#### Review of Operations

#### Exploration and Drilling Results - Kookynie Gold Project

Metalicity Ltd (ASX:MCT) notified Nex in May 2021 that it has spent the required \$5,000,000 to earn 51% (see below from announcement of 6 May 2019)

#### Metalicity Ltd Farm-In Agreement on Kookynie and Yundamindra Projects -

On 6 May 2019 the Company announced it had entered into a farm-in agreement with Metalicity Limited (ASX: MCT) ("MCT" or "Metalicity") for the Kookynie and Yundamindra Projects\* in the Eastern Goldfields, Western Australia.

The deal structure for the NME – MCT farm-in agreement is as follows:

- Initial Placements:
  - An initial placement amount of NME's shares, taken by MCT for \$50,000 upon execution of the agreement at a 20-day VWAP per NME share preceding the date of execution, plus a premium of 20%.
  - A second initial placement of NME shares to MCT, 6 months post the execution date of the agreement for a further \$50,000 based on a 20-day VWAP preceding the 6-month anniversary.
  
- 51% Earn In:
  - An initial spend of minimum \$500,000 to drill test the Projects within and up to 12 months from date of the agreement execution. This has now been achieved.
  - A total of \$5 million spend within and up to 5 years to earn 51% of the Projects inclusive of the initial spend and time duration.

Extract from Announcement:

- Initial results from the Drone Magnetic Survey of the DCC and Altona Trend areas have revealed a compelling 1.3-kilometre-long geophysical anomaly along strike and 2.5 kilometres to the north of the very high-grade Cosmopolitan Gold Mine.
- The 1.3-kilometre anomaly is very similar with regards to geophysical signatures and structural settings to the DCC Trend which hosts the Cosmopolitan mine, and to the known mineralised areas like Leipold, McTavish, Champion, and Altona Trends.
- The Altona Trend appears to be a “mirror image” of the DCC Trend displaying the same geophysical anomalism and structural disruption.

## DIRECTORS' REPORT

---

### Drone Survey Completed over Kookynie Gold Project – 2 September 2020

Extract from Announcement:

- The Drone Magnetic Survey has been completed with a full interpretation using all data available generating 21 high priority targets.
- A target is of a similar geophysical and interpreted structural signature from known mineralised areas like Leipold, McTavish, Champion, the DCC and Altona Trends.
- The 21 targets generated are outside of the “known” mineralised areas of Leipold, McTavish, The DCC Trend etc.
- The Leipold Prospect appears to have a repeated similar geophysical signature some 700 metres north of the historical Leipold Pit.
- Similarly, with McTavish an offset structure has displaced the interpreted McTavish trend north of the historical workings with a 400-metre geophysical anomaly circa 500 metres north of the historical McTavish workings.

Assays from the circa 2-kilometre-long Altona Prospect at the Kookynie Gold Project have delivered excellent near surface results, including:

- ALTRC0015 – 4 metres @ 2.63 g/t Au from 29 metres; and  
– 1 metre @ 14.82 g/t Au from 57 metres  
Notably, repeat assays on this sample returned the first value of 14.82 g/t Au; however subsequent duplicate samples returned values of 5.56 g/t Au, 60.34 g/t Au and 3.52 g/t Au indicating significant statistical variability within the mineralisation related to the “nugget effect”,
- ALTRC0016 – 4 metres @ 2.8 g/t Au from 49 metres,
- ALTRC0010 – 6 metres @ 2.03 g/t Au from 34 metres; and  
– 1 metre @ 8.36 g/t Au from 89 metres,
- ALTRC0012 – 1 metre @ 6.86 g/t Au from 102 metres,
- ALTRC0023 – 3 metres @ 1.77 g/t Au from 67 metres; and  
– 1 metre @ 4.81 g/t Au from 86 metres,
- Drilling results confirm that high grade mineralisation continues along strike and at depth to the historic Altona Mining Centre that produced 88,700 ounces between 1900 to 1965 at an average head grade of 30 g/t Au (circa 1.5kms from the Cosmopolitan Gold mine).
- The Company has also completed 3 drill holes at the Leipold Prospect during this phase of drilling to confirm mineralisation and provide sample material for pilot metallurgical test work:
  - LPRC0094 - 10 metres @ 2.28 g/t Au from 29 metres,
    - inc. 1 metre @ 10.94 g/t from 34 metres,
  - LPRC0095 - 13 metres @ 2.77 g/t Au from 23 metres,
    - inc. 1 metre @ 16.86 g/t Au from 34 metres,

Extract from Announcement:

First deeper holes at Leipold have confirmed extensions to mineralisation down dip, with highlighted results of:

- LPRC0107 - 2m @ 59.9g/t from 147m (incl. 1m @ 118.4g/t Au from 147m) & 4m @ 3.7g/t Au from 151m (incl. 1m @ 11.6g/t Au from 151m),
- LPRC0109 - 3m @ 4.2g/t Au from 137m (incl. 1m @ 9.4 g/t Au from 137m,
- LPRC0098 - 5m @ 3.8g/t Au from 92m (incl. 2m @ 6.7 g/t Au from 92m).

The down dip extensions have the potential to significantly increase mineralisation envelopes at Leipold representing a step change to the prospect.

Mineralisation at Leipold now defined over a strike length of 800 metres and which remains open to the north, to a vertical depth of 130 metres (where the down dip component is only defined to a length of 200 metres thus far) and still open at depth.

#### Applications for Forfeiture on Yundamindra Tenements

The applications for Forfeiture lodged by MCA Nominees Pty Ltd in the previous year has had a number of Wardens Court mention hearings during the year and is progressing through the system. The tenements concerned are on Yundamindra tenements M39/84, M39/274, M39/406, M39/407, M39/408, M39/409, M39/410, M39/839, M39/840. The applicant is by MCA Nominees Pty Ltd who hold the tenements immediately north of Nex Yundamindra Tenements.

During the year there were a number of mention hearings at the Wardens Court and it continues to progress. The Company believes there is no basis for the claim and is defending the matter in the normal course. Subsequent to the years end the Company has been allocated a court/hearing date for June 2022. As the tenements are under application for forfeiture the Mining Act/regulations permit that no expenditure commitments are not required to be met on the concerned tenements.

## DIRECTORS' REPORT

---

### Environmental regulations

The company is aware of its environmental obligations and acts to ensure its environmental commitments are met. The Directors are not aware of any environmental regulation which has not been complied with.

### Directors' meetings

The following table sets out the number of directors' meetings held during the financial year and the number of meetings attended by each director (while they were a director). During the financial year, there were 3 circular resolutions passed.

| Directors                      | Board of directors |   |
|--------------------------------|--------------------|---|
|                                | A                  | B |
| Thomas F Percy                 | 9                  | 9 |
| Kenneth Allen                  | 9                  | 9 |
| Hock Hoo Chua                  | 9                  | 6 |
| Raja Mohd Azmi bin Raja Razali | 9                  | - |

### Notes

A - Number of meetings held during the time the director held office during the period.

B - Number of meetings attended.

Being a small executive Board, the Directors are in contact on a regular basis, minimising the requirement for numerous formal meetings throughout the year.

### Share Options

There are no unissued ordinary shares of the company under option as at the date of this report.

### Remuneration Report (Audited)

This report outlines the remuneration arrangements in place for directors and executives of the company.

#### (a) *Principles used to determine the nature and amount of remuneration*

The remuneration policy of the company has been designed to align director and executive objectives with shareholder and business objectives by providing a fixed remuneration component and offering specific long-term incentives based on key performance areas affecting the company's financial results. The board of the company believes the remuneration policy to be appropriate and effective in its ability to attract and retain the best executives and directors to run and manage the company.

The remuneration policy, setting the terms and conditions for the executive directors and other senior executives, was developed by the board. All executives receive a base salary (which is based on factors such as length of service and experience) and superannuation. The board reviews executive packages annually by reference to the company's performance, executive performance and comparable information from industry sectors and other listed companies in similar industries.

The board may exercise discretion in relation to approving incentives, bonuses and options. The policy is designed to attract the highest calibre of executives and reward them for performance that results in long-term growth in shareholder wealth. Executives are also entitled to participate in the employee share and option arrangements.

The directors and executives receive a superannuation guarantee contribution required by the government, which is currently 10.00%. Some individuals have chosen to sacrifice part of their salary to increase payments towards superannuation.

All remuneration paid to directors and executives is valued at the cost to the company and expensed. Shares given to directors and executives are valued as the difference between the market price of those shares and the amount paid by the director and executives. Options are valued using an appropriate valuation methodology.

**DIRECTORS' REPORT**

***Company performance, shareholder wealth and directors' and executives' remuneration***

The board's policy is to remunerate non-executive directors at market rates for comparable companies for time, commitment and responsibilities. The board determines payments to the non-executive directors and reviews their remuneration annually based on market practice, duties and accountability. Independent external advice is sought when required however this was not required during the year ended 30 June 2021. The maximum aggregate amount of fees that can be paid to non-executive directors is subject to approval by shareholders at the annual general meeting (currently \$350,000). Fees for non-executive directors are not linked to the performance of the consolidated entity. However, to align directors' interests with shareholder interests, the directors are encouraged to hold shares in the company and are able to participate in prevailing employee option plans.

***Performance based remuneration***

The company has no performance based remuneration component built into director and executive remuneration packages.

**Additional information**

The financial performance of the consolidated entity for the five years to 30 June 2021 are summarised below:

## CONSOLIDATED NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2021

These consolidated financial statements and notes represent those of Nex Metals Explorations Limited and its controlled entity (the “consolidated entity”). The separate financial statements of the parent entity, Nex Metals Explorations Limited (the “company”), have not been presented within this financial report as permitted by the *Corporations Act 2001*. Nex Metals Explorations Limited is a company limited by shares incorporated in Australia whose shares are publicly traded on the Australian Stock Exchange.

The financial report of Nex Metals Explorations Limited for the year ended 30 June 2021 was authorised for issue in accordance with a resolution of the directors on 29 November 2021.

### 1. Summary of Significant Accounting Policies

#### (a) Basis of preparation

The financial statements are general purpose financial statements that have been prepared in accordance with the Corporations Act 2001, Australian Accounting Standards, Interpretations of the Australian Accounting Standards Board, and International Financial Reporting Standards as issued by the International Accounting Standards Board. The consolidated entity is a for-profit entity for financial reporting purposes under Australian Accounting Standards. Material accounting policies adopted in the preparation of these financial statements are presented below. They have been consistently applied unless otherwise stated. Except for cash flow information, the financial statements have been prepared on an accruals basis and are based on historical costs, modified where applicable, by the measurement at fair value of selected non-current assets, financial assets and financial liabilities.

#### (b) Going concern

The financial statements have been prepared on the going concern basis, which contemplates continuity of normal business activities and the realisation of assets and discharge of liabilities in the normal course of business.

As disclosed in the financial statements, the consolidated entity incurred a net loss of \$1,448,192 and had net cash outflows from operating activities of \$1,430,847 for the year ended 30 June 2021. As of that date, the consolidated entity had net current liabilities of \$2,740,010 and net liabilities of \$1,765,862.

The Directors believe that there are reasonable grounds to believe that consolidated entity will be able to continue as a going concern after consideration of the following factors:

- \$328,000 of share application monies received from a Director, shown as a current liability in the statement of financial position as at 30 June 2021, will be transferred to equity when the shares are issued;
- The possible sale of mining tenements, recognised as exploration and evaluation assets in the statement of financial position as at 30 June 2021;
- The issue of shares for cash from capital raising to be conducted in accordance with the Corporations Act 2001;
- Included in current payables is an amount of \$1,950,976 payable to the Directors of the consolidated entity. The Directors have agreed to not seek cash payments for their unpaid balances until the consolidated entity is in a financial position to pay.
- Included in current payables is an amount of \$306,788 payable to Allens Business Group Pty Ltd, an entity controlled by the Director, Ken Allen. Allens Business Group Pty Ltd have agreed to not seek cash payments for this unpaid balance until the consolidated entity is in a financial position to pay;
- Allens Business Group Pty Ltd, an entity controlled by the Director, Ken Allen, has agreed to cover any short term funding needs up to \$750,000.

**1. Summary of Significant Accounting Policies (continued)**

**(b) Going concern (continued)**

Accordingly, the Directors believe that the consolidated entity will be able to continue as a going concern and that it is appropriate to adopt the going concern basis in the preparation of the financial report.

As noted above, the consolidated entity's ability to continue as a going concern is mainly dependent on the following factors:

- Sale of assets;
- Raising further equity; and
- Continual on-going support of the Directors.

Should the consolidated entity not achieve the factors set out above, there is a material uncertainty that may cast significant doubt about whether the consolidated entity will continue as a going concern and therefore whether it will realise its assets and extinguish its liabilities in the normal course of business and at the amounts stated in the year ended 30 June 2021 financial report.

The year ended 30 June 2021 financial report does not include any adjustments relating to the amounts or classification of recorded assets or liabilities that might be necessary if the consolidated entity does not continue as a going concern.

**(c) Cash and cash equivalents**

Cash and cash equivalents comprise cash on hand, cash in banks and investments in money market instruments, net of outstanding bank overdrafts.

**(d) Employee benefits**

Provision is made for the consolidated entity's obligation for short-term employee benefits. Short-term employee benefits are benefits that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries and sick leave. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled.

The consolidated entity's obligations for short-term employee benefits such as wages and salaries are recognised as a part of current trade and other payables in the statement of financial position. The consolidated entity's obligations for employees' annual leave entitlements are recognised as provisions in the statement of financial position.

**Other long-term employee benefits**

Provision is made for employees' annual leave entitlements not expected to be settled wholly within 12 months after the end of the annual reporting period in which the employees render the related service. Other long-term employee benefits are measured at the present value of the expected future payments to be made to employees. Expected future payments incorporate anticipated future wage and salary levels, durations of service and employee departures and are discounted at rates determined by reference to market yields at the end of the reporting period on corporate bonds that have maturity dates that approximate the terms of the obligations. Any re-measurements for changes in assumptions of obligations for other long-term employee benefits are recognised in profit or loss in the financial period in which the changes occur.

## CONSOLIDATED NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2021

### 1. Summary of Significant Accounting Policies (continued)

The consolidated entity's obligations for long-term employee benefits are presented as non-current provisions in its statement of financial position, except where the consolidated entity does not have an unconditional right to defer settlement for at least 12 months after the end of the reporting period, in which case the obligations are presented as current provisions.

#### (e) Financial instruments

##### *Recognition and derecognition*

Financial assets and financial liabilities are recognised when the consolidated entity becomes a party to the contractual provisions of the financial instrument.

Financial assets are derecognised when the contractual rights to the cash flows from the financial asset expire, or when the financial asset and substantially all the risks and rewards are transferred.

A financial liability is derecognised when it is extinguished, discharged, cancelled or expires.

##### *Classification and initial measurement of financial assets*

All financial assets are initially measured at fair value adjusted for transaction costs (where applicable).

For the purpose of subsequent measurement, financial assets are classified into the following categories:

- amortised cost
- fair value through profit or loss (FVTPL)

##### *Financial assets at amortised cost*

Financial assets are measured at amortised cost if the assets meet the following conditions (and are not designated as FVTPL):

- they are held within a business model whose objective is to hold the financial assets to collect its contractual cash flows
- the contractual terms of the financial assets give rise to cash flows that are solely payments of principal and interest on the principal amount outstanding.

After initial recognition, these are measured at amortised cost using the effective interest method.

Discounting is omitted where the effect of discounting is immaterial. The consolidated entity's cash and cash equivalents, trade and most other receivables fall into this category of financial instruments as well as listed bonds that were previously classified as held-to-maturity under IAS 39.

##### *Financial assets at fair value through profit or loss (FVTPL)*

Financial assets that are held within a different business model other than 'hold to collect' or 'hold to collect and sell' are categorised at fair value through profit and loss. Further, irrespective of business model financial assets whose contractual cash flows are not solely payments of principal and interest are accounted for at FVTPL. All derivative financial instruments fall into this category, except for those designated and effective as hedging instruments, for which the hedge accounting requirements apply.

The category also contains an equity investment. The consolidated entity accounts for the investment at FVTPL and did not make the irrevocable election to account for the investment in unlisted and listed equity securities at fair value through other comprehensive income (FVOCI). The fair value was determined in line with the requirements of AASB 9, which does not allow for measurement at cost.

Assets in this category are measured at fair value with gains or losses recognised in profit or loss.

The fair values of financial assets in this category are determined by reference to active market transactions or using a valuation technique where no active market exists.

**1. Summary of Significant Accounting Policies (continued)**

**(e) Financial instruments (continued)**

*Impairment of financial assets*

AASB 9's impairment requirements use more forward-looking information to recognise expected credit losses – the 'expected credit loss (ECL) model'. This replaced AASB 139's 'incurred loss model'.

Instruments within the scope of the new requirements included loans and other debt-type financial assets measured at amortised cost, trade receivables and loan commitments.

Recognition of credit losses is no longer dependent on the consolidated entity first identifying a credit loss event. Instead the consolidated entity considers a broader range of information when assessing credit risk and measuring expected credit losses, including past events, current conditions, reasonable and supportable forecasts that affect the expected collectability of the future cash flows of the instrument.

The consolidated entity makes use of a simplified approach in accounting for trade and other receivables and records the loss allowance as lifetime expected credit losses. These are the expected shortfalls in contractual cash flows, considering the potential for default at any point during the life of the financial instrument. In calculating, the consolidated entity uses its historical experience, external indicators and forward-looking information to calculate the expected credit losses using a provision matrix.

The consolidated entity assess impairment of trade receivables on a collective basis as they possess shared credit risk characteristics they have been grouped based on the days past due.

*Classification and measurement of financial liabilities*

The consolidated entity's financial liabilities include borrowings and trade and other payables.

Financial liabilities are initially measured at fair value, and, where applicable, adjusted for transaction costs unless the consolidated entity designated a financial liability at fair value through profit or loss.

Subsequently, financial liabilities are measured at amortised cost using the effective interest method except for derivatives and financial liabilities designated at FVTPL, which are carried subsequently at fair value with gains or losses recognised in profit or loss (other than derivative financial instruments that are designated and effective as hedging instruments).

All interest-related charges and, if applicable, changes in an instrument's fair value that are reported in profit or loss are included within finance costs or finance income.

*Classification and Subsequent Measurement*

*Financial assets at fair value through profit or loss*

Financial assets are classified at fair value through profit or loss when they are held for trading for the purpose of short term profit taking, where they are derivatives not held for hedging purposes, or designed as such to avoid an accounting mismatch or enable performance evaluation where a group or financial assets is managed by key management personnel on a fair value basis in accordance with a documented risk management or investment strategy. Such assets are subsequently measured at fair value with changes in carrying value being included in profit or loss.

*Loans and receivables*

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market and are subsequently measured at amortised cost using the effective interest rate method. Loans and receivables are included in current assets, where they are expected to mature within 12 months after the end of the reporting period.

*Held-to-maturity investments*

Held-to-maturity investments are non-derivative financial assets that have fixed maturities and fixed or determinable payments, and it is the consolidated entity's intention to hold these investments to

maturity. They are subsequently matured are amortised cost using the effective interest method. Held-to-maturity investments are included in non-current assets where they are expected to mature within 12 months after the end of the reporting periods. All other investments are classified as current assets.

##### *Financial Liabilities*

Non-derivative financial liabilities (excluding financial guarantees) are subsequently measured at amortised cost using the effective interest rate method.

##### *Fair Value*

Fair value is determined based on the current bid prices for all quoted investments. Valuation techniques are applied to determine the fair value for all unlisted securities, including recent arm's length transactions, reference to similar instruments and option pricing models.

##### *Impairment of Assets*

At the end of each reporting date, the directors assesses whether there is objective evidence that a financial instrument has been impaired. Impairment losses are recognised in the statement of profit or loss and other comprehensive income.

#### (f) Goods and services tax

Revenues, expenses and assets are recognised net of the amount of goods and services tax ("GST"), except:

- i. where the amount of GST incurred is not recoverable from the taxation authority, it is recognised as part of the cost of acquisition of an asset or as part of an item of expense; or
- ii. for receivables and payables which are recognised inclusive of GST;

The net amount of GST recoverable from, or payable to, the taxation authority is included as part of receivables or payables.

Cash flows are included in the statement of cash flows on a gross basis. The GST component of cash flows arising from investing and financing activities which is recoverable from, or payable to, the taxation authority is classified as operating cash flows.

#### (g) Impairment of assets

At each reporting date, the director's review the carrying values of its tangible assets to determine whether there is any indication that those assets have been impaired. If such an indication exists, the recoverable amount of the asset, being the higher of the asset's fair value less costs to sell and value in use, is compared to the asset's carrying value. Any excess of the asset's carrying value over its recoverable amount is expensed immediately to the statement of profit or loss and other comprehensive income.

Where it is not possible to estimate the recoverable amount of an individual asset, the consolidated entity estimates the recoverable amount of the cash-generating unit to which the asset belongs.

#### (h) Income tax

The income tax expense/(revenue) for the year comprises current income tax expense (income) and deferred tax expense/(income). Current income tax expense charged to the profit or loss is the tax payable on taxable income calculated using applicable income tax rates enacted, or substantially enacted, as at reporting date. Current tax liabilities (assets) are therefore measured at the amounts expected to be paid to (recovered from) the relevant taxation authority. Deferred income tax expense reflects movements in deferred tax asset and deferred tax liability balances during the year as well as unused tax losses.

**1. Summary of Significant Accounting Policies (continued)**

**(h) Income tax (continued)**

Current and deferred income tax expense/(income) is charged or credited outside profit or loss when the tax related to items that are recognised outside to other comprehensive income. Deferred tax assets and liabilities are calculated at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled. Their measurement also reflects the manner in which management expects to recover or settle the carrying amount of the related asset or liability. Deferred tax assets relating to temporary differences and unused tax losses are recognised only to the extent that it is probable that future taxable profit will be available against which the benefits of the deferred tax asset can be utilised.

Where temporary differences exist in relation to investments in subsidiaries, branches, associates, and joint ventures, deferred tax assets and liabilities are not recognised where the timing of the reversal of the temporary difference can be controlled and it is not probable that the reversal will occur in the foreseeable future.

Current tax assets and liabilities are offset where a largely enforceable right of set-off exists and it is intended that net settlement or simultaneous realisation and settlement of the respective asset and liability will occur. Deferred tax assets and liabilities are offset where a legally enforceable right of set-off exists, the deferred tax assets and liabilities related to income taxes levied by the same taxation authority on either the same taxable entity or different taxable entities where it is intended that net settlement or simultaneous realisation and settlement of the respective asset and liability will occur in future periods in which significant amounts of deferred tax assets or liabilities are expected to be recovered or settled.

**(i) Exploration and Evaluation Expenditure**

Exploration and evaluation expenditure incurred is accumulated separately for each area of interest. Such expenditure comprises net direct costs and an appropriate portion of related overhead expenditure. Each area of interest is limited to a size related to a known or probable mineral resource capable of supporting a mining operation.

Exploration expenditure for each area of interest is written off as incurred, except that it may be carried forward provided that one of the following conditions is met:

- such costs are expected to be recouped through successful development and exploitation of the area of interest or, alternatively, by its sale; or
- exploration activities in an area of interest have not, at balance date reached a stage which permits a reasonable assessment of the existence or otherwise of economically recoverable reserves.

The consolidated entity performs impairment testing when facts and circumstances suggest the carrying amount has been impaired. If it was determined that the asset was impaired it would be immediately written off to the statement of profit or loss and other comprehensive income. Expenditure is not carried forward in respect of any area of interest unless the consolidated entity's right of tenure to that area of interest is current. Expenditures incurred before the consolidated entity has obtained legal rights to explore a specific area is expensed as incurred. Amortisation is not charged on areas under development, pending commencement of production.

**(j) Payables**

Trade and other payables represent the liabilities for goods and services received by the entity that remain unpaid at the end of the reporting period. The balance is recognised as a current liability with the amounts normally paid within 30 days of recognition of the liability.

## CONSOLIDATED NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2021

### 1. Summary of Significant Accounting Policies (continued)

#### (k) Plant and equipment

Each class of plant and equipment is carried at cost or fair value less, where applicable, any accumulated depreciation. The carrying amount of plant and equipment is reviewed annually by directors to ensure it is not in excess of the recoverable amount from these assets.

##### *Depreciation*

The depreciable amount of all fixed assets is depreciated on a diminishing value basis over their useful lives to the consolidated entity commencing from the time the asset is held ready for use. The depreciation rates used for each class of depreciable assets are:

|                            |               |
|----------------------------|---------------|
| Plant and office equipment | 6.67% to 100% |
| Motor vehicle              | 13.33% to 30% |

Plant and equipment is tested for impairment in accordance with the policy in note 1(g).

#### (l) Provisions

Provisions are recognised when the consolidated entity has a legal or constructive obligation, as a result of past events for which it is probable that an outflow of economic benefits will result in that outflow can be reliably measured. Provisions are measured using the best estimate of the amounts required to settle the obligation at the end of the reporting year.

#### (m) Revenue recognition

##### *Other revenue*

Revenue is recognised and measured at the fair value of the consideration received or receivable to the extent control of the good or service has passed and it is probable that the economic benefits will flow to the consolidated entity and the revenue can be reliably measured.

##### *Interest revenue*

Interest revenue is recognised when earned.

#### (n) Borrowings

Loans and borrowings are initially recognised at the fair value of the consideration received, net of transaction costs. They are subsequently measured at amortised cost using the effective interest method.

Where there is an unconditional right to defer settlement of the liability for at least 12 months after the reporting date, the loans or borrowings are classified as non-current.

The component of the convertible notes that exhibits characteristics of a liability is recognised as a liability in the statement of financial position, net of transaction costs.

On the issue of the convertible notes the fair value of the liability component is determined using a market rate for an equivalent non-convertible bond and this amount is carried as a non-current liability on the amortised cost basis until extinguished on conversion or redemption. The increase in the liability due to the passage of time is recognised as a finance cost. The remainder of the proceeds are allocated to the conversion option that is recognised and included in shareholders equity as a convertible note reserve, net of transaction costs. The carrying amount of the conversion option is not remeasured in the subsequent years. The corresponding interest on convertible notes is expensed to the statement of profit or loss and other comprehensive income.

### 1. Summary of Significant Accounting Policies (continued)

#### (o) Finance costs

Finance costs directly attributable to the acquisition, construction or production of assets that necessarily take a substantial period of time to prepare for their intended use or sale are added to the cost of those assets, until such time as the assets are substantively ready for their intended use or sale.

All other finance costs are recognised in the statement of profit or loss and other comprehensive income in the financial period in which they are incurred.

#### (p) Leases

Leases of fixed assets, where substantially all the risks and benefits incidental to the ownership of the asset, but not the legal ownership transferred to the consolidated entity, are classified as finance leases.

Finance leases are capitalised by recording an asset and a liability at the lower of the amounts equal to the fair value of the leased property or the present value of the minimum lease payments, including any guaranteed residual values. Lease payments are allocated between the reduction of the lease liability and the lease interest expense for the period.

Leased assets are depreciated on a straight-line basis over the shorter of their estimated useful lives or the lease term. Lease payments for operating leases, where substantially all the risks and benefits remain with the lessor, are charged as expenses in the periods in which they are incurred.

#### (q) Earnings per share

##### (i) Basic Earnings per share

Basic earnings per share is calculated by dividing the profit attributable to equity holders of the consolidated entity, excluding any costs of servicing equity other than ordinary shares, by the weighted average number of ordinary shares outstanding during the financial year.

##### (ii) Diluted Earnings per Share

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account the after income tax effect of interest and other financing costs associated with dilutive potential ordinary shares and the weighted average number of shares assumed to have been issued for no consideration in relation to dilutive potential ordinary shares.

#### (r) Trade and other receivables

Trade receivables, loans, and other receivables are recorded at amortised cost less impairment.

The consolidated entity measures the loss allowance for trade and other receivables at an amount equal to lifetime expected credit loss. The expected credit losses on trade and other receivables are estimated with reference to past default experience of the debtor and an analysis of the debtor's current financial position, adjusted for factors that are specific to the debtor, general economic conditions of the industry in which the debtor operates and an assessment of both the current and the forecast direction of conditions at the reporting date.

The consolidated entity writes off a trade receivable when there is information indicating that the debtor is in severe financial difficulty and there is no realistic prospect of recovery; for example, when the debtor has been placed under liquidation or has entered into bankruptcy proceedings, or when the trade receivables are over two years past due, whichever occurs earlier.

**1. Summary of Significant Accounting Policies (continued)**

**(s) Issued capital**

Ordinary shares are classified as equity.

Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds.

**(t) Principles of Consolidation**

The consolidated financial statements incorporate the assets, liabilities and results of entities controlled by the company at the end of the reporting period. In preparing the consolidated financial statements, all inter-group balances and transactions between entities in the consolidated entity have been eliminated in full on consolidation. Where controlled entities have entered or left the consolidated entity during the year, the financial performance of those entities is included only for the period of the year that they were controlled.

**(u) Critical accounting judgments, estimates and assumptions**

The directors evaluate estimates and judgements incorporated into the financial statements based on historical knowledge and best available current information. Estimates assume a reasonable expectation of future events and are based on current trends and economic data, obtained both externally and within the consolidated entity.

There have been no judgements, apart from those involving estimation, in applying accounting policies that have a significant effect on the amounts recognised in these financial statements.

Following is a summary of the key assumptions concerning the future and other key sources of estimation at reporting date that have not been disclosed elsewhere in these financial statements.

**Share-based payment transactions**

The Company measures the cost of equity-settled transactions with suppliers by reference to the fair value of the equity instruments at the date at which they are granted.

The Company measures the cost of equity-settled share-based payments with suppliers at fair value at the grant date.

**Exploration and evaluation expenditure**

The directors determines when an area of interest should be abandoned. When a decision is made that an area of interest is not commercially viable, all costs that have been capitalised in respect of that area of interest are written off. This decision is made after considering the likelihood of finding commercially viable reserves.

**Impairment - General**

The directors assesses impairment at the end of each reporting period by evaluation of conditions and events specific to the consolidated entity that may be indicative of impairment triggers. Recoverable amounts of impairment assets are reassessed and compared to the asset's carrying value. Any excess of the asset's carrying value over its recoverable amount is expensed to profit or loss.

**(v) New, revised or amending Accounting Standards and Interpretations adopted**

In the year ended 30 June 2021, the Directors have reviewed all of the new and revised Standards and Interpretations issued by the AASB that are relevant to the consolidated entity and effective for the current annual reporting period. As a result of this review, the Directors have determined that there is no material impact of the following new and revised Standards and Interpretations on the consolidated entity and, therefore, no material changes necessary to the entity's accounting policies.

**(w) Standards and Interpretations in issue not yet adopted**

The Directors have also reviewed all new Standards and Interpretations in issue not yet adopted for the year- ended 30 June 2021. As a result of this the Director have determined that there is no impact, material or otherwise, of the standards and interpretations in issue not yet adopted on the consolidated entity's business and, therefore, no change is necessary to the entity's accounting policies.

**(x) Comparative Figures**

When required by Accounting Standards, comparative figures have been adjusted to conform to changes in presentation for the current financial year.

**(y) Research and Development**

Expenditure on research activities is recognised as an expense in the period in which it is incurred. Where no internally generated intangible asset can be recognised, development expenditure is recognised as an expense in the period as incurred.

**(z) Coronavirus (COVID -19) pandemic**

Judgement has been exercised in considering the impacts that the Coronavirus (COVID-19) pandemic has had or may have, on the consolidated entity based on known information. This consideration extends to the nature of products and services offered, customers ,supply chain, staffing and geographic regions in which the consolidated entity operates . Other than addresses in specific notes, there does not currently appear to be either any significant impact upon the financial statements or any significant uncertainties with respect to events or conditions which may impact the consolidated entity unfavourably as at the reporting date or subsequently as result of the Coronavirus (COVID) pandemic.

**21. Financial risk management and policies (continued)**

**(b) Capital risk**

The consolidated entity's objectives when managing capital are to safeguard their ability to continue as a going concern, so that they can continue to provide returns for shareholders and benefits for other stakeholders and to maintain an optimal capital structure to reduce the cost of capital. In order to maintain or adjust the capital structure, the consolidated entity may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares or sell assets to reduce debt.

**(c) Liquidity risk (continued)**

**Maturity profile of financial instruments**

Prudent liquidity risk management implies maintaining sufficient cash balances and access to equity funding.

The consolidated entity's exposure to the risk of changes in market interest rates relate primarily to cash assets and floating interest rates. The consolidated entity does not have significant interest-bearing assets and is not materially exposed to changes in market interest rates.

The directors monitor the cash-burn rate of the consolidated entity on an on-going basis against budget and the maturity profiles of financial assets and liabilities to manage its liquidity risk.

The following table sets out the carrying amount, by maturity, of the financial instruments including exposure to interest rate risk:

| <b>As at 30 June 2021</b>     | <b>&lt; 1 month</b> | <b>1 – 3 months</b> | <b>3 months – 1 year</b> | <b>1 – 5 years</b> | <b>Over 5 years</b> | <b>Total</b>     | <b>Weighted average effective interest rate %</b> |

Unless otherwise stated, the carrying amount of financial instruments reflect their fair value.

**22. Segment Reporting**

The consolidated entity has identified its operating segments based on the internal reports that are reviewed and used by the board of directors (chief operating decision makers) in assessing performance and determining the allocation of resources. The consolidated entity operates predominantly in one business segment which is mineral mining and exploration and predominantly in one geographical area which is Western Australia.

The company is domiciled in Australia. All revenue from external parties is generated from Australia only. All the assets are located in Australia.

**23. Subsequent Events**

- (a) The impact of the Coronavirus (COVID-19) pandemic is ongoing and while it has been financially positive for the consolidated entity up to 30 June 2021, it is not practicable to estimate the potential impact positive or negative, after the reporting date. The situation is rapidly developing and is dependent on measures imposed by the Australian Government and other countries, such as maintaining social distancing requirements, quarantine, travel restrictions and any economic stimulus that may be provided.
- (b) On 14 September 2021, Metalicity Ltd, issued a takeover proposal document for all the shares in the company.
- (c) On 14 September 2021, Nex Metals shareholders were advised by the board not to take no action on Metalicity unsolicited offer.

- (d) On 21 September 2021, Nex Metals gave Metalicity notice that it considers that Metalicity has breached the JVA and Nex Metals reserves its rights arising from the deemed breaches. National PD template - August 2014 version (markitdigital.com)
- (e) On 24 September 2021, Metalicity lodged its Bidders Statement with the ASX.
- (f) On 29 September 2021 Nex Metals Announced an Non-Renounceable Rights Issue to raise up to \$3.115m
- (g) On 1 October 2021, Metalicity applied to the Takeovers Panel to seek an interim order prohibiting Nex Metals from making any offer under the rights issue
- (h) On 15 November 2021, the company issued a Writ of Summons with an Indorsement of Claim in the Supreme Court of Western Australia against Kym Mining for:
- (i) A declaration upon the proper construction of the Agreement;
  - (ii) A declaration that Kym Mining has not provided notice to Nex verifying the amount of the Stage 1 Project Expenditure that Kym Mining has incurred, as defined in the farm-in agreement entered into by all the parties on or about 4 May 2019, in compliance with clause 7.6 of the Agreement; and
  - (iii) A declaration that Kym Mining by reason of the failure to comply with the requirements of the Agreement, Kym Mining has not acquired the right to transfer of a 51% interest in the tenements held by Nex the tenements being the Kookynie and Yundamindra gold project.
- (i) On 24 November 2021, Nex Metals lodged an application to the takeovers panel to review its decision in respect of the takeovers.

## INDEPENDENT AUDITOR'S REPORT

To the members of Nex Metals Explorations Limited

### Report on the Audit of the Financial Report

#### *Opinion*

We have audited the financial report of Nex Metals Explorations Limited ("the Company") which comprises the consolidated statement of financial position as at 30 June 2021, the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies, and the directors' declaration.

In our opinion, the accompanying financial report of the consolidated entity is in accordance with the *Corporations Act 2001*, including:

- a) giving a true and fair view of the consolidated entity's financial position as at 30 June 2021 and of its financial performance for the year then ended; and
- b) complying with Australian Accounting Standards and the *Corporations Regulations 2001*.

#### *Basis for opinion*

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Report* section of our report. We are independent of the consolidated entity in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants* ("the Code") that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### *Material uncertainty related to going concern*

We draw attention to Note 1(b) in the financial report, which indicates that a material uncertainty exists that may cast significant doubt on the consolidated entity's ability to continue as a going concern. Our opinion is not modified in respect of this matter.

#### *Key audit matters*

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial report of the current period. These matters were addressed in the context of our audit of the financial report as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. In addition to the matter described in the *Material Uncertainty Related to Going Concern* we have determined the matters described below to be the key audit matters to be communicated in our report.

|  |  |

| <p>In accordance with AASB 6 <i>Exploration for and Evaluation of Mineral Resources</i>, the consolidated entity capitalises acquisition costs of rights to explore and applies the expense model after recognition.</p> | <ul style="list-style-type: none"> <li>• We obtained an understanding of the key processes associated with management's review of the exploration and evaluation asset carrying values;</li> </ul> |

| <p>Our audit focussed on the consolidated entity's assessment of the carrying amount of the capitalised exploration and evaluation asset. We considered this to be a key audit matter because this is one of the significant assets of the consolidated entity. There is a risk that the capitalised expenditure no longer meets the recognition criteria of the standard. In addition, we considered it necessary to assess whether facts and circumstances existed to suggest that the carrying amount of an exploration and evaluation asset may exceed its recoverable amount.</p> | <ul style="list-style-type: none"> <li>• We obtained evidence that the consolidated entity has current rights to tenure of its areas of interest;</li> <li>• We examined the exploration budget for 2021/22 and discussed with management the nature of planned ongoing activities;</li> <li>• We enquired with management, reviewed ASX announcements and minutes of Directors' meetings to ensure that the consolidated entity had not decided to discontinue exploration and evaluation at its areas of interest; and</li> <li>• We examined the disclosures made in the financial report.</li> </ul> |

*Information other than the financial report and auditor's report thereon*

The directors are responsible for the other information. The other information comprises the information included in the consolidated entity's financial report for the year ended 30 June 2021, but does not include the financial report and our auditor's report thereon.

Our opinion on the financial report does not cover the other information and accordingly we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

*Responsibilities of the directors for the financial report*

The directors of the Company are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the directors are responsible for assessing the ability of the consolidated entity to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the consolidated entity or to cease operations, or have no realistic alternative but to do so.

For personal use only

*Auditor's responsibilities for the audit of the financial report*

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

As part of an audit in accordance with the Australian Auditing Standards, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the consolidated entity's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the consolidated entity's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the consolidated entity to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the directors, we determine those matters that were of most significance in the audit of the financial report of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

## Report on the Remuneration Report

### *Opinion on the Remuneration Report*

We have audited the Remuneration Report included within the directors' report for the year ended 30 June 2021.

In our opinion, the Remuneration Report of Nex Metals Explorations Limited for the year ended 30 June 2021 complies with section 300A of the *Corporations Act 2001*.

### *Responsibilities*

The directors of the Company are responsible for the preparation and presentation of the Remuneration Report in accordance with section 300A of the *Corporations Act 2001*. Our responsibility is to express an opinion on the Remuneration Report, based on our audit conducted in accordance with Australian Auditing Standards.

**Corporate Governance Statement**

---

**CORPORATE GOVERNANCE**

The Board is responsible for establishing the Company's corporate governance framework, the key features of which are set out below. In establishing its corporate governance framework, the Board has referred to the 4<sup>th</sup> edition of the ASX Corporate Governance Councils' Corporate Governance Principles and Recommendations.

In accordance with ASX Listing Rule 1.1 Condition 13, the corporate governance statement set out below discloses the extent to which the Company follows the recommendations. The Company will follow each recommendation where the Board has considered the recommendation to be an appropriate benchmark for its corporate governance practices. Where the Company's corporate governance practices will follow a recommendation, the Board has made appropriate statements reporting on the adoption of the recommendation. In compliance with the "if not, why not" reporting regime, where, after due consideration, the Company's corporate governance practices will not follow a recommendation, the Board has explained its reasons for not following the recommendation and disclosed what, if any, alternative practices the Company will adopt instead of those in the recommendation.

**Principle 1: Lay solid foundations for management and oversight**

***Recommendation 1.1***

The Company has established the respective roles and responsibilities of its Board and management, and those matters expressly reserved to the Board and those delegated to management. Due to the small size of the Company, they have not been formally documented.

The responsibilities of the Board include but are not limited to:

- (a) setting and reviewing strategic direction and planning;
- (b) reviewing financial and operational performance;
- (c) identifying principal risks and reviewing risk management strategies; and
- (d) considering and reviewing significant capital investments and material transactions.

In exercising its responsibilities, the Board recognises that there are many stakeholders in the operations of the Company, including employees, shareholders, co-ventures, the government and the community.

The Board has delegated responsibility for the business operations of the Company to the Managing Director.

***Recommendation 1.2***

The Company undertakes appropriate checks before appointing a person, or putting forward to shareholders a candidate for election as a director and provides shareholders with all material information in its possession relevant to a decision on whether or not to elect a director.

***Recommendation 1.3***

The Company has a written agreement with each of the Directors setting out the terms of their appointment. The material terms of any employment, service or consultancy agreement the Company has entered into with its Managing Director, any of its directors, and any other person or entity who is a related party of the Managing Director or any of its directors will be disclosed in accordance with ASX Listing Rule 3.16.4 (taking into consideration the exclusions from disclosure outlined in that rule).

**ABN 63 124 706 449**

**Corporate Governance Statement**

---

***Recommendation 1.4***

The Company Secretary is accountable directly to the Board, through the Chair, on all matters to do with the proper functioning of the Board. The Company Secretary is responsible for the application of best practice in corporate governance and also supports the effectiveness of the Board by:

- (a) ensuring a good flow of information between the Board, its committees, and Directors;
- (b) monitoring policies and procedures of the Board;
- (c) advising the Board through the Chairman of corporate governance policies; and
- (d) conducting and reporting matters of the Board, including the despatch of Board agendas, briefing papers and minutes.

The role of the Company Secretary is currently undertaken by the Managing Director.

***Recommendation 1.5***

The Company values diversity and recognises the benefits it can bring to the organisation's ability to achieve its goals. Diversity is not limited to gender, age, ethnicity and/or cultural backgrounds.

The Board considers that the Company is not currently of a size, or its affairs of such complexity, that the formation of a diversity policy is justified at this time.

The Company has one (1) female employee who represents approximately 25% of total employees. There are currently no female members of the Board of the Company.

The Board intends to set measurable objectives for achieving diversity, specifically including gender diversity and will review and report on the effectiveness and relevance of these measurable objectives. However, due to the current size of the Board and management, these measurable objectives have not yet been set.

***Recommendation 1.6***

Given the Company's size and nature there is no formal process for evaluating the performance of the board, its committees and individual directors. Should the size of the Company change, the Board will consider establishing a formal process. The Board Policy sets out how the company addresses succession issues.

During the current reporting period, the Company has not conducted an evaluation of its Managing Director.

***Recommendation 1.7***

Given the Company's size and nature there is no formal process for evaluating the performance of its senior executives. Should the size of the Company change, the Board will consider establishing a formal process. The Board Policy sets out how the company addresses succession issues.

**Principle 2: Structure the board to add value**

***Recommendation 2.1***

Due to the size of the Board, the Company does not have a separate nomination committee. The roles and responsibilities of a nomination committee are currently undertaken by the Board.

***Recommendation 2.2***

The mix of skills and diversity which the Board is looking to achieve in its composition is:

- (a) a broad range of business experience; and
- (b) technical expertise and skills required to discharge duties.

***Recommendation 2.3***

The Board of the Company currently consists of two non-executive directors and one executive director.

Mr Thomas Percy QC is a non-executive director and satisfies the tests of independence.

Mr Ken Allen is an executive director and currently fills the role of managing director and company secretary.

Mr Hock Hoo Chua is a non-executive director and satisfies the tests of independence.

The skills, experience, expertise, qualification and terms of office of each director in office at the date of the annual report is included in the Directors' Report.

The board has been structured such that its composition and size will enable it to effectively discharge its responsibilities and duties. The directors have the relevant industry experience and specific expertise relevant to the Company's business and operations.

***Recommendation 2.4***

The majority of the Board are independent directors.

***Recommendation 2.5***

The Chairman of the Board, Mr Thomas Percy, is an independent, non-executive Director.

***Recommendation 2.6***

It is a policy of the Company, that new Directors undergo an induction process in which they are given a full briefing on the Company.

In order to achieve continuing improvement in Board performance, all Directors are encouraged to undergo continual professional development. Specifically, Directors are provided with the resources and training to address skills gaps where they are identified.

**Principle 3: Act ethically and responsibly**

***Recommendation 3.1***

A copy of the Company's code of conduct is available on the Company's website.

**Principle 4: Safeguard integrity in corporate reporting**

***Recommendation 4.1***

There is no separate Audit Committee.

The full Board carries out the role of the Audit Committee in accordance with the Audit Committee Charter.

The Company's financial statements are prepared by external accountants and are reviewed in detail by the full Board. The Board also relies on the functions and capabilities of its external auditors to ensure proper audit of financial statements. While the Board considers this process sufficient to ensure integrity in financial reporting in the current circumstances, it will continue to monitor whether any further safeguards are required and make changes as appropriate.

***Recommendation 4.2***

Due to the size of the Company, the Managing Director is responsible to provide a declaration to the Board in accordance with section 295A of the Corporations Act as the Company does not have a Chief Executive Officer (or equivalent) or Chief Financial Officer (or equivalent). Accordingly, the Board will seek to procure that the Managing Director puts in place sound systems of risk management and internal control and that the system is operating effectively in all material respects in relation to financial risk.

***Recommendation 4.3***

The Company's external auditor attends each AGM of the Company and is always available to answer questions from security holders relevant to the audit.

**Principle 5: Make timely and balanced disclosure**

***Recommendation 5.1***

The Company has complied with this recommendation.

A disclosure policy is available on the Company's website.

**Principle 6: Respect the rights of security holders**

***Recommendation 6.1***

The Company provides information about itself and its governance to investors via its website at [www.nexmetals.com](http://www.nexmetals.com).

***Recommendation 6.2***

The Company has not established a formal Shareholder communication strategy.

While the Company has not established a formal Shareholder communication strategy, it actively communicates with its Shareholders in order to identify their expectations and actively promotes shareholder involvement in the Company via announcements lodged with the ASX. Shareholders with internet access are encouraged to provide their email addresses in order to receive electronic copies of information distributed by the Company. Alternatively, hard copies of information distributed by the Company are available on request.

***Recommendation 6.3***

The Board encourages full participation of Shareholders at meetings to ensure a high level of accountability and identification with the Company's strategies and goals.

---

However, due to the size and nature of the Company, the Board does not consider a policy outlining the policies and processes that it has in place to facilitate and encourage participating at meetings of shareholders to be appropriate at this stage.

**Recommendation 6.4**

Shareholders are given the option to receive communications from, and send communication to, the Company and its share registry electronically. To ensure that shareholders can obtain all relevant information to assist them in exercising their rights as shareholders, the Company has made available a telephone number and relevant contact details (via the website) for shareholders to make their enquiries.

**Principle 7: Recognise and manage risk**

**Recommendation 7.1**

The Company has not established a risk committee. Due to the size of the Company, it does not have a published risk management policy. A Board member is responsible for the day to day management of the Company and communicates directly with the other Board members, this ensures that any potential risk to the Company is dealt with immediately. Should the size of the Company change, the Board will consider establishing a separate risk committee.

**Recommendation 7.2**

The Board will review the Company's risk management framework annually to satisfy itself that it continues to be sound, to determine whether there have been any changes in the material business risks the Company faces and to ensure that the Company is operating within the risk appetite set by the Board.

**Recommendation 7.3**

The Company does not have, and does not intend to establish, an internal audit function. To evaluate and continually improve the effectiveness of the Company's risk management and internal control processes, the Board relies on ongoing reporting and discussion of the management of material business risks.

**Recommendation 7.4**

Given the speculative nature of the Company's business, it is subject to general risks and certain specific risks.

The Company has identified those economic, environmental and/or social sustainability risks to which it has a material exposure, and disclosed how it intends to manage those risks.

**Principle 8: Remunerate fairly and responsibly**

**Recommendation 8.1**

There is no separate Remuneration Committee.

Given the current size and composition of the Company, a separate remuneration committee was not considered to add any efficiency to the process of determining the levels of remuneration for the Directors and key executives. The Board considers that it is more appropriate to set aside time at two Board meetings each year to specifically address matters that would ordinarily fall to a remuneration committee. The full Board will function in accordance with the Remuneration Committee Charter. Remuneration is currently in accordance with the general principals recommended by the ASX. Non-executive Directors receive a fixed fee for their services and do not receive performance based remuneration.

---

***Recommendation 8.2***

Details of the Company's policies on remuneration will be set out in the Company's "Remuneration Report" in each Annual Report published by the Company. This disclosure will include a summary of the Company's policies regarding the deferral of performance-based remuneration and the reduction, cancellation or clawback of the performance-based remuneration in the event of serious misconduct or a material misstatement in the Company's financial statements.

***Recommendation 8.3***

The Company does not have an equity-based remuneration scheme.

**Security Trading Policy**

In accordance with ASX Listing Rule 12.9, the Company has adopted a trading policy which sets out the following information:

- (a) closed periods in which directors, employees and contractors of the Company must not deal in the Company's securities;
- (b) trading in the Company's securities which is not subject to the Company's trading policy; and
- (c) the procedures for obtaining written clearance for trading in exceptional circumstances.

The Company's Security Trading Policy is available on the Company's website.
