CAUTIONARY STATEMENT REGARDING FORWARD-LOOKING STATEMENTS

This report contains forward-looking statements that involve substantial risks and uncertainties. Such statements involve known and unknown risks, uncertainties and other factors and undue reliance should not be placed thereon. These forward-looking statements are not historical facts, but rather are based on current expectations, estimates and projections about Owl Rock Capital Corporation (the “Company,” “Owl Rock,” “we” or “our”), our current and prospective portfolio investments, our industry, our beliefs and opinions, and our assumptions. Words such as “anticipates,” “expects,” “intends,” “plans,” “will,” “may,” “continue,” “believes,” “seeks,” “estimates,” “would,” “could,” “should,” “targets,” “projects,” “outlook,” “potential,” “predicts” and variations of these words and similar expressions are intended to identify forward-looking statements. These statements are not guarantees of future performance and are subject to risks, uncertainties and other factors, some of which are beyond our control and difficult to predict and could cause actual results to differ materially from those expressed or forecasted in the forward-looking statements, including without limitation:

- an economic downturn could impair our portfolio companies’ ability to continue to operate, which could lead to the loss of some or all of our investments in such portfolio companies;
- an economic downturn could disproportionately impact the companies that we intend to target for investment, potentially causing us to experience a decrease in investment opportunities and diminished demand for capital from these companies;
- an economic downtown could also impact availability and pricing of our financing;
- a contraction of available credit and/or an inability to access the equity markets could impair our lending and investment activities;
- interest rate volatility could adversely affect our results, particularly if we elect to use leverage as part of our investment strategy;
- currency fluctuations could adversely affect the results of our investments in foreign companies, particularly to the extent that we receive payments denominated in foreign currency rather than U.S. dollars;
- our future operating results;
- our business prospects and the prospects of our portfolio companies;
- our contractual arrangements and relationships with third parties;
- the ability of our portfolio companies to achieve their objectives;
- competition with other entities and our affiliates for investment opportunities;
- the speculative and illiquid nature of our investments;
- the use of borrowed money to finance a portion of our investments as well as any estimates regarding potential use of leverage;
- the adequacy of our financing sources and working capital;
- the loss of key personnel;
- the timing of cash flows, if any, from the operations of our portfolio companies;
- the ability of Owl Rock Capital Advisors LLC (the “Adviser”) to locate suitable investments for us and to monitor and administer our investments;
- the ability of the Adviser to attract and retain highly talented professionals;
- our ability to qualify for and maintain our tax treatment as a regulated investment company (“RIC”) under Subchapter M of the Internal Revenue Code of 1986, as amended (the “Code”), and as a business development company (“BDC”);

- the effect of legal, tax and regulatory changes; and
- other risks, uncertainties and other factors previously identified in the reports and other documents Owl Rock Capital Corporation has filed with the Securities and Exchange Commission.

Although we believe that the assumptions on which these forward-looking statements are based are reasonable, any of those assumptions could prove to be inaccurate, and as a result, the forward-looking statements based on those assumptions also could be inaccurate. In light of these and other uncertainties, the inclusion of a projection or forward-looking statement in this report should not be regarded as a representation by us that our plans and objectives will be achieved. These forward-looking statements apply only as of the date of this report. Moreover, we assume no duty and do not undertake to update the forward-looking statements. Because we are an investment company, the forward-looking statements and projections contained in this report are excluded from the safe harbor protection provided by Section 21E of the U.S. Securities Exchange Act of 1934 Act, as amended (the “1934 Act”).

PART I

Item 1. Business.

General

Our Company

Owl Rock Capital Corporation was formed on October 15, 2015 as a corporation under the laws of the State of Maryland. We are a specialty finance company focused on lending to U.S. middle-market companies. Since we began our investment activities in April 2016 through December 31, 2016, we have originated \$1,173.0 million aggregate principal amount of investments and retained \$1,000.5 million aggregate principal amount of these investments on our balance sheet prior to any subsequent exits or repayments. Our capital will be used by our portfolio companies to support growth, acquisitions, market or product expansion, refinancings and/or recapitalizations. We define “middle market companies” to generally mean companies with earnings before interest expense, income tax expense, depreciation and amortization (“EBITDA”) between \$10 million and \$250 million annually, and/or annual revenue of between \$50 million to \$2.5 billion. We may on occasion invest in smaller or larger companies if an attractive opportunity presents itself, especially when there are dislocations in the capital markets, including the high yield and syndicated loan markets. Our target credit investments will typically have maturities between three and ten years and generally range in size between \$20 million and \$250 million. The investment size will vary with the size of our capital base. As of December 31, 2016, our portfolio companies had weighted average annual revenue of \$571 million and weighted average annual EBITDA of \$81 million.

We invest in senior secured or unsecured loans, subordinated loans or mezzanine loans and, to a lesser extent, equity-related securities including warrants, preferred stock and similar forms of senior equity, which may or may not be convertible into a portfolio company’s common equity. Our investment objective is to generate current income and, to a lesser extent, capital appreciation by targeting investment opportunities with favorable risk-adjusted returns. While we believe that current market conditions favor extending credit to middle market companies in the United States, our investment strategy is intended to generate favorable returns across credit cycles with an emphasis on preserving capital. As of December 31, 2016, based on fair value, our portfolio consisted of 59.4% first lien debt investments and 40.6% second-lien debt investments. Approximately 98.0% of our debt investments based on fair value as of December 31, 2016 are floating rate in nature, all of which are subject to an interest rate floor. As of December 31, 2016 we had investments in 21 portfolio companies, with an average investment size in each of our portfolio companies of approximately \$46 million based on fair value.

As of December 31, 2016, our portfolio was invested across 13 different industries. The largest industries in our portfolio as of December 31, 2016 were distribution and food and beverage, which represented, as a percentage of our portfolio, 22.2% and 20.1%, respectively, based on fair value.

To date we have conducted private offerings (each, a “Private Offering”) of our common shares to investors in reliance on exemptions from the registration requirements of the U.S. Securities Act of 1933, as amended (the “1933 Act”). At the closing of any Private Offering, each investor will make a capital commitment (a “Capital Commitment”) to purchase shares of our common stock pursuant to a subscription agreement entered into with us. Investors are required to fund drawdowns to purchase shares of our common stock up to the amount of their respective Capital Commitments on an as-needed basis each time we deliver a notice to the investors. The initial Private Offering closing (the “Initial Closing”) occurred on March 3, 2016. Prior to the listing of our common stock on a national securities exchange (an “Exchange Listing”), the Adviser may, in its sole discretion, permit one or more additional closings (“Subsequent Closings”) as additional Capital Commitments are obtained (the conclusion of all Subsequent Closings, if any, the “Final Closing” and the Initial Closing, each Subsequent Closing and the Final Closing, each a “Closing”). See “— *The Private Offering*.”

We are an externally managed, closed-end, non-diversified management investment company that has elected to be regulated as a BDC under the U.S. Investment Company Act of 1940, as amended (the “1940 Act”). We intend to elect to be treated, and intend to qualify annually thereafter, as a RIC under the Code for U.S. federal income tax purposes. As a BDC and a RIC, we are required to comply with certain regulatory requirements. As a BDC, at least 70% of our assets must be assets of the type listed in Section 55(a) of the 1940 Act, as described herein. We will not invest more than 20% of our total assets in companies whose principal place of business is outside the United States.

See “—*Regulation as a Business Development Company*” and “—*Certain U.S. Federal Income Tax Considerations*. ”

We generally intend to distribute, out of assets legally available for distribution, substantially all of our available earnings, on a quarterly basis, as determined by our board of directors (the “Board”) in its discretion.

To achieve our investment objective, we will leverage the Adviser’s investment team’s extensive network of relationships with other sophisticated institutions to source, evaluate and, as appropriate, partner with on transactions. There are no assurances that we will achieve our investment objective.

From time to time, we may be exposed to significant market risk. See “*ITEM 1A. RISK FACTORS —Risks Related to our Investments — We will be exposed to risk associated with changes in interest rates .*” Our investment portfolio may be concentrated. We are subject to certain investment restrictions with respect to leverage and type of investment. We or our affiliates may engage in certain origination activities and receive attendant structuring or similar fees.

We may borrow money from time to time within the levels permitted by the 1940 Act (which generally allows us to incur leverage up to one half of our assets). We have entered into a senior secured revolving credit facility (the “Revolving Credit Facility”) and a subscription line revolving credit facility (the “Subscription Credit Facility”) and in the future may enter into additional credit facilities. We expect to use our credit facilities and other borrowings, along with proceeds from the rotation of our portfolio and proceeds from the Private Offerings to finance our investment objectives. See “—*Business Development Company Regulations*” for discussion of BDC regulation and other regulatory considerations. See “*ITEM 7. MANAGEMENT’S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS — Credit Facility*” for a discussion of the Revolving Credit Facility and the Subscription Credit Facility.

Market Trends

We believe the middle market lending environment provides opportunities for us to meet our goal of making investments that generate attractive risk-adjusted returns as a result of a combination of the following factors:

Limited Availability of Capital for Middle Market Companies. We believe that regulatory and structural changes in the market have reduced the amount of capital available to U.S. middle-market companies. In particular, we believe there are currently fewer traditional providers of capital to middle market companies. Traditional middle market lenders, such as commercial and regional banks and commercial finance companies, have contracted their origination and lending activities and are focusing on more liquid asset classes, or have exited the business altogether. We believe the Basel III accord, and implemented regulations by the Federal Reserve, the Office of the Comptroller of the Currency and the Federal Deposit Insurance Corporation (the “FDIC”) have significantly increased capital and liquidity requirements for banks, decreasing their capacity to hold non-investment grade leveraged loans on their balance sheets. Coupled with new risk retention requirements for collateralized loan vehicles, we believe these developments reduce the capacity of traditional lenders to serve this market segment and, as a result, have restricted the access to capital and increased the cost of borrowing for U.S. middle market companies.

Capital Markets Have Been Unable to Fill the Void in U.S. Middle Market Finance Left by Banks . While underwritten bond and syndicated loan markets have been robust in recent years, middle market companies are less able to access these markets for reasons including the following:

High Yield Market – Middle market companies generally are not issuing debt in an amount large enough to be an attractively sized bond. High yield bonds are generally purchased by institutional investors who, among other things, are highly focused on the liquidity characteristics of the bond being issued. For example, mutual funds and exchange traded funds (“ETFs”) are significant buyers of underwritten bonds. However, mutual funds and ETFs generally require the ability to liquidate their investments quickly in order to fund investor redemptions and comply with regulatory requirements. Accordingly, the existence of an active secondary market for bonds is an important consideration in these entities’ initial investment decision. Because there is typically little or no active secondary

market for the debt of U.S. middle market companies, mutual funds and ETFs generally do not provide debt capital to U.S. middle market companies. We believe this is likely to be a persistent problem and creates an advantage for those like us who have a more stable capital base and have the ability to invest in illiquid assets.

Syndicated Loan Market – While the syndicated loan market is modestly more accommodating to middle market issuers, as with bonds, loan issue size and liquidity are key drivers of institutional appetite and, correspondingly, underwriters' willingness to underwrite the loans. Loans arranged through a bank are done either on a “best efforts” basis or are underwritten with terms plus “flex” – a set of terms, coupon and fee cushion that underwriters have the right to impose on the loan as a means to help the loan clear the market in the event the terms initially marketed are insufficiently attractive to investors. Furthermore, banks are generally reluctant to underwrite middle market loans because the arrangement fees they may earn on the placement of the debt generally is not sufficient to meet the banks’ return hurdles. Loans provided by companies such as ours provide certainty to issuers in that we can commit to a given amount of debt on specific terms, at stated coupons and with agreed upon fees. As we are the ultimate holder of the loans, we do not require market “flex” or other arrangements that banks may require when acting on an agency basis.

Robust Demand for Debt Capital . We believe U.S. middle market companies will continue to require access to debt capital to refinance existing debt, support growth and finance acquisitions. In addition, we believe the large amount of uninvested capital held by funds of private equity firms, estimated by Prequin Ltd., an alternative assets industry data and research company, to be \$1.47 trillion as of December 2016, will continue to drive deal activity. We expect that private equity sponsors will continue to pursue acquisitions and leverage their equity investments with secured loans provided by companies such as us.

The Middle Market is a Large Addressable Market . According to GE Capital’s National Center for the Middle Market 4th Quarter 2016 Middle Market Indicator, there are approximately 200,000 U.S. middle market companies, which have approximately 47.9 million aggregate employees. Moreover, the U.S. middle market accounts for approximately \$5.9 trillion of private sector gross domestic product (“GDP”) which, measured on a global scale, would be the fifth largest global economy. GE defines U.S. middle market companies as those between \$10 million and \$1 billion in annual revenue, which we believe has significant overlap with our definition of U.S. middle market companies.

Attractive Investment Dynamics. An imbalance between the supply of, and demand for, middle market debt capital creates attractive pricing dynamics. We believe the directly negotiated nature of middle market financings also generally provides more favorable terms to the lender, including stronger covenant and reporting packages, better call protection, and lender-protective change of control provisions. Additionally, we believe BDC managers’ expertise in credit selection and ability to manage through credit cycles has generally resulted in BDCs experiencing lower loss rates than U.S. commercial banks through credit cycles. Further, we believe that historical middle market default rates have been lower, and recovery rates have been higher, as compared to the larger market capitalization, broadly distributed market, leading to lower cumulative losses.

Conservative Capital Structures. Following the credit crisis, which we define broadly as occurring between mid-2007 and mid-2009, lenders have generally required borrowers to maintain more equity as a percentage of their total capitalization, specifically to protect lenders during economic downturns. With more conservative capital structures , U.S. middle market companies have exhibited higher levels of cash flows available to service their debt. In addition, U.S. middle market companies often are characterized by simpler capital structures than larger borrowers, which facilitates a streamlined underwriting process and, when necessary, restructuring process.

Attractive Opportunities in Investments in Loans . We intend to invest in senior secured or unsecured loans, subordinated loans or mezzanine loans and, to a lesser extent, equity-related securities. We believe that opportunities in senior secured loans are significant because of the floating rate structure of most senior secured debt issues and because of the strong defensive characteristics of these types of investments. Given the current low interest rate environment, we believe that debt issues with floating interest rates offer a superior return profile as compared with fixed-rate investments, since floating rate structures are generally less susceptible to declines in value experienced by fixed-rate securities in a rising interest rate environment. Senior secured debt also provides strong defensive characteristics. Senior secured debt has priority in payment among an issuer’s security holders whereby holders are

due to receive payment before junior creditors and equity holders. Further, these investments are secured by the issuer's assets, which may provide protection in the event of a default.

The Adviser – Owl Rock Capital Advisors LLC

Owl Rock Capital Advisors LLC (the "Adviser") serves as our investment adviser pursuant to an investment advisory agreement (the "Investment Advisory Agreement") between us and the Adviser. The Adviser is registered with the SEC as an investment adviser under the U.S. Investment Advisers Act of 1940, as amended (the "Advisors Act"). The Adviser is an indirect subsidiary of Owl Rock Capital Partners LP ("Owl Rock Capital Partners"). Owl Rock Capital Partners is led by its three co-founders, Douglas I. Ostrover, Marc S. Lipschultz and Craig W. Packer . The Adviser's investment team (the "Investment Team") is also led by Douglas I. Ostrover, Marc S. Lipschultz and Craig W. Packer and is supported by certain members of the Adviser's senior executive team and the investment committee. The Investment Committee is comprised of Douglas I. Ostrover, Marc S. Lipschultz, Craig W. Packer and Alexis Maged. The Adviser has limited operating history. Subject to the overall supervision of the Board, the Adviser manages our day-to-day operations, and provides investment advisory and management services to us.

The Adviser also serves as investment adviser to Owl Rock Capital Corporation II. Owl Rock Capital Corporation II is a corporation formed under the laws of the State of Maryland that intends to elect to be treated as a business development company under the 1940 Act. Its investment objective is similar to our investment objective, which is to generate current income, and to a lesser extent, capital appreciation by targeting investment opportunities with favorable risk-adjusted returns. Owl Rock Capital Corporation II is offering up to 264,000,000 shares of its common stock on a continuous basis through Owl Rock Capital Securities LLC (d/b/a Owl Rock Securities), its dealer manager and an affiliate of Owl Rock Capital Partners. Owl Rock Securities is registered as a broker-dealer with the SEC and is a member of the Financial Industry Regulatory Authority .

In addition to Owl Rock Capital Corporation II, the Adviser may provide management or investment advisory services to entities that have overlapping objectives with us. The Adviser may face conflicts in the allocation of investment opportunities to us and others. In order to address these conflicts, the Adviser has put in place an investment allocation policy that addresses the allocation of investment opportunities as well as co-investment restrictions under the 1940 Act.

In addition, we, the Adviser and certain of our affiliates have been granted exemptive relief by the SEC to co-invest with other funds managed by the Adviser or its affiliates in a manner consistent with our investment objective, positions, policies, strategies and restrictions as well as regulatory requirements and other pertinent factors. Pursuant to such exemptive relief, we generally are permitted to co-invest with certain of our affiliates if a "required majority" (as defined in Section 57(o) of the 1940 Act) of our independent directors make certain conclusions in connection with a co-investment transaction, including that (1) the terms of the transaction, including the consideration to be paid, are reasonable and fair to us and our shareholders and do not involve overreaching of us or our shareholders on the part of any person concerned, (2) the transaction is consistent with the interests of our shareholders and is consistent with our investment objective and strategies, and (3) the investment by our affiliates would not disadvantage us, and our participation would not be on a basis different from or less advantageous than that on which our affiliates are investing. The Adviser's investment allocation policy incorporates the conditions of the exemptive relief. See "*ITEM 1A. RISK FACTORS —Risks Related to our Adviser and its Affiliates — The Adviser will experience conflicts of interest in connection with the management of our business affairs.*"

The Adviser or its affiliates may engage in certain origination activities and receive attendant arrangement, structuring or similar fees. See "*ITEM 1A. RISK FACTORS —Risks Related to our Adviser and its Affiliates — The Adviser may face conflicts of interest with respect to services performed for issuers in which we invest .*"

Potential Competitive Advantages

We believe that the Adviser's disciplined approach to origination, fundamental credit analysis, portfolio construction and risk management should allow us to achieve attractive risk-adjusted returns while preserving our capital. We believe that we represent an attractive investment opportunity for the following reasons:

Experienced Team With Expertise Across all Levels of the Corporate Capital Structure. The members of the Investment Committee have over 25 years of experience in private lending and investing at all levels of a company's capital structure, particularly in high yield securities, leveraged loans, high yield credit derivatives and distressed securities, as well as experience in operations, corporate finance and mergers and acquisitions. The members of the Investment Committee have diverse backgrounds with investing experience through multiple business and credit cycles. Moreover, certain members of the Investment Committee and other executives and employees of the Adviser and its affiliates have operating and/or investing experience on behalf of business development companies. We believe this experience provides the Adviser with an in-depth understanding of the strategic, financial and operational challenges and opportunities of middle market companies and will afford it numerous tools to manage risk while preserving the opportunity for attractive risk-adjusted returns on our investments.

Distinctive Origination Platform. We anticipate that a substantial majority of our investments will be sourced directly and that our origination platform provides us the ability to originate investments without the assistance of investment banks or other traditional Wall Street intermediaries. The Investment Team is responsible for originating, underwriting, executing and managing the assets of our direct lending transactions and for sourcing and executing opportunities directly. The Investment Team has significant experience as transaction originators and building and maintaining strong relationships with private equity sponsors and companies.

The Investment Team also maintains direct contact with banks, corporate advisory firms, industry consultants, attorneys, investment banks, "club" investors and other potential sources of lending opportunities. We believe the Adviser's ability to source through multiple channels allows us to generate investment opportunities that have more attractive risk-adjusted return characteristics than by relying solely on origination flow from investment banks or other intermediaries and to be more selective investors.

Since its inception through December 31, 2016, the Adviser has sourced potential investment opportunities from over 120 private equity sponsors. We believe that the Adviser receives "early looks" based on its relationships, allowing it to be highly selective in the transactions it pursues.

Potential Long-Term Investment Horizon. We believe our potential long-term investment horizon gives us flexibility, allowing us to maximize returns on our investments. We invest using a long-term focus, which we believe provides us with the opportunity to increase total returns on invested capital, as compared to other private company investment vehicles or investment vehicles with daily liquidity requirements (e.g. open-ended mutual funds and ETFs).

Defensive, Income-Orientated Investment Philosophy. The Adviser employs a defensive investment approach focused on long-term credit performance and principal protection. This investment approach involves a multi-stage selection process for each investment opportunity as well as ongoing monitoring of each investment made, with particular emphasis on early detection of credit deterioration. This strategy is designed to minimize potential losses and achieve attractive risk adjusted returns.

Active Portfolio Monitoring. The Adviser closely monitors the investments in our portfolio and take a proactive approach to identifying and addressing sector- or company-specific risks. The Adviser receives and reviews detailed financial information from portfolio companies no less than quarterly and seeks to maintain regular dialogue with portfolio company management teams regarding current and forecasted performance. We anticipate that many of our investments will have financial covenants that we believe will provide an early warning of potential problems facing our borrowers, allowing lenders, including us, to identify and carefully manage risk.

Investment Selection

The Adviser has identified the following investment criteria and guidelines that it believes are important in evaluating prospective portfolio companies. However, not all of these criteria and guidelines will be met, or will be equally important, in connection with each of our investments.

Established Companies with Positive Cash Flow. We seek to invest in companies with sound historical financial performance which we believe tend to be well-positioned to maintain consistent cash flow to service and repay their obligations and maintain growth in their businesses or market share. The Adviser typically focuses on companies with a history of profitability on an operating cash flow basis. The Adviser does not intend to invest in start-up companies that have not achieved sustainable profitability and cash flow generation or companies with speculative business plans.

Strong Competitive Position in Industry. The Adviser analyzes the strengths and weaknesses of target companies relative to their competitors. The factors the Adviser considers include relative product pricing, product quality, customer loyalty, substitution risk, switching costs, patent protection, brand positioning and capitalization. We seek to invest in companies that have developed leading positions within their respective markets, are well positioned to capitalize on growth opportunities and operate businesses, exhibit the potential to maintain sufficient cash flows and profitability to service their obligations in a range of economic environments or are in industries with significant barriers to entry. We seek companies that demonstrate advantages in scale, scope, customer loyalty, product pricing or product quality that, when compared to their competitors, may help to protect their market position and profitability.

Experienced Management Team. We seek to invest in companies that have experienced management teams. We also seek to invest in companies that have proper incentives in place, including management teams having significant equity interests to motivate them to act in alignment with our interests as an investor.

Diversified Customer and Supplier Base. We generally seek to invest in companies that have a diversified customer and supplier base. Companies with a diversified customer and supplier base are generally better able to endure economic downturns, industry consolidation, changing business preferences and other factors that may negatively impact their customers, suppliers and competitors.

Multiple Methods of Repayment. While certain debt investments may be repaid through operating cash flows of the borrower, we expect that the primary means by which we will exit our debt investments will be through methods such as strategic acquisitions by other industry participants, an initial public offering of common stock, a recapitalization, a refinancing or another transaction in the capital markets.

Ability to Syndicate. In connection with our investing activities, we may make commitments with respect to an investment in a potential portfolio company substantially in excess of our final investment. In such situations, while we may initially agree to fund up to a certain dollar amount of an investment, we may syndicate a portion of that amount, such that we are left with a smaller investment than what was reflected in our original commitment.

Private Equity Sponsorship. Typically we seek to participate in transactions sponsored by what we believe to be high-quality private equity firms. We believe that a private equity sponsor's willingness to invest significant sums of equity capital into a company is an explicit endorsement of the quality of their investment. Further, private equity sponsors of portfolio companies with significant investments at risk have the ability and a strong incentive to contribute additional capital in difficult economic times should operational issues arise.

Investments in Different Portfolio Companies and Industries. We seek to invest broadly among portfolio companies and industries, thereby potentially reducing the risk of any one company or industry having a disproportionate impact on the value of our portfolio; however there can be no assurances in this regard.

Investment Process Overview

Origination and Sourcing. The Investment Team has an extensive network from which to source deal flow and referrals. Specifically, the Adviser sources portfolio investments from a variety of different investment sources,

including among others, private equity sponsors, management teams, financial intermediaries and advisers, investment bankers, family offices, accounting firms and law firms. The Adviser believes that its experience across different industries and transaction types makes the Adviser particularly qualified to source, analyze and execute investment opportunities.

Due Diligence Process. The process through which an investment decision is made involves extensive research into the company, its industry, its growth prospects and its ability to withstand adverse conditions. If the Investment Team responsible for the transaction determines that an investment opportunity should be pursued, the Adviser will engage in an intensive due diligence process. Though each transaction may involve a somewhat different approach, the Adviser's diligence of each opportunity could include:

- understanding the purpose of the loan, the key personnel, the sources and uses of the proceeds and other variables;
- meeting the company's management and key personnel, including top level executives, to get an insider's view of the business, and to probe for potential weaknesses in business prospects;
- performing a detailed review of historical financial performance, including performance through various economic cycles, and the quality of earnings;
- contacting customers and vendors to assess both business prospects and standard practices;
- conducting a competitive analysis, and comparing the company to its main competitors on an operating, financial, market share and valuation basis;
- researching the industry for historic growth trends and future prospects as well as to identify future exit alternatives;
- assessing asset value and the ability of physical infrastructure and information systems to handle anticipated growth;
- leveraging the Adviser's internal resources and network with institutional knowledge of the company's business; and
- investigating legal and regulatory risks and financial and accounting systems and practices.

Selective Investment Process. After a potential investment has been identified and preliminary diligence has been completed, a credit research and analysis report is prepared which includes financial model projections, specific credit statistics, and an investment recovery analysis. This report is prepared by the members of the Investment Team in charge of the potential investment. If these members of the Investment Team are in favor of the potential investment, then a more extensive due diligence process may be employed. Additional due diligence with respect to any investment may be conducted on our behalf by attorneys, independent accountants, and other third-party consultants and research firms prior to the closing of the investment, as appropriate on a case-by-case basis.

Structuring and Execution. Approval of an investment requires the unanimous approval of the Investment Committee. Once the Investment Committee analyzes downside projections and preservation of capital analyses along with risk adjusted returns and has determined that a prospective portfolio company is suitable for investment, the Adviser works with the sponsor or management team of that company and its other capital providers, including senior, junior and equity capital providers, if any, to finalize the structure and terms of the investment.

Portfolio Monitoring. The Adviser monitors our portfolio companies on an ongoing basis. The Adviser monitors the financial trends of each portfolio company to determine if it is meeting its business plans and to assess the appropriate course of action with respect to our investment in each portfolio company. The Adviser has a number of methods of evaluating and monitoring the performance and fair value of our investments, which may include the following:

- assessment of success of the portfolio company in adhering to its business plan and compliance with covenants;
- periodic and regular contact with portfolio company management and, if appropriate, the financial or strategic sponsor, to discuss financial position, requirements and accomplishments;
- comparisons to other companies in the portfolio company's industry;
- attendance at, and participation in, board meetings; and
- review of periodic financial statements and financial projections for portfolio companies.

Structure of Investments

Our investment objective is to generate current income and, to a lesser extent, capital appreciation.

Debt Investments. The terms of our debt investments are tailored to the facts and circumstances of each transaction. The Adviser negotiates the structure of each investment to protect our rights and manage our risk. We intend to invest in the following types of debt:

- *First-lien debt.* First-lien debt is typically senior on a lien basis to other liabilities in the issuer's capital structure and has the benefit of a first-priority security interest in assets of the issuer. The security interest ranks above the security interest of any second-lien lenders in those assets. Our first-lien debt may include stand-alone first-lien loans, "last out" first lien loans, "Unitranche" loans and secured corporate bonds with similar features to these categories of first-lien loans.
 - *Stand-alone first lien loans.* Stand-alone first-lien loans are traditional first-lien loans. All lenders in the facility have equal rights to the collateral that is subject to the first-priority security interest.
 - *"Last out" first-lien / unitranche loans.* Unitranche loans combine features of first-lien, second-lien and mezzanine debt, generally in a first-lien position. In many cases, we may provide the issuer most, if not all, of the capital structure above the equity. The primary advantages to the issuer are the ability to negotiate the entire debt financing with one lender and the elimination of intercreditor issues. "Last out" first-lien loans have a secondary priority behind super-senior "first out" first-lien loans in the collateral securing the loans in certain circumstances. The arrangements for a "last out" first-lien loan are set forth in an "agreement among lenders," which provides lenders with "first out" and "last out" payment streams based on a single lien on the collateral. Since the "first out" lenders generally have priority over the "last out" lenders for receiving payment under certain specified events of default, or upon the occurrence of other triggering events under intercreditor agreements or agreements among lenders, the "last out" lenders bear a greater risk and, in exchange, receive a higher effective interest rate, through arrangements among the lenders, than the "first out" lenders or lenders in stand-alone first-lien loans. Agreements among lenders also typically provide greater voting rights to the "last out" lenders than the intercreditor agreements to which second-lien lenders often are subject. Among the types of first-lien debt in which we may invest, "last out" first lien loans generally have higher effective interest rates than other types of first-lien loans, since "last out" first lien loans rank below standalone first lien loans.

- *Second-lien debt.* Our second-lien debt may include secured loans, and, to a lesser extent, secured corporate bonds, with a secondary priority behind first-lien debt. Second-lien debt typically is senior on a lien basis to unsecured liabilities in the issuer's capital structure and has the benefit of a security interest over assets of the issuer, though ranking junior to first-lien debt secured by those assets. First-lien lenders and second-lien lenders typically have separate liens on the collateral, and an intercreditor agreement provides the first-lien lenders with priority over the second-lien lenders' liens on the collateral.
- *Mezzanine debt.* Structurally, mezzanine debt usually ranks subordinate in priority of payment to first-lien and second-lien debt, is often unsecured, and may not have the benefit of financial covenants common in first-lien and second-lien debt. However, mezzanine debt ranks senior to common and preferred equity in an issuer's capital structure. Mezzanine debt investments generally offer lenders fixed returns in the form of interest payments and may provide lenders an opportunity to participate in the capital appreciation, if any, of an issuer through an equity interest. This equity interest typically takes the form of an equity co-investment or warrants. Due to its higher risk profile and often less restrictive covenants compared to senior secured loans, mezzanine debt generally bears a higher stated interest rate than first-lien and second-lien debt.

Our debt investments are typically structured with the maximum seniority and collateral that we can reasonably obtain while seeking to achieve our total return target. The Adviser seeks to limit the downside potential of our investments by:

- requiring a total return on our investments (including both interest and potential equity appreciation) that compensates us for credit risk;
- negotiating covenants in connection with our investments consistent with preservation of our capital. Such restrictions may include affirmative covenants (including reporting requirements), negative covenants (including financial covenants), lien protection, change of control provisions and board rights, including either observation rights or rights to a seat on the board under some circumstances; and
- including debt amortization requirements, where appropriate, to require the timely repayment of principal of the loan, as well as appropriate maturity dates.

Within our portfolio, the Adviser aims to maintain the appropriate proportion among the various types of first-lien loans, as well as second-lien debt and mezzanine debt, to allow us to achieve our target returns while maintaining our targeted amount of credit risk.

Equity Investments. Our investment in a portfolio company may include an equity interest, such as a warrant or profit participation right. In certain instances, we will also make direct equity investments, although those situations are generally limited to those cases where we are making an investment in a more senior part of the capital structure of the issuer.

Investments

As of December 31, 2016, we had made investments with an aggregate fair value of \$967.4 million in 21 portfolio companies. Investments consisted of the following at December 31, 2016:

	December 31, 2016		
(\$ in thousands)	Amortized Cost	Fair Value	Unrealized Gain
First-lien senior secured debt investments	\$ 570,806	\$ 574,776	\$ 3,970
Second-lien senior secured debt investments	388,962	392,623	3,661
Total Investments	\$ 959,768	\$ 967,399	\$ 7,631

As of December 31, 2016, we had outstanding commitments to fund a revolver and delayed draw term loan totaling \$20.4 million.

The industry composition of investments at fair value at December 31, 2016 was as follows:

	December 31, 2016
Advertising and media	8.3 %
Aerospace and defense	5.1 %
Business services	6.6 %
Distribution	22.2 %
Food and beverage	20.1 %
Healthcare and pharmaceuticals	5.1 %
Healthcare equipment and services	6.2 %
Infrastructure and environmental services	6.6 %
Insurance	3.6 %
Internet software and services	3.0 %
Leisure and entertainment	3.7 %
Manufacturing	1.6 %
Professional services	7.9 %
Total	100.0 %

The geographic composition of investments at fair value at December 31, 2016 was as follows:

	December 31, 2016
United States:	
Midwest	25.8 %
Northeast	28.8 %
South	29.6 %
West	12.9 %
Canada	2.9 %
Total	100.0 %

Capital Resources and Borrowings

We anticipate generating cash in the future from the issuance of common stock and cash flows from operations, including interest received on our debt investments.

Additionally, we are permitted, under specified conditions, to issue multiple classes of indebtedness and one class of shares senior to our common stock if our asset coverage, as defined in the 1940 Act, is at least equal to 200% immediately after each such issuance. As of December 31, 2016, our asset coverage was 237%. See “*Regulation as a Business Development Company – Senior Securities*” below.

Furthermore, while any indebtedness and senior securities remain outstanding, we must take provisions to prohibit any distribution to our shareholders (which may cause us to fail to distribute amounts necessary to avoid entity-level taxation under the Code), or the repurchase of such securities or shares unless we meet the applicable asset coverage ratios at the time of the distribution or repurchase. In addition, we must also comply with positive and negative covenants customary for these types of facilities.

Our debt obligations consisted of the following as of December 31, 2016:

December 31, 2016

(\$ in thousands)	Aggregate Principal Committed	Outstanding Principal	Amount Available (1)	Net Carrying Value (2)
Subscription Credit Facility	\$ 500,000	\$ 495,000	\$ 5,000	\$ 491,906
Total Debt	\$ 500,000	\$ 495,000	\$ 5,000	\$ 491,906

(1) The amount available reflects any limitations related to the Subscription Credit Facility's borrowing base.

(2) The carrying value of the Company's Subscription Credit Facility is presented net of deferred financing costs of \$3.1 million.

On February 1, 2017, we entered into a \$400 million Revolving Credit Facility. The maximum capacity under the Revolving Credit Facility may be increased to \$750 million through the exercise by the borrower of an uncommitted accordion feature through which existing and new lenders may, at their option, agree to provide additional financing. The availability period under the credit facility agreement will terminate on January 31, 2020, and the facility will mature on February 1, 2021. See "*ITEM 7. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS—Financial Condition, Liquidity and Capital Resources — Credit Facilities*".

Dividend Policy

To maintain our status as a RIC, we must distribute (or be treated as distributing) in each taxable year dividends of an amount equal to at least 90% of our investment company taxable income (which includes, among other items, dividends, interest, the excess of any net short-term capital gains over net long-term capital losses, as well as other taxable income, excluding any net capital gains reduced by deductible expenses) and 90% of our net tax-exempt income for that taxable year. As a RIC, we generally will not be subject to corporate-level U.S. federal income tax on our investment company taxable income and net capital gains that we distribute to shareholders. In addition, to avoid the imposition of a nondeductible 4% U.S. federal excise tax, we must distribute (or be treated as distributing) in each calendar year an amount at least equal to the sum of:

- 98% of our net ordinary income, excluding certain ordinary gains and losses, recognized during a calendar year;
- 98.2% of our capital gain net income, adjusted for certain ordinary gains and losses, recognized for the twelve-month period ending on October 31 of such calendar year; and
- 100% of any income or gains recognized, but not distributed, in preceding years.

We have previously incurred, and can be expected to incur in the future, such excise tax on a portion of our income and gains. While we intend to distribute income and capital gains to minimize exposure to the 4% excise tax, we may not be able to, or may not choose to, distribute amounts sufficient to avoid the imposition of the tax entirely. In that event, we will be liable for the tax only on the amount by which we do not meet the foregoing distribution requirement. See "*ITEM 1A RISK FACTORS – Federal Income Tax Risks – We will be subject to corporate-level income tax if we are unable to qualify and maintain our qualification as a RIC under Subchapter M of the Code or if we make investments through taxable subsidiaries.*"

Dividend Reinvestment Plan

We have adopted a dividend reinvestment plan, pursuant to which we will reinvest all cash distributions declared by the Board on behalf of our shareholders who do not elect to receive their distribution in cash as provided below. As a result, if the Board authorizes, and we declare, a cash dividend or other distribution, then our shareholders who have not opted out of our dividend reinvestment plan will have their cash distributions automatically reinvested in additional shares of our common stock as described below, rather than receiving the cash dividend or other distribution. Any fractional share otherwise issuable to a participant in the dividend reinvestment plan will instead be paid in cash.

The number of shares to be issued to a shareholder under the dividend reinvestment plan will be determined by dividing the total dollar amount of the distribution payable to such shareholder by the net asset value per share of

our common stock, as of the last day of our calendar quarter immediately preceding the date such distribution was declared. We intend to use newly issued shares to implement the plan.

No action is required on the part of a registered shareholder to have his, her or its cash dividend or other distributions reinvested in shares of our common stock. A registered shareholder is able to elect to receive an entire cash dividend or other distribution in cash by notifying the Adviser in writing so that such notice is received by the Adviser no later than ten days prior to the record date for distributions to the shareholders.

There are no brokerage charges or other charges to shareholders who participate in the plan.

The plan is terminable by us upon notice in writing mailed to each shareholder of record at least 30 days prior to any record date for the payment of any distribution by us.

Repurchase Offers

Beginning with the quarter after we accept subscriptions for \$1 billion of cumulative total Capital Commitments, until an Exchange Listing, we may conduct repurchase offers to allow shareholders to tender their shares of our common stock at a price per share expected to reflect a recently calculated net asset value (“NAV”) per share. Any such share repurchase offer will be at the discretion of the Board and subject to applicable law. We will conduct any repurchase offers in accordance with Section 23(c) of the 1940 Act and Rule 13e-4 under the 1934 Act. We intend to limit the number of shares repurchased pursuant to any such repurchase offers to 15% of the total Capital Commitments raised in excess of \$1 billion, with the exact amount to be set by the Board. The Board has complete discretion to determine whether we will engage in any share repurchase and, if so the terms of such repurchase. Although we may conduct repurchase offers beginning with the quarter after we accept subscriptions for \$1 billion of cumulative total Capital Commitments, the Board has complete and absolute discretion to determine whether we will engage in any share repurchases and, if so, the terms of such repurchases. Therefore, we may ultimately not engage in any share repurchases or may cease share repurchases at any time, and shareholders may not be able to sell shares of our common stock at all. Shareholders should not assume or rely upon any expectation that we will offer to repurchase any of their shares of our common stock.

Competition

Our primary competitors in providing financing to middle market companies include public and private funds, other BDCs, commercial and investment banks, commercial finance companies and, to the extent they provide an alternative form of financing, private equity and hedge funds. Many of our competitors are substantially larger and have considerably greater financial, technical, and marketing resources than we do. Some competitors may have access to funding sources that are not available to us. In addition, some of our competitors may have higher risk tolerances or different risk assessments, which could allow them to consider a wider variety of investments and establish more relationships than us. Further, many of our competitors are not subject to the regulatory restrictions that the 1940 Act imposes on us as a business development company, or to the distribution and other requirements we must satisfy to maintain our RIC status. See “*ITEM 1A. RISK FACTORS — Risk Relating to Our Business — We may face increasing competition for investment opportunities, which could delay further deployment of our capital, reduce returns and result in losses .*”

Investment Advisory Agreement

The description below of the Investment Advisory Agreement is only a summary and is not necessarily complete. The description set forth below is qualified in its entirety by reference to the Investment Advisory Agreement.

Under the terms of the Investment Advisory Agreement, the Adviser is responsible for the following:

- managing our assets in accordance with our investment objective, policies and restrictions;
- determining the composition of our portfolio, the nature and timing of the changes to our portfolio and the manner of implementing such changes;

- making investment decisions for us, including negotiating the terms of investments in, and dispositions of, portfolio securities and other instruments on its behalf;
- monitoring our investments;
- performing due diligence on prospective portfolio companies;
- exercising voting rights in respect of portfolio securities and other investments for us;
- serving on, and exercising observer rights for, boards of directors and similar committees of our portfolio companies; and
- providing us with such other investment advisory and related services as we may, from time to time, reasonably require for the investment of capital.

The Adviser's services under the Investment Advisory Agreement are not exclusive, and it is free to furnish similar services to other entities so long as its services to us are not impaired.

Term

Unless earlier terminated as described below, the Investment Advisory Agreement will remain in effect for a period of two years from March 1, 2016, the date it first became effective, and will remain in effect from year-to-year thereafter if approved annually by a majority of the Board or by the holders of a majority of our outstanding voting securities and, in each case, a majority of the independent directors.

The Investment Advisory Agreement will automatically terminate within the meaning of the 1940 Act and related SEC guidance and interpretations in the event of its assignment. In accordance with the 1940 Act, without payment of penalty, we may terminate the Investment Advisory Agreement with the Adviser upon 60 days' written notice. The decision to terminate the agreement may be made by a majority of the Board or the shareholders holding a Majority of the Outstanding Shares of our common stock. "Majority of the Outstanding Shares" means the lesser of (1) 67% or more of the outstanding shares of common stock present at a meeting, if the holders of more than 50% of the outstanding shares of common stock are present or represented by proxy or (2) a majority of outstanding shares of common stock. In addition, without payment of penalty, the Adviser may generally terminate the Investment Advisory Agreement upon 60 days' written notice.

Removal of Adviser

The Adviser may be removed by the Board or by the affirmative vote of a Majority of the Outstanding Shares.

Compensation of the Adviser

We pay the Adviser a fee for its services under the Investment Advisory Agreement consisting of two components: a Management Fee and an Incentive Fee. The cost of both the Management Fee and the Incentive Fee will ultimately be borne by our shareholders.

The Management Fee is payable quarterly in arrears. Prior to an Exchange Listing, the Management Fee is payable at an annual rate of 0.75% of our (i) average gross assets, excluding cash and cash equivalents but including assets purchased with borrowed amounts, at the end of our two most recently completed calendar quarters plus (ii) the average of any shareholder's remaining unfunded Capital Commitments to us at the end of the two most recently completed calendar quarters. Following an Exchange Listing, the Management Fee is payable at an annual rate of 1.75% of our average gross assets excluding cash and cash equivalents but including assets purchased with borrowed amounts, at the end of the two most recently completed calendar quarters payable quarterly in arrears. The Management Fee for any partial month or quarter, as the case may be, will be appropriately prorated and adjusted for any share issuances or repurchases during the relevant calendar months or quarters, as the case may be. For purposes of the Investment Advisory Agreement, gross assets means our total assets determined on a consolidated basis in accordance with generally accepted accounting principles in the United States, excluding cash and cash equivalents, but including assets purchased with borrowed amounts.

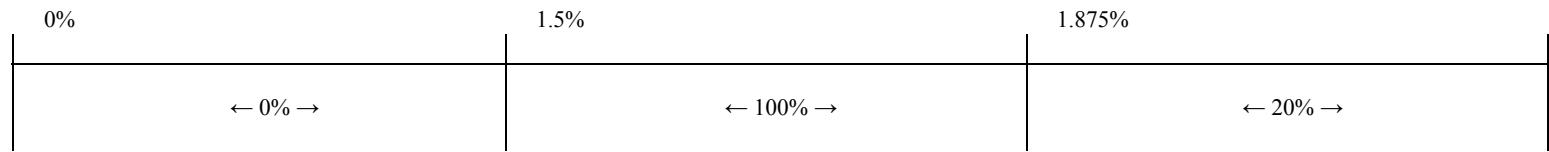

Pursuant to the Investment Advisory Agreement, the Adviser is not entitled to an Incentive Fee prior to an Exchange Listing. Following an Exchange Listing, the Incentive Fee will consist of two components that are independent of each other, with the result that one component may be payable even if the other is not. A portion of the Incentive Fee is based on our income and a portion is based on our capital gains, each as described below. The portion of the Incentive Fee based on income is determined and paid quarterly in arrears commencing with the first calendar quarter following an Exchange Listing, and equals 100% of the pre-Incentive Fee net investment income in excess of a 1.5% quarterly “hurdle rate,” until the Adviser has received 20% of the total pre-Incentive Fee net investment income for that calendar quarter and, for pre-Incentive Fee net investment income in excess of 1.875% quarterly, 20% of all remaining pre-Incentive Fee net investment income for that calendar quarter. The 100% “catch-up” provision for pre-Incentive Fee net investment income in excess of the 1.5% “hurdle rate” is intended to provide the Adviser with an incentive fee of 20% on all pre-Incentive Fee net investment income when that amount equals 1.875% in a calendar quarter (7.50% annualized), which is the rate at which catch-up is achieved. Once the “hurdle rate” is reached and catch-up is achieved, 20% of any pre-Incentive Fee net investment income in excess of 1.875% in any calendar quarter is payable to the Adviser.

Pre-Incentive Fee net investment income means dividends (including reinvested dividends), interest and fee income accrued by us during the calendar quarter, minus operating expenses for the calendar quarter (including the Management Fee, expenses payable under the administration agreement we have entered into with the Adviser (the “Administration Agreement”), as discussed below, and any interest expense and dividends paid on any issued and outstanding preferred stock, but excluding the Incentive Fee). Pre-Incentive Fee net investment income includes, in the case of investments with a deferred interest feature (such as original issue discount, debt instruments with pay-in-kind interest (“PIK”) and zero coupon securities), accrued income that we may not have received in cash. The Adviser is not obligated to return the Incentive Fee it receives on PIK interest that is later determined to be uncollectible in cash. Pre-Incentive Fee net investment income does not include any realized capital gains, realized capital losses or unrealized capital appreciation or depreciation.

To determine whether pre-Incentive Fee net investment income exceeds the hurdle rate, pre-Incentive Fee net investment income is expressed as a rate of return on the value of our net assets at the end of the immediately preceding calendar quarter commencing with the first calendar quarter following an Exchange Listing. Because of the structure of the Incentive Fee, it is possible that we may pay an Incentive Fee in a calendar quarter in which we incur a loss. For example, if we receive pre-Incentive Fee net investment income in excess of the quarterly hurdle rate, we will pay the applicable Incentive Fee even if we have incurred a loss in that calendar quarter due to realized and unrealized capital losses. In addition, because the quarterly hurdle rate is calculated based on our net assets, decreases in our net assets due to realized or unrealized capital losses in any given calendar quarter may increase the likelihood that the hurdle rate is reached and therefore the likelihood of us paying an Incentive Fee for that calendar quarter. Our net investment income used to calculate this component of the Incentive Fee is also included in the amount of our gross assets used to calculate the Management Fee because gross assets are total assets (including cash received) before deducting liabilities (such as declared dividend payments).

The following is a graphical representation of the calculation of the income-related portion of the incentive fee:

**Quarterly Subordinated Incentive Fee on
Pre-Incentive Fee Net Investment Income
(expressed as a percentage of the value of net assets)**

The second component of the Incentive Fee, the Capital Gains Incentive Fee, payable at the end of each calendar year in arrears, equals 20% of cumulative realized capital gains from the date an Exchange Listing becomes effective (the “Listing Date”) to the end of each calendar year, less cumulative realized capital losses and unrealized

capital depreciation from the Listing Date to the end of each calendar year. Each year, the fee paid for the Capital Gains Incentive Fee is net of the aggregate amount of any previously paid Capital Gains Incentive Fee for prior periods. We will accrue, but will not pay, a Capital Gains Incentive Fee with respect to unrealized appreciation because a Capital Gains Incentive Fee would be owed to the Adviser if we were to sell the relevant investment and realize a capital gain. For the sole purpose of calculating the Capital Gains Incentive Fee, the cost basis as of the Listing Date for all of our investments made prior to the Listing Date will be equal to the fair market value of such investments as of the last day of the quarter in which the Listing Date occurs; provided, however, that in no event will the Capital Gains Fee payable pursuant to the Investment Advisory Agreement be in excess of the amount permitted by the Advisers Act, including Section 205 thereof.

The fees that are payable under the Investment Advisory Agreement for any partial period will be appropriately prorated.

Limitations of Liability and Indemnification

The Adviser and its affiliates (each, an “Indemnitee”) are not liable to us for (i) mistakes of judgment or for action or inaction that such person reasonably believed to be in our best interests absent such Indemnitee’s gross negligence, knowing and willful misconduct, or fraud or (ii) losses or expenses due to mistakes of judgment, action or inaction, or the negligence, dishonesty or bad faith of any broker or other agent of the Company who is not an affiliate of such Indemnitee, provided that such person was selected, engaged or retained without gross negligence, willful misconduct, or fraud.

We will indemnify each Indemnitee against any liabilities relating to the offering of our common stock or our business, operation, administration or termination, if the Indemnitee acted in good faith and in a manner it believed to be in, or not opposed to, our interests and except to the extent arising out of the Indemnitee’s gross negligence, fraud or knowing and willful misconduct. We may pay the expenses incurred by the Indemnitee in defending an actual or threatened civil or criminal action in advance of the final disposition of such action, provided the Indemnitee agrees to repay those expenses if found by adjudication not to be entitled to indemnification.

Board Approval of the Investment Advisory Agreement

The Board held an in-person meeting to consider and approve the Investment Advisory Agreement and related matters. The Board was provided information it required to consider the Investment Advisory Agreement, including: (a) the nature, quality and extent of the advisory and other services to be provided to us by the Adviser; (b) comparative data with respect to advisory fees or similar expenses paid by other BDCs with similar investment objectives; (c) our projected operating expenses and expense ratio compared to BDCs with similar investment objectives; (d) any existing and potential sources of indirect income to the Adviser from its relationship with us and the profitability of that relationship; (e) information about the services to be performed and the personnel performing such services under the Investment Advisory Agreement; (f) the organizational capability and financial condition of the Adviser and its affiliates; (g) the Adviser’s practices regarding the selection and compensation of brokers that may execute our portfolio transactions and the brokers’ provision of brokerage and research services to the Adviser; and (h) the possibility of obtaining similar services from other third-party service providers or through an internally managed structure.

Administration Agreement

The description below of the Administration Agreement is only a summary and is not necessarily complete. The description set forth below is qualified in its entirety by reference to the Administration Agreement.

Under the terms of the Administration Agreement the Adviser performs, or oversees the performance of, required administrative services, which includes providing office space, equipment and office services, maintaining financial records, preparing reports to shareholders and reports filed with the SEC, and managing the payment of expenses and the performance of administrative and professional services rendered by others. We will reimburse the Adviser for services performed for us pursuant to the terms of the Administration Agreement. In addition, pursuant to the terms of the Administration Agreement, the Adviser may delegate its obligations under the Administration

Agreement to an affiliate or to a third party and we will reimburse the Adviser for any services performed for us by such affiliate or third party.

Payment of Our Expenses under the Investment Advisory and Administration Agreements

Except as specifically provided below, we anticipate that all investment professionals and staff of the Adviser, when and to the extent engaged in providing investment advisory and management services to us, and the base compensation, bonus and benefits, and the routine overhead expenses, of such personnel allocable to such services, will be provided and paid for by the Adviser. We will bear our allocable portion of the compensation paid by the Adviser (or its affiliates) to our chief compliance officer and chief financial officer and their respective staffs (based on a percentage of time such individuals devote, on an estimated basis, to our business affairs). We also will bear all other costs and expenses of our operations, administration and transactions, including, but not limited to (i) investment advisory fees, including Management Fees and Incentive Fees, to the Adviser, pursuant to the Investment Advisory Agreement; (ii) our allocable portion of overhead and other expenses incurred by the Adviser in performing its administrative obligations under the Investment Advisory Agreement, and (iii) all other expenses of our operations and transactions including, without limitation, those relating to:

- the cost of our organization and offerings;
- the cost of calculating our net asset value, including the cost of any third-party valuation services;
- the cost of effecting any sales and repurchases of the common stock and other securities;
- fees and expenses payable under any dealer manager agreements, if any;
- debt service and other costs of borrowings or other financing arrangements;
- costs of hedging;
- expenses, including travel expense, incurred by the Adviser, or members of the Investment Team, or payable to third parties, performing due diligence on prospective portfolio companies and, if necessary, enforcing our rights;
- transfer agent and custodial fees;
- fees and expenses associated with marketing efforts;
- federal and state registration fees, any stock exchange listing fees and fees payable to rating agencies;
- federal, state and local taxes;
- independent directors' fees and expenses including certain travel expenses;
- costs of preparing financial statements and maintaining books and records and filing reports or other documents with the SEC (or other regulatory bodies) and other reporting and compliance costs, including registration and listing fees, and the compensation of professionals responsible for the preparation of the foregoing;
- the costs of any reports, proxy statements or other notices to shareholders (including printing and mailing costs), the costs of any shareholder or director meetings and the compensation of investor relations personnel responsible for the preparation of the foregoing and related matters;
- commissions and other compensation payable to brokers or dealers;
- research and market data;
- fidelity bond, directors and officers errors and omissions liability insurance and other insurance premiums;
- direct costs and expenses of administration, including printing, mailing, long distance telephone and staff;
- fees and expenses associated with independent audits, outside legal and consulting costs;
- costs of winding up;

- costs incurred in connection with the formation or maintenance of entities or vehicles to hold our assets for tax or other purposes;
- extraordinary expenses (such as litigation or indemnification); and
- costs associated with reporting and compliance obligations under the 1940 Act and applicable federal and state securities laws.

License Agreement

We have also entered into a license agreement (the “License Agreement”) with Owl Rock Capital Partners, pursuant to which we were granted a non-exclusive license to use the name “Owl Rock.” Under the License Agreement, we have a right to use the Owl Rock name for so long as Owl Rock Capital Partners or one of its affiliates remains our investment adviser. Other than with respect to this limited license, we have no legal right to the “Owl Rock” name or logo.

Term

Prior to an Exchange Listing, if the Board determines that there has been a significant adverse change in our regulatory or tax treatment of our shareholders that in its judgment makes it inadvisable for us to continue in our present form, then the Board will endeavor to restructure or change our structure to preserve (insofar as possible) the overall benefits previously enjoyed by our shareholders as a whole or, if the Board determines it appropriate (and subject to any necessary shareholder approvals and applicable requirements of the 1940 Act), (i) cause us to change our form and/or jurisdiction of organization or (ii) cause our winding down and/or liquidation and dissolution.

If we have not consummated an Exchange Listing by the five year anniversary of the Initial Closing, subject to extension for two additional one-year periods, in the sole discretion of the Board, the Board (subject to any necessary shareholder approvals and applicable requirements of the 1940 Act) will use its commercially reasonable efforts to cause our winding down and/or liquidation and dissolution in an orderly manner.

In the event of our liquidation, dissolution or winding up, each share of common stock would be entitled to share ratably in all of our assets that are legally available for distribution after we paid or otherwise provide for all debts and other liabilities and subject to any preferential rights of holders of our preferred stock, if any preferred stock is outstanding at such time. For the purposes of this paragraph, a merger or consolidation of the Company with or into any other corporation or other entity, or a sale or conveyance of all or any part of our property or assets will not be deemed to be a dissolution, liquidation or winding up, voluntary or involuntary.

Emerging Growth Company

We are an emerging growth company as defined in the JOBS Act and we are eligible to take advantage of certain specified reduced disclosure and other requirements that are otherwise generally applicable to public companies that are not “emerging growth companies” including, but not limited to, not being required to comply with the auditor attestation requirements of Section 404 of the Sarbanes-Oxley Act of 2002 (the “Sarbanes-Oxley Act”). We expect to remain an emerging growth company for up to five years following the completion of our initial public offering or until the earliest of (i) the last day of the first fiscal year in which our annual gross revenues exceed \$1.0 billion, (ii) December 31 of the fiscal year that we become a “large accelerated filer” as defined in Rule 12b-2 under the 1934 Act which would occur if the market value of our common stock that is held by non-affiliates exceeds \$700.0 million as of the last business day of our most recently completed second fiscal quarter and we have been publicly reporting for at least 12 months or (iii) the date on which we have issued more than \$1.0 billion in non-convertible debt securities during the preceding three-year period. In addition, we will take advantage of the extended transition period provided in Section 7(a)(2)(B) of the 1933 Act for complying with new or revised accounting standards.

Employees

We do not currently have any employees and do not expect to have any employees. Services necessary for our business are provided by individuals who are employees of the Adviser or its affiliates, pursuant to the terms of the

Investment Advisory Agreement and the Administration Agreement. Each of our executive officers is employed by the Adviser or its affiliates. Our day-to-day investment operations are managed by the Adviser. The services necessary for the origination and administration of our investment portfolio are provided by investment professionals employed by the Adviser or its affiliates. The Investment Team is focused on origination and transaction development and the ongoing monitoring of our investments. In addition, we reimburse the Adviser for the allocable portion of the compensation paid by the Adviser (or its affiliates) to our chief compliance officer and chief financial officer and their respective staffs (based on the percentage of time such individuals devote, on an estimated basis, to our business and affairs). See “— *Investment Advisory Agreement*” and “— *Administration Agreement*.”

The Private Offering

We have entered into separate subscription agreements with a number of investors providing for the private placement of shares of our common stock pursuant to the Private Offering and may enter into additional subscription agreements from time to time. Each investor will make a Capital Commitment to purchase shares of our common stock pursuant to a subscription agreement. Investors will be required to make capital contributions to purchase shares of our common stock each time we deliver a drawdown notice, which will be issued based on our anticipated investment activities and capital needs, in an aggregate amount not to exceed each investor’s respective Capital Commitment. We will deliver drawdown requests at least ten business days prior to the required funding date. All purchases of our common stock will generally be made pro rata in accordance with remaining Capital Commitments of all investors, at a per-share price equal to the net asset value per share of our common stock subject to any adjustments. Any adjustments would take into account a determination of changes to net asset value within 48 hours of the sale to assure compliance with Section 23(b) of the 1940 Act. At the earlier of (i) an Exchange Listing and (ii) the end of the Commitment Period, shareholders will be released from any further obligation to fund drawdowns and purchase additional shares of our common stock, subject to certain conditions described in the subscription agreement. The “Commitment Period” will continue until the five year anniversary of the Initial Closing; provided, however, that the Commitment Period for any shareholder that makes its initial Capital Commitment after the two year anniversary of the Initial Closing will extend until the three year anniversary of such shareholder’s initial capital commitment. Prior to an Exchange Listing, no investor who participated in the Private Offering will be permitted to sell, assign, transfer or otherwise dispose of its shares or capital commitment unless the Adviser provides its prior written consent and the transfer is otherwise made in accordance with applicable law.

If, during the Commitment Period, two of the four of Douglas I. Ostrover, Marc S. Lipschultz, Craig W. Packer and Alan J. Kirshenbaum (each, a “Key Person”), (i) provide notice of resignation, resign, are terminated or are provided with notice of termination from the position of (1) in the case of Douglas I. Ostrover, Marc S. Lipschultz and Craig W. Packer, co-chief investment officer of the Adviser and (2) in the case of Alan J. Kirshenbaum, chief financial officer of the Adviser, (ii) die or are disabled or (iii) cease to be actively involved (1) in the case of Douglas I. Ostrover, Marc S. Lipschultz and Craig W. Packer, as a member of the Investment Committee or (2) in the case of Alan J. Kirshenbaum, as an officer of the Adviser, for any consecutive period exceeding 60 days, a “Key Person Event” will have occurred. For purposes of this provision, the Adviser is permitted at any time to replace one of the Key Persons with a senior professional selected by the Adviser, provided that such replacement is approved by 75% of the outstanding shares of common stock.

A “Cause Event” will occur if, during the Commitment Period, an event constituting Cause occurs. “Cause” means (A) any disqualification of a Key Person under Section 9(a) of the 1940 Act; (B) the conviction of (or plea of no contest by) any Key Person of a felony involving fraud, false statements or omissions, wrongful taking of property, bribery, perjury, forgery, counterfeiting, extortion, or conspiracy to commit such offenses; (C) the final judicial determination by a court of competent jurisdiction of fraud, willful misconduct or gross negligence by the Adviser or any Key Person in the performance of its obligations under the Investment Advisory Agreement; or (D) the conviction of (or a plea of no contest by) any Key Person or the Adviser of a violation of the substantive provisions of any U.S. federal or state securities law (other than any inadvertent or technical violation of any such law which has no material adverse impact on the Company or any other violation which has no material adverse impact on the Company).

Upon the occurrence of a Key Person Event or a Cause Event, we will send written notice of the Key Person Event or Cause Event, as applicable, to our shareholders within ten Business Days of such occurrence, the

Commitment Period will automatically be suspended for 90 days (the “Interim Period”) and our shareholders will not be obligated to fund drawdowns to purchase shares of our common stock except for certain limited purposes. During the Interim Period we will convene a special meeting of shareholders for the purpose of determining whether the Commitment Period should be reinstated. If the proposal is approved by 75% of the outstanding shares of our common stock, and all of the independent members of the Board vote in favor the proposal, the Commitment Period will be reinstated and our shareholders will be obligated to fund drawdowns to purchase shares of our common stock as if a Key Person Event or Cause Event, as applicable, had never occurred. Otherwise, the Commitment Period will be deemed to have terminated upon the occurrence of the Key Person Event or Cause Event, as applicable.

Placement activities will be conducted by officers of the Company and the Adviser. In addition, the Company has entered and may, from time to time, enter into agreements with placement agents or broker-dealers to solicit Capital Commitments. Fees paid pursuant to these agreements will be paid by our Adviser.

Regulation as a Business Development Company

The following discussion is a general summary of the material prohibitions and descriptions governing BDCs generally. It does not purport to be a complete description of all of the laws and regulations affecting BDCs.

Qualifying Assets. Under the 1940 Act, a BDC may not acquire any asset other than assets of the type listed in Section 55(a) of the 1940 Act, which are referred to as qualifying assets, unless, at the time the acquisition is made, qualifying assets represent at least 70% of the company’s total assets. The principal categories of qualifying assets relevant to our business are any of the following:

(1) Securities purchased in transactions not involving any public offering from the issuer of such securities, which issuer (subject to certain limited exceptions) is an eligible portfolio company, or from any person who is, or has been during the preceding 13 months, an affiliated person of an eligible portfolio company, or from any other person, subject to such rules as may be prescribed by the SEC. An eligible portfolio company is defined in the 1940 Act as any issuer which:

- (a) is organized under the laws of, and has its principal place of business in, the United States;
- (b) is not an investment company (other than a small business investment company wholly owned by the business development company) or a company that would be an investment company but for certain exclusions under the 1940 Act; and
- (c) satisfies any of the following:
 - (i) does not have any class of securities that is traded on a national securities exchange;
 - (ii) has a class of securities listed on a national securities exchange, but has an aggregate market value of outstanding voting and non-voting common equity of less than \$250 million;
 - (iii) is controlled by a business development company or a group of companies including a business development company and the business development company has an affiliated person who is a director of the eligible portfolio company; or
 - (iv) is a small and solvent company having total assets of not more than \$4 million and capital and surplus of not less than \$2 million.

(2) Securities of any eligible portfolio company controlled by the Company.

(3) Securities purchased in a private transaction from a U.S. issuer that is not an investment company or from an affiliated person of the issuer, or in transactions incident thereto, if the issuer is in bankruptcy and subject to reorganization or if the issuer, immediately prior to the purchase of its securities was unable to meet its obligations as they came due without material assistance other than conventional lending or financing arrangements.

(4) Securities of an eligible portfolio company purchased from any person in a private transaction if there is no ready market for such securities and the Company already owns 60% of the outstanding equity of the eligible portfolio company.

(5) Securities received in exchange for or distributed on or with respect to securities described in (1) through (4) above, or pursuant to the exercise of warrants or rights relating to such securities.

(6) Cash, cash equivalents, U.S. government securities or high-quality debt securities maturing in one year or less from the time of investment.

In addition, a business development company must be operated for the purpose of making investments in the types of securities described in (1), (2) or (3) above.

Control, as defined by the 1940 Act, is presumed to exist where a BDC beneficially owns more than 25% of the outstanding voting securities of the portfolio company, but may exist in other circumstances based on the facts and circumstances.

The regulations defining qualifying assets may change over time. The Company may adjust its investment focus as needed to comply with and/or take advantage of any regulatory, legislative, administrative or judicial actions

Significant Managerial Assistance. A BDC must have been organized and have its principal place of business in the United States and must be operated for the purpose of making investments in the types of securities described above. However, in order to count portfolio securities as qualifying assets for the purpose of the 70% test, the BDC must either control the issuer of the securities or must offer to make available to the issuer of the securities (other than small and solvent companies described above) significant managerial assistance; except that, where the BDC purchases such securities in conjunction with one or more other persons acting together, one of the other persons in the group may make available such managerial assistance. Where the BDC purchases such securities in conjunction with one or more other persons acting together, the BDC will satisfy this test if one of the other persons in the group makes available such managerial assistance, although this may not be the sole method by which the BDC satisfies the requirement to make available managerial assistance. Making available significant managerial assistance means, among other things, any arrangement whereby the BDC, through its directors, officers or employees, offers to provide and, if accepted, does so provide, significant guidance and counsel concerning the management, operations or business objectives and policies of a portfolio company through monitoring of portfolio company operations, selective participation in board and management meetings, consulting with and advising a portfolio company's officers or other organizational or financial guidance.

Temporary Investments. Pending investment in other types of qualifying assets, as described above, our investments can consist of cash, cash equivalents, U.S. government securities or high quality debt securities maturing in one year or less from the time of investment, which are referred to herein, collectively, as temporary investments, so that 70% of our assets would be qualifying assets. We may invest in highly rated commercial paper, U.S. Government agency notes, U.S. Treasury bills or in repurchase agreements relating to such securities that are fully collateralized by cash or securities issued by the U.S. government or its agencies. A repurchase agreement involves the purchase by an investor, such as us, of a specified security and the simultaneous agreement by the seller to repurchase it at an agreed-upon future date and at a price that is greater than the purchase price by an amount that reflects an agreed-upon interest rate. Consequently, repurchase agreements are functionally similar to loans. There is no percentage restriction on the proportion of our assets that may be invested in such repurchase agreements. However, the 1940 Act and certain diversification tests in order to qualify as a RIC for federal income tax purposes typically require us to limit the amount we invest with any one counterparty. Accordingly, we do not intend to enter into repurchase agreements with a single counterparty in excess of this limit. The Adviser will monitor the creditworthiness of the counterparties with which we may enter into repurchase agreement transactions.

Warrants. Under the 1940 Act, a BDC is subject to restrictions on the issuance, terms and amount of warrants, options or rights to purchase shares of capital stock that it may have outstanding at any time. Under the 1940 Act, we may generally only offer warrants provided that (i) the warrants expire by their terms within ten years, (ii) the exercise or conversion price is not less than the current market value at the date of issuance, (iii) shareholders authorize the proposal to issue such warrants, and the Board approves such issuance on the basis that the issuance is in our best interests and the shareholders best interests and (iv) if the warrants are accompanied by other securities, the warrants are not separately transferable unless no class of such warrants and the securities accompanying them has been publicly distributed. The 1940 Act also provides that the amount of our voting securities that would result

from the exercise of all outstanding warrants, as well as options and rights, at the time of issuance may not exceed 25% of our outstanding voting securities. In particular, the amount of capital stock that would result from the conversion or exercise of all outstanding warrants, options or rights to purchase capital stock cannot exceed 25% of the BDC's total outstanding shares of capital stock.

Senior Securities; Coverage Ratio. We are permitted, under specified conditions, to issue multiple classes of indebtedness and one class of stock senior to our common stock if our asset coverage, as defined in the 1940 Act, would at least be equal to 200% immediately after each such issuance. In addition, while any senior securities remain outstanding, we will be required to make provisions to prohibit any dividend distribution to our shareholders or the repurchase of such securities or shares unless we meet the applicable asset coverage ratios at the time of the dividend distribution or repurchase. We will also be permitted to borrow amounts up to 5% of the value of our total assets for temporary or emergency purposes, which borrowings would not be considered senior securities.

Code of Ethics. We and the Adviser have each adopted a code of ethics pursuant to Rule 17j-1 under the 1940 Act and Rule 204A-1 under the Advisers Act, respectively, that establishes procedures for personal investments and restricts certain personal securities transactions. Personnel subject to the code are permitted to invest in securities for their personal investment accounts, including securities that may be purchased or held by us, so long as such investments are made in accordance with the code's requirements.

Affiliated Transactions. We may be prohibited under the 1940 Act from conducting certain transactions with our affiliates without the prior approval of our directors who are not interested persons and, in some cases, the prior approval of the SEC. We, the Adviser, and certain of our affiliates have applied for and been granted exemptive relief by the SEC to co-invest with other funds managed by the Adviser or its affiliates in a manner consistent with our investment objective, positions, policies, strategies and restrictions as well as regulatory requirements and other pertinent factors. Pursuant to such exemptive relief, we generally are permitted to co-invest with certain of our affiliates if a "required majority" (as defined in Section 57(o) of the 1940 Act) of our independent directors makes certain conclusions in connection with a co-investment transaction, including that (1) the terms of the transaction, including the consideration to be paid, are reasonable and fair to us and our shareholders and do not involve overreaching of us or our shareholders on the part of any person concerned, (2) the transaction is consistent with the interests of our shareholders and is consistent with our investment objective and strategies, and (3) the investment by our affiliates would not disadvantage us, and our participation would not be on a basis different from or less advantageous than that on which our affiliates are investing.

Other. We have adopted an investment policy that complies with the requirements applicable to us as a BDC. We expect to be periodically examined by the SEC for compliance with the 1940 Act, and will be subject to the periodic reporting and related requirements of the 1934 Act.

We are also required to provide and maintain a bond issued by a reputable fidelity insurance company to protect against larceny and embezzlement. Furthermore, as a BDC, we are prohibited from protecting any director or officer against any liability to our shareholders arising from willful misfeasance, bad faith, gross negligence or reckless disregard of the duties involved in the conduct of such person's office.

We are also required to designate a chief compliance officer and to adopt and implement written policies and procedures reasonably designed to prevent violation of the federal securities laws and to review these policies and procedures annually for their adequacy and the effectiveness of their implementation.

We are not permitted to change the nature of our business so as to cease to be, or to withdraw our election as, a BDC unless approved by a Majority of the Outstanding Shares of our common stock.

Certain U.S. Federal Income Tax Considerations

The following discussion is a general summary of the material U.S. federal income tax considerations applicable to us and to an investment in our common stock. This discussion does not purport to be a complete description of the income tax considerations applicable to such an investment. For example, this discussion does not describe tax consequences that we have assumed to be generally known by investors or certain considerations that

may be relevant to certain types of holders subject to special treatment under U.S. federal income tax laws, including persons who hold our common stock as part of a straddle or a hedging, integrated or constructive sale transaction, persons subject to the alternative minimum tax, tax-exempt organizations, insurance companies, brokers or dealers in securities, pension plans and trusts, persons whose functional currency is not the U.S. dollar, U.S. expatriates, regulated investment companies, real estate investment trusts, personal holding companies, persons who acquire an interest in the Company in connection with the performance of services, and financial institutions. Such persons should consult with their own tax advisers as to the U.S. federal income tax consequences of an investment in our common stock, which may differ substantially from those described herein. This discussion assumes that shareholders hold our common stock as capital assets (within the meaning of the Code).

The discussion is based upon the Code, Treasury regulations, and administrative and judicial interpretations, each as of the date of this Registration Statement and all of which are subject to change, possibly retroactively, which could affect the continuing validity of this discussion. We have not sought and will not seek any ruling from the Internal Revenue Service (“IRS”) regarding any matter discussed herein. Prospective investors should be aware that, although we intend to adopt positions we believe are in accord with current interpretations of the U.S. federal income tax laws, the IRS may not agree with the tax positions taken by us and that, if challenged by the IRS, our tax positions might not be sustained by the courts. This summary does not discuss any aspects of U.S. estate, alternative minimum, or gift tax or foreign, state or local tax. It also does not discuss the special treatment under U.S. federal income tax laws that could result if we invested in tax-exempt securities or certain other investment assets.

For purposes of this discussion, a “U.S. Shareholder” generally is a beneficial owner of our common stock that is for U.S. federal income tax purposes:

- a citizen or individual resident of the United States;
- a corporation (or other entity treated as a corporation for U.S. federal income tax purposes) organized in or under the laws of the U.S. or of any political subdivision thereof;
- a trust that is subject to the supervision of a court within the U.S. and the control of one or more U.S. persons or that has a valid election in effect under applicable U.S. Treasury Regulations to be treated as a U.S. person; or
- an estate, the income of which is subject to U.S. federal income taxation regardless of its source.

A “Non-U.S. Shareholder” is a beneficial owner of our common stock that is not a U.S. Shareholder or a partnership for U.S. tax purposes.

If a partnership (including an entity treated as a partnership for U.S. federal income tax purposes) holds our common stock, the tax treatment of a partner in the partnership will generally depend upon the status of the partner and the activities of the partnership. Any partner of a partnership holding our common stock should consult its tax advisers with respect to the purchase, ownership and disposition of such shares.

Tax matters are very complicated and the tax consequences to an investor of an investment in our common stock will depend on the facts of his, her or its particular situation.

Taxation as a Regulated Investment Company

As soon as practicable after our election to be a BDC, we intend to elect to be treated and to qualify each year thereafter as a RIC. As a RIC, we generally will not have to pay corporate-level U.S. federal income taxes on any ordinary income or capital gains that we distribute to our shareholders as dividends. To qualify as a RIC, we must, among other things, meet certain source-of-income and asset diversification requirements (as described below). In addition, in order to obtain RIC tax benefits, we must distribute to our shareholders, for each taxable year, at least 90% of our “investment company taxable income,” which is generally our ordinary income plus the excess of realized net short-term capital gains over realized net long-term capital losses (the “Annual Distribution Requirement”).

If we qualify as a RIC, and satisfy the Annual Distribution Requirement, then we will not be subject to U.S. federal income tax on the portion of our income we distribute (or is deemed to distribute) to our shareholders. We

will be subject to U.S. federal income tax at the regular corporate rates on any income or capital gains not distributed (or deemed distributed) to our shareholders.

We will be subject to a 4% nondeductible U.S. federal excise tax on certain undistributed income unless we distribute in a timely manner an amount at least equal to the sum of (i) 98% of our net ordinary income for each calendar year, (ii) 98.2% of the amount by which our capital gains exceed our capital losses (adjusted for certain ordinary losses) for the one-year period ending October 31 in that calendar year and (iii) certain undistributed amounts from previous years on which we paid no U.S. federal income tax (the “Excise Tax Avoidance Requirement”). While we intend to distribute any income and capital gains in order to avoid imposition of this 4% U.S. federal excise tax, we may not be successful in avoiding entirely the imposition of this tax. In that case, we will be liable for the tax only on the amount by which we do not meet the foregoing distribution requirement.

In order to qualify as a RIC for U.S. federal income tax purposes, we must, among other things:

- continue to qualify as a BDC under the 1940 Act at all times during each taxable year;
- derive in each taxable year at least 90% of our gross income from dividends, interest, payments with respect to loans of certain securities, gains from the sale of stock or other securities or foreign currencies, net income from certain “qualified publicly traded partnerships,” or other income derived with respect to our business of investing in such stock or securities (the “90% Income Test”); and
- diversify our holdings so that at the end of each quarter of the taxable year:
 - at least 50% of the value of our assets consists of cash, cash equivalents, U.S. Government securities, securities of other RICs, and other securities if such other securities of any one issuer do not represent more than 5% of the value of our assets or more than 10% of the outstanding voting securities of the issuer; and
 - no more than 25% of the value of our assets is invested in the (i) securities, other than U.S. government securities or securities of other RICs, of one issuer, (ii) securities of two or more issuers that are controlled, as determined under applicable Code rules, by us and that are engaged in the same or similar or related trades or businesses or (iii) securities of one or more “qualified publicly traded partnerships” (the “Diversification Tests”).

We may be required to recognize taxable income in circumstances in which we do not receive cash. For example, if we hold debt obligations that are treated under applicable tax rules as having original issue discount (such as debt instruments with PIK interest or, in certain cases, increasing interest rates or issued with warrants), we must include in income each year a portion of the original issue discount that accrues over the life of the obligation, regardless of whether cash representing such income is received by us in the same taxable year. We may also have to include in income other amounts that we have not yet received in cash, such as PIK interest and deferred loan origination fees that are paid after origination of the loan. Because any original issue discount or other amounts accrued will be included in our investment company taxable income for the year of accrual, we may be required to make a distribution to our shareholders in order to satisfy the Annual Distribution Requirement, even though we will not have received the corresponding cash amount.

Although we do not presently expect to do so, we are authorized to borrow funds, to sell assets and to make taxable distributions of our stock and debt securities in order to satisfy distribution requirements. Our ability to dispose of assets to meet our distribution requirements may be limited by (i) the illiquid nature of our portfolio and/or (ii) other requirements relating to our status as a RIC, including the Diversification Tests. If we dispose of assets in order to meet the Annual Distribution Requirement or the Excise Tax Avoidance Requirement, we may make such dispositions at times that, from an investment standpoint, are not advantageous. If we are unable to obtain cash from other sources to satisfy the Annual Distribution Requirement, we may fail to qualify as a RIC and become subject to tax as an ordinary corporation.

Under the 1940 Act, we are not permitted to make distributions to our shareholders while our debt obligations and other senior securities are outstanding unless certain “asset coverage” tests are met. If we are prohibited from making distributions, we may fail to qualify as a RIC and become subject to tax as an ordinary corporation.

Certain of our investment practices may be subject to special and complex U.S. federal income tax provisions that may, among other things: (i) disallow, suspend or otherwise limit the allowance of certain losses or deductions; (ii) convert lower taxed long-term capital gain into higher taxed short-term capital gain or ordinary income; (iii) convert an ordinary loss or a deduction into a capital loss (the deductibility of which is more limited); (iv) cause us to recognize income or gain without a corresponding receipt of cash; (v) adversely affect the time as to when a purchase or sale of securities is deemed to occur; (vi) adversely alter the characterization of certain complex financial transactions; and (vii) produce income that will not be qualifying income for purposes of the 90% Income Test described above. We will monitor our transactions and may make certain tax decisions in order to mitigate the potential adverse effect of these provisions.

A RIC is limited in its ability to deduct expenses in excess of its “investment company taxable income” (which is, generally, ordinary income plus the excess of net short-term capital gains over net long-term capital losses). If our expenses in a given year exceed investment company taxable income, we would experience a net operating loss for that year. However, a RIC is not permitted to carry forward net operating losses to subsequent years. In addition, expenses can be used only to offset investment company taxable income, not net capital gain. Due to these limits on the deductibility of expenses, we may, for tax purposes, have aggregate taxable income for several years that we are required to distribute and that is taxable to our shareholders even if such income is greater than the aggregate net income we actually earned during those years. Such required distributions may be made from our cash assets or by liquidation of investments, if necessary. We may realize gains or losses from such liquidations. In the event we realize net capital gains from such transactions, a shareholder may receive a larger capital gain distribution than it would have received in the absence of such transactions.

While we intend to elect to be treated as a RIC for our taxable year ended December 31, 2016, if we fail to qualify as a RIC for any reason, we will be subject to U.S. federal income tax on our taxable income and gains at regular U.S. federal corporate tax rates. We would not be able to deduct distributions to our shareholders, nor would they be required to be made. In order to qualify as a RIC for a subsequent taxable year, in addition to the other requirements discussed above, we would be required to distribute all of our previously undistributed earnings and profits attributable to any period prior to us becoming a RIC by the end of the first year that we intend to qualify as a RIC. To the extent that we have any net built-in gains in our assets (i.e., the excess of the aggregate gains, including items of income, over aggregate losses that would have been realized with respect to such assets if we had been liquidated) as of the beginning of the first year that we qualify as a RIC, we would be subject to a corporate-level U.S. federal income tax on such built-in gains if and when recognized over the next five years. Alternatively, we may choose to recognize such built-in gains immediately prior to our qualification as a RIC.

Proxy Voting Policies and Procedures

We have delegated our proxy voting responsibility to the Adviser. The Proxy Voting Policies and Procedures of the Adviser are described below. The guidelines will be reviewed periodically by the Adviser and our non-interested directors, and, accordingly, are subject to change.

As an investment adviser registered under the Advisers Act, the Adviser has a fiduciary duty to act solely in the best interests of its clients. As part of this duty, the Adviser recognizes that it must vote client securities in a timely manner free of conflicts of interest and in the best interests of its clients. These policies and procedures for voting proxies for the Adviser’s investment advisory clients are intended to comply with Section 206 of, and Rule 206(4)-6 under, the Advisers Act.

Proxy Policies

The Adviser will seek to vote all proxies relating to our portfolio securities in the best interest of our shareholders. The Adviser reviews on a case-by-case basis each proposal submitted to a shareholder vote to determine its impact on the portfolio securities held by the Company. Although the Adviser will generally vote against proposals that it believes may have a negative impact on our clients’ portfolio securities, the Adviser may vote for such a proposal if there exists compelling long-term reasons to do so. The Adviser will abstain from voting only in unusual circumstances and where there is a compelling reason to do so.

The Adviser's proxy voting decisions are made by members of the Investment Committee who are responsible for monitoring each of our investments. To ensure that the Adviser's vote is not the product of a conflict of interest, the Adviser requires that: (i) anyone involved in the decision making process disclose to the Adviser's chief compliance officer any potential conflict that he or she is aware of and any contact that he or she has had with any interested party regarding a proxy vote; and (ii) employees involved in the decision-making process or vote administration are prohibited from revealing how the Adviser intends to vote on a proposal in order to reduce any attempted influence from interested parties.

Proxy Voting Records

You may obtain information about how the Adviser voted proxies by making a written request for proxy voting information to: Owl Rock Capital Corporation, Attention: Chief Compliance Officer, 245 Park Avenue, 41st floor, New York, NY 10167.

Privacy Policy

We are committed to maintaining the confidentiality, integrity and security of non-public personal information relating to investors. The following information is provided to help you understand what personal information we collect, how we protect that information and why, in certain cases, we may share information with select other parties.

Generally, we do not collect any non-public personal information other than certain biographical information which is used only so that we can service your account, send you annual reports, proxy statements, and other information required by law. With regard to this information, we maintain physical, electronic and procedural safeguards designed to protect the non-public personal information of our investors.

We may share information that we collect regarding an investor with certain of our service providers for legitimate business purposes, for example, in order to process trades or mail information to investors. In addition, we may disclose information that we collect regarding an investor as required by law or in connection with regulatory or law enforcement inquiries.

Reporting Obligations

We will furnish our shareholders with annual reports containing audited financial statements, quarterly reports, and such other periodic reports as we determine to be appropriate or as may be required by law.

We intend to make available on our website (www.owlrock.com) our annual reports on Form 10-K, quarterly reports on Form 10-Q and our current reports on Form 8-K. Shareholders and the public may also read and copy any materials we file with the SEC at the SEC's Public Reference Room at 100 F Street, NE, Washington, DC 20549. You may obtain information on the operation of the Public Reference Room by calling the SEC at (202) 551-8090. The SEC also maintains a website (www.sec.gov) that contains such information. The reference to our website is an inactive textual reference only and the information contained on our website is not a part of this registration statement.

Item 1A. Risk Factors.

Investing in our common stock involves a number of significant risks. You should consider carefully the following information before making an investment in our common stock. The risks below are not the only risks we face. Additional risks and uncertainties not presently known to us or not presently deemed material by us may also impair our operations and performance. If any of the following events occur, our business, financial condition and results of operations could be materially and adversely affected.

Risks Related to Our Business

We have a limited operating history.

We are a new company and are subject to all of the business risks and uncertainties associated with any business with a limited operating history, including the risk that we will not achieve or sustain our investment objective and that the value of our common stock could decline substantially.

The lack of liquidity in our investments may adversely affect our business.

We expect to acquire a significant percentage of our portfolio company investments from privately held companies in directly negotiated transactions. Substantially all of these investments are subject to legal and other restrictions on resale or are otherwise less liquid than exchange-listed securities or other securities for which there is an active trading market. We typically would be unable to exit these investments unless and until the portfolio company has a liquidity event such as a sale, refinancing, or initial public offering.

The illiquidity of our investments may make it difficult or impossible for us to sell such investments if the need arises. In addition, if we are required to liquidate all or a portion of our portfolio quickly, we may realize significantly less than the value at which we have previously recorded our investments, which could have a material adverse effect on our business, financial condition and results of operations.

Moreover, investments purchased by us that are liquid at the time of purchase may subsequently become illiquid due to events relating to the issuer, market events, economic conditions or investor perceptions.

Price declines in the corporate leveraged loan market may adversely affect the fair value of our portfolio, reducing our net asset value through increased net unrealized depreciation and the incurrence of realized losses.

Conditions in the U.S. corporate debt market may experience disruption or deterioration in the future, which may cause pricing levels to decline or be volatile. As a result, our net asset value could decline through an increase in unrealized depreciation and incurrence of realized losses in connection with the sale or other disposition of our investments, which could have a material adverse effect on our business, financial condition and results of operations.

Defaults under the Subscription Credit Facility, the Revolving Credit Facility or any future borrowing facility may adversely affect our business, financial condition, results of operations and cash flows.

In the event we default under the Subscription Credit Facility or the Revolving Credit Facility, or any other future borrowing facility, our business could be adversely affected as we may be forced to sell a portion of our investments quickly and prematurely at what may be disadvantageous prices to us in order to meet our outstanding payment obligations and/or support working capital requirements under the Subscription Credit Facility, Revolving Credit Facility or such future borrowing facility, any of which would have a material adverse effect on our business, financial condition, results of operations and cash flows. An event of default under the Subscription Credit Facility, Revolving Credit Facility or any other future borrowing facility could result in an accelerated maturity date for all amounts outstanding thereunder. This could reduce our liquidity and cash flow and impair our ability to grow our business. Substantially all of our assets are currently pledged as collateral under the Revolving Credit Facility or the Subscription Credit Facility. If we were to default on our obligations under the terms of the Revolving Credit Facility, the Subscription Credit Facility or any future debt instrument the agent for the applicable lenders would be able to assume control of the disposition of any or all of our assets securing such debt, including the selection of such assets to be disposed and the timing of such disposition, which would have a material adverse effect on our business, financial condition, results of operations and cash flows.

Defaults under the Subscription Credit Facility could require shareholders to fund their remaining Capital Commitments without regard to the underlying value of their investment.

The Subscription Credit Facility is secured by a perfected first priority security interest in our right, title, and interest in and to the Capital Commitments of our investors, including our right to make capital calls, receive and

apply capital contributions, enforce remedies and claims related thereto together with capital call proceeds and related rights, and a pledge of the collateral account into which capital call proceeds are deposited. To the extent an event of default under the Subscription Credit Facility does occur, shareholders could be required to fund any shortfall up to their remaining Capital Commitments, without regard to the underlying value of their investment.

Provisions in the Subscription Credit Facility, Revolving Credit Facility or any other future borrowing facility may limit discretion in operating our business.

Any security interests and/or negative covenants required by a credit facility we enter into may limit our ability to create liens on assets to secure additional debt and may make it difficult for us to restructure or refinance indebtedness at or prior to maturity or obtain additional debt or equity financing. For example, under the terms of the Revolving Credit Facility, we have agreed not to incur any additional secured indebtedness other than in certain limited circumstances as permitted under the Revolving Credit Facility. In addition, if our borrowing base under the Revolving Credit Facility were to decrease, we would be required to secure additional assets in an amount sufficient to cure any borrowing base deficiency. In the event that all of our assets are secured at the time of such a borrowing base deficiency, we would be required to repay advances under the Revolving Credit Facility which could have a material adverse impact on our ability to fund future investments and to make distributions.

In addition, under the Subscription Credit Facility and Revolving Credit Facility we are subject to limitations as to how borrowed funds may be used, as well as regulatory restrictions on leverage which may affect the amount of funding that may be obtained. There may also be certain requirements relating to portfolio performance, a violation of which could limit further advances and, in some cases, result in an event of default. This could reduce our liquidity and cash flow and impair our ability to grow our business.

Global economic, political and market conditions may adversely affect our business, financial condition and results of operations, including our revenue growth and profitability.

The current worldwide financial market situation, as well as various social and political tensions in the United States and around the world, may contribute to increased market volatility, may have long-term effects on the United States and worldwide financial markets, and may cause economic uncertainties or deterioration in the United States and worldwide. We monitor developments and seek to manage our investments in a manner consistent with achieving our investment objective, but there can be no assurance that we will be successful in doing so.

In August 2011 and then affirmed in August 2013, Standard & Poor's Rating Services lowered its long-term sovereign credit rating on the U.S. from "AAA" to "AA+". Additionally, in January of 2012, Standard & Poor's Rating Services lowered its long-term sovereign credit rating for several large European countries. These ratings negatively impacted global markets and economic conditions. Although U.S. lawmakers have taken steps to avoid further downgrades, U.S. budget deficit concerns and similar conditions in Europe, China and elsewhere have increased the possibility of additional credit-rating downgrades and worsening global economic and market conditions. There can be no assurance that current or future governmental measures to mitigate these conditions will be effective. These conditions, government actions and future developments may cause interest rates and borrowing costs to rise, which may adversely affect our ability to access debt financing on favorable terms and may increase the interest costs of our borrowers, hampering their ability to repay us. Continued or future adverse economic conditions could have a material adverse effect on our business, financial condition and results of operations.

In October 2014, the Federal Reserve announced that it was concluding its bond-buying program, or quantitative easing, which was designed to stimulate the economy and expand the Federal Reserve's holdings of long-term securities, suggesting that key economic indicators, such as the unemployment rate, had shown signs of improvement since the inception of the program. It is possible that, without quantitative easing by the Federal Reserve, these developments, along with the United States government's credit and deficit concerns and other global economic conditions, could cause interest rates and borrowing costs to rise, which may negatively impact our ability to access the debt markets on favorable terms. Additionally, in December 2016, the Federal Reserve raised its federal funds target rate. However, if key economic indicators, such as the unemployment rate or inflation, do not progress at a rate consistent with the Federal Reserve's objectives, the target range for the federal funds rate may further increase and cause interest rates and borrowing costs to rise, which may negatively impact our ability to

access the debt markets on favorable terms and may also increase the costs of our borrowers, hampering their ability to repay us.

As a result of the 2016 U.S. election, the Republican Party currently controls both the executive and legislative branches of government, which increases the likelihood that legislation may be adopted that could significantly affect the regulation of U.S. financial markets. Areas subject to potential change, amendment or repeal include the Dodd-Frank Act and the authority of the Federal Reserve and the Financial Stability Oversight Council. These or other regulatory changes could result in greater competition from banks and other lenders with which we compete for lending and other investment opportunities. The United States may also potentially withdraw from or renegotiate various trade agreements and take other actions that would change current trade policies of the United States. We cannot predict which, if any, of these actions will be taken or, if taken, their effect on the financial stability of the United States. Such actions could have a significant adverse effect on our business, financial condition and results of operations.

The new Trump Administration may make substantial changes to fiscal and tax policies that may adversely affect our business.

The Trump Administration has called for substantial change to fiscal and tax policies, which may include comprehensive tax reform. According to publicly released statements, a top legislative priority of the Trump Administration and the next Congress may be significant reform of the Code, including significant changes to taxation of business entities and the deductibility of interest expense. There is a substantial lack of clarity around the likelihood, timing and details of any such tax reform and we cannot predict the impact, if any, of these changes to our business. However, it is possible that these changes could adversely affect our business. If implemented, some policies adopted by the new administration may benefit us while others may negatively affect us. Until we know what changes are going to be enacted, we will not know whether in total we may benefit from, or be negatively affected by, the changes.

The United Kingdom referendum decision to leave the European Union may create significant risks and uncertainty for global markets and our investments.

The recent decision made in the United Kingdom referendum to leave the European Union has led to volatility in global financial markets, and in particular in the markets of the United Kingdom and across Europe, and may also lead to weakening in consumer, corporate and financial confidence in the United Kingdom and Europe. The extent and process by which the United Kingdom will exit the European Union, and the longer term economic, legal, political and social framework to be put in place between the United Kingdom and the European Union are unclear at this stage and are likely to lead to ongoing political and economic uncertainty and periods of exacerbated volatility in both the United Kingdom and in wider European markets for some time. In particular, the decision made in the United Kingdom referendum may lead to a call for similar referenda in other European jurisdictions which may cause increased economic volatility and uncertainty in the European and global markets. This volatility and uncertainty may have an adverse effect on the economy generally and on our ability of and the ability of our portfolio companies to execute our respective strategies and to receive attractive returns.

In particular, currency volatility may mean that our returns and the returns of our portfolio companies will be adversely affected by market movements and may make it more difficult, or more expensive, for us to implement appropriate currency hedging. Potential decline in the value of the British Pound and/or the euro against other currencies, along with the potential downgrading of the United Kingdom's sovereign credit rating, may also have an impact on the performance of any of our portfolio companies located in the United Kingdom or Europe.

Economic recessions or downturns could impair our portfolio companies and harm our operating results.

Many of our portfolio companies may be susceptible to economic slowdowns or recessions and may be unable to repay our debt investments during these periods. Therefore, our non-performing assets may increase, and the value of our portfolio is likely to decrease during these periods. Adverse economic conditions may also decrease the value of any collateral securing our loans. A severe recession may further decrease the value of such collateral and result in losses of value in our portfolio and a decrease in our revenues, net income, assets and net worth.

Unfavorable economic conditions also could increase our funding costs, limit our access to the capital markets or result in a decision by lenders not to extend credit to us on terms we deem acceptable. These events could prevent us from increasing investments and harm our operating results.

The occurrence of recessionary conditions and/or negative developments in the domestic and international credit markets may significantly affect the markets in which we do business, the value of our investments, and our ongoing operations, costs and profitability. Any such unfavorable economic conditions, including rising interest rates, may also increase our funding costs, limit our access to capital markets or negatively impact our ability to obtain financing, particularly from the debt markets. In addition, any future financial market uncertainty could lead to financial market disruptions and could further impact our ability to obtain financing. These events could limit our investment originations, limit our ability to grow and negatively impact our operating results and financial condition.

Our ability to achieve our investment objective depends on our Adviser's ability to manage and support our investment process. If our Adviser were to lose a significant number of its key professionals, or terminate the Advisory Agreement, our ability to achieve our investment objective could be significantly harmed.

We do not have any employees. Additionally, we have no internal management capacity other than our appointed executive officers and will be dependent upon the investment expertise, skill and network of business contacts of our Adviser to achieve our investment objective. Our Adviser will evaluate, negotiate, structure, execute, monitor, and service our investments. Our success will depend to a significant extent on the continued service and coordination of our Adviser, including its key professionals. The departure of a significant number of key professionals from our Adviser could have a material adverse effect on our ability to achieve our investment objective.

Our ability to achieve our investment objective also depends on the ability of our Adviser to identify, analyze, invest in, finance, and monitor companies that meet our investment criteria. Our Adviser's capabilities in structuring the investment process, providing competent, attentive and efficient services to us, and facilitating access to financing on acceptable terms depend on the involvement of investment professionals of adequate number and sophistication to match the corresponding flow of transactions. To achieve our investment objective, our Adviser may need to retain, hire, train, supervise, and manage new investment professionals to participate in our investment selection and monitoring process. Our Adviser may not be able to find qualified investment professionals in a timely manner or at all. Any failure to do so could have a material adverse effect on our business, financial condition and results of operations.

In addition, the Investment Advisory Agreement has a termination provision that allows the agreement to be terminated by us on 60 days' notice without penalty by the vote of a Majority of the Outstanding Shares of our common stock or by the vote of our independent directors. The Investment Advisory Agreement generally may be terminated at any time, without penalty, by Owl Rock Capital Advisors upon 120 days' notice to us prior to an Exchange Listing. Furthermore, the Investment Advisory Agreement automatically terminates in the event of its assignment, as defined in the 1940 Act, by the Adviser. If the Adviser resigns or is terminated, or if we do not obtain the requisite approvals of shareholders and our Board to approve an agreement with the Adviser after an assignment, we may not be able to find a new investment adviser or hire internal management with similar expertise and ability to provide the same or equivalent services on acceptable terms prior to the termination of the Investment Advisory Agreement, or at all. If we are unable to do so quickly, our operations are likely to experience a disruption and costs under any new agreements that we enter into could increase. Our financial condition, business and results of operations, as well as our ability to pay distributions, are likely to be adversely affected, and the value of our common stock may decline.

The amount of any distributions we may make on our common stock is uncertain. We may not be able to pay you distributions, or be able to sustain distributions at any particular level, and our distributions per share, if any, may not grow over time, and our distributions per share may be reduced. We have not established any limit on the extent to which we may use borrowings, if any, and we may use offering proceeds to fund distributions (which may reduce the amount of capital we ultimately invest in portfolio companies).

Subject to our Board's discretion and applicable legal restrictions, we intend to authorize and declare cash distributions on a monthly or quarterly basis and pay such distributions on a monthly or quarterly basis. We expect

to pay distributions out of assets legally available for distribution. However, we cannot assure you that we will achieve investment results that will allow us to make a consistent targeted level of cash distributions or year-to-year increases in cash distributions. Our ability to pay distributions might be adversely affected by the impact of the risks described herein. In addition, the inability to satisfy the asset coverage test applicable to us as a business development company under the 1940 Act can limit our ability to pay distributions. Distributions from offering proceeds also could reduce the amount of capital we ultimately invest in debt or equity securities of portfolio companies. We cannot assure you that we will pay distributions to our shareholders in the future.

Distributions on our common stock may exceed our taxable earnings and profits, particularly during the period before we have substantially invested the net proceeds from our public offering. Therefore, portions of the distributions that we pay may represent a return of capital to you. A return of capital is a return of a portion of your original investment in shares of our common stock. As a result, a return of capital will (i) lower your tax basis in your shares and thereby increase the amount of capital gain (or decrease the amount of capital loss) realized upon a subsequent sale or redemption of such shares, and (ii) reduce the amount of funds we have for investment in portfolio companies. We have not established any limit on the extent to which we may use offering proceeds to fund distributions.

We may pay our distributions from offering proceeds in anticipation of future cash flow, which may constitute a return of your capital and will lower your tax basis in your shares, thereby increasing the amount of capital gain (or decreasing the amount of capital loss) realized upon a subsequent sale or redemption of such shares, even if such shares have not increased in value or have, in fact, lost value. Distributions from offering proceeds also could reduce the amount of capital we ultimately have available to invest in portfolio companies.

Because our business model depends to a significant extent upon the Adviser's relationships with corporations, financial institutions and investment firms, the inability of our Adviser to maintain or develop these relationships, or the failure of these relationships to generate investment opportunities, could adversely affect our business.

We expect that our Adviser will depend on its relationships with corporations, financial institutions and investment firms, and in turn we will rely to a significant extent upon these relationships to provide us with potential investment opportunities. If our Adviser fails to maintain its existing relationships or develop new relationships or sources of investment opportunities, we may not be able to grow our investment portfolio. In addition, individuals with whom our Adviser has relationships are not obligated to provide us with investment opportunities, and, therefore, there is no assurance that such relationships will generate investment opportunities for us.

We may face increasing competition for investment opportunities, which could delay further deployment of our capital, reduce returns and result in losses.

We may compete for investments with other business development companies and investment funds (including registered investment companies, private equity funds and mezzanine funds), as well as traditional financial services companies such as commercial banks and other sources of funding. Moreover, alternative investment vehicles, such as hedge funds, continue to increase their investment focus in our target market of privately owned U.S. companies. We may experience increased competition from banks and investment vehicles who may continue to lend to the middle market. Additionally, the Federal Reserve and other bank regulators may periodically provide incentives to U.S. commercial banks to originate more loans in middle market private companies. As a result of these market participants and regulatory incentives, competition for investment opportunities in privately owned U.S. companies is strong and may intensify. Many of our competitors are substantially larger and have considerably greater financial, technical, and marketing resources than we do. For example, some competitors may have a lower cost of capital and access to funding sources that are not available to us. In addition, some competitors may have higher risk tolerances or different risk assessments than us. These characteristics could allow our competitors to consider a wider variety of investments, establish more relationships and offer better pricing and more flexible structuring than we are able to do.

We may lose investment opportunities if we do not match our competitors' pricing, terms, and investment structure criteria. If we are forced to match these competitors' investment terms criteria, we may not be able to achieve acceptable returns on our investments or may bear substantial risk of capital loss. A significant increase in the number and/or the size of our competitors in our target market could force us to accept less attractive investment

terms. Furthermore, many competitors are not subject to the regulatory restrictions that the 1940 Act imposes on us as a business development company or the source of income, asset diversification and distribution requirements we must satisfy to maintain our RIC status. The competitive pressures we face, and the manner in which we react or adjust to competitive pressures, may have a material adverse effect on our business, financial condition, results of operations, effective yield on investments, investment returns, leverage ratio, and cash flows. As a result of this competition, we may not be able to take advantage of attractive investment opportunities from time to time. Also, we may not be able to identify and make investments that are consistent with our investment objective.

Our investment portfolio will be recorded at fair value as determined in good faith in accordance with procedures established by our Board and, as a result, there is and will be uncertainty as to the value of our portfolio investments.

Under the 1940 Act, we are required to carry our portfolio investments at market value or, if there is no readily available market value, at fair value as determined in accordance with procedures established by our Board. There is not a public market or active secondary market for many of the types of investments in privately held companies that we intend to make. Our investments may not be publicly traded or actively traded on a secondary market but, instead, may be traded on a privately negotiated over-the-counter secondary market for institutional investors, if at all. As a result, we will value our investments quarterly at fair value as determined in good faith in accordance with valuation policy and procedures approved by our Board.

The determination of fair value, and thus the amount of unrealized appreciation or depreciation we may recognize in any reporting period, is to a degree subjective, and our Adviser has a conflict of interest in making recommendations of fair value. We will value our investments quarterly at fair value as determined in good faith by our Board, based on, among other things, the input of the Adviser, our Audit Committee and independent third-party valuation firm(s) engaged at the direction of the Board. The types of factors that may be considered in determining the fair values of our investments include the nature and realizable value of any collateral, the portfolio company's ability to make payments and its earnings, the markets in which the portfolio company does business, comparison to publicly traded companies, discounted cash flow, current market interest rates and other relevant factors. Because such valuations, and particularly valuations of private securities and private companies, are inherently uncertain, the valuations may fluctuate significantly over short periods of time due to changes in current market conditions. The determinations of fair value in accordance with procedures established by our Board may differ materially from the values that would have been used if an active market and market quotations existed for such investments. Our net asset value could be adversely affected if the determinations regarding the fair value of the investments were materially higher than the values that we ultimately realize upon the disposal of such investments.

Our Board may change our operating policies and strategies without prior notice or shareholder approval, the effects of which may be adverse to our shareholders.

Our Board has the authority to modify or waive current operating policies, investment criteria and strategies without prior notice and without shareholder approval. We cannot predict the effect any changes to current operating policies, investment criteria and strategies would have on our business, net asset value, operating results and the value of our securities. However, the effects might be adverse, which could negatively impact our ability to pay you distributions and cause you to lose all or part of your investment. Moreover, we will have significant flexibility in investing the net proceeds of this offering and may use the net proceeds from this offering in ways with which our investors may not agree.

Changes in laws or regulations governing our operations may adversely affect our business or cause us to alter our business strategy.

We and our portfolio companies will be subject to regulation at the local, state, and federal levels. Changes to the laws and regulations governing our permitted investments may require a change to our investment strategy. Such changes could differ materially from our strategies and plans as set forth in this report and may shift our investment focus from the areas of expertise of our Adviser. Thus, any such changes, if they occur, could have a material adverse effect on our results of operations and the value of your investment in us.

We are an “emerging growth company” under the JOBS Act, and we cannot be certain if the reduced disclosure requirements applicable to emerging growth companies will make our common stock less attractive to investors.

We are and we will remain an “emerging growth company” as defined in the JOBS Act until the earlier of (a) the last day of the fiscal year (i) following the fifth anniversary of the completion of this offering, (ii) in which we have total annual gross revenue of at least \$1.0 billion, or (iii) in which we are deemed to be a large accelerated filer, which means the market value of our common stock that is held by non-affiliates exceeds \$700 million as of the prior June 30th, and (b) the date on which we have issued more than \$1.0 billion in non-convertible debt during the prior three-year period. For so long as we remain an “emerging growth company” we may take advantage of certain exemptions from various reporting requirements that are applicable to other public companies that are not “emerging growth companies” including, but not limited to, not being required to comply with the auditor attestation requirements of Section 404 of the Sarbanes-Oxley Act. We cannot predict if investors will find our common stock less attractive because we will rely on some or all of these exemptions.

In addition, Section 107 of the JOBS Act also provides that an “emerging growth company” can take advantage of the extended transition period provided in Section 7(a)(2)(B) of the 1933 Act for complying with new or revised accounting standards. In other words, an “emerging growth company” can delay the adoption of certain accounting standards until those standards would otherwise apply to private companies. We intend to take advantage of such extended transition periods.

Our status as an “emerging growth company” under the JOBS Act may make it more difficult to raise capital as and when we need it.

Because of the exemptions from various reporting requirements provided to us as an “emerging growth company” and because we will have an extended transition period for complying with new or revised financial accounting standards, we may be less attractive to investors and it may be difficult for us to raise additional capital as and when we need it. Investors may be unable to compare our business with other companies in our industry if they believe that our financial accounting is not as transparent as other companies in our industry. If we are unable to raise additional capital as and when we need it, our financial condition and results of operations may be materially and adversely affected.

We may experience fluctuations in our operating results.

We may experience fluctuations in our operating results due to a number of factors, including our ability or inability to make investments in companies that meet our investment criteria, interest rates and default rates on the debt investments we make, the level of our expenses, variations in and the timing of the recognition of realized gains or losses, unrealized appreciation or depreciation, the degree to which we encounter competition in our markets, and general economic conditions. These occurrences could have a material adverse effect on our results of operations, the value of your investment in us and our ability to pay distributions to you and our other shareholders.

Any unrealized depreciation we experience on our portfolio may be an indication of future realized losses, which could reduce our income available for distribution.

As a business development company, we are required to carry our investments at market value or, if no market value is ascertainable, at the fair value as determined in good faith in accordance with procedures established by our Board. Decreases in the market values or fair values of our investments relative to amortized cost will be recorded as unrealized depreciation. Any unrealized losses in our portfolio could be an indication of a portfolio company’s inability to meet its repayment obligations to us with respect to the affected loans. This could result in realized losses in the future and ultimately in reductions of our income available for distribution in future periods. In addition, decreases in the market value or fair value of our investments will reduce our net asset value. See “ITEM 7. Management’s Discussion of Financial Condition and Results of Operations – Critical Accounting Policies – Investments at Fair Value.”

We are a non-diversified investment company within the meaning of the 1940 Act, and therefore we are not limited with respect to the proportion of our assets that may be invested in a single issuer.

We are classified as a non-diversified investment company within the meaning of the 1940 Act, which means that we are not limited by the 1940 Act with respect to the proportion of our assets that we may invest in a single issuer. Beyond the asset diversification requirements associated with our qualification as a RIC for U.S. federal income tax purposes, we do not have fixed guidelines for diversification. While we are not targeting any specific industries, our investments may be focused on relatively few industries. To the extent that we hold large positions in a small number of issuers, or within a particular industry, our net asset value may fluctuate to a greater extent than that of a diversified investment company as a result of changes in the issuer's financial condition or the market's assessment of the issuer. We may also be more susceptible to any single economic or regulatory occurrence or a downturn in particular industry in which we may invest significantly than a diversified investment company.

We are dependent on information systems and systems failures could significantly disrupt our business, which may, in turn, negatively affect our liquidity, financial condition or results of operations.

Our business is dependent on our and third parties' communications and information systems. Any failure or interruption of those systems, including as a result of the termination of an agreement with any third-party service providers, could cause delays or other problems in our activities. Our financial, accounting, data processing, portfolio monitoring, backup or other operating systems and facilities may fail to operate properly or become disabled or damaged as a result of a number of factors including events that are wholly or partially beyond our control. There could be:

- sudden electrical or telecommunications outages;
- natural disasters such as earthquakes, tornadoes and hurricanes;
- disease pandemics;
- events arising from local or larger scale political or social matters, including terrorist acts;
- outages due to idiosyncratic issues at specific service providers; and
- cyber-attacks.

These events, in turn, could have a material adverse effect on our operating results and negatively affect the net asset value of our common stock and our ability to pay distributions to our shareholders.

Cybersecurity risks and cyber incidents may adversely affect our business by causing a disruption to our operations, a compromise or corruption of our confidential information and/or damage to our business relationships, all of which could negatively impact our business, results of operations or financial condition.

A cyber incident is considered to be any adverse event that threatens the confidentiality, integrity or availability of our information resources. These incidents may be an intentional attack or an unintentional event and could involve others gaining unauthorized access to our information systems for purposes of misappropriating assets, stealing confidential information, corrupting data or causing operational disruption. The result of these incidents may include disrupted operations, misstated or unreliable financial data, liability for stolen information, misappropriation of assets, increased cybersecurity protection and insurance costs, litigation and damage to our business relationships. Any such attack could result in significant losses, reputational damage, litigation, regulatory fines or penalties, or otherwise adversely affect our business, financial condition or results of operations. In addition, we may be required to expend significant additional resources to modify our protective measures and to investigate and remediate vulnerabilities or other exposures arising from operational and security risks. We face risks posed to our information systems, both internal and those provided to us by third-party service providers. We, our Adviser and its affiliates have implemented processes, procedures and internal controls to help mitigate cybersecurity risks and cyber intrusions, but these measures, as well as our increased awareness of the nature and extent of a risk of a cyber incident, may be ineffective and do not guarantee that a cyber incident will not occur or that our financial results, operations or confidentiality of information will not be negatively impacted by such an incident.

Third parties with which we do business (including those that provide services to us) may also be sources or targets of cybersecurity or other technological risks. We outsource certain functions and these relationships allow for the storage and processing of our information and assets, as well as certain investor, counterparty, employee and borrower information. While we engage in actions to reduce our exposure resulting from outsourcing, ongoing threats may result in unauthorized access, loss, exposure or destruction of data, or other cybersecurity incidents, with increased costs and other consequences, including those described above. Changes to privacy and information security laws and regulations, and compliance with those changes, may also result in cost increases due to system changes and the development of new administrative processes.

We are exposed to risks resulting from the current low interest rate environment.

Because we may borrow money to make investments, our net investment income will depend, in part, upon the difference between the rate at which we borrow funds and the rate at which we invest those funds. The current, historically low interest rate environment can, depending on our cost of capital, depress our net investment income, even though the terms of our investments generally will include a minimum interest rate. In addition, any reduction in the level of interest rates on new investments relative to interest rates on our current investments could adversely impact our net investment income, reducing our ability to service the interest obligations on, and to repay the principal of, our indebtedness, as well as our capacity to pay distributions. Any such developments would result in a decline in our net asset value and in our net asset value per share.

Risks Related to Our Adviser and Its Affiliates

The Adviser and its affiliates have limited experience managing a business development company.

Our Adviser and its affiliates have limited experience managing a vehicle regulated as a business development company and may not be able to operate our business successfully or achieve our investment objective. As a result, an investment in our securities may entail more risk than the securities of a comparable company with a substantial operating history.

The 1940 Act and the Code impose numerous constraints on the operations of business development companies and RICs that do not apply to the other types of investment vehicles previously managed by the personnel of our Adviser and its affiliates. For example, under the 1940 Act, business development companies are generally required to invest at least 70% of their total assets primarily in securities of qualifying U.S. private or thinly traded companies. Moreover, qualification for RIC tax treatment under Subchapter M of the Code requires satisfaction of source-of-income, asset diversification and other requirements. Any failure by us to comply with these provisions could prevent us from maintaining our qualification as a business development company or RIC or could force us to pay unexpected taxes and penalties, which could be material. Our Adviser's and its affiliates' limited experience in managing a portfolio of assets under such constraints may hinder their ability to take advantage of attractive investment opportunities and, as a result, make it more difficult for us to achieve our investment objective.

The Adviser and its affiliates, including our officers and some of our directors, may face conflicts of interest caused by compensation arrangements with us and our affiliates, which could result in increased risk-taking by us.

The Adviser and its affiliates will receive substantial fees from us in return for their services. In the event of an Exchange Listing, these fees may include certain incentive fees based on the amount of appreciation of our investments. These fees could influence the advice provided to us. Generally, the more equity we sell in public offerings and the greater the risk assumed by us with respect to our investments, the greater the potential for growth in our assets and profits, and, correspondingly, the fees payable by us to our Adviser. These compensation arrangements could affect our Adviser's or its affiliates' judgment with respect to public offerings of equity and investments made by us, which allow our Adviser to earn increased asset management fees.

The time and resources that individuals associated with our Adviser devote to us may be diverted, and we may face additional competition due to the fact that neither our Adviser nor its affiliates is prohibited from raising money for or managing another entity that makes the same types of investments that we target.

The Adviser and its respective affiliates currently manage Owl Rock Capital Corporation II and are not prohibited from raising money for and managing future investment entities that make the same or similar types of investments as those we target. As a result, the time and resources that our Adviser devotes to us may be diverted, and during times of intense activity in other programs they may devote less time and resources to our business than is necessary or appropriate. In addition, we may compete with any such investment entity also managed by the Adviser for the same investors and investment opportunities.

The Adviser will experience conflicts of interest in connection with the management of our business affairs.

Our Adviser will experience conflicts of interest in connection with the management of our business affairs relating to and arising from a number of matters, including: the allocation of investment opportunities by our Adviser and its affiliates; compensation to our Adviser; services that may be provided by our Adviser and its affiliates to issuers in which we invest; investments by us and other clients of our Adviser, subject to the limitations of the 1940 Act; the formation of additional investment funds managed by our Adviser; differing recommendations given by our Adviser to us versus other clients; our Adviser's use of information gained from issuers in our portfolio for investments by other clients, subject to applicable law; and restrictions on our Adviser's use of "inside information" with respect to potential investments by us.

The Adviser may face conflicts of interest with respect to services performed for issuers in which we invest.

Our Adviser and its affiliates may provide a broad range of financial services to companies in which we invest, including providing arrangement, syndication, origination structuring and other services to our borrowers, in compliance with applicable law, and will generally be paid fees for such services. In addition, affiliates of our Adviser may act as placement agents or in similar capacities in connection with an offering of securities by one of the companies in our portfolio. Any compensation received by our Adviser for providing these services will not be shared with us and may be received before we realize a return on our investment. Our Adviser may face conflicts of interest with respect to services performed for these companies, on the one hand, and investments recommended to us, on the other hand.

The Adviser may have incentives to favor their respective other accounts and clients over us, which may result in conflicts of interest that could be harmful to us.

Because our Adviser and its affiliates manage assets for, or may in the future manage assets for, other investment companies, pooled investment vehicles and/or other accounts (including institutional clients, pension plans, co-invest vehicles and certain high net worth individuals), certain conflicts of interest are present. For instance, the Adviser and its affiliates may receive asset management performance-based, or other fees from certain accounts that are higher than the fees received by our Adviser from us. In those instances, a portfolio manager for our Adviser has an incentive to favor the higher fee and/or performance-based fee accounts over us. In addition, a conflict of interest exists to the extent our Adviser, its affiliates, or any of their respective executives, portfolio managers or employees have proprietary or personal investments in other investment companies or accounts or when certain other investment companies or accounts are investment options in our Adviser's or its affiliates' employee benefit plans. In these circumstances, our Adviser has an incentive to favor these other investment companies or accounts over us. Our Board will seek to monitor these conflicts but there can be no assurances that such monitoring will fully mitigate any such conflicts.

Our fee structure may create incentives for our Adviser to make speculative investments or use substantial leverage.

The incentive fee payable by us to our Adviser after an Exchange Listing may create an incentive for our Adviser to make investments on our behalf that are risky or more speculative than would be the case in the absence of such compensation arrangements. The way in which the incentive fee is determined may encourage our Adviser to use leverage to increase the leveraged return on our investment portfolio.

In addition, the fact that our base management fee is payable based upon our average gross assets (which includes any borrowings for investment purposes) may encourage our Adviser to use leverage to make additional investments. Such a practice could make such investments more risky than would otherwise be the case, which could result in higher investment losses, particularly during cyclical economic downturns. Under certain circumstances, the use of substantial leverage (up to the limits prescribed by the 1940 Act) may increase the likelihood of our defaulting on our borrowings, which would be detrimental to holders of our securities.

Our Adviser serves as the investment adviser to Owl Rock Capital Corporation II, another business development company expected that has substantially the same investment objective and strategies as us, subjecting our Adviser to certain conflicts of interests.

We may compete for investments with affiliated business development companies that are also advised by our Adviser, such as Owl Rock Capital Corporation II, subjecting our Adviser and its affiliates to certain conflicts of interest in evaluating the suitability of investment opportunities and making or recommending acquisitions on our behalf. To mitigate these conflicts, our Adviser will seek to execute such transactions for all of the participating investment accounts, including us, on a fair and equitable basis and in accordance with its allocation policy, taking into account such factors as the relative amounts of capital available for new investments; cash on hand; existing commitments and reserves; the investment programs and portfolio positions of the participating investment accounts, including portfolio construction, diversification and concentration considerations; the investment objectives, guidelines and strategies of each client; the clients for which participation is appropriate; each client's life cycle; targeted leverage level; targeted asset mix and any other factors deemed appropriate.

In the future, we may co-invest with investment funds, accounts and vehicles managed by the Adviser, where doing so is consistent with our investment strategy as well as applicable law and SEC staff interpretations. We generally will only be permitted to co-invest with such investment funds, accounts and vehicles where the only term that is negotiated is price. However, we, our Adviser and certain of our affiliates have applied for and been granted exemptive relief by the SEC to co-invest with other funds managed by the Adviser or its affiliates in transactions in which terms other than price are negotiated in a manner consistent with our investment objective, positions, policies, strategies and restrictions as well as regulatory requirements and other pertinent factors. Pursuant to such exemptive relief, we are generally permitted to co-invest with our certain of affiliates if a "required majority" (as defined in Section 57(o) of the 1940 Act) of our independent directors makes certain conclusions in connection with a co-investment transactions, including that (1) the terms of the transaction, including the consideration to be paid, are reasonable and fair to us and our shareholders and do not involve overreaching of us or our shareholders on the part of any person concerned, (2) the transaction is consistent with the interests of our shareholders and is consistent with our investment objective and strategies, and (3) the investments by our affiliates would not disadvantage us, and our participation would not be on a basis different from or less advantageous than that on which our affiliates are investing.

Our Adviser's actions on behalf of its other accounts and clients may be adverse to us and our investments and harmful to us.

Our Adviser and its affiliates manage assets for accounts other than us, including private funds (for purposes of this section, "Adviser Funds"). Actions taken by our Adviser or its affiliates on behalf of its Adviser Funds may be adverse to us and our investments, which could harm our performance. For example, we may invest in the same credit obligations as other Adviser Funds, although, to the extent permitted under the 1940 Act, our investments may include different obligations of the same issuer. Decisions made with respect to the securities held by one Adviser Fund may cause (or have the potential to cause) harm to the different class of securities of the issuer held by other Adviser Funds (including us).

Our access to confidential information may restrict our ability to take action with respect to some investments, which, in turn, may negatively affect our results of operations.

We, directly or through our Adviser, may obtain confidential information about the companies in which we have invested or may invest or be deemed to have such confidential information. Our Adviser may come into possession of material, non-public information through its members, officers, directors, employees, principals or affiliates. The possession of such information may, to our detriment, limit the ability of us and our Adviser to buy or

sell a security or otherwise to participate in an investment opportunity. In certain circumstances, employees of our Adviser may serve as board members or in other capacities for portfolio or potential portfolio companies, which could restrict our ability to trade in the securities of such companies. For example, if personnel of our Adviser come into possession of material non-public information with respect to our investments, such personnel will be restricted by our Adviser's information-sharing policies and procedures or by law or contract from sharing such information with our management team, even where the disclosure of such information would be in our best interests or would otherwise influence decisions taken by the members of the management team with respect to that investment. This conflict and these procedures and practices may limit the freedom of our Adviser to enter into or exit from potentially profitable investments for us, which could have an adverse effect on our results of operations. Accordingly, there can be no assurance that we will be able to fully leverage the resources and industry expertise of our Adviser in the course of its duties. Additionally, there may be circumstances in which one or more individuals associated with our Adviser will be precluded from providing services to us because of certain confidential information available to those individuals or to other parts of our Adviser.

We may be obligated to pay our Adviser incentive fees even if we incur a net loss due to a decline in the value of our portfolio and even if our earned interest income is not payable in cash.

Upon an Exchange Listing, the Investment Advisory Agreement entitles our Adviser to receive an incentive fee based on our pre-incentive fee net investment income regardless of any capital losses. In such case, we may be required to pay our Adviser an incentive fee for a fiscal quarter even if there is a decline in the value of our portfolio or if we incur a net loss for that quarter.

Any incentive fee payable by us that relates to the pre-incentive fee net investment income may be computed and paid on income that may include interest that has been accrued but not yet received or interest in the form of securities received rather than cash ("payment-in-kind", or "PIK", income). PIK income will be included in the pre-incentive fee net investment income used to calculate the incentive fee to our Adviser even though we do not receive the income in the form of cash. If a portfolio company defaults on a loan that is structured to provide accrued interest income, it is possible that accrued interest income previously included in the calculation of the incentive fee will become uncollectible. Our Adviser is not obligated to reimburse us for any part of the incentive fee it received that was based on accrued interest income that we never receive as a result of a subsequent default.

The quarterly incentive fee on income is recognized and paid without regard to: (i) the trend of pre-incentive fee net investment income as a percent of adjusted capital over multiple quarters in arrears which may in fact be consistently less than the quarterly preferred return, or (ii) the net income or net loss in the current calendar quarter, the current year or any combination of prior periods.

For federal income tax purposes, we may be required to recognize taxable income in some circumstances in which we do not receive a corresponding payment in cash and to make distributions with respect to such income to maintain our status as a RIC and/or minimize excise tax. Under such circumstances, we may have difficulty meeting the annual distribution requirement necessary to maintain RIC tax treatment under the Code. This difficulty in making the required distribution may be amplified to the extent that we are required to pay the incentive fee on income with respect to such accrued income. As a result, we may have to sell some of our investments at times and/or at prices we would not consider advantageous, raise additional debt or equity capital, or forgo new investment opportunities for this purpose. If we are not able to obtain cash from other sources, we may fail to qualify for RIC tax treatment and thus become subject to corporate-level income tax.

Our ability to enter into transactions with our affiliates will be restricted.

We will be prohibited under the 1940 Act from participating in certain transactions with certain of our affiliates without the prior approval of a majority of our independent directors and, in some cases, the SEC. Any person that owns, directly or indirectly, 5% or more of our outstanding voting securities will be our affiliate for purposes of the 1940 Act, and we will generally be prohibited from buying or selling any securities from or to such affiliate on a principal basis, absent the prior approval of our Board and, in some cases, the SEC. The 1940 Act also prohibits certain "joint" transactions with certain of our affiliates, including other funds or clients advised by the Adviser, which in certain circumstances could include investments in the same portfolio company (whether at the same or different times to the extent the transaction involves a joint investment), without prior approval of our Board.

and, in some cases, the SEC. If a person acquires more than 25% of our voting securities, we will be prohibited from buying or selling any security from or to such person or certain of that person's affiliates, or entering into prohibited joint transactions with such persons, absent the prior approval of the SEC. Similar restrictions limit our ability to transact business with our officers or directors or their affiliates or anyone who is under common control with us. The SEC has interpreted the business development company regulations governing transactions with affiliates to prohibit certain joint transactions involving entities that share a common investment adviser. As a result of these restrictions, we may be prohibited from buying or selling any security from or to any portfolio company that is controlled by a fund managed by either of our Adviser or its affiliates without the prior approval of the SEC, which may limit the scope of investment or disposition opportunities that would otherwise be available to us.

We, the Adviser and certain of its affiliates have been granted exemptive relief by the SEC to permit us to co-invest with other funds managed by the Adviser or its affiliates in a manner consistent with our investment objective, positions, policies, strategies and restrictions as well as regulatory requirements and other pertinent factors. Pursuant to such exemptive relief, we generally are permitted to co-invest with certain of our affiliates if a "required majority" (as defined in Section 57(o) of the 1940 Act) of our independent directors make certain conclusions in connection with a co-investment transaction, including that (1) the terms of the transactions, including the consideration to be paid, are reasonable and fair to us and our stockholders and do not involve overreaching by us or our stockholders on the part of any person concerned, (2) the transaction is consistent with the interests of our stockholders and is consistent with our investment objective and strategies, and (3) the investment by our affiliates would not disadvantage us, and our participation would not be on a basis different from or less advantageous than that on which our affiliates are investing.

In situations when co-investment with the Adviser's other clients is not permitted under the 1940 Act and related rules, existing or future staff guidance, or the terms and conditions of the exemptive relief granted to us by the SEC, our Adviser will need to decide which client or clients will proceed with the investment. Generally, we will not be entitled to make a co-investment in these circumstances and, to the extent that another client elects to proceed with the investment, we will not be permitted to participate. Moreover, except in certain circumstances, we will not invest in any issuer in which an affiliate's other client holds a controlling interest.

We may make investments that could give rise to a conflict of interest.

We do not expect to invest in, or hold securities of, companies that are controlled by an affiliate's other clients. However, our Adviser or an affiliate's other clients may invest in, and gain control over, one of our portfolio companies. If our Adviser or an affiliate's other client, or clients, gains control over one of our portfolio companies, it may create conflicts of interest and may subject us to certain restrictions under the 1940 Act. As a result of these conflicts and restrictions our Adviser may be unable to implement our investment strategies as effectively as they could have in the absence of such conflicts or restrictions. For example, as a result of a conflict or restriction, our Adviser may be unable to engage in certain transactions that it would otherwise pursue. In order to avoid these conflicts and restrictions, our Adviser may choose to exit such investments prematurely and, as a result, we may forego any positive returns associated with such investments. In addition, to the extent that an affiliate's other client holds a different class of securities than us as a result of such transactions, our interests may not be aligned.

The recommendations given to us by our Adviser may differ from those rendered to their other clients.

Our Adviser and its affiliates may give advice and recommend securities to other clients which may differ from advice given to, or securities recommended or bought for, us even though such other clients' investment objectives may be similar to ours, which could have an adverse effect on our business, financial condition and results of operations.

Our Adviser's liability is limited under the Investment Advisory Agreement, and we are required to indemnify our Adviser against certain liabilities, which may lead our Adviser to act in a riskier manner on our behalf than it would when acting for its own account.

Our Adviser has not assumed any responsibility to us other than to render the services described in the Investment Advisory Agreement (and, separately, under the Administration Agreement), and it will not be responsible for any action of our Board in declining to follow our Adviser' advice or recommendations. Pursuant to

the Investment Advisory Agreement, our Adviser and its directors, officers, shareholders, members, agents, employees, controlling persons, and any other person or entity affiliated with, or acting on behalf of our Adviser will not be liable to us for their acts under the Investment Advisory Agreement, absent willful misfeasance, bad faith, gross negligence or reckless disregard in the performance of their duties. We have also agreed to indemnify, defend and protect our Adviser and its directors, officers, shareholders, members, agents, employees, controlling persons and any other person or entity affiliated with, or acting on behalf of our Adviser with respect to all damages, liabilities, costs and expenses resulting from acts of our Adviser not arising out of willful misfeasance, bad faith, gross negligence or reckless disregard in the performance of their duties. These protections may lead our Adviser to act in a riskier manner when acting on our behalf than it would when acting for its own account.

Risks Related to Business Development Companies

The requirement that we invest a sufficient portion of our assets in qualifying assets could preclude us from investing in accordance with our current business strategy; conversely, the failure to invest a sufficient portion of our assets in qualifying assets could result in our failure to maintain our status as a business development company.

As a business development company, the 1940 Act prohibits us from acquiring any assets other than certain qualifying assets unless, at the time of and after giving effect to such acquisition, at least 70% of our total assets are qualifying assets. Therefore, we may be precluded from investing in what we believe are attractive investments if such investments are not qualifying assets. Conversely, if we fail to invest a sufficient portion of our assets in qualifying assets, we could lose our status as a business development company, which would have a material adverse effect on our business, financial condition and results of operations. Similarly, these rules could prevent us from making additional investments in existing portfolio companies, which could result in the dilution of our position, or could require us to dispose of investments at an inopportune time to comply with the 1940 Act. If we were forced to sell non-qualifying investments in the portfolio for compliance purposes, the proceeds from such sale could be significantly less than the current value of such investments.

Failure to maintain our status as a business development company would reduce our operating flexibility.

If we do not remain a business development company, we might be regulated as a closed-end investment company under the 1940 Act, which would subject us to substantially more regulatory restrictions and correspondingly decrease our operating flexibility.

Regulations governing our operation as a business development company and RIC affect our ability to raise capital and the way in which we raise additional capital or borrow for investment purposes, which may have a negative effect on our growth. As a business development company, the necessity of raising additional capital may expose us to risks, including risks associated with leverage.

As a result of the annual distribution requirement to qualify as a RIC, we may need to access the capital markets periodically to raise cash to fund new investments in portfolio companies. We may issue “senior securities,” including borrowing money from banks or other financial institutions only in amounts such that our asset coverage, as defined in the 1940 Act, equals at least 200% after such incurrence or issuance. If we issue senior securities, we will be exposed to risks associated with leverage, including an increased risk of loss. Our ability to issue different types of securities is also limited. Compliance with RIC distribution requirements may unfavorably limit our investment opportunities and reduce our ability in comparison to other companies to profit from favorable spreads between the rates at which we can borrow and the rates at which we can lend. Therefore, we intend to seek to continuously issue equity securities, which may lead to shareholder dilution.

We may borrow to fund investments. If the value of our assets declines, we may be unable to satisfy the asset coverage test under the 1940 Act, which would prohibit us from paying distributions and could prevent us from qualifying as a RIC, which would generally result in a corporate-level tax on any income and net gains. If we cannot satisfy the asset coverage test, we may be required to sell a portion of our investments and, depending on the nature of our debt financing, repay a portion of our indebtedness at a time when such sales may be disadvantageous. Also, any amounts that we use to service our indebtedness would not be available for distributions to our shareholders.

In addition, we anticipate that as market conditions permit, we may securitize our loans to generate cash for funding new investments. To securitize loans, we may create a wholly owned subsidiary, contribute a pool of loans to the subsidiary and have the subsidiary issue primarily investment grade debt securities to purchasers who would be expected to be willing to accept a substantially lower interest rate than the loans earn. We would retain all or a portion of the equity in the securitized pool of loans. Our retained equity would be exposed to any losses on the portfolio of loans before any of the debt securities would be exposed to such losses.

Risks Related to Our Investments

Our investments in portfolio companies may be risky, and we could lose all or part of our investments.

We intend to pursue a strategy focused primarily on originating and making loans to, and making debt and equity investments in, U.S. middle market companies, with a focus on originated transactions sourced through the networks of our Adviser. Short transaction closing timeframes associated with originated transactions coupled with added tax or accounting structuring complexity and international transactions may result in higher risk in comparison to non-originated transactions.

First-Lien Debt. When we make a first-lien loan, we generally take a security interest in the available assets of the portfolio company, including the equity interests of its subsidiaries, which we expect to help mitigate the risk that we will not be repaid. However, there is a risk that the collateral securing our loans may decrease in value over time, may be difficult to sell in a timely manner, may be difficult to appraise, and may fluctuate in value based upon the success of the business and market conditions, including as a result of the inability of the portfolio company to raise additional capital. In some circumstances, our lien is, or could become, subordinated to claims of other creditors. Consequently, the fact that a loan is secured does not guarantee that we will receive principal and interest payments according to the loan's terms, or at all, or that we will be able to collect on the loan should we need to enforce our remedies. In addition, in connection with any "last out" first-lien loans in which we may invest, we would enter into agreements among lenders. Under these agreements, our interest in the collateral of the first-lien loans may rank junior to those of other lenders in the loan under certain circumstances. This may result in greater risk and loss of principal on these loans.

Second-Lien and Mezzanine Debt. Our investments in second-lien and mezzanine debt generally are subordinated to senior loans and will either have junior security interests or be unsecured. As such, other creditors may rank senior to us in the event of insolvency. This may result in greater risk and loss of principal.

Equity Investments. When we invest in first-lien debt, second-lien debt or mezzanine debt, we may acquire equity securities, such as warrants, options and convertible instruments, as well. In addition, we may invest directly in the equity securities of portfolio companies. We seek to dispose of these equity interests and realize gains upon our disposition of these interests. However, the equity interests we receive may not appreciate in value and, in fact, may decline in value. Accordingly, we may not be able to realize gains from our equity interests, and any gains that we do realize on the disposition of any equity interests may not be sufficient to offset any other losses we experience.

Most debt securities in which we intend to invest will not be rated by any rating agency and, if they were rated, they would be rated as below investment grade quality. Debt securities rated below investment grade quality are generally regarded as having predominantly speculative characteristics and may carry a greater risk with respect to a borrower's capacity to pay interest and repay principal.

We may invest through joint ventures, partnerships or other special purpose vehicles and our investments through these vehicles may entail greater risks, or risks that we otherwise would not incur, if we otherwise made such investments directly.

We may make indirect investments in portfolio companies through joint ventures, partnerships or other special purpose vehicles ("Investment Vehicles"). In general, the risks associated with indirect investments in portfolio companies through a joint venture, partnership or other special purpose vehicle are similar to those associated with a direct investment in a portfolio company. While we intend to analyze the credit and business of a potential portfolio company in determining whether or not to make an investment in an Investment Vehicle, we will nonetheless be

exposed to the creditworthiness of the Investment Vehicle. In the event of a bankruptcy proceeding against the portfolio company, the assets of the portfolio company may be used to satisfy its obligations prior to the satisfaction of our investment in the Investment Vehicle (i.e., our investment in the Investment Vehicle could be structurally subordinated to the other obligations of the portfolio company). In addition, if we are to invest in an Investment Vehicle, we may be required to rely on our partners in the Investment Vehicle when making decisions regarding the such Investment Vehicle's investments, accordingly, the value of the investment could be adversely affected if our interests diverge from those of our partners in the Investment Vehicle.

The credit ratings of certain of our investments may not be indicative of the actual credit risk of such rated instruments.

Rating agencies rate debt securities based upon their assessment of the likelihood of the receipt of principal and interest payments. Rating agencies do not consider the risks of fluctuations in market value or other factors that may influence the value of debt securities. Therefore, the credit rating assigned to a particular instrument may not fully reflect the true risks of an investment in such instrument. Credit rating agencies may change their methods of evaluating credit risk and determining ratings. These changes may occur quickly and often. While we may give some consideration to ratings, ratings may not be indicative of the actual credit risk of our investments in rated instruments.

Prepayments of our debt investments by our portfolio companies could adversely impact our results of operations and reduce our return on equity.

We are subject to the risk that the investments we make in our portfolio companies may be repaid prior to maturity. When this occurs, we will generally reinvest these proceeds in temporary investments, pending their future investment in new portfolio companies. These temporary investments will typically have substantially lower yields than the debt being prepaid and we could experience significant delays in reinvesting these amounts. Any future investment in a new portfolio company may also be at lower yields than the debt that was repaid. As a result, our results of operations could be materially adversely affected if one or more of our portfolio companies elect to prepay amounts owed to us. Additionally, prepayments, net of prepayment fees, could negatively impact our return on equity. This risk will be more acute when interest rates decrease, as we may be unable to reinvest at rates as favorable as when we made our initial investment.

A redemption of convertible securities held by us could have an adverse effect on our ability to achieve our investment objective.

A convertible security may be subject to redemption at the option of the issuer at a price established in the convertible security's governing instrument. If a convertible security held by us is called for redemption, we will be required to permit the issuer to redeem the security, convert it into the underlying common stock or sell it to a third party. Any of these actions could have an adverse effect on our ability to achieve our investment objective.

To the extent original issue discount (OID) and payment-in-kind (PIK) interest income constitute a portion of our income, we will be exposed to risks associated with the deferred receipt of cash representing such income.

Our investments may include OID and PIK instruments. To the extent OID and PIK constitute a portion of our income, we will be exposed to risks associated with such income being required to be included in income for financial reporting purposes in accordance with U.S. generally accepted accounting principles ("GAAP") and taxable income prior to receipt of cash, including the following:

- Original issue discount instruments may have unreliable valuations because the accruals require judgments about collectability or deferred payments and the value of any associated collateral;
- Original issue discount instruments may create heightened credit risks because the inducement to the borrower to accept higher interest rates in exchange for the deferral of cash payments typically represents, to some extent, speculation on the part of the borrower;

- For GAAP purposes, cash distributions to shareholders that include a component of OID income do not come from paid-in capital, although they may be paid from the offering proceeds. Thus, although a distribution of OID income may come from the cash invested by the shareholders, the 1940 Act does not require that shareholders be given notice of this fact;
- The presence of OID and PIK creates the risk of non-refundable cash payments to our Adviser in the form of incentive fees on income based on non-cash OID and PIK accruals that may never be realized; and
- In the case of PIK, “toggle” debt, which gives the issuer the option to defer an interest payment in exchange for an increased interest rate in the future, the PIK election has the simultaneous effect of increasing the investment income, thus increasing the potential for realizing incentive fees.

Our portfolio companies may incur debt that ranks equally with, or senior to, our investments in such companies.

We intend to pursue a strategy focused on investing primarily in the debt of privately owned U.S. companies with a focus on originated transactions sourced through the networks of our Adviser. Our portfolio companies may have, or may be permitted to incur, other debt that ranks equally with, or senior to, the debt in which we invest. By their terms, such debt instruments may entitle the holders to receive payment of interest or principal on or before the dates on which we are entitled to receive payments with respect to the debt instruments in which we invest. Also, in the event of insolvency, liquidation, dissolution, reorganization or bankruptcy of a portfolio company, any holders of debt instruments ranking senior to our investment in that portfolio company would typically be entitled to receive payment in full before we receive any distribution. After repaying such senior creditors, such portfolio company may not have any remaining assets to use for repaying its obligation to us. In the case of debt ranking equally with debt instruments in which we invest, we would have to share on an equal basis any distributions with other creditors holding such debt in the event of an insolvency, liquidation, dissolution, reorganization or bankruptcy of the relevant portfolio company and our portfolio company may not have sufficient assets to pay all equally ranking credit even if we hold senior, first-lien debt.

If we cannot obtain debt financing or equity capital on acceptable terms, our ability to acquire investments and to expand our operations will be adversely affected.

The net proceeds from the sale of our shares will be used for our investment opportunities, and, if necessary, the payment of operating expenses and the payment of various fees and expenses such as base management fees, incentive fees, other fees and distributions. Any working capital reserves we maintain may not be sufficient for investment purposes, and we may require additional debt financing or equity capital to operate. Pursuant to tax rules that apply to us, we will be required to distribute at least 90% of our net ordinary income and net short-term capital gains in excess of net long-term capital losses, if any, to our shareholders to maintain our RIC status. Accordingly, in the event that we need additional capital in the future for investments or for any other reason we may need to access the capital markets periodically to issue debt or equity securities or borrow from financial institutions in order to obtain such additional capital. These sources of funding may not be available to us due to unfavorable economic conditions, which could increase our funding costs, limit our access to the capital markets or result in a decision by lenders not to extend credit to us. Consequently, if we cannot obtain further debt or equity financing on acceptable terms, our ability to acquire additional investments and to expand our operations will be adversely affected. As a result, we would be less able to diversify our portfolio and achieve our investment objective, which may negatively impact our results of operations and reduce our ability to make distributions to our shareholders.

Subordinated liens on collateral securing debt investments that we may make to portfolio companies may be subject to control by senior creditors with first priority liens. If there is a default, the value of the collateral may not be sufficient to repay in full both the first priority creditors and us.

Certain debt investments that we will make in portfolio companies will be secured on a second priority lien basis by the same collateral securing senior debt of such companies. We also make debt investments in portfolio companies secured on a first priority basis. The first priority liens on the collateral will secure the portfolio company’s obligations under any outstanding senior debt and may secure certain other future debt that may be permitted to be incurred by the portfolio company under the agreements governing the debt. In the event of a default, the holders of obligations secured by the first priority liens on the collateral will generally control the

liquidation of and be entitled to receive proceeds from any realization of the collateral to repay their obligations in full before us. In addition, the value of the collateral in the event of liquidation will depend on market and economic conditions, the availability of buyers and other factors. There can be no assurance that the proceeds, if any, from the sale or sales of all of the collateral would be sufficient to satisfy the debt obligations secured by the first priority or second priority liens after payment in full of all obligations secured by the first priority liens on the collateral. If such proceeds are not sufficient to repay amounts outstanding under the debt obligations secured by the first priority or second priority liens, then we, to the extent not repaid from the proceeds of the sale of the collateral, will only have an unsecured claim against the portfolio company's remaining assets, if any.

We may also make unsecured debt investments in portfolio companies, meaning that such investments will not benefit from any interest in collateral of such companies. Liens on any such portfolio company's collateral, if any, will secure the portfolio company's obligations under its outstanding secured debt and may secure certain future debt that is permitted to be incurred by the portfolio company under its secured debt agreements. The holders of obligations secured by such liens will generally control the liquidation of, and be entitled to receive proceeds from, any realization of such collateral to repay their obligations in full before us. In addition, the value of such collateral in the event of liquidation will depend on market and economic conditions, the availability of buyers and other factors. There can be no assurance that the proceeds, if any, from sales of such collateral would be sufficient to satisfy our unsecured debt obligations after payment in full of all secured debt obligations. If such proceeds were not sufficient to repay the outstanding secured debt obligations, then our unsecured claims would rank equally with the unpaid portion of such secured creditors' claims against the portfolio company's remaining assets, if any.

The rights we may have with respect to the collateral securing the debt investments we make in our portfolio companies with senior debt outstanding may also be limited pursuant to the terms of one or more inter-creditor agreements that we enter into with the holders of senior debt. Under such an inter-creditor agreement, at any time obligations that have the benefit of the first priority liens are outstanding, any of the following actions that may be taken in respect of the collateral will be at the direction of the holders of the obligations secured by the first priority liens: the ability to cause the commencement of enforcement proceedings against the collateral; the ability to control the conduct of such proceedings; the approval of amendments to collateral documents; releases of liens on the collateral; and waivers of past defaults under collateral documents. We may not have the ability to control or direct such actions, even if our rights are adversely affected.

Certain of our investments may be adversely affected by laws relating to fraudulent conveyance or voidable preferences.

Certain of our investments could be subject to federal bankruptcy law and state fraudulent transfer laws, which vary from state to state, if the debt obligations relating to certain investments were issued with the intent of hindering, delaying or defrauding creditors or, in certain circumstances, if the issuer receives less than reasonably equivalent value or fair consideration in return for issuing such debt obligations. If the debt proceeds are used for a buyout of shareholders, this risk is greater than if the debt proceeds are used for day-to-day operations or organic growth. If a court were to find that the issuance of the debt obligations was a fraudulent transfer or conveyance, the court could void or otherwise refuse to recognize the payment obligations under the debt obligations or the collateral supporting such obligations, further subordinate the debt obligations or the liens supporting such obligations to other existing and future indebtedness of the issuer or require us to repay any amounts received by us with respect to the debt obligations or collateral. In the event of a finding that a fraudulent transfer or conveyance occurred, we may not receive any repayment on such debt obligations.

Under certain circumstances, payments to us and distributions by us to our shareholders may be reclaimed if any such payment or distribution is later determined to have been a fraudulent conveyance, preferential payment or similar transaction under applicable bankruptcy and insolvency laws. Furthermore, investments in restructurings may be adversely affected by statutes relating to, among other things, fraudulent conveyances, voidable preferences, lender liability and the court's discretionary power to disallow, subordinate or disenfranchise particular claims or recharacterize investments made in the form of debt as equity contributions.

There may be circumstances where our debt investments could be subordinated to claims of other creditors or we could be subject to lender liability claims.

Although we intend to generally structure certain of our investments as senior debt, if one of our portfolio companies were to go bankrupt, depending on the facts and circumstances, including the extent to which we provided managerial assistance to that portfolio company or a representative of us or our Adviser sat on the board of directors of such portfolio company, a bankruptcy court might re-characterize our debt investment and subordinate all or a portion of our claim to that of other creditors. In situations where a bankruptcy carries a high degree of political significance, our legal rights may be subordinated to other creditors.

In addition, a number of U.S. judicial decisions have upheld judgments obtained by borrowers against lending institutions on the basis of various evolving legal theories, collectively termed “lender liability.” Generally, lender liability is founded on the premise that a lender has violated a duty (whether implied or contractual) of good faith, commercial reasonableness and fair dealing, or a similar duty owed to the borrower or has assumed an excessive degree of control over the borrower resulting in the creation of a fiduciary duty owed to the borrower or its other creditors or shareholders. Because of the nature of our investments in portfolio companies (including that, as a business development company, we may be required to provide managerial assistance to those portfolio companies if they so request upon our offer), we may be subject to allegations of lender liability.

We generally will not control the business operations of our portfolio companies and, due to the illiquid nature of our holdings in our portfolio companies, we may not be able to dispose of our interest in our portfolio companies.

We do not expect to control most of our portfolio companies, although we may have board representation or board observation rights, and our debt agreements may impose certain restrictive covenants on our borrowers. As a result, we are subject to the risk that a portfolio company in which we invest may make business decisions with which we disagree and the management of such company, as representatives of the holders of their common equity, may take risks or otherwise act in ways that do not serve our interests as a debt investor. Due to the lack of liquidity for our investments in private companies, we may not be able to dispose of our interests in our portfolio companies as readily as we would like or at a favorable value. As a result, a portfolio company may make decisions that could decrease the value of our portfolio holdings.

We will be exposed to risks associated with changes in interest rates.

General interest rate fluctuations may have a substantial negative impact on our investments and investment opportunities and, accordingly, may have a material adverse effect on our ability to achieve our investment objective and the rate of return on invested capital. Because we may borrow money to make investments, our net investment income will depend, in part, upon the difference between the rate at which we borrow funds and the rate at which we invest these funds. As a result, there can be no assurance that a significant change in market interest rates will not have a material adverse effect on our net investment income.

We expect that many of our debt investments will be based on floating interest rates, such as LIBOR, EURIBOR, the Federal Funds Rate or the Prime Rate, that reset on a periodic basis, and that many of our investments will be subject to interest rate floors. A reduction in the interest rates on new investments relative to interest rates on current investments could have an adverse impact on our net investment income, which also could be negatively impacted by our borrowers making prepayments on their loans. On the other hand, an increase in interest rates could increase the interest repayment obligations of our borrowers and result in challenges to their financial performance and ability to repay their obligations. In addition, our cost of funds likely will increase because the interest rates on the majority of amounts we may borrow are likely to be floating, which could reduce our net investment income to the extent any debt investments have fixed interest rates, and the interest rate on investments with an interest rate floor will not increase until interest rates exceed the applicable floor.

Trading prices for debt that pays a fixed rate of return tend to fall as interest rates rise. Trading prices tend to fluctuate more for fixed-rate securities that have longer maturities. Moreover, an increase in interest rates available to investors could make investment in our common stock less attractive if we are not able to increase our dividend rate, which could reduce the value of our common stock. Federal Reserve policy, including with respect to certain interest rates and the decision to end its quantitative easing policy, may also adversely affect the value, volatility and

liquidity of dividend- and interest-paying securities. Market volatility, rising interest rates and/or a return to unfavorable economic conditions could adversely affect our business.

We may enter into certain hedging transactions, such as interest rate swap agreements, in an effort to mitigate our exposure to adverse fluctuations in interest rates and we may increase our floating rate investments to position the portfolio for rate increases. However, we cannot assure you that such transactions will be successful in mitigating our exposure to interest rate risk or if we will enter into such interest rate hedges. Hedging transactions may also limit our ability to participate in the benefits of lower interest rates with respect to our portfolio investments.

We will not have a policy governing the maturities of our investments. This means that we are subject to greater risk (other things being equal) than a fund invested solely in shorter-term securities. A decline in the prices of the debt we own could adversely affect our net asset value. Also, an increase in interest rates available to investors could make an investment in our common stock less attractive if we are not able to increase our dividend rate.

To the extent that we make floating rate debt investments, a rise in the general level of interest rates would lead to higher interest rates applicable to our debt investments. Accordingly, an increase in interest rates may result in an increase in the amount of the Incentive Fee payable to the Adviser.

International investments create additional risks.

We expect to make investments in portfolio companies that are domiciled outside of the United States. We will not invest more than 20% of our total assets in companies whose principal place of business is outside the United States. Our investments in foreign portfolio companies are deemed “non-qualifying assets”, which means that, as required by the 1940 Act, such investments, along with investments in other non-qualifying assets, may not constitute more than 30% of our total assets at the time of our acquisition of any such asset, after giving effect to the acquisition. Notwithstanding the limitation on our ownership of foreign portfolio companies, such investments subject us to many of the same risks as our domestic investments, as well as certain additional risks, including the following:

- foreign governmental laws, rules and policies, including those relating to taxation and bankruptcy and restricting the ownership of assets in the foreign country or the repatriation of profits from the foreign country to the United States and any adverse changes in these laws;
- foreign currency devaluations that reduce the value of and returns on our foreign investments;
- adverse changes in the availability, cost and terms of investments due to the varying economic policies of a foreign country in which we invest;
- adverse changes in tax rates, the tax treatment of transaction structures and other changes in operating expenses of a particular foreign country in which we invest;
- the assessment of foreign-country taxes (including withholding taxes, transfer taxes and value added taxes, any or all of which could be significant) on income or gains from our investments in the foreign country;
- changes that adversely affect the social, political and/or economic stability of a foreign country in which we invest;
- high inflation in the foreign countries in which we invest, which could increase the costs to us of investing in those countries;
- deflationary periods in the foreign countries in which we invest, which could reduce demand for our assets in those countries and diminish the value of such investments and the related investment returns to us; and
- legal and logistical barriers in the foreign countries in which we invest that materially and adversely limit our ability to enforce our contractual rights with respect to those investments.

In addition, we may make investments in countries whose governments or economies may prove unstable. Certain of the countries in which we may invest may have political, economic and legal systems that are unpredictable, unreliable or otherwise inadequate with respect to the implementation, interpretation and enforcement of laws protecting asset ownership and economic interests. In some of the countries in which we may invest, there may be a risk of nationalization, expropriation or confiscatory taxation, which may have an adverse effect on our portfolio companies in those countries and the rates of return that we are able to achieve on such investments. We may also lose the total value of any investment which is nationalized, expropriated or confiscated. The financial results and investment opportunities available to us, particularly in developing countries and emerging markets, may be materially and adversely affected by any or all of these political, economic and legal risks.

We may acquire various structured financial instruments for purposes of “hedging” or reducing our risks, which may be costly and ineffective and could reduce the cash available to service our debt or for distribution to our shareholders.

We may seek to hedge against interest rate and currency exchange rate fluctuations and credit risk by using structured financial instruments such as futures, options, swaps and forward contracts, subject to the requirements of the 1940 Act. Use of structured financial instruments for hedging purposes may present significant risks, including the risk of loss of the amounts invested. Defaults by the other party to a hedging transaction can result in losses in the hedging transaction. Hedging activities also involve the risk of an imperfect correlation between the hedging instrument and the asset being hedged, which could result in losses both on the hedging transaction and on the instrument being hedged. Use of hedging activities may not prevent significant losses and could increase our losses. Further, hedging transactions may reduce cash available to service our debt or pay distributions to our shareholders.

We may enter into total return swaps that would expose us to certain risks, including market risk, liquidity risk and other risks similar to those associated with the use of leverage.

A total return swap is a contract in which one party agrees to make periodic payments to another party based on the change in the market value of the assets underlying the total return swap, which may include a specified security or loan, basket of securities or loans or securities or loan indices during the specified period, in return for periodic payments based on a fixed or variable interest rate. A total return swap is typically used to obtain exposure to a security, loan or market without owning or taking physical custody of such security or loan or investing directly in such market. A total return swap may effectively add leverage to our portfolio because, in addition to our total net assets, we would be subject to investment exposure on the amount of securities or loans subject to the total return swap. A total return swap is also subject to the risk that a counterparty will default on its payment obligations thereunder or that we will not be able to meet our obligations to the counterparty. In addition, because a total return swap is a form of synthetic leverage, such arrangements are subject to risks similar to those associated with the use of leverage.

Defaults by our portfolio companies could harm our operating results.

A portfolio company’s failure to satisfy financial or operating covenants imposed by us or other lenders could lead to defaults and, potentially, termination of its debt financing and foreclosure on its secured assets, which could trigger cross-defaults under other agreements and jeopardize a portfolio company’s ability to meet its obligations under the debt or equity investments that we hold. We may incur expenses to the extent necessary to seek recovery upon default or to negotiate new terms, which may include the waiver of certain financial covenants, with a defaulting portfolio company.

As part of our lending activities, we may in certain opportunistic circumstances originate loans to companies that are experiencing significant financial or business difficulties, including companies involved in bankruptcy or other reorganization and liquidation proceedings. Any such investment would involve a substantial degree of risk. In any reorganization or liquidation proceeding relating to a company that we fund, we may lose all or part of the amounts advanced to the borrower or may be required to accept collateral with a value less than the amount of the loan advanced by us to the borrower.

Our portfolio may be focused on a limited number of portfolio companies or industries, which will subject us to a risk of significant loss if any of these companies defaults on its obligations under any of its debt instruments or if there is a downturn in a particular industry.

Our portfolio is currently invested in a limited number of portfolio companies and industries and may continue to be in the near future. Beyond the asset diversification requirements associated with our qualification as a RIC for U.S. federal income tax purposes, we do not have fixed guidelines for diversification. While we are not targeting any specific industries, our investments may be focused on relatively few industries. As a result, the aggregate returns we realize may be significantly adversely affected if a small number of investments perform poorly or if we need to write down the value of any one investment. Additionally, a downturn in any particular industry in which we are invested could significantly affect our aggregate returns.

We cannot guarantee that we will be able to obtain various required licenses in U.S. states or in any other jurisdiction where they may be required in the future.

We are required to have and may be required in the future to obtain various state licenses to, among other things, originate commercial loans, and may be required to obtain similar licenses from other authorities, including outside of the United States, in the future in connection with one or more investments. Applying for and obtaining required licenses can be costly and take several months. We cannot assure you that we will maintain or obtain all of the licenses that we need on a timely basis. We also are and will be subject to various information and other requirements to maintain and obtain these licenses, and we cannot assure you that we will satisfy those requirements. Our failure to maintain or obtain licenses that we require, now or in the future, might restrict investment options and have other adverse consequences.

An investment strategy focused primarily on privately held companies presents certain challenges, including the lack of available information about these companies.

We intend to invest primarily in privately held companies. Investments in private companies pose certain incremental risks as compared to investments in public companies including that they:

- have reduced access to the capital markets, resulting in diminished capital resources and ability to withstand financial distress;
- may have limited financial resources and may be unable to meet their obligations under their debt obligations that we hold, which may be accompanied by a deterioration in the value of any collateral and a reduction in the likelihood of our realizing any guarantees we may have obtained in connection with our investment;
- may have shorter operating histories, narrower product lines and smaller market shares than larger businesses, which tend to render them more vulnerable to competitors' actions and changing market conditions, as well as general economic downturns;
- are more likely to depend on the management talents and efforts of a small group of persons and, therefore, the death, disability, resignation or termination of one or more of these persons could have a material adverse impact on the company and, in turn, on us; and
- generally have less predictable operating results, may from time to time be parties to litigation, may be engaged in rapidly changing businesses with products subject to a substantial risk of obsolescence, and may require substantial additional capital to support their operations, finance expansion or maintain their competitive position.

In addition, investments in private companies tend to be less liquid. The securities of private companies are not publicly traded or actively traded on the secondary market and are, instead, traded on a privately negotiated over-the-counter secondary market for institutional investors. These over-the-counter secondary markets may be inactive during an economic downturn or a credit crisis and in any event often have lower volumes than publicly traded securities even in normal market conditions. In addition, the securities in these companies will be subject to legal and other restrictions on resale or will otherwise be less liquid than publicly traded securities. If there is no readily available market for these investments, we are required to carry these investments at fair value as determined

by our Board. As a result, if we are required to liquidate all or a portion of our portfolio quickly, we may realize significantly less than the value at which we had previously recorded these investments. We may also face other restrictions on our ability to liquidate an investment in a portfolio company to the extent that we, our Adviser or any of its affiliates have material nonpublic information regarding such portfolio company or where the sale would be an impermissible joint transaction under the 1940 Act. The reduced liquidity of our investments may make it difficult for us to dispose of them at a favorable price, and, as a result, we may suffer losses.

Finally, little public information generally exists about private companies and these companies may not have third-party credit ratings or audited financial statements. We must therefore rely on the ability of our Adviser to obtain adequate information through due diligence to evaluate the creditworthiness and potential returns from investing in these companies, and to monitor the activities and performance of these investments. To the extent that we (or other clients of the Adviser) may hold a larger number of investments, greater demands will be placed on the Adviser's time, resources and personnel in monitoring such investments, which may result in less attention being paid to any individual investment and greater risk that our investment decisions may not be fully informed. Additionally, these companies and their financial information will not generally be subject to the Sarbanes-Oxley Act of 2002 and other rules that govern public companies. If we are unable to uncover all material information about these companies, we may not make a fully informed investment decision, and we may lose money on our investments.

Certain investment analyses and decisions by the Adviser may be required to be undertaken on an expedited basis.

Investment analyses and decisions by the Adviser may be required to be undertaken on an expedited basis to take advantage of certain investment opportunities. While we generally will not seek to make an investment until the Adviser has conducted sufficient due diligence to make a determination as to the acceptability of the credit quality of the investment and the underlying issuer, in such cases, the information available to the Adviser at the time of making an investment decision may be limited. Therefore, no assurance can be given that the Adviser will have knowledge of all circumstances that may adversely affect an investment. In addition, the Adviser expects often to rely upon independent consultants in connection with its evaluation of proposed investments. No assurance can be given as to the accuracy or completeness of the information provided by such independent consultants and we may incur liability as a result of such consultants' actions, many of whom we will have limited recourse against in the event of any such inaccuracies.

We may not have the funds or ability to make additional investments in our portfolio companies or to fund our unfunded commitments.

After our initial investment in a portfolio company, we may be called upon from time to time to provide additional funds to such company or have the opportunity to increase our investment through the exercise of a warrant or other right to purchase common stock. There is no assurance that we will make, or will have sufficient funds to make, follow-on investments. Even if we do have sufficient capital to make a desired follow-on investment, we may elect not to make a follow-on investment because we may not want to increase our level of risk, we prefer other opportunities, we are limited in our ability to do so by compliance with business development company requirements or in order to maintain our RIC status. Our ability to make follow-on investments may also be limited by our Adviser's allocation policies. Any decision not to make a follow-on investment or any inability on our part to make such an investment may have a negative impact on a portfolio company in need of such an investment, may result in a missed opportunity for us to increase our participation in a successful investment or may reduce the expected return to us on the investment.

Pending legislation may allow us to incur additional leverage.

As a BDC, under the 1940 Act we generally are not permitted to incur borrowings, issue debt securities or issue preferred stock unless immediately after the borrowing or issuance the ratio of total assets (less total liabilities other than indebtedness) to total indebtedness plus preferred stock is at least 200%. Legislation introduced in the U.S. House of Representatives, if passed, would modify this section of the 1940 Act and increase the amount of debt that BDCs may incur by modifying the asset coverage percentage from 200% to 150%. As a result, we may be able to incur additional indebtedness in the future and you may face increased investment risk. In addition, since our base

management fee is calculated as a percentage of the value of our gross assets, excluding cash and cash-equivalents but including assets purchased with borrowed amounts, our base management fee expenses will increase if we incur additional indebtedness to the extent we use leverage to make investments.

Our ability to enter into transactions involving derivatives and financial commitment transactions may be limited.

The SEC has proposed a new rule under the 1940 Act that would govern the use of derivatives (defined to include any swap, security-based swap, futures contract, forward contract, option or any similar instrument) as well as financial commitment transactions (defined to include reverse repurchase agreements, short sale borrowings and any firm or standby commitment agreement or similar agreement) by BDCs. Under the proposed rule, a BDC would be required to comply with one of two alternative portfolio limitations and manage the risks associated with derivatives transactions and financial commitment transactions by segregating certain assets. Furthermore, a BDC that engages in more than a limited amount of derivatives transactions or that uses complex derivatives would be required to establish a formalized derivatives risk management program. If the SEC adopts this rule in the form proposed, we may incur greater and indirect costs to engage in derivatives transactions or financial commitment transactions, and our ability to enter into transactions involving such instruments may be hindered, which could have an adverse effect on our business, financial condition and results of operations.

To the extent that we borrow money, the potential for gain or loss on amounts invested in us will be magnified and may increase the risk of investing in us. Borrowed money may also adversely affect the return on our assets, reduce cash available to service our debt or for distribution to our shareholders, and result in losses.

The use of borrowings, also known as leverage, increases the volatility of investments by magnifying the potential for gain or loss on invested equity capital. To the extent that we use leverage to partially finance our investments through borrowing from banks and other lenders, you will experience increased risks of investing in our securities. If the value of our assets decreases, leverage would cause our net asset value to decline more sharply than it otherwise would if we had not borrowed and employed leverage. Similarly, any decrease in our income would cause net income to decline more sharply than it would have if we had not borrowed and employed leverage. Such a decline could negatively affect our ability to service our debt or make distributions to our shareholders. In addition, our shareholders will bear the burden of any increase in our expenses as a result of our use of leverage, including interest expenses and any increase in the base management or incentive fees payable to our Adviser attributable to the increase in assets purchased using leverage.

The amount of leverage that we employ will depend on our Adviser's and our Board' assessment of market and other factors at the time of any proposed borrowing. There can be no assurance that leveraged financing will be available to us on favorable terms or at all. However, to the extent that we use leverage to finance our assets, our financing costs will reduce cash available for distributions to shareholders. Moreover, we may not be able to meet our financing obligations and, to the extent that we cannot, we risk the loss of some or all of our assets to liquidation or sale to satisfy the obligations. In such an event, we may be forced to sell assets at significantly depressed prices due to market conditions or otherwise, which may result in losses.

As a business development company, we are required to meet a coverage ratio of total assets to total borrowings and other senior securities, which include all of our borrowings and any preferred stock that we may issue in the future, of at least 200%. If this ratio declines below 200%, we cannot incur additional debt and could be required to sell a portion of our investments to repay some debt when it is disadvantageous to do so. This could have a material adverse effect on our operations, and we may not be able to service our debt or make distributions.

Risks Related to an Investment in Our Common Stock

Our shares are not listed on an exchange or quoted through a quotation system and will not be listed for the foreseeable future, if ever. Therefore, our shareholders will have limited liquidity.

Our shares are illiquid investments for which there is not a secondary market nor is it expected that any such secondary market will develop in the future. Our common stock will not be registered under the 1933 Act, or any state securities law and will be restricted as to transfer by law and the terms of our charter. Shareholders generally may not sell, assign or transfer their shares without prior written consent of the Adviser, which the Adviser may

grant or withhold in its sole discretion. Except in limited circumstances for legal or regulatory purposes, shareholders are not entitled to redeem their shares of our common stock. Shareholders must be prepared to bear the economic risk of an investment in us for an indefinite period of time.

We do not know at this time what circumstances will exist in the future and therefore we do not know what factors our Board will consider in determining whether to conduct an Exchange Listing. If we do undertake an Exchange Listing, we cannot assure you a public trading market will develop or, if one develops, that such trading market can be sustained. Shares of companies offered in an initial public offering often trade at a discount to the initial offering price due to underwriting discounts and related offering expenses. Also, shares of closed-end investment companies and business development companies frequently trade at a discount from their net asset value. This characteristic of closed-end investment companies is separate and distinct from the risk that our net asset value per share of common stock may decline. We cannot predict whether our common stock, if listed on a national securities exchange, will trade at, above or below net asset value.

We may, but are not required to offer to, repurchase your shares. As a result you will have limited opportunities to sell your shares.

Beginning with the quarter after we accept subscriptions for \$1 billion of cumulative total Capital Commitments, until an Exchange Listing, we may conduct repurchase offers to allow shareholders to tender shares of our common stock at a price per share expected to reflect a recently calculated net asset value per share. Any such share repurchase offer will be at the discretion of the Board and subject to applicable law. We intend to limit the number of shares repurchased pursuant to any such repurchase offers to 15% of the total Capital Commitments raised in excess of \$1 billion, with the exact amount to be set by the Board. We will conduct any repurchase offers in accordance with Section 23(c) of the 1940 Act and Rule 13e-4 under the 1934 Act. Although we may conduct repurchase offers beginning with the quarter after we accept subscriptions for \$1 billion of cumulative total Capital Commitments, the Board has complete and absolute discretion to determine whether we will engage in any share repurchases and, if so, the terms of such repurchases. Therefore, we may ultimately not engage in any share repurchases or may cease share repurchases at any time, and shareholders may not be able to sell shares of our common stock at all. Shareholders should not assume or rely upon any expectation that we will offer to repurchase any of their shares of our common stock. The repurchase price per share of future repurchase offers, if any, may be lower than the price per share that shareholders paid for their shares of our common stock. In addition, in the event that a shareholder chooses to participate in a repurchase offer, the shareholder may be required to provide us with notice of intent to participate prior to knowing what the net asset value per share will be on the repurchase date. We anticipate that certain principals of the Adviser will agree not to participate in any repurchase offers.

A shareholder's interest in us will be diluted if we issue additional shares, which could reduce the overall value of an investment in us.

Our shareholders do not have preemptive rights to purchase any shares we issue in the future. Our charter authorizes us to issue up to 500 million shares of common stock. Pursuant to our charter, a majority of our entire Board may amend our charter to increase the number of shares of common stock we may issue without shareholder approval. Our board may elect to sell additional shares in the future or issue equity interests in private offerings. To the extent we issue additional equity interests at or below net asset value, your percentage ownership interest in us may be diluted. In addition, depending upon the terms and pricing of any additional offerings and the value of our investments, you may also experience dilution in the book value and fair value of your shares.

Under the 1940 Act, we generally are prohibited from issuing or selling our common stock at a price below net asset value per share, which may be a disadvantage as compared with certain public companies. We may, however, sell our common stock, or warrants, options, or rights to acquire our common stock, at a price below the current net asset value of our common stock if our Board and independent directors determine that such sale is in our best interests and the best interests of our shareholders, and our shareholders, including a majority of those shareholders that are not affiliated with us, approve such sale. In any such case, the price at which our securities are to be issued and sold may not be less than a price that, in the determination of our Board, closely approximates the fair value of such securities (less any distributing commission or discount). If we raise additional funds by issuing common stock or senior securities convertible into, or exchangeable for, our common stock, then the percentage ownership of our shareholders at that time will decrease and you will experience dilution.

Certain provisions of our charter and actions of our Board could deter takeover attempts and have an adverse impact on the value of shares of our common stock.

Our charter, as well as certain statutory and regulatory requirements, contain certain provisions that may have the effect of discouraging a third party from attempting to acquire us. Our Board is divided into three classes of directors serving staggered three-year terms. Our Board may, without shareholder action, authorize the issuance of shares in one or more classes or series, including shares of preferred stock; and our Board may, without shareholder action, amend our charter to increase the number of shares of our common stock, of any class or series, that we will have authority to issue. These anti-takeover provisions may inhibit a change of control in circumstances that could give the holders of shares of our common stock the opportunity to realize a premium over the value of shares of our common stock.

Investing in our common stock involves a high degree of risk.

The investments we make in accordance with our investment objective may result in a higher amount of risk than alternative investment options, including volatility or loss of principal. Our investments in portfolio companies may be highly speculative and aggressive and, therefore, an investment in our common stock may not be suitable for someone with lower risk tolerance.

The net asset value of our common stock may fluctuate significantly.

The net asset value and liquidity, if any, of the market for shares of our common stock may be significantly affected by numerous factors, some of which are beyond our control and may not be directly related to our operating performance. These factors include:

- changes in the value of our portfolio of investments and derivative instruments as a result of changes in market factors, such as interest rate shifts, and also portfolio specific performance, such as portfolio company defaults, among other reasons;
- changes in regulatory policies or tax guidelines, particularly with respect to RICs or business development companies;
- loss of RIC or business development company status;
- distributions that exceed our net investment income and net income as reported according to GAAP;
- changes in earnings or variations in operating results;
- changes in accounting guidelines governing valuation of our investments;
- any shortfall in revenue or net income or any increase in losses from levels expected by investors;
- departure of our Adviser or certain of its key personnel;
- general economic trends and other external factors; and
- loss of a major funding source.

The amount of any distributions we may make is uncertain. We may pay distributions from offering proceeds, borrowings or the sale of assets to the extent our cash flows from operations, net investment income or earnings are not sufficient to fund declared distributions.

We may fund distributions from the uninvested proceeds of an offering, borrowings and expense reimbursements from our Adviser, which is subject to recoupment. We have not established limits on the amount of funds we may use from such proceeds or borrowings or expense reimbursements to make any such distributions. We may pay distributions from the sale of assets to the extent distributions exceed our earnings or cash flows from operations. Distributions from offering proceeds or from borrowings could reduce the amount of capital we ultimately invest in our investment portfolio.

Shareholders will experience dilution in their ownership percentage if they do not participate in our dividend reinvestment plan.

All distributions declared in cash payable to shareholders that are participants in our dividend reinvestment plan will generally be automatically reinvested in shares of our common stock if the investor opts in to the plan. As a result, shareholders that do not elect to participate in our dividend reinvestment plan may experience dilution over time. Shareholders who do not elect to participate in dividend reinvestment plan may experience accretion to the net asset value of their shares if our shares are trading at a premium to net asset value and dilution if our shares are trading at a discount to net asset value. The level of accretion or discount would depend on various factors, including the proportion of our shareholders who participate in the plan, the level of premium or discount at which our shares are trading and the amount of the distribution payable to shareholders.

The existence of a large number of outstanding shares and shareholders prior to an Exchange Listing could negatively affect our stock price.

The ability of our shareholders to liquidate their investments will be limited. If we were to conduct an Exchange Listing in the future, a large volume of sales of these shares could decrease the prevailing market prices of our common stock and could impair our ability to raise additional capital through the sale of equity securities in the future. Even if a substantial number of sales are not affected, the mere perception of the possibility of these sales could depress the market price of our common stock and have a negative effect on our ability to raise capital in the future. In addition, anticipated downward pressure on our common stock price due to actual or anticipated sales of common stock from this market overhang could cause some institutions or individuals to engage in short sales of our common stock, which may itself cause the price of our stock to decline.

If we issue preferred stock, debt securities or convertible debt securities, the net asset value of our common stock may become more volatile.

We cannot assure you that the issuance of preferred stock and/or debt securities would result in a higher yield or return to the holders of our common stock. The issuance of preferred stock, debt securities or convertible debt would likely cause the net asset value of our common stock to become more volatile. If the dividend rate on the preferred stock, or the interest rate on the debt securities, were to approach the net rate of return on our investment portfolio, the benefit of such leverage to the holders of our common stock would be reduced. If the dividend rate on the preferred stock, or the interest rate on the debt securities, were to exceed the net rate of return on our portfolio, the use of leverage would result in a lower rate of return to the holders of common stock than if we had not issued the preferred stock or debt securities. Any decline in the net asset value of our investment would be borne entirely by the holders of our common stock. Therefore, if the market value of our portfolio were to decline, the leverage would result in a greater decrease in net asset value to the holders of our common stock than if we were not leveraged through the issuance of preferred stock or debt securities. This decline in net asset value would also tend to cause a greater decline in the market price, if any, for our common stock.

There is also a risk that, in the event of a sharp decline in the value of our net assets, we would be in danger of failing to maintain required asset coverage ratios, which may be required by the preferred stock, debt securities or convertible debt, or our current investment income might not be sufficient to meet the dividend requirements on the preferred stock or the interest payments on the debt securities. In order to counteract such an event, we might need to liquidate investments in order to fund the redemption of some or all of the preferred stock, debt securities or convertible debt. In addition, we would pay (and the holders of our common stock would bear) all costs and expenses relating to the issuance and ongoing maintenance of the preferred stock, debt securities, convertible debt, or any combination of these securities. Holders of preferred stock, debt securities or convertible debt may have different interests than holders of common stock and may at times have disproportionate influence over our affairs.

Holders of any preferred stock that we may issue will have the right to elect certain members of our Board and have class voting rights on certain matters.

The 1940 Act requires that holders of shares of preferred stock must be entitled as a class to elect two directors at all times and to elect a majority of the directors if dividends on such preferred stock are in arrears by two years or more, until such arrearage is eliminated. In addition, certain matters under the 1940 Act require the separate

vote of the holders of any issued and outstanding preferred stock, including changes in fundamental investment restrictions and conversion to open-end status and, accordingly, preferred shareholders could veto any such changes. Restrictions imposed on the declarations and payment of dividends or other distributions to the holders of our common stock and preferred stock, both by the 1940 Act and by requirements imposed by rating agencies, might impair our ability to maintain our tax treatment as a RIC for U.S. federal income tax purposes.

Federal Income Tax Risks

We will be subject to corporate-level income tax if we are unable to qualify and maintain our qualification as a RIC under Subchapter M of the Code or if we make investments through taxable subsidiaries.

To maintain RIC tax treatment under the Code, we must meet the following minimum annual distribution, income source and asset diversification requirements. See “ITEM 1. BUSINESS – Certain U.S. Federal Income Tax Considerations.”

The minimum annual distribution requirement for a RIC will be satisfied if we distribute to our shareholders on an annual basis at least 90% of our “investment company taxable income,” which is generally our net ordinary income plus the excess, if any, of realized net short-term capital gains over realized net long-term capital losses (the “Annual Distribution Requirement”). In addition, a RIC may, in certain cases, satisfy the 90% distribution requirement by distributing dividends relating to a taxable year after the close of such taxable year under the “spillback dividend” provisions of Subchapter M. We would be taxed, at regular corporate rates, on retained income and/or gains, including any short-term capital gains or long-term capital gains. We also must satisfy an additional annual distribution requirement with respect to each calendar year in order to avoid a 4% excise tax on the amount of the under-distribution. Because we may use debt financing, we are subject to (i) an asset coverage ratio requirement under the 1940 Act and may, in the future, be subject to (ii) certain financial covenants under loan and credit agreements that could, under certain circumstances, restrict us from making distributions necessary to satisfy the distribution requirements. If we are unable to obtain cash from other sources, or choose or are required to retain a portion of our taxable income or gains, we could (1) be required to pay excise taxes and (2) fail to qualify for RIC tax treatment, and thus become subject to corporate-level income tax on our taxable income (including gains).

The income source requirement will be satisfied if we obtain at least 90% of our annual income from dividends, interest, gains from the sale of stock or securities, or other income derived from the business of investing in stock or securities.

The asset diversification requirement will be satisfied if we meet certain asset diversification requirements at the end of each quarter of our taxable year. Specifically, at least 50% of the value of our assets must consist of cash, cash-equivalents (including receivables), U.S. government securities, securities of other RICs, and other acceptable securities if such securities or any one issuer do not represent more than 5% of the value of our assets or more than 10% of the outstanding voting securities of the issuer; and no more than 25% of the value of our assets can be invested in the securities, other than U.S. government securities or securities of other RICs, of one issuer, of two or more issuers that are controlled, as determined under applicable Code rules, by us and that are engaged in the same or similar or related trades or businesses or of certain “qualified publicly traded partnerships.” Failure to meet these requirements may result in our having to dispose of certain investments quickly in order to prevent the loss of RIC status. Because most of our investments will be in private companies, and therefore will be relatively illiquid, any such dispositions could be made at disadvantageous prices and could result in substantial losses.

If we fail to qualify for or maintain RIC tax treatment for any reason and are subject to corporate income tax, the resulting corporate taxes could substantially reduce our net assets, the amount of income available for distribution, and the amount of our distributions.

We may invest in certain debt and equity investments through taxable subsidiaries and the net taxable income of these taxable subsidiaries will be subject to federal and state corporate income taxes. We may invest in certain foreign debt and equity investments which could be subject to foreign taxes (such as income tax, withholding, and value added taxes).

We may have difficulty paying our required distributions if we recognize income before or without receiving cash representing such income.

For federal income tax purposes, we may be required to recognize taxable income in circumstances in which we do not receive a corresponding payment in cash. For example, since we will likely hold debt obligations that are treated under applicable tax rules as having OID (such as debt instruments with PIK, secondary market purchases of debt securities at a discount to par, interest or, in certain cases, increasing interest rates or debt instruments that were issued with warrants), we must include in income each year a portion of the OID that accrues over the life of the obligation, regardless of whether cash representing such income is received by us in the same taxable year. We may also have to include in income other amounts that we have not yet received in cash, such as unrealized appreciation for foreign currency forward contracts and deferred loan origination fees that are paid after origination of the loan or are paid in non-cash compensation such as warrants or stock. Furthermore, we may invest in non-U.S. corporations (or other non-U.S. entities treated as corporations for U.S. federal income tax purposes) that could be treated under the Code and U.S. Treasury regulations as “passive foreign investment companies” and/or “controlled foreign corporations.” The rules relating to investment in these types of non-U.S. entities are designed to ensure that U.S. taxpayers are either, in effect, taxed currently (or on an accelerated basis with respect to corporate-level events) or taxed at increased tax rates at distribution or disposition. In certain circumstances this could require us to recognize income where we do not receive a corresponding payment in cash.

Unrealized appreciation on derivatives, such as foreign currency forward contracts, may be included in taxable income while the receipt of cash may occur in a subsequent period when the related contract expires. Any unrealized depreciation on investments that the foreign currency forward contracts are designed to hedge are not currently deductible for tax purposes. This can result in increased taxable income whereby we may not have sufficient cash to pay distributions or we may opt to retain such taxable income and pay a 4% excise tax. In such cases we could still rely upon the “spillback provisions” to maintain RIC qualification.

We anticipate that a portion of our income may constitute OID or other income required to be included in taxable income prior to receipt of cash. Further, we may elect to amortize market discounts with respect to debt securities acquired in the secondary market and include such amounts in our taxable income in the current year, instead of upon disposition, as an election not to do so would limit our ability to deduct interest expenses for tax purposes. Because any OID or other amounts accrued will be included in our investment company taxable income for the year of the accrual, we may be required to make a distribution to our shareholders in order to satisfy the annual distribution requirement, even if we will not have received any corresponding cash amount. As a result, we may have difficulty meeting the annual distribution requirement necessary to obtain and maintain RIC tax treatment under the Code. We may have to sell some of our investments at times and/or at prices we would not consider advantageous, raise additional debt or equity capital, make a partial share distribution, or forgo new investment opportunities for this purpose. If we are not able to obtain cash from other sources, and choose not to make a qualifying share distribution, we may fail to qualify for RIC tax treatment and thus become subject to corporate-level income tax.

If we are not treated as a “publicly offered regulated investment company,” as defined in the Code, certain U.S. shareholders will be treated as having received a dividend from us in the amount of such U.S. shareholders’ allocable share of the base management fee and incentive fees paid to our Adviser and some of our expenses, and these fees and expenses will be treated as miscellaneous itemized deductions of such U.S. shareholders.

A “publicly offered regulated investment company” is a RIC whose shares are either (i) continuously offered pursuant to a public offering within the meaning of Section 4 of the 1933 Act, (ii) regularly traded on an established securities market or (iii) held by at least 500 persons at all times during the taxable year. We anticipate that we do not qualify currently as a publicly offered RIC; however, we may qualify as a publicly offered RIC for future taxable years. If we are not treated as a publicly offered regulated investment company for any calendar year, each U.S. shareholder that is an individual, trust or estate will be treated as having received a dividend from us in the amount of such U.S. shareholder’s allocable share of the base management fee and incentive fees paid to our Adviser and certain of our other expenses for the calendar year, and these fees and expenses will be treated as miscellaneous itemized deductions of such U.S. shareholder. Miscellaneous itemized deductions generally are deductible by a U.S. shareholder¹ that is an individual, trust or estate only to the extent that the aggregate of such U.S. shareholder’s miscellaneous itemized deductions exceeds 2% of such U.S. shareholder’s adjusted gross income

for U.S. federal income tax purposes, are not deductible for purposes of the alternative minimum tax and are subject to the overall limitation on itemized deductions under the Code.

Item 1B. Unresolved Staff Comments.

None.

Item 2. Properties.

Our corporate headquarters are located at 245 Park Avenue, 41st floor, New York, New York 10167 and are provided by the Adviser in accordance with the terms of our Administration Agreement. We believe that our office facilities are suitable and adequate for our business as it is contemplated to be conducted.

Item 3. Legal Proceedings.

We are not currently subject to any material legal proceedings, nor, to our knowledge, are any material legal proceeding threatened against us. From time to time, we may be a party to certain legal proceedings in the ordinary course of business, including proceedings relating to the enforcement of our rights under contracts with our portfolio companies. Our business is also subject to extensive regulation, which may result in regulatory proceedings against us. While the outcome of any such future legal or regulatory proceedings cannot be predicted with certainty, we do not expect that any such future proceedings will have a material effect upon our financial condition or results of operations.

Item 4. Mine Safety Disclosures.

Not applicable.

PART II

Item 5. Market for Registrant's Common Equity, Related Stockholder Matters and Issuer Purchases of Equity Securities.

Until an Exchange Listing, our common stock will be offered and sold in transactions exempt from registration under Section 4(a)(2) and Regulation D of the 1933 Act. There is not currently a public market for our common stock, nor can we give any assurance that one will develop.

Our common stock may not be sold, transferred, assigned, pledged or otherwise disposed of unless (i) our Adviser consents to such transfer and (ii) the common stock is registered under applicable securities laws or specifically exempted from registration (in which case the stockholder may, at our option, be required to provide us with a legal opinion, in form and substance satisfactory to us, that registration is not required). Accordingly, an investor must be willing to bear the economic risk of investment in the common stock until we are liquidated. No sale, transfer, assignment, pledge or other disposition, whether voluntary or involuntary, of the common stock may be made except by registration of the transfer on our books. Each transferee will be required to execute an instrument agreeing to be bound by these restrictions and the other restrictions imposed on our common stock and to execute such other instruments or certifications as we may reasonably require.

Dividends

We generally intend to distribute, out of assets legally available for distribution, substantially all of our available earnings, on a quarterly basis, as determined by Board in its discretion. The following table summarizes dividends declared for the year ended December 31, 2016:

Date Declared	Record Date	Payment Date	Distribution per Share
November 8, 2016	November 15, 2016	November 30, 2016	\$ 0.06

The dividends declared during the year ended December 31, 2016, was derived from net investment income, determined on a tax basis. See “ITEM 1. BUSINESS – Dividend Reinvestment Plan” for a description of our dividend reinvestment plan.

Item 6. Selected Financial Data.

The following table below sets forth our selected consolidated historical financial data for the year ended December 31, 2016. Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations.

The information contained in this section should be read in conjunction with “*ITEM 8. CONSOLIDATED FINANCIAL STATEMENTS AND SUPPLEMENTAL DATA*”. This discussion contains forward-looking statements, which relate to future events or the future performance or financial condition of Owl Rock Capital Corporation and involves numerous risks and uncertainties, including, but not limited to, those described in “*ITEM 1A. RISK FACTORS.*” Actual results could differ materially from those implied or expressed in any forward-looking statements.

Overview

Owl Rock Capital Corporation (the “Company”, “we”, “us” or “our”) is a Maryland corporation formed on October 15, 2015. We were formed primarily to originate and make loans to, and make debt and equity investments in, U.S. middle market companies. We invest in senior secured or unsecured loans, subordinated loans or mezzanine loans and, to a lesser extent, equity-related securities including warrants, preferred stock and similar forms of senior equity, which may or may not be convertible into a portfolio company’s common equity. Our investment objective is to generate current income, and to a lesser extent, capital appreciation by targeting investment opportunities with favorable risk-adjusted returns.

We are managed by Owl Rock Capital Advisors LLC (the “Adviser”). The Adviser is registered with the SEC as an investment adviser under the Investment Advisers Act of 1940 (the “Advisers Act”). Subject to the overall supervision of our Board of Directors (the “Board”), the Adviser manages our day-to-day operations, and provides investment advisory and management services to us. The Adviser or its affiliates may engage in certain origination activities and receive attendant arrangement, structuring or similar fees. The Adviser is responsible for managing our business and activities, including sourcing investment opportunities, conducting research, performing diligence on potential investments, structuring our investments, and monitoring our portfolio companies on an ongoing basis through a team of investment professionals. The Board consists of seven directors, four of whom are independent.

The Adviser also serves as investment adviser to Owl Rock Capital Corporation II. Owl Rock Capital Corporation II is a corporation formed under the laws of the State of Maryland that, like us, has elected to be treated as a business development company (“BDC”) under the Investment Company Act of 1940 (the “1940 Act”). Owl Rock Capital Corporation II’s investment objective is similar to ours, which is to generate current income, and to a lesser extent, capital appreciation by targeting investment opportunities with favorable risk-adjusted returns.

On April 27, 2016, we formed a wholly-owned subsidiary, OR Lending LLC, a Delaware limited liability company, which holds a California finance lenders license and a Tennessee industrial loan and thrift certificate.

We have elected to be regulated as a BDC under the 1940 Act and intend to qualify and be treated as a regulated investment company (“RIC”) for tax purposes under the Internal Revenue Code of 1986, as amended (the “Code”). As a result, we are required to comply with various statutory and regulatory requirements, such as:

- the requirement to invest at least 70% of our assets in “qualifying assets”, as such term is defined in the 1940 Act;
- source of income limitations;
- asset diversification requirements; and
- the requirement to distribute (or be treated as distributing) in each taxable year at least 90% of our investment company taxable income and tax-exempt interest for that taxable year.

In addition, we will not invest more than 20% of our total assets in companies whose principal place of business is outside the United States.

Our Investment Framework

We are a Maryland corporation organized primarily to originate and make loans to, and make debt and equity investments in, U.S. middle market companies. Our investment objective is to generate current income, and to a

lesser extent, capital appreciation by targeting investment opportunities with favorable risk-adjusted returns. Since we began our investment activities in April 2016 through December 31, 2016, we have originated \$1,173.0 million aggregate principal amount of investments and retained \$1,000.5 million aggregate principal amount of these investments on our balance sheet prior to any subsequent exits or repayments. We seek to generate current income primarily in U.S. middle market companies through direct originations of senior secured loans or originations of unsecured loans, subordinated loans or mezzanine loans and, to a lesser extent, investments in equity-related securities including warrants, preferred stock and similar forms of senior equity.

We define “middle market companies” generally to mean companies with earnings before interest expense, income tax expense, depreciation and amortization, or “EBITDA,” between \$10 million and \$250 million annually and/or annual revenue of \$50 million to \$2.5 billion at the time of investment, although we may on occasion invest in smaller or larger companies if an opportunity presents itself.

As of December 31, 2016, our average investment size in each of our portfolio companies was approximately \$46 million based on fair value. As of December 31, 2016, our portfolio companies had weighted average annual revenue of \$571 million and weighted average annual EBITDA of \$81 million.

The companies in which we invest use our capital to support their growth, acquisitions, market or product expansion, refinancings and/or recapitalizations. The debt in which we invest typically is not rated by any rating agency, but if these instruments were rated, they would likely receive a rating of below investment grade (that is, below BBB- or Baa3), which is often referred to as “junk”.

Key Components of Our Results of Operations

Investments

We focus primarily on the direct origination of loans to middle market companies domiciled in the United States.

Our level of investment activity (both the number of investments and the size of each investment) can and will vary substantially from period to period depending on many factors, including the amount of debt and equity capital available to middle market companies, the level of merger and acquisition activity for such companies, the general economic environment and the competitive environment for the types of investments we make.

In addition, as part of our risk strategy on investments, we may reduce the levels of certain investments through partial sales or syndication to additional investors.

Revenues

We generate revenues primarily in the form of interest income from the investments we hold. In addition, we may generate income from dividends on either direct equity investments or equity interests obtained in connection with originating loans, such as options, warrants or conversion rights. Our debt investments typically have a term of three to ten years. As of December 31, 2016, 98.0% of our investments based on fair value bear interest at a floating rate, subject to interest rate floors. Interest on our debt investments is generally payable either monthly or quarterly.

Our investment portfolio consists of floating rate loans, and our credit facilities bear interest at floating rates. Macro trends in base interest rates like LIBOR may affect our net investment income over the long term. However, because we generally originate loans to a small number of portfolio companies each quarter, and those investments vary in size, our results in any given period, including the interest rate on investments that were sold or repaid in a period compared to the interest rate of new investments made during that period, often are idiosyncratic, and reflect the characteristics of the particular portfolio companies that we invested in or exited during the period and not necessarily any trends in our business or macro trends.

Loan origination fees, original issue discount and market discount or premium are capitalized, and we accrete or amortize such amounts as interest income using the effective yield method for term instruments and the straight-line method for revolving or delayed draw instruments. Repayments of our debt investments can reduce interest.

income from period to period. The frequency or volume of these repayments may fluctuate significantly. We record prepayment premiums on loans as interest income. We may also generate revenue in the form of commitment, loan origination, structuring, or due diligence fees, fees for providing managerial assistance to our portfolio companies and possibly consulting fees.

Dividend income on equity investments is recorded on the record date for private portfolio companies or on the ex-dividend date for publicly traded companies.

Our portfolio activity also reflects the proceeds of sales of investments. We recognize realized gains or losses on investments based on the difference between the net proceeds from the disposition and the amortized cost basis of the investment without regard to unrealized gains or losses previously recognized. We record current period changes in fair value of investments that are measured at fair value as a component of the net change in unrealized gains (losses) on investments in the consolidated statement of operations.

Expenses

Our primary operating expenses include the payment of the management fee and, in the event of the future quotation or listing of our securities on a national securities exchange, the incentive fee, and expenses reimbursable under the Administration Agreement and Investment Advisory Agreement. The management fee and incentive fee compensate our Adviser for work in identifying, evaluating, negotiating, closing, monitoring and realizing our investments.

Except as specifically provided below, all investment professionals and staff of the Adviser, when and to the extent engaged in providing investment advisory and management services to us, the base compensation, bonus and benefits, and the routine overhead expenses of such personnel allocable to such services, are provided and paid for by the Adviser. We bear our allocable portion of the compensation paid by the Adviser (or its affiliates) to our Chief Compliance Officer and Chief Financial Officer and their respective staffs (based on a percentage of time such individuals devote, on an estimated basis, to our business affairs). We bear all other costs and expenses of our operations, administration and transactions, including, but not limited to (i) investment advisory fees, including management fees and incentive fees, to the Adviser, pursuant to the Investment Advisory Agreement; (ii) our allocable portion of overhead and other expenses incurred by the Adviser in performing its administrative obligations under the Investment Advisory Agreement; and (iii) all other expenses of its operations and transactions including, without limitation, those relating to:

- the cost of our organization and offerings;
- the cost of calculating our net asset value, including the cost of any third-party valuation services;
- the cost of effecting any sales and repurchases of our common stock and other securities;
- fees and expenses payable under any dealer manager agreements, if any;
- debt service and other costs of borrowings or other financing arrangements;
- costs of hedging;
- expenses, including travel expense, incurred by the Adviser, or members of the investment team, or payable to third parties, performing due diligence on prospective portfolio companies and, if necessary, enforcing our rights;
- transfer agent and custodial fees;
- fees and expenses associated with marketing efforts;
- federal and state registration fees, any stock exchange listing fees and fees payable to rating agencies;
- federal, state and local taxes;
- independent directors' fees and expenses including certain travel expenses;

- costs of preparing financial statements and maintaining books and records and filing reports or other documents with the Securities and Exchange Commission (or other regulatory bodies) and other reporting and compliance costs, including registration and listing fees, and the compensation of professionals responsible for the preparation of the foregoing;
- the costs of any reports, proxy statements or other notices to our shareholders (including printing and mailing costs), the costs of any shareholder or director meetings and the compensation of investor relations personnel responsible for the preparation of the foregoing and related matters;
- commissions and other compensation payable to brokers or dealers;
- research and market data;
- fidelity bond, directors' and officers' errors and omissions liability insurance and other insurance premiums;
- direct costs and expenses of administration, including printing, mailing, long distance telephone and staff;
- fees and expenses associated with independent audits, outside legal and consulting costs;
- costs of winding up;
- costs incurred in connection with the formation or maintenance of entities or vehicles to hold our assets for tax or other purposes;
- extraordinary expenses (such as litigation or indemnification); and
- costs associated with reporting and compliance obligations under the 1940 Act and applicable federal and state securities laws.

We expect, but cannot assure, that our general and administrative expenses will increase in dollar terms during periods of asset growth, but will decline as a percentage of total assets.

Leverage

The amount of leverage we use in any period depends on a variety of factors, including cash available for investing, the cost of financing and general economic and market conditions. However, our total borrowings are limited so that our asset coverage ratio cannot fall below 200%, as defined in the 1940 Act. In any period, our interest expense will depend largely on the extent of our borrowing and we expect interest expense will increase as we increase our leverage over time subject to the limits of the 1940 Act. In addition, we may dedicate assets to financing facilities.

Market Trends

We believe the middle-market lending environment provides opportunities for us to meet our goal of making investments that generate attractive risk-adjusted returns based on a combination of the following factors:

Limited Availability of Capital for Middle Market Companies. We believe that regulatory and structural changes in the market have reduced the amount of capital available to U.S. middle-market companies. In particular, we believe there are currently fewer traditional providers of capital to middle market companies. Traditional middle market lenders, such as commercial and regional banks and commercial finance companies, have contracted their origination and lending activities and are focusing on more liquid asset classes, or have exited the business altogether. We believe the Basel III accord, and implemented regulations by the Federal Reserve, the Office of the Comptroller of the Currency and the Federal Deposit Insurance Corporation (the "FDIC") have significantly increased capital and liquidity requirements for banks, decreasing their capacity to hold non-investment grade leveraged loans on their balance sheets. Coupled with new risk retention requirements for collateralized loan vehicles, we believe these developments reduce the capacity of traditional lenders to serve this market segment and, as a result, have restricted the access to capital and increased the cost of borrowing for U.S. middle market companies.

Capital Markets Have Been Unable to Fill the Void in U.S. Middle Market Finance Left by Banks . While underwritten bond and syndicated loan markets have been robust in recent years, middle market companies are less able to access these markets for reasons including the following:

High Yield Market – Middle market companies generally are not issuing debt in a quantum large enough to be an attractively sized bond. High yield bonds are generally purchased by institutional investors who, among other things, are highly focused on the liquidity characteristics of the bond being issued. For example, mutual funds and exchange traded funds (“ETFs”) are significant buyers of underwritten bonds. However, mutual funds and ETFs generally require the ability to liquidate their investments quickly in order to fund investor redemptions and comply with regulatory requirements. Accordingly, the existence of an active secondary market for bonds is an important consideration in these entities’ initial investment decision. Because there is typically little or no active secondary market for the debt of U.S. middle market companies, mutual funds and ETFs generally do not provide debt capital to U.S. middle market companies. We believe this is likely to be a persistent problem and creates an advantage for those like us who have a more stable capital base and have the ability to invest in illiquid assets.

Syndicated Loan Market – While the syndicated loan market is modestly more accommodating to middle market issuers, as with bonds, loan issue size and liquidity are key drivers of institutional appetite and, correspondingly, underwriters’ willingness to underwrite the loans. Loans arranged through a bank are done either on a “best efforts” basis or are underwritten with terms plus “flex” – a set of terms, coupon and fee cushion that underwriters have the right to impose on the loan as a means to help the loan clear the market in the event the terms initially marketed are insufficiently attractive to investors. Furthermore, banks are generally reluctant to underwrite middle market loans because the arrangement fees they may earn on the placement of the debt generally is not sufficient to meet the banks’ return hurdles. Loans provided by companies such as ours provide certainty to issuers in that we can commit to a given amount of debt on specific terms, at stated coupons and with agreed upon fees. As we are the ultimate holder of the loans, we do not require market “flex” or other arrangements that banks may require when acting on an agency basis.

Robust Demand for Debt Capital . We believe U.S. middle market companies will continue to require access to debt capital to refinance existing debt, support growth and finance acquisitions. In addition, we believe the large amount of uninvested capital held by funds of private equity firms, estimated by Prequin Ltd., an alternative assets industry data and research company, to be \$1.47 trillion as of December 2016, will continue to drive deal activity. We expect that private equity sponsors will continue to pursue acquisitions and leverage their equity investments with secured loans provided by companies such as us.

The Middle Market is a Large Addressable Market . According to GE Capital’s National Center for the Middle Market 4th Quarter 2016 Middle Market Indicator, there are approximately 200,000 U.S. middle market companies, which have approximately 47.9 million aggregate employees. Moreover, the U.S. middle market accounts for approximately \$5.9 trillion of private sector gross domestic product (“GDP”) which, measured on a global scale, would be the fifth largest global economy. GE defines U.S. middle market companies as those between \$10 million and \$1 billion in annual revenue, which we believe has significant overlap with our definition of U.S. middle market companies.

Attractive Investment Dynamics. An imbalance between the supply of, and demand for, middle market debt capital creates attractive pricing dynamics. We believe the directly negotiated nature of middle market financings also generally provides more favorable terms to the lender, including stronger covenant and reporting packages, better call protection, and lender-protective change of control provisions. Additionally, we believe BDC managers’ expertise in credit selection and ability to manage through credit cycles has generally resulted in BDCs experiencing lower loss rates than U.S. commercial banks through credit cycles. Further, we believe that historical middle market default rates have been lower, and recovery rates have been higher, as compared to the larger market capitalization, broadly distributed market, leading to lower cumulative losses.

Conservative Capital Structures. Following the credit crisis, which we define broadly as occurring between mid-2007 and mid-2009, lenders have generally required borrowers to maintain more equity as a percentage of their total capitalization, specifically to protect lenders during economic downturns. With more conservative capital structures , U.S. middle market companies have exhibited higher levels of cash flows available to service their debt.

In addition, U.S. middle market companies often are characterized by simpler capital structures than larger borrowers, which facilitates a streamlined underwriting process and, when necessary, restructuring process.

Attractive Opportunities in Investments in Loans . We intend to invest in senior secured or unsecured loans, subordinated loans or mezzanine loans and, to a lesser extent, equity-related securities. We believe that opportunities in senior secured loans are significant because of the floating rate structure of most senior secured debt issues and because of the strong defensive characteristics of these types of investments. Given the current low interest rate environment, we believe that debt issues with floating interest rates offer a superior return profile as compared with fixed-rate investments, since floating rate structures are generally less susceptible to declines in value experienced by fixed-rate securities in a rising interest rate environment. Senior secured debt also provides strong defensive characteristics. Senior secured debt has priority in payment among an issuer's security holders whereby holders are due to receive payment before junior creditors and equity holders. Further, these investments are secured by the issuer's assets, which may provide protection in the event of a default.

Portfolio and Investment Activity

As of December 31, 2016, based on fair value, our portfolio consisted of 59.4% first lien debt investments and 40.6% second-lien debt investments.

As of December 31, 2016, our weighted average total yield of debt and income producing securities at fair value was 9.0%, and our weighted average total yield of debt and income producing securities at amortized cost was 9.0%.

As of December 31, 2016 we had investments in 21 portfolio companies with an aggregate fair value of \$967.4 million.

Our investment activity for the year ended December 31, 2016 is presented below (information presented herein is at par value unless otherwise indicated).

Our Adviser monitors our portfolio companies on an ongoing basis. It monitors the financial trends of each portfolio company to determine if they are meeting their respective business plans and to assess the appropriate course of action with respect to each portfolio company. Our Adviser has a number of methods of evaluating and monitoring the performance and fair value of our investments, which may include the following:

- assessment of success of the portfolio company in adhering to its business plan and compliance with covenants;
- periodic and regular contact with portfolio company management and, if appropriate, the financial or strategic sponsor, to discuss financial position, requirements and accomplishments;

- comparisons to other companies in the portfolio company's industry; and
- review of monthly or quarterly financial statements and financial projections for portfolio companies.

As part of the monitoring process, our Adviser employs an investment rating system to categorize our investments. In addition to various risk management and monitoring tools, our investment Adviser rates the credit risk of all investments on a scale of 1 to 5. This system is intended primarily to reflect the underlying risk of a portfolio investment relative to our initial cost basis in respect of such portfolio investment (i.e., at the time of origination or acquisition), although it may also take into account the performance of the portfolio company's business, the collateral coverage of the investment and other relevant factors. The rating system is as follows:

Investment Rating	Description
1	Investments with a rating of 1 involve the least amount of risk to our initial cost basis. The borrower is performing above expectations, and the trends and risk factors for this investment since origination or acquisition are generally favorable;
2	Investments rated 2 involve an acceptable level of risk that is similar to the risk at the time of origination or acquisition. The borrower is generally performing as expected and the risk factors are neutral to favorable. All investments or acquired investments in new portfolio companies are initially assessed a rate of 2;
3	Investments rated 3 involve a borrower performing below expectations and indicates that the loan's risk has increased somewhat since origination or acquisition;
4	Investments rated 4 involve a borrower performing materially below expectations and indicates that the loan's risk has increased materially since origination or acquisition. In addition to the borrower being generally out of compliance with debt covenants, loan payments may be past due (but generally not more than 120 days past due); and
5	Investments rated 5 involve a borrower performing substantially below expectations and indicates that the loan's risk has increased substantially since origination or acquisition. Most or all of the debt covenants are out of compliance and payments are substantially delinquent. Loans rated 5 are not anticipated to be repaid in full and we will reduce the fair market value of the loan to the amount we anticipate will be recovered.

Our Adviser rates the investments in our portfolio at least quarterly and it is possible that the rating of a portfolio investment may be reduced or increased over time. For investments rated 3, 4 or 5, our Adviser enhances its level of scrutiny over the monitoring of such portfolio company. The following table shows the composition of our portfolio on the 1 to 5 rating scale as of December 31, 2016.

Investment Rating	December 31, 2016		
	Investments at Fair Value (\$ in thousands)	Percentage of Total Portfolio	%
1	\$ —	—	%
2	967,399	100.0	%
3	—	—	%
4	—	—	%
5	—	—	%
Total	\$ 967,399	100.0	%

The following table shows the amortized cost of our performing and non-accrual investments as of December 31, 2016:

	December 31, 2016	
	Amortized Cost	Percentage
(\$ in thousands)		
Performing	\$ 959,768	100.0 %
Non-accrual	—	—
Total	\$ 959,768	100.0 %

Loans are generally placed on non-accrual status when there is reasonable doubt that principal or interest will be collected in full. Accrued interest is generally reversed when a loan is placed on non-accrual status. Interest payments received on non-accrual loans may be recognized as income or applied to principal depending upon management's judgment regarding collectability. Non-accrual loans are restored to accrual status when past due principal and interest is paid current and, in management's judgment, are likely to remain current. Management may make exceptions to this treatment and determine to not place a loan on non-accrual status if the loan has sufficient collateral value and is in the process of collection.

Results of Operations

Comparative financial statements are not presented as we had yet to be capitalized and had neither incurred expenses nor generated revenues for the period from October 15, 2015 (inception) through December 31, 2015. We were initially capitalized on March 1, 2016 and commenced operations on March 3, 2016. The following table represents the operating results for the year ended December 31, 2016:

	Year Ended December 31, 2016
(\$ in millions)	
Total Investment Income	\$ 28.8
Less: Expenses	19.4
Net Investment Income Before Taxes	9.4
Less: Income taxes, including excise taxes	0.4
Net Investment Income After Taxes	9.0
Net change in unrealized gains	7.6
Net Increase in Net Assets Resulting from Operations	\$ 16.6

Net increase in net assets resulting from operations can vary from period to period as a result of various factors, including acquisitions, the level of new investment commitments, the recognition of realized gains and losses and changes in unrealized appreciation and depreciation on the investment portfolio. As a result, future comparisons may not be meaningful.

Investment Income

Investment income for the year ended December 31, 2016, was as follows:

	Year Ended December 31, 2016
(\$ in millions)	
Interest from investments	\$ 27.9
Other income	\$ 0.9
Total investment income	\$ 28.8

We generate revenues primarily in the form of interest income from the investments we hold. In addition, we may generate income from dividends on either direct equity investments or equity interests obtained in connection with originating loans, such as options, warrants or conversion rights. Investment income for the year ended December 31, 2016, was \$28.8 million, substantially all of which consisted of interest from investments.

Expenses

Expenses for the year ended December 31, 2016 were as follows:

(\$ in millions)	Year Ended December 31, 2016
Initial organization	\$ 1.2
Interest expense	2.8
Management fees	9.2
Professional fees	3.0
Directors' fees	0.3
Other general and administrative	2.9
Total expenses	\$ 19.4

Under the terms of the Administration Agreement, we reimburse the Adviser for services performed for us. In addition, pursuant to the terms of the Administration Agreement, the Adviser may delegate its obligations under the Administration Agreement to an affiliate or to a third party and we reimburse the Adviser for any services performed for us by such affiliate or third party.

Income Taxes, Including Excise Taxes

We intend to elect to be treated as a RIC under Subchapter M of the Code, and we intend to operate in a manner so as to continue to qualify for the tax treatment applicable to RICs. To qualify for tax treatment as a RIC, we must, among other things, distribute to our shareholders in each taxable year generally at least 90% of our investment company taxable income, as defined by the Code, and net tax-exempt income for that taxable year. To maintain our tax treatment as a RIC, we, among other things, intend to make the requisite distributions to our shareholders, which generally relieves us from corporate-level U.S. federal income taxes.

Depending on the level of taxable income earned in a tax year, we can be expected to carry forward taxable income (including net capital gains, if any) in excess of current year dividend distributions from the current tax year into the next tax year and pay a nondeductible 4% U.S. federal excise tax on such taxable income, as required. To the extent that we determine that our estimated current year annual taxable income will be in excess of estimated current year dividend distributions from such income, we will accrue excise tax on estimated excess taxable income.

For the year ended December 31, 2016, we incurred \$0.4 million of U.S. federal excise tax.

Net Unrealized Gains on Investments

We fair value our portfolio investments quarterly and any changes in fair value are recorded as unrealized gains or losses. During the year ended December 31, 2016, net unrealized gains on our investment portfolio were comprised of the following:

(\$ in millions)	Year Ended December 31, 2016
Net unrealized gains on investments	\$ 7.6
Net unrealized gains on investments	\$ 7.6

Financial Condition, Liquidity and Capital Resources

Our liquidity and capital resources are generated primarily from the proceeds of capital drawdowns of our privately placed Capital Commitments and our credit facilities. The primary uses of our cash and cash equivalents are for (i) investments in portfolio companies and other investments and to comply with certain portfolio diversification requirements, (ii) the cost of operations (including paying our Adviser), (iii) debt service, repayment and other financing costs of any borrowings and (iv) cash distributions to the holders of our shares.

We may from time to time enter into additional debt facilities, increase the size of our existing credit facilities or issue debt securities. Any such incurrence or issuance would be subject to prevailing market conditions, our liquidity requirements, contractual and regulatory restrictions and other factors. In accordance with the 1940 Act, with certain limited exceptions, we are only allowed to incur borrowings, issue debt securities or issue preferred stock, if immediately after the borrowing or issuance, the ratio of total assets (less total liabilities other than indebtedness) to total indebtedness plus preferred stock, is at least 200%. As of December 31, 2016, our asset coverage ratio was 237%. We seek to carefully consider our unfunded commitments for the purpose of planning our ongoing financial leverage. Further, we maintain sufficient borrowing capacity within the 200% asset coverage limitation to cover any outstanding unfunded commitments we are required to fund.

Cash and cash equivalents as of December 31, 2016, taken together with our uncalled Capital Commitments of \$1.6 billion, is expected to be sufficient for our investing activities and to conduct our operations in the near term. As of December 31, 2016, we had \$5.0 million available under our Subscription Credit Facility.

As of December 31, 2016, we had \$209.4 million in cash and cash equivalents. During the year ended December 31, 2016, we used \$945.0 million in cash for operating activities, primarily as a result of funding portfolio investments of \$1,117.4 million, partially offset by sells downs of \$158.5 million, and other operating activity of \$13.9 million. Lastly, cash provided by financing activities was \$1,154.4 million during the period, which was the result of proceeds from the issuance of common shares of \$665.3 million and net borrowings on our Subscription Credit Facility, net of debt issuance costs, of \$491.5 million, partially offset by distributions and offering costs paid of \$1.4 million and \$1.0 million.

Equity

On March 1, 2016, we issued 100 common shares for \$1,500 to the Adviser.

During the year ended December 31, 2016, we entered into subscription agreements (the “Subscription Agreements”) with a number of investors, including affiliates of our Adviser, providing for the private placement of our common shares. Under the terms of the Subscription Agreements, investors are required to fund drawdowns to purchase our common shares up to the amount of their respective capital commitment on an as-needed basis each time we deliver a drawdown notice to our investors. As of December 31, 2016, we had received Capital Commitments totaling \$2.3 billion, of which \$112.4 million was from executives of our Adviser.

Pursuant to the Subscription Agreements, during the year ended December 31, 2016, we delivered the following capital call notices to our investors:

Capital Drawdown Notice Date	Common Share Issuance Date	Number of Common Shares Issued	Aggregate Offering Price (\$ in millions)
March 17, 2016	March 30, 2016	3,333,344	\$ 50.0
March 30, 2016	April 12, 2016	17,214	0.3
May 26, 2016	June 10, 2016	20,979,021	300.0
June 16, 2016	June 29, 2016	5,244,760	75.0
September 16, 2016	September 29, 2016	2,751,029	40.0
December 13, 2016	December 27, 2016	13,457,603	200.0
Total		45,782,971	\$ 665.3

Net of drawdowns, the remaining undrawn Capital Commitments total \$1.6 billion, of which \$63.8 million is comprised of executives of our Adviser.

On November 8, 2016, our Board declared a distribution of \$2.1 million for shareholders of record on November 15, 2016, payable on November 30, 2016. With respect to distributions, we have adopted an “opt out” dividend reinvestment plan for our common shareholders. As a result, if we declare a cash dividend or other distribution, each shareholder that has not “opted out” of our dividend reinvestment plan will have their dividends or distributions automatically reinvested in additional shares of our common stock rather than receiving cash distributions. Shareholders who receive distributions in the form of shares of common stock will be subject to the same U.S. federal, state and local tax consequences as if they received cash distributions. In connection with the distribution paid on November 30, 2016, 50,242 shares were issued pursuant to our dividend reinvestment plan.

On March 7, 2017, our Board declared a distribution of \$8.7 million for shareholders of record on March 7, 2017, payable on March 15, 2017.

Credit Facility

Subscription Credit Facility

On August 1, 2016 (the “Closing Date”), we entered into a subscription credit facility (the “Subscription Credit Facility”) with Wells Fargo Bank, National Association (“Wells Fargo”), as administrative agent (the “Administrative Agent”), and Wells Fargo, State Street Bank and Trust Company and the banks and financial institutions from time to time party thereto, as lenders.

The Subscription Credit Facility permits us to borrow up to \$250 million, subject to availability under the “Borrowing Base”. The Borrowing Base is calculated based on the unused Capital Commitments of the investors meeting various eligibility requirements above certain concentration limits based on investors’ credit ratings. The Subscription Credit Facility includes a provision permitting us to increase the size of the facility on or before the first anniversary of the Closing Date up to a maximum principal amount not exceeding \$500 million, subject to customary conditions, and includes a further provision permitting us to increase the size of the facility under certain circumstances up to a maximum principal amount not exceeding \$750 million, if the existing or new lenders agree to commit to such further increase.

On September 14, 2016, in accordance with the credit agreement, we exercised our option to increase the size of the facility to a total of \$300 million. On September 26, 2016, in accordance with the credit agreement, we exercised our option to increase the size of the facility to a total of \$500 million. On January 4, 2017, in accordance with the credit agreement, we increased the size of the facility to a total of \$575 million.

At December 31, 2016, our outstanding debt obligations were as follows:

	December 31, 2016			
(\$ in thousands)	Aggregate Principal Committed	Outstanding Principal	Amount Available (1)	Net Carrying Value (2)
Subscription Credit Facility	\$ 500,000	\$ 495,000	\$ 5,000	\$ 491,906
Total Debt	\$ 500,000	\$ 495,000	\$ 5,000	\$ 491,906

(1) The amount available reflects any limitations related to the Subscription Credit Facility’s borrowing base.

(2) The carrying value of our Subscription Credit Facility is presented net of deferred financing costs of \$3.1 million.

Borrowings under the Subscription Credit Facility bear interest, at our election at the time of drawdown, at a rate per annum equal to (i) in the case of LIBOR rate loans, an adjusted LIBOR rate for the applicable interest period plus 1.60% or (ii) in the case of reference rate loans, the greatest of (A) a prime rate plus 0.60%, (B) the federal funds rate plus 1.10%, and (C) one-month LIBOR plus 1.60%. Loans may be converted from one rate to another at any time at our election, subject to certain conditions. We also will pay an unused commitment fee of 0.25% per annum on the unused commitments.

The Subscription Credit Facility will mature upon the earliest of (i) the date three (3) years from the Closing Date; (ii) the date upon which the Administrative Agent declares the obligations under the Credit Facility due and payable after the occurrence of an event of default; (iii) forty-five (45) days prior to the scheduled termination of the commitment period under our Subscription Agreements (as defined below); (iv) forty-five (45) days prior to the date of any listing of our common stock on a national securities exchange ; (v) the termination of the commitment period under our Subscription Agreements (if earlier than the scheduled date); and (vi) the date we terminate the commitments pursuant to the Subscription Credit Facility.

The Subscription Credit Facility is secured by a perfected first priority security interest in our right, title, and interest in and to the capital commitments of our private investors, including our right to make capital calls, receive and apply capital contributions, enforce remedies and claims related thereto together with capital call proceeds and related rights, and a pledge of the collateral account into which capital call proceeds are deposited.

The Subscription Credit Facility contains customary covenants, including certain limitations on the incurrence by us of additional indebtedness and on our ability to make distributions to our shareholders, or redeem, repurchase or retire shares of stock, upon the occurrence of certain events, and customary events of default (with customary cure and notice provisions).

Transfers of interests in the Company by investors must comply with certain sections of the Subscription Credit Facility and we shall notify the Administrative Agent before such transfers take place. Such transfers may trigger mandatory prepayment obligations.

Revolving Credit Facility

On February 1, 2017, we entered into a senior secured revolving credit agreement (the “Revolving Credit Facility”). The parties to the Revolving Credit Facility include us, as Borrower, the lenders from time to time parties thereto (each a “Lender” and collectively, the “Lenders”) and SunTrust Robinson Humphrey, Inc. and Merrill Lynch, Pierce, Fenner & Smith Incorporated as Joint Lead Arrangers and Joint Book Runners, SunTrust Bank as Administrative Agent and Bank of America, N.A. as Syndication Agent.

The Revolving Credit Facility is guaranteed by OR Lending, LLC, one of our subsidiaries, and will be guaranteed by certain of our domestic subsidiaries that are formed or acquired by us in the future (collectively, the “Guarantors”). Proceeds of the Revolving Credit Facility may be used for general corporate purposes, including the funding of portfolio investments.

The maximum principal amount of the Revolving Credit Facility is \$400 million, subject to availability under the borrowing base, which is based on our portfolio investments and other outstanding indebtedness. Maximum capacity under the Revolving Credit Facility may be increased to \$750 million through the exercise by the Borrower of an uncommitted accordion feature through which existing and new lenders may, at their option, agree to provide additional financing. The Revolving Credit Facility includes a \$50 million limit for swingline loans and is secured by a perfected first-priority interest in substantially all of the portfolio investments held by us and each Guarantor, subject to certain exceptions.

The availability period under the Revolving Credit Facility will terminate on January 31, 2020 (“Commitment Termination Date”) and the Revolving Credit Facility will mature on February 1, 2021 (“Maturity Date”). During the period from the Commitment Termination Date to the Maturity Date, we will be obligated to make mandatory prepayments under the Revolving Credit Facility out of the proceeds of certain asset sales and other recovery events and equity and debt issuances.

We may borrow amounts in U.S. dollars or certain other permitted currencies. Amounts drawn under the Revolving Credit Facility will bear interest at either LIBOR plus a margin, or the prime rate plus a margin. We may elect either the LIBOR or prime rate at the time of drawdown, and loans may be converted from one rate to another at any time at our option, subject to certain conditions. We will also pay a fee of 0.375% on undrawn amounts under the Revolving Credit Facility.

The Revolving Credit Facility includes customary covenants, including certain limitations on the incurrence by us of additional indebtedness and on our ability to make distributions to our shareholders, or redeem, repurchase

or retire shares of stock, upon the occurrence of certain events and certain financial covenants related to asset coverage and liquidity and other maintenance covenants, as well as customary events of default.

Off-Balance Sheet Arrangements

Portfolio Company Commitments

From time to time, we may enter into commitments to fund investments. As of December 31, 2016, we had outstanding commitments to fund a revolver and delayed draw term loan totaling \$20.4 million.

Other Commitments and Contingencies

As of December 31, 2016, we had \$2.3 billion in total Capital Commitments from investors (\$1.6 billion undrawn), of which \$112.4 million is from executives of the Adviser (\$63.8 million undrawn).

From time to time, we may become a party to certain legal proceedings incidental to the normal course of its business. At December 31, 2016, management is not aware of any pending or threatened litigation.

Contractual Obligations

A summary of our contractual payment obligations under our Subscription Credit Facility as of December 31, 2016, is as follows:

(\$ in millions)	Payments Due by Period				
	Total	Less than 1 year	1-3 years	3-5 years	After 5 years
Subscription Credit Facility	\$ 495.0	\$ —	\$ 495.0	\$ —	\$ —
Total Contractual Obligations	\$ 495.0	\$ —	\$ 495.0	\$ —	\$ —

Related-Party Transactions

We have entered into a number of business relationships with affiliated or related parties, including the following:

- the Investment Advisory Agreement;
- the Administration Agreement; and
- the License Agreement.

Critical Accounting Policies

The preparation of the consolidated financial statements requires us to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenues and expenses. Changes in the economic environment, financial markets, and any other parameters used in determining such estimates could cause actual results to differ. Our critical accounting policies should be read in connection with our risk factors described in “ITEM 1A. RISK FACTORS.”

Investments at Fair Value

Investment transactions are recorded on the trade date. Realized gains or losses are measured by the difference between the net proceeds received (excluding prepayment fees, if any) and the amortized cost basis of the investment using the specific identification method without regard to unrealized gains or losses previously recognized, and include investments charged off during the period, net of recoveries. The net change in unrealized gains or losses primarily reflects the change in investment values, including the reversal of previously recorded unrealized gains or losses with respect to investments realized during the period.

Investments for which market quotations are readily available are typically valued at the bid price of those market quotations. To validate market quotations, we utilize a number of factors to determine if the quotations are representative of fair value, including the source and number of the quotations. Debt and equity securities that are not publicly traded or whose market prices are not readily available, as is the case for substantially all of our investments, are valued at fair value as determined in good faith by our Board, based on, among other things, the input of the Adviser, our Audit Committee and independent third-party valuation firm(s) engaged at the direction of the Board.

As part of the valuation process, the Board takes into account relevant factors in determining the fair value of our investments, including: the estimated enterprise value of a portfolio company (i.e., the total fair value of the portfolio company's debt and equity), the nature and realizable value of any collateral, the portfolio company's ability to make payments based on its earnings and cash flow, the markets in which the portfolio company does business, a comparison of the portfolio company's securities to any similar publicly traded securities, and overall changes in the interest rate environment and the credit markets that may affect the price at which similar investments may be made in the future. When an external event such as a purchase transaction, public offering or subsequent equity sale occurs, the Board considers whether the pricing indicated by the external event corroborates its valuation.

The Board undertakes a multi-step valuation process, which includes, among other procedures, the following:

- With respect to investments for which market quotations are readily available, those investments will typically be valued at the bid price of those market quotations;
- With respect to investment for which market quotations are not readily available, the valuation process begins with the independent valuation firm(s) providing a preliminary valuation of each investment to the Adviser's valuation committee;
- Preliminary valuation conclusions are documented and discussed with the Adviser's valuation committee. Agreed upon valuation recommendations are presented to the Audit Committee;
- The Audit Committee reviews the valuations recommendations and recommends values for each investment to the Board; and
- The Board reviews the recommended valuations and determines the fair value of each investment.

We conduct this valuation process on a quarterly basis.

We apply Financial Accounting Standards Board Accounting Standards Codification 820, *Fair Value Measurements* ("ASC 820"), as amended, which establishes a framework for measuring fair value in accordance with U.S. GAAP and required disclosures of fair value measurements. ASC 820 determines fair value to be the price that would be received for an investment in a current sale, which assumes an orderly transaction between market participants on the measurement date. Market participants are defined as buyers and sellers in the principal or most advantageous market (which may be a hypothetical market) that are independent, knowledgeable, and willing and able to transact. In accordance with ASC 820, we consider its principal market to be the market that has the greatest volume and level of activity. ASC 820 specifies a fair value hierarchy that prioritizes and ranks the level of observability of inputs used in determination of fair value. In accordance with ASC 820, these levels are summarized below:

- Level 1 – Valuations based on quoted prices in active markets for identical assets or liabilities that we have the ability to access.
- Level 2 – Valuations based on quoted prices in markets that are not active or for which all significant inputs are observable, either directly or indirectly.
- Level 3 – Valuations based on inputs that are unobservable and significant to the overall fair value measurement.

Transfers between levels, if any, are recognized at the beginning of the quarter in which the transfer occurred. In addition to using the above inputs in investment valuations, we apply the valuation policy approved by our Board

that is consistent with ASC 820. Consistent with the valuation policy, we evaluate the source of the inputs, including any markets in which our investments are trading (or any markets in which securities with similar attributes are trading), in determining fair value. When an investment is valued based on prices provided by reputable dealers or pricing services (that is, broker quotes), we subject those prices to various criteria in making the determination as to whether a particular investment would qualify for treatment as a Level 2 or Level 3 investment. For example, we, or the independent valuation firm(s), review pricing support provided by dealers or pricing services in order to determine if observable market information is being used, versus unobservable inputs.

Due to the inherent uncertainty of determining the fair value of investments that do not have a readily available market value, the fair value of our investments may fluctuate from period to period. Additionally, the fair value of such investments may differ significantly from the values that would have been used had a ready market existed for such investments and may differ materially from the values that may ultimately be realized. Further, such investments are generally less liquid than publicly traded securities and may be subject to contractual and other restrictions on resale. If we were required to liquidate a portfolio investment in a forced or liquidation sale, it could realize amounts that are different from the amounts presented and such differences could be material.

In addition, changes in the market environment and other events that may occur over the life of the investments may cause the gains or losses ultimately realized on these investments to be different than the unrealized gains or losses reflected herein.

Interest and Dividend Income Recognition

Interest income is recorded on the accrual basis and includes amortization of discounts or premiums. Discounts and premiums to par value on securities purchased are amortized into interest income over the contractual life of the respective security using the effective yield method. The amortized cost of investments represents the original cost adjusted for the amortization of discounts or premiums, if any. Upon prepayment of a loan or debt security, any prepayment premiums, unamortized upfront loan origination fees and unamortized discounts are recorded as interest income in the current period.

Loans are generally placed on non-accrual status when there is reasonable doubt that principal or interest will be collected in full. Accrued is generally reversed when a loan is placed on non-accrual status. Interest payments received on non-accrual loans may be recognized as income or applied to principal depending upon management's judgment regarding collectability. Non-accrual loans are restored to accrual status when past due principal and interest is paid current and, in management's judgment, are likely to remain current. Management may make exceptions to this treatment and determine to not place a loan on non-accrual status if the loan has sufficient collateral value and is in the process of collection.

Dividend income on preferred equity securities is recorded on the accrual basis to the extent that such amounts are payable by the portfolio company and are expected to be collected. Dividend income on common equity securities is recorded on the record date for private portfolio companies or on the ex-dividend date for publicly-traded portfolio companies.

Distributions

We intend to elect to be treated for U.S. federal income tax purposes, and qualify annually thereafter, as a RIC under Subchapter M of the Code. To obtain and maintain our tax treatment as a RIC, we must distribute (or be deemed to distribute) in each taxable year distribution for tax purposes equal to at least 90 percent of the sum of our:

- investment company taxable income (which is generally our ordinary income plus the excess of realized short-term capital gains over realized net long-term capital losses), determined without regard to the deduction for dividends paid, for such taxable year; and
- net tax-exempt interest income (which is the excess of our gross tax exempt interest income over certain disallowed deductions) for such taxable year.

As a RIC, we (but not our shareholders) generally will not be subject to U.S. federal tax on investment company taxable income and net capital gains that we distribute to our shareholders.

We intend to distribute annually all or substantially all of such income. To the extent that we retain our net capital gains or any investment company taxable income, we generally will be subject to corporate-level U.S. federal income tax. We can be expected to carry forward our net capital gains or any investment company taxable income in excess of current year dividend distributions, and pay the U.S. federal excise tax as described below.

Amounts not distributed on a timely basis in accordance with a calendar year distribution requirement are subject to a nondeductible 4% U.S. federal excise tax payable by us. To avoid this tax, we must distribute (or be treated as distributing) during each calendar year an amount at least equal to the sum of:

- 98% of our net ordinary income excluding certain ordinary gains or losses for that calendar year;
- 98.2% of our capital gain net income, adjusted for certain ordinary gains and losses, recognized for the twelve-month period ending on October 31 of that calendar year; and
- 100% of any income or gains recognized, but not distributed, in preceding years.

While we intend to distribute any income and capital gains in the manner necessary to minimize imposition of the 4% U.S. federal excise tax, sufficient amounts of our taxable income and capital gains may not be distributed and as a result, in such cases, the excise tax will be imposed. In such an event, we will be liable for this tax only on the amount by which we do not meet the foregoing distribution requirement.

We intend to pay quarterly distributions to our shareholders out of assets legally available for distribution. All distributions will be paid at the discretion of our Board and will depend on our earnings, financial condition, maintenance of our tax treatment as a RIC, compliance with applicable BDC regulations and such other factors as our Board may deem relevant from time to time.

To the extent our current taxable earnings for a year fall below the total amount of our distributions for that year, a portion of those distributions may be deemed a return of capital to our shareholders for U.S. federal income tax purposes. Thus, the source of a distribution to our shareholders may be the original capital invested by the shareholder rather than our income or gains. Shareholders should read written disclosure carefully and should not assume that the source of any distribution is our ordinary income or gains.

We have adopted an “opt out” dividend reinvestment plan for our common shareholders. As a result, if we declare a cash dividend or other distribution, each shareholder that has not “opted out” of our dividend reinvestment plan will have their dividends or distributions automatically reinvested in additional shares of our common stock rather than receiving cash distributions. Shareholders who receive distributions in the form of shares of common stock will be subject to the same U.S. federal, state and local tax consequences as if they received cash distributions.

Income Taxes

We have elected to be treated as a BDC under the 1940 Act. We also intend to elect to be treated as a RIC under the Code for the taxable year ending December 31, 2016. So long as we maintain our tax treatment as a RIC, we generally will not pay corporate-level U.S. federal income taxes on any ordinary income or capital gains that we distribute at least annually to our stockholders as distributions. Rather, any tax liability related to income earned and distributed by us represents obligations of our investors and will not be reflected in our consolidated financial statements.

We evaluate tax positions taken or expected to be taken in the course of preparing our consolidated financial statements to determine whether the tax positions are “more-likely-than-not” to be sustained by the applicable tax authority. Tax positions not deemed to meet the “more-likely-than-not” threshold are reserved and recorded as a tax benefit or expense in the current year. All penalties and interest associated with income taxes are included in income tax expense. Conclusions regarding tax positions are subject to review and may be adjusted at a later date based on factors including, but not limited to, on-going analyses of tax laws, regulations and interpretations thereof.

To qualify as a RIC, we must, among other things, meet certain source-of-income and asset diversification requirements. In addition, to qualify for RIC tax treatment, we must distribute to our stockholders, for each taxable

year, at least 90% of our “investment company taxable income” for that year, which is generally our ordinary income plus the excess of our realized net short-term capital gains over our realized net long-term capital losses.

Item 7A. Quantitative and Qualitative Disclosures About Market Risk.

We are subject to financial market risks, including valuation risk and interest rate risk.

Valuation Risk

We have invested, and plan to continue to invest, primarily in illiquid debt and equity securities of private companies. Most of our investments will not have a readily available market price, and we value these investments at fair value as determined in good faith by our Board, based on, among other things, the input of the Adviser, our Audit Committee and independent third-party valuation firm(s) engaged at the direction of the Board, and in accordance with our valuation policy. There is no single standard for determining fair value. As a result, determining fair value requires that judgment be applied to the specific facts and circumstances of each portfolio investment while employing a consistently applied valuation process for the types of investments we make. If we were required to liquidate a portfolio investment in a forced or liquidation sale, we may realize amounts that are different from the amounts presented and such differences could be material.

Interest Rate Risk

Interest rate sensitivity refers to the change in earnings that may result from changes in the level of interest rates. We intend to fund portions of our investments with borrowings, and at such time, our net investment income will be affected by the difference between the rate at which we invest and the rate at which we borrow. Accordingly, we cannot assure you that a significant change in market interest rates will not have a material adverse effect on our net investment income.

As of December 31, 2016, 98.0% of the investments based on fair value in our portfolio were at floating rates. Based on our consolidated balance sheet as of December 31, 2016, the following table shows the annualized impact on net income of hypothetical base rate changes in interest rates (considering interest rate floors and ceilings for floating rate instruments) assuming no changes in our investment and borrowing structure:

(\$ in thousands)	Interest Income	Interest Expense	Net Income
Up 300 basis points	\$ 28,743	\$ 14,850	\$ 13,893
Up 200 basis points	19,155	9,900	9,255
Up 100 basis points	9,567	4,950	4,617
Down 25 basis points	-	(1,238)	1,238

Currency Risk

From time to time, we may make investments that are denominated in a foreign currency. These investments are translated into U.S. dollars at each balance sheet date, exposing us to movements in foreign exchange rates. We may employ hedging techniques to minimize these risks, but we cannot assure you that such strategies will be effective or without risk to us. We may seek to utilize instruments such as, but not limited to, forward contracts to seek to hedge against fluctuations in the relative values of our portfolio positions from changes in currency exchange rates. We also have the ability to borrow in certain foreign currencies under our credit facilities. Instead of entering into a foreign currency exchanges forward contract in connection with loans or other investments we have made that are denominated in a foreign currency, we may borrow in that currency to establish a natural hedge against our loan or investment. To the extent the loan or investment is based on a floating rate other than a rate under which we can borrow under our credit facilities, we may seek to utilize interest rate derivatives to hedge our exposure to changes in the associated rate.

Report of Independent Registered Public Accounting Firm

The Board of Directors and Shareholders
Owl Rock Capital Corporation:

We have audited the accompanying consolidated statement of assets and liabilities of Owl Rock Capital Corporation (and its subsidiary) (the Company), including the consolidated schedule of investments, as of December 31, 2016, and the related consolidated statements of operations, changes in net assets, and cash flows for the year then ended. These consolidated financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these consolidated financial statements based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. Our procedures included confirmation of securities owned as of December 31, 2016, by correspondence with the custodian, portfolio companies or agents. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Owl Rock Capital Corporation (and its subsidiary) as of December 31, 2016, and the results of its operations, changes in net assets and its cash flows for the year then ended, in conformity with U.S. generally accepted accounting principles.

- (1) Certain portfolio company investments are subject to contractual restrictions on sales.
- (2) The amortized cost represents the original cost adjusted for the amortization of discounts and premiums, as applicable, on debt investments using the effective interest method.
- (3) Loan contains a variable rate structure, subject to an interest rate floor. Variable rate loans bear interest at a rate that may be determined by reference to either the London Interbank Offered Rate (“LIBOR” or “L”) (which can include one-, two-, three- or six-month LIBOR) or an alternate base rate (which can include the Federal Funds Effective Rate or the Prime Rate), at the borrower’s option, and which reset periodically based on the terms of the loan agreement. For each such loan, the Company has provided the interest rate in effect on the date presented.
- (4) Unless otherwise indicated, all investments are non-controlled, non-affiliated investments. Non-controlled, non-affiliated investments are defined as investments in which the Company owns less than 5% of the portfolio company’s outstanding voting securities and does not have the power to exercise control over the management or policies of such portfolio company.
- (5) This portfolio company is not a qualifying asset under Section 55(a) of the 1940 Act. Under the 1940 Act, the Company may not acquire any non-qualifying asset unless, at the time such acquisition is made, qualifying assets represent at least 70% of total assets.

Owl Rock Capital Corporation
Notes to Consolidated Financial Statements

Note 1. Organization

Owl Rock Capital Corporation (“Owl Rock” or the “Company”) is a Maryland corporation formed on October 15, 2015. The Company was formed primarily to originate and make loans to, and make debt and equity investments in, U.S. middle market companies. The Company invests in senior secured or unsecured loans, subordinated loans or mezzanine loans and, to a lesser extent, equity-related securities including warrants, preferred stock and similar forms of senior equity, which may or may not be convertible into a portfolio company’s common equity. The Company’s investment objective is to generate current income and to a lesser extent, capital appreciation by targeting investment opportunities with favorable risk-adjusted returns.

The Company has elected to be regulated as a business development company (“BDC”) under the Investment Company Act of 1940, as amended (the “1940 Act”). In addition, for tax purposes, the Company intends to qualify and be treated as a regulated investment company (“RIC”) under Subchapter M of the Internal Revenue Code of 1986, as amended (the “Code”). Because the Company has elected to be regulated as a BDC and intends to qualify as a RIC under the Code, the Company’s portfolio is subject to diversification and other requirements.

In April 2016, the Company made its first portfolio company investment. On April 27, 2016, the Company formed a wholly-owned subsidiary, OR Lending LLC, a Delaware limited liability company, which holds a California finance lenders license and a Tennessee industrial loan and thrift certificate.

Owl Rock Capital Advisors, LLC (the “Adviser”) serves as the Company’s investment adviser. The Adviser is registered with the Securities and Exchange Commission (“SEC”) as an investment adviser under the Investment Advisers Act of 1940 (the “Advisers Act”). Subject to the overall supervision of the Company’s Board of Directors (the “Board”), the Adviser manages the day to day operations of, and provides investment advisory and management services to the Company.

The Company conducts private offerings (each, a “Private Offering”) of its common shares to accredited investors in reliance on exemptions from the registration requirements of the Securities Act of 1933, as amended. At the closing of each Private Offering, each investor makes a capital commitment (a “Capital Commitment”) to purchase shares of the Company’s common stock pursuant to a subscription agreement entered into with the Company. Investors are required to fund drawdowns to purchase shares of the Company’s common stock up to the amount of their respective Capital Commitment on an as-needed basis each time the Company delivers a drawdown notice to its investors.

Note 2. Significant Accounting Policies

Basis of Presentation

The accompanying consolidated financial statements are prepared in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”). The Company is an investment company and, therefore, applies the specialized accounting and reporting guidance in Accounting Standards Codification (“ASC”) Topic 946, Financial Services – Investment Companies. In the opinion of management, all adjustments, consisting solely of accruals considered necessary for the fair presentation of financial statements for interim periods, have been included. Comparative financial statements are not presented as the Company had yet to be capitalized and had neither incurred expenses nor generated revenues for the period from October 15, 2015 (inception) through December 31, 2015. The Company was initially capitalized on March 1, 2016 and commenced operations on March 3, 2016. The Company’s fiscal year ends on December 31.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Such amounts could differ from those estimates and such differences could be material.

Cash and Cash Equivalents

Cash and cash equivalents consist of demand deposits and highly liquid investments (e.g. U.S. treasury notes) with original maturities of three months or less. Cash and cash equivalents are carried at cost, which approximates fair value. The Company deposits its cash and cash equivalents with highly-rated banking corporations and, at times, may exceed the insured limits under applicable law.

Investments at Fair Value

Investment transactions are recorded on the trade date. Realized gains or losses are measured by the difference between the net proceeds received (excluding prepayment fees, if any) and the amortized cost basis of the investment using the specific identification method without regard to unrealized gains or losses previously recognized, and include investments charged off during the period, net of recoveries. The net change in unrealized gains or losses primarily reflects the change in investment values, including the reversal of previously recorded unrealized gains or losses with respect to investments realized during the period.

Investments for which market quotations are readily available are typically valued at the bid price of those market quotations. To validate market quotations, the Company utilizes a number of factors to determine if the quotations are representative of fair value, including the source and number of the quotations. Debt and equity securities that are not publicly traded or whose market prices are not readily available, as is the case for substantially all of the Company's investments, are valued at fair value as determined in good faith by the Board, based on, among other things, the input of the Adviser, the Company's Audit Committee and independent third-party valuation firm(s) engaged at the direction of the Board.

As part of the valuation process, the Board takes into account relevant factors in determining the fair value of the Company's investments, including: the estimated enterprise value of a portfolio company (i.e., the total fair value of the portfolio company's debt and equity), the nature and realizable value of any collateral, the portfolio company's ability to make payments based on its earnings and cash flow, the markets in which the portfolio company does business, a comparison of the portfolio company's securities to any similar publicly traded securities, and overall changes in the interest rate environment and the credit markets that may affect the price at which similar investments may be made in the future. When an external event such as a purchase or sale transaction, public offering or subsequent equity sale occurs, the Board considers whether the pricing indicated by the external event corroborates its valuation.

The Board undertakes a multi-step valuation process, which includes, among other procedures, the following:

- With respect to investments for which market quotations are readily available, those investments will typically be valued at the bid price of those market quotations;
- With respect to investments for which market quotations are not readily available, the valuation process begins with the independent valuation firm(s) providing a preliminary valuation of each investment to the Adviser's valuation committee;
- Preliminary valuation conclusions are documented and discussed with the Adviser's valuation committee. Agreed upon valuation recommendations are presented to the Audit Committee;
- The Audit Committee reviews the valuation recommendations and recommends values for each investment to the Board; and
- The Board reviews the recommended valuations and determines the fair value of each investment.

The Company conducts this valuation process on a quarterly basis.

The Company applies Financial Accounting Standards Board Accounting Standards Codification 820, *Fair Value Measurements* ("ASC 820"), as amended, which establishes a framework for measuring fair value in accordance with U.S. GAAP and required disclosures of fair value measurements. ASC 820 determines fair value to be the price that would be received for an investment in a current sale, which assumes an orderly transaction between market participants on the measurement date. Market participants are defined as buyers and sellers in the

principal or most advantageous market (which may be a hypothetical market) that are independent, knowledgeable, and willing and able to transact. In accordance with ASC 820, the Company considers its principal market to be the market that has the greatest volume and level of activity. ASC 820 specifies a fair value hierarchy that prioritizes and ranks the level of observability of inputs used in determination of fair value. In accordance with ASC 820, these levels are summarized below:

- Level 1 – Valuations based on quoted prices in active markets for identical assets or liabilities that the Company has the ability to access.
- Level 2 – Valuations based on quoted prices in markets that are not active or for which all significant inputs are observable, either directly or indirectly.
- Level 3 – Valuations based on inputs that are unobservable and significant to the overall fair value measurement.

Transfers between levels, if any, are recognized at the beginning of the quarter in which the transfer occurs. In addition to using the above inputs in investment valuations, the Company applies the valuation policy approved by its Board that is consistent with ASC 820. Consistent with the valuation policy, the Company evaluates the source of the inputs, including any markets in which its investments are trading (or any markets in which securities with similar attributes are trading), in determining fair value. When an investment is valued based on prices provided by reputable dealers or pricing services (that is, broker quotes), the Company subjects those prices to various criteria in making the determination as to whether a particular investment would qualify for treatment as a Level 2 or Level 3 investment. For example, the Company, or the independent valuation firm(s), reviews pricing support provided by dealers or pricing services in order to determine if observable market information is being used, versus unobservable inputs.

Due to the inherent uncertainty of determining the fair value of investments that do not have a readily available market value, the fair value of the Company's investments may fluctuate from period to period. Additionally, the fair value of such investments may differ significantly from the values that would have been used had a ready market existed for such investments and may differ materially from the values that may ultimately be realized. Further, such investments are generally less liquid than publicly traded securities and may be subject to contractual and other restrictions on resale. If the Company were required to liquidate a portfolio investment in a forced or liquidation sale, it could realize amounts that are different from the amounts presented and such differences could be material.

In addition, changes in the market environment and other events that may occur over the life of the investments may cause the gains or losses ultimately realized on these investments to be different than the unrealized gains or losses reflected herein.

Interest and Dividend Income Recognition

Interest income is recorded on the accrual basis and includes amortization of discounts or premiums. Discounts and premiums to par value on securities purchased are amortized into interest income over the contractual life of the respective security using the effective yield method. The amortized cost of investments represents the original cost adjusted for the amortization of discounts or premiums, if any. Upon prepayment of a loan or debt security, any prepayment premiums, unamortized upfront loan origination fees and unamortized discounts are recorded as interest income in the current period.

Loans are generally placed on non-accrual status when there is reasonable doubt that principal or interest will be collected in full. Accrued interest is generally reversed when a loan is placed on non-accrual status. Interest payments received on non-accrual loans may be recognized as income or applied to principal depending upon management's judgment regarding collectability. Non-accrual loans are restored to accrual status when past due principal and interest is paid current and, in management's judgment, are likely to remain current. Management may make exceptions to this treatment and determine to not place a loan on non-accrual status if the loan has sufficient collateral value and is in the process of collection.

Dividend income on preferred equity securities is recorded on the accrual basis to the extent that such amounts are payable by the portfolio company and are expected to be collected. Dividend income on common equity securities is recorded on the record date for private portfolio companies or on the ex-dividend date for publicly-traded portfolio companies.

Other Income

From time to time, the Company may receive fees for services provided to portfolio companies by the Adviser. These fees are generally only available to the Company as a result of closing investments, are normally paid at the closing of the investments, are generally non-recurring and are recognized as revenue when earned upon closing of the investment. The services that the Adviser provides vary by investment, but can include closing, work, diligence or other similar fees and fees for providing managerial assistance to our portfolio companies.

Organization Expenses

Costs associated with the organization of the Company are expensed as incurred. These expenses consist primarily of legal fees and other costs of organizing the Company.

Offering Expenses

Costs associated with the offering of common shares of the Company are capitalized as deferred offering expenses and are included in prepaid expenses and other assets in the consolidated statement of assets and liabilities and are amortized over a twelve-month period from incurrence. These expenses consist primarily of legal fees and other costs incurred in connection with the Company's share offerings, the preparation of the Company's registration statement, and registration fees.

Debt Issuance Costs

The Company records origination and other expenses related to its debt obligations as deferred financing costs. These expenses are deferred and amortized over the life of the related debt instrument. Debt issuance costs are presented on the consolidated statement of assets and liabilities as a direct deduction from the debt liability. In circumstances in which there is not an associated debt liability amount recorded in the consolidated financial statements when the debt issuance costs are incurred, such debt issuance costs will be reported on the consolidated statement of assets and liabilities as an asset until the debt liability is recorded.

Reimbursement of Transaction-Related Expenses

The Company may receive reimbursement for certain transaction-related expenses in pursuing investments. Transaction-related expenses, which are generally expected to be reimbursed by the Company's portfolio companies, are typically deferred until the transaction is consummated and are recorded in prepaid expenses and other assets on the date incurred. The costs of successfully completed investments not otherwise reimbursed are borne by the Company and are included as a component of the investment's cost basis.

Cash advances received in respect of transaction-related expenses are recorded as cash and cash equivalents with an offset to accrued expenses and other liabilities. Accrued expenses and other liabilities are relieved as reimbursable expenses are incurred.

Income Taxes

The Company has elected to be treated as a BDC under the 1940 Act. The Company also intends to elect to be treated as a RIC under the Code for the taxable year ending December 31, 2016. So long as the Company maintains its tax treatment as a RIC, it generally will not pay corporate-level U.S. federal income taxes on any ordinary income or capital gains that it distributes at least annually to its stockholders as dividends. Instead, any tax liability related to income earned and distributed by Owl Rock represents obligations of the Company's investors and will not be reflected in the consolidated financial statements of the Company.

The Company evaluates tax positions taken or expected to be taken in the course of preparing its consolidated financial statements to determine whether the tax positions are “more-like ly-than-not” to be sustained by the applicable tax authority. Tax positions not deemed to meet the “more-likely-than-not” threshold are reserved and recorded as a tax benefit or expense in the current year. All penalties and interest associated with income taxes are included in income tax expense. Conclusions regarding tax positions are subject to review and may be adjusted at a later date based on factors including, but not limited to, on-going analyses of tax laws, regulations and interpretations thereof. There were no material uncertain income tax positions through December 31, 2016. The 2015 tax year remains subject to examination by U.S. federal and most state tax authorities.

To qualify as a RIC, the Company must, among other things, meet certain source-of-income and asset diversification requirements. In addition, to qualify for RIC tax treatment, the Company must distribute to its stockholders, for each taxable year, at least 90% of its “investment company taxable income” for that year, which is generally its ordinary income plus the excess of its realized net short-term capital gains over its realized net long-term capital losses.

Distributions to Common Stockholders

Distributions to common stockholders are recorded on the record date. The amount to be distributed is determined by the Board and is generally based upon the earnings estimated by the Adviser. Net realized long-term capital gains, if any, would be generally distributed at least annually, although the Company may decide to retain such capital gains for investment.

The Company has adopted a dividend reinvestment plan that provides for reinvestment of any cash distributions on behalf of stockholders, unless a stockholder elects to receive cash. As a result, if the Board authorizes and declares a cash distribution, then the stockholders who have not “opted out” of the dividend reinvestment plan will have their cash distribution automatically reinvested in additional shares of the Company’s common stock, rather than receiving the cash distribution. The Company expects to use newly issued shares to implement the dividend reinvestment plan.

Consolidation

As provided under Regulation S-X and ASC Topic 946 - Financial Services - Investment Companies, the Company will generally not consolidate its investment in a company other than a wholly-owned investment company or controlled operating company whose business consists of providing services to the Company. Accordingly, the Company consolidates the accounts of the Company's wholly-owned subsidiary in its consolidated financial statements.

New Accounting Pronouncements

Management does not believe any recently issued, but not yet effective, accounting standards, if currently adopted, would have a material effect on the accompanying consolidated financial statements.

Note 3. Agreements and Related Party Transactions

Administration Agreement

On March 1, 2016, the Company entered into an Administration Agreement (the “Administration Agreement”) with the Adviser. Under the terms of the Administration Agreement, the Adviser will perform, or oversee the performance of, required administrative services, which includes providing office space, equipment and office services, maintaining financial records, preparing reports to shareholders and reports filed with the SEC, and managing the payment of expenses and the performance of administrative and professional services rendered by others.

The Administration Agreement also provides that the Company will reimburse the Adviser for certain organization costs incurred prior to the commencement of the Company’s operations, and for certain offering costs.

The Company will reimburse the Adviser for services performed for it pursuant to the terms of the Administration Agreement. In addition, pursuant to the terms of the Administration Agreement, the Adviser may delegate its obligations under the Administration Agreement to an affiliate or to a third party and the Company will reimburse the Adviser for any services performed for it by such affiliate or third party.

For the year ended December 31, 2016, the Company incurred expenses of approximately \$2.8 million for costs and expenses reimbursable to the Adviser under the terms of the Administration Agreement.

Unless earlier terminated as described below, the Administration Agreement will remain in effect until March 1, 2018 and from year to year thereafter if approved annually by (1) the vote of the Board, or by the vote of a majority of its outstanding voting securities, and (2) the vote of a majority of the Company's directors who are not "interested persons" of the Company, of the Adviser or of any of their respective affiliates, as defined in the 1940 Act. The Administration Agreement may be terminated at any time, without the payment of any penalty, on 60 days' written notice, by the vote of a majority of the outstanding voting securities of the Company, or by the vote of the Board or by the Administrator.

No person who is an officer, director, or employee of the Adviser or its affiliates and who serves as a director of the Company receives any compensation from the Company for his or her services as a director. However, the Company reimburses the Adviser (or its affiliates) for an allocable portion of the compensation paid by the Adviser or its affiliates to the Company's Chief Compliance Officer, Chief Financial Officer and other professionals who spend time on such related activities (based on the percentage of time those individuals devote, on an estimated basis, to the business and affairs of the Company). Directors who are not affiliated with the Adviser receive compensation for their services and reimbursement of expenses incurred to attend meetings.

Investment Advisory Agreement

On March 1, 2016, the Company entered into an Investment Advisory Agreement (the "Investment Advisory Agreement") with the Adviser. Under the terms of the Investment Advisory Agreement, the Adviser will be responsible for managing the Company's business and activities, including sourcing investment opportunities, conducting research, performing diligence on potential investments, structuring its investments, and monitoring its portfolio companies on an ongoing basis through a team of investment professionals.

The Adviser's services under the Investment Advisory Agreement are not exclusive, and it is free to furnish similar services to other entities so long as its services to the Company are not impaired.

Under the terms of the Investment Advisory Agreement, the Company will pay the Adviser a base management fee and may also pay to it certain incentive fees. The cost of both the management fee and the incentive fee will ultimately be borne by the Company's shareholders.

The management fee is payable quarterly in arrears. Prior to the future quotation or listing of the Company's securities on a national securities exchange (an "Exchange Listing") or the future quotation or listing of its securities on any other public trading market, the management fee is payable at an annual rate of 0.75% of the Company's (i) average gross assets, excluding cash and cash equivalents but including assets purchased with borrowed amounts, at the end of the Company's two most recently completed calendar quarters plus (ii) the average of any remaining unfunded Capital Commitments at the end of the two most recently completed calendar quarters. Following an Exchange Listing, the management fee is payable at an annual rate of 1.75% of the Company's average gross assets excluding cash and cash equivalents but including assets purchased with borrowed amounts, at the end of the two most recently completed calendar quarters. The management fee for any partial month or quarter, as the case may be, will be appropriately prorated and adjusted for any share issuances or repurchases during the relevant calendar months or quarters, as the case may be.

For the year ended December 31, 2016, management fees were \$9.2 million.

Pursuant to the Investment Advisory Agreement, the Adviser will not be entitled to an incentive fee prior to an Exchange Listing. Following an Exchange Listing, the incentive fee will consist of two components that are

independent of each other, with the result that one component may be payable even if the other is not. A portion of the incentive fee is based on the Company's pre-incentive fee net investment income and a portion is based on the Company's capital gains. The portion of the incentive fee based on pre-incentive fee net investment income is determined and paid quarterly in arrears commencing with the first calendar quarter following an Exchange Listing, and equals 100% of the pre-incentive fee net investment income in excess of a 1.5% quarterly "hurdle rate," until the Adviser has received 20% of the total pre-incentive fee net investment income for that calendar quarter and, for pre-incentive fee net investment income in excess of 1.875% quarterly, 20% of all remaining pre-incentive fee net investment income for that calendar quarter.

The second component of the incentive fee, the capital gains incentive fee, payable at the end of each calendar year in arrears, equals 20% of cumulative realized capital gains from the date on which the Exchange Listing becomes effective (the "Listing Date") to the end of each calendar year, less cumulative realized capital losses and unrealized capital depreciation from the Listing Date to the end of each calendar year, less the aggregate amount of any previously paid capital gains incentive fee for prior periods. In no event will the capital gains incentive fee payable pursuant to the Investment Advisory Agreement be in excess of the amount permitted by the Advisers Act, including Section 205 thereof.

There was no incentive fee for the year ended December 31, 2016.

Unless earlier terminated as described below, the Investment Advisory Agreement will remain in effect until March 1, 2018 and will remain in effect from year-to-year thereafter if approved annually by a majority of the Board or by the holders of a majority of our outstanding voting securities and, in each case, by a majority of independent directors.

The Investment Advisory Agreement will automatically terminate within the meaning of the 1940 Act and related SEC guidance and interpretations in the event of its assignment. In accordance with the 1940 Act, without payment of any penalty, the Company may terminate the Investment Advisory Agreement with the Adviser upon 60 days' written notice. The decision to terminate the agreement may be made by a majority of the Board or the shareholders holding a majority (as defined under the 1940 Act) of the outstanding shares of the Company's common stock or the Adviser. In addition, without payment of any penalty, the Adviser may generally terminate the Investment Advisory Agreement upon 60 days' written notice and, in certain circumstances, the Adviser may only be able to terminate the Investment Advisory Agreement upon 120 days' written notice.

From time to time, the Adviser may pay amounts owed by the Company to third-party providers of goods or services, including the Board, and the Company will subsequently reimburse the Adviser for such amounts paid on its behalf. Amounts payable to the Adviser are settled in the normal course of business without formal payment terms.

Note 4. Investments

Under the 1940 Act, the Company is required to separately identify non-controlled investments where it owns 5% or more of a portfolio company's outstanding voting securities and/or had the power to exercise control over the management or policies of such portfolio company as investments in "affiliated" companies. In addition, under the 1940 Act, the Company is required to separately identify investments where it owns more than 25% of a portfolio company's outstanding voting securities and/or had the power to exercise control over the management or policies of such portfolio company as investments in "controlled" companies. Under the 1940 Act, "non-affiliated investments" are defined as investments that are neither controlled investments nor affiliated investments. Detailed information with respect to the Company's non-controlled, non-affiliated; non-controlled, affiliated; and controlled affiliated investments is contained in the accompanying consolidated financial statements, including the consolidated schedule of investments. The information in the tables below is presented on an aggregate portfolio basis, without regard to whether they are non-controlled non-affiliated, non-controlled affiliated or controlled affiliated investments.

(1) Transfers between levels, if any, are recognized at the beginning of the quarter in which the transfers occur.

The following table presents information with respect to net change in unrealized gains on investments for which Level 3 inputs were used in determining the fair value that are still held by the Company at December 31, 2016:

(\$ in thousands)	Net change in unrealized gain for the Year Ended December 31, 2016 on Investments Held at December 31, 2016	
	First-lien senior secured debt investments	Second-lien senior secured debt investments
First-lien senior secured debt investments	\$ 3,970	—
Second-lien senior secured debt investments	—	2,941
Total Investments	\$ 6,911	

The following table presents quantitative information about the significant unobservable inputs of the Company's Level 3 investments as of December 31, 2016. The table is not intended to be all-inclusive but instead captures the significant unobservable inputs relevant to the Company's determination of fair value.

(\$ in thousands)	As of December 31, 2016				
	Fair Value	Valuation Technique	Unobservable Input	Range (Weighted Average)	Impact to Valuation from an Increase in Input
First-lien senior secured debt investments (1)	\$ 298,954	Recent Transaction	Transaction Price	97.5-99.0 (98.4)	Increase
	260,785	Yield Analysis	Market Yield	7.1%-9.9 (9.1%)	Decrease
Second-lien senior secured debt investments	\$ 93,425	Recent Transaction	Transaction Price	98.0-98.5 (98.3)	Increase
	263,805	Yield Analysis	Market Yield	10.8%-12.9% (11.4%)	Decrease

(1) Excludes an investment at fair value amounting to \$15,037, which the Company valued using indicative bid prices obtained from broker dealers.

The Company typically determines the fair value of its performing Level 3 debt investments utilizing a yield analysis. In a yield analysis, a price is ascribed for each investment based upon an assessment of current and expected market yields for similar investments and risk profiles. Additional consideration is given to the expected life, portfolio company performance since close, and other terms and risks associated with an investment. Among other factors, a determinant of risk is the amount of leverage used by the portfolio company relative to its total enterprise value, and the rights and remedies of the Company's investment within each portfolio company's capital structure.

Significant unobservable quantitative inputs typically used in the fair value measurement of the Company's Level 3 debt investments primarily include current market yields, including relevant market indices, but may also include quotes from brokers, dealers, and pricing services as indicated by comparable investments. For the Company's Level 3 equity investments, a market approach, based on comparable publicly-traded company and comparable market transaction multiples of revenues, earnings before income taxes, depreciation and amortization ("EBITDA") or some combination thereof and comparable market transactions typically would be used.

Financial Instruments Not Carried at Fair Value

The fair value of the Company's Credit Facility, which is categorized as Level 3 within the fair value hierarchy as of December 31, 2016, approximates its carrying value.

The carrying amounts of the Company's assets and liabilities, other than investments at fair value, approximate fair value due to their short maturities or their close proximity of the originations to the measurement date.

Note 6. Borrowings

In accordance with the 1940 Act, with certain limitations, the Company is allowed to borrow amounts such that its asset coverage, as defined in the 1940 Act, is at least 200% after such borrowing. As of December 31, 2016, the Company's asset coverage was 237%.

Subscription Credit Facility

On August 1, 2016 (the "Closing Date"), the Company entered into a subscription credit facility (the "Subscription Credit Facility") with Wells Fargo Bank, National Association ("Wells Fargo"), as administrative agent (the "Administrative Agent"), and Wells Fargo, State Street Bank and Trust Company and the banks and financial institutions from time to time party thereto, as lenders.

The Subscription Credit Facility permits the Company to borrow up to \$250 million, subject to availability under the “Borrowing Base”. The Borrowing Base is calculated based on the unused Capital Commitments of the investors meeting various eligibility requirements above certain concentration limits based on investors’ credit ratings. The Subscription Credit Facility includes a provision permitting the Company to increase the size of the facility on or before the first anniversary of the Closing Date up to a maximum principal amount not exceeding \$500 million, subject to customary conditions, and includes a further provision permitting the Company to increase the size of the facility under certain circumstances up to a maximum principal amount not exceeding \$750 million, if the existing or new lenders agree to commit to such further increase.

On September 14, 2016, the Company, in accordance with the credit agreement, exercised its option to increase the size of the facility to a total of \$300 million. On September 26, 2016, the Company, in accordance with the credit agreement, exercised its option to increase the size of the facility to a total of \$500 million. On January 4, 2017, the Company, in accordance with the credit agreement, increased the size of the facility to a total of \$575 million.

At December 31, 2016, the Company’s outstanding debt obligations were as follows:

	December 31, 2016			
(\$ in thousands)	Aggregate Principal Committed	Outstanding Principal	Amount Available (1)	Net Carrying Value (2)
Subscription Credit Facility	\$ 500,000	\$ 495,000	\$ 5,000	\$ 491,906
Total Debt	\$ 500,000	\$ 495,000	\$ 5,000	\$ 491,906

(1) The amount available reflects any limitations related to the Subscription Credit Facility’s borrowing base.

(2) The carrying value of the Company’s Subscription Credit Facility is presented net of deferred financing costs of \$3.1 million.

Average debt outstanding during the year ended December 31, 2016 was \$222.8 million.

Borrowings under the Subscription Credit Facility bear interest, at the Company’s election at the time of drawdown, at a rate per annum equal to (i) in the case of LIBOR rate loans, an adjusted LIBOR rate for the applicable interest period plus 1.60% or (ii) in the case of reference rate loans, the greatest of (A) a prime rate plus 0.60%, (B) the federal funds rate plus 1.10%, and (C) one-month LIBOR plus 1.60%. Loans may be converted from one rate to another at any time at the Company’s election, subject to certain conditions. The Company also will pay an unused commitment fee of 0.25% per annum on the unused commitments.

For the year ended December 31, 2016, the components of interest expense were as follows:

	Year Ended December 31, 2016	
(\$ in thousands)		
Interest expense	\$	2,342
Amortization of debt issuance costs		416
Total Interest Expense	\$	2,758
Average interest rate		2.31%

The Subscription Credit Facility will mature upon the earliest of (i) the date three (3) years from the Closing Date; (ii) the date upon which the Administrative Agent declares the obligations under the Credit Facility due and payable after the occurrence of an event of default; (iii) forty-five (45) days prior to the scheduled termination of the commitment period under the Company’s Subscription Agreements (as defined below); (iv) forty-five (45) days prior to the date of any listing of the Company’s common stock on a national securities exchange; (v) the termination of the commitment period under the Company’s Subscription Agreements (if earlier than the scheduled date); and (vi) the date the Company terminates the commitments pursuant to the Subscription Credit Facility.

The Subscription Credit Facility is secured by a perfected first priority security interest in the Company's right, title, and interest in and to the capital commitments of the Company's private investors, including the Company's right to make capital calls, receive and apply capital contributions, enforce remedies and claims related thereto together with capital call proceeds and related rights, and a pledge of the collateral account into which capital call proceeds are deposited.

The Subscription Credit Facility contains customary covenants, including certain limitations on the incurrence by the Company of additional indebtedness and on the Company's ability to make distributions to its shareholders, or redeem, repurchase or retire shares of stock, upon the occurrence of certain events, and customary events of default (with customary cure and notice provisions).

Transfers of interests in the Company by shareholders must comply with certain sections of the Subscription Credit Facility and the Company shall notify the Administrative Agent before such transfers take place. Such transfers may trigger mandatory prepayment obligations.

Revolving Credit Facility

On February 1, 2017, the Company entered into a senior secured revolving credit agreement (the "Revolving Credit Facility"). The parties to the Revolving Credit Facility include the Company, as Borrower, the lenders from time to time parties thereto (each a "Lender" and collectively, the "Lenders") and SunTrust Robinson Humphrey, Inc. and Merrill Lynch, Pierce, Fenner & Smith Incorporated as Joint Lead Arrangers and Joint Book Runners, SunTrust Bank as Administrative Agent and Bank of America, N.A. as Syndication Agent.

The Revolving Credit Facility is guaranteed by OR Lending, LLC, a subsidiary of the Company, and will be guaranteed by certain domestic subsidiaries of the Company that are formed or acquired by the Company in the future (collectively, the "Guarantors"). Proceeds of the Revolving Credit Facility may be used for general corporate purposes, including the funding of portfolio investments.

The maximum principal amount of the Facility is \$400 million, subject to availability under the borrowing base, which is based on the Company's portfolio investments and other outstanding indebtedness. Maximum capacity under the Facility may be increased to \$750 million through the exercise by the Borrower of an uncommitted accordion feature through which existing and new lenders may, at their option, agree to provide additional financing. The Revolving Credit Facility includes a \$50 million limit for swingline loans and is secured by a perfected first-priority interest in substantially all of the portfolio investments held by the Company and each Guarantor, subject to certain exceptions.

The availability period under the Revolving Credit Facility will terminate on January 31, 2020 ("Commitment Termination Date") and the Facility will mature on February 1, 2021 ("Maturity Date"). During the period from the Commitment Termination Date to the Maturity Date, the Company will be obligated to make mandatory prepayments under the Revolving Credit Facility out of the proceeds of certain asset sales and other recovery events and equity and debt issuances.

The Company may borrow amounts in U.S. dollars or certain other permitted currencies. Amounts drawn under the Revolving Credit Facility will bear interest at either LIBOR plus a margin, or the prime rate plus a margin. The Company may elect either the LIBOR or prime rate at the time of drawdown, and loans may be converted from one rate to another at any time at the Company's option, subject to certain conditions. The Company will also pay a fee of 0.375% on undrawn amounts under the Revolving Credit Facility.

The Revolving Credit Facility includes customary covenants, including certain limitations on the incurrence by the Company of additional indebtedness and on the Company's ability to make distributions to its shareholders, or redeem, repurchase or retire shares of stock, upon the occurrence of certain events and certain financial covenants related to asset coverage and liquidity and other maintenance covenants, as well as customary events of default.

Note 7. Commitments and Contingencies

Portfolio Company Commitments

From time to time, we may enter into commitments to fund investments. As of December 31, 2016, we had outstanding commitments to fund a revolver and delayed draw term loan totaling \$20.4 million.

Other Commitments and Contingencies

As of December 31, 2016, the Company had \$2.3 billion in total Capital Commitments from investors (\$1.6 billion undrawn), of which \$112.4 million is from executives of the Adviser (\$63.8 million undrawn).

From time to time, the Company may become a party to certain legal proceedings incidental to the normal course of its business. At December 31, 2016, management is not aware of any pending or threatened litigation.

Note 8. Net Assets

Subscriptions and Drawdowns

In connection with its formation, the Company has the authority to issue 500,000,000 common shares at \$0.01 per share par value.

On March 1, 2016, the Company issued 100 common shares for \$1,500 to the Adviser.

During the year ended December 31, 2016, the Company entered into subscription agreements (the “Subscription Agreements”) with investors providing for the private placement of the Company’s common shares. Under the terms of the Subscription Agreements, investors are required to fund drawdowns to purchase the Company’s common shares up to the amount of their respective Capital Commitment on an as-needed basis each time the Company delivers a drawdown notice to its investors. As of December 31, 2016, we had received Capital Commitments totaling \$2.3 billion, of which \$112.4 million are from executives of our Adviser.

Pursuant to the Subscription Agreements, during the year ended December 31, 2016, we delivered the following capital call notices to our investors:

Capital Drawdown Notice Date	Common Share Issuance Date	Number of Common Shares Issued	Aggregate Offering Price (\$ in millions)
March 17, 2016	March 30, 2016	3,333,344	\$ 50.0
March 30, 2016	April 12, 2016	17,214	0.3
May 26, 2016	June 10, 2016	20,979,021	300.0
June 16, 2016	June 29, 2016	5,244,760	75.0
September 16, 2016	September 29, 2016	2,751,029	40.0
December 13, 2016	December 27, 2016	13,457,603	200.0
Total		45,782,971	\$ 665.3

Net of drawdowns, the remaining undrawn Capital Commitments total \$1.6 billion, of which \$63.8 million is comprised of executives of our Adviser.

Distributions and Dividend Reinvestment

On November 8, 2016, the Board of Directors declared a distribution of \$2.1 million for shareholders of record on November 15, 2016, payable on November 30, 2016. With respect to distributions, the Company has adopted an “opt out” dividend reinvestment plan for common shareholders. As a result, in the event of a declared dash distribution or other distribution, each shareholder that has not “opted out” of the dividend reinvestment plan will have their dividends or distributions automatically reinvested in additional shares of our common stock rather than receiving cash distributions. Shareholders who receive distributions in the form of shares of common stock will

be subject to the same U.S. federal, state and local tax consequences as if they received cash distributions. In connection with the distribution paid on November 30, 2016, 50,242 shares were reinvested pursuant to the dividend reinvestment plan.

On March 7, 2017, the Company's Board declared a distribution of \$8.7 million for shareholders of record on March 7, 2017, payable on March 15, 2017.

Note 9. Earnings Per Share

The following table sets forth the computation of basic and diluted earnings per common share:

(amounts in thousands, except share and per share data)	Year Ended December 31, 2016
Increase in net assets resulting from operations	\$ 16,637
Weighted average shares of common stock outstanding—basic and diluted	21,345,191
Earnings per common share—basic and diluted	\$ 0.78

Note 10. Income Taxes

Taxable income generally differs from increase in net assets resulting from operations due to temporary and permanent differences in the recognition of income and expenses, and generally excludes net unrealized gains or losses, as unrealized gains or losses are generally not included in taxable income until they are realized.

The Company makes certain adjustments to the classification of net assets as a result of permanent book-to-tax differences, which include differences in the book and tax basis of certain assets and liabilities, and nondeductible federal taxes or losses among other items. To the extent these differences are permanent, they are charged or credited to additional paid in capital, undistributed net investment income or undistributed net realized gains on investments, as appropriate.

The following reconciles the increase in net assets resulting from operations for the fiscal year ended December 31, 2016 to undistributed taxable income at December 31, 2016:

	Year Ended December 31, 2016
(\$ in millions)	
Increase in net assets resulting from operations	\$ 16.6
Adjustments:	
Net unrealized gain on investments	(7.6)
Deferred organization costs	1.1
Other book-tax differences	1.0
Taxable Income	\$ 11.1

All distributions declared for the calendar year ended December 31, 2016 were characterized as ordinary income. For the calendar year ended December 31, 2016 the Company had \$9.0 million of undistributed ordinary income on a tax basis. For the year ended December 31, 2016, 94.7% of distributed ordinary income qualified as interest related dividend which is exempt from U.S. withholding tax applicable to non-U.S. shareholders.

During the year ended December 31, 2016, permanent differences were principally related to \$0.6 million of non-deductible offering costs and \$0.4 million attributable to U.S. federal excise taxes.

The tax cost of the Company's investments at December 31, 2016 approximates their amortized cost.

Note 11. Financial Highlights

The following are the financial highlights for a common share outstanding during the year ended December 31, 2016:

(amounts in thousands, except share and per share data)	<u>Year Ended December 31, 2016</u>
Per Share Data	
Net asset value, beginning of period	\$ —
Net investment income (1)	0.42
Net unrealized gains (1)	0.36
Total from operations	0.78
Issuance of common shares	14.13
Distributions declared from net investment income (2)	(0.06)
Total increase in net assets	14.85
Net asset value, end of period	<u>\$ 14.85</u>
Shares outstanding, end of period	45,833,313
Total Return (3)	(0.6) %
Ratios / Supplemental Data	
Ratio of total expenses to average net assets (4)	6.5 %
Ratio of net investment income to average net assets (4)	2.9 %
Net assets, end of period	\$ 680,525
Weighted-average shares outstanding	21,345,191
Total capital commitments, end of period	\$ 2,313,237
Ratios of total contributed capital to total committed capital, end of period	28.8 %
Portfolio turnover rate	25.4 %
Year of formation	2015

(1) The per share data was derived by using the weighted average shares outstanding during the period.

(2) The per share data was derived by using the actual shares outstanding at the date of the relevant transactions.

(3) Total return is calculated as the change in net asset value ("NAV") per share during the period, plus distributions per share (if any), divided by the beginning NAV per share.

(4) The ratios reflect amounts from the commencement of operations, March 3, 2016, through December 31, 2016 and are not annualized.

Note 13. Subsequent Events

The Company's management evaluated subsequent events through the date of issuance of these consolidated financial statements. Other than those previously disclosed, there have been no subsequent events that occurred during such period that would require disclosure in, or would be required to be recognized in, these consolidated financial statements.

Item 9. Changes in and Disagreements with Accountants on Accounting and Financial Disclosure.

There are not and have not been any disagreements between the Company and its accountant on any matter of accounting principles, practices, or financial statement disclosure.

Item 9A. Controls and Procedures.**(a) Evaluation of Disclosure Controls and Procedures**

In accordance with Rules 13a-15(b) and 15d-15(b) of the Securities Exchange Act of 1934, as amended (the “Exchange Act”), we, under the supervision and with the participation of our Chief Executive Officer and Chief Financial Officer, carried out an evaluation of the effectiveness of our disclosure controls and procedures (as defined in Rule 13a-15(e) and Rule 15d-15(e) of the Exchange Act) as of the end of the period covered by this Annual Report on Form 10-K and determined that our disclosure controls and procedures are effective as of the end of the period covered by the Annual Report on Form 10-K.

This annual report does not include a report of management’s assessment regarding internal control over financial reporting or an attestation report of the company’s registered public accounting firm due to a transition period established by rules of the Securities and Exchange Commission.

(b) Changes in Internal Controls Over Financial Reporting

There have been no changes in our internal control over financial reporting that occurred during our most recently completed fiscal quarter that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

Item 9B. Other Information.

None.

ARTICLE I

DEFINITIONS

SECTION 1.01. Defined Terms. As used in this Agreement, the following terms have the meanings specified below:

“ABR”, when used in reference to any Loan or Borrowing, refers to whether such Loan, or the Loans constituting such Borrowing, are denominated in Dollars and bearing interest at a rate determined by reference to the Alternate Base Rate.

“Adjusted Borrowing Base” means the Borrowing Base minus the aggregate amount of Cash and Cash Equivalents included in the Portfolio Investments held by the Obligors (provided that Cash Collateral for outstanding Letters of Credit shall not be treated as a portion of the Portfolio Investments).

“Adjusted Covered Debt Balance” means, on any date, the aggregate Covered Debt Amount on such date minus the aggregate amount of Cash and Cash Equivalents included in the Portfolio Investments held by the Obligors (provided that Cash Collateral for outstanding Letters of Credit shall not be treated as a portion of the Portfolio Investments).

“Adjusted LIBO Rate” means (a) for the Interest Period for any Eurocurrency Borrowing denominated in a LIBO Quoted Currency, an interest rate per annum (rounded upwards, if necessary, to the next 1/16 of 1%) equal to (i) the LIBO Rate for such Interest Period multiplied by (ii) the Statutory Reserve Rate for such Interest Period and (b) for the Interest Period for any Eurocurrency Borrowing denominated in a Non-LIBO Quoted Currency an interest rate per annum (rounded upwards, if necessary, to the next 1/16 of 1%) equal to the LIBO Rate for such Interest Period.

“Administrative Agent” means SunTrust, in its capacity as administrative agent for the Lenders hereunder.

“Administrative Agent Appraisal Testing Period” has the meaning assigned to such term in Section 5.12(b)(i)(E)(v).

“Administrative Agent’s Account” means, for each Currency, an account in respect of such Currency designated by the Administrative Agent in a notice to the Borrower and the Lenders.

“Administrative Questionnaire” means an administrative questionnaire in a form supplied by the Administrative Agent.

“Advance Rate” has the meaning assigned to such term in Section 5.13.

“Affected Currency” has the meaning assigned to such term in Section 2.13.

“Affiliate” means, with respect to a specified Person, another Person that directly, or indirectly through one or more intermediaries, Controls or is Controlled by or is under common Control with the Person specified. Anything herein to the contrary notwithstanding, the term “Affiliate” shall not include any Person that constitutes an Investment held by any Obligor or Financing Subsidiary in the ordinary course of business; provided that the term “Affiliate” shall include any Financing Subsidiary.

“Affiliate Agreements” means collectively, (a) the Administration Agreement dated as of March 1, 2016 between the Borrower and the External Manager, (b) Investment Advisory and Management Agreement dated

as of March 1, 2016 between the Borrower and the External Manager and (c) the License Agreement dated as of March 1, 2016 between the Borrower and Owl Rock Capital Partners LP.

Unless the context requires otherwise (a) any definition of or reference to any agreement, instrument or other document herein shall be construed as referring to such agreement, instrument or other document as from time to time amended, supplemented or otherwise modified (subject to any restrictions on such amendments, supplements or modifications set forth herein), (b) any reference herein to any Person shall be construed to include such Person’s successors and assigns, (c) the words “herein”, “hereof” and “hereunder”, and words of similar import, shall be construed to refer to this Agreement in its entirety and not to any particular provision hereof, (d) all references herein to Articles, Sections, Exhibits and Schedules shall be construed to refer to Articles and Sections of, and Exhibits and Schedules to, this Agreement and (e) the words “asset” and “property” shall be construed to have the same meaning and effect and to refer to any and all tangible and intangible assets and properties, including cash, securities, accounts and contract rights.

SECTION 1.04. Accounting Terms; GAAP. Except as otherwise expressly provided herein, all terms of an accounting or financial nature shall be construed in accordance with GAAP, as in effect from time to time; provided that, (a) if the Borrower notifies the Administrative Agent that the Borrower requests an amendment to any provision hereof to eliminate the effect of any change occurring after the date hereof in GAAP or in the application thereof on the operation of such provision (or if the Administrative Agent notifies the Borrower that the Required Lenders request an amendment to any provision hereof for such purpose), regardless of whether any such notice is given before or after such change in GAAP or in the application thereof then such provision shall be interpreted on the basis of GAAP as in effect and applied immediately before such change shall have become effective until such notice shall have been withdrawn or such provision amended in accordance herewith and (b) all leases that would be treated as operating leases for purposes of GAAP on the date hereof shall continue to be accounted for as operating leases for purposes of all financial definitions and calculations hereunder regardless of any change to GAAP following the date hereof that would otherwise require such leases to be treated as Capital Lease Obligations. The Borrower covenants and agrees with the Lenders that whether or not the Borrower may at any time adopt Financial Accounting Standard No. 159 (or successor standard solely as it relates to fair valuing liabilities) or accounts for liabilities acquired in an acquisition on a fair value basis pursuant to Financial Accounting Standard No. 141(R) (or successor standard solely as it relates to fair valuing liabilities), all determinations of compliance with the terms and conditions of this Agreement shall be made on the basis that the Borrower has not adopted Financial Accounting Standard No. 159

(or such successor standard solely as it relates to fair valuing liabilities) or, in the case of liabilities acquired in an acquisition, Financial Accounting Standard No. 141(R) (or such successor standard solely as it relates to fair valuing liabilities).

SECTION 1.05. Currencies; Currency Equivalents.

(a) Currencies Generally. At any time, any reference in the definition of the term "Agreed Foreign Currency" or in any other provision of this Agreement to the Currency of any particular nation means the lawful currency of such nation at such time whether or not the name of such Currency is the same as it was on the date hereof. Except as provided in Section 2.10(b) and the last sentence of Section 2.17(a), for purposes of determining (i) whether the amount of any Borrowing or Letter of Credit under the Multicurrency Commitments, together with all other Borrowings and Letters of Credit under the Multicurrency Commitments then outstanding or to be borrowed at the same time as such Borrowing, would exceed the aggregate amount of the Multicurrency Commitments, (ii) the aggregate unutilized amount of the Multicurrency Commitments, (iii) the Revolving Credit Exposure, (iv) the Multicurrency LC Exposure, (v) the Covered Debt Amount and (vi) the Borrowing Base or the Value or the fair market value of any Portfolio Investment, the outstanding principal amount of any Borrowing or Letter of Credit that is denominated in any Foreign Currency or the Value or the fair market value of any Portfolio Investment that is denominated in any Foreign Currency shall be deemed to be the Dollar Equivalent of the amount of the Foreign Currency of such Borrowing, Letter of Credit or Portfolio Investment, as the case may be, determined as of the date of such Borrowing or Letter of Credit (determined in accordance with the last sentence of the definition of the term "Interest Period") or the date of valuation of such Portfolio Investment, as the case may be. Wherever in this Agreement in connection with a Borrowing or Loan an amount, such as a required minimum or multiple amount, is expressed in Dollars, but such Borrowing or Loan is denominated in a Foreign Currency, such amount shall be the relevant Foreign Currency Equivalent of such Dollar amount (rounded to the nearest 1,000 units of such Foreign Currency).

(b) Special Provisions Relating to Euro. Each obligation hereunder of any party hereto that is denominated in the National Currency of a state that is not a Participating Member State on the date hereof shall, effective from the date on which such state becomes a Participating Member State, be redenominated in Euro in accordance with the legislation of the European Union applicable to the European Monetary Union; provided that, if and to the extent that any such legislation provides that any such obligation of any such party payable within such Participating Member State by crediting an account of the creditor can be paid by the debtor either in Euros or such National Currency, such party shall be entitled to pay or repay such amount either in Euros or in such National Currency. If the basis of accrual of interest or fees expressed in this Agreement with respect to an Agreed Foreign Currency of any country that becomes a Participating Member State after the date on which such currency becomes an Agreed Foreign Currency shall be inconsistent with any convention or practice in the interbank market for the basis of accrual of interest or fees in respect of the Euro, such convention or practice shall replace such expressed basis effective as of and from the date on which such state becomes a Participating Member State; provided that, with respect to any Borrowing denominated in such currency that is outstanding immediately prior to such date, such replacement shall take effect at the end of the Interest Period therefor.

Without prejudice to the respective liabilities of the Borrower to the Lenders and the Lenders to the Borrower under or pursuant to this Agreement, each provision of this Agreement shall be subject to such reasonable changes of construction as the Administrative Agent may from time to time, in consultation with the Borrower, reasonably specify to be necessary or appropriate to reflect the introduction or changeover to the Euro in any country that becomes a Participating Member State after the date hereof; provided that the Administrative Agent shall provide the Borrower and the Lenders with prior notice of the proposed change with an explanation of such change in sufficient time to permit the Borrower and the Lenders an opportunity to respond to such proposed change.

ARTICLE II

THE CREDITS

SECTION 2.01. The Commitments. Subject to the terms and conditions set forth herein:

(a) each Dollar Lender severally agrees to make Syndicated Loans in Dollars to the Borrower from time to time during the Availability Period in an aggregate principal amount that will not result in (i) such Lender's Revolving Dollar Credit Exposure exceeding such Lender's Dollar Commitment, (ii) the aggregate Revolving Dollar Credit Exposure of all of the Dollar Lenders exceeding the aggregate Dollar Commitments or (iii) the total Covered Debt Amount exceeding the Borrowing Base then in effect; and

(b) each Multicurrency Lender severally agrees to make Syndicated Loans in Dollars and in Agreed Foreign Currencies to the Borrower from time to time during the Availability Period in an aggregate principal amount that will not result in (i) such Lender's Revolving Multicurrency Credit Exposure exceeding such Lender's Multicurrency Commitment, (ii) the aggregate Revolving Multicurrency Credit Exposure of all of the Multicurrency Lenders exceeding the aggregate Multicurrency Commitments or (iii) the total Covered Debt Amount exceeding the Borrowing Base then in effect.

Within the foregoing limits and subject to the terms and conditions set forth herein, the Borrower may borrow, prepay and reborrow Syndicated Loans.

SECTION 2.02. Loans and Borrowings.

(a) Obligations of Lenders. Each Syndicated Loan shall be made as part of a Borrowing consisting of Loans of the same Class, Currency and Type made by the applicable Lenders ratably in accordance with their respective Commitments of the applicable Class. The failure of any Lender to make any Loan required to be made by it shall not relieve any other Lender of its obligations hereunder; provided that the Commitments of the Lenders are several and no Lender shall be responsible for any other Lender's failure to make Loans as required.

(b) Type of Loans. Subject to Section 2.13, each Syndicated Borrowing of a Class shall be constituted entirely of ABR Loans or of Eurocurrency Loans of such Class denominated in a single Currency as the Borrower may request in accordance herewith. Each ABR Loan shall be denominated in Dollars. Each Lender at its option may make any Eurocurrency Loan by causing any domestic or foreign branch or Affiliate of such Lender to make such Loan; provided that any exercise of such option shall not affect the obligation of the Borrower to repay such Loan in accordance with the terms of this Agreement.

(c) Minimum Amounts. Each Eurocurrency Borrowing shall be in an aggregate amount of \$1,000,000 or a larger multiple of \$1,000,000, and each ABR Borrowing (whether Syndicated or Swingline) shall be in an aggregate amount of \$1,000,000 or a larger multiple of \$100,000; provided that a Syndicated ABR Borrowing of a Class may be in an aggregate amount that is equal to the entire unused balance of the total Commitments of such Class or that is required to finance the reimbursement of an LC Disbursement of such Class as contemplated by Section 2.05(f). Borrowings of more than one Class, Currency and Type may be outstanding at the same time.

(d) Limitations on Interest Periods. Notwithstanding any other provision of this Agreement, the Borrower shall not be entitled to request (or to elect to convert to or continue as a Eurocurrency Borrowing) any Borrowing if the Interest Period requested therefor would end after the Final Maturity Date.

(e) Treatment of Classes. Notwithstanding anything to the contrary contained herein, with respect to each Syndicated Loan, Swingline Loan or Letter of Credit designated in Dollars, the Administrative Agent shall deem the Borrower to have requested that such Syndicated Loan, Swingline Loan or Letter of Credit be applied ratably to each of the Dollar Commitments and the Multicurrency Commitments, based upon the percentage of the aggregate Commitments represented by the Dollar Commitments and the Multicurrency Commitments, respectively.

SECTION 2.03. Requests for Syndicated Borrowings.

(a) Notice by the Borrower. To request a Syndicated Borrowing, the Borrower shall notify the Administrative Agent of such request by telephone (i) in the case of a Eurocurrency Borrowing denominated in Dollars, not later than 11:00 a.m., Atlanta, Georgia time, three Business Days before the date of the proposed Borrowing, (ii) in the case of a Eurocurrency Borrowing denominated in a Foreign Currency, not later than 11:00 a.m., Atlanta, Georgia time, four Business Days before the date of the proposed Borrowing or (iii) in the case of a

Syndicate d ABR Borrowing, not later than 11:00 a.m., Atlanta, Georgia time, on the date of the proposed Borrowing. Each such telephonic Borrowing Request shall be irrevocable and shall be confirmed promptly by hand delivery or telecopy to the Administrative Agent of a written Borrowing Request in a form approved by the Administrative Agent and signed by the Borrower.

(b) Content of Borrowing Requests. Each telephonic and written Borrowing Request shall specify the following information in compliance with Section 2.02:

- (i) whether such Borrowing is to be made under the Dollar Commitments or the Multicurrency Commitments;
- (ii) the aggregate amount and Currency of the requested Borrowing;
- (iii) the date of such Borrowing, which shall be a Business Day;
- (iv) in the case of a Syndicated Borrowing denominated in Dollars, whether such Borrowing is to be an ABR Borrowing or a Eurocurrency Borrowing;
- (v) in the case of a Eurocurrency Borrowing, the Interest Period therefor, which shall be a period contemplated by the definition of the term "Interest Period" and permitted under Section 2.02(d); and
- (vi) the location and number of the Borrower's account to which funds are to be disbursed, which will comply with the requirements of Section 2.06.

(c) Notice by the Administrative Agent to the Lenders. Promptly following receipt of a Borrowing Request in accordance with this Section, the Administrative Agent shall advise each applicable Lender of the details thereof and of the amounts of such Lender's Loan to be made as part of the requested Borrowing.

(d) Failure to Elect. If no election as to the Class of a Syndicated Borrowing is specified, then the requested Syndicated Borrowing shall be deemed to be under the Multicurrency Commitments. If no election as to the Currency of a Syndicated Borrowing is specified, then the requested Syndicated Borrowing shall be denominated in Dollars. If no election as to the Type of a Syndicated Borrowing is specified, then the requested Borrowing shall be a Eurocurrency Borrowing having an Interest Period of one month and, if an Agreed Foreign Currency has been specified, the requested Syndicated Borrowing shall be a Eurocurrency Borrowing denominated in such Agreed Foreign Currency and having an Interest Period of one month. If a Eurocurrency Borrowing is requested but no Interest Period is specified, (i) if the Currency specified for such Borrowing is Dollars (or if no Currency has been so specified), the requested Borrowing shall be a Eurocurrency Borrowing denominated in Dollars having an Interest Period of one month's duration, and (ii) if the Currency specified for such Borrowing is an Agreed Foreign Currency, the Borrower shall be deemed to have selected an Interest Period of one month's duration.

SECTION 2.04. Swingline Loans.

(a) Agreement to Make Swingline Loans. Subject to the terms and conditions set forth herein, each Swingline Lender severally agrees to make Swingline Loans under each Commitment to the Borrower from time to time during the Availability Period in Dollars, in an aggregate principal amount at any time outstanding that will not result in (i) the aggregate principal amount of outstanding Swingline Loans of both Classes exceeding \$50,000,000 or the aggregate principal amount of outstanding Swingline Loans of any Swingline Lender exceeding \$25,000,000, (ii) the sum of any Swingline Lender's outstanding Multicurrency Loans, its LC Exposure, its outstanding Swingline Loans and (without duplication) its other Swingline Exposure exceeding its Multicurrency Commitment; (iii) the total Revolving Dollar Credit Exposures exceeding the aggregate Dollar Commitments, (iv) the total Revolving Multicurrency Credit Exposures exceeding the aggregate Multicurrency Commitments or (v) the total Covered Debt Amount exceeding the Borrowing Base then in effect; provided that no Swingline Lender shall be required to make a Swingline Loan to refinance an outstanding Swingline Loan. Within the foregoing limits

and subject to the terms and conditions set forth herein, the Borrower may borrow, prepay and reborrow Swingline Loans.

(b) Notice of Swingline Loans by the Borrower. To request a Swingline Loan, the Borrower shall notify the Administrative Agent of such request by telephone (confirmed by telecopy) not later than 11:00 a.m., Atlanta, Georgia time, on the day of such proposed Swingline Loan. Each such notice shall be irrevocable and shall specify the Swingline Lender from which such Swingline Loan shall be made, the requested date (which shall be a Business Day) and the amount of the requested Swingline Loan. The Administrative Agent will promptly advise the applicable Swingline Lender of any such notice received from the Borrower. Each Swingline Lender shall make each applicable Swingline Loan available to the Borrower by means of a credit to the general deposit account of the Borrower with such Swingline Lender (or, in the case of a Swingline Loan made to finance the reimbursement of an LC Disbursement as provided in Section 2.05(f), by remittance to the applicable Issuing Bank) by 3:00 p.m., Atlanta, Georgia time, on the requested date of such Swingline Loan.

(c) Participations by Lenders in Swingline Loans. Any Swingline Lender may by written notice given to the Administrative Agent not later than 10:00 a.m., Atlanta, Georgia time on any Business Day, require the Lenders of the applicable Class to acquire participations on such Business Day in all or a portion of the outstanding Swingline Loans of such Class made by such Swingline Lender. Such notice to the Administrative Agent shall specify the aggregate amount of Swingline Loans in which the applicable Lenders will participate. Promptly upon receipt of such notice, the Administrative Agent will give notice thereof to each applicable Lender, specifying in such notice such Lender's Applicable Percentage of such Swingline Loan or Loans. Each Lender hereby absolutely and unconditionally agrees, upon receipt of notice as provided above in this paragraph, to pay to the Administrative Agent, for account of the applicable Swingline Lender, such Lender's Applicable Percentage of such Swingline Loan or Loans; provided that no Lender shall be required to purchase a participation in a Swingline Loan pursuant to this Section 2.04(c) if (x) the conditions set forth in Section 4.02 would not be satisfied in respect of a Borrowing at the time such Swingline Loan was made and (y) the Required Lenders of the respective Class shall have so notified the applicable Swingline Lender in writing and shall not have subsequently determined that the circumstances giving rise to such conditions not being satisfied no longer exist. Unless a Swingline Lender has received the written notice referred to in the previous sentence prior to the time such Swingline Loan was made, then, subject to the terms and conditions hereof, such Swingline Lender shall be entitled to assume all such conditions are satisfied.

Subject to the foregoing, each Lender acknowledges and agrees that its obligation to acquire participations in Swingline Loans pursuant to this paragraph (c) is absolute and unconditional and shall not be affected by any circumstance whatsoever, including the occurrence and continuance of a Default or reduction or termination of the Commitments of the respective Class, and that each such payment shall be made without any offset, abatement, withholding or reduction whatsoever. Each Lender shall comply with its obligation under this paragraph by wire transfer of immediately available funds, in the same manner as provided in Section 2.06 with respect to Loans made by such Lender (and Section 2.06 shall apply, mutatis mutandis, to the payment obligations of the Lenders), and the Administrative Agent shall promptly pay to the applicable Swingline Lender the amounts so received by it from the Lenders. The Administrative Agent shall notify the Borrower of any participations in any Swingline Loan acquired pursuant to this paragraph, and thereafter payments in respect of such Swingline Loan shall be made to the Administrative Agent and not to the relevant Swingline Lender. Any amounts received by a Swingline Lender from the Borrower (or other party on behalf of the Borrower) in respect of a Swingline Loan after receipt by such Swingline Lender of the proceeds of a sale of participations therein shall be promptly remitted to the Administrative Agent; any such amounts received by the Administrative Agent shall be promptly remitted by the Administrative Agent to the Lenders that shall have made their payments pursuant to this paragraph and to the applicable Swingline Lender, as their interests may appear. The purchase of participations in a Swingline Loan pursuant to this paragraph shall not relieve the Borrower of any default in the payment thereof.

(d) Resignation and Replacement of Swingline Lender. Any Swingline Lender may resign and be replaced at any time by written agreement among the Borrower, the Administrative Agent, the resigning Swingline Lender and a successor Swingline Lender. The Administrative Agent shall notify the Lenders of any such resignation and replacement of any Swingline Lender. In addition to the foregoing, if a Lender becomes, and during the period it remains, a Defaulting Lender, and if any Default has arisen from a failure of the Borrower to comply with Section 2.19(a), then each Swingline Lender may, upon prior written notice to the Borrower and the

Administrative Agent, resign as a Swingline Lender, effective at the close of business Atlanta, Georgia time on a date specified in such notice (which date may not be less than five Business Days after the date of such notice). On or after the effective date of any such resignation, the Borrower and the Administrative Agent may, by written agreement, appoint one or more successor Swingline Lenders. The Administrative Agent shall notify the Lenders of any such appointment of a successor Swingline Lender. Upon the effectiveness of any resignation of any Swingline Lender, the Borrower shall repay in full all outstanding Swingline Loans made by such Swingline Lender together with all accrued interest thereon. From and after the effective date of the appointment of a successor Swingline Lender, (i) such successor Swingline Lender shall have all the rights and obligations of the replaced Swingline Lender under this Agreement with respect to Swingline Loans to be made by such successor Swingline Lender thereafter and (ii) references herein to the term "Swingline Lender" and/or "Swingline Lenders" shall be deemed to refer to such successor or successors (and the other current Swingline Lenders, if applicable) or to any previous Swingline Lender, or to such successor or successors (and all current Swingline Lenders) and all previous Swingline Lenders, as the context shall require. After the replacement of the Swingline Lender hereunder, the replaced Swingline Lender shall have no obligation to make additional Swingline Loans.

SECTION 2.05. Letters of Credit.

(a) General. Subject to the terms and conditions set forth herein, in addition to the Loans provided for in Section 2.01, the Borrower may request each Issuing Bank to issue, at any time and from time to time during the Availability Period and under either the Dollar Commitments or Multicurrency Commitments, Letters of Credit denominated in Dollars or (in the case of Letters of Credit under the Multicurrency Commitments) in any Agreed Foreign Currency for its own account or the account of its designee (provided that the Obligors shall remain primarily liable to the Lenders hereunder for payment and reimbursement of all amounts payable in respect of the Letters of Credit hereunder) in such form as is acceptable to such Issuing Bank in its reasonable determination. Letters of Credit issued hereunder shall constitute utilization of the Commitments up to the aggregate amount available to be drawn thereunder. Notwithstanding anything to the contrary in this Agreement, no Issuing Bank shall be under any obligation to issue, amend, renew or extend any Letter of Credit and each Letter of Credit issued, amended, renewed or extended hereunder shall be issued, amended, renewed or extended in the sole discretion of the applicable Issuing Bank on an uncommitted basis.

(b) Notice of Issuance, Amendment, Renewal or Extension. To request the issuance of a Letter of Credit (or the amendment, renewal or extension of an outstanding Letter of Credit), the Borrower shall hand deliver or telecopy (or transmit by electronic communication, if arrangements for doing so have been approved by such Issuing Bank) to any Issuing Bank and the Administrative Agent (reasonably in advance of the requested date of issuance, amendment, renewal or extension) a notice requesting the issuance of a Letter of Credit, or identifying the Letter of Credit to be amended, renewed or extended, and specifying the date of issuance, amendment, renewal or extension (which shall be a Business Day), the date on which such Letter of Credit is to expire (which shall comply with paragraph (d) of this Section), the amount and Currency of such Letter of Credit, whether such Letter of Credit is to be issued under the Dollar Commitments or the Multicurrency Commitments, the name and address of the beneficiary thereof and such other information as shall be necessary to prepare, amend, renew or extend such Letter of Credit. If requested by the applicable Issuing Bank, the Borrower also shall submit a letter of credit application on such Issuing Bank's standard form in connection with any request for a Letter of Credit. In the event of any inconsistency between the terms and conditions of this Agreement and the terms and conditions of any form of letter of credit application or other agreement submitted by the Borrower to, or entered into by the Borrower with, any Issuing Bank relating to any Letter of Credit, the terms and conditions of this Agreement shall control.

(c) Limitations on Amounts. A Letter of Credit shall be issued, amended, renewed or extended only if (and upon issuance, amendment, renewal or extension of each Letter of Credit the Borrower shall be deemed to represent and warrant that), after giving effect to such issuance, amendment, renewal or extension (i) the aggregate LC Exposure of the applicable Issuing Bank requested to issue such Letter of Credit (determined for these purposes without giving effect to the participations therein of the Lenders pursuant to paragraph (e) of this Section) shall not exceed the amount set forth opposite the name of such Issuing Bank on Schedule 2.05 (or such greater amount as such Issuing Bank may agree in its sole discretion); (ii) the total Revolving Dollar Credit Exposures shall not exceed the aggregate Dollar Commitments; (iii) the total Revolving Multicurrency Credit Exposures shall not exceed the aggregate Multicurrency Commitments; (iv) with respect to each Issuing Bank that is

a Swingline Lender, the sum of such Swingline Lender's outstanding Multicurrency Loans, its LC Exposure, its outstanding Swingline Loans and (without duplication) its other Swingline Exposure shall not exceed its Multicurrency Commitment; and (v) the total Covered Debt Amount shall not exceed the Borrowing Base then in effect.

(d) Expiration Date. Each Letter of Credit shall expire at or prior to the close of business on the date twelve months after the date of the issuance of such Letter of Credit (or, in the case of any renewal or extension thereof, twelve months after the then-current expiration date of such Letter of Credit, so long as such renewal or extension occurs within three months of such then-current expiration date); provided that any Letter of Credit with a one-year term may provide for the renewal thereof for additional one-year periods. No Letter of Credit may be renewed following the earlier to occur of the Commitment Termination Date and the Termination Date, except to the extent that the relevant Letter of Credit is Cash Collateralized no later than five Business Days prior to the Commitment Termination Date or Termination Date, as applicable, or supported by another letter of credit, in each case pursuant to arrangements reasonably satisfactory to the applicable Issuing Bank and the Administrative Agent.

(e) Participations. By the issuance of a Letter of Credit of a Class (or an amendment to a Letter of Credit increasing the amount thereof) by an Issuing Bank, and without any further action on the part of such Issuing Bank or the Lenders, the Issuing Bank hereby grants to each Lender of such Class, and each Lender of such Class hereby acquires from such Issuing Bank, a participation in such Letter of Credit equal to such Lender's Applicable Dollar Percentage or Applicable Multicurrency Percentage, as the case may be, of the aggregate amount available to be drawn under such Letter of Credit. Each Lender acknowledges and agrees that its obligation to acquire participations pursuant to this paragraph in respect of Letters of Credit is absolute and unconditional and shall not be affected by any circumstance whatsoever, including any amendment, renewal or extension of any Letter of Credit or the occurrence and continuance of a Default or reduction or termination of the applicable Commitments; provided that no Lender shall be required to purchase a participation in a Letter of Credit pursuant to this Section 2.05(e) if (x) the conditions set forth in Section 4.02 would not be satisfied in respect of a Borrowing at the time such Letter of Credit was issued and (y) the Administrative Agent or any Lender shall have so notified such Issuing Bank in writing at least two Business Days prior to the requested date of issuance of such Letter of Credit and shall not have subsequently determined that the circumstances giving rise to such conditions not being satisfied no longer exist. Unless an Issuing Bank has received written notice from any Lender, the Administrative Agent or the Borrower, at least two Business Days prior to the requested date of issuance of the applicable Letter of Credit, that one or more applicable conditions contained in Section 4.02 shall not then be satisfied, then, subject to the terms and conditions hereof, such Issuing Bank shall be entitled to assume all such conditions are satisfied.

In consideration and in furtherance of the foregoing, each Lender of a Class hereby absolutely and unconditionally agrees to pay to the Administrative Agent, for account of each Issuing Bank, such Lender's Applicable Dollar Percentage or Applicable Multicurrency Percentage, as the case may be, of each LC Disbursement made by such Issuing Bank in respect of Letters of Credit of such Class promptly upon the request of such Issuing Bank at any time from the time of such LC Disbursement until such LC Disbursement is reimbursed by the Borrower or at any time after any reimbursement payment is required to be refunded to the Borrower for any reason. Such payment shall be made without any offset, abatement, withholding or reduction whatsoever. Each such payment shall be made in the same manner as provided in Section 2.06 with respect to Loans made by such Lender (and Section 2.06 shall apply, mutatis mutandis, to the payment obligations of the Lenders), and the Administrative Agent shall promptly pay to the applicable Issuing Bank the amounts so received by it from the Lenders. Promptly following receipt by the Administrative Agent of any payment from the Borrower pursuant to the next following paragraph, the Administrative Agent shall distribute such payment to the applicable Issuing Bank or, to the extent that the Lenders have made payments pursuant to this paragraph to reimburse such Issuing Bank, then to such Lenders and such Issuing Bank as their interests may appear. Any payment made by a Lender pursuant to this paragraph to reimburse an Issuing Bank for any LC Disbursement shall not constitute a Loan and shall not relieve the Borrower of its obligation to reimburse such LC Disbursement.

(f) Reimbursement. If an Issuing Bank shall make any LC Disbursement in respect of a Letter of Credit, the Borrower shall reimburse such Issuing Bank in respect of such LC Disbursement by paying to the Administrative Agent an amount equal to such LC Disbursement not later than 11:00 a.m., Atlanta, Georgia time, on (i) the Business Day that the Borrower receives notice of such LC Disbursement, if such notice is received

prior to 10:00 a.m., Atlanta, Georgia time, or (ii) the Business Day immediately following the day that the Borrower receives such notice, if such notice is not received prior to such time; provided that, if such LC Disbursement is not less than \$1,000,000 and is denominated in Dollars, the Borrower may, subject to the conditions to borrowing set forth herein, request in accordance with Section 2.03 or 2.04 that such payment be financed with a Syndicated ABR Borrowing or a Swingline Loan of the respective Class in an equivalent amount and, to the extent so financed, the Borrower's obligation to make such payment shall be discharged and replaced by the resulting Syndicated ABR Borrowing or Swingline Loan.

If the Borrower fails to make such payment when due, the Administrative Agent shall notify each applicable Lender of the applicable LC Disbursement, the payment then due from the Borrower in respect thereof and such Lender's Applicable Dollar Percentage or Applicable Multicurrency Percentage, as the case may be, thereof.

(g) Obligations Absolute. The Borrower's obligation to reimburse LC Disbursements as provided in paragraph (f) of this Section shall be absolute, unconditional and irrevocable, and shall be performed strictly in accordance with the terms of this Agreement under any and all circumstances whatsoever and irrespective of (i) any lack of validity or enforceability of any Letter of Credit, or any term or provision therein, (ii) any draft or other document presented under a Letter of Credit proving to be forged, fraudulent or invalid in any respect or any statement therein being untrue or inaccurate in any respect, (iii) payment by an Issuing Bank under a Letter of Credit against presentation of a draft or other document that does not comply strictly with the terms of such Letter of Credit, and (iv) any other event or circumstance whatsoever, whether or not similar to any of the foregoing, that might, but for the provisions of this Section, constitute a legal or equitable discharge of the Borrower's obligations hereunder.

Neither the Administrative Agent, the Lenders nor any Issuing Bank, nor any of their Related Parties, shall have any liability or responsibility by reason of or in connection with the issuance or transfer of any Letter of Credit by such Issuing Bank or any payment or failure to make any payment thereunder (irrespective of any of the circumstances referred to in the preceding sentence), or any error, omission, interruption, loss or delay in transmission or delivery of any draft, notice or other communication under or relating to any Letter of Credit (including any document required to make a drawing thereunder), any error in interpretation of technical terms or any consequence arising from causes beyond the control of such Issuing Bank; provided that the foregoing shall not be construed to excuse any Issuing Bank from liability to the Borrower to the extent of any direct damages (as opposed to consequential damages, claims in respect of which are hereby waived by the Borrower to the extent permitted by applicable law) suffered by the Borrower that are caused by such Issuing Bank's gross negligence or willful misconduct when determining whether drafts and other documents presented under a Letter of Credit comply with the terms thereof. The parties hereto expressly agree that:

(i) the Issuing Banks may accept documents that appear on their face to be in substantial compliance with the terms of a Letter of Credit without responsibility for further investigation, regardless of any notice or information to the contrary, and may make payment upon presentation of documents that appear on their face to be in substantial compliance with the terms of such Letter of Credit;

(ii) the Issuing Banks shall have the right, in their sole discretion, to decline to accept such documents and to make such payment if such documents are not in strict compliance with the terms of such Letter of Credit; and

(iii) this sentence shall establish the standard of care to be exercised by the Issuing Banks when determining whether drafts and other documents presented under a Letter of Credit comply with the terms thereof (and the parties hereto hereby waive, to the extent permitted by applicable law, any standard of care inconsistent with the foregoing).

(h) Disbursement Procedures. Each Issuing Bank shall, within a reasonable time following its receipt thereof, examine all documents purporting to represent a demand for payment under a Letter of Credit issued by such Issuing Bank. The applicable Issuing Bank shall promptly after such examination notify the Administrative Agent and the Borrower by telephone (confirmed by telecopy) of such demand for payment and whether such Issuing Bank has made or will make an LC Disbursement thereunder; provided that any failure to give

or delay in giving such notice shall not relieve the Borrower of its obligation to reimburse such Issuing Bank and the applicable Lenders with respect to any such LC Disbursement.

(i) Interim Interest. If any Issuing Bank shall make any LC Disbursement, then, unless the Borrower shall reimburse such LC Disbursement in full on the date such LC Disbursement is made, the unpaid amount thereof shall bear interest, for each day from and including the date such LC Disbursement is made to but excluding the date that the Borrower reimburses such LC Disbursement, at the rate per annum then applicable to Syndicated ABR Loans; provided that, if the Borrower fails to reimburse such LC Disbursement within two Business Days following the date when due pursuant to paragraph (f) of this Section, then the provisions of Section 2.12(c) shall apply. Interest accrued pursuant to this paragraph shall be for account of the applicable Issuing Bank, except that interest accrued on and after the date of payment by any Lender pursuant to paragraph (f) of this Section to reimburse such Issuing Bank shall be for account of such Lender to the extent of such payment.

(j) Resignation and/or Replacement of an Issuing Bank. An Issuing Bank may resign and be replaced at any time by written agreement among the Borrower, the Administrative Agent, the resigning Issuing Bank and the successor Issuing Bank. In addition, if any Issuing Bank, in its capacity as a Lender, assigns all of its Loans and Commitments in accordance with the terms of this Agreement, such Issuing Bank may, with the prior written consent of the Borrower (such consent not to be unreasonably withheld or delayed; provided that no consent of the Borrower shall be required if an Event of Default has occurred and is continuing), resign as an Issuing Bank hereunder upon not less than three Business Days prior written notice to the Administrative Agent and the Borrower; provided, further, in determining whether to give any such consent, the Borrower may consider, among other factors, the sufficiency of availability of Letters of Credit hereunder. The Administrative Agent shall notify the Lenders of any such resignation and replacement of an Issuing Bank. Upon the effectiveness of any resignation or replacement of an Issuing Bank, the Borrower shall pay all unpaid fees accrued for account of the resigning or replaced Issuing Bank pursuant to Section 2.11(b). From and after the effective date of the appointment of a successor Issuing Bank, (i) the successor Issuing Bank shall have all the rights and obligations of the replaced Issuing Bank under this Agreement with respect to Letters of Credit to be issued thereafter and (ii) references herein to the term "Issuing Bank" and/or "Issuing Banks" shall be deemed to refer to such successor or successors (and other current Issuing Banks, if applicable) or to any previous Issuing Bank, or to such successor or successors (and all other current Issuing Banks) and all previous Issuing Banks, as the context shall require. After the effective replacement or resignation of the Issuing Bank hereunder, the replaced or resigning Issuing Bank, as the case may be, shall remain a party hereto and shall continue to have all the rights and obligations of an Issuing Bank under this Agreement with respect to Letters of Credit issued by it prior to such resignation or replacement, but shall not be required to issue additional Letters of Credit.

(k) Cash Collateralization. If the Borrower shall be required to provide Cash Collateral for LC Exposure pursuant to Section 2.05(d), Section 2.09(a), Section 2.10(b) or (c), the last paragraph of Article VII or Section 9.16, the Borrower shall immediately deposit into a segregated collateral account or accounts (herein, collectively, the "Letter of Credit Collateral Account") in the name and under the dominion and control of the Administrative Agent Cash denominated in the Currency of the Letter of Credit under which such LC Exposure arises in an amount equal to the amount required under Section 2.05(d), Section 2.09(a), Section 2.10(b) or (c) or the last paragraph of Article VII, as applicable. Such deposit shall be held by the Administrative Agent as collateral in the first instance for the LC Exposure under this Agreement and thereafter for the payment of the "Secured Obligations" under and as defined in the Guarantee and Security Agreement, and for these purposes the Borrower hereby grants a security interest to the Administrative Agent for the benefit of the Lenders in the Letter of Credit Collateral Account and in any financial assets (as defined in the Uniform Commercial Code) or other property held therein.

(l) Additional Issuing Banks. From time to time, the Borrower may, by notice to the Administrative Agent, designate additional Lenders as an Issuing Bank, each of which agrees (in its sole discretion) to act in such capacity and is reasonably satisfactory to the Administrative Agent; provided that each such notice shall include an updated Schedule 2.05; provided, further, that the Borrower shall not update Schedule 2.05 to increase any Issuing Bank's maximum LC Exposure without such Issuing Bank's consent. Each such additional Issuing Bank shall execute a counterpart of this Agreement upon the approval of the Administrative Agent (which approval shall not be unreasonably withheld or delayed) and shall thereafter be an Issuing Bank hereunder for all purposes.

SECTION 2.06. Funding of Borrowings.

(a) Funding by Lenders. Each Lender shall make each Loan to be made by it hereunder on the proposed date thereof by wire transfer of immediately available funds by 11:00 a.m., Atlanta, Georgia time, to the account of the Administrative Agent most recently designated by it for such purpose by notice to the Lenders; provided that Swingline Loans shall be made as provided in Section 2.04. The Administrative Agent will make such Loans available to the Borrower by promptly crediting the amounts so received, in like funds, to an account of the Borrower designated by the Borrower in the applicable Borrowing Request; provided that Syndicated ABR Borrowings made to finance the reimbursement of an LC Disbursement as provided in Section 2.05(f) shall be remitted by the Administrative Agent to the applicable Issuing Bank.

(b) Presumption by the Administrative Agent. Unless the Administrative Agent shall have received notice from a Lender prior to the proposed date of any Borrowing that such Lender will not make available to the Administrative Agent such Lender's share of such Borrowing, the Administrative Agent may assume that such Lender has made such share available on such date in accordance with paragraph (a) of this Section and may, in reliance upon such assumption, make available to the Borrower a corresponding amount. In such event, if a Lender has not in fact made its share of the applicable Borrowing available to the Administrative Agent, then the applicable Lender and the Borrower severally agree to pay to the Administrative Agent forthwith on demand such corresponding amount with interest thereon, for each day from and including the date such amount is made available to the Borrower to but excluding the date of payment to the Administrative Agent, at (i) in the case of such Lender, the Federal Funds Effective Rate or (ii) in the case of the Borrower, the interest rate applicable to ABR Loans. If such Lender pays such amount to the Administrative Agent, then such amount shall constitute such Lender's Loan included in such Borrowing. Nothing in this paragraph shall relieve any Lender of its obligation to fulfill its commitments hereunder, and this paragraph shall be without prejudice to any claim the Borrower may have against a Lender that shall have failed to make such payment to the Administrative Agent.

SECTION 2.07. Interest Elections.

(a) Elections by the Borrower for Syndicated Borrowings. Subject to Section 2.03(d), the Loans constituting each Syndicated Borrowing initially shall be of the Type specified in the applicable Borrowing Request and, in the case of a Eurocurrency Borrowing, shall have the Interest Period specified in such Borrowing Request. Thereafter, the Borrower may elect to convert such Borrowing to a Borrowing of a different Type or to continue such Borrowing as a Borrowing of the same Type and, in the case of a Eurocurrency Borrowing, may elect the Interest Period therefor, all as provided in this Section; provided, however, that (i) a Syndicated Borrowing of a Class may only be continued or converted into a Syndicated Borrowing of the same Class, (ii) a Syndicated Borrowing denominated in one Currency may not be continued as, or converted to, a Syndicated Borrowing in a different Currency, (iii) no Eurocurrency Borrowing denominated in a Foreign Currency may be continued if, after giving effect thereto, the aggregate Revolving Multicurrency Credit Exposures would exceed the aggregate Multicurrency Commitments, and (iv) a Eurocurrency Borrowing denominated in a Foreign Currency may not be converted to a Borrowing of a different Type. The Borrower may elect different options with respect to different portions of the affected Borrowing, in which case each such portion shall be allocated ratably among the Lenders of the respective Class holding the Loans constituting such Borrowing, and the Loans constituting each such portion shall be considered a separate Borrowing. This Section shall not apply to Swingline Borrowings, which may not be converted or continued.

(b) Notice of Elections. To make an election pursuant to this Section, the Borrower shall notify the Administrative Agent of such election by telephone by the time that a Borrowing Request would be required under Section 2.03 if the Borrower were requesting a Syndicated Borrowing of the Type resulting from such election to be made on the effective date of such election. Each such telephonic Interest Election Request shall be irrevocable and shall be confirmed promptly (but no later than the close of business on the date of such request) by hand delivery or telecopy to the Administrative Agent of a written Interest Election Request in a form approved by the Administrative Agent and signed by the Borrower.

(c) Content of Interest Election Requests. Each telephonic and written Interest Election Request shall specify the following information in compliance with Section 2.02:

(i) the Borrowing (including the Class) to which such Interest Election Request applies and, if different options are being elected with respect to different portions thereof, the portions thereof to be allocated to each resulting Borrowing (in which case the information to be specified pursuant to clauses (iii) and (iv) of this paragraph shall be specified for each resulting Borrowing);

(ii) the effective date of the election made pursuant to such Interest Election Request, which shall be a Business Day;

(iii) whether, in the case of a Borrowing denominated in Dollars, the resulting Borrowing is to be an ABR Borrowing or a Eurocurrency Borrowing; and

(iv) if the resulting Borrowing is a Eurocurrency Borrowing, the Interest Period therefor after giving effect to such election, which shall be a period contemplated by the definition of the term "Interest Period" and permitted under Section 2.02(d).

(d) Notice by the Administrative Agent to the Lenders. Promptly following receipt of an Interest Election Request, the Administrative Agent shall advise each applicable Lender of the details thereof and of such Lender's portion of each resulting Borrowing.

(e) Failure to Elect; Events of Default. If the Borrower fails to deliver a timely and complete Interest Election Request with respect to a Eurocurrency Borrowing prior to the end of the Interest Period therefor, then, unless such Borrowing is repaid as provided herein, (i) if such Borrowing is denominated in Dollars, at the end of such Interest Period such Borrowing shall be converted to a Syndicated Eurocurrency Borrowing of the same Class having an Interest Period of one month, and (ii) if such Borrowing is denominated in a Foreign Currency, the Borrower shall be deemed to have selected an Interest Period of one month's duration. Notwithstanding any contrary provision hereof, if an Event of Default has occurred and is continuing and the Administrative Agent, at the request of the Required Lenders, so notifies the Borrower, (i) any Eurocurrency Borrowing denominated in Dollars shall, at the end of the applicable Interest Period for such Eurocurrency Borrowing, be automatically converted to an ABR Borrowing and (ii) any Eurocurrency Borrowing denominated in a Foreign Currency shall not have an Interest Period of more than one month's duration.

SECTION 2.08. Termination, Reduction or Increase of the Commitments.

(a) Scheduled Termination. Unless previously terminated, the Commitments of each Class shall terminate on the Commitment Termination Date.

(b) Voluntary Termination or Reduction. The Borrower may at any time terminate, or from time to time reduce, the Commitments of either Class; provided that (i) each reduction of the Commitments of a Class shall be in an amount that is \$10,000,000 (or, if less, the entire amount of the Commitments of such Class) or a larger multiple of \$5,000,000 in excess thereof and (ii) the Borrower shall not terminate or reduce the Commitments of either Class if, after giving effect to any concurrent prepayment of the Syndicated Loans of such Class in accordance with Section 2.10, the total Revolving Credit Exposures of such Class would exceed the total Commitments of such Class. Any such reduction of the Commitments below the principal amount of the Swingline Loans permitted under Section 2.04(a)(i) and the Letters of Credit permitted under Section 2.05(c)(i) shall result in a dollar-for-dollar reduction of such amounts as applicable.

(c) Notice of Voluntary Termination or Reduction. The Borrower shall notify the Administrative Agent of any election to terminate or reduce the Commitments under paragraph (b) of this Section at least three Business Days prior to the effective date of such termination or reduction, specifying such election and the effective date thereof. Promptly following receipt of any notice, the Administrative Agent shall advise the applicable Lenders of the contents thereof. Each notice delivered by the Borrower pursuant to this Section shall be irrevocable; provided that a notice of termination of the Commitments of a Class delivered by the Borrower may state that such notice is conditioned upon the effectiveness of other credit facilities, in which case such notice may be revoked by the Borrower (by notice to the Administrative Agent on or prior to the specified effective date) if such condition is not satisfied.

(d) Effect of Termination or Reduction. Any termination or reduction of the Commitments of a Class shall be permanent. Each reduction of the Commitments of a Class shall be made ratably among the Lenders of such Class in accordance with their respective Commitments.

(e) Increase of the Commitments.

(i) Requests for Increase by Borrower. The Borrower may, at any time, request that the Commitments hereunder of a Class be increased (each such proposed increase being a “Commitment Increase”) upon notice to the Administrative Agent (who shall promptly notify the Lenders), which notice shall specify each existing Lender (each an “Increasing Lender”) and/or each additional lender (each an “Assuming Lender”) that shall have agreed to an additional Commitment and the date on which such increase is to be effective (the “Commitment Increase Date”), which shall be a Business Day at least three Business Days (or such lesser period as the Administrative Agent may reasonably agree) after delivery of such notice and 30 days prior to the Commitment Termination Date; provided that:

(A) the minimum amount of the Commitment of any Assuming Lender, and the minimum amount of the increase of the Commitment of any Increasing Lender, as part of such Commitment Increase shall be \$10,000,000 or a larger multiple of \$5,000,000 in excess thereof (or such lesser amount as the Administrative Agent may reasonably agree); provided that this clause (A) shall not be a condition to a Commitment Increase following any Lender’s delivery of a GBSA Notice;

(B) immediately after giving effect to such Commitment Increase, the total Commitments of all of the Lenders hereunder shall not exceed \$750,000,000;

(C) each Assuming Lender shall be consented to by the Administrative Agent and each Issuing Bank (such consent not to be unreasonably withheld or delayed);

(D) no Default shall have occurred and be continuing on such Commitment Increase Date or shall result from the proposed Commitment Increase; and

(E) the representations and warranties contained in this Agreement shall be true and correct in all material respects (or, in the case of any portion of the representations and warranties already subject to a materiality qualifier, true and correct in all respects) on and as of the Commitment Increase Date as if made on and as of such date (or, if any such representation or warranty is expressly stated to have been made as of a specific date, as of such specific date).

(ii) Effectiveness of Commitment Increase by Borrower. An Assuming Lender, if any, shall become a Lender hereunder as of such Commitment Increase Date and the Commitment of the respective Class of any Increasing Lender and such Assuming Lender shall be increased as of such Commitment Increase Date; provided that:

(x) the Administrative Agent shall have received on or prior to 11:00 a.m., Atlanta, Georgia time, on such Commitment Increase Date (or on or prior to a time on an earlier date specified by the Administrative Agent) a certificate of a duly authorized officer of the Borrower stating that each of the applicable conditions to such Commitment Increase set forth in the foregoing paragraph (i) has been satisfied; and

(y) each Assuming Lender or Increasing Lender shall have delivered to the Administrative Agent, on or prior to 11:00 a.m., Atlanta, Georgia time on such Commitment Increase Date (or on or prior to a time on an earlier date specified by the Administrative Agent), an agreement, in form and substance satisfactory to the Borrower and the Administrative Agent, pursuant to which such Lender shall, effective as of such Commitment Increase Date, undertake a Commitment or an increase of Commitment in each case of the respective Class, duly executed by

such Assuming Lender or Increasing Lender, as applicable, and the Borrower and acknowledged by the Administrative Agent.

Promptly following satisfaction of such conditions, the Administrative Agent shall notify the Lenders of such Class (including any Assuming Lenders) thereof and of the occurrence of the Commitment Increase Date by facsimile transmission or electronic messaging system.

(iii) Recordation into Register. Upon its receipt of an agreement referred to in clause (ii)(y) above executed by an Assuming Lender or any Increasing Lender, together with the certificate referred to in clause (ii)(x) above, the Administrative Agent shall, if such agreement has been completed, (x) accept such agreement, (y) record the information contained therein in the Register and (z) give prompt notice thereof to the Borrower.

(iv) Adjustments of Borrowings upon Effectiveness of Increase. On the Commitment Increase Date, the Borrower shall (A) prepay the outstanding Loans (if any) of the affected Class in full, (B) simultaneously borrow new Loans of such Class hereunder in an amount equal to such prepayment; provided that with respect to subclauses (A) and (B), (x) the prepayment to, and borrowing from, any existing Lender shall be effected by book entry to the extent that any portion of the amount prepaid to such Lender will be subsequently borrowed from such Lender and (y) the existing Lenders, the Increasing Lenders and the Assuming Lenders shall make and receive payments among themselves, in a manner acceptable to the Administrative Agent, so that, after giving effect thereto, the Loans of such Class are held ratably by the Lenders of such Class in accordance with the respective Commitments of such Class of such Lenders (after giving effect to such Commitment Increase) and (C) pay to the Lenders of such Class the amounts, if any, payable under Section 2.15 as a result of any such prepayment. Concurrently therewith, the Lenders of such Class shall be deemed to have adjusted their participation interests in any outstanding Letters of Credit of such Class so that such interests are held ratably in accordance with their commitments of such Class as so increased.

SECTION 2.09. Repayment of Loans; Evidence of Debt.

(a) Repayment. The Borrower hereby unconditionally promises to pay the Loans of each Class as follows:

(i) to the Administrative Agent for account of the Lenders of such Class the outstanding principal amount of the Syndicated Loans of such Class on the Final Maturity Date; and

(ii) to the applicable Swingline Lender the then unpaid principal amount of each Swingline Loan of each Class denominated in Dollars made by such Swingline Lender, on the earlier of the Commitment Termination Date and the first date after such Swingline Loan is made that is the 15th or last day of a calendar month and is at least ten Business Days after such Swingline Loan is made; provided that on each date that a Syndicated Borrowing of such Class is made, the Borrower shall repay all Swingline Loans of such Class then outstanding.

In addition, on the Commitment Termination Date, the Borrower shall deposit Cash into the Letter of Credit Collateral Account (denominated in the Currency of the Letter of Credit under which such LC Exposure arises) in an amount equal to 100% of the undrawn face amount of all Letters of Credit outstanding on the close of business on the Commitment Termination Date, such deposit to be held by the Administrative Agent as collateral security for the LC Exposure under this Agreement in respect of the undrawn portion of such Letters of Credit.

(b) Manner of Payment. Prior to any repayment or prepayment of any Borrowings of any Class hereunder, the Borrower shall select the Borrowing or Borrowings of such Class to be paid and shall notify the Administrative Agent by telephone (confirmed by telecopy) of such selection not later than the time set forth in Section 2.10(e) prior to the scheduled date of such repayment; provided that each repayment of Borrowings of a Class shall be applied to repay any outstanding ABR Borrowings of such Class before any other Borrowings of such Class. If the Borrower fails to make a timely selection of the Borrowing or Borrowings to be repaid or prepaid, such

payments shall be applied, first, to pay any outstanding ABR Borrowings of the applicable Class and, second, to other Borrowings of such Class in the order of the remaining duration of their respective Interest Periods (the Borrowing with the shortest remaining Interest Period to be repaid first). Each payment of a Syndicated Borrowing shall be applied ratably to the Loans included in such Borrowing.

(c) Maintenance of Records by Lenders. Each Lender shall maintain in accordance with its usual practice records evidencing the indebtedness of the Borrower to such Lender resulting from each Loan made by such Lender, including the amounts and Currency of principal and interest payable and paid to such Lender from time to time hereunder.

(d) Maintenance of Records by the Administrative Agent. The Administrative Agent shall maintain records in which it shall record (i) the amount and Currency of each Loan made hereunder, the Class and Type thereof and each Interest Period therefor, (ii) the amount and Currency of any principal or interest due and payable or to become due and payable from the Borrower to each Lender of such Class hereunder and (iii) the amount and Currency of any sum received by the Administrative Agent hereunder for account of the Lenders and each Lender's share thereof.

(e) Effect of Entries. The entries made in the records maintained pursuant to paragraph (c) or (d) of this Section shall be prima facie evidence, absent obvious error, of the existence and amounts of the obligations recorded therein; provided that the failure of any Lender or the Administrative Agent to maintain such records or any error therein shall not in any manner affect the obligation of the Borrower to repay the Loans in accordance with the terms of this Agreement.

(f) Promissory Notes. Any Lender may request that Loans of any Class made by it be evidenced by a promissory note; in such event, the Borrower shall prepare, execute and deliver to such Lender a promissory note payable to such Lender (or, if requested by such Lender, to such Lender and its registered assigns) and in a form approved by the Administrative Agent. Thereafter, the Loans evidenced by such promissory note and interest thereon shall at all times (including after assignment pursuant to Section 9.04) be represented by one or more promissory notes in such form payable to the payee named therein (or, if such promissory note is a registered note, to such payee and its registered assigns).

SECTION 2.10. Prepayment of Loans.

(a) Optional Prepayments. The Borrower shall have the right at any time and from time to time to prepay any Borrowing in whole or in part, without premium or penalty except for payments under Section 2.15, subject to the requirements of this Section.

(b) Mandatory Prepayments due to Changes in Exchange Rates.

(i) Determination of Amount Outstanding. On each Quarterly Date and, in addition, promptly upon the receipt by the Administrative Agent of a Currency Valuation Notice (as defined below), the Administrative Agent shall determine the aggregate Revolving Multicurrency Credit Exposure. For the purpose of this determination, the outstanding principal amount of any Loan that is denominated in any Foreign Currency shall be deemed to be the Dollar Equivalent of the amount in the Foreign Currency of such Loan, determined as of such Quarterly Date or, in the case of a Currency Valuation Notice received by the Administrative Agent prior to 11:00 a.m., Atlanta, Georgia time, on a Business Day, on such Business Day or, in the case of a Currency Valuation Notice otherwise received, on the first Business Day after such Currency Valuation Notice is received. Upon making such determination, the Administrative Agent shall promptly notify the Multicurrency Lenders and the Borrower thereof.

(ii) Prepayment. If on the date of such determination the aggregate Revolving Multicurrency Credit Exposure minus the Multicurrency LC Exposure fully Cash Collateralized on such date exceeds 105% of the aggregate amount of the Multicurrency Commitments as then in effect, the Borrower shall prepay the Syndicated Multicurrency Loans and Swingline Multicurrency Loans (and/or provide Cash Collateral for Multicurrency LC Exposure as specified in Section 2.05(k)) within 15 Business Days in such

amounts as shall be necessary so that after giving effect thereto the aggregate Revolving Multicurrency Credit Exposure does not exceed the Multicurrency Commitments.

For purposes hereof “Currency Valuation Notice” means a notice given by the Required Multicurrency Lenders to the Administrative Agent stating that such notice is a “Currency Valuation Notice” and requesting that the Administrative Agent determine the aggregate Revolving Multicurrency Credit Exposure. The Administrative Agent shall not be required to make more than one valuation determination pursuant to Currency Valuation Notices within any rolling three month period.

Any prepayment pursuant to this paragraph shall be applied, first to Swingline Multicurrency Loans outstanding, second, to Syndicated Multicurrency Loans outstanding and third, as cover for Multicurrency LC Exposure.

(c) Mandatory Prepayments due to Borrowing Base Deficiency. In the event that at any time any Borrowing Base Deficiency shall exist, the Borrower shall, within five Business Days after delivery of the applicable Borrowing Base Certificate, prepay the Loans (or provide Cash Collateral for Letters of Credit as contemplated by Section 2.05(k)) or reduce Other Covered Indebtedness or any other Indebtedness that is included in the Covered Debt Amount at such time in such amounts as shall be necessary so that such Borrowing Base Deficiency is cured; provided that (i) the aggregate amount of such prepayment of Loans (and Cash Collateral for Letters of Credit) shall be at least equal to the Revolving Percentage times the aggregate prepayment of the Covered Debt Amount, and (ii) if, within five Business Days after delivery of a Borrowing Base Certificate demonstrating such Borrowing Base Deficiency, the Borrower shall present the Lenders with a reasonably feasible plan acceptable to the Required Lenders in their sole discretion to enable such Borrowing Base Deficiency to be cured within 30 Business Days (which 30-Business Day period shall include the five Business Days permitted for delivery of such plan), then such prepayment or reduction shall not be required to be effected immediately but may be effected in accordance with such plan (with such modifications as the Borrower may reasonably determine), so long as such Borrowing Base Deficiency is cured within such 30-Business Day period.

(d) Mandatory Prepayments During Amortization Period. During the period commencing on the date immediately following the Commitment Termination Date and ending on the Final Maturity Date:

(i) Asset Disposition. If the Borrower or any of its Subsidiaries (other than a Financing Subsidiary) Disposes of any property which results in the receipt by such Person of Net Cash Proceeds in excess of \$2,000,000 in the aggregate since the Commitment Termination Date, the Borrower shall prepay an aggregate principal amount of Loans equal to 100% of such Net Cash Proceeds no later than the fifth Business Day following the receipt of such Net Cash Proceeds (such prepayments to be applied as set forth in Section 2.09(b)); provided that if the Loans to be prepaid are Eurocurrency Loans, the Borrower may defer such prepayment until the last day of the Interest Period applicable to such Loans, so long as the Borrower deposits an amount equal to such Net Cash Proceeds, no later than the fifth Business Day following the receipt of such Net Cash Proceeds, into a segregated collateral account in the name and under the dominion and control of the Administrative Agent, pending application of such amount to the prepayment of the Loans on the last day of such Interest Period; provided, further, that the Administrative Agent may direct the application of such deposits as set forth in Section 2.09(b) at any time and if the Administrative Agent does so, no amounts will be payable by the Borrower pursuant to Section 2.15.

(ii) Equity Issuance. Upon the sale or issuance by the Borrower or any of its Subsidiaries (other than a Financing Subsidiary) of any of its Equity Interests (other than any sales or issuances of Equity Interests to the Borrower or any Subsidiary Guarantor), the Borrower shall prepay an aggregate principal amount of Loans equal to 75% of all Net Cash Proceeds received therefrom no later than the fifth Business Day following the receipt of such Net Cash Proceeds (such prepayments to be applied as set forth in Section 2.09(b)).

(iii) Indebtedness. Upon the incurrence or issuance by the Borrower or any of its Subsidiaries (other than a Financing Subsidiary) of any Indebtedness, the Borrower shall prepay an aggregate principal amount of Loans equal to 100% of all Net Cash Proceeds received therefrom no later than the fifth

Business Day following the receipt of such Net Cash Proceeds (such prepayments to be applied as set forth in Section 2.09(b)).

(iv) Extraordinary Receipt. Upon any Extraordinary Receipt (which, when taken with all other Extraordinary Receipts received after the Commitment Termination Date, exceeds \$5,000,000 in the aggregate) received by or paid to or for the account of the Borrower or any of its Subsidiaries (other than a Financing Subsidiary), and not otherwise included in clauses (i), (ii) or (iii) of this Section 2.10(d), the Borrower shall prepay an aggregate principal amount of Loans equal to 100% of all Net Cash Proceeds received therefrom no later than the fifth Business Day following the receipt of such Net Cash Proceeds (such prepayments to be applied as set forth in Section 2.09(b)).

(v) Return of Capital. If any Obligor shall receive any Return of Capital, the Borrower shall prepay an aggregate principal amount of Loans equal to 90% of such Return of Capital (excluding amounts payable by the Borrower pursuant to Section 2.15) no later than the fifth Business Day following the receipt of such Return of Capital (such prepayments to be applied as set forth in Section 2.09(b)).

Notwithstanding the foregoing, Net Cash Proceeds required to be applied to the prepayment of the Loans pursuant to this Section 2.10(d) shall (A) be applied in accordance with the Guarantee and Security Agreement and (B) exclude the amount necessary for the Borrower to make all required distributions (which shall be no less than the amount estimated in good faith by Borrower under Section 6.05(b) herein) to maintain the status of a RIC under the Code and a “business development company” under the Investment Company Act for so long as the Borrower retains such status.

(e) Notices, Etc. The Borrower shall notify the Administrative Agent (and, in the case of prepayment of a Swingline Loan made by a Swingline Lender, such Swingline Lender) by telephone (confirmed by telecopy) of any prepayment hereunder (i) in the case of prepayment of a Eurocurrency Borrowing denominated in Dollars (other than in the case of a prepayment pursuant to Section 2.10(d)), not later than 11:00 a.m., Atlanta, Georgia time, three Business Days before the date of prepayment, (ii) in the case of prepayment of a Eurocurrency Borrowing denominated in a Foreign Currency (other than in the case of a prepayment pursuant to Section 2.10(d)), not later than 11:00 a.m., London time, four Business Days before the date of prepayment, (iii) in the case of prepayment of a Syndicated ABR Borrowing (other than in the case of a prepayment pursuant to Section 2.10(d)), not later than 11:00 a.m., Atlanta, Georgia time, on the date of prepayment, (iv) in the case of prepayment of a Swingline Loan, not later than 11:00 a.m., Atlanta, Georgia time, on the date of prepayment, or (v) in the case of any prepayment pursuant to Section 2.10(d), not later than 11:00 a.m., Atlanta, Georgia time, one Business Day before the date of prepayment. Each such notice shall be irrevocable and shall specify the prepayment date, the principal amount of each Borrowing or portion thereof to be prepaid and, in the case of a mandatory prepayment, a reasonably detailed calculation of the amount of such prepayment; provided that, if (i) a notice of prepayment is given in connection with a conditional notice of termination of the Commitments of a Class as contemplated by Section 2.08, then such notice of prepayment may be revoked if such notice of termination is revoked in accordance with Section 2.08 and (ii) any notice given in connection with Section 2.10(d) may be conditioned on the consummation of the applicable transaction contemplated by such Section and the receipt by the Borrower or any such Subsidiary (other than a Financing Subsidiary) of Net Cash Proceeds. Promptly following receipt of any such notice relating to a Syndicated Borrowing, the Administrative Agent shall advise the affected Lenders of the contents thereof. Each partial prepayment of any Borrowing shall be in an amount that would be permitted in the case of a Borrowing of the same Type as provided in Section 2.02 or in the case of a Swingline Loan, as provided in Section 2.04, except as necessary to apply fully the required amount of a mandatory prepayment. Each prepayment of a Syndicated Borrowing of a Class shall be applied ratably to the Loans of such Class included in the prepaid Borrowing. Prepayments shall be accompanied by accrued interest to the extent required by Section 2.12 and shall be made in the manner specified in Section 2.09(b).

SECTION 2.11. Fees.

(a) Commitment Fee. The Borrower agrees to pay to the Administrative Agent for account of each Lender a commitment fee, which shall accrue at a rate per annum equal to 0.375% on the average daily unused amount of the Dollar Commitment and Multicurrency Commitment, as applicable, of such Lender during the period from and including the date hereof to but excluding the earlier of the date such commitment terminates and

the Commitment Termination Date. Accrued commitment fees shall be payable within one Business Day after each Quarterly Date and on the earlier of the date the Commitments of the respective Class terminate and the Commitment Termination Date, commencing on the first such date to occur after the date hereof. All commitment fees shall be computed on the basis of a year of 360 days and shall be payable for the actual number of days elapsed (including the first day but excluding the last day). For purposes of computing commitment fees, (i) the daily unused amount of the applicable Commitment shall be determined as of the end of each day and (ii) the Commitment of any Class of a Lender shall be deemed to be used to the extent of the outstanding Syndicated Loans and LC Exposure of such Class of such Lender (and the Swingline Exposure of such Class of such Lender shall be disregarded for such purpose).

(b) Letter of Credit Fees. The Borrower agrees to pay (i) to the Administrative Agent for account of each Lender a participation fee with respect to its participations in Letters of Credit of each Class, which shall accrue at a rate per annum equal to the Applicable Margin applicable to interest on Eurocurrency Loans on the average daily amount of such Lender's LC Exposure of such Class (excluding any portion thereof attributable to unreimbursed LC Disbursements) during the period from and including the Effective Date to but excluding the later of the date on which such Lender's Commitment of such Class terminates and the date on which such Lender ceases to have any LC Exposure of such Class, and (ii) to each Issuing Bank a fronting fee, which shall accrue at the rate of 0.25% per annum on the average daily amount of such Issuing Bank's LC Exposure (excluding any portion thereof attributable to unreimbursed LC Disbursements) during the period from and including the Effective Date to but excluding the later of the date of termination of the Commitments and the date on which there ceases to be any LC Exposure, as well as each Issuing Bank's standard fees with respect to the issuance, amendment, renewal or extension of any Letter of Credit or processing of drawings thereunder. Participation fees and fronting fees accrued through and including each Quarterly Date shall be payable on the third Business Day following such Quarterly Date, commencing on the first such date to occur after the Effective Date; provided that all such fees with respect to the Letters of Credit shall be payable on the Termination Date and the Borrower shall pay any such fees that have accrued and that are unpaid on the Termination Date and, in the event any Letters of Credit shall be outstanding that have expiration dates after the Termination Date, the Borrower shall prepay on the Termination Date the full amount of the participation and fronting fees that will accrue on such Letters of Credit subsequent to the Termination Date through but not including the date such outstanding Letters of Credit are scheduled to expire (and, in that connection, the Lenders agree not later than the date two Business Days after the date upon which the last such Letter of Credit shall expire or be terminated to rebate to the Borrower the excess, if any, of the aggregate participation and fronting fees that have been prepaid by the Borrower over the sum of the amount of such fees that ultimately accrue through the date of such expiration or termination and the aggregate amount of all other unpaid obligations hereunder at such time). Any other fees payable to an Issuing Bank pursuant to this paragraph shall be payable within 10 days after demand. All participation fees and fronting fees shall be computed on the basis of a year of 360 days and shall be payable for the actual number of days elapsed (including the first day but excluding the last day).

(c) Administrative Agent Fees. The Borrower agrees to pay to the Administrative Agent, for its own account, fees payable in the amounts and at the times separately agreed upon between the Borrower and the Administrative Agent.

(d) Payment of Fees. All fees payable hereunder shall be paid on the dates due, in Dollars (or, at the election of the Borrower with respect to any fees payable to an Issuing Bank on account of Letters of Credit issued by such Issuing Bank in any Foreign Currency, in such Foreign Currency) and immediately available funds, to the Administrative Agent (or to the applicable Issuing Bank, in the case of fees payable to it) for distribution, in the case of commitment fees and participation fees, to the Lenders entitled thereto. Fees paid shall not be refundable under any circumstances absent obvious error.

SECTION 2.12. Interest.

(a) ABR Loans. The Loans constituting each ABR Borrowing (including each Swingline Loan) shall bear interest at a rate per annum equal to the Alternate Base Rate plus the Applicable Margin.

(b) Eurocurrency Loans. The Loans constituting each Eurocurrency Borrowing shall bear interest at a rate per annum equal to the Adjusted LIBO Rate for the related Interest Period for such Borrowing plus the Applicable Margin.

(c) Default Interest. Notwithstanding the foregoing, if any Event of Default has occurred and is continuing and the Required Lenders have elected to increase pricing, the interest rates applicable to Loans and any fee or other amount payable by the Borrower hereunder shall bear interest, after as well as before judgment, at a rate per annum equal to (i) in the case of principal of any Loan, 2% plus the rate otherwise applicable to such Loan as provided above, (ii) in the case of any Letter of Credit, 2% plus the fee otherwise applicable to such Letter of Credit as provided in Section 2.11(b)(i), or (iii) in the case of any fee or other amount, 2% plus the rate applicable to ABR Loans as provided in paragraph (a) of this Section.

(d) Payment of Interest. Accrued interest on each Loan shall be payable in arrears on each Interest Payment Date for such Loan in the Currency in which such Loan is denominated and, in the case of Syndicated Loans, upon the Termination Date; provided that (i) interest accrued pursuant to paragraph (c) of this Section shall be payable on demand, (ii) in the event of any repayment or prepayment of any Loan (other than a prepayment of a Syndicated ABR Loan prior to the Final Maturity Date), accrued interest on the principal amount repaid or prepaid shall be payable on the date of such repayment or prepayment and (iii) in the event of any conversion of any Eurocurrency Borrowing denominated in Dollars prior to the end of the Interest Period therefor, accrued interest on such Borrowing shall be payable on the effective date of such conversion.

(e) Computation. All interest hereunder shall be computed on the basis of a year of 360 days, except that interest computed (i) by reference to the Alternate Base Rate at times when the Alternate Base Rate is based on the Prime Rate and (ii) on Multicurrency Loans denominated in Pounds Sterling or Canadian Dollars shall be computed on the basis of a year of 365 days (or 366 days in a leap year), and in each case shall be payable for the actual number of days elapsed (including the first day but excluding the last day). The applicable Alternate Base Rate or Adjusted LIBO Rate shall be determined by the Administrative Agent and such determination shall be conclusive absent manifest error.

SECTION 2.13. Alternate Rate of Interest. If prior to the commencement of the Interest Period for any Eurocurrency Borrowing of a Class (the Currency of such Borrowing herein called the “Affected Currency”):

(a) the Administrative Agent determines (which determination shall be conclusive absent manifest error) that adequate and reasonable means do not exist for ascertaining the Adjusted LIBO Rate for the Affected Currency for such Interest Period; or

(b) the Administrative Agent is advised by the Required Lenders of such Class that the Adjusted LIBO Rate for the Affected Currency for such Interest Period will not adequately and fairly reflect the cost to such Lenders of making or maintaining their respective Loans included in such Borrowing for such Interest Period;

then the Administrative Agent shall give notice thereof to the Borrower and the affected Lenders by telephone or telecopy as promptly as practicable thereafter and, until the Administrative Agent notifies the Borrower and such Lenders that the circumstances giving rise to such notice no longer exist, (i) any Interest Election Request that requests the conversion of any Syndicated Borrowing to, or the continuation of any Syndicated Borrowing as, a Eurocurrency Borrowing denominated in the Affected Currency shall be ineffective and, if the Affected Currency is Dollars, such Syndicated Borrowing (unless prepaid) shall be continued as, or converted to, a Syndicated ABR Borrowing, (ii) if the Affected Currency is Dollars and any Borrowing Request requests a Eurocurrency Borrowing denominated in Dollars, such Borrowing shall be made as a Syndicated ABR Borrowing and (iii) if the Affected Currency is a Foreign Currency, any Borrowing Request that requests a Eurocurrency Borrowing denominated in the Affected Currency shall be ineffective.

SECTION 2.14. Increased Costs.

(a) Increased Costs Generally. If any Change in Law shall:

(i) impose, modify or deem applicable any reserve, special deposit, compulsory loan, insurance charge or similar requirement against assets of, deposits with or for account of, or credit extended by, any Lender (except any such reserve requirement reflected in the Adjusted LIBO Rate) or any Issuing Bank; or

(ii) impose on any Lender or any Issuing Bank or the London interbank market any other condition, cost or expense (other than (A) Indemnified Taxes, (B) Taxes described in clauses (b) through (d) of the definition of Excluded Taxes and (C) Other Connection Taxes that are imposed on or measured by net income (however denominated) or that are franchise Taxes or branch profits Taxes) affecting this Agreement or Eurocurrency Loans made by such Lender or any Letter of Credit or participation therein;

and the result of any of the foregoing shall be to increase the cost to such Lenders of making, converting to, continuing or maintaining any Eurocurrency Loan (or of maintaining its obligation to make any such Loan) or to increase the cost to such Lender or such Issuing Bank of participating in, issuing or maintaining any Letter of Credit or to reduce the amount of any sum received or receivable by such Lender or such Issuing Bank hereunder (whether of principal, interest or otherwise), then the Borrower will pay to such Lender or such Issuing Bank, as the case may be, in Dollars, such additional amount or amounts as will compensate such Lender or such Issuing Bank, as the case may be, for such additional costs incurred or reduction suffered.

(b) Capital and Liquidity Requirements. If any Lender or any Issuing Bank determines that any Change in Law regarding capital or liquidity requirements has or would have the effect of reducing the rate of return on such Lender's or such Issuing Bank's capital or on the capital of such Lender's or such Issuing Bank's holding company, if any, as a consequence of this Agreement or the Loans made by, or participations in Swingline Loans and Letters of Credit held by, such Lender, or the Letters of Credit issued by such Issuing Bank, to a level below that which such Lender or such Issuing Bank or such Lender's or such Issuing Bank's holding company could have achieved but for such Change in Law (taking into consideration such Lender's or such Issuing Bank's policies and the policies of such Lender's or such Issuing Bank's holding company with respect to capital adequacy and liquidity requirements), by an amount deemed to be material by such Lender or such Issuing Bank, then from time to time the Borrower will pay to such Lender or such Issuing Bank, as the case may be, in Dollars, such additional amount or amounts as will compensate such Lender or such Issuing Bank or such Lender's or such Issuing Bank's holding company for any such reduction suffered.

(c) Certificates from Lenders. A certificate of a Lender or an Issuing Bank setting forth the amount or amounts, in Dollars, necessary to compensate such Lender or such Issuing Bank or its holding company, as the case may be, as specified in paragraph (a) or (b) of this Section shall be promptly delivered to the Borrower and shall be conclusive absent manifest error. The Borrower shall pay such Lender or such Issuing Bank, as the case may be, the amount shown as due on any such certificate within 10 days after receipt thereof.

(d) Delay in Requests. Failure or delay on the part of any Lender or any Issuing Bank to demand compensation pursuant to this Section shall not constitute a waiver of such Lender's or such Issuing Bank's right to demand such compensation; provided that the Borrower shall not be required to compensate a Lender or an Issuing Bank pursuant to this Section for any increased costs or reductions incurred more than six months prior to the date that such Lender or such Issuing Bank, as the case may be, notifies the Borrower of the Change in Law giving rise to such increased costs or reductions and of such Lender's or such Issuing Bank's intention to claim compensation therefor; provided, further, that, if the Change in Law giving rise to such increased costs or reductions is retroactive, then the six-month period referred to above shall be extended to include the period of retroactive effect thereof.

SECTION 2.15. Break Funding Payments. In the event of (a) the payment of any principal of any Eurocurrency Loan other than on the last day of an Interest Period therefor (including as a result of the occurrence of any Commitment Increase Date or an Event of Default), (b) the conversion of any Eurocurrency Loan other than on the last day of an Interest Period therefor,

(c) the failure to borrow, convert, continue or prepay any Syndicated Loan on the date specified in any notice delivered pursuant hereto (including, in connection with any Commitment Increase Date, and regardless of whether such notice is permitted to be revocable under Section 2.10(e) and is revoked in accordance herewith), or (d) the assignment as a result of a request by the Borrower pursuant to Section 2.18(b) of any Eurocurrency Loan other than on the last day of an Interest Period therefor, then, in any such event, the Borrower shall compensate each Lender for the loss, cost and reasonable expense attributable to such event. In the case of a Eurocurrency Loan, the loss to any Lender attributable to any such event shall be deemed to include an amount determined by such Lender to be equal to the excess, if any, of

(i) the amount of interest that such Lender would pay for a deposit equal to the principal amount of such Loan denominated in the Currency of such Loan for the period from the date of such payment, conversion, failure or assignment to the last day of the then current Interest Period for such Loan (or, in the case of a failure to borrow, convert or continue, the duration of the Interest Period that would have resulted from such borrowing, conversion or continuation) if the interest rate payable on such deposit were equal to the Adjusted LIBO Rate for such Currency for such Interest Period, over

(ii) the amount of interest that such Lender would earn on such principal amount for such period if such Lender were to invest such principal amount for such period at the interest rate that would be bid by such Lender (or an affiliate of such Lender) for deposits denominated in such Currency from other banks in the Eurocurrency market at the commencement of such period.

Payment under this Section shall be made upon request of a Lender delivered not later than five Business Days following the payment, conversion, or failure to borrow, convert, continue or prepay that gives rise to a claim under this Section accompanied by a certificate of such Lender setting forth the amount or amounts that such Lender is entitled to receive pursuant to this Section, which certificate shall be conclusive absent manifest error. The Borrower shall pay such Lender the amount shown as due on any such certificate within 10 days after receipt thereof.

SECTION 2.16. Taxes.

(a) Payments Free of Taxes. Any and all payments by or on account of any obligation of the Borrower hereunder or under any other Loan Document shall be made free and clear of and without deduction for any Taxes, except as required by applicable law; provided that if the Borrower shall be required to deduct any Taxes from such payments, then (i) if such Taxes are Indemnified Taxes, the sum payable shall be increased as necessary so that after making all required deductions (including deductions applicable to additional sums payable under this Section) the Administrative Agent, applicable Lender or applicable Issuing Bank (as the case may be) receives an amount equal to the sum it would have received had no such deductions been made, (ii) the Borrower shall make such deductions and (iii) the Borrower shall pay the full amount deducted to the relevant Governmental Authority in accordance with applicable law.

(b) Payment of Other Taxes by the Borrower. In addition, the Borrower shall pay any Other Taxes to the relevant Governmental Authority in accordance with applicable law.

(c) Indemnification by the Borrower. The Borrower shall indemnify the Administrative Agent, each Lender and each Issuing Bank for and, within 10 Business Days after written demand therefor, pay the full amount of any Indemnified Taxes or Other Taxes (including Indemnified Taxes or Other Taxes imposed or asserted on or attributable to amounts payable under this Section) paid by the Administrative Agent, such Lender or such Issuing Bank, as the case may be, and any penalties, interest and reasonable expenses arising therefrom or with respect thereto, whether or not such Indemnified Taxes or Other Taxes were correctly or legally imposed or asserted by the relevant Governmental Authority, except to the extent that any such Indemnified Taxes or Other Taxes arise as the result of the gross negligence or willful misconduct of the Administrative Agent, such Lender or such Issuing Bank. A certificate as to the amount of such payment or liability delivered to the Borrower by a Lender or an Issuing Bank, or by the Administrative Agent on its own behalf or on behalf of a Lender or an Issuing Bank, shall be conclusive absent manifest error.

(d) Indemnification by the Lenders. Each Lender shall severally indemnify the Administrative Agent, within 10 Business Days after written demand therefor, for (i) any Indemnified Taxes or Other Taxes attributable to such Lender (but only to the extent that the Borrower has not already indemnified the Administrative Agent for such Indemnified Taxes and without limiting the obligation of the Borrower to do so), (ii) any Taxes attributable to such Lender's failure to comply with the provisions of Section 9.04(f) relating to the maintenance of a Participant Register, and (iii) any Excluded Taxes attributable to such Lender, in each case, that are payable or paid by the Administrative Agent in connection with any Loan Document, and any reasonable expenses arising therefrom or with respect thereto, whether or not such Taxes were correctly or legally imposed or asserted by the relevant Governmental Authority. A certificate as to the amount of such payment or liability delivered to any Lender by the Administrative Agent shall be conclusive absent manifest error. Each Lender hereby authorizes the Administrative Agent to set off and apply any and all amounts at any time owing to such Lender under any Loan Document or otherwise payable by the Administrative Agent to the Lender from any other source against any amount due to the Administrative Agent under this paragraph (d).

(e) Evidence of Payments. As soon as practicable after any payment of Indemnified Taxes or Other Taxes by the Borrower to a Governmental Authority, the Borrower shall deliver to the Administrative Agent the original or a certified copy of a receipt issued by such Governmental Authority evidencing such payment, a copy of the return reporting such payment or other evidence of such payment reasonably satisfactory to the Administrative Agent.

(f) Tax Documentation. (i) Any Foreign Lender that is entitled to an exemption from or reduction of withholding tax under the law of the jurisdiction in which the Borrower is located, or any treaty to which such jurisdiction is a party, with respect to payments under this Agreement shall deliver to the Borrower (with a copy to the Administrative Agent), at the time or times prescribed by applicable law or reasonably requested by the Borrower, such properly completed and executed documentation prescribed by applicable law as will permit such payments to be made without withholding or at a reduced rate. In addition, any Lender, if requested by the Borrower or the Administrative Agent, shall deliver such other documentation prescribed by applicable law or reasonably requested by the Borrower or the Administrative Agent as will enable the Borrower or the Administrative Agent to determine whether or not such Lender is subject to backup withholding or information reporting requirements. Notwithstanding anything to the contrary in the preceding two sentences, the completion, execution and submission of such documentation (other than such documentation set forth in Section 2.16(f)(ii) below) shall not be required if in the Lender's reasonable judgment such completion, execution or submission would subject such Lender to any material unreimbursed cost or expense or would materially prejudice the legal or commercial position of such Lender.

(ii) Without limiting the generality of the foregoing:

(A) any Lender that is a United States Person shall deliver to the Borrower and the Administrative Agent (and such additional copies as shall be reasonably requested by the recipient) on or prior to the date on which such Lender becomes a Lender under this Agreement (and from time to time thereafter upon the reasonable request of the Borrower or the Administrative Agent), duly completed and executed copies of Internal Revenue Service Form W-9 or any successor form certifying that such Lender is exempt from U.S. federal backup withholding tax; and

(B) each Foreign Lender shall deliver to the Borrower and the Administrative Agent (in such number of copies as shall be requested by the recipient) on or prior to the date on which such Foreign Lender becomes a Lender under this Agreement (and from time to time thereafter upon the reasonable request of the Borrower or the Administrative Agent, but only if such Foreign Lender is legally entitled to do so), whichever of the following is applicable:

(w) duly completed and executed copies of Internal Revenue Service Form W-8BEN or W-8BEN-E or any successor form claiming eligibility for benefits of an income tax treaty to which the United States is a party,

- (x) duly completed copies of Internal Revenue Service Form W-8ECI or any successor form certifying that the income receivable pursuant to this Agreement is effectively connected with the conduct of a trade or business in the United States,
- (y) in the case of a Foreign Lender claiming the benefits of the exemption for portfolio interest under Section 881(c) of the Code, (1) a certificate to the effect that such Foreign Lender is not (1) a “bank” within the meaning of Section 881(c)(3)(A) of the Code, (2) a “10 percent shareholder” of the Borrower within the meaning of Section 881(c)(3)(B) of the Code, or (3) a “controlled foreign corporation” described in Section 881(c)(3)(C) of the Code and (2) duly completed and executed copies of Internal Revenue Service Form W-8BEN or W-8BEN-E (or any successor form) certifying that the Foreign Lender is not a United States Person, or
- (z) any other form including Internal Revenue Service Form W-8IMY as applicable prescribed by applicable law as a basis for claiming exemption from or a reduction in U.S. federal withholding Tax duly completed together with such supplementary documentation as may be prescribed by applicable law to permit the Borrower to determine the withholding or deduction required to be made.

(iii) In addition, each Lender shall deliver such forms promptly upon the obsolescence, expiration or invalidity of any form previously delivered by such Lender; provided it is legally able to do so at the time. Each Lender shall promptly notify the Borrower and the Administrative Agent at any time the chief tax officer of such Lender becomes aware that it no longer satisfies the legal requirements to provide any previously delivered form or certificate to the Borrower (or any other form of certification adopted by the U.S. or other taxing authorities for such purpose).

(g) Documentation Required by FATCA. If a payment made to a Lender under this Agreement would be subject to U.S. federal withholding Tax imposed by FATCA if such Lender were to fail to comply with the applicable reporting requirements of FATCA (including those contained in Section 1471(b) or 1472(b) of the Code, as applicable), such Lender shall deliver to the Borrower and the Administrative Agent, at the time or times prescribed by law and at such time or times reasonably requested by the Borrower or the Administrative Agent, such document prescribed by applicable law (including as prescribed by Section 1471(b)(3)(C)(i) of the Code) and such additional documentation reasonably requested by the Borrower or the Administrative Agent as may be necessary for the Borrower and the Administrative Agent to comply with their respective obligations under FATCA or to determine the amount to deduct and withhold from such payment. Solely for purposes of this Section 2.16(g), “FATCA” shall include any amendments made to FATCA after the date of this Agreement.

(h) Treatment of Certain Refunds. If the Administrative Agent, any Lender or an Issuing Bank determines, in its sole discretion, that it has received a refund of any Taxes or Other Taxes as to which it has been indemnified by the Borrower or with respect to which the Borrower has paid additional amounts pursuant to this Section, it shall pay to the Borrower an amount equal to such refund (but only to the extent of indemnity payments made, or additional amounts paid, by the Borrower under this Section with respect to the Taxes or Other Taxes giving rise to such refund), net of all reasonable out-of-pocket expenses of the Administrative Agent, any Lender or an Issuing Bank, as the case may be, and without interest (other than any interest paid by the relevant Governmental Authority with respect to such refund); provided that the Borrower, upon the request of the Administrative Agent, any Lender or an Issuing Bank, agrees to repay the amount paid over to the Borrower (plus any penalties, interest or other charges imposed by the relevant Governmental Authority) to the Administrative Agent, any Lender or an Issuing Bank in the event the Administrative Agent, any Lender or an Issuing Bank is required to repay such refund to such Governmental Authority. Notwithstanding anything to the contrary in this clause (h), in no event will the Administrative Agent, any Lender or an Issuing Bank be required to pay any amount to Borrower pursuant to this clause (h), the payment of which would place such Person in a less favorable net after-Tax position than such Person would have been in if the indemnification payments or additional amounts giving rise to such refund had never been paid. This subsection shall not be construed to require the Administrative Agent, any Lender or an Issuing Bank to make available its tax returns or its books or records (or any other information relating to its taxes that it deems confidential) to the Borrower or any other Person.

SECTION 2.17. Payments Generally; Pro Rata Treatment; Sharing of Set-offs.

(a) Payments by the Borrower. The Borrower shall make each payment required to be made by it hereunder (whether of principal, interest, fees or reimbursement of LC Disbursements, or under Section 2.14, 2.15 or 2.16, or otherwise) or under any other Loan Document (except to the extent otherwise provided therein) prior to 12:00 noon, Atlanta, Georgia time, on the date when due, in immediately available funds, without set-off or counterclaim. Any amounts received after such time on any date may, in the discretion of the Administrative Agent, be deemed to have been received on the next succeeding Business Day for purposes of calculating interest thereon. All such payments shall be made to the Administrative Agent at the Administrative Agent's Account, except as otherwise expressly provided in the relevant Loan Document and except payments to be made directly to any Issuing Bank or any Swingline Lender as expressly provided herein and payments pursuant to Sections 2.14, 2.15, 2.16 and 9.03, which shall be made directly to the Persons entitled thereto. The Administrative Agent shall distribute any such payments received by it for account of any other Person to the appropriate recipient promptly following receipt thereof. If any payment hereunder shall be due on a day that is not a Business Day, the date for payment shall be extended to the next succeeding Business Day and, in the case of any payment accruing interest, interest thereon shall be payable for the period of such extension.

All amounts owing under this Agreement (including commitment fees, payments required under Section 2.14, and payments required under Section 2.15 relating to any Loan denominated in Dollars, but not including principal of and interest on any Loan denominated in any Foreign Currency or payments relating to any such Loan required under Section 2.15, which are payable in such Foreign Currency) or under any other Loan Document (except to the extent otherwise provided therein) are payable in Dollars. Notwithstanding the foregoing, if the Borrower shall fail to pay any principal of any Loan when due (whether at stated maturity, by acceleration, by mandatory prepayment or otherwise), the unpaid portion of such Loan shall, if such Loan is not denominated in Dollars, automatically be redenominated in Dollars on the due date thereof (or, if such due date is a day other than the last day of the Interest Period therefor, on the last day of such Interest Period) in an amount equal to the Dollar Equivalent thereof on the date of such redenomination and such principal shall be payable on demand; and if the Borrower shall fail to pay any interest on any Loan that is not denominated in Dollars, such interest shall automatically be redenominated in Dollars on the due date thereof (or, if such due date is a day other than the last day of the Interest Period therefor, on the last day of such Interest Period) in an amount equal to the Dollar Equivalent thereof on the date of such redenomination and such interest shall be payable on demand.

Notwithstanding the foregoing provisions of this Section, if, after the making of any Borrowing in any Foreign Currency, currency control or exchange regulations are imposed in the country which issues such currency with the result that the type of currency in which the Borrowing was made (the "Original Currency") no longer exists or the Borrower is not able to make payment to the Administrative Agent for the account of the Lenders in such Original Currency, then all payments to be made by the Borrower hereunder in such currency shall instead be made when due in Dollars in an amount equal to the Dollar Equivalent (as of the date of repayment) of such payment due, it being the intention of the parties hereto that the Borrower takes all risks of the imposition of any such currency control or exchange regulations.

(b) Application of Insufficient Payments. If at any time insufficient funds are received by and available to the Administrative Agent to pay fully all amounts of principal, unreimbursed LC Disbursements, interest and fees of a Class then due hereunder, such funds shall be applied (i) first, to pay interest and fees of such Class then due hereunder, ratably among the parties entitled thereto in accordance with the amounts of interest and fees of such Class then due to such parties, and (ii) second, to pay principal and unreimbursed LC Disbursements of such Class then due hereunder, ratably among the parties entitled thereto in accordance with the amounts of principal and unreimbursed LC Disbursements of such Class then due to such parties.

(c) Pro Rata Treatment. Except to the extent otherwise provided herein: (i) each Syndicated Borrowing of a Class shall be made from the Lenders of such Class, each payment of commitment fee under Section 2.11 shall be made for account of the Lenders of the applicable Class, and each termination or reduction of the amount of the Commitments of a Class under Section 2.08 shall be applied to the respective Commitments of the Lenders of such Class, pro rata according to the amounts of their respective Commitments of such Class; (ii) each Syndicated Borrowing of a Class shall be allocated pro rata among the Lenders of such Class according to the amounts of their respective Commitments of such Class (in the case of the making of Syndicated Loans) or their

respective Loans of such Class that are to be included in such Borrowing (in the case of conversions and continuations of Loans); (iii) each payment or prepayment of principal of Syndicated Loans of a Class by the Borrower shall be made for account of the Lenders of such Class pro rata in accordance with the respective unpaid principal amounts of the Syndicated Loans of such Class held by them; and (iv) each payment of interest on Syndicated Loans of a Class by the Borrower shall be made for account of the Lenders of such Class pro rata in accordance with the amounts of interest on such Loans of such Class then due and payable to the respective Lenders.

(d) Sharing of Payments by Lenders. If any Lender of any Class shall, by exercising any right of set-off or counterclaim or otherwise, obtain payment in respect of any principal of or interest on any of its Syndicated Loans, or participations in LC Disbursements or Swingline Loans, of such Class resulting in such Lender receiving payment of a greater proportion of the aggregate amount of its Syndicated Loans, and participations in LC Disbursements and Swingline Loans, and accrued interest thereon of such Class then due than the proportion received by any other Lender of such Class, then the Lender receiving such greater proportion shall purchase (for cash at face value) participations in the Syndicated Loans, and participations in LC Disbursements and Swingline Loans, of other Lenders of such Class to the extent necessary so that the benefit of all such payments shall be shared by the Lenders of such Class ratably in accordance with the aggregate amount of principal of and accrued interest on their respective Syndicated Loans, and participations in LC Disbursements and Swingline Loans, of such Class; provided that (i) if any such participations are purchased and all or any portion of the payment giving rise thereto is recovered, such participations shall be rescinded and the purchase price restored to the extent of such recovery, without interest, and (ii) the provisions of this paragraph shall not be construed to apply to any payment made by the Borrower pursuant to and in accordance with the express terms of this Agreement or any payment obtained by a Lender as consideration for the assignment of or sale of a participation in any of its Loans or participations in LC Disbursements to any assignee or participant, other than to the Borrower or any Subsidiary or Affiliate thereof (as to which the provisions of this paragraph shall apply). The Borrower consents to the foregoing and agrees, to the extent it may effectively do so under applicable law, that any Lender acquiring a participation pursuant to the foregoing arrangements may exercise against the Borrower rights of set-off and counterclaim with respect to such participation as fully as if such Lender were a direct creditor of the Borrower in the amount of such participation.

(e) Presumptions of Payment. Unless the Administrative Agent shall have received notice from the Borrower prior to the date on which any payment is due to the Administrative Agent for account of the Lenders or the Issuing Banks hereunder that the Borrower will not make such payment, the Administrative Agent may assume that the Borrower has made such payment on such date in accordance herewith and may, in reliance upon such assumption, distribute to the Lenders or the Issuing Banks, as the case may be, the amount due. In such event, if the Borrower has not in fact made such payment, then each of the Lenders or the Issuing Banks, as the case may be, severally agrees to repay to the Administrative Agent forthwith on demand the amount so distributed to such Lender or such Issuing Bank with interest thereon, for each day from and including the date such amount is distributed to it to but excluding the date of payment to the Administrative Agent at the Federal Funds Effective Rate.

(f) Certain Deductions by the Administrative Agent. If any Lender shall fail to make any payment required to be made by it pursuant to Section 2.04(c), 2.05(e), 2.06(a) or (b), or 2.17(e), then the Administrative Agent may, in its discretion (notwithstanding any contrary provision hereof), apply any amounts thereafter received by the Administrative Agent for account of such Lender to satisfy such Lender's obligations under such Sections until all such unsatisfied obligations are fully paid.

SECTION 2.18. Mitigation Obligations; Replacement of Lenders.

(a) Designation of a Different Lending Office. If any Lender requests compensation under Section 2.14, or if the Borrower is required to pay any additional amount to any Lender or any Governmental Authority for the account of any Lender pursuant to Section 2.16, then such Lender shall use reasonable efforts to designate a different lending office for funding or booking its Loans hereunder or to assign its rights and obligations hereunder to another of its offices, branches or affiliates, if in the judgment of such Lender, such designation or assignment (i) would eliminate or reduce amounts payable pursuant to Section 2.14 or 2.16, as the case may be, in the future and (ii) would not subject such Lender to any cost or expense not required to be reimbursed by the Borrower and would not otherwise be disadvantageous to such Lender. The Borrower hereby agrees to pay all reasonable costs and expenses incurred by any Lender in connection with any such designation or assignment.

(b) Replacement of Lenders. If any Lender requests compensation under Section 2.14, or if the Borrower is required to pay any additional amount to any Lender or any Governmental Authority for account of any Lender pursuant to Section 2.16, or if any Lender becomes a Defaulting Lender or is a Non-Consenting Lender (as provided in Section 9.02(d)), then the Borrower may, at its sole expense and effort, upon notice to such Lender and the Administrative Agent, require such Lender to assign and delegate, without recourse (in accordance with and subject to the restrictions contained in Section 9.04), all its interests, rights and obligations under this Agreement to an assignee that shall assume such obligations (which assignee may be another Lender, if a Lender accepts such assignment); provided that (i) the Borrower shall have received the prior written consent of the Administrative Agent (and, if a Commitment is being assigned, each Issuing Bank and each Swingline Lender), which consent shall not unreasonably be withheld, (ii) such Lender shall have received payment of an amount equal to the outstanding principal of its Loans and participations in LC Disbursements and Swingline Loans, accrued interest thereon, accrued fees and all other amounts payable to it hereunder, from the assignee (to the extent of such outstanding principal and accrued interest and fees) or the Borrower (in the case of all other amounts) and (iii) in the case of any such assignment resulting from a claim for compensation under Section 2.14 or payments required to be made pursuant to Section 2.16, such assignment will result in a reduction in such compensation or payments. A Lender shall not be required to make any such assignment and delegation if prior thereto, as a result of a waiver by such Lender or otherwise, the circumstances entitling the Borrower to require such a assignment and delegation cease to apply.

SECTION 2.19. Defaulting Lenders.

(a) Defaulting Lender Adjustments. Notwithstanding anything to the contrary contained in this Agreement, if any Lender becomes a Defaulting Lender, then, until such time as such Lender is no longer a Defaulting Lender, to the extent permitted by applicable law:

(i) Defaulting Lender Waterfall. Any payment of principal, interest, fees or other amounts received by Administrative Agent for the account of such Defaulting Lender (whether voluntary or mandatory, at maturity, pursuant to Article VII or otherwise) or received by Administrative Agent from a Defaulting Lender pursuant to Section 9.08 shall be applied at such time or times as may be determined by Administrative Agent as follows: *first*, to the payment of any amounts owing by such Defaulting Lender to Administrative Agent hereunder; *second*, to the payment on a pro rata basis of any amounts owing by such Defaulting Lender to any Issuing Bank or any Swingline Lender hereunder; *third*, to Cash Collateralize each Issuing Bank's Fronting Exposure with respect to such Defaulting Lender in the manner described in Section 2.09(a); *fourth*, as Borrower may request (so long as no Default exists), to the funding of any Loan in respect of which such Defaulting Lender has failed to fund its portion thereof as required by this Agreement, as determined by Administrative Agent; *fifth*, if so determined by Administrative Agent and Borrower, to be held in a deposit account and released pro rata in order to (x) satisfy such Defaulting Lender's potential future funding obligations with respect to Loans under this Agreement and (y) Cash Collateralize each Issuing Bank's future Fronting Exposure with respect to such Defaulting Lender with respect to future Letters of Credit issued under this Agreement, in the manner described in Section 2.09(a); *sixth*, to the payment of any amounts owing to the Lenders, Issuing Banks or Swingline Lenders as a result of any judgment of a court of competent jurisdiction obtained by any Lender, any Issuing Bank or any Swingline Lender against such Defaulting Lender as a result of such Defaulting Lender's breach of its obligations under this Agreement; *seventh*, so long as no Default exists, to the payment of any amounts owing to Borrower as a result of any judgment of a court of competent jurisdiction obtained by Borrower against such Defaulting Lender as a result of such Defaulting Lender's breach of its obligations under this Agreement; and *eighth*, to such Defaulting Lender or as otherwise directed by a court of competent jurisdiction; provided that if (x) such payment is a payment of the principal amount of any Loans or reimbursement obligations in respect of any LC Disbursement for which such Defaulting Lender has not fully funded its appropriate share, and (y) such Loans were made or the related Letters of Credit were issued at a time when the conditions set forth in Section 4.02 were satisfied and waived, such payment shall be applied solely to pay the Loans of, and reimbursement obligations in respect of any LC Disbursement that is owed to, all Non-Defaulting Lenders on a pro rata basis prior to being applied to the payment of any Loans of, or reimbursement obligations in respect of any LC Disbursement that is owed to, such Defaulting Lender until such time as all Loans and funded and unfunded participations in Letters of Credit and Swingline Loans are held by the Lenders pro rata in accordance with the applicable Commitments without

giving effect to Section 2.19(a)(iii). Any payments, prepayments or other amounts paid or payable to a Defaulting Lender that are applied (or held) to pay amounts owed by a Defaulting Lender or to post Cash Collateral pursuant to this Section 2.19(a)(i) shall be deemed paid to and redirected by such Defaulting Lender, and each Lender irrevocably consents hereto.

(ii) Certain Fees.

(A) No Defaulting Lender shall be entitled to receive any fee pursuant to Sections 2.11(a) and (b) for any period during which that Lender is a Defaulting Lender (and Borrower shall not be required to pay any such fee that otherwise would have been required to have been paid to that Defaulting Lender); provided that such Defaulting Lender shall be entitled to receive fees pursuant to Section 2.11(b) for any period during which that Lender is a Defaulting Lender only to extent allocable to its Applicable Percentage of the stated amount of Letters of Credit for which it has provided Cash Collateral pursuant to Section 2.19(d).

(B) With respect to any Section 2.11(b) fees not required to be paid to any Defaulting Lender pursuant to clause (A) above, Borrower shall (x) pay to each Non-Defaulting Lender that portion of any such fee otherwise payable to such Defaulting Lender with respect to such Defaulting Lender's participation in Letters of Credit or Swingline Loans that has been reallocated to such Non-Defaulting Lender pursuant to clause (iii) below, (y) pay to each Issuing Bank the amount of any such fee otherwise payable to such Defaulting Lender to the extent allocable to such Issuing Bank's Fronting Exposure to such Defaulting Lender, and (z) not be required to pay the remaining amount of any such fee.

(iii) Reallocation of Participations to Reduce Fronting Exposure. All or any part of such Defaulting Lender's participation in Letters of Credit and Swingline Loans shall be reallocated (effective no later than one Business Day after the Administrative Agent has actual knowledge that such Lender has become a Defaulting Lender) among the Non-Defaulting Lenders in accordance with their respective Applicable Dollar Percentages and Applicable Multicurrency Percentages, as the case may be (in each case calculated without regard to such Defaulting Lender's Commitment), but only to the extent that (x) the conditions set forth in Section 4.02 are satisfied at the time of such reallocation (and, unless Borrower shall have otherwise notified Administrative Agent at such time, Borrower shall be deemed to have represented and warranted that such conditions are satisfied at such time), and (y) such reallocation does not cause the aggregate Revolving Credit Exposure of any Non-Defaulting Lender to exceed such Non-Defaulting Lender's Commitment. Subject to Section 9.15, no reallocation hereunder shall constitute a waiver or release of any claim of any party hereunder against a Defaulting Lender arising from that Lender having become a Defaulting Lender, including any claim of a Non-Defaulting Lender as a result of such Non-Defaulting Lender's increased exposure following such reallocation.

(iv) Cash Collateral; Repayment of Swingline Loans. If the reallocation described in clause (iii) above cannot, or can only partially, be effected, the Borrower shall not later than two Business Days after demand by the Administrative Agent (at the direction of any Issuing Bank and/or any Swingline Lender), without prejudice to any right or remedy available to it hereunder or under law, (x) first, prepay Swingline Loans in an amount equal to the Swingline Lenders' Swingline Exposure (which exposure shall be deemed equal to the applicable Defaulting Lender's Applicable Percentage of the total outstanding Swingline Exposure (other than Swingline Exposure as to which such Defaulting Lender's participation obligation has been reallocated to other Lenders or Cash Collateralized in accordance with the terms hereof)) and (y) second, Cash Collateralize each Issuing Bank's Fronting Exposure in accordance with the procedures set forth in Section 2.19(d) or (z) make other arrangements reasonably satisfactory to the Administrative Agent, the Issuing Banks and the Swingline Lenders in their sole discretion to protect them against the risk of non-payment by such Defaulting Lender.

(b) Defaulting Lender Cure. If the Borrower, the Administrative Agent, the Swingline Lenders and the Issuing Banks agree in writing that a Lender is no longer a Defaulting Lender, Administrative Agent will so notify the parties hereto, whereupon as of the effective date specified in such notice and subject to any conditions set forth therein (which may include arrangements with respect to any Cash Collateral), that such former

Defaulting Lender will, to the extent applicable, purchase at par that portion of outstanding Loans of the other Lenders or take such other actions as Administrative Agent may determine to be necessary to cause the Loans and funded and unfunded participations in Letters of Credit and Swingline Loans to be held pro rata by the Lenders in accordance with the applicable Commitments (without giving effect to Section 2.19(a)(iii)), and if Cash Collateral has been posted with respect to such Defaulting Lender, the Administrative Agent will promptly return or release such Cash Collateral to the Borrower, whereupon such Lender will cease to be a Defaulting Lender; provided that no adjustments will be made retroactively with respect to fees accrued or payments made by or on behalf of Borrower while that Lender was a Defaulting Lender; and provided, further, that except to the extent otherwise expressly agreed by the affected parties, no change hereunder from Defaulting Lender to Lender will constitute a waiver or release of any claim of any party hereunder arising from that Lender having been a Defaulting Lender.

(c) New Swingline Loans/Letters of Credit. So long as any Lender is a Defaulting Lender, (i) no Swingline Lender shall be required to fund any Swingline Loans unless it is satisfied that the participations therein will be fully allocated among Non-Defaulting Lenders in a manner consistent with clause (a)(iii) above and the Defaulting Lender shall not participate therein and (ii) no Issuing Bank shall be required to issue, extend, renew or increase any Letter of Credit unless it is satisfied that the participations in any existing Letters of Credit as well as the new, extended, renewed or increased Letter of Credit has been or will be fully allocated among the Non-Defaulting Lenders in a manner consistent with clause (a)(iii) above and such Defaulting Lender shall not participate therein except to the extent such Defaulting Lender's participation has been or will be fully Cash Collateralized in accordance with Section 2.19(d).

(d) Cash Collateral. At any time that there shall exist a Defaulting Lender, promptly following the written request of Administrative Agent or any Issuing Bank (with a copy to Administrative Agent) Borrower shall Cash Collateralize each Issuing Bank's Fronting Exposure with respect to such Defaulting Lender (determined after giving effect to Section 2.19(a)(iii) and any Cash Collateral provided by such Defaulting Lender) in an amount not less than the Minimum Collateral Amount.

(i) Grant of Security Interest. Borrower, and to the extent provided by any Defaulting Lender, such Defaulting Lender, hereby grants to (and subjects to the control of) Administrative Agent, for the benefit of the Issuing Banks, and agrees to maintain, a first priority security interest in all such Cash Collateral as security for the Defaulting Lenders' obligation to fund participations in respect of Letters of Credit, to be applied pursuant to clause (ii) below. If at any time Administrative Agent determines that Cash Collateral is subject to any right or claim of any Person other than Administrative Agent and the Issuing Banks as herein provided, or that the total amount of such Cash Collateral is less than the Minimum Collateral Amount, Borrower will, promptly upon demand by Administrative Agent, pay or provide to Administrative Agent additional Cash Collateral in an amount sufficient to eliminate such deficiency (after giving effect to any Cash Collateral provided by the Defaulting Lender). All Cash Collateral (other than credit support not constituting funds subject to deposit) shall be maintained in blocked, non-interest bearing deposit accounts at SunTrust. Borrower shall pay on demand therefor from time to time all reasonable and customary account opening, activity and other administrative fees and charges in connection with the maintenance and disbursement of Cash Collateral.

(ii) Application. Notwithstanding anything to the contrary contained in this Agreement, Cash Collateral provided under this Section 2.19 in respect of Letters of Credit shall be applied to the satisfaction of the Defaulting Lender's obligation to fund participations in respect of Letters of Credit (including, as to Cash Collateral provided by a Defaulting Lender, any interest accrued on such obligation) for which the Cash Collateral was so provided, prior to any other application of such property as may otherwise be provided for herein.

(iii) Termination of Requirement. Cash Collateral (or the appropriate portion thereof) provided to reduce Issuing Bank's Fronting Exposure shall no longer be required to be held as Cash Collateral pursuant to this Section 2.19 following (i) the elimination of the applicable Fronting Exposure (including by the termination of Defaulting Lender status of the applicable Lender) or (ii) the determination by Administrative Agent and the Issuing Banks that there exists excess Cash Collateral; provided that, subject to the other provisions of this Section 2.19, the Person providing Cash Collateral and each Issuing Bank may agree that Cash Collateral shall be held to support future anticipated Fronting Exposure;

provided, further, that to the extent that such Cash Collateral was provided by Borrower, such Cash Collateral shall remain subject to the security interest granted pursuant to the Loan Documents.

ARTICLE III

REPRESENTATIONS AND WARRANTIES

The Borrower represents and warrants to the Lenders that:

SECTION 3.01. Organization; Powers. Each of the Borrower and its Subsidiaries is duly organized, validly existing and in good standing under the laws of the jurisdiction of its organization, has all requisite power and authority to carry on its business as now conducted and, except where the failure to do so, individually or in the aggregate, could not reasonably be expected to result in a Material Adverse Effect, is qualified to do business in, and is in good standing in, every jurisdiction where such qualification is required of the Borrower or such Subsidiary, as applicable.

SECTION 3.02. Authorization; Enforceability. The Transactions are within the Borrower's corporate powers and have been duly authorized by all necessary corporate and, if required, by all necessary shareholder action. This Agreement has been duly executed and delivered by the Borrower and constitutes, and each of the other Loan Documents when executed and delivered by each Obligor party thereto will constitute, a legal, valid and binding obligation of such Obligor, enforceable in accordance with its terms, except as such enforceability may be limited by (a) bankruptcy, insolvency, reorganization, moratorium or similar laws of general applicability affecting the enforcement of creditors' rights and (b) the application of general principles of equity (regardless of whether such enforceability is considered in a proceeding in equity or at law).

SECTION 3.03. Governmental Approvals; No Conflicts. The Transactions (a) do not require any consent or approval of, registration or filing with, or any other action by, any Governmental Authority, except for (i) such as have been or will be obtained or made and are in full force and effect and (ii) filings and recordings in respect of the Liens created pursuant to this Agreement or the Security Documents, (b) will not violate any applicable law or regulation or the charter, by-laws or other organizational documents of the Borrower or any of its Subsidiaries or any order of any Governmental Authority, (c) will not violate or result in a default in any material respect under any indenture, agreement or other instrument binding upon the Borrower or any of its Subsidiaries or assets, or give rise to a right thereunder to require any payment to be made by any such Person, and (d) except for the Liens created pursuant to this Agreement or the Security Documents, will not result in the creation or imposition of any Lien on any asset of the Borrower or any of its Subsidiaries.

SECTION 3.04. Financial Condition; No Material Adverse Change.

(a) **Financial Statements**. The Borrower has heretofore delivered to the Lenders the consolidated balance sheet and statement of operations, changes in net assets and cash flows of the Borrower and its Subsidiaries as of and for the nine month period ending September 30, 2016, certified by a Financial Officer of the Borrower. Such financial statements present fairly, in all material respects, the consolidated financial position and results of operations and cash flows of the Borrower and its Subsidiaries as of such date and for such period in accordance with GAAP, subject to normal year-end audit adjustments and the absence of footnotes.

(b) **No Material Adverse Change**. Since the date of the most recent Applicable Financial Statements, there has not been any event, development or circumstance (herein, a "Material Adverse Change") that has had or could reasonably be expected to have a material adverse effect on (i) the business, Portfolio Investments and other assets, liabilities or financial condition of the Borrower and its Subsidiaries (other than any Financing Subsidiary) taken as a whole (excluding in any case a decline in the net asset value of the Borrower or a change in general market conditions or values of the Borrower's Portfolio Investments), or (ii) the validity or enforceability of any of the Loan Documents or the rights or remedies of the Administrative Agent and the Lenders thereunder.

SECTION 3.05. Litigation. There are no actions, suits, investigations or proceedings by or before any arbitrator or Governmental Authority now pending against or, to the knowledge of the Borrower, threatened against or affecting the Borrower or any of its Subsidiaries (i) as to which there is a reasonable possibility of an adverse determination and that, if adversely determined, could reasonably be expected, individually or in the aggregate, to result in a Material Adverse Effect or (ii) that involve this Agreement or the Transactions.

SECTION 3.06. Compliance with Laws and Agreements. Each of the Borrower and its Subsidiaries is in compliance with all laws, regulations and orders of any Governmental Authority applicable to it or its property and all indentures, agreements and other instruments binding upon it or its property, except where the failure to do so, individually or in the aggregate, could not reasonably be expected to result in a Material Adverse Effect. Neither the Borrower nor any of its Subsidiaries is subject to any contract or other arrangement, the performance of which by the Borrower or its Subsidiaries could reasonably be expected to result in a Material Adverse Effect.

SECTION 3.07. Taxes. Each of the Borrower and its Subsidiaries has timely filed or caused to be filed all material Tax returns and reports required to have been filed and has paid or caused to be paid all material Taxes required to have been paid by it, except (a) Taxes that are being contested in good faith by appropriate proceedings and for which such Person has set aside on its books adequate reserves or (b) to the extent that the failure to do so could not reasonably be expected to result in a Material Adverse Effect.

SECTION 3.08. ERISA. No ERISA Event has occurred or is reasonably expected to occur that, when taken together with all other such ERISA Events for which liability is reasonably expected to occur, could reasonably be expected to result in a Material Adverse Effect.

SECTION 3.09. Disclosure. As of the date hereof, the Borrower has disclosed to the Lenders all agreements, instruments and corporate or other restrictions to which it or any of its Subsidiaries is subject, and all other matters known to it, that, individually or in the aggregate, could reasonably be expected to result in a Material Adverse Effect. As of the date hereof, none of the reports, financial statements, certificates or other written information (other than projected financial information, other forward looking information relating to third parties and information of a general economic or general industry nature) furnished by or on behalf of the Borrower to the Administrative Agent in connection with the negotiation of this Agreement and the other Loan Documents or delivered hereunder or thereunder (as modified or supplemented by other information so furnished) when taken as a whole (and after giving effect to all updates, modifications and supplements) contains any material misstatement of fact or omits to state any material fact necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading; provided that with respect to projected financial information, the Borrower represents only that such information was prepared in good faith based upon assumptions believed to be reasonable at the time.

SECTION 3.10. Investment Company Act; Margin Regulations.

(a) Status as Business Development Company. The Borrower has elected to be regulated as a “business development company” within the meaning of the Investment Company Act and qualifies as a RIC.

(b) Compliance with Investment Company Act. The business and other activities of the Borrower and its Subsidiaries, including the making of the Loans hereunder, the application of the proceeds and repayment thereof by the Borrower and the consummation of the Transactions contemplated by the Loan Documents do not result in a violation or breach in any material respect of the provisions of the Investment Company Act or any rules, regulations or orders issued by the Securities and Exchange Commission thereunder, in each case that are applicable to the Borrower and its Subsidiaries.

(c) Investment Policies. The Borrower is in compliance in all respects with the Investment Policies (after giving effect to any Permitted Policy Amendments), except to the extent that the failure to so comply could not reasonably be expected to have a Material Adverse Effect.

(d) Use of Credit. Neither the Borrower nor any of its Subsidiaries is engaged principally, or as one of its important activities, in the business of extending credit for the purpose, whether immediate, incidental or ultimate, of buying or carrying Margin Stock, and no part of the proceeds of any extension of credit hereunder will be used to buy or carry any Margin Stock.

SECTION 3.11. Material Agreements and Liens.

(a) Material Agreements. Part A of Schedule 3.11 is a complete and correct list, as of the Effective Date, of each credit agreement, loan agreement, indenture, purchase agreement, guarantee, letter of credit or other arrangement providing for or otherwise relating to any Indebtedness or any extension of credit (or commitment for any extension of credit) to, or guarantee by, the Borrower or any of its Subsidiaries outstanding as of the Effective Date, and the aggregate principal or face amount outstanding or that is, or may become, outstanding under each such arrangement is correctly described in Part A of Schedule 3.11.

(b) Liens. Part B of Schedule 3.11 is a complete and correct list, as of the Effective Date, of each Lien securing Indebtedness of any Person outstanding on the Effective Date covering any property of the Borrower or any of the Subsidiary Guarantors, and the aggregate Indebtedness secured (or that may be secured) by each such Lien and the property covered by each such Lien is correctly described in Part B of Schedule 3.11.

SECTION 3.12. Subsidiaries and Investments.

(a) Subsidiaries. Set forth on Schedule 3.12(a) is a list of the Borrower's Subsidiaries as of the Effective Date.

(b) Investments. Set forth on Schedule 3.12(b) is a complete and correct list, as of the Effective Date, of all Investments (other than Investments of the types referred to in clauses (b), (c) and (d) of Section 6.04) held by the Borrower or any of the Subsidiary Guarantors in any Person on the Effective Date and, for each such Investment, (x) the identity of the Person or Persons holding such Investment and (y) the nature of such Investment. Except as disclosed in Schedule 3.12, each of the Borrower and any of the Subsidiary Guarantors owned, free and clear of all Liens (other than Liens created pursuant to this Agreement or the Security Documents and Permitted Liens), all such Investments as of such date.

SECTION 3.13. Properties.

(a) Title Generally. Each of the Borrower and the Subsidiary Guarantors has good title to, or valid leasehold interests in, all its real and personal property material to its business, except for minor defects in title that do not interfere with its ability to conduct its business as currently conducted or to utilize such properties for their intended purposes.

(b) Intellectual Property. Each of the Borrower and its Subsidiaries (other than any Financing Subsidiary) owns, or is licensed to use, all trademarks, tradenames, copyrights, patents and other intellectual property material to its business, and the use thereof by the Borrower and its Subsidiaries (other than any Financing Subsidiary) does not infringe upon the rights of any other Person, except for any such infringements that, individually or in the aggregate, could not reasonably be expected to result in a Material Adverse Effect.

SECTION 3.14. Affiliate Agreements. As of the Effective Date, the Borrower has heretofore delivered to the Administrative Agent true and complete copies of each of the Affiliate Agreements (including and schedules and exhibits thereto, and any amendments, supplements or waivers executed and delivered thereunder). As of the Effective Date, each of the Affiliate Agreements was in full force and effect.

SECTION 3.15. Sanctions.

(a) None of the Borrower or any of its Subsidiaries nor, to the knowledge of the Borrower, any of their respective directors, officers or authorized signors, (i) is a person whose property or interest in property is blocked or subject to blocking pursuant to Section 1 of Executive Order 13224 of September 23, 2001 Blocking Property and Prohibiting Transactions With Persons Who Commit, Threaten to Commit, or Support Terrorism (66 Fed. Reg. 49079 (2001)), (ii) is a person on the list of Specially Designated Nationals and Blocked Persons or subject to, or the subject or target of, the limitations or prohibitions (collectively “Sanctions”) under (A) any U.S. Department of Treasury’s Office of Foreign Assets Control or U.S. Department of State regulation or executive order or (B) any international economic sanction administered or enforced by the United Nations Security Counsel, Her Majesty’s Treasury or the European Union or (iii) is located, organized or resident in a Sanctioned Country.

(b) The Borrower has implemented and maintains in effect policies and procedures reasonably designed to ensure compliance by the Borrower, its Subsidiaries and their respective directors, officers, employees and investment advisors with Anti-Corruption Laws and applicable Sanctions in all material respects. The Borrower, its Subsidiaries and to the knowledge of the Borrower, their respective employees, officers, directors and agents (acting on their behalf), are in compliance with Anti-Corruption Laws and applicable Sanctions in all material respects.

SECTION 3.16. Patriot Act. Each of the Borrower and its Subsidiaries is in compliance, to the extent applicable, with (a) the Trading with the Enemy Act, as amended, and each of the foreign assets control regulations of the United States Treasury Department (31 CFR, Subtitle B, Chapter V, as amended) and any other enabling legislation or executive order relating thereto, and (b) the Uniting And Strengthening America By Providing Appropriate Tools Required To Intercept And Obstruct Terrorism (USA Patriot Act of 2001). No part of the proceeds of the Loans will be used, directly or, to its knowledge, indirectly, for any payments to (i) any governmental official or employee, political party, official of a political party, candidate for political office, or anyone else acting in an official capacity, in order to obtain, retain or direct business or obtain any improper advantage, all in violation by the Borrower or its Subsidiaries of the United States Foreign Corrupt Practices Act of 1977, as amended, or in material violation of regulation implementing the OECD Convention on Combating Bribery of Foreign Public Officials in International Business Transactions (collectively, the “Anti-Corruption Laws”) or (ii) any Person for the purpose of financing the activities of any Person, at the time of such financing (A) subject to, or the subject of, any Sanctions or (B) organized or resident in a Sanctioned Country, in each case as would result in a violation of Sanctions.

SECTION 3.17. Collateral Documents. The provisions of the Security Documents are effective to create in favor of the Collateral Agent a legal, valid and enforceable first priority Lien (subject to Liens permitted by Section 6.02) on all right, title and interest of the Borrower and each Subsidiary Guarantor in the Collateral described therein. Except for filings completed prior to the Effective Date and as contemplated hereby and by the Security Documents, no filing or other action will be necessary to perfect such Liens.

SECTION 3.18. EEA Financial Institutions. Neither the Borrower nor any Subsidiary is an EEA Financial Institution.

ARTICLE IV

CONDITIONS

SECTION 4.01. Effective Date. The effectiveness of this Agreement and of the obligations of the Lenders to make Loans and of the Issuing Banks to issue Letters of Credit hereunder shall not become effective until completion of each of the following conditions precedent (unless a condition shall have been waived in accordance with Section 9.02):

(a) Documents. Administrative Agent shall have received each of the following documents, each of which shall be satisfactory to the Administrative Agent (and to the extent specified below to each Lender) in form and substance:

(i) Executed Counterparts. From each party hereto either (i) a counterpart of this Agreement signed on behalf of such party or (ii) written evidence satisfactory to the Administrative Agent (which may include telecopy transmission of a signed signature page to this Agreement) that such party has signed a counterpart of this Agreement.

(ii) Opinion of Counsel to the Borrower. A favorable written opinion (addressed to the Administrative Agent and the Lenders and dated the Effective Date) of (A) Cleary Gottlieb Steen & Hamilton LLP, New York counsel for the Borrower and the Subsidiary Guarantors and (B) Miles & Stockbridge P.C., Maryland counsel for the Borrower and the Subsidiary Guarantors, in each case, in form and substance reasonably acceptable to the Administrative Agent (and the Borrower hereby instructs such counsel to deliver such opinion to the Lenders and the Administrative Agent).

(iii) Corporate Documents. Such documents and certificates as the Administrative Agent or its counsel may reasonably request relating to the organization, existence and good standing of the Borrower, the authorization of the Transactions and any other legal matters relating to the Borrower, this Agreement or the Transactions, all in form and substance satisfactory to the Administrative Agent and its counsel.

(iv) Officer's Certificate. A certificate, dated the Effective Date and signed by the President, the Chief Executive Officer, a Vice President or a Financial Officer of the Borrower, confirming compliance with the conditions set forth in the lettered clauses of the first sentence of Section 4.02.

(v) Guarantee and Security Agreement. The Guarantee and Security Agreement, duly executed and delivered by each of the parties to the Guarantee and Security Agreement.

(vi) Control Agreement. A Collateral Account Control Agreement, duly executed and delivered by the Borrower, the Administrative Agent and State Street Bank and Trust Company.

(vii) Borrowing Base Certificate. A Borrowing Base Certificate showing a calculation of the Borrowing Base as of February 1, 2017 with the Value of each Portfolio Investment determined as of December 31, 2016.

(b) Liens. The Administrative Agent shall have received results of a recent lien search in each relevant jurisdiction with respect to the Borrower and the Subsidiary Guarantors, confirming that each financing statement in respect of the Liens in favor of the Collateral Agent created pursuant to the Security Documents is otherwise prior to all other financing statements or other interests reflected therein (other than any financing statement or interest in respect of liens permitted under Section 6.02 or liens to be discharged on or prior to the Effective Date pursuant to documentation satisfactory to the Administrative Agent and revealing no liens on any of the assets of the Borrower or the Subsidiary Guarantors except for liens permitted under Section 6.02 or liens to be discharged on or prior to the Effective Date pursuant to documentation satisfactory to the Administrative Agent). All UCC financing statements and similar documents required to be filed in order to create in favor of the Administrative Agent, for the benefit of the Lenders, a first priority perfected security interest in the Collateral (to the extent that such a security interest may be perfected by a filing under the Uniform Commercial Code) shall have been properly filed in each jurisdiction required (or arrangements for such filings acceptable to the Administrative Agent shall have been made).

(c) Consents. The Borrower shall have obtained and delivered to the Administrative Agent certified copies of all consents, approvals, authorizations, registrations, or filings required to be made or obtained by the Borrower and all Subsidiary Guarantors in connection with the Transactions and any transaction being financed with the proceeds of the Loans, and such consents, approvals, authorizations, registrations, filings and orders shall be in full force and effect and all applicable waiting periods shall have expired and no investigation or inquiry by

any Governmental Authority regarding the Transactions or any transaction being financed with the proceeds of the Loans shall be ongoing.

(d) Fees and Expenses. The Borrower shall have paid in full to the Administrative Agent all fees and expenses related to the Loan Documents and the Fee Letter owing on the Effective Date.

(e) Patriot Act. The Administrative Agent and the Lenders shall have received, sufficiently in advance of the Effective Date, all documentation and other information required by bank regulatory authorities under applicable “know your customer” and anti-money laundering rules and regulations, including the USA PATRIOT Act (Title III of Pub. L. 107-56 (signed into law October 26, 2001)).

(f) Other Documents. The Administrative Agent shall have received such other documents as the Administrative Agent or any Lender may reasonably request in form and substance reasonably satisfactory to the Administrative Agent.

SECTION 4.02. Each Credit Event. The obligation of each Lender to make any Loan, and of each Issuing Bank to issue, amend, renew or extend any Letter of Credit, is additionally subject to the satisfaction of the following conditions:

(a) the representations and warranties of the Borrower set forth in this Agreement and in the other Loan Documents shall be true and correct in all material respects (or, in the case of any portion of any representations and warranties already subject to a materiality qualifier, true and correct in all respects) on and as of the date of such Loan or the date of issuance, amendment, renewal or extension of such Letter of Credit, as applicable, or, as to any such representation or warranty that refers to a specific date, as of such specific date;

(b) at the time of and immediately after giving effect to such Loan or the issuance, amendment, renewal or extension of such Letter of Credit, as applicable, no Default shall have occurred and be continuing; and

(c) either (i) the aggregate Covered Debt Amount (after giving effect to such extension of credit) shall not exceed the Borrowing Base reflected on the Borrowing Base Certificate most recently delivered to the Administrative Agent or (ii) the Borrower shall have delivered an updated Borrowing Base Certificate demonstrating that the Covered Debt Amount (after giving effect to such extension of credit) shall not exceed the Borrowing Base after giving effect to such extension of credit as well as any concurrent acquisitions of Portfolio Investments or payment of outstanding Loans or Other Covered Indebtedness or any other Indebtedness that is included in the Covered Debt Amount at such time.

Each Borrowing and each issuance, amendment, renewal or extension of a Letter of Credit shall be deemed to constitute a representation and warranty by the Borrower on the date thereof as to the matters specified in the preceding sentence.

ARTICLE V

AFFIRMATIVE COVENANTS

Until the Commitments have expired or been terminated and the principal of and interest on each Loan and all fees payable hereunder shall have been paid in full and all Letters of Credit shall have expired, been terminated, Cash Collateralized or backstopped and all LC Disbursements shall have been reimbursed, the Borrower covenants and agrees with the Lenders that:

SECTION 5.01. Financial Statements and Other Information. The Borrower will furnish to the Administrative Agent and each Lender:

(a) within 90 days after the end of each fiscal year of the Borrower, the audited consolidated balance sheet and statement of operations, changes in net assets and cash flows of the Borrower and its Subsidiaries

as of the end of and for such year, setting forth in each case in comparative form the figures for the previous fiscal year, all reported on by independent public accountants of recognized national standing to the effect that such consolidated financial statements present fairly in all material respects the financial condition and results of operations of the Borrower and its Subsidiaries on a consolidated basis in accordance with GAAP consistently applied; provided that the requirements set forth in this clause (a) may be fulfilled by providing to the Administrative Agent and the Lenders the report of the Borrower to the SEC on Form 10-K for the applicable fiscal year;

(b) within 45 days after the end of each of the first three fiscal quarters of each fiscal year of the Borrower, the consolidated balance sheet and statement of operations, changes in net assets and cash flows of the Borrower and its Subsidiaries as of the end of and for such fiscal quarter and the then elapsed portion of the fiscal year, setting forth in each case in comparative form the figures for (or, in the case of the statements of assets and liabilities, operations, changes in net assets and cash flows, as of the end of) the corresponding period or periods of the previous fiscal year, all certified by a Financial Officer of the Borrower as presenting fairly in all material respects the financial condition and results of operations of the Borrower and its Subsidiaries on a consolidated basis in accordance with GAAP consistently applied, subject to normal year-end audit adjustments and the absence of footnotes; provided that the requirements set forth in this clause (b) may be fulfilled by providing to the Lenders the report of the Borrower to the SEC on Form 10-Q for the applicable quarterly period;

(c) concurrently with any delivery of financial statements under clause (a) or (b) of this Section, a certificate of a Financial Officer of the Borrower (i) certifying that such statements are consistent with the financial statements filed by the Borrower with the Securities and Exchange Commission, (ii) certifying as to whether the Borrower has knowledge that a Default has occurred during the applicable period and, if a Default has occurred, specifying the details thereof and any action taken or proposed to be taken with respect thereto, (iii) setting forth reasonably detailed calculations demonstrating compliance with Sections 6.01, 6.02, 6.04 and 6.07 and (iv) stating whether any change in GAAP as applied by (or in the application of GAAP by) the Borrower has occurred since the Effective Date and, if any such change has occurred, specifying the effect of such change on the financial statements accompanying such certificate;

(d) as soon as available and in any event not later than 20 days after the end of each monthly accounting period (ending on the last day of each calendar month) of the Borrower and its Subsidiaries, a Borrowing Base Certificate as at the last day of such accounting period;

(e) promptly but no later than five Business Days after the Borrower shall at any time have knowledge that there is a Borrowing Base Deficiency, a Borrowing Base Certificate as at the date the Borrower has knowledge of such Borrowing Base Deficiency indicating the amount of the Borrowing Base Deficiency as at the date the Borrower obtained knowledge of such deficiency and the amount of the Borrowing Base Deficiency as of the date not earlier than one Business Day prior to the date the Borrowing Base Certificate is delivered pursuant to this paragraph;

(f) promptly upon receipt thereof copies of all significant reports submitted by the Borrower's independent public accountants in connection with each annual, interim or special audit or review of any type of the financial statements or related internal control systems of the Borrower or any of its Subsidiaries delivered by such accountants to the management or board of directors of the Borrower;

(g) promptly after the same become publicly available, copies of all periodic and other reports, proxy statements and other materials filed by the Borrower or any of the Subsidiary Guarantors with the Securities and Exchange Commission, or any Governmental Authority succeeding to any or all of the functions of said Commission, or with any national securities exchange, as the case may be; and

(h) promptly following any request therefor, such other information regarding the operations, business affairs and financial condition of the Borrower or any of its Subsidiaries, or compliance with the terms of this Agreement and the other Loan Documents, as the Administrative Agent or any Lender may reasonably request.

(i) Borrower and each Lender acknowledge that certain of the Lenders may be Public Lenders and, if documents or notices required to be delivered pursuant to this Section 5.01 or otherwise are being

distributed through IntraLinks/IntraAgency, SyndTrak or another relevant website or other information platform (the “Platform”), any document or notice that Borrower has indicated contains Non-Public Information shall not be posted by Administrative Agent on that portion of the Platform designated for such Public Lenders. Borrower agrees to clearly designate all information provided to Administrative Agent by or on behalf of Borrower or any of its Subsidiaries which is suitable to make available to Public Lenders. If Borrower has not indicated whether a document or notice delivered pursuant to this Section 5.01 contains Non-Public Information, the Administrative Agent reserves the right to post such document or notice solely on that portion of the Platform designated for Lenders who wish to receive material Non-Public Information with respect to Borrower, its Subsidiaries and their Securities (as such term is defined in Section 5.13 of this Agreement).

(j) Notwithstanding anything to the contrary herein, the requirements to deliver documents set forth in Section 5.01(a), (b) and (g) will be fulfilled by filing by the Borrower of the applicable documents for public availability on the SEC’s Electronic Data Gathering and Retrieval system; provided, that the Borrower shall notify the Administrative Agent (by telecopier or electronic mail) of the posting of any such documents.

SECTION 5.02. Notices of Material Events. The Borrower will furnish to the Administrative Agent and each Lender prompt written notice of the following:

(a) the occurrence of any Default;

(b) the filing or commencement of any action, suit or proceeding by or before any arbitrator or Governmental Authority against or affecting the Borrower or any of its Affiliates that, if adversely determined, could reasonably be expected to result in a Material Adverse Effect;

(c) the occurrence of any ERISA Event that, alone or together with any other ERISA Events that have occurred, could reasonably be expected to result in liability of the Borrower and its Subsidiaries in an aggregate amount exceeding \$25,000,000; and

(d) any other development that results in, or could reasonably be expected to result in, a Material Adverse Effect.

Each notice delivered under this Section shall be accompanied by a statement of a Financial Officer or other executive officer of the Borrower setting forth the details of the event or development requiring such notice and any action taken or proposed to be taken with respect thereto.

SECTION 5.03. Existence; Conduct of Business. The Borrower will, and will cause each of its Subsidiaries (other than Immaterial Subsidiaries) to, do or cause to be done all things necessary to preserve, renew and keep in full force and effect its legal existence and the rights, licenses, permits, privileges and franchises material to the conduct of its business; provided that the foregoing shall not prohibit any merger, consolidation, liquidation or dissolution permitted under Section 6.03.

SECTION 5.04. Payment of Obligations. The Borrower will, and will cause each of its Subsidiaries to, pay its obligations, including income tax and other material tax liabilities and material contractual obligations, that, if not paid, could reasonably be expected to result in a Material Adverse Effect before the same shall become delinquent or in default, except where (a) the validity or amount thereof is being contested in good faith by appropriate proceedings, (b) the Borrower or such Subsidiary has set aside on its books adequate reserves with respect thereto in accordance with GAAP and (c) the failure to make payment pending such contest could not reasonably be expected to result in a Material Adverse Effect.

SECTION 5.05. Maintenance of Properties; Insurance. The Borrower will, and will cause each of its Subsidiaries (other than Immaterial Subsidiaries) to, (a) keep and maintain all property material to the conduct of its business in good working order and condition, ordinary wear and tear excepted, and (b) maintain, with financially sound and reputable insurance companies,

insurance in such amounts and against such risks as are customarily maintained by companies engaged in the same or similar businesses operating in the same or similar locations.

SECTION 5.06. Books and Records; Inspection and Audit Rights. The Borrower will, and will cause each of its Subsidiaries to, keep books of record and account in accordance with GAAP. The Borrower will, and will cause each other Obligor to, permit any representatives designated by the Administrative Agent or any Lender, upon reasonable prior notice, to visit and inspect its properties during business hours, to examine and make extracts from its books and records, and to discuss its affairs, finances and condition with its officers and independent accountants, all at such reasonable times and as often as reasonably requested, in each case, to the extent such inspection or requests for such information are reasonable and such information can be provided or discussed without violation of law, rule, regulation or contract; provided that the Borrower or such Obligor shall be entitled to have its representatives and advisors present during any inspection of its books and records.

SECTION 5.07. Compliance with Laws. The Borrower will, and will cause each of its Subsidiaries to, comply with all laws, rules, regulations, including the Investment Company Act, and orders of any Governmental Authority applicable to it or its property, except where the failure to do so, individually or in the aggregate, could not reasonably be expected to result in a Material Adverse Effect. Without limiting the generality of the foregoing, the Borrower will, and will cause its Subsidiaries to, conduct its business and other activities in compliance in all material respects with the provisions of the Investment Company Act and any applicable rules, regulations or orders issued by the Securities and Exchange Commission thereunder.

SECTION 5.08. Certain Obligations Respecting Subsidiaries; Further Assurances.

(a) Subsidiary Guarantors. In the event that the Borrower or any the Subsidiary Guarantors shall form or acquire any new Subsidiary (other than a Financing Subsidiary, a Foreign Subsidiary or an Immaterial Subsidiary) the Borrower will cause such new Subsidiary to become a “Subsidiary Guarantor” (and, thereby, an “Obligor”) under the Guarantee and Security Agreement pursuant to a Guarantee Assumption Agreement and to deliver such proof of corporate or other action, incumbency of officers, opinions of counsel and other documents as is consistent with those delivered by the Borrower pursuant to Section 4.01 upon the Effective Date or as the Administrative Agent shall have requested.

(b) Ownership of Subsidiaries. The Borrower will, and will cause each of its Subsidiaries to, take such action from time to time as shall be necessary to ensure that each of its Subsidiaries is a wholly owned Subsidiary.

(c) Further Assurances. The Borrower will, and will cause each of the Subsidiary Guarantors to, take such action from time to time as shall reasonably be requested by the Administrative Agent to effectuate the purposes and objectives of this Agreement. Without limiting the generality of the foregoing, the Borrower will, and will cause each of the Subsidiary Guarantors to, take such action from time to time (including filing appropriate Uniform Commercial Code financing statements and executing and delivering such assignments, security agreements and other instruments) as shall be reasonably requested by the Administrative Agent: (i) to create, in favor of the Collateral Agent for the benefit of the Lenders (and any affiliate thereof that is a party to any Hedging Agreement entered into with the Borrower) and the holders of any Secured Longer-Term Indebtedness or Secured Shorter-Term Indebtedness, perfected security interests and Liens in the Collateral; provided that any such security interest or Lien shall be subject to the relevant requirements of the Security Documents, (ii) in the case of any Portfolio Investment consisting of a Bank Loan (as defined in Section 5.13) that does not constitute all of the credit extended to the underlying borrower under the relevant underlying loan documents and a Financing Subsidiary holds any interest in the loans or other extensions of credit under such loan documents, (x) to cause such Financing Subsidiary to be party to such underlying loan documents as a “lender” having a direct interest (or a participation not acquired from an Obligor) in such underlying loan documents and the extensions of credit thereunder and (y) to ensure that all amounts owing to such Obligor or Financing Subsidiary by the underlying borrower or other obligated party are remitted by such borrower or obligated party directly to separate accounts of such Obligor and such Financing Subsidiary, (iii) in the event that any Obligor is acting as an agent or

administrative agent under any loan documents with respect to any Bank Loan that does not constitute all of the credit extended to the underlying borrower under the relevant underlying loan documents, to ensure that all funds held by such Obligor in such capacity as agent or administrative agent is segregated from all other funds of such Obligor and clearly identified as being held in an agency capacity and (iv) to cause the closing sets and all executed amendments, consents, forbearances and other modifications and assignment agreements relating to any Portfolio Investment and any other documents relating to any Portfolio Investment requested by the Collateral Agent, in each case, to be held by the Collateral Agent or a custodian pursuant to the terms of a custodian agreement reasonably satisfactory to the Collateral Agent.

SECTION 5.09. Use of Proceeds. The Borrower will use the proceeds of the Loans only for general corporate purposes of the Borrower, including the acquisition and funding (either directly or through one or more wholly-owned Subsidiaries) of leveraged loans, mezzanine loans, high-yield securities, convertible securities, preferred stock, common stock and other Portfolio Investments; provided that neither the Administrative Agent nor any Lender shall have any responsibility as to the use of any of such proceeds. No part of the proceeds of any Loan will be used in violation of (a) applicable law or, directly or indirectly, for the purpose, whether immediate, incidental or ultimate, of buying or carrying any Margin Stock or (b) Section 3.16. Margin Stock shall be purchased by the Obligors only with the proceeds of Indebtedness not directly or indirectly secured by Margin Stock, or with the proceeds of equity capital of the Borrower.

SECTION 5.10. Status of RIC and BDC. The Borrower shall at all times, subject to applicable grace periods set forth in the Code, maintain its status as a RIC under the Code, and as a “business development company” under the Investment Company Act.

SECTION 5.11. Investment Policies. The Borrower shall at all times be in compliance in all material respects with its Investment Policies (after giving effect to any Permitted Policy Amendments).

SECTION 5.12. Portfolio Valuation and Diversification Etc.

(a) Industry Classification Groups. For purposes of this Agreement, the Borrower shall assign each Portfolio Investment to an Industry Classification Group. To the extent that any Portfolio Investment is not correlated with the risks of other Portfolio Investments in an Industry Classification Group, such Portfolio Investment may be assigned by the Borrower to an Industry Classification Group that is more closely correlated to such Portfolio Investment. In the absence of any correlation, the Borrower shall be permitted, upon prior notice to the Administrative Agent and each Lender, to create up to three additional industry classification groups for purposes of this Agreement.

(b) Portfolio Valuation Etc.

(i) Settlement Date Basis. For purposes of this Agreement, all determinations of whether an investment is to be included as a Portfolio Investment shall be determined on a settlement-date basis (meaning that any investment that has been purchased will not be treated as a Portfolio Investment until such purchase has settled, and any Portfolio Investment which has been sold will not be excluded as a Portfolio Investment until such sale has settled); provided that no such investment shall be included as a Portfolio Investment to the extent it has not been paid for in full.

(ii) Determination of Values. The Borrower will conduct reviews of the value to be assigned to each of its Portfolio Investments as follows:

(A) Quoted Investments - External Review. With respect to Portfolio Investments (including Cash Equivalents) for which market quotations are readily available (each, a “Quoted Investment”), the Borrower shall, not less frequently than once each calendar week, determine the market value of such Quoted Investments which shall, in each case, be determined in accordance with one of the following methodologies (as selected by the Borrower):

- (w) in the case of public and 144A securities, the average of the bid prices as determined by two Approved Dealers selected by the Borrower;
- (x) in the case of bank loans, the bid price as determined by one Approved Dealer selected by the Borrower;
- (y) in the case of any Quoted Investment traded on an exchange, the closing price for such Quoted Investment most recently posted on such exchange, and
- (z) in the case of any other Quoted Investment, the fair market value thereof as determined by an Approved Pricing Service; and

(B) Unquoted Investments- External Review. With respect to each Portfolio Investment for which market quotations are not readily available (each, an “Unquoted Investment”), the Borrower shall request an Approved Third-Party Appraiser to assist the Board of Directors of the Borrower in determining the fair market value of such Unquoted Investment, as at the last day of two non-consecutive fiscal quarters each calendar year in each case, and with respect to each calendar year, as selected by the Borrower in its sole discretion (with respect to such Portfolio Investment) (each, a “Testing Quarter”); provided that

- (x) the Value of any such Unquoted Investment acquired shall be deemed to be equal to the cost of such Unquoted Investment until such time as the fair market value of such Unquoted Investment is determined in accordance with the foregoing provisions of this sub-clause (B) as at the last day of the next succeeding Testing Quarter with respect to such Portfolio Investment;
 - (y) notwithstanding the foregoing, the Board of Directors of the Borrower may, without the assistance of an Approved Third-Party Appraiser, determine the fair market value of such Unquoted Investment so long as the aggregate Value thereof of all such Unquoted Investments so determined does not at any time exceed 10% of the aggregate Borrowing Base, except that the fair market value of any Unquoted Investment that has been determined without the assistance of an Approved Third-Party Appraiser as at the last day of any Testing Quarter with respect to such Unquoted Investment shall be deemed to be zero as at the last day of the immediately succeeding Testing Quarter with respect to such Unquoted Investment (but effective upon the date upon which the Borrowing Base Certificate for such last day is required to be delivered hereunder) if an Approved Third-Party Appraiser has not assisted the Board of Directors of the Borrower in determining the fair market value of such Unquoted Investments, as at such date; and
- (z) no Testing Quarter with respect to any Unquoted Investment shall end more than six months following the end of the immediately preceding Testing Quarter for such Portfolio Investment.

(C) Internal Review. The Borrower shall conduct internal reviews of all Portfolio Investments at least once each calendar week which shall take into account any events of which the Borrower has knowledge that adversely affect the value of the Portfolio Investments. If the value of any Portfolio Investment as most recently determined by the Borrower pursuant to this Section 5.12(b)(ii)(C) is lower than the value of such Portfolio Investment as most recently determined pursuant to Section 5.12(b)(ii)(A) and (B), such lower value shall be deemed to be the “Value” of such Portfolio Investment for purposes hereof; provided that the Value of any Portfolio Investment of the Borrower and its Subsidiaries shall be increased by the net unrealized gain as at the date such Value is determined of any Hedging Agreement entered into to hedge risks associated with such Portfolio Investment and reduced by the net unrealized loss as at such date of any such Hedging Agreement (such net unrealized gain or net unrealized loss, on any date, to be equal to the aggregate amount receivable or payable under the related Hedging Agreement if the same were terminated on such date).

(D) Failure to Determine Values. If the Borrower shall fail to determine the value of any Portfolio Investment as at any date pursuant to the requirements of the foregoing sub-clauses (A), (B) or (C), then the “Value” of such Portfolio Investment as at such date shall be deemed to be zero.

(E) Testing of Values.

(x) For the second calendar month immediately following the end of each fiscal quarter (the last such fiscal quarter is referred to herein as, the “Testing Period”), the Administrative Agent shall cause an Approved Third-Party Appraiser selected by the Administrative Agent to value such number of Unquoted Investments (selected by the Administrative Agent) that collectively have an aggregate Value approximately equal to the Calculation Amount. If there is a difference between the Borrower’s valuation and the Approved Third-Party Appraiser’s valuation of any Unquoted Investment, the Value of such Unquoted Investment for Borrowing Base purposes shall be established as set forth in sub-clause (F) below.

(y) For the avoidance of doubt, the valuation of any Approved Third-Party Appraiser selected by the Administrative Agent would not be as of, or delivered at, the end of any fiscal quarter. Any such valuation would be as of the end of the second month immediately following any fiscal quarter (the “Administrative Agent Appraisal Testing Period”) and would be reflected in the Borrowing Base Certificate for such month (provided that such Approved Third-Party Appraiser delivers such valuation at least seven Business Days before the 20th day after the end of the applicable monthly accounting period and, if such valuation is delivered after such time, it shall be included in the Borrowing Base Certificate for the following monthly period and applied to the then applicable balance of the related Portfolio Investment). For illustrative purposes, if the given fiscal quarter is the fourth quarter ending on December 31, 2017, then (A) the Administrative Agent would initiate the testing of Values (using the December 31, 2017 Calculation Values for purposes of determining the scope of the testing under clauses (E)(x)) during the month of February with the anticipation of receiving the valuations from the applicable Approved Third-Party Appraiser(s) on or after February 28, 2018 and (B)(xx) if such valuations were received before the seventh Business Day before March 20, 2018, such valuations would be included in the March 20, 2018 Borrowing Base Certificate covering the month of February, or (yy) if such valuations were received after such time, they would be included in the April 20, 2018 Borrowing Base Certificate for the month of March.

For the avoidance of doubt, all calculations of value pursuant to this Section 5.12(b)(ii)(E) shall be determined without application of the Advance Rates.

(F) Valuation Dispute Resolution. Notwithstanding the foregoing, the Administrative Agent shall at any time have the right to request, in its reasonable discretion, any Unquoted Investment be independently valued by an Approved Third-Party Appraiser selected by the Administrative Agent. There shall be no limit on the number of such appraisals requested by the Administrative Agent and the costs of any such valuation shall be at the expense of the Borrower. If the difference between the Borrower’s valuation pursuant to Section 5.12(b)(ii)(B) and the valuation of any Approved Third-Party Appraiser selected by the Administrative Agent pursuant to Section 5.12(b)(ii)(E) or (F) is (1) less than 5% of the value thereof, then the Borrower’s valuation shall be used, (2) between 5% and 20% of the value thereof, then the valuation of such Portfolio Investment shall be the average of the value determined by the Borrower and the value determined by the Approved Third-Party Appraiser retained by the Administrative Agent and (3) greater than 20% of the value thereof, then the Borrower and the Administrative Agent shall select an additional Approved Third-Party Appraiser and the valuation of such Portfolio Investment shall be the average of the three valuations (with the Administrative

Agent's Approved Third-Party Appraiser's valuation to be used until the third valuation is obtained).

(c) RIC Diversification Requirements. The Borrower will, and will cause its Subsidiaries (other than Financing Subsidiaries that are exempt from the Investment Company Act) at all times to, subject to applicable grace periods set forth in the Code, comply with the portfolio diversification requirements set forth in the Code applicable to RICs, to the extent applicable.

SECTION 5.13. Calculation of Borrowing Base. For purposes of this Agreement, the "Borrowing Base" shall be determined, as at any date of determination, as the sum of the Advance Rates of the Value of each Portfolio Investment (excluding any Cash Collateral held by the Administrative Agent pursuant to Section 2.05(k) or the last paragraph of Section 2.09(a)); provided that:

(a) the Advance Rate applicable to that portion of the aggregate Value of the Portfolio Investments in a consolidated group of corporations or other entities (collectively, a "Consolidated Group"), in accordance with GAAP, that exceeds 7.5% of Shareholders' Equity of the Borrower (which, for purposes of this calculation shall exclude the aggregate amount of investments in, and advances to, Financing Subsidiaries) shall be 50% of the Advance Rate otherwise applicable; provided that, with respect to the Portfolio Investments in a single Consolidated Group designated by the Borrower to the Administrative Agent such 7.5% figure shall be increased to 10%;

(b) the Advance Rate applicable to that portion of the aggregate Value of the Portfolio Investments of all issuers in a Consolidated Group exceeding 15% of Shareholders' Equity of the Borrower (which, for purposes of this calculation shall exclude the aggregate amount of investments in, and advances to, Financing Subsidiaries) shall be 0%;

(c) the Advance Rate applicable to that portion of the aggregate Value of the Portfolio Investments in any single Industry Classification Group that exceeds 20% of Shareholders' Equity of the Borrower (which for purposes of this calculation shall exclude the aggregate amount of investments in, and advances to, Financing Subsidiaries) shall be 0%; provided that, with respect to the Portfolio Investments in a single Industry Classification Group from time to time designated by the Borrower to the Administrative Agent such 20% figure shall be increased to 30% and, accordingly, only to the extent that the Value for such single Industry Classification Group exceeds 30% of the Shareholders' Equity shall the Advance Rate applicable to such excess Value be 0%;

(d) no Portfolio Investment may be included in the Borrowing Base unless the Collateral Agent maintains a first priority, perfected Lien (subject to Permitted Liens) on such Portfolio Investment and such Portfolio Investment has been Delivered (as defined in the Guarantee and Security Agreement) to the Collateral Agent, and then only for so long as such Portfolio Investment continues to be Delivered as contemplated therein;

(e) the portion of the Borrowing Base attributable to Performing Non-Cash Pay High Yield Securities, Performing Non-Cash Pay Mezzanine Investments, Equity Interests and Non-Performing Portfolio Investments shall not exceed 15%;

(f) the portion of the Borrowing Base attributable to Equity Interests shall not exceed 10% (it being understood that in no event shall Equity Interests of Financing Subsidiaries be included in the Borrowing Base);

(g) the portion of the Borrowing Base attributable to Non-Performing Portfolio Investments shall not exceed 10% and the portion of the Borrowing Base attributable to Portfolio Investments that were Non-Performing Portfolio Investments at the time such Portfolio Investments were acquired shall not exceed 5%; and

(h) the portion of the Borrowing Base attributable to Portfolio Investments invested outside the United States, Canada, the United Kingdom, Australia, Germany, France, Belgium, the Netherlands,

Luxembourg, Switzerland, Denmark, Finland, Norway and Sweden shall not exceed 5% without the consent of the Administrative Agent and BANA.

As used herein, the following terms have the following meanings:

“Preferred Stock,” as applied to the Capital Stock of any Person, means Capital Stock of such Person of any class or classes (however designated) that ranks prior, as to the payment of dividends or as to the distribution of assets upon any voluntary or involuntary liquidation, dissolution or winding up of such Person, to any shares (or other interests) of other Capital Stock of such Person, and shall include, without limitation, cumulative preferred, non-cumulative preferred, participating preferred and convertible preferred Capital Stock.

“Second Lien Bank Loan” means a Bank Loan that is entitled to the benefit of a second lien and second priority perfected security interest (subject to customary encumbrances) on specified assets of the respective Borrower and guarantors obligated in respect thereof.

“Securities” means common and preferred stock, units and participations, member interests in limited liability companies, partnership interests in partnerships, notes, bonds, debentures, trust receipts and other obligations, instruments or evidences of indebtedness, including debt instruments of public and private issuers and tax-exempt securities (including warrants, rights, put and call options and other options relating thereto, representing rights, or any combination thereof) and other property or interests commonly regarded as securities or any form of interest or participation therein, but not including Bank Loans.

“Securities Act” means the United States Securities Act of 1933, as amended.

“Short-Term U.S. Government Securities” means U.S. Government Securities maturing within one year of the applicable date of determination.

“Structured Finance Obligation” means any obligation issued by a special purpose vehicle and secured directly by, referenced to, or representing ownership of, a pool of receivables or other financial assets of any obligor, including collateralized debt obligations and mortgaged-backed securities. For the avoidance of doubt, if an obligation satisfies the definition of “Structured Finance Obligation”, such obligation shall not (a) qualify as any other category of Portfolio Investment and (b) be included in the Borrowing Base.

“U.S. Government Securities” has the meaning assigned to such term in Section 1.01.

“Unitranche Loan” means a Bank Loan that is a First Lien Bank Loan, a portion of which is, in effect, subject to superpriority rights of other lenders following an event of default (such portion, a “second out” portion). The Borrower’s investment in the second out portion shall be treated as a Unitranche Loan for purposes of determining the applicable Advance Rate for such Portfolio Investment under the Facility.

“Value” means, with respect to any Portfolio Investment, the lower of:

- (i) the most recent internal market value as determined pursuant to Section 5.12(b)(ii)(C) and
- (ii) the most recent external market value as determined pursuant to Section 5.12(b)(ii)(A) and (B).

ARTICLE VI

NEGATIVE COVENANTS

Until the Commitments have expired or terminated and the principal of and interest on each Loan and all fees payable hereunder have been paid in full and all Letters of Credit have expired, been terminated, Cash Collateralized or backstopped and all LC Disbursements shall have been reimbursed, the Borrower covenants and agrees with the Lenders that:

SECTION 6.01. Indebtedness. Subject to the last sentence of this Section 6.01, the Borrower will not, nor will it permit any of the Subsidiary Guarantors to, create, incur, assume or permit to exist any Indebtedness, except:

(a) Indebtedness created hereunder;

(b) Secured Longer-Term Indebtedness and Unsecured Longer-Term Indebtedness so long as (i) no Default exists at the time of the incurrence thereof, (ii) the aggregate amount of such Secured Longer-Term Indebtedness and Unsecured Longer-Term Indebtedness, taken together with other then-outstanding Indebtedness, does not exceed the amount required to comply with the provisions of Section 6.07(b), and (iii) prior to and immediately after giving effect to the incurrence of any Secured Longer-Term Indebtedness or Unsecured Longer-Term Indebtedness, the Covered Debt Amount does not or would not exceed the Borrowing Base then in effect;

(c) Other Permitted Indebtedness;

(d) Guarantees of Indebtedness otherwise permitted hereunder;

(e) Indebtedness of any Obligor owing to any other Obligor or, if such Indebtedness is subject to subordination terms and conditions that are satisfactory to the Administrative Agent, any other Subsidiary of the Borrower;

(f) Indebtedness of Financing Subsidiaries;

(g) repurchase obligations arising in the ordinary course of business with respect to U.S. Government Securities;

(h) obligations payable to clearing agencies, brokers or dealers in connection with the purchase or sale of securities in the ordinary course of business;

(i) Secured Shorter-Term Indebtedness so long as (i) no Default exists at the time of the incurrence thereof, (ii) the aggregate amount (determined at the time of the incurrence of such Indebtedness) of such Indebtedness does not exceed the greater of (A) \$20,000,000 and (B) 5% of Shareholders' Equity, (iii) the aggregate amount of such Indebtedness, taken together with other then-outstanding Indebtedness, does not exceed the amount required to comply with the provisions of Section 6.07(b), and (iv) prior to and immediately after giving effect to the incurrence of any such Indebtedness, the Covered Debt Amount does not or would not exceed the Borrowing Base then in effect;

(j) obligations (including Guarantees) in respect of Standard Securitization Undertakings;

(k) Permitted SBIC Guarantees;

(l) Indebtedness under any Capital Call Facility not to exceed \$1,500,000,000 in the aggregate; and

(m) Unsecured Shorter-Term Indebtedness (other than Special Unsecured Indebtedness that would otherwise constitute Unsecured Shorter-Term Indebtedness) so long as (i) no Default exists at the time of the incurrence thereof, (ii) the aggregate amount (determined at the time of the incurrence of such Indebtedness) of such Indebtedness does not exceed \$150,000,000, (iii) the aggregate amount (determined at the time of the incurrence of such Indebtedness) of such Indebtedness, taken together with then-outstanding Special Unsecured Indebtedness incurred pursuant to Section 6.01(n), does not exceed \$500,000,000, (iv) the aggregate amount of such Indebtedness, taken together with other then-outstanding Indebtedness, does not exceed the amount required to comply with the provisions of Section 6.07(b), and (v) prior to and immediately after giving effect to the incurrence of any such Indebtedness, the Covered Debt Amount does not or would not exceed the Borrowing Base then in effect;

(n) Special Unsecured Indebtedness so long as (i) no Default exists at the time of the incurrence thereof, (ii) the aggregate amount (determined at the time of the incurrence of such Indebtedness) of such Indebtedness does not exceed \$400,000,000, (iii) the aggregate amount (determined at the time of the incurrence of such Indebtedness) of such Indebtedness, taken together with then-outstanding Unsecured Shorter-Term Indebtedness incurred pursuant to Section 6.01(m), does not exceed \$500,000,000, (iv) the aggregate amount of such Indebtedness, taken together with other then-outstanding Indebtedness, does not exceed the amount required to comply with the provisions of Section 6.07(b), and (v) prior to and immediately after giving effect to the incurrence of any such Indebtedness, the Covered Debt Amount does not or would not exceed the Borrowing Base then in effect; and

(o) other Indebtedness not to exceed the greater of (i) \$25,000,000 and (ii) 5% of Shareholders' Equity at any time outstanding.

SECTION 6.02. Liens. The Borrower will not, nor will it permit any of the Subsidiary Guarantors to, create, incur, assume or permit to exist any Lien on any property or asset now owned or hereafter acquired by it, or assign or sell any income or revenues (including accounts receivable) or rights in respect of any thereof except:

(a) any Lien on any property or asset of the Borrower existing on the Effective Date and set forth in Part B of Schedule 3.11; provided that (i) no such Lien shall extend to any other property or asset of the Borrower or any of the Subsidiary Guarantors, and (ii) any such Lien shall secure only those obligations which it secures on the Effective Date and extensions, renewals and replacements thereof that do not increase the outstanding principal amount thereof;

(b) Liens created pursuant to this Agreement (including Section 2.19) or any of the Security Documents (including Liens in favor of the Designated Indebtedness Holders (as defined in the Guarantee and Security Agreement));

(c) Liens on the assets of a Financing Subsidiary securing obligations of such Financing Subsidiary;

(d) Liens on Special Equity Interests included in the Portfolio Investments of the Borrower but only to the extent securing obligations in the manner provided in the definition of "Special Equity Interests" in Section 1.01;

(e) Liens securing Indebtedness or other obligations in an aggregate principal amount not exceeding the greater of (i) \$25,000,000 and (ii) 5% of Shareholders' Equity at any one time outstanding (which may cover Portfolio Investments, but only to the extent released from the Lien in favor of the Collateral Agent pursuant to Section 10.03 of the Guarantee and Security Agreement), so long as at the time of incurrence of such Indebtedness or other obligations, the aggregate amount of Indebtedness permitted under clauses (a), (b), (i), (m) and (n) of Section 6.01, does not exceed the lesser of (i) the Borrowing Base and (ii) the amount required to comply with the provisions of Section 6.07(b);

(f) Permitted Liens;

(g) Liens on Equity Interests in any SBIC Subsidiary created in favor of the SBA;

(h) Liens created pursuant to any Capital Call Facility permitted hereunder; provided that such Liens do not constitute Liens on any Portfolio Investments, Cash or other property, in each case, that constitutes Collateral hereunder or are included in the Borrowing Base hereunder;

(i) (x) Liens securing Hedging Agreements permitted under Section 6.04(c) and not otherwise permitted under clause (b) above in an aggregate amount not to exceed \$15,000,000 at any time and (y) Liens incurred in connection with any Hedging Agreement either entered into with a Lender (or an Affiliate of a Lender) on an uncleared basis or cleared through a Lender (or Affiliate of a Lender) as futures commission merchant

in the ordinary course of business and not for speculative purposes (it being understood that such Lien shall continue to be permitted pursuant to this sub-clause (y) even if such Lender has assigned all of its Loans and other interests in the Credit Agreement and thus has ceased to be a Lender hereunder); provided that in no event shall any Obligor be permitted to create, incur or assume any Lien pursuant to this clause (i) or increase the aggregate amount of collateral securing any Liens previously permitted under this clause (i) unless both before and after giving effect to the creation, incurrence or assumption of such Lien or such increase in the aggregate amount of collateral securing such Lien the Cov ered Debt Amount does not exceed the Borrowing Base (after giving effect to the exclusion of all such collateral from the Borrowing Base); and

(j) Liens securing repurchase obligations arising in the ordinary course of business with respect to U.S. Government Securities.

SECTION 6.03. Fundamental Changes. The Borrower will not, nor will it permit any of the Subsidiary Guarantors to, enter into any transaction of merger or consolidation or amalgamation, or liquidate, wind up or dissolve itself (or suffer any liquidation or dissolution). The Borrower will not, nor will it permit any of the Subsidiary Guarantors to, acquire any business or property from, or capital stock of, or be a party to any acquisition of, any Person, except for purchases or acquisitions of Portfolio Investments and other assets in the normal course of the day-to-day business activities of the Borrower and its Subsidiaries and not in violation of the terms and conditions of this Agreement or any other Loan Document. The Borrower will not, nor will it permit any of the Subsidiary Guarantors to, convey, sell, lease, transfer or otherwise dispose of, in one transaction or a series of transactions, any part of its assets, whether now owned or hereafter acquired, but excluding (x) assets (other than Portfolio Investments) sold or disposed of in the ordinary course of business (including to make expenditures of cash in the normal course of the day-to-day business activities of the Borrower and its Subsidiaries) and (y) subject to the provisions of clauses (d) and (e) below, Portfolio Investments.

Notwithstanding the foregoing provisions of this Section:

(a) any Subsidiary Guarantor of the Borrower may be merged or consolidated with or into the Borrower or any other Subsidiary Guarantor; provided that if any such transaction shall be between a Subsidiary Guarantor and a wholly owned Subsidiary Guarantor, the wholly owned Subsidiary Guarantor shall be the continuing or surviving corporation;

(b) any Subsidiary Guarantor of the Borrower may sell, lease, transfer or otherwise dispose of any or all of its assets (upon voluntary liquidation or otherwise) to the Borrower or any wholly owned Subsidiary Guarantor of the Borrower;

(c) the capital stock of any Subsidiary of the Borrower may be sold, transferred or otherwise disposed of to the Borrower or any wholly owned Subsidiary Guarantor of the Borrower;

(d) the Obligors may sell, transfer or otherwise dispose of Portfolio Investments (other than to a Financing Subsidiary) so long as after giving effect to such sale, transfer or other disposition (and any concurrent acquisitions of Portfolio Investments or payment of outstanding Loans or Other Covered Indebtedness or any other Indebtedness that is included in the Covered Debt Amount at such time) the Covered Debt Amount does not exceed the Borrowing Base;

(e) the Obligors may sell, transfer or otherwise dispose of Portfolio Investments to a Financing Subsidiary so long as (i) after giving effect to such sale, transfer or other disposition (and any concurrent acquisitions of Portfolio Investments or payment of outstanding Loans or Other Covered Indebtedness or any other Indebtedness that is included in the Covered Debt Amount at such time) the Covered Debt Amount does not exceed the Borrowing Base and the Borrower delivers to the Administrative Agent a certificate of a Financial Officer to such effect and (ii) either (x) the amount by which the Borrowing Base exceeds the Covered Debt Amount immediately prior to such release is not diminished as a result of such release or (y) the Borrowing Base immediately after giving effect to such release is at least 110% of the Covered Debt Amount;

(f) the Borrower may merge or consolidate with, or acquire all or substantially all of the assets of, any other Person so long as (i) the Borrower is the continuing or surviving entity in such transaction and (ii) at the time thereof and after giving effect thereto, no Default shall have occurred or be continuing; provided that, in no event shall the Borrower enter in any transaction of merger or consolidation or amalgamation, or effect any internal reorganization, if the surviving entity would be organized under any jurisdiction other than a jurisdiction of the United States; and

(g) the Borrower and each of the Subsidiary Guarantors may sell, lease, transfer or otherwise dispose of equipment or other property or assets that do not consist of Portfolio Investments so long as the aggregate amount of all such sales, leases, transfer and dispositions does not exceed \$5,000,000 in any fiscal year.

SECTION 6.04. Investments. The Borrower will not, nor will it permit any of the Subsidiary Guarantors to, acquire, make or enter into, or hold, any Investments except:

(a) operating deposit accounts with banks;

(b) Investments by the Borrower and the Subsidiary Guarantors in the Borrower and the Subsidiary Guarantors;

(c) Hedging Agreements entered into in the ordinary course of the Borrower's financial planning and not for speculative purposes;

(d) Portfolio Investments by the Borrower and its Subsidiaries to the extent such Portfolio Investments are permitted under the Investment Company Act and the Borrower's Investment Policies as in effect as of the date such Portfolio Investments are acquired;

(e) Investments in Financing Subsidiaries so long as, (i) after giving effect to such Investment, the Covered Debt Amount does not exceed the Borrowing Base and (ii) the sum of (x) all Investments under this clause (e) that occur after the Commitment Termination Date and (y) all Investments under clause (f) below that occur after the Commitment Termination Date, shall not exceed \$10,000,000 in the aggregate;

(f) additional Investments up to but not exceeding \$15,000,000 in the aggregate; provided that the sum of (x) all Investments under this clause (f) that occur after the Commitment Termination Date and (y) all Investments under clause (e) above that occur after the Commitment Termination Date, shall not exceed \$10,000,000 in the aggregate;

(g) Investments in Cash and Cash Equivalents;

(h) Investments described on Schedule 3.12(b);

(i) Investments by a Financing Subsidiary; and

(j) Investments in the form of Guarantees permitted pursuant to Section 6.01.

For purposes of clause (f) of this Section, the aggregate amount of an Investment at any time shall be deemed to be equal to (A) the aggregate amount of cash, together with the aggregate fair market value of property, loaned, advanced, contributed, transferred or otherwise invested that gives rise to such Investment minus (B) the aggregate amount of dividends, distributions or other payments received in cash in respect of such Investment; provided that in no event shall the aggregate amount of such Investment be deemed to be less than zero; the amount of an Investment shall not in any event be reduced by reason of any write-off of such Investment nor increased by any increase in the amount of earnings retained in the Person in which such Investment is made that have not been dividend, distributed or otherwise paid out.

SECTION 6.05. Restricted Payments. The Borrower will not, nor will it permit any of the Subsidiary Guarantors to, declare or make, or agree to pay or make, directly or indirectly, any Restricted Payment, except that the Borrower may declare and pay:

(a) dividends with respect to the capital stock of the Borrower payable solely in additional shares of the Borrower's common stock;

(b) dividends and distributions in either case in cash or other property (excluding for this purpose the Borrower's common stock) in any taxable year of the Borrower in amounts not to exceed the amount that is determined in good faith by the Borrower to be required to (i) maintain the status of the Borrower as a RIC, and (ii) avoid federal excise taxes for such taxable year imposed by Section 4982 of the Code;

(c) dividends and distributions in each case in cash or other property (excluding for this purpose the Borrower's common stock) in addition to the dividends and distributions permitted under the foregoing clauses (a) and (b), so long as on the date of such Restricted Payment and after giving effect thereto:

(i) no Default shall have occurred and be continuing or would result therefrom; and

(ii) the aggregate amount of Restricted Payments made during any taxable year of the Borrower after the date hereof under this clause (c) shall not exceed the difference of (x) an amount equal to 10% of the taxable income of the Borrower for such taxable year determined under section 852(b)(2) of the Code, but without regard to subparagraphs (A), (B) or (D) thereof, minus (y) the amount, if any, by which dividends and distributions made during such taxable year pursuant to the foregoing clause (b) (whether in respect of such taxable year or the previous taxable year) based upon the Borrower's estimate of taxable income exceeded the actual amounts specified in subclauses (i) and (ii) of such foregoing clause (b) for such taxable year.

(d) other Restricted Payments so long as (i) on the date of such other Restricted Payment and after giving effect thereto (x) the Covered Debt Amount does not exceed 90% of the Borrowing Base and (y) no Default shall have occurred and be continuing or would result therefrom and (ii) on the date of such other Restricted Payment the Borrower delivers to the Administrative Agent and each Lender a Borrowing Base Certificate as at such date demonstrating compliance with subclause (x) after giving effect to such Restricted Payment. For purposes of preparing such Borrowing Base Certificate, (A) the fair market value of Quoted Investments shall be the most recent quotation available for such Quoted Investment and (B) the fair market value of Unquoted Investments shall be the Value set forth in the Borrowing Base Certificate most recently delivered by the Borrower to the Administrative Agent and the Lenders pursuant to Section 5.01(d); provided that the Borrower shall reduce the Value of any Unquoted Portfolio Investment to the extent necessary to take into account any events of which the Borrower has knowledge that adversely affect the value of such Portfolio Investment.

Nothing herein shall be deemed to prohibit the payment of Restricted Payments by any Subsidiary of the Borrower to the Borrower or to any other Subsidiary Guarantor.

SECTION 6.06. Certain Restrictions on Subsidiaries. The Borrower will not permit any of its Subsidiaries (other than Financing Subsidiaries) to enter into or suffer to exist any indenture, agreement, instrument or other arrangement (other than the Loan Documents) that prohibits or restrains, in each case in any material respect, or imposes materially adverse conditions upon, the incurrence or payment of Indebtedness, the declaration or payment of dividends, the making of loans, advances, guarantees or Investments or the sale, assignment, transfer or other disposition of property to the Borrower by any Subsidiary; provided that the foregoing shall not apply to (i) indentures, agreements, instruments or other arrangements pertaining to other Indebtedness permitted hereby (provided that such restrictions would not adversely affect the exercise of rights or remedies of the Administrative Agent or the Lenders hereunder or under the Security Documents or restrict any Subsidiary in any manner from performing its obligations under the Loan Documents) and (ii) indentures, agreements, instruments or other arrangements pertaining to any lease, sale or other disposition of any asset permitted by this Agreement or any Lien permitted

by this Agreement on such asset so long as the applicable restrictions only apply to the assets subject to such lease, sale, other disposition or Lien.

SECTION 6.07. Certain Financial Covenants.

(a) Minimum Shareholders' Equity. The Borrower will not permit Shareholders' Equity at the last day of any fiscal quarter of the Borrower to be less than the greater of (i) 40% of the value of the assets of the Borrower and its Subsidiaries and (ii) 75% of Shareholders' Equity, determined as of the Effective Date, plus 50% of the net proceeds of the sale of Equity Interests by the Borrower and its Subsidiaries after the Effective Date (other than proceeds of sales of Equity Interests by and among the Borrower and its Subsidiaries).

(b) Asset Coverage Ratio. The Borrower will not permit the Asset Coverage Ratio at the last day of any fiscal quarter of the Borrower to be less than 2.00 to 1 at any time.

(c) Liquidity Test. The Borrower will not permit (a) the sum of (i) the aggregate Value of the Portfolio Investments that are Cash (excluding Cash Collateral for outstanding Letters of Credit) or that can be converted to Cash in fewer than 10 Business Days without more than a 5% change in price, plus (ii) the aggregate amount of Relevant Available Funds that can be converted to Cash in fewer than 10 Business Days, to be less than (b) 15% of the Covered Debt Amount, for more than 30 consecutive Business Days during any period when the Adjusted Covered Debt Balance is greater than 85% of the Adjusted Borrowing Base.

SECTION 6.08. Transactions with Affiliates. The Borrower will not, and will not permit any of its Subsidiaries to enter into any transactions with any of its Affiliates, even if otherwise permitted under this Agreement, except (a) transactions in the ordinary course of business at prices and on terms and conditions not less favorable to the Borrower or such Subsidiary (other than a SBIC Subsidiary) than could be obtained on an arm's-length basis from unrelated third parties, (b) transactions between or among the Borrower and its Subsidiaries not involving any other Affiliate, (c) Restricted Payments permitted by Section 6.05, (d) the transactions provided in the Affiliate Agreements, (e) transactions described on Schedule 6.08, (f) any Investment that results in the creation of an Affiliate (g) co-investment transactions with any Affiliate as and to the extent permitted by any exemptive order that may be issued by the SEC to the Borrower and certain Affiliates pursuant to the exemptive application initially filed on October 19, 2015, and as amended from time to time, or otherwise permitted pursuant to applicable SEC guidance or (h) transactions between or among the Obligors and any SBIC Subsidiary or any "downstream affiliate" (as such term is used under the rules promulgated under the Investment Company Act) company of an Obligor at prices and on terms and conditions not less favorable to the Obligors than could be obtained at the time on an arm's-length basis from unrelated third parties.

SECTION 6.09. Lines of Business. The Borrower will not, nor will it permit any of its Subsidiaries (other than Immaterial Subsidiaries) to, engage to any material extent in any business other than in accordance with its Investment Policies. The Borrower will not, nor will it permit any of its Subsidiaries to amend or modify the Investment Policies (other than a Permitted Policy Amendment).

SECTION 6.10. No Further Negative Pledge. The Borrower will not, and will not permit any of the Subsidiary Guarantors to, enter into any agreement, instrument, deed or lease which prohibits or limits the ability of any Obligor to create, incur, assume or suffer to exist any Lien upon any of its properties, assets or revenues, whether now owned or hereafter acquired, or which requires the grant of any security for an obligation if security is granted for another obligation, except the following: (a) this Agreement, the other Loan Documents and documents with respect to Indebtedness permitted under Section 6.01(b), (i), (m) or (n); (b) covenants in documents creating Liens permitted by Section 6.02 (including covenants with respect to the Designated Indebtedness Obligations or Designated Indebtedness Holders under (and, in each case, as defined in) the Security Documents) prohibiting further Liens on the assets encumbered thereby; (c) customary restrictions contained in leases not subject to a waiver; (d) any such agreement that imposes restrictions on investments or other interests in Financing Subsidiaries (but no other assets of any Obligor); and

(e) any other agreement that does not restrict in any manner (directly or indirectly) Liens created pursuant to the Loan Documents on any Collateral securing the “Secured Obligations” under and as defined in the Guarantee and Security Agreement and does not require the direct or indirect granting of any Lien securing any Indebtedness or other obligation by virtue of the granting of Liens on or pledge of property of any Obligor to secure the Loans or any Hedging Agreement.

SECTION 6.11. Modifications of Longer-Term Indebtedness Documents. The Borrower will not consent to any modification, supplement or waiver of:

(a) any of the provisions of any agreement, instrument or other document evidencing or relating to any Secured Longer-Term Indebtedness or Unsecured Longer-Term Indebtedness that would result in such Indebtedness not meeting the requirements of the definition of “Secured Longer-Term Secured Indebtedness” and “Unsecured Longer-Term Indebtedness”, as applicable, set forth in Section 1.01 of this Agreement, unless (i) in the case of Secured Longer Term Indebtedness, such Indebtedness would have been permitted to be incurred as Secured Shorter-Term Indebtedness at the time of such modification, supplement or waiver and the Borrower so designates such Indebtedness as “Secured Shorter-Term Indebtedness” (whereupon such Indebtedness shall be deemed to constitute “Secured Shorter-Term Indebtedness” for all purposes of this Agreement) and (ii) in the case of Unsecured Longer-Term Indebtedness, such Indebtedness would have been permitted to be incurred as Unsecured Shorter-Term Indebtedness at the time of such modification, supplement or waiver and the Borrower so designates such Indebtedness as “Unsecured Shorter-Term Indebtedness” (whereupon such Indebtedness shall be deemed to constitute “Unsecured Shorter-Term Indebtedness” for all purposes of this Agreement); or

(b) any of the Affiliate Agreements, unless such modification, supplement or waiver is not materially less favorable to the Borrower than could be obtained on an arm’s-length basis from unrelated third parties, in each case, without the prior consent of the Administrative Agent (with the approval of the Required Lenders).

SECTION 6.12. Payments of Longer-Term Indebtedness. The Borrower will not, nor will it permit any of the Subsidiary Guarantors to, purchase, redeem, retire or otherwise acquire for value, or set apart any money for a sinking, defeasance or other analogous fund for the purchase, redemption, retirement or other acquisition of or make any voluntary payment or prepayment of the principal of or interest on, or any other amount owing in respect of, any Secured Longer-Term Indebtedness, Unsecured Longer-Term Indebtedness or Special Unsecured Indebtedness (other than the refinancing of Secured Longer-Term Indebtedness, Unsecured Longer-Term Indebtedness or Special Unsecured Indebtedness with Indebtedness permitted under Section 6.01), except for (a) regularly scheduled payments, prepayments or redemptions of principal and interest in respect thereof required pursuant to the instruments evidencing such Indebtedness (it being understood that: (w) the conversion features into Permitted Equity Interests under convertible notes; (x) the triggering of such conversion and/or settlement thereof solely with Permitted Equity Interests; and (y) any cash payment on account of interest or expenses on such convertible notes made by the Borrower in respect of such triggering and/or settlement thereof shall be permitted under this clause (a)); (b) so long as no Default shall exist or be continuing, any payment that, if treated as a Restricted Payment for purposes of Section 6.05(d), would be permitted to be made pursuant to the provisions set forth in Section 6.05(d); (c) voluntary payments or prepayments of Secured Longer-Term Indebtedness, so long as both before and after giving effect to such voluntary payment or prepayment (i) the Borrower is in pro forma compliance with the financial covenants set forth in Section 6.07 and (ii) no Default shall exist or be continuing; (d) mandatory payments, required prepayments or mandatory redemptions of any convertible notes constituting Unsecured Longer-Term Indebtedness or Special Unsecured Indebtedness in Cash (including any cash payment elected to be paid in connection with the settlement by the Borrower of any conversion at the option of any holder of such convertible notes pursuant to the conversion features thereunder), so long as both before and after giving effect to such payment (i) no Event of Default shall exist or be continuing and (ii) the Covered Debt Amount does not exceed the Borrowing Base; and (e) payments or prepayments of Secured Longer-Term Indebtedness, Unsecured Longer-Term Indebtedness or Special Unsecured Indebtedness solely from the proceeds of any issuance of Equity Interests, so long as both before and after giving effect

to such payment (i) no Default shall exist or be continuing and (ii) the Covered Debt Amount does not exceed the Borrowing Base.

SECTION 6.13. Accounting Changes. The Borrower will not, nor will it permit any of its Subsidiaries to, make any change in (a) accounting policies or reporting practices, except as permitted under GAAP or required by law or rule or regulation of any Governmental Authority, or (b) its fiscal year.

SECTION 6.14. SBIC Guarantee. The Borrower will not, nor will it permit any of its Subsidiaries to, cause or permit the occurrence of any event or condition that would result in any recourse to any Obligor under any Permitted SBIC Guarantee.

ARTICLE VII

EVENTS OF DEFAULT

If any of the following events ("Events of Default") shall occur and be continuing:

(a) the Borrower shall (i) fail to pay any principal of any Loan or any reimbursement obligation in respect of any LC Disbursement when and as the same shall become due and payable, whether at the due date thereof or at a date fixed for prepayment thereof or otherwise or (ii) fail to deposit any amount into the Letter of Credit Collateral Account as required by Section 2.09(a) on the Commitment Termination Date;

(b) the Borrower shall fail to pay any interest on any Loan or any fee or any other amount (other than an amount referred to in clause (a) of this Article) payable under this Agreement or under any other Loan Document, when and as the same shall become due and payable, and such failure shall continue unremedied for a period of five or more Business Days;

(c) any representation, warranty or certification made or deemed made by or on behalf of the Borrower or any of its Subsidiaries in or in connection with this Agreement or any other Loan Document or any amendment or modification hereof or thereof, or in any report, certificate, financial statement or other document furnished pursuant to or in connection with this Agreement or any other Loan Document or any amendment or modification hereof or thereof, shall prove to have been incorrect when made or deemed made in any material respect;

(d) the Borrower shall fail to observe or perform any covenant, condition or agreement contained in (i) Section 5.03 (with respect to the Borrower's existence) or Sections 5.08(a) and (b) or in Article VI or any Obligor shall default in the performance of any of its obligations contained in Sections 3 and 7 of the Guarantee and Security Agreement or (ii) Sections 5.01(e) and (f) or 5.02 and such failure shall continue unremedied for a period of five or more days after notice thereof by the Administrative Agent (given at the request of any Lender) to the Borrower;

(e) a Borrowing Base Deficiency shall occur and continue unremedied for a period of five or more Business Days after delivery of a Borrowing Base Certificate demonstrating such Borrowing Base Deficiency pursuant to Section 5.01(e); provided that it shall not be an Event of Default hereunder if the Borrower shall present the Administrative Agent with a reasonably feasible plan acceptable to the Required Lenders in their sole discretion to enable such Borrowing Base Deficiency to be cured within 30 Business Days (which 30-Business Day period shall include the five Business Days permitted for delivery of such plan), so long as such Borrowing Base Deficiency is cured within such 30-Business Day period;

(f) the Borrower or any Obligor, as applicable, shall fail to observe or perform any covenant, condition or agreement contained in this Agreement (other than those specified in clause (a), (b), (d), (e) or (s) of this Article) or any other Loan Document and such failure shall continue unremedied for a period of 30 or more days after notice thereof from the Administrative Agent (given at the request of any Lender) to the Borrower;

(g) the Borrower or any of its Subsidiaries shall fail to make any payment (whether of principal or interest and regardless of amount) in respect of any Material Indebtedness, when and as the same shall become due and payable, taking into account any applicable grace period;

(h) any event or condition occurs that results in any Material Indebtedness becoming due prior to its scheduled maturity or shall continue unremedied for any applicable period of time sufficient to enable or permit the holder or holders of any Material Indebtedness or any trustee or agent on its or their behalf to cause any Material Indebtedness to become due, or to require the prepayment, repurchase, redemption or defeasance thereof, prior to its scheduled maturity (for the avoidance of doubt, other than as permitted under Section 6.12 and that is not a result of a breach, default or other violation or failure in respect of such Material Indebtedness by the Borrower or any of its Subsidiaries after giving effect to any applicable grace period); provided that this clause (h) shall not apply to (1) secured Indebtedness that becomes due as a result of the voluntary sale or transfer of the property or assets securing such Indebtedness; or (2) convertible debt that becomes due as a result of a conversion or redemption event, other than as a result of an “event of default” (as defined in the documents governing such convertible Material Indebtedness);

(i) an involuntary proceeding shall be commenced or an involuntary petition shall be filed seeking (i) liquidation, reorganization or other relief in respect of the Borrower or any of its Subsidiaries (other than Immaterial Subsidiaries) or its debts, or of a substantial part of its assets, under any Federal, state or foreign bankruptcy, insolvency, receivership or similar law now or hereafter in effect or (ii) the appointment of a receiver, trustee, custodian, sequestrator, conservator or similar official for the Borrower or any of its Subsidiaries (other than Immaterial Subsidiaries) or for a substantial part of its assets, and, in any such case, such proceeding or petition shall continue undismissed and unstayed for a period of 60 or more days or an order or decree approving or ordering any of the foregoing shall be entered;

(j) the Borrower or any of its Subsidiaries (other than Immaterial Subsidiaries) shall (i) voluntarily commence any proceeding or file any petition seeking liquidation, reorganization or other relief under any Federal, state or foreign bankruptcy, insolvency, receivership or similar law now or hereafter in effect, (ii) consent to the institution of, or fail to contest in a timely and appropriate manner, any proceeding or petition described in clause (i) of this Article, (iii) apply for or consent to the appointment of a receiver, trustee, custodian, sequestrator, conservator or similar official for the Borrower or any of its Subsidiaries (other than Immaterial Subsidiaries) or for a substantial part of its assets, (iv) file an answer admitting the material allegations of a petition filed against it in any such proceeding, (v) make a general assignment for the benefit of creditors or (vi) take any action for the purpose of effecting any of the foregoing;

(k) the Borrower or any of its Subsidiaries (other than Immaterial Subsidiaries) shall become unable, admit in writing its inability or fail generally to pay its debts as they become due;

(l) one or more judgments for the payment of money in an aggregate amount in excess of \$25,000,000 shall be rendered against the Borrower or any of its Subsidiaries or any combination thereof and the same shall remain undischarged for a period of 30 consecutive days during which execution shall not be effectively stayed, or any action shall be legally taken by a judgment creditor to attach or levy upon any assets of the Borrower or any of its Subsidiaries (other than Immaterial Subsidiaries) to enforce any such judgment;

(m) an ERISA Event shall have occurred that, in the opinion of the Required Lenders, when taken together with all other ERISA Events that have occurred, could reasonably be expected to result in a Material Adverse Effect;

(n) a Change in Control shall occur;

(o) At any time prior to the Borrower's common stock being listed on a national securities exchange (i) a “Key Person Event” or “Cause Event” (each as defined in the PPM) shall occur, without regard to whether or not the “Commitment Period” (as defined in the PPM) is then in effect, or (ii) any “Key Person” (as defined in the PPM) is replaced in accordance with the PPM without the consent of the Administrative Agent and the Required Lenders; provided that, for purposes of this clause (o), the PPM shall mean the PPM as in effect as of the date hereof or as otherwise amended or modified from time to time with the consent of the Required Lenders;

(p) the Liens created by the Security Documents shall, at any time with respect to Portfolio Investments having an aggregate Value in excess of 5% of the aggregate Value of all Portfolio Investments, not be valid and perfected (to the extent perfection by filing, registration, recordation, possession or control is required herein or therein) in favor of the Administrative Agent, free and clear of all other Liens (other than Liens permitted under Section 6.02 or under the respect ive Security Documents) except to the extent that any such loss of perfection results from the failure of the Collateral Agent to maintain possession of the certificates representing the securities pledged under the Loan Documents;

(q) except for expiration in accordance with its terms, any of the Loan Documents shall for whatever reason be terminated or cease to be in full force and effect in any material respect, or the enforceability thereof shall be contested by the Borrower or any other Obligor;

(r) the Obligors shall at any time, without the consent of the Required Lenders fail to comply with the covenant contained in Section 5.11, and such failure shall continue unremedied for a period of 30 or more days after the earlier of notice thereof by the Administrative Agent (given at the request of any Lender) to the Borrower or knowledge thereof by a Financial Officer; or

(s) the Borrower or any of its Subsidiaries shall cause or permit the occurrence of any condition or event that would result in any recourse to any Obligor under any Permitted SBIC Guarantee;

then, and in every such event (other than an event with respect to the Borrower described in clause (i) or (j) of this Article), and at any time thereafter during the continuance of such event, the Administrative Agent may, and at the request of the Required Lenders shall, by notice to the Borrower, take either or both of the following actions, at the same or different times: (i) terminate the Commitments, and thereupon the Commitments shall terminate immediately, and (ii) declare the Loans then outstanding to be due and payable in whole (or in part, in which case any principal not so declared to be due and payable may thereafter be declared to be due and payable), and thereupon the principal of the Loans so declared to be due and payable, together with accrued interest thereon and all fees and other obligations of the Borrower accrued hereunder and under the other Loan Documents, shall become due and payable immediately, without presentment, demand, protest or other notice of any kind, all of which are hereby waived by the Borrower; and in case of any event with respect to the Borrower described in clause (i) or (j) of this Article, the Commitments shall automatically terminate and the principal of the Loans then outstanding, together with accrued interest thereon and all fees and other obligations of the Borrower accrued hereunder and under the other Loan Documents, shall automatically become due and payable, without presentment, demand, protest or other notice of any kind, all of which are hereby waived by the Borrower.

In the event that the Loans shall be declared, or shall become, due and payable pursuant to the immediately preceding paragraph then, upon notice from the Administrative Agent or Lenders with LC Exposure representing more than 50% of the total LC Exposure demanding the deposit of Cash Collateral pursuant to this paragraph, the Borrower shall immediately deposit into the Letter of Credit Collateral Account cash in an amount equal to the LC Exposure as of such date plus any accrued and unpaid interest thereon; provided that the obligation to deposit such cash shall become effective immediately, and such deposit shall become immediately due and payable, without demand or other notice of any kind, upon the occurrence of any Event of Default with respect to the Borrower described in clause (i) or (j) of this Article.

Notwithstanding anything to the contrary contained herein, on the CAM Exchange Date, to the extent not otherwise prohibited by law, (a) the Lenders shall automatically and without further act be deemed to have exchanged interests in the Designated Obligations such that, in lieu of the interests of each Lender in the Designated Obligations under each Loan in which it shall participate as of such date, such Lender shall own an interest equal to such Lender's CAM Percentage in the Designated Obligations under each of the Loans and (b) simultaneously with the deemed exchange of interests pursuant to clause (a) above, the interests in the Designated Obligations to be received in such deemed exchange shall, automatically and with no further action required, be converted into the Dollar Equivalent of such amount (as of the Business Day immediately prior to the CAM Exchange Date) and on and after such date all amounts accruing and owed to the Lenders in respect of such Designated Obligations shall accrue and be payable in Dollars at the rate otherwise applicable hereunder. Each Lender, each Person acquiring a participation from any Lender as contemplated by Section 9.04 and the Borrower hereby consents and agrees to the CAM Exchange. The Borrower and the Lenders agree from time to time to

execute and deliver to the Administrative Agent all such promissory notes and other instruments and documents as the Administrative Agent shall reasonably request to evidence and confirm the respective interests and obligations of the Lenders after giving effect to the CAM Exchange, and each Lender agrees to surrender any promissory notes originally received by it in connection with its Loans hereunder to the Administrative Agent against delivery of any promissory notes so executed and delivered; provided that the failure of the Borrower to execute or deliver or of any Lender to accept any such promissory note, instrument or document shall not affect the validity or effectiveness of the CAM Exchange. As a result of the CAM Exchange, on and after the CAM Exchange Date, each payment received by the Administrative Agent pursuant to any Loan Document in respect of the Designated Obligations shall be distributed to the Lenders pro rata in accordance with their respective CAM Percentages (to be redetermined as of each such date of payment).

ARTICLE VIII

THE ADMINISTRATIVE AGENT

SECTION 8.01. Appointment of the Administrative Agent. Each of the Lenders and the Issuing Banks hereby irrevocably appoints the Administrative Agent as its agent hereunder and under the other Loan Documents and authorizes the Administrative Agent to take such actions on its behalf and to exercise such powers as are delegated to the Administrative Agent by the terms hereof or thereof, together with such actions and powers as are reasonably incidental thereto. Each of the Lenders and the Issuing Banks hereby irrevocably appoints the Collateral Agent as its agent hereunder and under the other Loan Documents and authorizes the Collateral Agent to take such actions on its behalf and to exercise such powers as are delegated to the Collateral Agent by the terms hereof or thereof, together with such actions and powers as are reasonably incidental thereto.

SECTION 8.02. Capacity as Lender. The Person serving as the Administrative Agent hereunder shall have the same rights and powers in its capacity as a Lender as any other Lender and may exercise the same as though it were not the Administrative Agent, and such Person and its Affiliates may accept deposits from, lend money to and generally engage in any kind of business with the Borrower or any Subsidiary or other Affiliate thereof as if it were not the Administrative Agent hereunder.

SECTION 8.03. Limitation of Duties; Exculpation. The Administrative Agent shall not have any duties or obligations except those expressly set forth herein and in the other Loan Documents. Without limiting the generality of the foregoing, (a) the Administrative Agent shall not be subject to any fiduciary or other implied duties, regardless of whether a Default has occurred and is continuing, (b) the Administrative Agent shall not have any duty to take any discretionary action or exercise any discretionary powers, except discretionary rights and powers expressly contemplated hereby or by the other Loan Documents that the Administrative Agent is required to exercise in writing by the Required Lenders, and (c) except as expressly set forth herein and in the other Loan Documents, the Administrative Agent shall not have any duty to disclose, and shall not be liable for the failure to disclose, any information relating to the Borrower or any of its Subsidiaries that is communicated to or obtained by the bank serving as Administrative Agent or any of its Affiliates in any capacity. The Administrative Agent shall not be liable for any action taken or not taken by it with the consent or at the request of the Required Lenders or in the absence of its own gross negligence or willful misconduct. The Administrative Agent shall be deemed not to have knowledge of any Default unless and until written notice thereof is given to the Administrative Agent by the Borrower or a Lender, and the Administrative Agent shall not be responsible for or have any duty to ascertain or inquire into (i) any statement, warranty or representation made in or in connection with this Agreement or any other Loan Document, (ii) the contents of any certificate, report or other document delivered hereunder or thereunder or in connection herewith or therewith, (iii) the performance or observance of any of the covenants, agreements or other terms or conditions set forth herein or therein, (iv) the validity, enforceability, effectiveness or genuineness of this Agreement, any other Loan Document or any other agreement, instrument or document, or (v) the satisfaction of any condition set forth in Article IV or elsewhere herein or therein, other than to confirm receipt of items expressly required to be delivered to the Administrative Agent.

SECTION 8.04. Reliance. The Administrative Agent shall be entitled to rely upon, and shall not incur any liability for relying upon, any notice, request, certificate, consent, statement, instrument, document or other writing (including any electronic message, Inter net or intranet website posting or other distribution) believed by it to be genuine and to have been signed or sent by the proper Person. The Administrative Agent also may rely upon any statement made to it orally or by telephone and believed by it to be made by the proper Person, and shall not incur any liability for relying thereon. The Administrative Agent may consult with legal counsel (who may be counsel for the Borrower), independent accountants and other experts selected by it, and shall not be liable for any action taken or not taken by it in accordance with the advice of any such counsel, accountants or experts.

SECTION 8.05. Sub-Agents. The Administrative Agent may perform any and all its duties and exercise its rights and powers by or through any one or more sub-agents appointed by the Administrative Agent. The Administrative Agent and any such sub-agent may perform any and all its duties and exercise its rights and powers through their respective Related Parties. The exculpatory provisions of the preceding paragraphs shall apply to any such sub-agent and to the Related Parties of the Administrative Agent and any such sub-agent, and shall apply to their respective activities in connection with the syndication of the credit facilities provided for herein as well as activities as Administrative Agent. The Administrative Agent shall not be responsible for the negligence or misconduct of any sub-agents except to the extent that a court of competent jurisdiction determines in a final and non-appealable judgment that the Administrative Agent acted with gross negligence or willful misconduct in the selection of such sub-agents.

SECTION 8.06. Resignation; Successor Administrative Agent. The Administrative Agent may resign at any time by notifying the Lenders, the Issuing Banks and the Borrower. Upon any such resignation, the Required Lenders shall have the right, with the consent of the Borrower not to be unreasonably withheld or delayed (or, if an Event of Default has occurred and is continuing in consultation with the Borrower), to appoint a successor. If no successor shall have been so appointed by the Required Lenders and shall have accepted such appointment within 30 days after the retiring Administrative Agent gives notice of its resignation, then the retiring Administrative Agent's resignation shall nonetheless become effective and (1) the retiring Administrative Agent shall be discharged from its duties and obligations hereunder and (2) the Required Lenders shall perform the duties of the Administrative Agent (and all payments and communications provided to be made by, to or through the Administrative Agent shall instead be made by or to each Lender directly) until such time as the Required Lenders appoint a successor agent as provided for above in this paragraph. Upon the acceptance of its appointment as Administrative Agent hereunder by a successor, such successor shall succeed to and become vested with all the rights, powers, privileges and duties of the retiring (or retired) Administrative Agent and the retiring Administrative Agent shall be discharged from its duties and obligations hereunder (if not already discharged therefrom as provided above in this paragraph). The fees payable by the Borrower to a successor Administrative Agent shall be the same as those payable to its predecessor unless otherwise agreed between the Borrower and such successor. After the Administrative Agent's resignation hereunder, the provisions of this Article and Section 9.03 shall continue in effect for its benefit in respect of any actions taken or omitted to be taken by it while it was acting as Administrative Agent.

Any resignation by SunTrust as Administrative Agent pursuant to this Section shall also constitute its resignation as an Issuing Bank and a Swingline Lender. Upon the acceptance of a successor's appointment as Administrative Agent hereunder, (a) such successor shall succeed to and become vested with all of the rights, powers, privileges and duties of the retiring Issuing Bank and Swingline Lender, (b) the retiring Issuing Bank and Swingline Lender shall be discharged from all of their respective duties and obligations hereunder or under the other Loan Documents, and (c) the successor Issuing Bank shall issue letters of credit in substitution for the Letters of Credit, if any, outstanding at the time of such succession or make other arrangements satisfactory to the retiring Issuing Bank to effectively assume the obligations of the retiring Issuing Bank with respect to such Letters of Credit.

SECTION 8.07. Reliance by Lenders. Each Lender acknowledges that it has, independently and without reliance upon the Administrative Agent or any other Lender and based on such documents and information as it has deemed appropriate, made its own credit analysis and decision to enter into this Agreement. Each Lender also acknowledges that it will, independently and without reliance upon the Administrative Agent or any other Lender and based on such documents and information as it shall from time to time deem appropriate, continue to make its own decisions in taking or not taking action under or based upon this Agreement, any other Loan Document or any related agreement or any document furnished hereunder or thereunder. The Administrative Agent shall have no duty or responsibility, either initially or on a continuing basis, to make any such investigation or any such appraisal on behalf of Lenders or to provide any Lender with any credit or other information with respect thereto, whether coming into its possession before the making of the Loans or at any time or times thereafter, and the Administrative Agent shall have no responsibility with respect to the accuracy of or the completeness of any information provided to Lenders.

Each Lender, by delivering its signature page to this Agreement or any Assignment and Assumption and funding any Loan shall be deemed to have acknowledged receipt of, and consented to and approved, each Loan Document and each other document required to be approved by the Administrative Agent, Required Lenders or Lenders.

SECTION 8.08. Modifications to Loan Documents. Except as otherwise provided in Section 9.02(b) or (c) of this Agreement or the Security Documents with respect to this Agreement, the Administrative Agent may, with the prior consent of the Required Lenders (but not otherwise), consent to any modification, supplement or waiver under any of the Loan Documents; provided that, without the prior consent of each Lender, the Administrative Agent shall not (except as provided herein or in the Security Documents) release all or substantially all of the Collateral or otherwise terminate all or substantially all of the Liens under any Security Document providing for collateral security, agree to additional obligations being secured by all or substantially all of such collateral security, or alter the relative priorities of the obligations entitled to the benefits of the Liens created under the Security Documents with respect to all or substantially all of the Collateral, except that no such consent shall be required, and the Administrative Agent is hereby authorized, to release any Lien covering property that is the subject of either a disposition of property permitted hereunder or a disposition to which the Required Lenders have consented.

ARTICLE IX

MISCELLANEOUS

SECTION 9.01. Notices; Electronic Communications.

Attention: Manisha Kumar
Telephone:
Telecopy Number:

(v) if to any other Lender, to it at its address (or telecopy number) set forth in its Administrative Questionnaire.

Any party hereto may change its address or telecopy number for notices and other communications hereunder by notice to the other parties hereto. All notices and other communications given to any party hereto in accordance with the provisions of this Agreement shall be deemed to have been given on the date of receipt. Notices delivered through electronic communications to the extent provided in paragraph (b) below, shall be effective as provided in said paragraph (b).

(b) Electronic Communications. Notices and other communications to the Lenders and the Issuing Banks hereunder may be delivered or furnished by electronic communication (including e-mail and Internet or intranet websites) pursuant to procedures approved by the Administrative Agent; provided that the foregoing shall not apply to notices to any Lender or any Issuing Bank pursuant to Section 2.06 if such Lender or such Issuing Bank, as applicable, has notified the Administrative Agent that it is incapable of receiving notices under such Article by electronic communication. The Administrative Agent or the Borrower may, in its discretion, agree to accept notices and other communications to it hereunder by electronic communications pursuant to procedures approved by it; provided that approval of such procedures may be limited to particular notices or communications.

(i) Notices and other communications sent to an e-mail address shall be deemed received upon the sender's receipt of an acknowledgement from the intended recipient (such as by the "return receipt requested")

function, as available, return e-mail or other written acknowledgement); provided that if such notice or other communication is not sent during the normal business hours of the recipient, such notice or communication shall be deemed to have been sent at the opening of business on the next Business Day for the recipient, and (ii) notices or communications posted to an Internet or intranet website shall be deemed received upon the deemed receipt by the intended recipient at its e-mail address as described in the foregoing clause (i) of notification that such notice or communication is available and identifying the website address therefor.

Each party hereto understands that the distribution of material through an electronic medium is not necessarily secure and that there are confidentiality and other risks associated with such distribution and agrees and assumes the risks associated with such electronic distribution, except to the extent caused by the willful misconduct or gross negligence of Administrative Agent, any Lender or their respective Related Parties, as determined by a final, non-appealable judgment of a court of competent jurisdiction. The Platform and any electronic communications media approved by the Administrative Agent as provided herein are provided “as is” and “as available”. None of the Administrative Agent or its Related Parties warrant the accuracy, adequacy, or completeness of the such media or the Platform and each expressly disclaims liability for errors or omissions in the Platform and such media. No warranty of any kind, express, implied or statutory, including any warranty of merchantability, fitness for a particular purpose, non-infringement of third party rights or freedom from viruses or other code defects is made by the Administrative Agent and any of its Related Parties in connection with the Platform or the electronic communications media approved by the Administrative Agent as provided for herein.

(c) Private Side Information Contacts. Each Public Lender agrees to cause at least one individual at or on behalf of such Public Lender to at all times have selected the “Private Side Information” or similar designation on the content declaration screen of the Platform in order to enable such Public Lender or its delegate, in accordance with such Public Lender’s compliance procedures and applicable law, including United States federal and state securities laws, to make reference to information that is not made available through the “Public Side Information” portion of the Platform and that may contain Non-Public Information with respect to the Borrower, its Subsidiaries or their Securities for purposes of United States federal or state securities laws. In the event that any Public Lender has determined for itself to not access any information disclosed through the Platform or otherwise, such Public Lender acknowledges that (i) other Lenders may have availed themselves of such information and (ii) neither Borrower nor Administrative Agent has any responsibility for such Public Lender’s decision to limit the scope of the information it has obtained in connection with this Agreement and the other Loan Documents.

(d) Documents to be Delivered under Sections 5.01 and 5.12(a). For so long as an Intralinkst™ or equivalent website is available to each of the Lenders hereunder, the Borrower may satisfy its obligation to deliver documents to the Administrative Agent or the Lenders under Sections 5.01 and 5.12(a) by delivering one hard copy thereof to the Administrative Agent and either an electronic copy or a notice identifying the website where such information is located for posting by the Administrative Agent on Intralinkst™ or such equivalent website; provided that the Administrative Agent shall have no responsibility to maintain access to Intralinkst™ or an equivalent website.

SECTION 9.02. Waivers; Amendments.

(a) No Deemed Waivers Remedies Cumulative. No failure or delay by the Administrative Agent, any Issuing Bank, any Swingline Lender or any Lender in exercising any right or power hereunder shall operate as a waiver thereof nor shall any single or partial exercise of any such right or power, or any abandonment or discontinuance of steps to enforce such a right or power, preclude any other or further exercise thereof or the exercise of any other right or power. The rights and remedies of the Administrative Agent, the Issuing Banks, the Swingline Lenders and the Lenders hereunder are cumulative and are not exclusive of any rights or remedies that they would otherwise have. No waiver of any provision of this Agreement or consent to any departure by the Borrower therefrom shall in any event be effective unless the same shall be permitted by paragraph (b) of this Section, and then such waiver or consent shall be effective only in the specific instance and for the purpose for which given. Without limiting the generality of the foregoing, the making of a Loan, Swingline Loan or issuance of a Letter of Credit shall not be construed as a waiver of any Default, regardless of whether the Administrative Agent, any Swingline Lender, any Lender or any Issuing Bank may have had notice or knowledge of such Default at the time.

(b) Amendments to this Agreement. Neither this Agreement nor any provision hereof may be waived, amended or modified except pursuant to an agreement or agreements in writing entered into by the Borrower and the Required Lenders or by the Borrower and the Administrative Agent with the consent of the Required Lenders; provided that no such agreement shall:

(i) increase the Commitment of any Lender without the written consent of such Lender;

(ii) reduce the principal amount of any Loan or LC Disbursement or reduce the rate of interest thereon, or reduce any fees payable hereunder, without the written consent of each Lender affected thereby;

(iii) postpone the scheduled date of payment of the principal amount of any Loan or LC Disbursement, or any interest thereon, or any fees payable hereunder, or reduce the amount of waive or excuse any such payment, or postpone the scheduled date of expiration of any Commitment, without the written consent of each Lender affected thereby;

(iv) change Section 2.17(b), (c) or (d) in a manner that would alter the pro rata sharing of payments required thereby without the written consent of each Lender affected thereby;

(v) change any of the provisions of this Section or the definition of the term "Required Lenders" or any other provision hereof specifying the number or percentage of Lenders required to waive, amend or modify any rights hereunder or make any determination or grant any consent hereunder, without the written consent of each Lender affected thereby; or

(vi) change Section 9.16 without the written consent of each Lender that is subject to the GBSA;

provided further that (x) no such agreement shall amend, modify or otherwise affect the rights or duties of the Administrative Agent, the Issuing Banks or the Swingline Lenders hereunder without the prior written consent of the Administrative Agent, the Issuing Banks or the Swingline Lenders, as the case may be and (y) the consent of Lenders holding not less than two-thirds of the Revolving Credit Exposure and unused Commitments will be required (A) for any adverse change affecting the provisions of this Agreement relating to the determination of the Borrowing Base (excluding changes to the provisions of Section 5.12(b)(ii)(E) and (F), but including changes to the provisions of Section 5.12(c) and the definitions set forth in Section 5.13), and (B) for any release of any material portion of the Collateral other than for fair value or as otherwise permitted hereunder or under the other Loan Documents.

Anything in this Agreement to the contrary notwithstanding, no waiver or modification of any provision of this Agreement or any other Loan Document that could reasonably be expected to adversely affect the Lenders of any Class in a manner that does not affect all Classes equally shall be effective against the Lenders of such Class unless the Required Lenders of such Class shall have concurred with such waiver or modification.

(c) Amendments to Security Documents. No Security Document nor any provision thereof may be waived, amended or modified, nor may the Liens thereof be spread to secure any additional obligations (including any increase in Loans hereunder, but excluding any such increase pursuant to a Commitment Increase under Section 2.08(e) to an amount not greater than \$750,000,000) except pursuant to an agreement or agreements in writing entered into by the Borrower, and by the Collateral Agent with the consent of the Required Lenders; provided that, (i) without the written consent of each Lender, no such agreement shall release all or substantially all of the Obligors from their respective obligations under the Security Documents and (ii) without the written consent of each Lender, no such agreement shall release all or substantially all of the collateral security or otherwise terminate all or substantially all of the Liens under the Security Documents, alter the relative priorities of the obligations entitled to the Liens created under the Security Documents (except in connection with securing additional obligations equally and ratably with the Loans and other obligations hereunder) with respect to all or substantially all of the collateral security provided thereby, or release all or substantially all of the guarantors under the Guarantee and Security Agreement from their guarantee obligations thereunder, except that no such consent

shall be required, and the Administrative Agent is hereby authorized (and so agrees with the Borrower) to direct the Collateral Agent under the Guarantee and Security Agreement, to release any Lien covering property (and to release any such guarantor) that is the subject of either a disposition of property permitted hereunder or a disposition to which the Required Lenders have consented.

(d) Replacement of Non-Consenting Lender. If, in connection with any proposed change, waiver, discharge or termination to any of the provisions of this Agreement as contemplated by this Section 9.02, the consent of the Required Lenders shall have been obtained but the consent of one or more Lenders (each a “Non-Consenting Lender”) whose consent is required for such proposed change, waiver, discharge or termination is not obtained, then (so long as no Event of Default has occurred and is continuing) the Borrower shall have the right, at its sole cost and expense, to replace each such Non-Consenting Lender or Lenders with one or more replacement Lenders pursuant to Section 2.18(b) so long as at the time of such replacement, each such replacement Lender consents to the proposed change, waiver, discharge or termination.

SECTION 9.03. Expenses; Indemnity; Damage Waiver.

(a) Costs and Expenses. The Borrower shall pay (i) all reasonable and documented out-of-pocket costs and expenses incurred by the Administrative Agent, the Collateral Agent and their Affiliates, including the reasonable and documented fees, charges and disbursements of counsel for the Administrative Agent and the Collateral Agent, in connection with the syndication of the credit facilities provided for herein, the preparation and administration of this Agreement and the other Loan Documents and any amendments, modifications or waivers of the provisions hereof or thereof (whether or not the transactions contemplated hereby or thereby shall be consummated), (ii) all reasonable and documented out-of-pocket expenses incurred by any Issuing Bank in connection with the issuance, amendment, renewal or extension of any Letter of Credit by such Issuing Bank or any demand for payment thereunder, (iii) all documented out-of-pocket expenses incurred by the Administrative Agent, any Issuing Bank, any Swingline Lender or any Lender, including the reasonable and documented fees, charges and disbursements of one outside counsel for the Administrative Agent, each Issuing Bank and each Swingline Lender as well as one outside counsel for the Lenders and additional counsel should any conflict of interest arise, in connection with the enforcement or protection of its rights in connection with this Agreement and the other Loan Documents, including its rights under this Section, or in connection with the Loans made or Letters of Credit issued hereunder, including all such documented out-of-pocket expenses incurred during any workout, restructuring or negotiations in respect thereof and (iv) all documented costs, expenses, taxes, assessments and other charges incurred in connection with any filing, registration, recording or perfection of any security interest contemplated by any Security Document or any other document referred to therein.

(b) Indemnification by the Borrower. The Borrower shall indemnify the Administrative Agent, each Issuing Bank, each Swingline Lender and each Lender, and each Related Party of any of the foregoing Persons (each such Person being called an “Indemnitee”) against, and hold each Indemnitee harmless from, any and all losses, claims, damages, liabilities, actions, judgments, suits, costs, expenses and disbursements of any kind or nature whatsoever (including the reasonable and documented out-of-pocket fees and disbursements of one outside counsel for all Indemnitees (and, if reasonably necessary, of one local counsel in any relevant jurisdiction for all Indemnitees) unless, in the reasonable opinion of an Indemnitee, representation of all Indemnitees by such counsel would be inappropriate due to the existence of an actual or potential conflict of interest) in connection with any investigative, administrative or judicial proceeding or hearing commenced or threatened by any Person, whether or not any such Indemnitee shall be designated as a party or a potential party thereto, and any fees or expenses incurred by Indemnitees in enforcing this indemnity), whether based on any federal, state or foreign laws, statutes, rules or regulations (including securities and commercial laws, statutes, rules or regulations and laws, statutes, rules or regulations relating to environmental, occupational safety and health or land use matters), on common law or equitable cause or on contract or otherwise and related expenses or disbursements of any kind (other than Taxes or Other Taxes which shall only be indemnified by the Borrower to the extent provided in Section 2.16, other than any Taxes that represent losses, claims, damages, etc. arising from any non-Tax claim), including the fees, charges and disbursements of any counsel for any Indemnitee, incurred by or asserted against any Indemnitee arising out of; in connection with, or as a result of (i) the execution or delivery of this Agreement or any agreement or instrument contemplated hereby, the performance by the parties hereto of their respective obligations hereunder or the consummation of the Transactions or any other transactions contemplated hereby, (ii) any Loan, Swingline Loan or Letter of Credit or the use of the proceeds therefrom (including any refusal by an Issuing Bank to honor a demand

for payment under a Letter of Credit if the documents presented in connection with such demand do not strictly comply with the terms of such Letter of Credit) or (iii) any actual or prospective claim, litigation, investigation or proceeding relating to any of the foregoing, whether based on contract, tort or any other theory and whether brought by the Borrower or a third party and regardless of whether any Indemnitee is a party thereto; provided that such indemnity shall not as to any Indemnitee, be available to the extent that such losses, claims, damages, liabilities or related expenses are determined by a court of competent jurisdiction by final and nonappealable judgment to have resulted from the willful misconduct or gross negligence of such Indemnitee. Notwithstanding the foregoing, it is understood and agreed that indemnification for Taxes is subject to the provisions of Section 2.16, other than any Taxes that represent losses, claims, damages, etc. arising from any non-Tax claim.

The Borrower shall not be liable to any Indemnitee for any special, indirect, consequential or punitive damages (as opposed to direct or actual damages (which may include special, indirect, consequential or punitive damages asserted against any such party hereto by a third party)) arising out of, in connection with, or as a result of the Transactions asserted by an Indemnitee against the Borrower or any other Obligor; provided that the foregoing limitation shall not be deemed to impair or affect the obligations of the Borrower under the preceding provisions of this subsection.

(c) Reimbursement by Lenders. To the extent that the Borrower fails to pay any amount required to be paid by it to the Administrative Agent, any Issuing Bank or any Swingline Lender under paragraph (a) or (b) of this Section, each Lender severally agrees to pay to the Administrative Agent, the applicable Issuing Bank or the applicable Swingline Lender, as the case may be, such Lender's Applicable Percentage (determined as of the time that the applicable unreimbursed expense or indemnity payment is sought) of such unpaid amount; provided that the unreimbursed expense or indemnified loss, claim, damage, liability or related expense, as the case may be, was incurred by or asserted against the Administrative Agent, the applicable Issuing Bank or the applicable Swingline Lender in its capacity as such.

(d) Waiver of Consequential Damages, Etc.. To the extent permitted by applicable law, the Borrower shall not assert, and hereby waives, any claim against any Indemnitee, on any theory of liability, for special, indirect, consequential or punitive damages (as opposed to direct or actual damages) arising out of, in connection with, or as a result of, this Agreement or any agreement or instrument contemplated hereby, the Transactions, any Loan or Letter of Credit or the use of the proceeds thereof. No Indemnitee shall be liable for any damages arising from the use by unintended recipients of any information or other materials distributed by it through telecommunications, electronic or other information transmission systems in connection with this Agreement or the other Loan Documents or the transactions contemplated hereby or thereby, except to the extent caused by the willful misconduct or gross negligence of such Indemnitee, as determined by a final, non-appealable judgment of a court of competent jurisdiction.

(e) Payments. All amounts due under this Section shall be payable promptly after written demand therefor.

SECTION 9.04. Successors and Assigns.

(a) Assignments Generally. The provisions of this Agreement shall be binding upon and inure to the benefit of the parties hereto and their respective successors and assigns permitted hereby (including any Affiliate of an Issuing Bank that issues any Letter of Credit), except that (i) the Borrower may not assign or otherwise transfer any of its rights or obligations hereunder without the prior written consent of each Lender (and any attempted assignment or transfer by the Borrower without such consent shall be null and void) and (ii) no Lender may assign or otherwise transfer its rights or obligations hereunder except in accordance with this Section. Nothing in this Agreement, expressed or implied, shall be construed to confer upon any Person (other than the parties hereto, their respective successors and assigns permitted hereby (including any Affiliate of an Issuing Bank that issues any Letter of Credit) and, to the extent expressly contemplated hereby, the Related Parties of each of the Administrative Agent, the Issuing Banks and the Lenders) any legal or equitable right, remedy or claim under or by reason of this Agreement.

(b) Assignments by Lenders.

(i) Assignments Generally. Subject to the conditions set forth in clause (ii) below, any Lender may assign to one or more assignees (other than natural persons or any Defaulting Lender) all or a portion of its rights and obligations under this Agreement (including all or a portion of its Commitments and the Loans and LC Exposure at the time owing to it) with the prior written consent (such consent not to be unreasonably withheld or delayed) of:

(A) the Borrower; provided that no consent of the Borrower shall be required for an assignment to a Lender, an Affiliate of a Lender, or, if an Event of Default has occurred and is continuing, any other assignee; provided further, that the Borrower shall be deemed to have consented to any such assignment unless it shall have objected thereto by written notice to the Administrative Agent within ten Business Days after having received notice thereof; and

(B) the Administrative Agent and each Issuing Bank; provided that no consent of the Administrative Agent or the Issuing Banks shall be required for an assignment by a Lender to an Affiliate of such Lender.

(ii) Certain Conditions to Assignments. Assignments shall be subject to the following additional conditions:

(A) except in the case of an Assignment to a Lender or an Affiliate of a Lender or an assignment of the entire remaining amount of the assigning Lender's Commitment or Loans and LC Exposure of a Class, the amount of the Commitment or Loans and LC Exposure of such Class of the assigning Lender subject to each such assignment (determined as of the date the Assignment and Assumption with respect to such Assignment is delivered to the Administrative Agent) shall not be less than U.S. \$5,000,000 unless each of the Borrower and the Administrative Agent otherwise consent; provided that no such consent of the Borrower shall be required if an Event of Default has occurred and is continuing;

(B) each partial assignment of any Commitments or Loans and LC Exposure shall be made as an assignment of a proportionate part of all the assigning Lender's rights and obligations under this Agreement in respect of such Commitments, Loans and LC Exposure;

(C) the parties to each assignment shall execute and deliver to the Administrative Agent an Assignment and Assumption in substantially the form of Exhibit A hereto, together with a processing and recordation fee of U.S. \$3,500 (which fee shall not be payable in connection with an assignment to a Lender or to an Affiliate of a Lender), for which the Borrower and the Guarantors shall not be obligated;

(D) the assignee, if it shall not already be a Lender of the applicable Class, shall deliver to the Administrative Agent an Administrative Questionnaire; and

(E) the assignee shall deliver to the Borrower and the Administrative Agent those documents specified in Section 2.16(f).

(iii) Effectiveness of Assignments. Subject to acceptance and recording thereof pursuant to paragraph (c) of this Section, from and after the effective date specified in each Assignment and Assumption the assignee thereunder shall be a party hereto and, to the extent of the interest assigned by such Assignment and Assumption, have the rights and obligations of a Lender under this Agreement, and the assigning Lender thereunder shall, to the extent of the interest assigned by such Assignment and Assumption, be released from its obligations under this Agreement (and, in the case of an Assignment and Assumption covering all of the assigning Lender's rights and obligations under this Agreement, such Lender shall cease to be a party hereto but shall continue to be entitled to the benefits of Sections 2.14, 2.15, 2.16 and 9.03 with respect to facts and circumstances occurring prior to the effective date of such

assignment). Any assignment or transfer by a Lender of rights or obligations under this Agreement that does not comply with this Section 9.04 shall be treated for purposes of this Agreement as a sale by such Lender of a participation in such rights and obligations in accordance with paragraph (e) of this Section. Notwithstanding anything to the contrary herein, in connection with any assignment of rights and obligations of any Defaulting Lender hereunder, no such assignment shall be effective unless and until, in addition to the other conditions set forth in Section 9.04(b)(ii) or otherwise, the parties to the assignment shall make such additional payments to Administrative Agent in an aggregate amount sufficient, upon distribution thereof as appropriate (which may be outright payment, purchases by the assignee of participations or subparticipations, or other compensating actions, including funding, with the consent of Borrower and Administrative Agent, the Applicable Percentage of Loans previously requested but not funded by the Defaulting Lender, to each of which the applicable assignee and assignor hereby irrevocably consent), to (x) pay and satisfy in full all payment liabilities then owed by such Defaulting Lender to Administrative Agent, each Issuing Bank, each Swingline Lender and each Lender hereunder (and interest accrued thereon), and (y) acquire (and fund as appropriate) its full Applicable Percentage of all Loans and participations in Letters of Credit and Swingline Loans. Notwithstanding the foregoing, in the event that any assignment of rights and obligations of any Defaulting Lender hereunder shall become effective under applicable law without compliance with the provisions of this paragraph, then the assignee of such interest shall be deemed to be a Defaulting Lender for all purposes of this Agreement until such compliance occurs.

(c) Maintenance of Registers by Administrative Agent. The Administrative Agent, acting for this purpose as an agent of the Borrower, shall maintain at one of its offices in New York City a copy of each Assignment and Assumption delivered to it and a register for the recordation of the names and addresses of the Lenders, and the Commitments of, and principal amount (and stated interest) of the Loans and LC Disbursements owing to, each Lender pursuant to the terms hereof from time to time (the “Registers” and each individually, a “Register”). The entries in the Registers shall be conclusive absent manifest error, and the Borrower, the Administrative Agent, the Issuing Banks and the Lenders may treat each Person whose name is recorded in the Registers pursuant to the terms hereof as a Lender hereunder for all purposes of this Agreement, notwithstanding notice to the contrary. The Registers shall be available for inspection by the Borrower, any Issuing Bank and any Lender, at any reasonable time and from time to time upon reasonable prior notice.

(d) Acceptance of Assignments by Administrative Agent. Upon its receipt of a duly completed Assignment and Assumption executed by an assigning Lender and an assignee, the assignee’s completed Administrative Questionnaire (unless the assignee shall already be a Lender hereunder), the processing and recordation fee referred to in paragraph (b) of this Section and any written consent to such assignment required by paragraph (b) of this Section, the Administrative Agent shall accept such Assignment and Assumption and record the information contained therein in the Register. No assignment shall be effective for purposes of this Agreement unless it has been recorded in the Register as provided in this paragraph.

(e) Special Purposes Vehicles. Notwithstanding anything to the contrary contained herein, any Lender (a “Granting Lender”) may grant to a special purpose funding vehicle (an “SPC”) owned or administered by such Granting Lender, identified as such in writing from time to time by the Granting Lender to the Administrative Agent and the Borrower, the option to provide all or any part of any Loan that such Granting Lender would otherwise be obligated to make; provided that (i) nothing herein shall constitute a commitment to make any Loan by any SPC, (ii) if an SPC elects not to exercise such option or otherwise fails to provide all or any part of such Loan, the Granting Lender shall, subject to the terms of this Agreement, make such Loan pursuant to the terms hereof, (iii) the rights of any such SPC shall be derivative of the rights of the Granting Lender, and such SPC shall be subject to all of the restrictions upon the Granting Lender herein contained, and (iv) no SPC shall be entitled to the benefits of Sections 2.14 (or any other increased costs protection provision), 2.15 or 2.16. Each SPC shall be conclusively presumed to have made arrangements with its Granting Lender for the exercise of voting and other rights hereunder in a manner which is acceptable to the SPC, the Administrative Agent, the Lenders and the Borrower, and each of the Administrative Agent, the Lenders and the Obligors shall be entitled to rely upon and deal solely with the Granting Lender with respect to Loans made by or through its SPC. The making of a Loan by an SPC hereunder shall utilize the Commitment of the Granting Lender to the same extent, and as if, such Loan were made by the Granting Lender.

Each party hereto hereby agrees (which agreement shall survive the termination of this Agreement) that, prior to the date that is one year and one day after the payment in full of all outstanding senior indebtedness of any SPC, it will not institute against, or join any other person in instituting against, such SPC, any bankruptcy, reorganization, arrangement, insolvency or liquidation proceedings or similar proceedings under the laws of the United States or any State thereof, in respect of claims arising out of this Agreement; provided that the Granting Lender for each SPC hereby agrees to indemnify, save and hold harmless each other party hereto for any loss, cost, damage and expense arising out of their inability to institute any such proceeding against its SPC. In addition, notwithstanding anything to the contrary contained in this Section, any SPC may (i) without the prior written consent of the Borrower and the Administrative Agent and without paying any processing fee therefor, assign all or a portion of its interests in any Loans to its Granting Lender or to any financial institutions providing liquidity and/or credit facilities to or for the account of such SPC to fund the Loans made by such SPC or to support the securities (if any) issued by such SPC to fund such Loans (but nothing contained herein shall be construed in derogation of the obligation of the Granting Lender to make Loans hereunder); provided that neither the consent of the SPC or of any such assignee shall be required for amendments or waivers hereunder except for those amendments or waivers for which the consent of participants is required under paragraph (f) below, and (ii) disclose on a confidential basis (in the same manner described in Section 9.13(b)) any non-public information relating to its Loans to any rating agency, commercial paper dealer or provider of a surety, guarantee or credit or liquidity enhancement to such SPC.

(f) Participations. Any Lender may, with the consent of the Borrower (such consent not to be unreasonably withheld or delayed), sell participations to one or more banks or other entities (a “Participant”) in all or a portion of such Lender’s rights and obligations under this Agreement and the other Loan Documents (including all or a portion of its Commitments and the Loans and LC Disbursements owing to it); provided that (i) the consent of the Borrower shall not be required if such Participant does not have the right to receive any non-public information that may be provided pursuant to this Agreement (and the Lender selling such participation agrees with the Borrower at the time of the sale of such participation that it will not deliver such non-public information to the Participant), (ii) such Lender’s obligations under this Agreement and the other Loan Documents shall remain unchanged, (iii) such Lender shall remain solely responsible to the other parties hereto for the performance of such obligations and (iv) the Borrower, the Administrative Agent, the Issuing Banks and the other Lenders shall continue to deal solely and directly with such Lender in connection with such Lender’s rights and obligations under this Agreement and the other Loan Documents. Any agreement or instrument pursuant to which a Lender sells such a participation shall provide that such Lender shall retain the sole right to enforce this Agreement and the other Loan Documents and to approve any amendment, modification or waiver of any provision of this Agreement or any other Loan Document; provided that such agreement or instrument may provide that such Lender will not, without the consent of the Participant, agree to any amendment, modification or waiver described in the first proviso to Section 9.02(b) that affects such Participant. Subject to paragraph (g) of this Section, the Borrower agrees that each Participant shall be entitled to the benefits of Sections 2.14, 2.15 and 2.16 to the same extent as if it were a Lender and had acquired its interest by assignment pursuant to paragraph (b) of this Section; provided that such Participant shall not be entitled to receive any greater payment under Sections 2.14, 2.15 or 2.16, with respect to any participation, than its participating Lenders would have been entitled to receive, except to the extent such entitlement to receive a greater payment results from a Change in Law that occurs after the Participant acquired the applicable participation; provided, further, that no Participant shall be entitled to the benefits of Section 2.16 unless the Borrower is notified of the participation granted to such Participant and such Participant shall have complied with the requirements of Section 2.16 as if such Participant is a Lender. To the extent permitted by law, each Participant also shall be entitled to the benefits of Section 9.08 as though it were a Lender; provided such Participant agrees to be subject to Section 2.17(d) as though it were a Lender hereunder. Each Lender that sells a participation shall, acting solely for this purpose as a non-fiduciary agent of the Borrower, maintain a register on which it enters the name and address of each participant and the principal amounts (and stated interest of each Participant’s interest in the loans or other obligations under the Loan Documents (the “Participant Register”); provided that no Lender shall have any obligation to disclose all or any portion of the Participant Register (including the identity of any Participant or any other information relating to a Participant’s interest in any commitments, loans, letters of credit or other obligations under any Loan Document) to any person except to the extent that such disclosures are necessary to establish that such commitment, loan, letter of credit or other obligation is in registered form under Section 5f.103-1(c) of the United States Treasury Regulations. The entries in the Participant Register shall be conclusive absent manifest error, and such Lender shall treat each Person whose name is recorded in the Participant Register as the owner of such participation for all purposes of this Agreement notwithstanding any notice to the contrary. For

the avoidance of doubt, the Administrative Agent (in its capacity as Administrative Agent) shall have no responsibility for maintaining a Participant Register.

(g) Limitations on Rights of Participants. A Participant shall not be entitled to receive any greater payment under Section 2.14, 2.15 or 2.16 than the applicable Lender would have been entitled to receive with respect to the participation sold to such Participant, unless the sale of the participation to such Participant is made with the Borrower's prior written consent. A Participant that would be a Foreign Lender if it were a Lender shall not be entitled to the benefits of Section 2.16 unless the Borrower is notified of the participation sold to such Participant and such Participant agrees, for the benefit of the Borrower, to comply with paragraphs (e) and (f) of Section 2.16 as though it were a Lender and in the case of a Participant claiming exemption for portfolio interest under Section 871(h) or 881(c) of the Code, the applicable Lender shall provide the Borrower with satisfactory evidence that the participation is in registered form and shall permit the Borrower to review such register as reasonably needed for the Borrower to comply with its obligations under applicable laws and regulations.

(h) Certain Pledges. Any Lender may at any time pledge or assign a security interest in all or any portion of its rights under this Agreement to secure obligations of such Lender, including any such pledge or assignment to a Federal Reserve Bank or any other central bank having jurisdiction over such Lender, and this Section shall not apply to any such pledge or assignment of a security interest; provided that no such pledge or assignment of a security interest shall release a Lender from any of its obligations hereunder or substitute any such assignee for such Lender as a party hereto.

(i) No Assignments to the Borrower or Affiliates. Anything in this Section to the contrary notwithstanding, no Lender may assign or participate any interest in any Loan or LC Exposure held by it hereunder to the Borrower or any of its Affiliates or Subsidiaries without the prior consent of each Lender.

SECTION 9.05. Survival. All covenants, agreements, representations and warranties made by the Borrower herein and in the certificates or other instruments delivered in connection with or pursuant to this Agreement shall be considered to have been relied upon by the other parties hereto and shall survive the execution and delivery of this Agreement and the making of any Loans and issuance of any Letters of Credit, regardless of any investigation made by any such other party or on its behalf and notwithstanding that the Administrative Agent, any Issuing Bank or any Lender may have had notice or knowledge of any Default or incorrect representation or warranty at the time any credit is extended hereunder, and shall continue in full force and effect as long as the principal of or any accrued interest on any Loan or any fee or any other amount payable under this Agreement is outstanding and unpaid or any Letter of Credit is outstanding and so long as the Commitments have not expired or terminated. The provisions of Sections 2.14, 2.15, 2.16 and 9.03 and Article VIII shall survive and remain in full force and effect regardless of the consummation of the transactions contemplated hereby, the repayment of the Loans, the expiration or termination, Cash Collateralization or backstop of the Letters of Credit and the Commitments or the termination of this Agreement or any provision hereof.

SECTION 9.06. Counterparts; Integration; Effectiveness; Electronic Execution.

(a) Counterparts; Integration; Effectiveness. This Agreement may be executed in counterparts (and by different parties hereto on different counterparts), each of which shall constitute an original, but all of which when taken together shall constitute a single contract. This Agreement and any separate letter agreements with respect to fees payable to the Administrative Agent constitute the entire contract between and among the parties relating to the subject matter hereof and supersede any and all previous agreements and understandings, oral or written, relating to the subject matter hereof. Except as provided in Section 4.01, this Agreement shall become effective when it shall have been executed by the Administrative Agent and when the Administrative Agent shall have received counterparts hereof which, when taken together, bear the signatures of each of the other parties hereto, and thereafter shall be binding upon and inure to the benefit of the parties hereto and their respective successors and assigns. Delivery of an executed counterpart of a signature page to this Agreement by telecopy electronically (e.g. pdf) shall be effective as delivery of a manually executed counterpart of this Agreement.

(b) Electronic Execution of Assignments. The words "execution," "signed," "signature," and words of like import in any Assignment and Assumption shall be deemed to include electronic signatures or the keeping of records in electronic form, each of which shall be of the same legal effect validity or enforceability as a manually executed signature or the use of a paper-based recordkeeping system, as the case may be, to the extent and as provided for in any applicable law, including the Federal Electronic Signatures in Global and National Commerce Act, the New York State Electronic Signatures and Records Act, or any other similar state laws based on the Uniform Electronic Transactions Act.

SECTION 9.07. Severability. Any provision of this Agreement held to be invalid, illegal or unenforceable in any jurisdiction shall, as to such jurisdiction, be ineffective to the extent of such invalidity, illegality or unenforceability without affecting the validity, legality and enforceability of the remaining provisions hereof; and the invalidity of a particular provision in a particular jurisdiction shall not invalidate such provision in any other jurisdiction.

SECTION 9.08. Right of Setoff. If an Event of Default shall have occurred and be continuing, each Lender and each of its Affiliates is hereby authorized at any time and from time to time, to the fullest extent permitted by law, to set off and apply any and all deposits (general or special, time or demand, provisional or final) at any time held and other obligations at any time owing by such Lender or Affiliate to or for the credit or the account of the Borrower against any of and all the obligations of the Borrower now or hereafter existing under this Agreement held by such Lender, irrespective of whether or not such Lender shall have made any demand under this Agreement and although such obligations may be unmatured; provided that in the event that any Defaulting Lender shall exercise any such right of setoff, (x) all amounts so set off shall be paid over immediately to Administrative Agent for further application in accordance with the provisions of Sections 2.17(d) and, pending such payment, shall be segregated by such Defaulting Lender from its other funds and deemed held in trust for the benefit of Administrative Agent, the Issuing Banks, and the Lenders, and (y) the Defaulting Lender shall provide promptly to Administrative Agent a statement describing in reasonable detail the amounts owing to such Defaulting Lender hereunder as to which it exercised such right of setoff. The rights of each Lender under this Section are in addition to other rights and remedies (including other rights of setoff) which such Lender may have. Each Lender agrees to notify the Borrower and the Administrative Agent promptly after any such setoff and application; provided that the failure to give such notice shall not affect the validity of such setoff and application.

SECTION 9.09. Governing Law; Jurisdiction; Etc.

(a) Governing Law. This Agreement shall be construed in accordance with and governed by the law of the State of New York.

(b) Submission to Jurisdiction. The Borrower hereby irrevocably and unconditionally submits, for itself and its property, to the exclusive jurisdiction of the Supreme Court of the State of New York sitting in New York County and of the United States District Court of the Southern District of New York, and any appellate court from any thereof, in any action or proceeding arising out of or relating to this Agreement and any Loan Document, or for recognition or enforcement of any judgment, and each of the parties hereto hereby irrevocably and unconditionally agrees that all claims in respect of any such action or proceeding may be heard and determined in such New York State or, to the extent permitted by law, in such Federal court. Each of the parties hereto agrees that a final judgment in any such action or proceeding shall be conclusive and may be enforced in other jurisdictions by suit on the judgment or in any other manner provided by law. Nothing in this Agreement shall affect any right that the Administrative Agent, any Issuing Bank or any Lender may otherwise have to bring any action or proceeding relating to this Agreement against the Borrower or its properties in the courts of any jurisdiction.

(c) Waiver of Venue. The Borrower hereby irrevocably and unconditionally waives, to the fullest extent it may legally and effectively do so, any objection which it may now or hereafter have to the laying of venue of any suit, action or proceeding arising out of or relating to this Agreement in any court referred to in

paragraph (b) of this Section. Each of the parties hereto hereby irrevocably waives, to the fullest extent permitted by law, the defense of an inconvenient forum to the maintenance of such action or proceeding in any such court.

(d) Service of Process. Each party to this Agreement (i) irrevocably consents to service of process in the manner provided for notices in Section 9.01 and (ii) agrees that service as provided in the manner provided for notices in Section 9.01 is sufficient to confer personal jurisdiction over such party in any proceeding in any court and otherwise constitutes effective and binding service in every respect. Nothing in this Agreement will affect the right of any party to this Agreement to serve process in any other manner permitted by law.

SECTION 9.10. WAIVER OF JURY TRIAL. EACH PARTY HERETO HEREBY WAIVES, TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW, ANY RIGHT IT MAY HAVE TO A TRIAL BY JURY IN ANY LEGAL PROCEEDING DIRECTLY OR INDIRECTLY ARISING OUT OF OR RELATING TO THIS AGREEMENT, ANY LOAN DOCUMENT OR THE TRANSACTIONS CONTEMPLATED HEREBY (WHETHER BASED ON CONTRACT, TORT OR ANY OTHER THEORY). EACH PARTY HERETO (A) CERTIFIES THAT NO REPRESENTATIVE, AGENT OR ATTORNEY OF ANY OTHER PARTY HAS REPRESENTED, EXPRESSLY OR OTHERWISE, THAT SUCH OTHER PARTY WOULD NOT, IN THE EVENT OF LITIGATION, SEEK TO ENFORCE THE FOREGOING WAIVER AND (B) ACKNOWLEDGES THAT IT AND THE OTHER PARTIES HERETO HAVE BEEN INDUCED TO ENTER INTO THIS AGREEMENT BY, AMONG OTHER THINGS. THE MUTUAL WAIVERS AND CERTIFICATIONS IN THIS SECTION.

SECTION 9.11. Judgment Currency. This is an international loan transaction in which the specification of Dollars or any Foreign Currency, as the case may be (the “Specified Currency”), and payment in New York City or the country of the Specified Currency, as the case may be (the “Specified Place”), is of the essence, and the Specified Currency shall be the currency of account in all events relating to Loans denominated in the Specified Currency. The payment obligations of the Borrower under this Agreement shall not be discharged or satisfied by an amount paid in another currency or in another place, whether pursuant to a judgment or otherwise, to the extent that the amount so paid on conversion to the Specified Currency and transfer to the Specified Place under normal banking procedures does not yield the amount of the Specified Currency at the Specified Place due hereunder. If for the purpose of obtaining judgment in any court it is necessary to convert a sum due hereunder in the Specified Currency into another currency (the “Second Currency”), the rate of exchange that shall be applied shall be the rate at which in accordance with normal banking procedures the Administrative Agent could purchase the Specified Currency with the Second Currency on the Business Day next preceding the day on which such judgment is rendered. The obligation of the Borrower in respect of any such sum due from it to the Administrative Agent or any Lender hereunder or under any other Loan Document (in this Section called an “Entitled Person”) shall, notwithstanding the rate of exchange actually applied in rendering such judgment be discharged only to the extent that on the Business Day following receipt by such Entitled Person of any sum adjudged to be due hereunder in the Second Currency such Entitled Person may in accordance with normal banking procedures purchase and transfer to the Specified Place the Specified Currency with the amount of the Second Currency so adjudged to be due; and the Borrower hereby, as a separate obligation and notwithstanding any such judgment, agrees to indemnify such Entitled Person against, and to pay such Entitled Person on demand, in the Specified Currency, the amount (if any) by which the sum originally due to such Entitled Person in the Specified Currency hereunder exceeds the amount of the Specified Currency so purchased and transferred.

SECTION 9.12. Headings. Article and Section headings and the Table of Contents used herein are for convenience of reference only, are not part of this Agreement and shall not affect the construction of, or be taken into consideration in interpreting, this Agreement.

SECTION 9.13. Treatment of Certain Information; No Fiduciary Duty; Confidentiality.

(a) Treatment of Certain Information; No Fiduciary Duty; No Conflicts. The Borrower acknowledges that from time to time financial advisory, investment banking and other services may be offered or provided to the Borrower or one or more of its Subsidiaries (in connection with this Agreement or otherwise) by any Lender or by one or more subsidiaries or affiliates of such Lender and the Borrower hereby authorizes each Lender to share any information delivered to such Lender by the Borrower and its Subsidiaries pursuant to this Agreement, or in connection with the decision of such Lender to enter into this Agreement, to any such subsidiary or affiliate, it being understood that any such subsidiary or affiliate receiving such information shall be bound by the provisions of paragraph (b) of this Section as if it were a Lender hereunder. Such authorization shall survive the repayment of the Loans, the expiration or termination of the Letters of Credit and the Commitments or the termination of this Agreement or any provision hereof. Each Lender shall use all information delivered to such Lender by the Borrower and its Subsidiaries pursuant to this Agreement, or in connection with the decision of such Lender to enter into this Agreement, in connection with providing services to the Borrower. The Administrative Agent, each Lender and their Affiliates (collectively, solely for purposes of this paragraph, the "Lenders"), may have economic interests that conflict with those of the Borrower or any of its Subsidiaries, their stockholders and/or their affiliates. The Borrower, on behalf of itself and each of its Subsidiaries, agrees that nothing in the Loan Documents or otherwise will be deemed to create an advisory, fiduciary or agency relationship or fiduciary or other implied duty between any Lender, on the one hand, and the Borrower or any of its Subsidiaries, its stockholders or its affiliates, on the other. The Borrower and each of its Subsidiaries each acknowledge and agree that (i) the transactions contemplated by the Loan Documents (including the exercise of rights and remedies hereunder and thereunder) are arm's-length commercial transactions between the Lenders, on the one hand, and the Borrower and its Subsidiaries, on the other, and (ii) in connection therewith and with the process leading thereto, (x) no Lender has assumed an advisory or fiduciary responsibility in favor of the Borrower or any of its Subsidiaries, any of their stockholders or affiliates with respect to the transactions contemplated hereby (or the exercise of rights or remedies with respect thereto) or the process leading thereto (irrespective of whether any Lender has advised, is currently advising or will advise the Borrower or any of its Subsidiaries, their stockholders or their affiliates on other matters) or any other obligation to the Borrower or any of its Subsidiaries except the obligations expressly set forth in the Loan Documents and (y) each Lender is acting solely as principal and not as the agent or fiduciary of the Borrower or any of its Subsidiaries, their management, stockholders, creditors or any other Person. The Borrower and each of its Subsidiaries each acknowledge and agree that it has consulted its own legal and financial advisors to the extent it deemed appropriate and that it is responsible for making its own independent judgment with respect to such transactions and the process leading thereto. The Borrower and each of its Subsidiaries each agree that it will not claim that any Lender has rendered advisory services of any nature or respect, or owes a fiduciary or similar duty to the Borrower or any of its Subsidiaries, in connection with such transaction or the process leading thereto.

(b) Confidentiality. Each of the Administrative Agent, the Lenders, the Swingline Lenders and the Issuing Banks agrees to maintain the confidentiality of the Information (as defined below), except that Information may be disclosed (i) to its Affiliates and to its and its Affiliates' respective partners, directors, officers, employees, agents, advisors and other representatives (it being understood that the Persons to whom such disclosure is made will be informed of the confidential nature of such Information and instructed to keep such Information confidential), (ii) to the extent requested by any regulatory authority purporting to have jurisdiction over it (including any self-regulatory authority), (iii) to the extent required by applicable laws or regulations or by any subpoena or similar legal process, (iv) to any other party hereto, (v) in connection with the exercise of any remedies hereunder or under any other Loan Document or any action or proceeding relating to this Agreement or any other Loan Document or the enforcement of rights hereunder or thereunder, (vi) subject to an agreement containing provisions substantially the same as those of this Section, to (x) any assignee of or Participant in, or any prospective assignee of or Participant in, any of its rights or obligations under this Agreement or (y) any actual or prospective counterparty (or its advisors) to any swap or derivative transaction relating to the Borrower and its obligations, (vii) with the consent of the Borrower, (viii) to the extent such Information (x) becomes publicly available other than as a result of a breach of this Section or (y) becomes available to the Administrative Agent, any Lender, any Issuing Bank or any of their respective Affiliates on a nonconfidential basis from a source other than the Borrower or (ix) on a confidential basis to (x) any rating agency in connection with rating the Borrower or its Subsidiaries or the credit facilities provided hereunder or (y) the CUSIP Service Bureau or any similar agency in connection with the issuance and monitoring of CUSIP numbers with respect to the credit facilities provided hereunder.

For purposes of this Section, “Information” means all information received from the Borrower or any of its Subsidiaries relating to the Borrower or any of its Subsidiaries or any of their respective businesses, other than any such information that is available to the Administrative Agent any Lender or any Issuing Bank on a nonconfidential basis prior to disclosure by the Borrower or any of its Subsidiaries; provided that, in the case of Information received from the Borrower or any of its Subsidiaries after the date hereof, such Information is clearly identified at the time of delivery as confidential. Any Person required to maintain the confidentiality of Information as provided in this Section shall be considered to have complied with its obligation to do so if such Person has exercised the same degree of care to maintain the confidentiality of such Information as such Person would accord to its own confidential information.

SECTION 9.14. USA PATRIOT Act. Each Lender hereby notifies the Borrower that pursuant to the requirements of the USA PATRIOT Act (Title III of Pub. L. 107-56 (signed into law October 26, 2001)), it is required to obtain, verify and record information that identifies the Borrower, each other Obligor and each designee of a Letter of Credit, which information includes the name and address of the Borrower, each other Obligor and each designee of a Letter of Credit and other information that will allow such Lender to identify Borrower, each other Obligor and each designee of a Letter of Credit in accordance with said Act.

SECTION 9.15. Acknowledgement and Consent to Bail-In of EEA Financial Institutions. Notwithstanding anything to the contrary in any Loan Document or in any other agreement, arrangement or understanding among any such parties, each party hereto acknowledges that any liability of any EEA Financial Institution arising under any Loan Document, to the extent such liability is unsecured, may be subject to the write-down and conversion powers of an EEA Resolution Authority and agrees and consents to, and acknowledges and agrees to be bound by:

(a) the application of any Write-Down and Conversion Powers by an EEA Resolution Authority to any such liabilities arising hereunder which may be payable to it by any party hereto that is an EEA Financial Institution; and

(b) the effects of any Bail-In Action on any such liability, including, if applicable:

(i) a reduction in full or in part or cancellation of any such liability;

(ii) a conversion of all, or a portion of, such liability into shares or other instruments of ownership in such EEA Financial Institution, its parent undertaking, or a bridge institution that may be issued to it or otherwise conferred on it, and that such shares or other instruments of ownership will be accepted by it in lieu of any rights with respect to any such liability under this Agreement or any other Loan Document; or

(iii) the variation of the terms of such liability in connection with the exercise of the write-down and conversion powers of any EEA Resolution Authority.

SECTION 9.16. German Bank Separation Act. If any Lender subject to the GBSA (any such Lender, a “GBSA Lender”) shall have determined in good faith (which determination shall be made in consultation with the Borrower) that, due to the implementation of the German Act on the Ring-fencing of Risks and for the Recovery and Resolution Planning for Credit Institutions and Financial Groups (Gesetz zur Abschirmung von Risiken und zur Planung der Sanierung und Abwicklung von Kreditinstituten und Finanzgruppen) of 7 August 2013 (commonly referred to as the German Bank Separation Act (Trennbankengesetz) (the “GBSA”), whether before or after the date hereof, or any corresponding European legislation (such as the proposed regulation on structural measures improving the resilience of European Union credit institutions) that may amend or replace the GBSA in the future or any regulation thereunder, or due to the promulgation of, or any change in the interpretation by, any court, tribunal or regulatory authority with competent jurisdiction of the GBSA or any corresponding future European legislation or any regulation hereunder, the arrangements contemplated by this Agreement or the Loans have, or will, become illegal, prohibited or otherwise unlawful, then, and in any such event, such GBSA Lender shall give

written notice to the Borrower and the Administrative Agent of such determination (which written notice shall include a reasonably detailed explanation of such illegality, prohibition or unlawfulness, including, without limitation, all evidence and calculations used in the determination thereof, a “GBSA Notice”), whereupon (i) all of the obligations (including outstanding principal of its Loans and participations in LC Disbursements and Swingline Loans, accrued interest thereon, accrued fees and all other amounts payable to it hereunder, collectively, the “GBSA Obligations”) owed to such GBSA Lender hereunder and under the Loans shall become due and payable, and the Borrower shall repay the GBSA Obligations, on the fifteenth day immediately after the date of such GBSA Notice (such date being an “Initial Termination Date”) and, for the avoidance of doubt, such repayment shall not be subject to the terms and conditions of Section 2.17(c) or Section 2.17(d) to the extent that there are no outstanding amounts due and payable to the other Lenders at such date and (ii) the Commitments of such GBSA Lender shall terminate on such Initial Termination Date; provided that, notwithstanding the foregoing, prior to such Initial Termination Date and in the event the Borrower in good faith reasonably believes there is a mistake, error or omission in the grounds used to determine such illegality, prohibition or unlawfulness under the GBSA or any corresponding future European legislation or any regulation thereunder, then the Borrower may provide written notice (which written notice shall include a reasonably detailed explanation of the basis of such good faith belief, including, without limitation, all evidence and calculations used in the determination thereof, a “Consultation Notice”) to that effect, at which point the GBSA Obligations owed to such GBSA Lender hereunder and under the Loans shall not become due and payable, and the Commitments of such GBSA Lender shall not terminate, until the fifteenth day immediately following such Initial Termination Date (and the period from, and including, the date of the Consultation Notice until the date falling on the fifteenth day immediately after such Initial Termination Date being the “GBSA Consultation Period”). In the event the Borrower and such GBSA Lender cannot in good faith reasonably agree during the GBSA Consultation Period whether the arrangements contemplated by this Agreement or the Loans have, or will, become illegal, prohibited or otherwise unlawful under the GBSA or any corresponding future European legislation or any regulation thereunder, then all of the GBSA Obligations owed to such GBSA Lender hereunder and under the Loans shall become due and payable, and the Commitments of such GBSA Lender shall terminate, on the Business Day immediately following the last day of such GBSA Consultation Period. For the avoidance of doubt, so long as a GBSA Consultation Period has occurred and is continuing, (i) the Commitments and Revolving Credit Exposure of any GBSA Lender shall be subject to Section 2.18, and the Borrower shall have all rights to replace such GBSA Lender in accordance with Section 2.18(b), (ii) no GBSA Lender shall be required to fund its pro rata share of any Borrowing or acquire participations in any Swingline Loans under Section 2.04(e) or Letters of Credit under Section 2.05(e), (iii) each GBSA Lender shall be deemed to have an Applicable Percentage, Applicable Dollar Percentage and Applicable Multicurrency Percentage of zero for purposes of Sections 2.02(a), 2.04(c), 2.05(e) and 2.05(f) and (iv) no GBSA Lender shall be entitled to receive any fee pursuant to Sections 2.11(a) or (b) for any day during the continuance of such GBSA Consultation Period. To the extent any Swingline Exposure or LC Exposure exists at the time a GBSA Lender’s Loans are repaid in full and such GBSA Lender’s Commitment is cancelled pursuant to this Section 9.16, such Swingline Exposure or LC Exposure shall be reallocated as set forth in Section 2.19(a)(iii) to the extent such reallocation does not cause the aggregate Revolving Credit Exposure of any Lender to exceed such Lender’s Commitment. If the reallocation described in the immediately prior sentence cannot, or can only partially, be effected, the Borrower shall not later than two Business Days after demand by the Administrative Agent (at the direction of any Issuing Bank and/or any Swingline Lender) (x) prepay Loans and/or (y) Cash Collateralize each Issuing Bank’s Fronting Exposure in accordance with the procedures set forth in Section 2.05(k) such that after giving effect to such prepayment and/or Cash Collateralization, the Revolving Credit Exposure of all Lenders on such date minus the LC Exposures fully Cash Collateralized on such date does not exceed the aggregate amount of the Lenders’ Commitments on such date. Additionally, notwithstanding anything to the contrary herein, during the GBSA Consultation Period, the Revolving Credit Exposure and unused Commitments of any GBSA Lender shall be disregarded in the determination of Required Lenders or Required Lenders of a Class.

IN WITNESS WHEREOF, the parties hereto have caused this Agreement to be duly executed by their respective authorized officers as of the day and year first above written.

LENDER JOINDER AGREEMENT

This LENDER JOINDER AGREEMENT (this “***Joinder***”) is made as of January 4, 2017.

Reference is made to that certain Revolving Credit Agreement dated as of August 1, 2016 by and among, *inter alios*, OWL ROCK CAPITAL CORPORATION, a Maryland corporation, as the Initial Borrower (the “**Borrower**”), WELLS FARGO BANK, NATIONAL ASSOCIATION, as the Administrative Agent, Letter of Credit Issuer and a Lender and the other Lenders from time to time party thereto (as amended, restated, supplemented or otherwise modified from time to time, the “**Credit Agreement**”). Capitalized terms not defined herein shall have the meanings assigned to such terms in the Credit Agreement.

The “**Additional Lender**” referred to on Schedule I agrees as follows:

1. The Additional Lender agrees to become a Lender and to be bound by the terms of the Credit Agreement as a Lender pursuant to **Section 12.11(g)** of the Credit Agreement.

2. The Additional Lender: (a) confirms that it has received a copy of the Credit Agreement and the other Loan Documents (except for copies of other Lenders’ Assignment and Assumptions which are available to the Additional Lender upon request), and such other documents and information as it has deemed appropriate to make its own credit analysis and decision to enter into this Joinder; (b) agrees that it will, independently and without reliance upon the Administrative Agent, or any other Lender and based on such documents and information as it shall deem appropriate at the time, continue to make its own credit decisions in taking or not taking action under the Credit Agreement or any other Loan Document; (c) confirms that it is an Eligible Assignee; (d) appoints and authorizes the Administrative Agent to take such action as agent on its behalf and to exercise such powers and discretion under the Credit Agreement or any other Loan Document as are delegated to the Administrative Agent by the terms thereof, together with such powers and discretion as are reasonably incidental thereto; (e) agrees that it will perform in accordance with their terms all of the obligations that by the terms of the Credit Agreement and the other Loan Documents are required to be performed by it as a Lender; and (f) attaches (or has delivered to the Administrative Agent and the Borrower) completed and signed copies of any forms that may be required by the United States Internal Revenue Service (together with any additional supporting documentation required pursuant to applicable Treasury Department regulations or such other evidence satisfactory to the Borrower and the Administrative Agent) in order to certify the Additional Lender’s exemption from United States withholding taxes with respect to any payments or distributions made or to be made to the Additional Lender in respect of the Loans or under the Credit Agreement.

3. Following the execution of this Joinder, it will be delivered to the Administrative Agent for acceptance and recording by the Administrative Agent. The effective date for this Joinder (the “**Effective Date**”) shall be the date recited above, unless otherwise specified on Schedule I.

4. Upon such execution and delivery, as of the Effective Date, the Additional Lender shall be a party to the Credit Agreement and the other Loan Documents and have the rights and obligations of a Lender thereunder.

5. As of the Effective Date, **Schedule II (Commitments)** to the Credit Agreement is deemed amended and supplemented to reflect the joinder of the Additional Lender effectuated hereby.

6. This Joinder and any claim, controversy or dispute arising under or related to or in connection herewith, the relationship of the parties, and/or the interpretation and enforcement of the rights and duties of the parties will be governed by the laws of the State of New York without regard to any conflicts of law principles other than Section 5-1401 of the New York General Obligations Law.

7. This Joinder may be executed in any number of counterparts and by different parties hereto in separate counterparts, each of which when so executed shall be deemed to be an original and all of which taken together shall constitute one and the same agreement. Delivery of an executed counterpart of this Joinder by facsimile or email (with a PDF copy attached) shall be effective as delivery of a manually executed counterpart of this Joinder.

[REMAINDER OF PAGE INTENTIONALLY LEFT BLANK]

IN WITNESS WHEREOF, the Additional Lender has caused this Joinder to be executed by its officers thereunto duly authorized as of the date specified thereon.
