Company's Managed Storage Services business, a software license for Philips' Cinefence software, the Access Digital Server Assets and from the Software and Managed Services Acquisitions. Digital cinema projection systems consist entirely of equipment purchased in connection with the Phase 1 DC Phase I Deployment and the Phase 2 DC Phase II Deployment. The GE Credit Facility (see Note 6) is secured by a first priority perfected security interest on all of the digital cinema projection systems of Phase 1 DC. Other projection system equipment consists entirely of equipment in the USM operations. Machinery and equipment consists primarily of satellite equipment purchased in connection with Phase 1 DC's Phase I Deployment and equipment from the FiberSat Acquisition. For the fiscal years ended March 31, 2009 and 2010, total depreciation and amortization expense amounted to $32,016 and $32,540, respectively. For the fiscal years ended March 31, 2009 and 2010, the amortization of the Company's capital leases, and included in depreciation and amortization expense, amounted to $37 and $325, respectively.

Depreciation and amortization expense on property and equipment for the next five fiscal years is estimated as follows:

For the fiscal years ending March 31,	
2011	$ 32,351
2012	$ 31,722
2013	$ 30,989
2014	$ 30,755
2015	$ 30,713

INTANGIBLE ASSETS

Intangible assets, net consisted of the following:

As of March 31, 2009	Gross Carrying Amount	Accumulated Amortization	Net Amount	Useful Life (years)
Trademarks	$ 81	$ (80)	$ 1	3
Corporate trade names	889	(729)	160	2-10
Customer relationships and contracts	11,348	(6,500)	4,848	3-5
Theatre relationships	7,125	(1,770)	5,355	10-12
Covenants not to compete	2,509	(2,166)	343	3-5
	$ 21,952	$ (11,245)	$ 10,707	

As of March 31, 2010	Gross Carrying Amount	Accumulated Amortization	Net Amount	Useful Life (years)
Trademarks	$ 81	$ (81)	$ —	3
Corporate trade names	889	(779)	110	2-10
Customer relationships and contracts	11,348	(8,581)	2,767	3-5
Theatre relationships	7,125	(2,475)	4,650	10-12
Covenants not to compete	2,509	(2,306)	203	3-5
	$ 21,952	$ (14,222)	$ 7,730	

For the fiscal years ended March 31, 2009 and 2010, amortization expense amounted to $3,434 and $2,977, respectively. The Company did not record any impairment of intangible assets during the fiscal years ended March 31, 2009 and 2010.

Amortization expense on intangible assets for the next five fiscal years is estimated as follows:

For the fiscal years ending March 31,	
2011	$ 2,888
2012	$ 1,576
2013	$ 719
2014	$ 714
2015	$ 704

CAPITALIZED SOFTWARE COSTS, NET

Capitalized software costs, net consisted of the following:

	As of March 31, 2009	As of March 31, 2010
Capitalized software	$ 6,795	$ 7,633
Less - accumulated amortization	(3,142)	(3,802)
Total capitalized software costs, net	$ 3,653	$ 3,831

For the years ended March 31, 2009 and 2010, amortization of software costs, which is included in direct operating costs, amounted to $677 and $659, respectively.

During the fiscal year ended March 31, 2009, the Company reached an agreement with a customer regarding a customized product contract whereby the Company will cease development efforts on the customized product and the customer will complete the development of the product going forward at their sole expense and deliver the completed product back to the Company. The Company will continue to own the product at all times and retains the rights to market the finished product to others. The customer agreed, and has made, certain payments to the Company as settlement of all billed and unbilled amounts. After all such payments, the remaining amount of $400 has been included in capitalized software costs as of March 31, 2010. The Company believes this amount will be recoverable from future sales of the product to other customers and no amortization will be recorded until the completed product has been delivered back to the Company.

ACCOUNTS PAYABLE AND ACCRUED EXPENSES

Accounts payable and accrued expenses consisted of the following:

	As of March 31,	
	2009	2010
Accounts payable	$ 5,629	$ 2,769
Accrued compensation and benefits	1,542	1,259
Accrued taxes payable	325	193
Interest payable	3,175	841
Accrued other expenses	3,920	2,758
Total accounts payable and accrued expenses	$ 14,591	$ 7,820

For the years ended March 31, 2009 and 2010, amounts ordered from Christie for Systems in connection with Phase 1 DC's Phase I Deployment and included in accounts payable amounted to $293 and $0, respectively, and amounts ordered from Christie for Systems in connection with Phase 2 DC's Phase II Deployment and included in accounts payable amounted to $898 and $0, respectively.

For the years ended March 31, 2009 and 2010, the Company has also included $325 and $193, respectively, for accrued taxes payable, mainly representing the estimated amounts due for various state property taxes.

For the years ended March 31, 2009 and 2010, the Company has also included $3,075 and $0, respectively, in accrued other expenses, representing the amounts ordered from Barco N.V. ("Barco") for Systems in connection with Phase 2 DC's Phase II Deployment.

5. NOTES RECEIVABLE

Notes receivable consisted of the following:

	As of March 31, 2009		As of March 31, 2010	
Note Receivable (as defined below)	Current Portion	Long Term Portion	Current Portion	Long Term Portion
Exhibitor Note	$ 54	$ 37	$ 37	$ —
Exhibitor Install Notes	118	908	92	816
FiberMedia Note	431	—	—	—
FiberMedia Note #2	—	—	584	—
Other	13	14	24	—
	$ 616	$ 959	$ 737	$ 816

In March 2006, in connection with Phase 1 DC's Phase I Deployment, the Company issued to a certain motion picture exhibitor a 7.5% note receivable for $231 (the "Exhibitor Note"), in return for the Company's payment for certain financed digital projectors. The Exhibitor Note requires monthly principal and interest payments through September 2010. As of March 31, 2009 and 2010, the outstanding balance of the Exhibitor Note was $91 and $37, respectively.

In connection with Phase 1 DC's Phase I Deployment (see Note 8), the Company agreed to provide financing to certain motion picture exhibitors upon the billing to the motion picture exhibitors by Christie for the installation costs associated with the placement of Systems in movie theatres. In April 2006, certain motion picture exhibitors agreed to issue to the Company two 8% notes receivable for an aggregate of $1,287 (the "Exhibitor Install Notes"). Under the Exhibitor Install Notes, the motion picture exhibitors are required to make monthly interest only payments through October 2007 and quarterly principal and interest payments thereafter through August 2009 and August 2017, respectively. As of March 31, 2009 and 2010, the outstanding balance of the Exhibitor Install Notes was $1,026 and $908, respectively.

In November 2008, FiberMedia issued to the Company a 10% note receivable for $631 (the "FiberMedia Note") related to certain expenses FiberMedia is required to repay to the Company under a master collocation agreement of the IDCs. FiberMedia is required to make monthly principal and interest payments beginning in January 2009 through July 2009. As of March 31, 2009 and 2010, the aggregate outstanding balance of the FiberMedia Note was $431 and $0, respectively.

In January 2010, FiberMedia issued to the Company a 10% note receivable for $584 (the "FiberMedia Note #2") related to certain expenses FiberMedia is required to repay to the Company under a master collocation agreement of the IDCs. Payment of the FiberMedia Note #2 and any and all accrued interest is due April 1, 2010. The interest rate becomes 18% if not paid on April 1, 2010. The FiberMedia Note #2 was not repaid on April 1, and the Company and FiberMedia are discussing an extension. As of March 31, 2010, the aggregate outstanding balance of the FiberMedia Note #2 was $584.

The aggregate principal repayments to the Company on notes receivable are scheduled to be as follows:

For the fiscal years ending March 31,	
2011	$ 737
2012	100
2013	108
2014	117
2015	127
Thereafter	364
	$ 1,553

6. NOTES PAYABLE

Notes payable consisted of the following:

	As of March 31, 2009		As of March 31, 2010	
Note Payable (as defined below)	**Current Portion**	**Long Term Portion**	**Current Portion**	**Long Term Portion**
First USM Note	$221	$—	$—	$—
SilverScreen Note	20	—	—	—
2007 Senior Notes	—	55,000	—	—
NEC Facility	168	333	185	148
2009 Note, net of debt discount	—	—	—	69,521
Other	15	—	—	—
Total recourse notes payable	$424	$55,333	$185	$69,669
Vendor Note	$—	$9,600	$—	$9,600
GE Credit Facility	24,824	161,024	25,129	128,600
KBC Facility	—	—	1,269	7,298
P2 Vendor Note	—	—	66	724
P2 Exhibitor Notes	—	—	44	571
Total non-recourse notes payable	$24,824	$170,624	$26,508	$146,793
Total notes payable	$25,248	$225,957	$26,693	$216,462

Non-recourse debt is generally defined as debt whereby the lenders' sole recourse with respect to defaults by the Company is limited to the value of the asset collateralized by the debt. The Vendor Note and the GE Credit Facility are not guaranteed by the Company or its other subsidiaries, other than Phase 1 DC. The KBC Facility, the P2 Vendor Note and the P2 Exhibitor Notes are not guaranteed by the Company or its other subsidiaries, other than Phase 2 DC.

In July 2006, in connection with the USM Acquisition, the Company issued an 8% note payable in the principal amount of $1,204 (the "First USM Note") and an 8% note payable in the principal amount of $4,000 (the "Second USM Note"), both in favor of the stockholders of USM. The First USM Note is payable in twelve equal quarterly installments commencing on October 1, 2006 until July 1, 2009. The Second USM Note was payable on November 30, 2006, or earlier if certain conditions were met, and was paid by the Company in October 2006. The First USM Note may be prepaid in whole or from time to time in part without penalty provided that the Company pays all accrued and unpaid interest. As of March 31, 2010, the First USM Note was repaid in full.

Prior to the USM Acquisition, USM had purchased substantially all the assets of SilverScreen Advertising Incorporated ("SilverScreen") and issued a 3-year, 4% note payable in the principal amount of $333 (the "SilverScreen Note") as part of the purchase price for SilverScreen. The SilverScreen Note is payable in equal monthly installments until May 2009. As of March 31, 2010, the SilverScreen Note was repaid in full.

In August 2007, the Company entered into a securities purchase agreement (the "Purchase Agreement") with the purchasers party thereto (the "Purchasers") pursuant to which the Company issued 10% Senior Notes (the "2007 Senior Notes") in the aggregate principal amount of $55,000 (the "August 2007 Private Placement"). The term of the 2007 Senior Notes was three years which may be extended for one 6 month period at the discretion of the Company if certain conditions were met. Interest on the 2007 Senior Notes was payable on a quarterly basis in cash or, at the Company's option and subject to certain conditions, in shares of its Class A Common Stock ("Interest Shares"). In addition, each quarter, the Company issued shares of Class A Common Stock to the Purchasers as payment of additional interest owed under the 2007 Senior Notes based on a formula ("Additional Interest"). The Company may prepay the 2007 Senior Notes in whole or in part following the first anniversary of issuance of the 2007 Senior Notes, subject to a penalty of 2% of the principal if the 2007 Senior Notes are prepaid prior to the two year anniversary of the issuance and a penalty of 1% of the principal if the 2007 Senior Notes are prepaid thereafter, and subject to paying the number of shares as Additional Interest that would be due through the end of the term of the 2007 Senior Notes. The Company and its subsidiaries, other than Phase 1 DC and its subsidiaries, were prohibited from paying dividends under the terms of the 2007 Senior Notes. In August 2009, in connection with the consummation of the 2009 Private Placement (as defined below), the Company consummated purchase agreements (the "Note Purchase Agreements") with the holders of all of its outstanding 2007 Senior Notes pursuant to which the Company purchased all of the 2007 Senior Notes, in satisfaction of the principal and any accrued and unpaid interest thereon, for an aggregate purchase price of $42,500 in cash. The source of such aggregate cash payment was the proceeds of the 2009 Private Placement discussed below. Upon such purchase, the 2007 Senior Notes were canceled and the remaining principal of $12,500 along with unamortized debt issuance costs of $(2,377) and accrued interest of $621 resulted in a $10,744 gain on extinguishment of debt included in the consolidated statements of operations.

In August 2009, the Company entered into a securities purchase agreement (the "Purchase Agreement") with an affiliate of Sageview Capital LP ("Sageview" or the "Purchaser") pursuant to which the Company agreed to issue a Senior Secured Note (the "2009 Note") in the aggregate principal amount of $75,000 and warrants (the "Sageview Warrants") to purchase 16,000,000 shares of its Class A Common Stock (the "2009 Private Placement"). The remaining proceeds of the 2009 Private Placement after the repayment of existing indebtedness of the Company and one of its subsidiaries, the funding of a cash reserve to pay the cash interest amount required under the 2009 Note for the first two years, the payment of fees and expenses incurred in connection with the 2009 Private Placement and related transactions, and other general corporate purposes was approximately $11,300. The 2009 Note was later amended and restated on May 6, 2010 (as so amended and restated, the "2010 Note"). The 2010 Note has a term of five years, which may be extended for up to one 12 month period at the discretion of the Company if certain conditions are satisfied. Subject to certain adjustments set forth in the 2010 Note, interest on the 2010 Note is 8% per annum to be accrued as an increase in the aggregate principal amount of the 2010 Note ("PIK Interest") and 7% per annum paid in cash. The Company may prepay the 2010 Note (i) during the initial 18 months of their term, in an amount up to 20% of the original principal amount of the 2010 Note plus accrued and unpaid interest without penalty and (ii) following the second anniversary of issuance of the 2010 Note, subject to a prepayment penalty equal to 7.5% of the principal amount prepaid if the 2010 Note is prepaid prior to the three-year anniversary of its issuance, a prepayment penalty of 3.75% of the principal amount prepaid if the 2010 Note is prepaid after such third anniversary but prior to the fourth anniversary of its issuance and without penalty if the 2010 Note is prepaid thereafter, plus cash in an amount equal to the accrued and unpaid interest amount with respect to the principal

amount through and including the prepayment date. The Company is obligated to offer to redeem all or a portion of the 2010 Note upon the occurrence of certain triggering events described in the 2010 Note. Subject to limited exceptions, the Purchaser may not assign the 2010 Note until the earliest of (a) August 11, 2011, (b) the consummation of a change in control as defined in the 2010 Note or (c) an event of default as defined under the 2010 Note. The Purchase Agreement also requires the 2010 Note to be guaranteed by each of the Company's existing and future subsidiaries, other than AccessDM, Phase 1 DC and its subsidiaries and Phase 2 DC and its subsidiaries and subsidiaries formed after August 11, 2009 which are primarily engaged in the financing or deployment of digital cinema equipment (the "Guarantors"), and that the Company and each Guarantor pledge substantially all of their assets to secure payment on the 2010 Note, except that AccessDM and Phase 1 DC are not required to become Guarantors until such time as certain indebtedness is repaid. Accordingly, the Company and each of the Guarantors entered into a guarantee and collateral agreement (the "Guarantee and Collateral Agreement") pursuant to which each Guarantor guaranteed the obligations of the Company under the 2010 Note and the Company and each Guarantor pledged substantially all of their assets to secure such obligations. The Company also entered into a Registration Rights Agreement with Sageview (the "Registration Rights Agreement") pursuant to which it agreed to register the resale of the shares of Class A Common Stock underlying the Sageview Warrants. The Purchase Agreement, Note Purchase Agreement, 2010 Note, Sageview Warrants, Registration Rights Agreement and Guarantee and Collateral Agreement contain representations, warranties, covenants and events of default as are customary for transactions of this type and nature.

As of March 31, 2010, the balance of the 2009 Note, net of the discount associated with the issuance of the Sageview Warrants (see Note 7) and the PIK Interest, was as follows:

	As of March 31,	
	2009	**2010**
2009 Note, at issuance	$—	$75,000
Discount on 2009 Note	—	(9,359)
PIK Interest	—	3,880
2009 Note, net	$—	$69,521
Less current portion	—	—
Total long term portion	$—	$69,521

In August 2007, Phase 1 DC obtained $9,600 of vendor financing (the "Vendor Note") for equipment used in Phase 1 DC's Phase I Deployment. The Vendor Note bears interest at 11% and may be prepaid without penalty. Interest is due semi-annually commencing February 2008 and is paid by Cinedigm. The balance of the Vendor Note, together with all unpaid interest is due on the maturity date of August 1, 2016. As of March 31, 2009 and 2010, the outstanding balance of the Vendor Note was $9,600.

In September 2009, Phase 2 DC obtained $898 of vendor financing (the "P2 Vendor Note") for equipment used in Company's Phase II Deployment. The P2 Vendor Note bears interest at 7% and requires quarterly interest-only payments through January 2010. Quarterly installments commencing in April 2010 are to be repaid with 92.5% of the VPFs and ACFs received on this equipment with the payments being applied to accrued and unpaid interest first and any remaining amounts be applied to the principal. The balance of the P2 Vendor Note, together with all accrued and unpaid interest is due on the maturity date of December 31, 2018. The P2 Vendor Note may be prepaid at any time without penalty and is not guaranteed by the Company or its other subsidiaries, other than Phase 2 DC. As of March 31, 2010, the outstanding balance of the P2 Vendor Note was $790.

During the fiscal year ended March 31, 2010, Phase 2 DC obtained $615 of financing from certain exhibitors (the "P2 Exhibitor Notes") for equipment used in the Company's Phase II Deployment. The P2 Exhibitor Notes bear interest at 7% and may be prepaid without penalty. The P2 Exhibitor Notes requires quarterly interest-only payments through June 2010. Principal is to be repaid in thirty-two equal quarterly installments commencing in September 2010. The P2 Exhibitor Notes may be prepaid at any time without penalty and are not guaranteed by the Company or its other subsidiaries, other than Phase 2 DC. As of March 31, 2010, the outstanding balance of the P2 Exhibitor Notes was $615.

CREDIT FACILITIES

In August 2006, Phase 1 DC entered into an agreement with GECC pursuant to which GECC and certain other lenders agreed to provide to Phase 1 DC a $217,000 Senior Secured Multi Draw Term Loan (the “GE Credit Facility”). Proceeds from the GE Credit Facility were used for the purchase and installation of up to 70% of the aggregate purchase price, including all costs, fees or other expenses associated with the purchase acquisition, receipt, delivery, construction and installation of Systems in connection with Phase 1 DC’s Phase I Deployment (see Note 8) and to pay transaction fees and expenses related to the GE Credit Facility, and for certain other specified purposes. The remaining cost of the Systems was funded from other sources of capital including contributed equity. Each of the borrowings by Phase 1 DC bears interest, at the option of Phase 1 DC and subject to certain conditions, based on the bank prime loan rate in the United States or the Eurodollar rate, plus a margin ranging from 2.75% to 4.50%, depending on, among other things, the type of rate chosen, the amount of equity contributed into Phase 1 DC and the total debt of Phase 1 DC. Under the GE Credit Facility, Phase 1 DC must pay interest only through July 31, 2008. Beginning August 31, 2008, in addition to the interest payments, Phase 1 DC must repay approximately 71.5% of the principal amount of the borrowings over a five-year period with a balloon payment for the balance of the principal amount, together with all unpaid interest on such borrowings and any fees incurred by Phase 1 DC pursuant to the GE Credit Facility on the maturity date of August 1, 2013. In addition, Phase 1 DC may prepay borrowings under the GE Credit Facility in whole or in part, after July 31, 2007 and before August 1, 2010, subject to paying certain prepayment penalties ranging from 3% to 1%, depending on when the prepayment is made. The GE Credit Facility is required to be guaranteed by each of Phase 1 DC’s existing and future direct and indirect domestic subsidiaries (the “Guarantors”) and secured by a first priority perfected security interest on all of the collective assets of Phase 1 DC and the Guarantors, including real estate owned or leased, and all capital stock or other equity interests in Phase 1 DC and its subsidiaries, subject to specified exceptions. The GE Credit Facility is not guaranteed by the Company or its other subsidiaries, other than Phase 1 DC. During the fiscal years ended March 31, 2009 and 2010, the Company repaid principal of $15,431 and $32,119, respectively, on the GE Credit Facility. The fiscal 2010 payments include a prepayment of $5,000 in accordance with the GE Fifth Amendment described below, and additional voluntary prepayments of $3,600. As of March 31, 2009 and 2010, the outstanding principal balance of the GE Credit Facility was $185,848 and $153,729, respectively, at a weighted average interest rate of 7.1% and 10.7%, respectively.

Under the GE Credit Facility, as amended, Phase 1 DC is required to maintain compliance with certain financial covenants. Material covenants include a leverage ratio, and an interest coverage ratio. In September 2007, Phase 1 DC entered into the third amendment with respect to the GE Credit Facility to (1) lower the interest reserve from 12 months to 9 months; (2) modify the definition of total equity ratio to count as capital contributions (x) up to $23,300 of permitted subordinated indebtedness and (y) up to $4,000 of previously paid and approved expenses that were incurred during the deployment of Systems; (3) change the leverage ratio covenant; (4) add a new consolidated senior leverage ratio covenant; and (5) change the consolidated fixed charge coverage ratio covenant.

In May 2009, Phase 1 DC entered into the fourth amendment (the “GE Fourth Amendment”) with respect to the GE Credit Facility to (1) increase the interest rate from 4.5% to 6% above the Eurodollar Base Rate; (2) set the Eurodollar Base Rate floor at 2.5%; (3) reduce the required amount to be reserved for the payment of interest from 9 months of forward cash interest to a fixed $6,900, and permitted a one-time payment of $2,600 to be made from Phase 1 DC to its parent Company, AccessDM; (4) increase the quarterly maximum consolidated leverage ratio covenants that Phase 1 DC is required to meet on a trailing 12 months basis; (5) increase the maximum consolidated senior leverage ratio covenants that Phase 1 DC is required to meet on a trailing 12 months basis; (6) reduce the quarterly minimum consolidated fixed charge coverage ratio covenants that Phase 1 DC is required to meet on a trailing 12 months basis and (7) add a covenant requiring Phase 1 DC to maintain a minimum unrestricted cash balance of $2,000 at all times. All of the changes contained in the GE Fourth Amendment are effective as of May 4, 2009 except for the covenant changes in (4), (5) and (6) above, which were effective as of March 31, 2009. In connection with the GE Fourth Amendment, Phase 1 DC paid fees to GE and the other lenders totaling $1,000, which was recorded as debt issuance costs. At March 31, 2009, the Company was in compliance with all covenants contained in the GE Credit Facility, as amended.

In August 2009, in connection with the 2009 Private Placement, Phase 1 DC entered into a fifth amendment (the “GE Fifth Amendment”) with respect to the GE Credit Facility, whereby $5,000 of the proceeds of the 2009 Private Placement were used by the Company to purchase capital stock of AccessDM, which in turn used such amount to

purchase capital stock of Phase 1 DC. Phase 1 DC then funded the prepayment with respect to the GE Credit Facility. The prepayment is being applied ratably to each of the next 24 successive regularly scheduled monthly amortization payments due under the GE Credit Facility beginning in August 2009. See Note 15 for a discussion of the refinance of the GE Credit Facility as a subsequent event.

In April 2008, Phase 1 DC executed the Interest Rate Swap, otherwise known as an "arranged hedge transaction" or "synthetic fixed rate financing" with a counterparty for a notional amount of approximately 90% of the amounts outstanding under the GE Credit Facility or an initial amount of $180,000. Under the Interest Rate Swap, Phase 1 DC will effectively pay a fixed rate of 7.3%, to guard against Phase 1 DC's exposure to increases in the variable interest rate under the GE Credit Facility. GE Corporate Financial Services arranged the transaction, which took effect commencing August 1, 2008 as required by the GE Credit Facility and will remain in effect until August 2010. As principal repayments of the GE Credit Facility occur, the notional amount will decrease by a pro rata amount, such that approximately 90% of the remaining principal amount will be covered by the Interest Rate Swap at any time.

Upon any refinance of the GE Credit Facility or other early termination or at the maturity date of the Interest Rate Swap, the fair value of the Interest Rate Swap, whether favorable to the Company or not, would be settled in cash with the counter party. As of March 31, 2010, the fair value of the Interest Rate Swap liability was $1,535. During the fiscal years ended March 31, 2009 and 2010, the change in fair value recorded in the consolidated statements of operations was a loss of $4,529 and a gain of $2,994, respectively.

In May 2008, AccessDM entered into a credit facility with NEC Financial Services, LLC (the "NEC Facility") to fund the purchase and installation of equipment to enable the exhibition of 3-D live events in movie theatres as part of the Company's CineLive^{SM} product offering. The NEC Facility provides for maximum borrowings of up to approximately $2,000, repayments over a 47 month period, and interest at annual rates ranging from 8.25-8.44%. As of March 31, 2010, AccessDM has borrowed $569 and the equipment purchased therewith is included in property and equipment. During the fiscal years ended March 31, 2009 and 2010, the Company repaid principal of $68 and $168, respectively, on the NEC Credit Facility. As of March 31, 2009 and 2010, the outstanding principal balance of the NEC Credit Facility was $501 and $333, respectively.

In December 2008, Phase 2 B/AIX, a direct wholly-owned subsidiary of Phase 2 DC and an indirect wholly-owned subsidiary of the Company, entered into a credit facility with KBC Bank NV (the "KBC Facility") to fund the purchase of Systems from Barco, Inc. ("Barco"), to be installed in movie theatres as part of the Company's Phase II Deployment. The KBC Facility provides for borrowings of up to a maximum of $8,900 through December 31, 2009 (the "Draw Down Period") and requires interest-only payments at 7.3% per annum during the Draw Down Period. For any funds drawn, the principal is to be repaid in twenty-eight equal quarterly installments commencing in March 2010 (the "Repayment Period") at an interest rate of 8.5% per annum during the Repayment Period. The KBC Facility may be prepaid at any time without penalty and is not guaranteed by the Company or its other subsidiaries, other than Phase 2 DC. As of March 31, 2010, $8,885 has been drawn down on the KBC Facility. As of March 31, 2010, the outstanding principal balance of the KBC Facility was $8,567.

See Note 15 for a discussion of additional financing subsequent to year end.

At March 31, 2010, the Company was in compliance with all of its debt covenants.

The aggregate principal repayments on the Company's notes payable are scheduled to be as follows:

For the fiscal years ending March 31,	
2011	$ 26,693
2012	31,360
2013	35,131
2014	66,492
2015	113,055
Thereafter	12,525
	$ 285,256

The amount for fiscal 2015 includes $32,743 of PIK Interest on the 2009 Note, which is to be accrued as additional principal, from April 2010 through August 2014.

7. STOCKHOLDERS' EQUITY

STOCKHOLDERS' RIGHTS

On August 10, 2009, the Company entered into a tax benefit preservation plan (the "Tax Preservation Plan"), dated August 10, 2009, between the Company and American Stock Transfer & Trust Company, LLC, as rights agent. The Company's board of directors (the "Board") adopted the Tax Preservation Plan in an effort to protect stockholder value by attempting to protect against a possible limitation on its ability to use net operating loss carryforwards (the "NOLs") to reduce potential future federal income tax obligations.

On August 10, 2009, the Board declared a dividend of one preferred share purchase right (the "Rights") for each outstanding share of the Company's Class A Common Stock and each outstanding share of the Company's Class B Common Stock, (the "Class B Common Stock," and together with the Class A Common Stock, the "Common Stock") under the terms of the Tax Preservation Plan. The dividend is payable to the stockholders of record as of the close of business on August 10, 2009. Each Right entitles the registered holder to purchase from the Company one one-thousandth of a share of the Company's Series B Junior Participating Preferred Stock, par value $0.001 per share, (the "Preferred B Stock") at a price of $6.00, subject to adjustment. The Rights are not exercisable, and would only become exercisable when any person or group has acquired, subject to certain conditions, beneficial ownership of 4.99% or more of the Company's outstanding shares of Class A Common Stock. As of March 31, 2010, the Company did not record the dividends as a 4.99% or more change in the beneficial ownership of the Company's outstanding shares of Class A Common Stock had not occurred.

CAPITAL STOCK

COMMON STOCK

In August 2004, the Board authorized the repurchase of up to 100,000 shares of Class A Common Stock, which may be purchased at prevailing prices from time-to-time in the open market depending on market conditions and other factors. Under the terms of the 2007 Senior Notes (see Note 6), the Company was previously precluded from purchasing shares of its Class A Common Stock. In a prior year, the Company repurchased 51,440 shares of Class A Common Stock for an aggregate purchase price of $172, including fees, which have been recorded as treasury stock.

Pursuant to the 2007 Senior Notes, in August 2007 the Company issued 715,000 shares of Class A Common Stock (the "Advance Additional Interest Shares") covering the first 12 months of Additional Interest (see Note 6). The Company registered the resale of these shares of Class A Common Stock and also registered the resale of an additional 1,249,875 shares of Class A Common Stock for future Interest Shares and Additional Interest. The Company filed a registration statement on Form S-3 on September 26, 2007, which was declared effective by the SEC on November 2, 2007. The Company recorded the value of the Advance Additional Interest Shares of $4,676 to interest expense over the 36 month term of the 2007 Senior Notes. For the fiscal years ended March 31, 2009 and 2010, the Company recorded $1,603 and $534, respectively, of interest expense in connection with the Advance Additional Interest Shares.

Commencing with the quarter ended December 31, 2008 and through the maturity of the 2007 Senior Notes in the quarter ended September 30, 2010, the Company is obligated to issue a minimum of 132,000 shares or a maximum of 220,000 shares of Class A Common Stock per quarter as Additional Interest (the "Additional Interest Shares"). The Company estimated the initial value of the Additional Interest Shares to be $5,244 and is amortizing that amount over the 36 month term of the 2007 Senior Notes. For the fiscal years ended March 31, 2009 and 2010, the Company recorded $1,582 and $186, respectively, to interest expense in connection with the Additional Interest Shares. In December 2008, March 2009 and June 2009, the Company issued 220,000 shares of Class A Common Stock, each period, as Additional Interest Shares with a value of $81, $136 and $405, respectively.

In December 2007, March 2008 and June 2008, the Company issued 345,944, 548,572 and 635,847 shares of Class A Common Stock, respectively, as Interest Shares pursuant to the 2007 Senior Notes (see Note 6), which were part of the 1,249,875 shares of Class A Common Stock previously registered for resale on the registration statement on Form S-3 filed on September 26, 2007, which was declared effective by the SEC on November 2, 2007 and part of an additional 500,000 shares of Class A Common Stock the resale of which was registered on the registration statement on Form S-3, which was filed on May 6, 2008, and was declared effective by the SEC on June 30, 2008. The resale of an additional 750,000 shares of Class A Common Stock issued as future Interest Shares and Additional Interest Shares were registered on the registration statement on Form S-3, which was filed on September 12, 2008, and was declared effective by the SEC on April 22, 2009. For the fiscal years ended March 31, 2009 and 2010, the Company recorded $1,342 and $621, respectively, as non-cash interest expense in connection with the Interest Shares.

In connection with the acquisition of CEG in January 2007, CEG entered into a services agreement (the "SD Services Agreement") with SD Entertainment, Inc. ("SDE") to provide certain services, such as the provision of shared office space and certain shared administrative personnel. The SD Services Agreement is on a month-to-month term and requires the Company to pay approximately $18 per month, of which 70% may be paid periodically in the form of Cinedigm Class A Common Stock, at the Company's option. In June 2008, September 2008 and January 2009, the Company issued 24,579, 22,010 and 70,432 shares of unregistered Class A Common Stock, respectively, with a value of $60, $33 and $49, respectively, to SDE as partial payment for such services and resources.

In September 2008, the Company amended its Fourth Amended and Restated Certificate of Incorporation to designate as Class A Common Stock the 25,000,000 shares of undesignated common stock.

In September 2008 and January 2009, the Company issued 12,824 and 19,921 shares of Class A Common Stock, respectively, for restricted stock awards that vested during the fiscal year ended March 31, 2009.

In January 2009, the Company issued 129,871 shares of Class A Common Stock as a placement agent fee related to the issuance of preferred stock with a value of $100.

In August 2009, in connection with the 2009 Private Placement (see Note 6), the Purchaser agreed with the Company that, subject to limited exceptions, the Purchaser and its affiliates would not, without the Company's consent, acquire, offer to acquire or join or participate in any group, as defined in Rule 13d-3 of the Securities Exchange Act of 1934, as amended, that would result in Purchaser and its affiliates beneficially owning more than 42.5% of the Class A Common Stock and the Company's Class B Common Stock outstanding. This agreement will terminate upon the earliest of August 11, 2011, a change of control, an event of default (each as defined in the 2009 Note) and the date when the Purchaser and its affiliates own less than 10% of the outstanding Class A Common Stock and the Company's Class B Common Stock.

In August 2009, in connection with the 2009 Private Placement (see Note 6), the Company entered into an agreement (the "Aquifer Agreement") with Aquifer Capital Group, LLC ("Aquifer Capital") pursuant to which Aquifer Capital provided financial advisory services to the Company in connection with the purchase of the 2007 Senior Notes in exchange for the issuance of 200,000 shares of unregistered Class A Common Stock to designees of Aquifer Capital. In August 2009, 200,000 shares were issued to designees of Aquifer Capital, with a value of $198 as payment for such services and were recorded as a debt issuance cost associated with the 2009 Note.

In September 2009, the Company issued 12,815 shares of Class A Common Stock for restricted stock awards that vested.

In October 2009, the Company increased the number of shares Class A Common Stock authorized for issuance from 65,000,000 to 75,000,000 shares.

PREFERRED STOCK

In February 2009, the Company issued eight shares of Series A 10% Non-Voting Cumulative Preferred Stock ("Preferred Stock") to two investors. There is no public trading market for our Preferred Stock. The Preferred Stock has the designations, preferences and rights set forth in the certificate of designations filed with the Secretary of State for the State of Delaware on February 3, 2009 (the "Certificate of Designations"). Pursuant to the Certificate of Designations, holders of our Preferred Stock shall have the following rights among others: (1) the holders are entitled to receive dividends at the rate of 10% of the Preferred Stock original issue price per annum on each outstanding share of Preferred Stock (as adjusted for any stock dividends, combinations, splits, recapitalizations and the like with respect to such shares). Such dividends shall begin to accrue commencing upon the first date such share is issued and becomes outstanding and shall be payable in cash or, at the Company's option, by converting the cash amount of such dividends into Class A Common Stock, and will not be paid until the Company is permitted to do so under the terms of the 2007 Senior Notes, (2) the holders will not have the right to vote on matters brought before the stockholders of the Corporation, (3) upon any liquidation, dissolution, or winding up of the Corporation, whether voluntary or involuntary, before any distribution or payment shall be made to the holders of any Junior Stock (as defined in the Certificate of Designations), subject to the rights of any series of preferred stock that may from time-to-time come into existence and which is expressly senior to the rights of the Preferred Stock, the holders of Preferred Stock shall be entitled to be paid in cash out of the assets of the Company an amount per share of Preferred Stock equal to 100% of the Preferred Stock original issue price (as adjusted for any stock dividends, combinations, splits, recapitalizations and the like with respect to such shares), plus accrued but unpaid dividends (the "Liquidation Preference"), for each share of Preferred Stock held by each such holder, (4) the holders will have no rights with respect to the conversion of the Preferred Stock into shares of Class A Common Stock or any other security of the Company and (5) the Preferred Stock may be redeemed by the Company at any time after the second anniversary of the original issue date upon 30 days advance written notice to the holder for a price equal to 110% of the Liquidation Preference, payable in cash or, at the Company's option, so long as the closing price of the Class A Common Stock is $2.18 or higher (as shall be adjusted for stock splits) for at least 90 consecutive trading days ending on the trading day into Class A Common Stock at the market price, as measured on the original issue date for the initial issuance of shares of Series A Preferred Stock.

Cumulative dividends in arrears on the Preferred Stock at March 31, 2010 was an accrual of $450.

In connection with the issuance of Preferred Stock, the Company issued warrants to purchase 700,000 shares of Class A Common Stock, to each holder of Preferred Stock, at an exercise price of $0.63 per share (the "Preferred Warrants"). The Preferred Warrants are exercisable beginning on March 12, 2009 for a period of five years thereafter. The Preferred Warrants are callable by the Company, provided that the closing price of the Company's Class A Common Stock is $1.26 per share, 200% of the applicable exercise price, for twenty consecutive trading days. The Company allocated the proceeds of the Preferred Stock over the fair value of the Preferred Warrants of $537, with the remaining amount allocated to the Preferred Stock.

CINEDIGM'S EQUITY INCENTIVE PLAN

The Company's equity incentive plan ("the Plan") provides for the issuance of up to 5,000,000 shares of Class A Common Stock to employees, outside directors and consultants. The Company obtained stockholder approval to expand the size of the Plan to 5,000,000, from the previously authorized 3,700,000, shares of Class A Common Stock, at the Company's 2009 Annual Meeting of Stockholders held on September 30, 2009.

Stock Options

Awards under the Plan may be in any of the following forms (or a combination thereof) (i) stock option awards; (ii) stock appreciation rights; (iii) stock or restricted stock or restricted stock units; or (iv) performance awards. The Plan provides for the granting of incentive stock options ("ISOs") with exercise prices not less than the fair market value of the Company's Class A Common Stock on the date of grant. ISOs granted to shareholders of more than 10% of the total combined voting power of the Company must have exercise prices of at least 110% of the fair market value of the Company's Class A Common Stock on the date of grant. ISOs and non-statutory stock options granted under the Plan are subject to vesting provisions, and exercise is subject to the continuous service of the participant. The exercise prices and vesting periods (if any) for non-statutory options are set at the discretion of the Company's Board. Upon a change of control of the Company, all stock options (incentive and non-statutory) that have not previously vested will vest immediately and become fully exercisable. In connection with the grants of stock options under the Plan, the Company and the participants have executed stock option agreements setting forth the terms of the grants.

During the fiscal year ended March 31, 2010, under the Plan, the Company granted stock options to purchase 1,657,500 shares of its Class A Common Stock to its employees at an exercise price of $1.37 per share, of which 171,000 were issued in exchange for the termination of the AccessDM options and vested upon issuance, 286,500 will vest equally over a three year period and 1,200,000 will vest at the end of the third year or sooner depending on the Company's stock price. As of March 31, 2010, the weighted average exercise price for outstanding stock options is $4.11 and the weighted average remaining contractual life is 6.0 years.

The following table summarizes the activity of the Plan related to shares issuable pursuant to outstanding options:

	Shares Under Option	Weighted Average Exercise Price Per Share
Balance at March 31, 2008	2,076,569	$ 6.68
Granted	325,503	3.28
Exercised	—	—
Cancelled	(88,450)	9.16
Balance at March 31, 2009	2,313,622	$ 6.11
Granted	1,657,500	1.37
Exercised	—	—
Cancelled	(60,750)	5.56
Balance at March 31, 2010	3,910,372	$ 4.11

An analysis of all options outstanding under the Plan as of March 31, 2010 is presented below:

Range of Prices	Options Outstanding	Weighted Average Remaining Life in Years	Weighted Average Exercise Price	Aggregate Intrinsic Value
$1.37 - $2.49	1,639,000	9.5	$ 1.37	$ 459
$2.50 - $4.99	946,500	3.3	3.27	—
$5.00 - $6.99	506,500	5.1	5.31	—
$7.00 - $9.99	307,372	3.0	7.79	—
$10.00 - $13.52	511,000	2.6	11.03	—
	3,910,372	6.0	$ 4.11	$ 459

An analysis of all options exercisable under the Plan as of March 31, 2010 is presented below:

Options Exercisable	Weighted Average Remaining Life in Years	Weighted Average Exercise Price	Aggregate Intrinsic Value
171,000	9.4	$ 1.37	$ 48

For the fiscal years ended March 31, 2009 and 2010, the Company recorded $589 and $838, respectively, of stock-based compensation expense from continuing operations relating to options. As of March 31, 2010, unamortized stock-based compensation relating to options outstanding totaled $1,316, which will be expensed as follows:

For the fiscal years ending March 31,	Stock-based Compensation Expense	Weighted Average Fair Value Per Share
2011	$ 752	$ 1.05
2012	339	0.73
2013	225	0.73
2014	—	—
2015	—	—
Thereafter	—	—
	$ 1,316	$ 0.88

The outstanding options at March 31, 2010 will expire as follows:

For the fiscal years ending March 31,	Number of Shares	Weighted Average Exercise Price Per Share	Exercise Price
2011	94,576	$ 8.70	$7.04 - $12.50
2012	46,000	5.00	$5.00
2013	76,000	4.01	$2.50 - $7.50
2014	180,000	5.00	$5.00
2015	166,500	3.88	$3.60 - $5.00
Thereafter	3,347,296	3.93	$1.37 - $13.52
	3,910,372	$ 4.11	$1.37- $13.52

Restricted Stock Awards

The Plan also provides for the issuance of restricted stock and restricted stock unit awards. During the fiscal year ended March 31, 2010, the Company granted 504,090 restricted stock units, of which 274,750 will vest equally over a three year period and 229,340 will vest at the end of the third year or sooner depending on the Company's stock price.

The following table summarizes the activity of the Plan related to restricted stock awards:

	Restricted Stock Awards	Weighted Average Market Price Per Share
Balance at March 31, 2008	102,614	$ 3.78
Granted	723,700	1.66
Vested	(32,745)	3.70
Forfeitures	(20,401)	2.56
Balance at March 31, 2009	773,168	$ 1.83
Granted	504,090	1.06
Vested	(139,920)	1.99
Forfeitures	(71,664)	1.67
Balance at March 31, 2010	1,065,674	$ 1.44

There were 1,034,607 restricted stock units granted which have not vested as of March 31, 2010. The Company may pay such restricted stock units upon vesting in cash or shares of Class A Common Stock or a combination thereof at the Company's discretion.

For the fiscal years ended March31, 2009 and 2010, the Company recorded $356 and $641, respectively, of stock-based compensation expense from continuing operations relating to restricted stock awards. As of March 31, 2010, unamortized stock-based compensation relating to restricted stock awards outstanding totaled $894, which will be expensed as follows:

For the fiscal years ending March 31,	Stock-based Compensation Expense	Weighted Average Market Price Per Share
2011	$ 618	$ 1.56
2012	244	1.40
2013	32	1.06
2014	—	—
2015	—	—
Thereafter	—	—
	$ 894	$ 1.41

ACCESSDM STOCK OPTION PLAN

In August 2009, in connection with the 2009 Private Placement (see Note 6), AccessDM terminated its stock option plan and all stock options outstanding thereunder. In exchange for the termination of the AccessDM stock options, the Company issued 171,000 stock options to the holders of AccessDM stock options, pursuant to the Plan.

WARRANTS

Warrants outstanding consist of the following:

	As of March 31,	
Outstanding Warrant (as defined below)	2009	2010
July 2005 Private Placement Warrants	467,275	467,275
August 2005 Warrants	760,196	760,196
Preferred Warrants	1,400,000	1,400,000
Sageview Warrants	—	16,000,000
Imperial Warrants	—	750,000
	2,627,471	19,377,471

In July 2005, in connection with the July 2005 Private Placement, the Company issued warrants to purchase 477,275 shares of Class A Common Stock at an exercise price of $11.00 per share (the "July 2005 Private Placement Warrants"). The July 2005 Private Placement Warrants were exercisable beginning on February 18, 2006 for a period of five years thereafter. The July 2005 Private Placement Warrants are conditionally callable by the Company. The underlying shares of these warrants are registered for resale. As of March 31, 2010, 467,275 July 2005 Private Placements Warrants remained outstanding.

In August 2005, certain then outstanding warrants were exercised for $2,487 and the Company issued to the investors 560,196 shares of Class A Common Stock and warrants to purchase 760,196 shares of Class A Common Stock at an exercise price of $11.39 per share (the "August 2005 Warrants"). The underlying shares of these warrants are registered for resale. As of March 31, 2010, all 760,196 of the August 2005 Warrants remained outstanding.

In February 2009, in connection with the issuance of Preferred Stock, the Company issued warrants to purchase 700,000 shares of Class A Common Stock, to each holder of Preferred Stock, at an exercise price of $0.63 per share (the "Preferred Warrants"). The Preferred Warrants are exercisable beginning on March 12, 2009 for a period of five years thereafter. The Preferred Warrants are conditionally callable by the Company after February 2010, provided that the closing price of the Company's Class A Common Stock is $1.26 per share, 200% of the applicable exercise price, for twenty consecutive trading days and a minimum average daily trading volume of 50,000 shares. The Company agreed to register the resale of the shares of Class A Common Stock underlying the Preferred Warrants from time to time. The Company allocated $537 of the proceeds from the Preferred Stock issuance to the estimated fair value of the Preferred Warrants. As of March 31, 2010, all 1,400,000 of the Preferred Warrants remained outstanding and the resale of the underlying shares have not yet been registered.

In August 2009, in connection with the 2009 Private Placement (see Note 6), the Company issued warrants to purchase 16,000,000 shares of Class A Common Stock at an exercise price of $1.37 per share (the "Sageview Warrants"). The Sageview Warrants are exercisable beginning on September 30, 2009 and contain customary cashless exercise provision and anti-dilution adjustments, and expire on August 11, 2016 (subject to extension in limited circumstances). The Company also entered into a Registration Rights Agreement with Sageview pursuant to which the Company agreed to register the resale of the Sageview Warrants and the underlying shares of the Sageview Warrants from time to time in accordance with the terms of such Registration Rights Agreement. Based on the terms of the warrant and the Registration Rights Agreement, the Company determined that the fair value of the Sageview Warrant represents a liability until such time when the underlying common shares are registered. The fair value of the Sageview Warrants at the date of issuance was $10,732 determined using a Black-Scholes option valuation model. For the fiscal year ended March 31, 2010, the Company recorded a loss of $8,463 for the change in fair value of warrants in the consolidated statement of operations and resulted in a warrant liability fair value of $19,195 at March 31, 2010. As of March 31, 2010, all 16,000,000 of the Sageview Warrants remained outstanding and the resale of the underlying shares have not yet been registered.

In connection with the 2009 Private Placement (see Note 6), the Company engaged Imperial Capital, LLC ("Imperial") to provide financial advisory services. As partial consideration for such services, the Company issued warrants to Imperial to purchase 750,000 shares of Class A Common Stock (the "Imperial Warrants"). The Imperial Warrants have a customary cashless exercise feature and a strike price of $1.37 per share, become exercisable on February 11, 2010 and expire on August 11, 2014. In connection with the issuance of the Imperial Warrants, the Company and Imperial entered into a registration rights agreement (the "Imperial Registration Rights Agreement") pursuant to which the Company agreed to register the shares of Class A Common Stock underlying the Imperial Warrants from time to time if other registrations are filed, in accordance with the terms of the Imperial Registration Rights Agreement. The fair value of the Imperial Warrants at the date of issuance was $427, using a Black-Scholes option valuation model and was recorded in debt issuance costs and stockholders' equity in the consolidated financial statements at March 31, 2010. As of March 31, 2010, all 750,000 of the Imperial Warrants remained outstanding and the resale of the underlying shares have not yet been registered.

8. COMMITMENTS AND CONTINGENCIES

As of March 31, 2010, in connection with the Phase II Deployment, Phase 2 DC has entered into digital cinema deployment agreements with eight motion picture studios for the distribution of digital movie releases to motion picture exhibitors equipped with Systems, and providing for payment of VPFs to Phase 2 DC. As of March 31, 2010, Phase 2 DC also entered into master license agreements with eleven exhibitors covering a total of 1,543 screens, whereby the exhibitors agreed to the placement of Systems as part of the Phase II Deployment. Included in the 1,543 contracted screens are contracts covering 736 screens with five exhibitors who will purchase and own Systems using their own financing, and will pay an upfront activation fee of $2 per screen to the Company (the "Exhibitor-Buyer Structure"). The Company will manage the billing and collection of VPFs and will remit all VPFs collected to the exhibitors, less an administrative fee that will approximate 10% of the VPFs collected. For Systems covered under the Exhibitor-Buyer Structure, the Company will have no debt, property and equipment, financing costs or depreciation recorded to its financial statements. As of March 31, 2010, the Company has 336 Phase 2 Systems installed, including 176 screens under the Exhibitor-Buyer Structure. For Phase 2 Systems that the Company will own and finance, installation of additional Systems in the Phase II Deployment is contingent upon the completion of financing for the purchase of Systems.

In November 2008, in connection with the Phase II Deployment, Phase 2 DC entered into a supply agreement with Christie, for the purchase of up to 10,000 Systems at agreed upon pricing, as part of the Phase II Deployment. As of March 31, 2010, the Company has purchased 12 Systems under this agreement for $898.

In November 2008, in connection with the Phase II Deployment, Phase 2 DC entered into a supply agreement with Barco, for the purchase of up to 5,000 Systems at agreed upon pricing, as part of the Phase II Deployment. As of March 31, 2010, the Company has purchased 138 Systems under this agreement for $10,096.

In March 2009, in connection with the Phase II Deployment, Phase 2 DC entered into a supply agreement with NEC Corporation of America ("NEC"), for the purchase of up to 5,000 Systems at agreed upon pricing, as part of the Phase II Deployment. As of March 31, 2010, the Company has not purchased any Systems under this agreement.

LITIGATION

None.

LEASES

As of March 31, 2010, the Company has outstanding capital lease obligations of $249. The Company's outstanding capital lease obligations are in the following principal amounts:

		As of March 31,	
Entity	**Purpose of capital lease**	**2009**	**2010**
Managed Services	Computer equipment	$126	$85
USM	Computer equipment	68	40
DMS	Satellite related equipment	—	99
Phase 2 DC	Computer equipment	—	25
		$194	$249

As of March 31, 2010, minimum future capital lease payments (including interest) totaled $271, are due as follows:

For the fiscal years ending March 31,		
2011	$	188
2012		79
2013		4
2014		—
2015		—
Thereafter		—
		271
Less: amount representing interest		(22)
Outstanding capital lease obligation	$	249

Assets recorded under capitalized lease agreements included in property and equipment consists of the following:

	As of March 31,	
	2009	2010
Computer equipment	$ 225	$ 260
Machinery and equipment	—	867
	225	1,127
Less: accumulated amortization	(36)	(362)
Net assets under capital lease	$ 189	$ 765

Amortization expense on assets under capitalized lease agreements was $37 and $325 for the fiscal years ended March 31, 2009 and 2010, respectively.

The Company's businesses operate from leased properties under non-cancelable operating lease agreements. As of March 31, 2010, obligations under non-cancelable operating leases totaled $6,319, including $4,427 for the IDCs currently being operated by FiberMedia, are due as follows:

For the fiscal years ending March 31,		
2011	$	1,827
2012		1,302
2013		1,066
2014		843
2015		712
Thereafter		569
	$	6,319

Total rent expense was $1,253 and $1,215 for the fiscal years ended March 31, 2009 and 2010, respectively. The rent expense for fiscal year ended March 31, 2010 excludes the rent expense of $4,427 for the IDCs, as 100% of the rent expense was reimbursed by FiberMedia. In June 2009, one of the IDC leases expired, leaving two IDC leases with the Company as lessee.

9. SUPPLEMENTAL CASH FLOW DISCLOSURE

	As of March 31,	
	2009	2010
Interest paid	$ 19,713	$ 31,017
Equipment in accounts payable and accrued expenses purchased from Christie	$ 1,191	$ —
Issuance of Class A Common Stock as additional purchase price for Managed Services	$ 82	$ —
Legal fees from the holders of the Preferred Stock included in stock issuance costs	$ 50	$ —
Issuance of Class A Common Stock as additional purchase price for Access Digital Server Assets	$ 129	$ —
Issuance of Class A Common Stock for professional services	$ 242	$ —
Assets acquired under capital leases	225	901
Equipment in accounts payable and accrued expenses purchased from Barco	$ 3,075	$ —
Capitalized software associated with customized software development contract	400	—
Accretion of preferred stock discount	$ 13	$ 108
Accrued dividends on preferred stock	$ 50	$ 400
Issuance of Class A Common Stock to Aquifer Capital for financial advisory services in connection with the purchase of the 2007 Senior Notes	$ —	$ 198
Issuance of Class A Common Stock to Imperial to provide financial advisory services	$ —	$ 427

10. SEGMENT INFORMATION

Beginning September 1, 2009, the Company modified how its decision makers review and allocate resources to operating segments, which resulted in revised reportable segments. The Company is comprised of five reportable segments: Phase I Deployment, Phase II Deployment, Services, Content & Entertainment and Other. The segments were determined based on the products and services provided by each segment and how management reviews and makes decisions regarding segment operations. Performance of the segments is evaluated on income (loss) from operations before interest, taxes, depreciation and amortization. As a result of the change in the Company's reportable segments, the Company has restated the segment information for the prior periods. In March 2010, the Company decided to realign our technical and financial resources and to discontinue the motion picture exhibition to the general public, which is a separate reporting unit previously included in the Other segment. All segment information has been restated to reflect the changes described above for all periods presented.

The Phase I Deployment and Phase II Deployment segments consist of the following:

Operations of:	Products and services provided:
Phase 1 DC	Financing vehicles and administrators for the Company's 3,724 Systems installed nationwide in Phase 1 DC's deployment to theatrical exhibitors. The Company retains ownership of the residual cash flows related to the Systems after the repayment of all non-recourse debt and the Company retains at the expiration of exhibitor master license agreements.
Phase 2 DC	Financing vehicles and administrators for the Company's second digital cinema deployment, through Phase 2 DC (the "Phase II Deployment"). The Company retains no ownership of the residual cash flows and digital cinema equipment after the completion of cost recoupment and at the expiration of the exhibitor master license agreements.

The Services segment consists of the following:

Operations of:	Products and services provided:
Digital Cinema Services	Provides monitoring, billing, collection, verification and other management services to the Company's Phase I Deployment, Phase II Deployment as well as to exhibitors who purchase their own equipment. Collects and disburses VPFs from motion picture studios and distributors and ACFs from alternative content providers, movie exhibitors and theatrical exhibitors.
Software	Develops and licenses software to the theatrical distribution and exhibition industries, provides ASP Service, and provides software enhancements and consulting services.
DMS	Distributes digital content to movie theatres and other venues having digital cinema equipment and provides satellite-based broadband video, data and Internet transmission, encryption management services, video network origination and management services and a virtual booking center to outsource the booking and scheduling of satellite and fiber networks and provides forensic watermark detection services for motion picture studios and forensic recovery services for content owners.

The Content & Entertainment segment consists of the following:

Operations of:	Products and services provided:
USM	Provides cinema advertising services and entertainment.
CEG	Acquires, distributes and provides the marketing for programs of alternative content and feature films to movie exhibitors.

The Other segment consists of the following:

Operations of:	Products and services provided:
Managed Services	Provides information technology consulting services and managed network monitoring services through its global network command center.
Access Digital Server Assets	Provides hosting services and provides network access for other web hosting services.

Since May 1, 2007, the Company's IDCs have been operated by FiberMedia, consisting of unrelated third parties, pursuant to a master collocation agreement. Although the Company is still the lessee of the IDCs, substantially all of the revenues and expenses were being realized by FiberMedia and not the Company and since May 1, 2008, 100% of the revenues and expenses are being realized by FiberMedia.

Information related to the segments of the Company and its subsidiaries is detailed below:

11. RELATED PARTY TRANSACTIONS

In connection with the CEG Acquisition, CEG entered into a services agreement with SD Entertainment, Inc. (“SDE”) to provide certain services and other resources. An employee officer of CEG is also an officer of SDE. Payments for such services to SDE for the fiscal years ended March 31, 2009 and 2010 totaled $211 and $64, respectively.

In August 2009, the Company hired Adam M. Mizel to be its Chief Financial Officer and Chief Strategy Officer. Mr. Mizel has been a member of the Company’s Board of Directors since March 2009 and is currently the Managing Principal of Aquifer Capital Group, LLC and the General Partner of the Aquifer Opportunity Fund, L.P., currently one of the Company’s largest shareholders.

In connection with the 2009 Note, Private Placement, Edward A. Gilhuly, an employee of an affiliate of Sageview, was appointed to the Company’s Board on August 1, 2009. Following the vote of the Company’s stockholders approving Sageview’s right to nominate a second director to the Company’s Board, Laura Nisonger Sims, an employee of an affiliate of Sageview, was appointed to the Company’s Board on September 20, 2009.

In March 2010, the Board elected Martin B. O’Connor II to fill the vacancy created by Robert E. Mulholland’s resignation effective March 31, 2010. In January 2009, Green Barn Advisors, LLC, of which Mr. O’Connor is Managing Partner, received 129,871 shares of the Company’s Class A Common Stock as a finder’s fee in connection with a private placement of the Company’s Series A Preferred Stock (see Note 7). The approximate value of this transaction was $100, and the approximate value of Mr. O’Connor’s interest was $50.

12. INCOME TAXES

The Company did not record any current or deferred income tax benefit from income taxes in the fiscal years ended March 31, 2009 and 2010.

Net deferred tax liabilities consisted of the following:

	As of March 31,	
	2009	**2010**
Deferred tax assets:		
Net operating loss carryforwards	$ 54,868	$ 73,722
Stock based compensation	1,395	1,662
Revenue deferral	904	1,435
Interest rate swap	1,711	4,218
Other	728	676
Total deferred tax assets before valuation allowance	59,606	81,713
Less: Valuation allowance	(40,701)	(51,451)
Total deferred tax assets after valuation allowance	$ 18,905	$ 30,262
Deferred tax liabilities:		
Depreciation and amortization	$ (15,819)	$ (28,122)
Intangibles	(3,069)	(2,140)
Other	(17)	—
Total deferred tax liabilities	(18,905)	(30,262)
Net deferred tax	$ —	$ —

The Company has provided a valuation allowance equal to its net deferred tax assets for the fiscal years ended March 31, 2009 and 2010. The Company is required to recognize all or a portion of its deferred tax assets if it believes that it is more likely than not, given the weight of all available evidence, that all or a portion of its deferred tax assets will be realized. Management assesses the realizability of the deferred tax assets at each interim and annual balance sheet date based on actual and forecasted operating results. The Company assessed both its positive and negative evidence to determine the proper amount of its required valuation allowance. Factors considered include the Company's current taxable income and projections of future taxable income. Management increased the valuation allowance by $11,340 and $10,750 during the fiscal years ended March 31, 2009 and 2010, respectively. Management will continue to assess the realizability of the deferred tax assets at each interim and annual balance sheet date based on actual and forecasted operating results.

At March 31, 2010, the Company had Federal and state net operating loss carryforwards of approximately $186,000 available to reduce future taxable income. The federal net operating loss carryforwards will begin to expire in 2020. Under the provisions of the Internal Revenue Code, certain substantial changes in the Company's ownership may result in a limitation on the amount of net operating losses that may be utilized in future years. As of March 31, 2010, approximately $6,300 of the Company's net operating loss from periods prior to November 2003 are subject to an annual Section 382 of the Internal Revenue Code of 1986, as amended ("Section 382") limitation of approximately $1,300, and approximately $25,100 of net operating losses from periods prior to March 2006 are subject to an annual Section 382 limitation of approximately $9,400. Net operating losses of approximately $154,600, which were generated since March 2006 are currently not subject to an annual limitation under Section 382. Future significant ownership changes could cause a portion or all of these net operating losses to expire before utilization.

The differences between the United States statutory federal tax rate and the Company's effective tax rate are as follows:

	As of March 31,	
	2009	2010
Provision at the U.S. statutory federal tax rate	34.0 %	34.0 %
State income taxes, net of federal benefit	5.5	6.4
Goodwill impairment	(4.0)	0.0
Change in valuation allowance	(30.7)	(36.4)
Disallowed interest	(4.4)	(3.4)
Non-deductible equity compensation	(0.3)	(1.0)
Other	(0.1)	0.4
Income tax (provision) benefit	0.0 %	0.0 %

Effective April 1, 2007, the Company adopted accounting principles that clarifies the accounting and disclosure for uncertainty in income taxes. The adoption of this interpretation did not have any impact on the Company's financial statements for the fiscal years ended March 31, 2009 and 2010.

The Company files income tax returns in the U.S. federal jurisdiction and various states. For federal income tax purposes, the Company's fiscal 2006 through 2010 tax years remain open for examination by the tax authorities under the normal three year statute of limitations. For state tax purposes, the Company's fiscal 2005 through 2010 tax years generally remain open for examination by most of the tax authorities under a four year statute of limitations.

In May 2010, the Company received a notice from the Internal Revenue Service that it would undertake an audit of the Company's federal income tax return for the year ended March 31, 2009.

13. QUARTERLY FINANCIAL DATA (Unaudited) ($ in thousands, except per share data)

	For the Quarter Ended			
Fiscal year 2009	**6/30/2008**	**9/30/2008**	**12/31/2008**	**3/31/2009**
Revenues	$ 19,074	$ 20,390	$ 21,508	$ 16,494
Gross margin	$ 14,384	$ 14,821	$ 15,453	$ 11,385
Net loss from continuing operations	$ (4,226)	$ (6,149)	$ (15,213) A	$ (9,312)
Basic and diluted net loss per share from continuing operations	$ (0.16)	$ (0.22)	$ (0.55)	$ (0.34)
Shares used in computing basic and diluted net loss per share	26,865,147	27,536,371	27,566,462	27,941,161

A) Includes ($4,565) for the impairment of goodwill (see Note 2) and ($5,411) for the change in fair value of interest rate swap related to the GE Credit Facility (see Note 6).

	For the Quarter Ended			
Fiscal year 2010	**6/30/2009**	**9/30/2009**	**12/31/2009**	**3/31/2010**
Revenues	$ 17,131	$ 18,331	$ 20,389	$ 16,354
Gross margin	$ 12,822	$ 13,458	$ 14,866	$ 11,842
Net loss from continuing operations	$ (6,999)	$ (1,038) A	$ (6,233)	$ (14,740) B
Basic and diluted net loss per share from continuing operations	$ (0.25)	$ (0.04)	$ (0.22)	$ (0.52)
Shares used in computing basic and diluted net loss per share	28,284,401	28,663,959	28,766,686	28,781,294

A) Includes a gain of $10,744 on the extinguishment of debt related to the 2007 Notes and ($3,576) for the change in fair value of warrants related to the Sageview Warrants (see Note 6).

B) Includes ($5,500) for the change in fair value of warrants related to the Sageview Warrants (see Note 6).

14. VALUATION AND QUALIFYING ACCOUNTS

	Balance at Beginning of Period	Additions to Bad Debt Expense	Deductions (1)	Balance at End of Period
For the Fiscal Year Ended March 31, 2009:				
Allowance for doubtful accounts	$ 2,306	$ 587	$ (1,444)	$ 1,449
For the Fiscal Year Ended March 31, 2010:				
Allowance for doubtful accounts	$ 1,449	$ 535	$ (1,028)	$ 956

(1) Represents write-offs of specific accounts receivable.

15. SUBSEQUENT EVENTS

The Company has evaluated events and transactions for possible disclosure or recognition in the financial statements. The Company has determined that there were no such events or transactions that warrant disclosure or recognition in the financial statements except as noted below.

In April 2010, Imperial exercised the Imperial Warrants (see Note 7) under a cashless exercise feature, and the Company issued 348,633 shares of Class A Common Stock.

In May 2010, Cinedigm Digital Funding I, LLC ("CDF I"), an indirectly wholly-owned, special purpose, non-recourse subsidiary of the Company, formed in April 2010, entered into a definitive credit agreement (the "2010 Credit Agreement") with Société Générale, New York Branch, as co-administrative agent and paying agent for the lenders party thereto and certain other secured parties, and General Electric Capital Corporation ("GECC"), as co-administrative agent and collateral agent (the "Collateral Agent") for the lenders party thereto and certain other secured parties, and the lenders party thereto. Pursuant to the 2010 Credit Agreement, CDF I borrowed term loans (the "2010 Term Loans") in the principal amount of $172,500. These 2010 Term Loans are non-recourse to the Company. The proceeds of the 2010 Term Loans were used by CDF I to pay all costs, fees and expenses relating to the transaction and to pay $157,456 to Phase 1 DC, as part of the consideration for the acquisition by CDF I of all of the assets and liabilities of Phase 1 DC pursuant to a Sale and Contribution Agreement between CDF I and Phase 1 DC. Phase 1 DC acquired all of the outstanding membership interests in CDF I pursuant to this Sale and Contribution Agreement.

Phase 1 DC, in turn, repaid all of its outstanding obligations with respect to the GE Credit Facility and the Vendor Note (see Note 6), and its intercompany obligations owed to the Company. Certain proceeds of the 2010 Term Loans in the amount of approximately $3.8 million were placed into a restricted cash account of the Company. The Company intends to use such funds to finance the purchase, acquisition or installation of satellite dishes, equipment or infrastructure, in order to support DMS, its digital cinema delivery business unit. In accordance with the terms of the GE Credit Facility, Phase 1 DC paid a prepayment penalty of approximately $1.1 million.

Under the 2010 Credit Agreement, each of the 2010 Term Loans will bear interest, at the option of CDF I and subject to certain conditions, based on the base rate (generally, the bank prime rate) plus a margin of 2.50% or the Eurodollar rate (subject to a floor of 1.75%), plus a margin of 3.50%. All collections and revenues of CDF I are deposited into a special blocked account, from which amounts are paid out on a monthly basis to pay certain operating expenses and principal, interest, fees, costs and expenses relating to the 2010 Credit Agreement according to certain designated priorities. On a quarterly basis, if funds remain after the payment of all such amounts, they will be applied to prepay the 2010 Term Loans. After certain conditions are met, CDF I may use up to 50% of the remaining funds to pay dividends or distributions to Phase 1 DC. The 2010 Term Loans mature and must be paid in full by April 29, 2016. In addition, CDF I may prepay the 2010 Term Loans, without premium or penalty, in whole or in part, subject to paying certain breakage costs, if applicable.

The 2010 Credit Agreement also requires each of CDF I's existing and future direct and indirect domestic subsidiaries (the "Guarantors") to guarantee, under a Guaranty and Security Agreement dated as of May 6, 2010 by and among CDF I, the Guarantors and the Collateral Agent (the "Guaranty and Security Agreement"), the obligations under the 2010 Credit Agreement, and all such obligations to be secured by a first priority perfected

security interest in all of the collective assets of CDF I and the Guarantors, including real estate owned or leased, and all capital stock or other equity interests in Phase 1 DC, CDF I and CDF I's subsidiaries. In connection with the 2010 Credit Agreement, AccessDM the direct parent of Phase 1 DC, entered into a pledge agreement dated as of May 6, 2010 in favor of the Collateral Agent (the "ADM Pledge Agreement") pursuant to which AccessDM pledged to the Collateral Agent all of the outstanding shares of common stock of Phase 1 DC, and Phase 1 DC entered into a pledge agreement dated as of May 6, 2010 in favor of the Collateral Agent (the "Phase 1 DC Pledge Agreement") pursuant to which Phase 1 DC pledged to the Collateral Agent all of the outstanding membership interests of CDF I.

The 2010 Credit Agreement contains customary representations, warranties, affirmative covenants, negative covenants and events of default, as well as conditions to borrowings.

On May 6, 2010, the Company entered into an Amendment and Restatement Agreement between the Company and Sageview (the "Note Amendment") pursuant to which it amended and restated the 2009 Note previously issued to Sageview. The purpose of the Note Amendment was to, among other things, (i) require mandatory prepayments relating to certain servicing fees received by the Company, (ii) permit funds to be set aside to finance the purchase, acquisition or installation of satellite dishes, equipment and infrastructure, (iii) deposit certain additional funds into an existing interest reserve account and (iv) permit the transactions involving CDF I and Phase 1 DC described above to occur.

On May 26, 2010, Phase 2 B/AIX, a direct wholly-owned subsidiary of Phase 2 DC and an indirect wholly-owned subsidiary of the Company, entered into additional credit facilities with a bank to fund the purchase of Systems from an equipment vendor, for installation in movie theatres as part of the Company's Phase II Deployment. The additional facilities increase Phase 2 DC's borrowing capability from its existing credit facility to a total of approximately $47.0 million.

On June 2, 2010, one of the holders of the Preferred Warrants exercised all of their warrants for 700,000 shares of Class A Common Stock.

The 2010 Credit Agreement requires CDF I to enter into an interest rate hedging arrangement covering a certain minimum amount of the loans outstanding. In June 2010, CDF I entered into an interest rate swap with three counterparties (the "2010 Swap") under which CDF I exchanged its variable base rate for a fixed interest rate of 2.16%. The 2010 Swap does not become effective until June 2011, is for a notional amount of $100 million from June 2011 to June 2012, and $80 million from June 2012 to June 2013. After the expiration of the 2010 Swap in June 2013, CDF I would enter into a new hedging arrangement.

PART II. OTHER INFORMATION

ITEM 9. CHANGES IN AND DISAGREEMENTS WITH ACCOUNTANTS ON ACCOUNTING AND FINANCIAL DISCLOSURE

None.

ITEM 9A. CONTROLS AND PROCEDURES

As of the end of the period covered by this report, we conducted an evaluation, under the supervision and with the participation of our principal executive officer and principal financial officer, of the effectiveness of our disclosure controls and procedures (as defined in Rules 13a-15 and 15d-15 of the Securities Exchange Act of 1934 (the "Exchange Act")). Based on this evaluation, our principal executive officer and principal financial officer concluded that our disclosure controls and procedures are effective to ensure that information required to be disclosed by us in reports that we file or submit under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the SEC rules and forms, and that such information is accumulated and communicated to our management, including our principal executive officer and principal financial officer, as appropriate to allow timely decisions regarding required disclosure.

Management's Report on Internal Control Over Financial Reporting

Management is responsible for establishing and maintaining adequate internal control over financial reporting as such term is identified in Exchange Act Rules 13a-15(f). Internal control over financial reporting is a process designed by, or under the supervision of, our Principal Executive Officer and Principal Financial & Accounting Officer, and effected by the Board of Directors, management, and other personnel, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with accounting principles generally accepted in the United States of America. A company's control over financial reporting includes those policies and procedures that:

- pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect our transactions and dispositions of the assets of the company;
- provide reasonable assurance that our transactions are recorded as necessary to permit preparation of our financial statements in accordance with accounting principles generally accepted in the United States of America, and that our receipts and expenditures of the company are being made only in accordance with authorizations of our management and our directors of the company; and
- provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Because of inherent limitations, internal control over financial reporting has inherent limitations which may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions or because the level of compliance with related policies or procedures may deteriorate.

In making the assessment, management used the framework in "Internal Control –Integrated Framework" promulgated by the Committee of Sponsoring Organizations of the Treadway Commission, commonly referred to as the "COSO" criteria. Based on that assessment, our Principal Executive Officer and Principal Financial & Accounting Officer concluded that our internal controls over financial reporting were effective as of March 31, 2010. This annual report on Form 10-K does not include an attestation report of the Company's registered public accounting firm regarding internal control over financial reporting. Management's report was not subject to attestation by the Company's registered public accounting firm pursuant to temporary rules of the SEC that permits the Company to provide only management's report in this annual report.

Changes in Internal Control Over Financial Reporting

There were no changes in our internal control over financial reporting, identified in connection with the evaluation required by paragraph (d) of the Exchange Act, that occurred during this fiscal quarter ended March 31, 2010, has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

ITEM 9B. OTHER INFORMATION

None.

PART III

ITEM 10. DIRECTORS, EXECUTIVE OFFICERS AND CORPORATE GOVERNANCE

Except as set forth below, the information required by this item will appear in Cinedigm's Proxy Statement for our 2010 Annual Meeting of Stockholders to be held on or about September 14, 2010, which will be filed pursuant to Regulation 14A under the Exchange Act and is incorporated by reference in this report pursuant to General Instruction G(3) of Form 10-K (other than the portions thereof not deemed to be "filed" for the purpose of Section 18 of the Exchange Act).

Code of Ethics

We have adopted a code of ethics applicable to all members of the Board, executive officers and employees. Such code of ethics is available on our Internet website, www.cinedigmcorp.com. We intend to disclose any amendment to, or waiver of, a provision of our code of ethics by filing a Form 8-K with the SEC.

ITEM 11. EXECUTIVE COMPENSATION

Information required by this item will appear in Cinedigm's Proxy Statement and is incorporated by reference in this report pursuant to General Instruction G(3) of Form 10-K (other than the portions thereof not deemed to be "filed" for the purpose of Section 18 of the Exchange Act).

ITEM 12. SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT AND RELATED SHAREHOLDER MATTERS

Information required by this item will appear in Cinedigm's Proxy Statement and is incorporated by reference in this report pursuant to General Instruction G(3) of Form 10-K (other than the portions thereof not deemed to be "filed" for the purpose of Section 18 of the Exchange Act).

ITEM 13. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Information required by this item will appear in Cinedigm's Proxy Statement and is incorporated by reference in this report pursuant to General Instruction G(3) of Form 10-K (other than the portions thereof not deemed to be "filed" for the purpose of Section 18 of the Exchange Act).

ITEM 14. PRINCIPAL ACCOUNTANT FEES AND SERVICES

Information required by this item will appear in Cinedigm's Proxy Statement and is incorporated by reference in this report pursuant to General Instruction G(3) of Form 10-K (other than the portions thereof not deemed to be "filed" for the purpose of Section 18 of the Exchange Act).

PART IV

ITEM 15. EXHIBITS, FINANCIAL STATEMENT SCHEDULES

(a)(1) Financial Statements
See Index to Financial Statements on page 48 herein.

(a)(2) Financial Statement Schedules
None.

(a)(3) Exhibits
The exhibits are listed in the Exhibit Index beginning on page 55 herein.

SIGNATURES

Pursuant to the requirements of Section 13 or 15(d) of the Securities Exchange Act of 1934, the registrant has duly caused this report to be signed on its behalf by the undersigned, thereunto duly authorized.
